4) Und ihr werdet mit einer gewaltigen Sturmflut von religiösen, esoterischen, philosophischen, ideologischen und sektiererischen Büchern und Schriften sowie mit Radio- und Fernsehsendungen und mit Websites im Internet, wie aber auch mit Missionierungen jeder sonstigen Art überschüttet, um euch zu gefangenen Gläubigen einer Religion, Sekte, Ideologie oder Philosophie zu machen oder um euch noch strenger an sie zu binden, dass ihr nicht Abtrünnige werdet und ihr euch nicht der wahrheitlichen Wahrheit aller Wahrheit zuwendet.
5) Bei allen Völkern graben Schulgelehrte in alten Büchern und Schriften aller Art, suchen diese zu erforschen und grübeln daran herum bis zur bewusstseinsmässigen Erschöpfung und Verwirrung.
6) Und es tauchen unter eurer gesamten Menschheit der Erde immer mehr falsche Propheten und Lehrer mit falschen Lehren auf, die euch noch mehr in die Irre und fern der Wahrheit führen, als dies schon seit alters her geschehen ist; sie nennen sich Propheten, Führer, Meister und Erhabene, so aber auch Stellvertreter und Beauftragte eines Gottes oder Götzen und treiben euch mit falschen Warnungen, Verheissungen, Hoffnungen und Weissagungen in Angst und Schrecken; und wahrlich, sie versuchen alles, um euch ihrem Glauben untertan zu machen, wobei eine beachtliche Anzahl von ihnen euch jedoch nebst der Irreführung auch noch an eurem Hab und Gut, am Reichtum und nicht wenige von euch auch sexuell ausbeuten und missbrauchen.
7) Und die neue Zeit bringt es mit sich, dass ihr Menschheit der Erde euch von allen Seiten der falschen Propheten und falschen Lehren verführen lasst von all den Verantwortungslosen, die

wie ein Schwarm giftiger Insekten über euch herfallen und plötzlich im Fieber ihres Heilwahns ein neues Licht des Glaubens und göttliche Erlösung über euch bringen wollen.

8) Wie nie in aller Zeit zuvor spriessen neue Sekten aller Art wie giftige Pilze aus eurer Gesellschaft hervor und durchwühlen mit ihrem Heilglauben euren Mentalblock, euer Bewusstsein und eure Gedanken und Gefühle sowie eure Psyche, und das wahrlich in einer Art und Weise, die weder labend noch erquickend ist, sondern die gegenteilig unheilstiftend in euch wirkt, euch durch das Feuer des Wahnglaubens versengt und an eurer letzen Energie und Kraft sowie an eurer schwachen Vernunft und an eurem mangelhaften Verstand saugt und zehrt, die euch in eurer zerrissenen Düsterheit eures Daseins noch geblieben sind, in einer Gegenwart, in der durch eure Unvernunft und Selbstsucht von euch darauf hingearbeitet wird, die Welt und deren Natur sowie das Leben zu zerstören durch eure grassierende Überbevölkerung, die ihr aus blankem Egoismus nicht eindämmen wollt.
9) In euch regt sich religiös-glaubensmässig flüsternd und raunend die Hoffnung einer wachsenden Erwartung, dass etwas Kommendes im Anzug sei, das euch von allen Übeln erlöst, weshalb ihr unruhig seid und gespannt in eurem Sehnen; ihr aber lasst euch diese falsche Hoffnung und falsche Erwartung durch falsche Propheten, falsche Lehrer, Gurus, Meister, Erhabene sowie sonstige euch Ausbeutende und Irreführende einreden, so ihr fanatisch und unfähig werdet, auch nur noch ein Jota der wahrlichen Wahrheit zu erkennen und zu erfassen; also vegetiert ihr in irrem Glauben an Gottheiten, Götzen, Dämonen und an Menschen dahin, die sich religiös, ideologisch oder philosophisch über euch erheben, um euch von ihnen in mancher Weise missbrauchen und gar in den massenweisen Selbstmord treiben zu lassen.
10) Ihr ganze Menschheit der Erde, in euch wallt und wogt es durch eure religiösen, sektiererischen, ideologischen und philosophischen Glaubensformen, und wahrlich lagert über euch düster brütend eine Betäubung von fanatischem Glauben und ebenso fanatischer Ergebenheit und Demut, dass ihr alles tut und selbst Menschenleben mordet, um eure Gläubigkeit zu verfechten.
11) Das ganze Szenario eures Glaubens jeder Art ist unheilschwanger, woraus nur Böses und Ausgeartetes hervorgehen und geboren werden kann.
12) Wahrlich, ihr ganze Menschheit der Erde, ihr lebt in einer glaubensmässigen Verwirrung, die voller Kleinmut und Verderben ist; und wenn ihr nicht endlich kraftvoll die dunkle Schicht um euren Glauben zerreisst, die auch euch selbst umhüllt, dann werdet ihr eine sehr böse Zukunft haben.
13) Die dunkle Schicht um euren Glauben ist wie eine klebrige und zähe, schmutzige und morastige Masse, die jeden freien auf euch zukommenden Lichtgedanken absorbiert und erstickt, ehe er auch nur in kleinster Weise zu wirken beginnen und stark werden kann.
14) Die morastige Masse eures Glaubens an Götter, Götzen, Dämonen sowie an Engel und Heilige und an einen Teufel erstickt die Wahrheit in euch und ruft daselbst ein unheimliches Schweigen hervor, weil ihr in einem Glaubenssumpf versunken seid und nicht einmal mehr ein gesunder Gedanke zur Wahrheitsfindung in euch erwachsen kann, weil allein schon ein Impuls dafür im Keime erstickt wird und alles zersetzt und vernichtet, ehe auch nur ein Jota eines Erkennens der Wahrheit daraus entstehen kann.
15) Ihr aber, welche ihr schreiend nach dem Licht der wahrlichen Wahrheit sucht, alle Energie und Kraft nutzt euch nichts, wenn ihr nicht den Morast des Unwissens und der Unwahrheit in euch wegschafft, ableitet und denkt, dass ihr durch Schreien und grosse Worte das wahre Licht der Wahrheit findet; eure lauten Schreie und grossen Worte verhallen ungehört wie in einer öden Wüste bei all jenen Gauklern, Gurus, Meistern, Göttlichen, Erhabenen, falschen Propheten und Anbetern und Dienern der Götter, Götzen, Dämonen, Engel, Heiligen und des Bösen, das ihr Teufel nennt, denn sie alle, die ihr wähnt, dass sie euch helfen, führen euch von der wahren Wahrheit weg in die Irre.
16) Wahrlich, sie nähren euch nicht mit dem Brot der Wahrheit aller Wahrheit, mit den schöpferischen Gesetzen und Geboten und all der Liebe, dem Wissen und der Weisheit, die darin enthalten sind, sondern sie bieten euch Steine des Unwissens und der Unwahrheit zur Nahrung, so ihr daran eure Zähne ausbeisst und ein schmerzvolles Dasein führt.

17) Sie alle, die euch zur Unwahrheit und zum Unwissen verführen, sie bieten euch unzählige Bücher, Schriften und Lehren an, die voller Falschheit und Irreführung sind und die euer menschliches Bewusstsein betäuben und ermüden, statt dass es zu leben beginnt.
18) Und wenn ihr dieser Wahrheit bedenkt, indem ihr sie in euch findet, erkennt und ausarbeitet, dann findet ihr in euch selbst den Beweis der Unfruchtbarkeit all der falschen und irren Lehren, die euch durch jene Verantwortungslosen dargebracht werden, die sich als Meister, Gurus, Lehrer, Erhabene, Göttliche, Priester, Gottesbeauftragte und Gottesstellvertreter oder als sich selbsterhobene Herrlichkeiten über euch erheben und sich von euch anhimmeln und anbeten lassen.
19) Bedenkt, solche sich euch Darbietende sind Betrüger und Verleumder der Wahrheit der Schöpfung selbst wie auch ihrer Gesetze und Gebote, und sie lassen durch ihre Unwahrheiten, durch ihr Unwissen und durch ihre Unsinnigkeiten euer Bewusstsein ermüden, doch das ist wahrlich niemals von Richtigkeit.
20) Nicht Betrug an der Wahrheit stillt den Hunger eures Bewusstseins nach Wissen und Weisheit, sondern das Brot der Wahrheit, denn die Wahrheit allein erfrischt und erquickt euch, und das Licht der Wahrheit wärmt und belebt euch.
21) Es ist verständlich, wenn viele von euch Menschen der Erde beinahe verzagen, wenn ihr seht und erlebt, wie rundum mit der wirklichen Wahrheit Schindluder getrieben wird und dass durch eure Religionen, Ideologien und Philosophien sowie durch die Esoterik, das Sektenwesen und die sogenannte Geisteswissenschaft Mauern um die Wahrheit errichtet werden, damit diese euch nicht zugänglich ist und ihr in wahrheitsunwissender Wirrnis tappt.
22) Und alles, was sie euch bieten an all den irren, wirren, falschen und wahrheitsfremden Lehren, könnt ihr nicht wirklich verstehen, weil sie in fremden Ausdrucksweisen und Worten sowie in gelehrten Sätzen geschrieben sind, mit denen ihr euch meint und brüstet, wenn ihr sie nennen könnt, die ihr aber in Wirklichkeit ebensowenig versteht wie auch jene nicht, welche das ganze Gefasel der falschen Lehren verfassen, lehren und verbreiten.
23) Die wahrliche Geisteswissenschaft besteht jedoch in der ‹Lehre des Geistes› resp. in der ‹Geteslehre›, und diese ist nicht kompliziert und von jedem von euch Menschen zu verstehen und nachzuvollziehen – natürlich vorausgesetzt, dass ihr des Verstandes und der Vernunft trächtig und zudem nicht in einem wirren Glauben gefangen seid.
24) Ihr sprecht immer von eurem imaginären Gott oder Götzen, von euren Engeln und Heiligen sowie von euren Gurus, Meistern, Erhabenen und selbsternannten Göttlichen usw. und wähnt, dass für diese Unsinnigkeiten Hochschulen errichtet werden sollen – wenn ihr nicht schon im einen oder andern Fall das bereits getan habt –, um dadurch erst die Fähigkeit in euch erlangen zu können, den Begriff Gott, Götze, Engel oder Heiliger usw. zu erkennen und zu begreifen; doch wahrlich, eure diesbezügliche Sucht ist nur mit einem irren und wirren Glauben verbunden, wie zu einem grossen Teil auch in eurem falschen Ehrgeiz, der darin wurzelt, dass ihr vor euren Mitmenschen scheinen und von eurem Gott oder Götzen, Engel oder Heiligen erhört werden und gross dastehen wollt.
25) Und wahrlich, ihr Gläubigen an eine Gottheit, an einen Götzen oder Dämonen, an Engel und Heilige, an Gurus, Meister, Erhabene, Gottgesandte und selbsternannte Götter oder Gottesstellvertreter, ihr taumelt wie Trunkene durch euer Leben und von einem Glaubenswahn in einen anderen, wobei ihr einseitig, unfrei und unsicher in euch selbst seid, weil ihr vom schlichten Weg der Wahrheit abgeleitet seid, einerseits durch die Schuld aller jener, welche euch zur Unwahrheit und zum Glauben verführen, und andererseits durch eure eigene Schuld, weil ihr nur einem Glauben nachhängen und euch nicht bewusst der Wahrheit zuwenden wollt, weil ihr das Tragen der Verantwortung scheut, die mit der tatsächlichen Wahrheit aller Wahrheit verbunden ist.
26) Doch hört auf, Verzagende zu sein durch euren Glauben, der euch immer weiter von der schöpferischen Wahrheit entfernt und euch weder die wahre Liebe und Harmonie noch den Frieden und die Freiheit in euch und in eurer ganzen Menschheit finden lässt.
27) Lernt ernsthaft Suchende nach der Wahrheit zu sein, die ihr nur in den schöpferischen Gesetzen und Geboten sowie in euch selbst finden könnt auf dem Weg der Wahrheit, der selbst die Wahr-

heit und das Ziel ist; dieser Weg der Wahrheit als Wahrheit selbst liegt in jedem von euch, ihr Menschheit der Erde.

28) Doch wahrlich, seid euch bewusst, dass der Weg der Wahrheit in euch, der selbst die Wahrheit und das Ziel ist, nicht durch schulische Gelehrsamkeit und nicht durch einen religiösen, sektiererischen, ideologischen oder philosophischen Glauben beschritten werden kann.

29) Wählt einzig und allein den Weg der Wahrheit in euch, den Weg, der Weg, Wahrheit und Ziel in sich selbst ist, denn allein die wahrliche Wahrheit ist das grosse Vorbild auf dem wahren Weg des Lichts.

30) Die Wahrheit selbst ist schlicht und einfach, ohne Kulthandlungen und Riten, wie auch ohne flehende Gebete an einen Gott oder Götzen oder Menschen, und bei der Wahrheit habt ihr nicht anzukämpfen gegen Irrtümer und Falsches, folglich ihr den Weg der Wahrheit nicht mühselig durch Glaubensregeln und Glaubensdogmen sowie durch Kulthandlungen, Riten, flehende Gebete und durch Demut usw. beschreiten müsst; wird euch aber durch falsche Lehrer und falsche Propheten usw. anderes gelehrt, dann sind diese Lehren die grössten Feinde von euch Menschen, weil sie bare Betrügereien, Lügen und Verleumdungen gegen die effective Wahrheit sind.

31) Also weicht zurück von all den falschen Lehren und falschen Propheten sowie von allen sonstigen Falschheitspredigern und Wahrheitsirrlehrenden, die alles Ehrwürdige in euch schändlich missbrauchen und euch fern aller Wahrheit in die Irre führen, wodurch ihr in Lieblosigkeit, Not und Elend in euch verfallt, so aber auch in Hass, Unfrieden, Disharmonie, Unfreiheit und Rachsucht, was dazu führt, dass ihr durch Kriege, Revolten und durch Folter und Todesstrafe viele Tode und Zerstörungen über eure ganze Menschheit bringt.

32) Wahrlich, ihr Menschheit der Erde, ihr seid voll erfasst von allem Bösen, was ihr jedoch nicht wahrhaben wollt und vehement bestreitet, weil ihr euch selbst dieser Tatsache nicht einmal bewusst seid, weil ihr in euch von den Irrlehren der falschen Propheten und Lehrer gefangen seid, von den falschen Lehren, die als Machwerk menschlicher Gehirne Stückwerke des Bösen und der Unwahrheit sind und ein solches Stückwerk bleiben, wie tief euer Glaube darin auch immer verankert sein mag.

33) Bedenkt, dass euer Glaube an eine Gottheit oder an einen Götzen, an Engel und Heilige, Gurus, Meister, Erhabene oder Gottesstellvertreter usw. niemals zur schöpferischen Wahrheit führt, zur Schöpfung selbst und zu ihren Gesetzen und Geboten, die auch in der Natur, in allem Leben und in aller Existenz gegeben sind.

34) Ihr sollt in euch selbst die wahrheitliche Wahrheit erkennen, wie aber auch in den Geboten und den Gesetzmässigkeiten der Schöpfung, so ihr in euch Wissen daraus schafft und daraus wiederum Weisheit bildet, denn nur durch wirkliches Wissen und durch dessen Essenz, die Weisheit, könnt ihr die effective Wahrheit aller Wahrheit umfassend begreifen.

35) Durch euer Wahrheitsunwissen ist jedoch das Begriffsvermögen eures Bewusstseins eng begrenzt, denn dieses ist fest an Raum und Zeit gebunden, so es bereits die der Schöpfung zugeordnete Ewigkeit und das Unendliche nicht mehr wirklich zu erfassen vermag, auch wenn die Begriffe vielleicht noch mathematisch zum Ausdruck gebracht werden können.

36) Wahrlich, ihr Menschheit der Erde, euer Bewusstsein mit seinem Verstand und seiner Vernunft steht vor der unfassbaren Energie und Kraft der Schöpfung sowie ihrer Gesetze und Gebote, durch die alles Seiende durchströmt wird, während die Energie und Kraft der Schöpfung aus sich selbst heraus lebt und wirkt.

37) Und die Energie und Kraft der Schöpfung und ihrer Gesetze und Gebote empfangt ihr Menschen in jedem Augenblick eures Lebens als Selbstverständlichkeit, ohne dass ihr euch auch nur ein winziges Jota darum Gedanken macht; und würdet ihr es tun, dann könntet ihr trotzdem mit eurem Verstand nicht erfassen, was diese schöpferische Energie und Kraft in Wirklichkeit sind.

38) Euer Bewusstsein und eure daraus resultierende Vernunft und euer Verstand bieten nur eine mangelhafte Tätigkeit, wodurch naturgemäss auch eure Bewusstseinswerke einer Beschränkung unterliegen, also die Vernunft, der Verstand sowie die Gedanken und Gefühle; und allein schon aus diesem Grund bleibt eure Gelehrsamkeit, ihr Menschheit der Erde, in bezug auf das wirk-

liche Erkennen der wahrlichen Wahrheit aller Wahrheit allein eurem Verstand und eurer Vernunft überlassen, durch die ihr die Wahrheit wahrnehmen, erkennen und zur Kenntnis nehmen müsst, um sie als Wissen zu erarbeiten, dieses zu erfahren und dann zu erleben, woraus sich dann erst die Essenz ergibt, die Weisheit, die relativ vollendete Wahrheit ist; relativ darum, weil die wahrliche Wahrheit aller Wahrheit immer und endlos weiterführt zu neuen Wahrnehmungen, Erkenntnissen und Kenntnissen, zu erweitertem Wissen und dessen Erfahren sowie zum Erleben des Erfahrenen, um dann wieder in die Essenz resp. in die Weisheit und damit in die effective relative Wahrheit zu münden, die wiederum die Ursache dazu ist, dass sich daraus wieder weitergehend Neues resp. neue Wirkungen als Weisheit resp. Wahrheit ergeben.

39) Eure Gelehrsamkeit ist durch eure Schulweisheit und durch euer Anhängen an Religionen, Sekten, Ideologien und Philosophien, an falsche Lehren und Lehrer sowie falsche Propheten und Glaubensformen darauf ausgerichtet, immer nur Einzelheiten nachzuhängen, jedoch nicht dem Ganzen einer Sache, und das, obwohl ihr als Menschen gesamthaft jenes unfassbare Ganze in euch tragt, durch das ihr vollauf befähigt seid, durch das Erlernen der wahrlichen schöpferischen Wahrheit das Edelste und Höchste in euch zu erreichen, was euch durch euren Verstand und durch eure Vernunft möglich ist; stattdessen missachtet ihr aber diese schöpferische Gabe und folgt statt der Wahrheit eurem Glauben an einen Gott oder Götzen, an Engel, Heilige und Dämonen, an einen Teufel oder an Menschen, die sich über euch setzen und die ihr idolisiert und anbetet.

40) Befreit euch von all dem, denn alles ist nur eine böse Folter, die einerseits von den falschen Lehren und Lehrern und von den falschen Propheten auf euch ausgeübt wird, andererseits aber auch durch euch selbst, weil ihr den Irrlehren hörig werdet.

41) Bedenkt, dass es keine grosse Meister, Gurus, Erhabene, Gottgesandte und dergleichen, wie aber auch keinen erphantasierten Gott, Götzen oder Teufel usw. gibt, der euch wider euren eigenen Willen befehlen kann, dass ihr dem Unsinn ihrer Irrlehren folgen müsst, denn euch allein ist die Kraft sowie der Verstand, die Vernunft und die Entscheidungsgewalt gegeben, über euch selbst zu bestimmen, wie auch darüber, was ihr tun oder lassen und ob ihr einem Glauben verfallen oder euch der effectiven Wahrheit der Schöpfung und ihren Gesetzen und Geboten zuwenden wollt oder nicht.

42) Wenn ihr Menschheit der Erde euer selbst seid und euch nicht steuern lasst durch Religionen, Sekten, Ideologien, Philosophien und deren falsche Lehren, dann vermögt ihr ein festes Wollen zum Guten und zur wirklichen Wahrheit aller Wahrheit in euch aufzubauen, auf dass ihr euren Gedanken und Gefühlen sowie euren Handlungen und eurem Wirken Liebe und Reinheit sowie Harmonie, Frieden und Freiheit verleihen könnt; und könnt ihr das, dann habt ihr in euch bereits den Weg der Wahrheit gefunden, der in sich selbst die Wahrheit und das Ziel ist.

43) Und damit ihr das tun könnt, dazu bedürft ihr weder Religionen noch Ideologien oder Philosophien, wie aber auch nicht deren irren und wirren sowie falschen Lehren in Büchern, Schriften, Bildern und Worten; und also braucht ihr euch keiner Einsiedelei und Vereinsamung hinzugeben oder einer Askese, um in euch selbst die Wahrheit zu finden, zu erfassen und danach zu leben, noch bedarf es einer besonderen bewusstseinsmässigen Anstrengung, durch die ihr überfordert werden könntet; wahrheitlich bedarf es nur eurer normalen Bewusstseinskraft sowie eures guten und klaren Verstandes und der ebenso guten und klaren Vernunft, der Motivation und des festen Willens, um alles durchzuführen und zum Ziel zu bringen.

44) Und wenn ihr Menschheit der Erde in dieser Weise handelt, dann werdet ihr gesund in eurem Mentalblock und im Bewusstseinsblock, so also in eurem Bewusstsein selbst wie auch in euren Gedanken und Gefühlen, in eurer Psyche sowie in eurer Persönlichkeit und in eurem Charakter.

45) So ihr aber in dieser Beziehung weise handelt, befreit ihr euch von allem Druck krankhafter Suche und Grübelei in bezug auf die Wahrheitssuche, so ihr Menschen werdet, die nicht gleich wieder dem Falschen eines religiösen, ideologischen oder philosophischen Glaubens erliegen wie eine Orchidee, die allein durch einen kühlen Windhauch verwelken kann.

46) Ihr Menschheit der Erde, euer Bewusstsein ist der Grundstein und das Werkzeug all eurer Gedanken und Gefühle sowie eures Handelns und Wirkens, doch dieses Bewusstsein ist in seiner

Tätigkeit noch mangelhaft, wodurch euch naturgemäss Beschränkungen auferlegt sind, die ihr durch euren eigenen Verstand und durch eure Vernunft entschränken müsst, auf dass ihr Grenzen in eurem Bewusstsein öffnet und weitblickender werdet und auch all jene Dinge erfasst, die über das Materielle hinausgehen und sich im Bereich des Geistigen sowie Bewusstseinsmässigen bewegen und in den Bereich der schöpferischen Gesetze und Gebote belangen.

47) Ihr Menschheit der Erde, wacht auf und seht euch um in euch selbst, so ihr eure eigene Stimme in euch hört, die nach der effectiven Wahrheit und nach der Erfüllung der schöpferischen Gesetze und Gebote ruft; und nur wenn ihr das tut, öffnet sich in euch der Weg der Wahrheit, der selbst die Wahrheit und deren Ziel in sich birgt.

48) Seid euch selbst und achtet nicht auf den Streit in der Welt und nicht auf den Streit der Religionen, Ideologien und Philosophien, nicht auf die falschen Lehrer mit ihren falschen Lehren, so aber auch nicht auf die falschen Propheten und auf eure falschen, imaginären Götter, Götzen, Dämonen, Engel und Heiligen und auf alle jene, die sich euch als Wahrheitsbringer ausgeben, wie Gurus, Sektenführer, Meister und Erhabene und wie sie sich alle nennen.

49) Der einzige wahrheitliche Wahrheitsbringer seid ihr selbst, wenn ihr die wahrheitliche Wahrheit in euch und in den schöpferischen Gesetzen und Geboten ergründet und erkennt; und die wahrlichen Propheten, die euch den ‹Kelch der Wahrheit›, die ‹Lehre der Propheten› resp. die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens bringen, sie sagen euch nur, worauf ihr schauen und was ihr tun sollt, um in euch selbst und in den Gesetzen und Geboten der Schöpfung die Wahrheit zu finden; die wahrlichen Propheten belehren euch nur in der Weise in der Wahrheit, damit ihr diese in euch selbst zu finden vermögt, wie sie euch auch nur in bezug auf die kausalen Zusammenhänge aller Dinge belehren; nicht jedoch lehren sie euch, dass ihr demütig ihren Worten und ihrer Lehre Folge leisten sollt, sondern dass ihr euch in euch selbst zum Lernen entscheidet und alles in euch selbst ergründet, die effective Wahrheit findet und sie befolgt.

50) Lasst euch daher nicht verführen, indem ihr euch einer Religion, Ideologie oder Philosophie verbindet, sondern seid in jeder Beziehung euch selbst und sucht die wahrheitliche Wahrheit nur dort, wo sie tatsächlich zu finden ist, nämlich in euch selbst und in den Gesetzen und Geboten der Schöpfung.

51) Bedenkt, dass es keine Verkörperung einer göttlichen Liebe gibt, sondern nur die wahre Liebe, die durch die Wirkungen der Gesetze und Gebote aus der Schöpfung selbst hervorgeht, die als Grundsubstanz in eurem tiefsten, geistigen Wesen ist, durch das auch ihr der wahren Empfindungsliebe ebenso fähig seid wie auch der gefühlsmässigen Liebe.

52) Hängt euch an keine Konfessionen, Ideologien oder Philosophien, sondern schafft euch eine eigene und gesunde Lebensanschauung, die auf der wahrheitlichen Wahrheit beruht, die ihr in euch selbst findet, auf dass ihr frei seid in eurem Menschenbewusstsein, das nicht versklavt werden darf durch religiöse, ideologische oder philosophische Dogmen sowie durch einen von euch Menschen erfundenen Gottesfunken, der keinerlei Energie und keine Kraft hat.

53) Dogmen und sonstige Zwangslehrsätze sind und bleiben Menschenerfindungen und sind niemals Worte oder das Werk der Schöpfung, sondern Menschenwerk, um euren Menschensinn einzuengen und in Formen des Verderbens zu pressen, was jedoch ein systematisches Entwerten und Verzerren des Schöpferischen in euch bedeutet.

54) Wahrlich solltet ihr euch selbst vor Dogmen und sonstigen Zwangslehrsätzen sowie Irrlehren zurückstossen, durch die ihr niemals die grosse Wirklichkeit der schöpferischen Wahrheit erleben könnt, sondern euer Suchen nach der Wahrheit immer hoffnungsloser wird, was euch langsam aber sicher in die Verzweiflung führt.

55) Ihr Menschheit der Erde, wacht endlich auf und werdet euch selbst, schafft in euch eigene Entscheidungen und seid also frei in euren Gedanken und Gefühlen, so ihr in euch alle dogmatischen Mauern zertrümmert und die euch unsehend machende Binde des Glaubens an Götter, Dämonen, Engel, Heilige, Götzen und Menschenidole abreisst, auf dass ihr endlich sehend werdet und unverstümmelt das Licht der Wahrheit wahrnehmen könnt.

56) Und tut ihr das, dann werdet ihr in euch selbst aufjauchzen und euer Bewusstsein durch die Erkenntnis der Wahrheit in die Höhe schwingen, um die wahre Liebe in der Schöpfung und in ihrer für euch höchstmöglichen Vollendung zu finden, wie sie euer Verstand durch die Gefangenheit eures Glaubens in bezug auf Religionen, Ideologien und Philosophien und deren Irrlehren nicht kennt.
57) Ihr müsst erkennen, ihr Menschheit der Erde, dass ihr in Form eurer Geistform in euch ein winziger Teil der allumfassenden Schöpfung seid, weshalb ihr euch mit ihr durch euer Bewusstsein vereinen sollt, und zwar indem ihr euch der Wahrheit aller Wahrheit zuwendet und damit eurer Bewusstseinsevolution Genüge tut; löst euch mit eurer ganzen Energie und Kraft von eurer Wahrheitsunwissenheit und macht euch selbst das Geschenk der Wahrheitserkennung und Wahrheitsbefolgung, wodurch ihr aus dem Chaos hinausfindet und zum Höheren in euch aufsteigt, das euch des Lebens froh macht, euch mit wahrer Liebe erfüllt und in euch und unter eurer ganzen Menschheit Frieden, Freiheit und Harmonie erschafft.
58) Doch ihr Menschheit der Erde, noch seid ihr nicht soweit, dass ihr euch der Wahrheit wirklich zuwendet, denn wenn ihr näher betrachtet werdet, dann seid ihr noch weit davon entfernt, der Wahrheit und damit auch den schöpferischen Gesetzen und Geboten die Hand zu reichen.
59) Ihr seid noch sehr fern der schöpferischen Wahrheit, obwohl viele unter euch ganz besonders lebhaft nach der Wahrheit suchen, doch leider tut ihr das in falscher Weise, denn wahrheitlich sucht ihr nicht nach der Wahrheit selbst, sondern nach Führern und Helfern; Führer und Helfer, denen ihr bezüglich ihrer falschen Lehren Glauben schenken wollt und wodurch ihr euch in euren Gedanken und Gefühlen ebenso gehoben fühlt wie auch in der Hinsicht, euch einem Führer, Guru, Meister, Erhabenen oder Göttlichen usw. demütig unterordnen zu können, und zwar nur darum, weil ihr die falsche Meinung hegt, dass ihr bereits gründlich darauf vorbereitet seid, den angeblichen Wahrheitsbringer zu erkennen, seine Worte zu hören und dessen Lehre zu verstehen.
60) Was ihr jedoch in dieser Beziehung hegt und pflegt, sind nichts mehr und nichts weniger als viele Spaltungen, von denen ihr in euch beherrscht werdet und die euch niemals die Wahrheit finden lassen.
61) Der ‹Kelch der Wahrheit›, die ‹Lehre der Propheten› resp. die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens wirkt auf euch sehr sonderbar, weil sie alles andere ist als eine Lehre mit religiösen, ideologischen oder philosophischen Floskeln, und weil ihr in solchen Floskeln verheddert und gefangen und ihnen hörig seid, schafft ihr in euch ein falsches Bild der wirklichen Wahrheit und Ursachen dazu, euch in Überhebung und falscher Selbsteinschätzung zu sonnen und den falschen Weg zu gehen, der in einem religiösen, ideologischen oder philosophischen Glauben beruht.
62) Statt einer wahrlichen Ehrfurcht resp. Ehrerbietung gegenüber der Schöpfung ist in euch, ihr Menschheit der Erde, ein winselndes Betteln und Flehen an einen Gott, Dämonen, Teufel oder Götzen, an Engel, Heilige oder an menschliche Idole geworden; und dabei seid ihr zu Wesen geworden, die ihr immer nur empfangen, jedoch selbst um keinen Preis etwas dazutun wollt, wie es euch auch nicht gelegen ist, die Verantwortung zu tragen.
63) Ihr betet und fleht, das könnt ihr sehr wohl tun, dass aber von euch selbst gefordert ist, dass ihr etwas tun und für Gefordertes und an euch selbst viel Arbeit leisten sollt, davon wollt ihr nichts wissen, weil es euch unbequem ist und ihr dabei der Wahrheit gemäss denken müsstet.
64) Nichtsdestoweniger jedoch erdreistet ihr euch im selbstherrlichen Glauben an euch selbst, selbständig, unabhängig und derart voller Kraft zu sein, selbst alles tun und lassen zu können, wie ihr wollt, und dabei den Wahn zu pflegen, schöpfungsgleich zu sein.
65) Sehr viele unter euch, ihr Menschheit der Erde, ihr erwartet und fordert nur und glaubt, dass nicht ihr euch den schöpferischen Gesetzen und Geboten, sondern diese sich euch beugen müssten; wahrlich, wohin ihr blickt, seht ihr nur eure Zwiespältigkeit, denn einerseits lebt ihr in ausgearteter Anmassung gegenüber allem Schöpferischen, und andererseits versinkt ihr in brüllender Demut und Feigheit vor euren erfundenen Göttern, Götzen, Engeln und Heiligen oder vor euren menschlichen Idolen.

66) Wahrlich, euch fehlt die richtige Selbsteinschätzung und Bescheidenheit ebenso wie die wahre Liebe und das Mitgefühl für euch selbst wie auch für eure Mitmenschen, und wollt ihr trotzdem in euch und rundum sowie in den schöpferischen Gesetzen und Geboten die Wahrheit suchen und finden, dann ist es in erster Linie notwendig, dass ihr von eurer künstlichen Höhe niedersteigt, die ihr euch erschaffen habt, denn das ist der erste Schritt, den ihr tun müsst, wenn ihr wirklich und wahrlich Mensch werden wollt.
67) Ihr seid wie ein aufgeblasener Kugelfisch, der um sich Gefahr wittert und deshalb sich aufbläht, so wie ihr euch mit eurem religiösen, ideologischen oder philosophischen Wahrheitsunwissen und dessen Irrlehren aufbläht und brüstet, weil ihr euch vor der effectiven schöpferischen Wahrheit aller Wahrheit fürchtet; doch bedenkt, wie der Kugelfisch in einem unachtsamen Augenblick in die Fänge seines Feindes gerät und sein Leben verliert, so wird es auch euch ergehen, wenn ihr durch euren Glauben ins Verderben gestürzt werdet; und geschieht das, dann habt ihr keine Zeit mehr, die ihr noch versäumen könnt, um euch aus eurer Not und aus eurem Elend zu befreien.
68) Denkt also nicht, dass es in bezug auf die Wahrheitsfindung endlos in dieser Weise der Müssigkeit weitergehen kann, wie es schon seit Jahrtausenden der Fall ist, denn früher oder später kommt die Zeit, da ihr euch der wahrlichen schöpferischen Wahrheit aller Wahrheit zuwenden und euch mit ihr verbinden müsst.
69) Wartet also nicht auf irgendwelche Führer oder Helfer, von denen ihr in erbärmlicher Weise erwartet und gar fordert, dass sie euch einen Weg empor zum Lichte der Wahrheit weisen und bereiten sollen, denn wahrheitlich seid nur ihr es ganz allein, die ihr euch um die Wahrheit bemühen und euren eigenen Weg einschlagen und beschreiten müsst.
70) Ihr müsst euch eigens alles derart verständlich machen, dass ihr es begreifen und nachvollziehen könnt, indem ihr den richtigen Weg wählt, auf dass ihr in eurem Innern sowohl die Wahrheit als auch euch selbst findet.
71) Sucht und findet also im eigenen Verstand und in der Vernunft nach der Wahrheit und lasst die falschen Führer und Helfer sein, was sie sind, denn nicht sie können euch die Wahrheit bringen, sondern nur ihr allein, denn ihr allein müsst die Bemühungen auf euch nehmen, auch wenn ihr glaubt, dass euch diese durch die falschen Lehrer, Führer und Helfer abgenommen würden.
72) Nur wenn ihr euch selbst zur Wahrheit beruft, könnt ihr den rechten Weg und die Wahrheit aller Wahrheit in euch und in den schöpferischen Gesetzen und Geboten finden, doch das bedarf, dass ihr euch eigens darum bemüht und nicht falschen Lehrern, Führern und Helfern nachfolgt.
73) Eure Sache ist es, selbst die wahrliche Wahrheit als solche zu finden und darin wissend zu werden, nicht jedoch einer falschen Überzeugung durch falsche Lehrer und Lehren sowie Führern und Helfern zu verfallen.
74) Ihr aber, die ihr viele seid, die ihr glaubt, dass ihr euch selbst nicht erst zu bemühen braucht, um die effective Wahrheit zu finden, weil diese Bemühungen irgendwelche Lehrer, Führer, Helfer oder Propheten für euch tun würden, wahrlich, ihr seid töricht und findet nicht den Weg der Wahrheit in euch, der selbst die Wahrheit und das Ziel ist, weshalb ihr unwissend bleibt und Elend und Not leidet, voller Eifersucht und Hass seid und euch in Rachsucht, Vergeltung und in Kriegen ergeht, wie auch in Verbrechen, Verleumdung, Lug und Trug sowie Streit und Zerstörung.
75) Wahrlich, ihr müsst selbst erwachen, denn all die falschen Lehrer, Führer, Propheten und Helfer mit ihren falschen Lehren können euch nicht aufwecken aus eurem Schlaf der Wahrheitsunwissenheit, und ebenso müsst ihr auch den Weg des Rechtens, der Verantwortung und der Gewissenhaftigkeit alleine gehen, denn nur ihr allein könnt dies für euch selbst tun.
76) Bedenkt des wahren Wortes, dass ihr als wahrliche Menschen noch nicht so wertvoll seid, wie ihr euch das einbildet und glaubt, dass ihr gleichsam der Schöpfung wärt, doch wollt ihr wahrlich sein, dann müsst ihr euch den schöpferischen Gesetzen und Geboten zuwenden, daraus lernen und sie erfüllen, denn nur dadurch könnt ihr zu dem werden, was ihr sein wollt.
77) Ihr Menschheit der Erde, ihr sucht nach der Wahrheit des Lebens, wobei ihr jedoch nach etwas sucht, das ihr noch nicht versteht, weil ihr im Glauben an Gottheiten und Götzen und mensch-

liche Idole gefangen seid und wähnt, dass dies die Wahrheit sei, doch die effective Wahrheit beruht nicht auf einem Glauben, sondern in wahrheitlichem Wissen und der daraus resultierenden, unfehlbaren Weisheit und tiefgreifenden Liebe.

78) Und wie ihr die Wahrheit nicht versteht, so versteht ihr auch nicht das Leben und vegetiert in Verwirrung dahin, wodurch ihr, trotz eures Fortschritts auf allerlei Gebieten, der schöpferischen Wahrheit aller Wahrheit fern bleibt und nicht mehr wisst, was ihr eigentlich wollt; doch seid dessen gewiss, dass ihr früher oder später in euch selbst erfahren werdet und erfahren müsst, was wirklich sein soll.

79) Ihr seid eine seltsame Sorte Menschen, denn obwohl ihr nach der Wahrheit sucht, die ihr noch nicht versteht, kritisiert, beschimpft und verleumdet ihr sie, weil ihr an Gottheiten, Götzen und menschliche Idole glaubt – wie könnt ihr als Menschen nur so irr denken und handeln, da ihr doch die Fähigkeit des Verstandes und der Vernunft besitzt?

80) Ihr Menschheit der Erde bedenkt, dass ihr nicht endlos weiter in dieser Weise tun und leben könnt, denn die Wahrheit und das Leben machen keine Konzessionen, sondern sie fordern das Recht in allen Dingen des Daseins; doch da ihr mit aller euch zur Verfügung stehenden Unvernunft dawider handelt, tretet ihr euch selbst und bereitet euch damit Schmerzen, Elend und Not, wovon ihr euch nur befreien könnt, wenn ihr alles ablegt und von euch weist, was der Wahrheit zuwider und also des Unrechtens und Unrechtes sowie der Verantwortungslosigkeit und Gewissenlosigkeit ist.

81) Ihr aber unter euch, ihr Menschheit der Erde, welche ihr in Verstand und Vernunft denkend ernsthaft nach der wahrlichen Wahrheit aller Wahrheit sucht, nach der Wahrheit des Lebens, der Wahrheit der Schöpfung und ihrer Gesetze und Gebote, ihr vermögt zu erkennen, dass gerade in den gerechten, verantwortungsvollen und gewissenhaften, aufmerksamen, strengen und achtsamen Gedanken und Gefühlen das Beste liegt, was die ganze Menschheit benötigt, weil sie sehr tief in ihre Bewusstseinsträgheit verstrickt ist.

82) Und gerade damit, dass das verstandesmässige Verstehen in bezug auf die Worte der Wahrheit von vornherein eine bewusstseinsmässige Regsamkeit verlangt, so aber auch ein Sichbemühen und ein ernsthaftes Wollen, ist die Möglichkeit gegeben, dass schon beim Beginn der Bewusstseinstätigkeit und damit der Gedankentätigkeit spielend die Spreu vom Korne getrennt und also die Wahrheit erfasst werden kann; darin liegt ein selbständiges Wirken, wie es durch die schöpferischen Gesetze vorgegeben ist und wie es ihr Menschen grundsätzlich auch wollt.

83) Ihr aber unter euch, ihr Menschheit der Erde, welche ihr jene Sorte Menschen seid und euch besonders rege denkt, ihr entwerft ein groteskes Bild von Lehrern, Führern, Helfern und Propheten, die euch helfen sollen, den Weg der Wahrheit und diese selbst zu finden; ihr aber seid äusserst töricht, denn ihr erwartet, dass sie wirklich weise und wissend und Bewusstseinsakrobaten seien, die für euch Wunder tun könnten.

84) Ihr aber lasst euch von ihnen noch tiefer in die Unwahrheit verführen, weil sie nur diese und nicht die Wahrheit selbst kennen, und ausserdem nehmt ihr an, dass sie Hellseher und Hellhörige, Telepathen und Channeler seien, wovon sie aber wahrheitlich nichts verstehen; und ebenso glaubt ihr, dass sie Gottgesandte oder Wahrheitswissende und grosse ‹Geister› seien, was sie in Wirklichkeit jedoch nicht sind.

85) Und wahrlich, wären sie der Anwendung der Bewusstseinskräfte und der Zirbeldrüse-Kontrolle wirklich fähig, um im Bereich feinstofflicher Schwingungen wirken zu können, dann könnten sie sich trotzdem nicht über den Bann des Materiellen erheben, denn auch diese Dinge bewegen sich nur in den niederen Grenzen des Materiellen und können keinen Anspruch auf das rein Geistige erheben, folglich sie ziemlich wertlos sind, um damit die Wahrheit aller Wahrheit finden zu können, denn sind sie doch nicht mehr und nicht weniger nur Aspekte der Bewusstseinsfähigkeiten, die genutzt werden können, wenn der Weg dazu gefunden und gegangen wird.

86) Ihr Menschheit der Erde, es kann euch nicht damit zum allgemeinen Aufstieg zur Wahrheit und zur Bewusstseinsevolution verholfen werden, indem euch Dinge und Wirkungen der Bewusst-

seinskräfte vorgeführt werden, die ihr sehen, hören oder fühlen könnt, denn das hat mit einem wahrlichen Aufstieg zur Wahrheit und zur Bewusstseinsevolution nichts zu tun, wie es auch keinen Zweck erfüllt für euren materiellen Fortschritt; Dinge und Wirkungen, die aus den Bewusstseinskräften hervorgerufen werden, sind nicht mehr und nicht weniger nur Zeichen der Kräfte des Bewusstseins, nichts weiter, und nur interessant zur Unterhaltung, zur Verrichtung von Arbeit oder zur Erlangung von Informationen usw.; zur Entwicklung des Bewusstseins und zur Nutzung dessen Kräfte sowie zum Ergründen und Befolgen der effectiven Wahrheit, die ihr in euch selbst sowie in den schöpferischen Gesetzen und Geboten findet, bedarf es der Demonstration der Dinge und Wirkungen der Bewusstseinskräfte nicht.

87) Dass ihr euch aber Lehrer, Helfer, Gurus, Geistliche sowie Erhabene und dergleichen wünscht, die euch Bewusstseinskräfte als Wunderzeichen und Beweise der Richtigkeit ihres Glaubens an eine Gottheit, an einen Götzen oder Dämonen vorführen, das fundiert bereits in brüllender Lächerlichkeit, und zwar auch dann, wenn ihr deren Wirken in dieser Weise bitter ernst nehmt – wenn die von euch Angebeteten und Angeflehten überhaupt in der Lage sind, solche Zeichen der Bewusstseinskräfte zu bewirken.

88) Und ihr seid der irren Meinung, dass ein wahrer Lehrer und Künder der Wahrheit göttlicher Natur sei, doch entspricht das ebenso einem Irrglauben wie der Glaube an eine Gottheit, denn ein wahrer Künder und Lehrer der Wahrheit ist ein Mensch aus eurer Mitte und allen Höhen und Tiefen des Lebens ebenso eingeordnet wie ihr selbst, so also auch Krankheit, Gesundheit, Unfall sowie Glück und Unglück; also bleiben sie nicht davon verschont, auch wenn ihr fälschlich denkt, dass solches einem wahrheitlichen Lehrer und Künder nicht zustossen könne, weil er ja unter Gottes Schutz stehe; wahrlich bedenkt ihr dabei aber nicht, dass jede Gottheit eine durch euch Menschen selbst erfundene Wesenlosigkeit und völlig ohne Energie und Kraft ist, während wahrliche Künder und Lehrer einfache Menschen und damit in den Lauf von Glück und Unglück sowie von Krankheit und Gesundheit des Lebens eingeordnet sind; und da wahrliche Propheten und Lehrer in Fleisch, Blut und Bewusstsein Menschen und also Euresgleichen sind, ist es irrig anzunehmen, dass sie über Unglück und Krankheit oder gar über das Ausscheiden aus dem Leben erhaben wären, denn grundsätzlich ist alles Existente diesen Dingen und dem Werden und Vergehen eingeordnet; denkt ihr aber, dass das nicht der Tatsache entspreche, dann macht ihr euch eine falsche Meinung, die in völliger Lächerlichkeit versinkt.

89) Bedenkt, es ist wohl wahr, dass ihr Menschheit der Erde euch selbst helfen sollt, was sich auch auf Krankheit und Unglück bezieht, so ihr Krankheiten und Schmerzen unter Kontrolle bringen könnt, die zum materiellen Körper in der einen oder anderen Weise nun einmal mehr oder weniger gehören, je nachdem, wie der körperliche Gesundheitszustand geformt ist, doch ihr könnt nicht einseitig durch die Gewalt der Bewusstseinskräfte den Körper dauernd gegen äussere und innere Einflüsse unempfindlich machen, wie das auch mitnichten bei einem hervorragenden ‹grossen Geist› möglich ist; wahrlich kann der Körper einseitig z.B. durch Hypnose und Meditation zeitweise unempfindlich gemacht werden, doch wer das zu tun vermag, ist trotzdem ebenfalls kein hervorragender Grosser, denn das ganze Tun beruht nur auf der Beherrschung der eigenen Bewusstseinskräfte, nicht jedoch darauf, dass göttliche Kräfte genutzt werden könnten, die es nicht gibt.

90) Glaubt ihr aber an göttliche Wunderkräfte, die rein illusorisch sind, wenn irgendwelche unter euch durch ihre Bewusstseinskräfte Zeichen tun können, die ihr weder in ihrem Ursprung noch in ihren Wirkungen und in der letztlichen Wirkung selbst versteht und deshalb glaubt, dass es göttliche Wunderkräfte seien, die alles bewirken, dann seid ihr Menschen, die ihr mit glänzenden Augen und offenem Mund dasteht und euch wünscht, Gleiches tun zu können.

91) Also seid ihr viele unter euch, welche ihr noch immer Wundergläubige sowie ‹Geistes›- und Gottsucher in der Jetztzeit seid und der Unwahrheit eines religiösen, dämonischen, ideologischen oder philosophischen Glaubens nachhängt, wodurch ihr aber keinen Gewinn der Wahrheit erzielt, sondern in einem dunklen Gewölbe des Wahrheitsunwissens umherirrt, das ihr euch selbst erschaffen habt.

92) Wahrlich, in eurem Unwissen um die Wahrheit seid ihr wie bewusstseinsmässige Clowns, die ihr vom Glauben betrunken seid sowie gefährlich auf einem hochgespannten Drahtseil balanciert und ständig abzustürzen droht, wobei ihr aber nicht erkennt, wohin euch euer Tun letztendlich führt.
93) Wenn ihr euer Suchen nach dem Wahren der Wahrheit betrachtet, dann erfahrt ihr, dass ihr nicht wisst, wohin ihr eigentlich geht und was ihr erstreben wollt; und ihr lebt im Wahn, dass ihr nicht alleine, sondern nur unter der Obhut eines Gottes, Götzen oder eines veridolisierten Menschen, eines Führers, Helfers, Meisters, Gurus oder Erhabenen und Gottgleichen usw. leben könnt, der gross genug sein muss, dass er durch sein Bewusstsein, das ihr fälschlich ‹Geist› nennt, seinen Körper und sein Leben so beherrscht, dass er keine Krankheit und keine Unbill mehr kennt, wie euch das verleumderisch seit alters her durch Lügengeschichten über wahrliche Propheten überliefert wird.
94) Und bedenkt, allein der Geist selbst kann nicht betroffen sein von Krankheit, Unglück und Unbill jeder Art, denn allein er ist reinster schöpferischer Natur, während der Körper eine rein materielle Stofflichkeit aufweist und demzufolge auch mit allem Materiellen in direkter Verbindung steht, so also auch mit Krankheit, Unglück und sonst jeder Unbill, wie gegenteilig aber auch mit Gesundheit und Glück usw.
95) Doch der Geist, resp. die Geistform, bedarf zur eigenen Entwicklung des Bewusstseins des Menschen, damit jedoch auch des Körpers, wodurch sich Bewusstsein und Körper mit der Geistform ergänzen; wird aber der Körper schwach oder durch irgendwelche Kräfte unterdrückt, dann kann sich das Bewusstsein nicht mehr umfassend entwickeln, weil es sich nur noch auf eine bestimmte Richtung konzentriert, wodurch alles andere vernachlässigt wird und also keine allgemeine bewusstseinsmässige, sondern nur noch eine zweckgerichtete und einseitige Entwicklung erfolgt; dadurch werden die Schwingungen des Bewusstseins jedoch zu matt, um seine Vollkraft im ganzen Umfang in die gesamte Stofflichkeit des Körpers zu bringen, wodurch dieser da und dort zu leiden beginnt.
96) Wollt ihr also eine Krankheit unterdrücken oder eine bestehende minimieren oder auflösen, dann müsst ihr bewusstseinsmässig einen grossen Druck auf euren Körper ausüben, indem ihr euch allein auf die Krankheit oder Krankheitsstelle konzentriert, wodurch die Krankheit oder der Schmerz sich auflöst, wobei ihr jedoch den übrigen Körper völlig ausser acht lasst, der wiederum von Krankheit oder Schmerz befallen werden kann; also ergibt sich dabei der gleiche Effekt, wie wenn ihr Zahnschmerzen habt, die ihr in euch durch Furcht verdrängt, wenn ihr zum Zahnarzt geht.
97) Tatsache ist, dass solche Erregungszustände durch euch, ihr Menschheit der Erde, oft herbeigeführt werden und ungefährdet mehrere Male wiederholt werden können, doch nicht auf Dauer, weil sonst ernsthafte Schäden entstehen und endlose Leiden die Folge sind.
98) Raten euch aber falsche Lehrer, falsche Propheten, Gurus, Meister, Göttliche, Erhabene oder sonstig veridolisierte Menschen trotzdem, solches zu tun, dann verstossen sie gegen die natürlich-schöpferischen Gesetze und Gebote, denn bedenkt, ihr sollt euren Körper als ein euch anvertrautes wertvolles Gut behandeln und bewahren, so ihr also eine gesunde Harmonie zwischen ihm und eurem Bewusstsein sowie mit eurem Geist herbeiführt; also sollt ihr euren Körper nicht harmen und auch nicht durch Selbstmord oder beauftragten Mord des Lebens berauben.
99) Wenn ihr euren Körper unterdrückt oder malträtiert, dann tut ihr das gleichsam mit eurem Bewusstsein, folglich keine Entwicklung und kein Aufstieg zur Wahrheit mehr möglich ist, weil nur noch ein einschneidendes Hemmnis entsteht, das jede Erfüllung der Aufgabe eures Lebens verhindert; auch die Stofflichkeit des Körpers selbst wird beeinträchtigt, denn die Vollkraft des Bewusstseins im Hinblick auf dessen Wirkung im ganzen stofflichen Körper geht dabei verloren, weil die Bewusstseinskraft unterjocht wird, die mit dem materiellen Körper harmonieren muss.
100) Werdet ihr aber diesbezüglich irrgelehrt durch falsche Führer, Propheten, Helfer, Gurus, Lehrer oder Meister usw., dann sind diese weniger als ihr selbst, denn sie misslehren und betrügen euch mit falschem Wissen, weil sie die Aufgaben und die Entwicklungsnotwendigkeit sowie die

Funktion eures Bewusstseins nicht kennen, während ihr euch hingebt, um in Ehrlichkeit der Wahrheit in allen Dingen belehrt zu werden, so ihr also Wahrheitssuchende seid, die ihr aber mit Irrlehren betrogen werdet durch Schädlinge eures Bewusstseins, die sich fälschlich Wahrheitswissende nennen.

101) Folgt ihr selbst aber nicht der wirklichen Wahrheit, dann müsst ihr immer wieder schmerzlich eure Torheit erkennen und bittere Erfahrungen machen, die ihr mit Pein erlebt; also sollt ihr euch weder religiösen, esoterischen, ideologischen noch philosophischen oder okkulten Glaubensformen hingeben, sondern einzig und allein der schöpferischen Wahrheit aller Wahrheit, die ihr allein in euch selbst sowie in der Natur und den Gesetzen und Geboten der Schöpfung findet; gebt ihr euch jedoch den falschen Lehrern und falschen Propheten und sonst allen jenen hin, welche falsche Lehren verbreiten, dann werdet ihr weiterhin an der Wahrheit hungern, denn all die Wahrheitsunwissenden geben euch nur die Steine des Unwissens, jedoch nicht das Brot der Wahrheit zur Nahrung.

102) Also, ihr Menschheit der Erde, lasst euch nicht irremachen durch falsche Lehren falscher Propheten und Lehrer, nicht durch Meister und Gurus und dergleichen, wie aber auch nicht durch Religionen, Ideologien und Philosophien usw., denn allesamt sind sie nur der Irrung ergeben und beten Götter und Götzen an, wobei sie sich von der Wahrheit der Schöpfung und von ihren Gesetzen und Geboten abwenden, durch die das Werden und Vergehen des Lebens und aller Dinge bestimmt wird.

103) Sucht nicht nach dem personifizierten Bösen, nicht nach einem Teufel und nicht nach einem Antichristen usw., denn das, was das Böse und das Teuflische ist, existiert in euch selbst, folglich ihr also diese in euch selbst suchen und bekämpfen müsst und sie nicht ausserhalb euch oder in einer imaginären Hölle sucht, die wahrheitlich nichts anderes ist als euer Zustand in euch selbst, den ihr durch eure Gedanken und Gefühle schafft und daraus böse Handlungen begeht und elendes Wirken hervorruft.

104) Bedenkt, schon ein wenig Wachsein genügt, damit ihr die Falschheit der Gotteslehren erkennt, die euch die Träger und Vertreter der irdischen Religionen, Ideologien und Philosophien einreden, die nur auf ihre irdische Macht und deren Ausdehnung ausgerichtet sind.

105) Sie bewirken damit ganz klar, dass sie Diener ihres menschlichen Verstandes sind, der allein auf Schul-, Religions-, Ideologie- und Philosophiewissen ausgerichtet ist und hindernd und feindlich gegen alles steht, was mit der tatsächlichen Wahrheit der Schöpfung und ihren Gesetzen und Geboten im Zusammenhang steht und ausserhalb ihres äusserst mangelhaften Wissens liegt.

106) Durch die religiösen, ideologischen und philosophischen Irrlehren, ihr Menschheit der Erde, bleibt bei euch die Wahrheit aller Wahrheit ausserhalb eures irdischen Verstandeswissens, so also auch die Wahrheit des Geistigen und des Bewusstseinsmässigen.

107) Und tatsächlich sind es euer Verstand und eure Vernunft, die ihr durch eure Gläubigkeit an eine Gottheit oder einen Götzen in eine bösartige Form des Unverstandes und der Unvernunft gebracht habt, denn durch eure Gläubigkeit habt ihr fälschlich gelernt, etwas als wahr zu erachten, dessen Existenz ihr weder äusserlich noch in euch selbst beweisen könnt, und so sind eure Unvernunft und euer Unverstand das wirkliche Hindernis dafür, dass ihr die effective Wahrheit weder in euch selbst noch in den schöpferischen Gesetzen und Geboten findet, und zwar, weil ihr eurem Glauben sowie dem Unverstand und der Unvernunft verfallen und hörig seid.

108) Ihr seid in dieser Art in euch selbst zu Gegnern der Wahrheit geworden und damit auch Gegner der Schöpfung und der schöpferischen Geistform in euch, weshalb ihr euch von der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens abwendet, die euch seit alters her durch die wahrlichen Propheten gebracht wird als ‹Lehre der Propheten› und ‹Kelch der Wahrheit›.

109) Ihr baut als Höchstes und Oberstes auf euren Verstand und auf eure Vernunft, doch beides wahrlich zu gebrauchen, das versteht und könnt ihr nicht, weil ihr durch euren Glauben an eine Gottheit, einen Götzen oder an veridolisierte Menschen gefangen und derart hilflos seid, dass ihr, weil ihr euch selbst nicht kennt, nicht aus eigener Erkenntnis die Kraft zur eigenen Befreiung aufbauen könnt, folglich ihr einer wahrheitlichen Anleitung bedürft in bezug darauf, wie es in

eurem Innern aussieht, was ihr falsch macht und was ihr tun müsst, um euch selbst zu werden, um persönlichkeitseigene Erkenntnisse zu gewinnen und um im eigenen Innern Liebe, Frieden, Harmonie und Freiheit zu schaffen; doch alles anwenden und tun müsst ihr selbst, denn das kann für euch weder ein wahrlicher Prophet tun noch jene, welche als falsche Propheten, Lehrer, Gurus und Meister usw. euch umschwärmen wie giftige Insekten, die euch stechen und Tod und Verderben bringen wollen.

110) Wahrlich, es ist so, dass die Träger und Vertreter und all die Fanatiker aller Religionen, Sekten, Ideologien und Philosophien, der Esoterik und des gesamten Okkultismus fürchten, dass sie unter euch, ihr Menschheit der Erde, ihren Einfluss verlieren durch die Aufklärung der wahrheitlichen Wahrheit aller Wahrheit, wie sie gegeben ist durch die Schöpfung in ihren Gesetzen und Geboten.

111) Das ist der vorwiegende Grund aller Verleumdungen wider die Wahrheit, während der nachfolgende Grund in der Gläubigkeit der Träger und Vertreter der falschen Religionen, Ideologien und Philosophien zu finden ist.

112) Sie aber kennen die Wirklichkeit der wahrlichen Wahrheit nicht, dass nämlich nicht ein Gott oder Schöpfer der Ursprung aller Dinge und allen Daseins ist, sondern die Schöpfung, die alles hat werden lassen durch ihre Idee, aus der heraus sie auch ihre schöpferischen Gesetze und Gebote erschaffen hat, aus denen sich alle erdenklichen Wirkungen ergeben durch Ursache und Wirkung, wodurch sich nichts durch ein Geratewohl resp. durch einen Zufall, sondern nur durch die Fügung und Bestimmung ergeben kann, folgedem alles rundum seine Ordnung hat und kein Chaos existiert.

113) Nur wenige seid ihr unter euch, ihr Menschheit der Erde, welche ihr die Wirklichkeit und die Wahrheit um die Schöpfung und um ihre wirkenden Gesetze und Gebote kennt, wie auch den Sinn des Lebens, der in der Evolution des Bewusstseins und des Geistes als Geistform in euch gegeben ist; und da ihr nur wenige seid, zeigt sich unheilvoll, dass ihr anderen, ihr Unwissenden, Sklaven euer selbst und eures religiösen, sektiererischen, ideologischen oder philosophischen Glaubens seid und unter Euresgleichen nur um Einfluss und Macht kämpft.

114) Und wenn ihr klare Beweise der Wirklichkeit der wahrlichen Wahrheit erwartet, dann könnt ihr diese nur in euch selbst finden sowie in den schöpferischen Gesetzen und Geboten, denn im Glauben an eine Gottheit findet ihr die Beweise nicht, sondern nur Gegnerisches gegen die Wahrheit und deren tiefe Wirklichkeit.

115) Wahrliche und ehrliche Worte gegen die Wahrheit gibt es nicht, sondern nur falsche, lügenhafte und verleumdende, und die solche gebrauchen, kämpfen offen gegen die Wahrheit und erheben das Böse zum Anbetungswürdigen; und dazu werden alle getrieben, deren Verstand und Vernunft erkrankt sind und deren Kraft zur Gesundung stetig mangelhafter wird.

116) In der Vernunft und im Verstand der Wahrheitsunwissenden, der Gläubigen an einen Gott oder Götzen oder an menschliche Idole usw., wuchert die Verleumdung in bezug auf die Wahrheit wie ein giftiges Gewächs als Werkzeug des Bösen, das euch, ihr Menschheit der Erde, unter allen Gefahren am gefährlichsten geworden ist.

117) Wahrlich sind euer menschlicher Verstand und eure Vernunft durch ein unverhältnismässig schnelles Vorwärtskommen in bezug auf den religiösen, ideologischen und philosophischen Glauben zu Faktoren des Fanatismus und dessen geworden, dass ihr Wahrheit und Unwahrheit, Liebe und Hass sowie Wissen und Glaube und Wirklichkeit und Unwirklichkeit nicht mehr voneinander unterscheiden und folglich auch nicht mehr trennen könnt.

118) Also könnt ihr auch nicht mehr erkennen, dass hinter allem das Böse steckt, das ihr auslebt und das ihr in euch selbst durch euren freien Willen erschaffen und nun grösste Mühe habt, es zu erkennen, zu bekämpfen und aufzulösen.

119) Bedenkt, erst dann, wenn ihr endlich das Böse in euch bekämpft, wenn ihr euch der Wahrheit zuwendet, dann erst wird es euch möglich sein, in völlig bewusster Weise rechtschaffen, verantwortungsvoll, gewissenhaft, voller Liebe, Frieden, Freiheit und Harmonie zu werden, auf dass ihr eines Tages – früher oder später – in Ehrfurcht gegenüber dem Leben, den Mitmenschen und allem rund um euch euer Haupt erheben und als wahre Menschen dastehen könnt.

120) Ihr Menschheit der Erde, gehört nicht zu den Gruppierungen jener Wahrheitsverleugner, die sich durch den feindlichen Kampf wider die effective Wahrheit und die schöpferischen Gesetze und Gebote im Namen ihres religiösen, ideologischen oder philosophischen Glaubens im Fanatismus zum Terrorismus erheben und Euresgleichen um des Glaubens willen ermorden, wodurch sie zum personifizierten Bösen und zur Geissel der wahren Liebe, des Friedens, der Freiheit und der Harmonie werden, nach deren Werten ihr euch seit alters her sehnt.

121) Wollt ihr jedoch die Werte der Liebe, des Friedens, der Freiheit und der Harmonie in euch erfahren, dann müsst ihr aus eurem bleiernen Schlaf der Wahrheitsunwissenheit erwachen, ihr Menschheit der Erde, und die schwere Bürde der Verantwortungslosigkeit, der Gewissenlosigkeit und des Unrechtes ablegen, die ihr tragt und die wie schwere Felsgesteine auf euch Milliarden von Menschen lasten.

122) Werft eure Bürde ab, denn sie ist des Tragens nicht wert, nicht einmal den Bruchteil einer Nanosekunde, und ausserdem drückt sie euch so tief nieder, dass ihr die Achtung vor euch selbst verliert.

123) Entleert aber auch die leere Spreu in euren Gedanken, die ihr durch Glaubensformen an einen Gott, Götzen oder an einen veridolisierten Menschen angesammelt habt und die zerflattert und sich überallhin verliert, wenn sie auch nur von einem Hauch der Wahrheit getroffen wird.

124) Wahrlich, als Wahrheitsunwissende, als Unwissende in bezug auf die Schöpfung und ihre Gesetze und Gebote, habt ihr die Zeit, die Energie und Kraft eures bisherigen Lebens effectiv für nichts Wertvolles vergeudet, sondern nur für Sinnlosigkeiten und Unheil, das ihr durch Religionen, Ideologien und Philosophien heraufbeschworen habt, nämlich für Kriege, Revolten, Todesstrafe, Hass, Eifersucht sowie für Mord und Totschlag, Terror, Unfreiheit und Unfrieden, nebst Verbrechen, Hurerei, Streit, Rache und Vergeltung, Lug, Trug und Verleumdung usw.

125) Doch ist es an der Zeit, dass ihr euch endlich von all diesen bösen Übeln befreit, dass ihr die Ketten alles Bösen sprengt, die euch niederhalten und von all dem fernhalten, was des Guten und Wahrheitlichen ist.

126) Wenn ihr aber in euren Gedanken und Gefühlen durch euren Glauben an Religionen, Ideologien oder Philosophien und damit an eine Gottheit, einen Götzen oder veridolisierte Menschen gefangen bleibt, dann leidet ihr weiter in brüllender Unwahrheit, Verantwortungslosigkeit, an Unrechtschaffenheit und Gewissenlosigkeit.

127) Und verharrt ihr weiter im Unrechten und in der Unwahrheit, dann bindet ihr euch dauernd neu mit dem, was ihr falsch erlernt durch Glaubensdogmen und sonstige falsche Lehrsätze, denn mit dem neuen Erlernen oder im Festhalten glaubensmässiger Belange zwängt ihr euch immer tiefer in fremde Formen, die sich als fremde Autoritäten in euch festsetzen und euch beherrschen.

128) Diese fremden Formen, die andere für euch erdachten und erdenken und die ihr willig annehmt, sie alle schliessen euch ein in fremde Überredungen resp. Überzeugungen und machen euch zu Sklaven eines falschen und fremden Gedankenguts, das als fremde Autorität die Macht in euren Gedanken und Gefühlen sowie in eurer Einstellung übernimmt; wahrheitlich macht ihr euch durch das Annehmen fremder Formen resp. Autoritäten nur das zu eigen, was andere in sich erdacht, erfunden und zurechtgebogen haben und das sie euch hinwerfen, auf dass ihr es aufhebt und bedenkenlos daran glaubt, ohne durch euren Verstand und eure Vernunft in eurem Innern nach der Wahrheit zu suchen, weil ihr die Mühe dazu scheut und lieber glaubt und keine Verantwortung tragen mögt.

129) Es ist wohl richtig, dass ihr, ihr Menschheit der Erde, als einzelne nicht alle gleich seid und dass also eine grosse Differenziertheit gegeben ist vom einen zum andern, wodurch das eine Ding nicht für alle, und es so ist, dass das eine dem einen nützt, dem andern aber Schaden bringt; daher ist auch das Erlernen der effectiven Wahrheit verschieden in der Form des Vorgehens, so jeder von euch den eigenen Weg dafür finden muss, um den Weg der Wahrheit, der selbst die Wahrheit und das Ziel ist, in sich zu gehen; also muss jeder seinen eigenen Weg zum Weg der Wahrheit finden, um auf diesem die Wahrheit zu ergründen und daraus die relativ höchstmögliche Erkenntnis und das Begreifen zu gewinnen.

130) Das Rüstzeug zur Findung des Weges zum Weg der Wahrheit ist vom einen zum andern verschieden, so also auch die Fähigkeiten, die dazu erschaffen, ausgerichtet und benutzt werden müssen, damit darauf aufgebaut werden kann.
131) Wer sich jedoch sein Rüstzeug nicht erschaffen kann, das zur Findung des Weges nötig ist, um auf den Weg der Wahrheit zu gelangen, der selbst die Wahrheit und das Ziel ist, der kann sich selbst auch nicht erkennen und bleibt so ein Fremder in sich selbst; und in bezug auf eventuell Gelerntes bleibt er immer neben diesem stehen und kann es nicht nutzen, weil es in ihm nicht lebendig werden kann, folglich auch jeder innere und begreifende Gewinn ausgeschlossen und nur ein Dahinvegetieren, jedoch ein Fortschritt unmöglich ist, weil nicht wirklich und nicht ernsthaft nach dem Licht der Wahrheit gestrebt wird.
132) Merkt also auf, ihr Menschheit der Erde, wenn ihr wirklich und ehrlich nach der Wahrheit suchen wollt, die durch die Schöpfung und durch ihre Gesetze und Gebote gegeben ist und die ihr in diesen und in euch selbst finden könnt, denn ihr müsst wissen, dass der Weg der Wahrheit in euch allein und dieser auch die Wahrheit selbst ist, folglich nur ihr allein und als einzelne diesen entdecken und darauf wandeln könnt; und nur dann, wenn ihr auf dem Weg der Wahrheit einhergeht und ihn auch mit allen Wandlungen erfahrt und erlebt, habt ihr ihn wirklich voll erfasst und lernt, die wahrheitliche Wahrheit aller Wahrheit zu verstehen, die frei von jeglichem Glauben irgendwelcher Art sowie reines Wissen und Weisheit ist.
133) Auch beim Erlernen der wahrlichen Wahrheit sind Freud und Leid dauernde Begleiter, doch ihr Menschheit der Erde, ihr sollt euch durch das Leid nicht betrüben lassen und durch die Freude nicht in Übermut verfallen, denn ihr sollt Freude und Leid dazu nutzen, euch aufzurütteln und zu ermuntern, um in eurem Bewusstsein sowie in euren Gedanken und Gefühlen wirklich zu erwachen.
134) Und tut ihr so, dann werdet ihr gelöst von allen alltäglichen Nichtigkeiten, und dadurch fühlt ihr in der Freude und auch im Leid wie auch im Wohlbehagen und im Schmerz die wohltuende Verbindung mit der Energie und Kraft der Schöpfung und all ihrer Liebe, die alles Lebendige durchströmt, auch euch, ihr Menschheit der Erde.
135) Seht die Wahrheit: Alles Existente allen Daseins ist wahrliches Leben, denn nichts ist der Leblosigkeit eingeordnet, sondern dauerndem Wandel im Werden und Vergehen und Wiederwerden, daher wohl euch, ihr unter euch Menschen, die ihr die tiefgreifenden Augenblicke der Verbindung mit der Liebe der allumfassenden Schöpfung erfasst und sie festhalten könnt und euch darauf aufwärts zu schwingen vermögt.
136) Doch vermögt ihr das nur zu tun, wenn ihr euch selbst seid und allein im eigenen Innern alles erschafft, euch jedoch nicht an eine Gottheit, einen Götzen, veridolisierten Menschen und also nicht an religiöse, ideologische oder philosophische, starre Glaubensformen, sondern einzig und allein an die wahrheitliche Wahrheit aller Wahrheit haltet, wie sie vorgegeben ist durch die Schöpfung und ihre Gesetze und Gebote.
137) Also müsst ihr euch, ihr Menschheit der Erde, als einzelne in euch selbst bemühen und entwickeln, aus dem eigenen Bewusstsein sowie aus den Gedanken und Gefühlen heraus, um zur Wahrheit und zum Empfinden der Liebe der Schöpfung zu gelangen, so auch in euch wahre Liebe und Harmonie sowie Freiheit und Frieden werden kann, um diese hohen Werte dann auch hinauszutragen, auf dass ihr, ihr Menschheit der Erde, davon zu profitieren vermögt und auch unter euch allen alles zum besten Wohle werde.
138) Ihr, welche ihr nach der Wahrheit strebt, achtet auf euch selbst, nicht jedoch auf die Spötter, die der Wahrheit und dem Wahrheitsleben noch nicht zugänglich sind und wie Bewusstseinskranke oder Trunkene vor all den grossen Wundern der Schöpfungswerke stehen, die so viel bieten, jedoch von ihnen nicht gesehen und nicht verstanden werden, weil sie sehende Blinde sind, die sich hilflos durch das Leben tasten und alles Herrliche der Schöpfung beiseite schieben, weil sie es nicht in dessen Wirklichkeit wahrnehmen.
139) Und ihr, welche ihr nach der Wahrheit strebt, seid nicht verwirrt und schlaft nicht beim Lernen, auf dass ihr die Wahrheit wirklich erkennt und nicht behauptet, dass einzig das real sei, was ihr

mit euren Augen sehen könnt, und dass dort, wo ihr mit euren Augen keine Bewegung wahrnehmen könnt, kein Leben sei; wahrlich, das ist nicht die Wahrheit, denn selbst wenn ihr mit dem Sterben eures Körpers aufhört, euch selbst zu sein, so geht das Leben doch weiter durch die Geistform, die in ihren Jenseitsbereich entschwindet, um zu ihrer Zeit wiedergeboren zu werden, in einem neuen Körper und mit einem neuen Bewusstsein und einer neuen Persönlichkeit.

140) Seid also nicht blind mit sehenden Augen und bestreitet nicht das Lebendige als Gegenteil, nur weil ihr viele Dinge nicht sehen könnt, die eurem Sehen verborgen sind, die jedoch trotzdem existieren in voller Lebendigkeit.

141) Wahrlich, ihr wisst noch sehr viele Dinge nicht, denn eure Fähigkeiten und Sinne sind begrenzt, so ihr auch nicht wisst und nicht versteht, dass nicht nur mit Raum und Zeit viele Dinge zusammenhängen, die ihr durch euer Bewusstsein zu erlernen habt, sondern auch in bezug auf euren Geist resp. die Geistform, die als winziges Teilchen der Schöpfung das menschliche Bewusstsein, den Mentalblock und Bewusstseinsblock sowie den Körper belebt und nicht mit den materiellen Sinnen, den Augen, den Ohren, wie auch nicht durch den Tastsinn, nicht durch die Gefühle, nicht durch das Riechen oder Schmecken wahrgenommen werden kann, sondern einzig und allein durch das Empfinden, das aus dem geistigen Bereich selbst entstammt und via das Unterbewusstsein in den materiellen Bereich der Psyche und des Bewusstseins gelangt.

142) Tatsache ist aber, dass alles, was sich über Raum und Zeit erhebt, durch eure menschlichen, materiellen Sinne nicht wahrgenommen werden kann, weil alle Dinge über dem Raum und über der Zeit in feinstofflichere Ebenen und Formen eingeordnet sind, die wiederum nur durch Faktoren wahrgenommen werden können, die dafür ausgelegt sind, wie das geistige Gemüt, das der Empfindung fähig ist; ihr Menschheit der Erde aber, dafür habt ihr noch keine logische Verstandesbegründung gefunden, denn durch euren religiösen, ideologischen oder philosophischen Glauben seid ihr in Irrlehren gefangen, die fern aller Wahrheit des wahren Geisteslebens liegen, dessen Grundexistenz in der Schöpfung, in ihrer Liebe sowie in ihren Gesetzen und Geboten liegt; und das alles liegt über der irdischen resp. materiellen Einteilung von Raum und Zeit, was aber einen weiteren Weg der Erforschung der Wahrheit benötigt, um erkannt und verstanden zu werden.

143) Wahrheit ist, ihr Menschheit der Erde, dass ihr nicht einmal das mit euren Augen wirklich seht, was sich in Raum und Zeit einteilen lässt, nicht einmal das, was in einem einzelnen Wassertropfen ist, so ihr das Leben darin nur sehen könnt, wenn ihr ein starkes Mikroskop benutzt, durch das ihr die Millionen von Lebewesen darin sehen könnt, die miteinander um ihr Dasein kämpfen.

144) Wahrlich, es sind Lebewesen im Wasser, in der Luft, im Erdreich sowie in und um alle Gewächse und eure Nahrung, die ihr mit euren Augen nicht sehen könnt, sondern nur durch Apparate zur hundert-, tausend- und millionenfachen Vergrösserung, und es sind winzigste Lebewesen, die Energie und Kraft und die Fähigkeit besitzen, euren Menschenkörper am Leben zu erhalten oder zu zerstören, obwohl sie so winzig sind, dass ihr sie mit euren Augen nicht erkennen könnt.

145) Also sollt ihr euch nicht erdreisten und wagen zu behaupten, dass ihr nichts Neues und noch Unbekanntes erschauen und ergründen könnt, denn von all dem Vielfältigen, das allein in eurem materiell erkennbaren Raum- und Zeitgefüge existiert, kennt ihr noch nicht einmal so viel, wie ein winziges Stäubchen eines Gewichts ausmacht, folglich ihr sowohl in eurer als auch in aller zukünftigen Zeit schauen und schauen könnt und doch kein Ende im Betrachten, Wahrnehmen und Ergründen findet.

146) So werdet ihr in den Weiten des Universums auch neue Welten finden, zu ihnen hinfliegen und sie für euch erschliessen, wie ihr auch mit fremden Menschen fremder Welten in Kontakt kommen werdet und ihr euch mit ihnen verbündet – darüber sollt ihr nachdenken.

147) Ihr Menschheit der Erde, ihr habt einen grossen Ausblick auf die Zukunft und auf die dauernde Fortentwicklung, doch ihr habt keinen Ausblick auf deren Ende, wie ihr auch keinen Ausblick habt in die Welt des reinen Geistigen und des Todes, weshalb euch die wahrlichen Propheten darüber belehren, auf dass ihr in euch darüber die Wahrheit sucht und ihr sie finden könnt, damit ihr wissend, weise und darin voll der Wahrheit werdet und ihr euer Leben nach den schöpferischen Gesetzen und Geboten ausrichtet.

148) Ihr aber unter euch, welche ihr nicht die Wahrheit sucht, ihr lebt in Selbstsucht, Selbstherrlichkeit und setzt euch als selbsterhobene göttliche Richter über eure Mitmenschen, wobei ihr unmenschlich werdet durch euren Glauben an eine Gottheit, einen Götzen oder an veridolisierte Menschen, wobei ihr auch irre werdet und in blindwütigen Fanatismus verfallt und massenweise Andersgläubige feige durch Attentate mordet; und ihr anderen, welche ihr euch ebenso als Richter über Leben und Tod erhebt, weil ihr mordlüstern und gierig nach Reichtum seid, ihr animiert eure Mitmenschen zum Selbstmord und erfreut euch an deren Sterben und Besitz, wenn ihr ihnen mörderisch das tödliche Gift verabreicht habt, und wahrlich macht ihr euch dabei des Mordes schuldig.
149) Und wahrlich, ihr Menschheit der Erde, ihr macht euch nur Gedanken und Gefühle über euer materielles Leben, wobei ihr den Tod und den Jenseitsbereich völlig ausser acht lasst, weil ihr euch einerseits feige davor ängstigt und scheut und andererseits aus Überheblichkeit nicht daran denkt.
150) Ihr wisst nicht, was der Tod, und nicht, was der Jenseitsbereich ist, folgedem könnt ihr beides auch nicht verstehen und nicht wissen, dass es nach jedem Sterben eine neue lebendige Existenz einer neuen Persönlichkeit gibt und also der Kreislauf des Lebens stetig weitergeht; und dieser Werdegang von der Geburt, des Lebens und Sterbens und des Todes resp. des Todeslebens wird euch belehrt und erklärt durch die ‹Lehre der Propheten›, auf dass ihr wissend und weise und damit der Wahrheit trächtig werdet.
151) Der Jenseitsbereich ist eine geistenergetische Sphäre, die jenseits aller eurer materiellen Erkennungsfähigkeiten resp. aller eurer materiellen Sinne und aller Vorstellungen liegt, aber trotzdem existent und verbunden ist mit der materiellen Welt, wobei beide Sphären jedoch verschieden dimensioniert und trotzdem nicht voneinander zu trennen sind.
152) Zwischen beiden Ebenen ist also keine Kluft, sondern ein stufenloser Übergang, so beides eine Einheit bildet wie alles in der gesamten Schöpfung.
153) Die geistig-schöpferische Energie und Kraft der Schöpfung durchströmt also sowohl den Bereich der materiellen Welt des Diesseits wie auch den Jenseitsbereich, so in beiden Dimensionen resp. Ebenen alles mit dem gleichen Lebensstrom durchpulst wird und miteinander verbunden ist.
154) Nichtsdestoweniger ist es falsch anzunehmen, dass beide Ebenen den gleichen Gesetzen eingeordnet wären, denn diesbezüglich ist ein Unterschied gegeben zwischen den Bereichen des Materiellen und des Geistigen; der materielle Bereich nämlich kann durch allerlei Unbill erkranken und Schaden nehmen, während der rein geistige Bereich, wozu ja auch der Jenseitsbereich gehört, tabu gegen alle Unbill und Schäden ist.
155) In schadender Weise kann nur der Materiellbereich des Daseins resp. Lebens befallen werden, nicht jedoch der Geistbereich und also auch nicht der Geist resp. die Geistform, weil dieser aus dem materiellen Bereich heraus nicht angegriffen und nicht negativ beeinflusst werden kann.
156) Verstanden werden muss, dass der Geist resp. die Geistform von euch Menschen nicht jener Faktor dessen ist, wie die religiösen, psychologischen und philosophischen Irrlehren das darlegen, dass daraus Ideen und die Gedanken usw. entstehen, denn diese gehen einzig und allein aus der Energie und Kraft des Bewusstseins hervor, folglich es kein ‹Geistiges Eigentum› für Ideen und Gedanken gibt, sondern nur ein ‹Bewusstseins-Eigentum›.
157) Also geht daraus hervor, ihr Menschheit der Erde, dass nicht euer Geist resp. nicht eure Geistform erkranken kann, sondern einzig und allein euer Bewusstsein, so es also nicht eine Geisteskrankheit, sondern nur eine Bewusstseinskrankheit gibt.
158) Auch euer materieller Körper ist krankheitsanfällig, gegensätzlich zum Geistkörper, wie die Geistform resp. der Geist in euch auch genannt wird als winzigstes Teilchen der Schöpfung selbst resp. ihrer Geistenergie.
159) Und da nur euer Bewusstsein erkranken kann, kann es auch erkranken an Unwissen und Wahrheitsunwissenheit, wobei die Erkrankung an Unwissen und Wahrheitsunwissenheit jedoch heilbar ist, und zwar durch ein Erlernen der Wahrheit und des Wissens; andere Bewusstseinskrankheiten hingegen können unheilbar sein während der Zeit eines aktuellen Lebens, wie z.B. stetig

akuter Wahnsinn oder sonstig stetig akutes Irresein; andere Bewusstseinskrankheiten hingegen können heilbar sein durch entsprechende Medikamente usw.

160) Bedenkt nun jedoch des Diesseits- und des Jenseitsbereiches, ihr Menschheit der Erde, dass beide in sich eine Einheit, jedoch zusammen ebenfalls ein Ganzes und Untrennbares bilden, denn im gesamten Bereich der Schöpfung ist jedes Teilchen in sich eine Einheit, jedoch zusammengeschlossen mit seinem Gegenteilchen wiederum eine vollendete Einheit, und zwar so gegeben, dass das eine Teilchen eine negative und das andere Teilchen eine positive Energie und Kraft aufweist.

161) Also gibt es im gesamten Schöpfungsbereich keine Teilung, sondern nur einen Zusammenschluss, so einerseits alles in sich allein für sich selbständig eine Einheit ist, während alles zusammengeschlossen wiederum selbständig ein Ganzes ergibt; also ist der Begriff Trennung allein eine Erfindung von euch Menschen, um Dinge voneinander abzuspalten, wobei ihr jedoch auch alle schöpferischen Dinge in zwei Teile spaltet, die in Wahrheit zusammengehören, wie eben das Leben und der Tod und das Diesseits und der Jenseitsbereich; und das tut ihr so, weil ihr das, was ihr nicht mit euren Augen sehen und sonst nicht mit euren materiellen Sinnen wahrnehmen könnt, abtrennt und ihr euch selbst in eurer materiellen Umgebung als Hauptpunkt und Mittelpunkt wähnt.

162) Betrachtet ihr euch selbst und eure Möglichkeiten, ihr Menschheit der Erde, dann mögt ihr erkennen, dass euer Wirkungskreis und eure Wahrnehmungsmöglichkeiten sehr viel grösser sind, als ihr allgemein annehmt und zur Anwendung bringt.

163) Wahrlich, mit eurem Begriff und Gebaren der Trennung lebt ihr in grossem Irrtum, und mittels diesem werdet ihr durch euch selbst gewaltsam eingeschränkt und an eurem Fortschritt ebenso gehindert wie auch an eurer Entwicklung resp. der Evolution eures Bewusstseins sowie in bezug auf das Wahrheitswissen.

164) Das Fehlen des Wahrheitswissens führt euch in Versuchung, euch in Vorstellungen und zügellosen Phantasien zu ergehen und ungeheuerliche Bilder der Unwahrheit zu schaffen in bezug auf alle Dinge, die ihr nicht sehen, nicht wahrnehmen, nicht erkennen und nicht verstehen könnt; daher ist es auch nicht überraschend, dass ihr euch in einem religiösen, ideologischen oder philosophischen Glauben ergeht, dass ihr an Götter und Götzen, an Dämonen und veridolisierte Menschen glaubt und allem Sinn der wahrheitlichen Wahrheit und Wirklichkeit fern seid und ein unwissendes Lächeln aufsetzt in bezug auf die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, die euch durch die wahrlichen Propheten kundgetan und belehrt wird; ihr verlacht und verleumdet die wahrliche Wahrheit der Schöpfung und ihrer Gesetze und Gebote und verfallt in krankhafte Anbetung eurer Gottheit, eures Götzen oder eurer veridolisierten Menschen, wobei ihr euch an sie versklavt und bis zum Fanatismus ausartet, in dem ihr dann eure Mitmenschen um deren andern Glauben, um deren Wissen oder Andersartigkeit willen massakriert, mordet und beraubt, was ihr dann voller Hohn mit göttlicher Liebe, Strafe und Gerechtigkeit gleichsetzt.

165) Wahrlich, infolge eures Glaubens an Götter, Götzen und veridolisierte Menschen aller Art könnt ihr nicht einmal mehr erstaunt sein über euer eigenes falsches Tun, das von Angst, scheuer Furcht und Schrecken geprägt ist, denn diese zieht ihr in euch bereits gross durch die in jedem Fall falsche religiöse, ideologische oder philosophische Erziehung, die euch durch die Eltern oder sonstigen Erziehungsberechtigten falsch belehrt wird oder die ihr euch selbst beibringt.

166) Und wahrlich, Unzählbare unter euch, ihr Menschheit der Erde, ihr seid nicht erwachsen geworden oder werdet nicht erwachsen, weil ihr durch die falsche Erziehung bewusstseinsmässig in der Pubertät steckengeblieben seid oder steckenbleibt, während euer Körper älter wird und die Formen des Erwachsenseins annimmt.

167) Und da die Pubertät der Faktor des Vorerwachsenwerdens ist, jedoch oft von euch Menschen nicht dazu genutzt wird, wirklich erwachsen zu werden in bezug auf eine Erwachsenen-Individualität, trägt sich einiges des Pubertätsgebarens in die Zeit des ganzen Lebens hinein und ändert sich nicht mehr oder nur dann etwas, wenn besondere Lernumstände eintreten, und zwar sowohl beim weiblichen wie auch beim männlichen Geschlecht.

168) Die Pubertät ist die eigentliche Rambozeit (Brutalitätszeit) insbesondere des männlichen Menschen, wobei jedoch auch das weibliche Geschlecht nicht davon ausgeschlossen ist, und was in dieser Zeit hinsichtlich einer positiven Entwicklung der Individualität resp. des Wesens nicht gelernt wird, wird in der Regel auch später nicht mehr gelernt, wie sich auch in bezug auf Schlechtes und Negatives, das nicht abgelegt wird, ein Weiterbestehen im Leben ergibt.

169) Also ist die Selbsterziehung im Stadium der Pubertät von äusserster Wichtigkeit, denn das, was in dieser Zeit gelernt und dadurch die Individualität resp. das Wesen geformt werden muss, bestimmt das weitere Leben bis ins hohe Alter, und aus diesem Grund ist es für euch, ihr Menschheit der Erde, sehr schwer, euch noch zum Guten und Besseren zu wandeln, ehe ihr aus der Zeit der Pubertät hinausgetreten seid, die sich ab dem 10. bis zum 17. oder gar bis 19. Lebensjahr erstrecken kann; und da die Pubertät sowohl mit der körperlichen Entwicklung wie auch mit der Bewusstseinsentwicklung verbunden ist, ist darin auch die Individualität miteingeschlossen, die bis zum Abschluss der Pubertät geformt wird, was bedeutet, dass in der Pubertätszeit also die wichtigsten Formen der Individualität resp. des Wesens geformt werden und dieser Prozess mit grossen Spannungsverhältnissen einhergeht, wobei physiologische und hormonelle Körper- und auch Bewusstseinsveränderungen hervorgerufen werden, wodurch die Pubertät auch eine Phase sozialer und gedanklich-gefühlsmässiger wie auch psychischer Unausgeglichenheit ist.

170) In der Regel ist das Verhalten in der Pubertät von starker Erregtheit geprägt wie auch von Gefühlsambivalenz resp. Gefühlszwiespältigkeit resp. Gefühlszerrissenheit resp. Beziehungswidersprüchlichkeit und Gefühlsübersteigerung, verbunden mit einem Protestverhalten gegenüber den Erwachsenen und Mitmenschen allgemein, wodurch im sozialen Bereich usw. Orientierungsschwierigkeiten entstehen.

171) Und werden alle oder Teile der negativen Faktoren der Pubertät bis zum Ende der Pubertätszeit nicht bewältigt, aufgearbeitet und nicht durch eine gesunde soziale und lebensmässige Einstellung unter Kontrolle gebracht und dadurch die Hauptform der Individualität resp. das Wesen geprägt, dann bleibt der Mensch ganz oder teilweise in seiner Pubertät stecken und trägt alles in das ganze folgende Leben hinein.

172) Die Pubertät dient euch, ihr Menschheit der Erde, durch die Wirkungen der schöpferischen Gesetze und Gebote dazu, dass ihr euch zu wahren Menschen entwickelt und erwachsen werdet, auf dass ihr des Rechtens, in Verantwortung, Rechtschaffenheit und Gewissenhaftigkeit lebt und dass ihr nichts Böses in euch aufkommen lasst; befolgt ihr jedoch nicht die Weisungen der Gesetze und Gebote schöpferischer Prägung und nutzt ihr nicht die Zeit und die Möglichkeiten der Pubertät, dann lebt ihr zeitlebens ganz oder teilweise in dieser dahin, und zwar mit allen oder teilweisen Pubertätserscheinungen, wodurch ihr allen Übeln verfallt, dem Morden, dem Hass und der Eifersucht, der Gewalttätigkeit, dem Unfrieden und Geiz, der Unfreiheit, dem Krieg, der Disharmonie, Rachsucht und Vergeltungssucht, der Habgier sowie sonst allem, was des Bösen ist.

173) Seid also bereits in eurer Zeit der Pubertät darauf bedacht, wahrliche Menschen zu werden, denn nach dieser Zeit wird es euch dazu so mühevoll und beschwerlich, dass ihr es nur mit grossen Ausnahmen noch schaffen könnt, folglich die Regel die ist, dass ihr Zeit eures Lebens in all den Ausartungen verweilt und sie auslebt, wie ihr sie in eurer Pubertät aufgebracht habt.

174) Bedenkt, wenn ihr nicht völlig aus eurer Pubertät herauskommt, bleibt sie ganz oder teilweise während eures ganzen Lebens bestehen, so ihr nicht wirklich erwachsen werdet, denn Erwachsensein bedeutet nicht, dass ihr dann erwachsen seid, wenn euer Körper dem Jugendalter entwachsen ist, sondern erwachsen seid ihr erst dann, wenn ihr eure Pubertät bewältigt und daraus hervorgehend wahrer Mensch geworden seid; ist das jedoch nicht der Fall, dann seid ihr auch während eures Lebens nach der Jugendzeit mehr oder weniger, in kleinen oder grossen Teilen, Gefangene eurer Pubertätsfaktoren.

175) Tatsächlich werden im Normalfall die Pubertätseinflüsse umfänglich aufgearbeitet, folglich nicht irgendwelche Faktoren davon ins Leben übertragen werden, was jedoch nicht bedeutet, dass viele von euch, ihr Menschheit der Erde, gewisse Teile der Pubertätsprobleme nicht zu verarbeiten vermögen und deshalb Teile davon ins Leben übernehmen und ihrer Lebzeit lang daran zu tragen

haben, wie z.B. Aggression, Gewalttätigkeit, Hass, Disharmonie, Eifersucht, Gefühllosigkeit, Gefühlszerrissenheit, Rachsucht, Streitsucht usw., was nicht selten zu Mord und Totschlag und gar zu Kriegshandlungen führt; also sind das weitgehend Faktoren, die in der Pubertät unter Kontrolle gebracht werden müssen, was jedoch mangels richtiger Erziehung durch Eltern oder sonstige Erziehungsberechtigte sowie durch die falsche Selbsterziehung unter vielen von euch, ihr Menschheit der Erde, nicht in grossem Mass gegeben ist.

176) Eure Selbsterziehung ist nicht mit dem Ende der Pubertätszeit beendet, denn auch danach ist es gegeben, dass ihr Menschen Zeit eures Lebens an euch arbeiten müsst, um im wahren Menschsein immer wahrlicher zu werden; doch diese Lernfaktoren sind nicht ins Leben übertragene Pubertätsmomente, sondern normale lebensmässige Lernfunktionen, durch die Möglichkeiten gegeben sind, die Individualität resp. das Wesen zu beeinflussen und weiter zum Guten und Besseren zu formen.

177) Werft bereits in eurer Pubertät alles fort, was des Übels ist, auf dass ihr euch nicht damit durch euer Leben quält und nicht Unheil über euch und eure Mitmenschen bringt.

178) Ihr Menschheit der Erde, stürzt eure pubertären Schranken, die ihr als Irrtum in euch aufgerichtet und ins Leben übernommen habt, denn nur wenn ihr diese Schranken stürzt, auch wenn das noch so ungeheuer schwer ist, hat euer Leben Bestand und eure ganze Menschheit die Chance, dass unter ihr endlich wahre Liebe und Freiheit sowie Harmonie und Frieden einkehren.

179) Eure bisherige falsche Einstellung zum Leben und zu dessen Pflicht hat in euch eine völlig falsche Grundlage geschaffen, auf der ihr euch trotz grossen Plänen und Handlungen völlig umsonst bemüht, die wahrliche Wahrheit aller Wahrheit in euch selbst und in den schöpferischen Gesetzen und Geboten zu finden, die ihr als umfassendes Wissen und grosse Weisheit in euch aufbauen könntet.

180) Wenn ihr euch um die effective Wahrheit bemüht, wie ihr sie in euch und in den Gesetzen und Geboten der Schöpfung finden könnt, dann stosst ihr dabei auf Dinge, die euch von eurer Wankelmütigkeit sowie von euren Zweifeln und Zwängen befreien und euren ganzen Bau der Verantwortungslosigkeit, Unrechtschaffenheit und der Gewissenlosigkeit zertrümmern, so ihr auch eure Verzagtheit verliert und euer Grollen aufgebt.

181) Folgt ihr, ihr Menschheit der Erde, jedoch nicht dieser Weisung, dann hat jeder einzelne von euch den Schaden ganz allein zu tragen, wobei es für euch kein Vorwärtskommen gibt, und zwar weder in bezug auf einen Fortschritt in der Individualität resp. der Formung des Wesens noch hinsichtlich der Bewusstseinsevolution.

182) Lasst ihr die Weisung des Fortschritts und der Entwicklung ausser acht, dann bleibt ihr stehen in nutzloser Stagnation, oder ihr schreitet gar zurück und verfallt wieder alten Dingen und Lastern usw., die ihr mühevoll bewältigt und hinter euch gebracht habt.

183) Und folgt ihr nicht der Weisung, dann verlängert ihr euren Weg, den ihr mühsam gehen müsst um eures allgemeinen Fortschritts und um eurer Bewusstseinsevolution willen.

184) Doch findet ihr den Weg der Wahrheit in euch, der selbst die Wahrheit und das Ziel ist, dann tragt ihr Wissen um Wissen zusammen und häuft es an nach dem Prinzip «Steter Tropfen füllt das Glas», so ihr also immer wissender und weiser werdet in der Wahrheit und sie zu leben beginnt.

185) Und habt ihr endlich die Wahrheit als Ganzes aufgefasst, so wie sie wahrheitlich ist, dann schreitet ihr auf dem rechten Weg des Lebens dahin und rückt dem eigentlichen Ziel immer näher, das in der Evolution eures Bewusstseins gegeben ist.

186) Und wahrlich, gelangt ihr zu diesem Ziel und bemüht ihr euch um die fortlaufende Bewusstseinsevolution, dann macht euch der Aufstieg zu ihr grosse Freude und bringt euch Genugtuung.

187) Im Aufsteigen in der Bewusstseinsevolution könnt ihr dann auch die Wechselwirkung zwischen allen Dingen fühlen und verstehen, so wie sie lebenswarm durch das Ganze pulsieren, durch das Einheitliche, das durch das Schöpferische gegeben ist und alles miteinander in wechselseitiger Weise dadurch verbindet, weil alles in seinem Existieren, Leben und Wirken von der schöpferischen Energie und Kraft getrieben und gehalten wird; und erfasst und versteht ihr das, dann entzündet sich in euch das strahlende Licht der Wahrheit, durch das ihr euer Leben mit Liebe er-

füllt und unaufhaltsam nach dem wahren Menschsein, nach Frieden, Freiheit und Harmonie für euch selbst sowie für eure ganze Menschheit strebt.

188) Ihr aber, ihr Menschheit der Erde, ihr müsst sehr viel tun, um wahrliche Menschen zu werden, denn viele unter euch lebt ihr nur in Bequemlichkeit und Trägheit, die nebst anderem Ursachen für eure Spöttereien wider die wahrliche Wahrheit sind, weil ihr die Mühen scheut, das Falsche umzustossen, das ihr bisher an Gedachtem, Gefühltem und Gelerntem in euch angesammelt habt, folglich ihr nichts Neues, Wahrheitliches, Wertvolles und Realistisches in euch aufzubauen vermögt.

189) Wahrlich, ihr, welche ihr in dieser Weise dahingeht, ihr vermögt nicht in eure gewohnte und falsche Lebensführung einzugreifen, um eine neue, gesunde und richtige Lebensweise herbeizuführen, denn es ist für euch äusserst unbequem, euch dafür die notwendige Mühe abzuringen.

190) Ihr aber unter euch, ihr Menschheit der Erde, welche ihr wissender und weiser seid als die Wahrheitsunwissenden, lasst nicht die Unwissenden in bezug auf die Wahrheit und also auch nicht die Verantwortungslosen und Gewissenlosen verkommen und streitet nicht mit ihnen, sondern bietet ihnen hilfreich euer Wissen und eure Weisheit an und belehrt sie der wahrheitlichen Wahrheit.

191) Lasst jene nicht im Wahrheitsunwissen, welche nach der Wahrheit suchen und bereit sind, sich mehrheitlich nicht mehr den vergänglichen Genüssen hinzugeben und nicht mehr Tieren gleich zu sein, die nicht bewusst denken, sondern nur ihren Magen mit Nahrung füllen und nach ihren Trieben leben.

192) Fragen sie euch nach der wahrlichen Wahrheit und nach den schöpferischen Gesetzen und Geboten sowie nach der Schöpfung selbst, dann belehrt sie und gebt ihnen die Erkenntnis, nach der sie verlangen; und bedenkt, was ihr an Wissen und Weisheit weitergebt, wird wechselwirkend auch wieder euer Wissen und eure Weisheit mehren.

193) Im ganzen Bereich der Schöpfung, im Universum und in allem, was darin existiert, wirkt das ewige Gesetz von Ursache und Wirkung, und in dieses eingeschlossen ist auch das Geben und Nehmen resp. das Darbringen und Empfangen von bleibenden Werten.

194) Dieses Gesetz greift sehr tief und durchwebt sowohl die ganze Schöpfung selbst wie auch als ihr Vermächtnis alles, was durch sie existent geworden ist.

195) Das Geben und Nehmen, Darbringen und Empfangen soll für euch, ihr Menschheit der Erde, ebenfalls ein Vermächtnis sein, und zwar an eure Mitmenschen, denen ihr selbstlos geben und helfen sollt in allen Dingen, wo es not tut; also sollt ihr auch euer Wissen und eure Weisheit der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens weitergeben an eure Nächsten und Mitmenschen, wenn sie danach verlangen; ihr sollt aber auch Verständnis aufbringen für das Elend und die Not sowie für die Schwächen eurer Nächsten und Mitmenschen, auf dass ihr ihnen in richtiger Weise hilfreich begegnet, wofür ihr wiederum Dank empfangen werdet.

196) Und handelt ihr ernsthaft in dieser Weise, dann empfangt ihr auch wieder Hilfe, und zwar indem in euch neue Energie und daraus Kraft erwächst, weil ihr euch wohl fühlt und voll Freude und Zufriedenheit seid.

197) Und wahrlich, schon ein einziger wahrer und ehrlicher Gedanke und daraus gleichartig resultierende Gefühle mit dem Wunsch, Gutes zu tun, reissen in euch jene unsichtbare Wand nieder, die ihr in euch selbst erschaffen habt und die euch als Hindernis alle Güte und alles Geben hat vergessen lassen.

198) Bedenkt, auch wenn ihr dem Geiz frönt und die Wahrheit leugnet, vor der ihr euch bewusst oder unbewusst fürchtet, so seid ihr doch eng mit der Wahrheit und mit dem Gesetz von Geben und Nehmen unlösbar verbunden.

199) Sucht eure Gedanken und Gefühle auf das Geben und Nehmen, das Darbringen und Empfangen einzustellen, und zwar auch in bezug auf eure Gedanken und Gefühle, denn sie sind die Boten, die ihr aussendet und die wie ein Bumerang wieder zu euch zurückkehren, und zwar sowohl im Guten wie im Bösen.

200) Denkt stets daran, dass eure Gedanken und die daraus resultierenden Gefühle schwingungsmässige Energien mit grosser Kraft sind, die sich bewusstseinsmässig formen und zu Gebilden

werden, die eure Mitmenschen treffen und in ihnen bestimmte Wirkungen hervorrufen; diese energiereichen und kraftvollen Schwingungen lagern sich als Fluidalkräfte aber auch ab in euren persönlichen Gegenständen, in eurem Skelett und an Orten, an denen ihr lebt usw., folglich sie euer Erdenleben und euren Körper überdauern und lange nach euch noch Wirkungen hervorbringen.

201) Und denkt daran, ihr Menschheit der Erde, auch eure wahre Liebe beinhaltet grosse schwingungsmässige Energien und Kräfte, folglich ihr darauf bedacht sein sollt, die Liebe in euch immer grösser werden und sie euren Mitmenschen angedeihen zu lassen, auf dass alle davon betroffen werden und untereinander friedlich, harmonisch und freiheitlich sind.

202) Bedenkt, Liebe ist der wahre Weg der Wahrheit und des Lebens, und wenn ihr Werke der Liebe tut, dann folgen euch diese nach, so euch also auch wieder Liebe zuteil wird.

203) Auch Gedankenschöpfungen sind Werke, die euch wieder einholen, und zwar je nachdem, wie sie geartet sind im Negativen oder Positiven, so sie also lichte oder dunkle Schwingungen in euch bilden, die ihr durchdringen müsst, um in eure Bewusstseinswelt einzudringen; dabei kann euch von aussen keine Hilfe und auch kein Schutz geboten werden, denn ihr lebt in Selbstbestimmung und folglich könnt nur ihr allein euch selbst helfen; also muss der erste und jeder weiter folgende Schritt von euch selbst ausgehen, wobei ihr selbst bestimmt, ob der erste und jeder nachfolgende Schritt leicht oder schwer sein wird, denn das liegt in eurer Gedanken- und Gefühlswelt, durch die ihr das Wollen im Negativen oder Positiven bestimmt, folglich der Himmel oder die Hölle in euch selbst liegt, je nachdem, wie ihr euch im Guten oder Bösen entscheidet.

204) Entscheiden könnt ihr selbst alle Dinge, worüber ihr auch immer befinden wollt, doch dafür ist ausser euch selbst kein Gott und kein Götze sowie kein veridolisierter Mensch verantwortlich, also ihr die Folgen eurer Gedanken und Gefühle sowie eures Wollens bedingungslos allein tragen müsst.

205) Ihr Menschheit der Erde, ihr allein erschafft alles durch eure eigenen Gedanken, die Gefühle und die daraus resultierenden Handlungen, weshalb ihr die Folgen daraus auch selbst tragen müsst; stiftet daher nicht Unfrieden, Unfreiheit und Disharmonie und schafft nicht Hass und Krieg, sondern haltet eure Gedanken und Gefühle rein in wahrer Liebe, auf dass ihr Frieden, Freiheit und Harmonie verbreitet und der Verantwortung, der Rechtschaffenheit, der Gerechtigkeit und der Gewissenhaftigkeit Genüge tut.

206) Seid allezeit wachsam in euren Gedanken, Gefühlen und in eurem Handeln und vergesst nicht, dass jeder von euch erzeugte und ausgesandte Gedanke wie auch jedes Gefühl, negativ oder positiv, auf seinem Weg hinaus alles anzieht, was deren Gleichart entspricht, und sie haften zudem auch dem Bewusstsein vieler eurer Mitmenschen an, wenn sie in diese eindringen, wenn sie, vielleicht nur sekundenlang, unachtsam sind, sich selbst vergessen und keine Kontrolle über sich ausüben, was zur Folge hat, dass die Gedanken und Gefühle immer stärker werden; und wird solchen umherschwebenden Gedanken und Gefühlen durch Unaufmerksamkeit usw. die Möglichkeit gegeben, ins Bewusstsein einzudringen, dann verbreitet sich das entsprechende Gedankengut, negativ oder positiv, und damit auch die daraus resultierenden Gefühle immer mehr unter Euresgleichen, wobei gemäss eurem unausgeglichenen und unneutralen Gedankengut das Ungute, das Böse und Negative überwiegt.

207) Und bedenkt, welche Verantwortung ihr mit euren Gedanken und Gefühlen tragt, sowohl hinsichtlich auf euch selbst als auch in bezug auf eure Mitmenschen, weil euer Gedanken- und Gefühlsgut nicht nur in euch selbst, sondern auch nach aussen unter euren Mitmenschen Wirkungen hervorruft, die sich in Taten und Handlungen manifestieren, und zwar in der Regel in negativer, schlechter, unguter und böser Form, weil eure Gedanken und Gefühle weitgehend von dieser Beschaffenheit sind; und wirken eure Gedanken und Gefühle auf irgendeinen eurer Mitmenschen und setzen diese euer negatives, böses, schlechtes und ungutes Gedanken- und Gefühlsgut in die Tat um, dann tragt ihr die Verantwortung dafür.

208) Und wahrlich habt ihr Menschheit der Erde zu bedenken, dass in euch als Ganzes, wie aber auch als einzelner Mensch, die Verantwortung allein schon dadurch ausgelöst wird, indem ihr die

unguten, negativen, bösen und schlechten Gedanken und Gefühle hegt, weil nämlich jeder von euch ausgesandte Gedanke und jedes Gefühl dauernde Verbindung mit euch hält, ohne dass ihr dessen gewahr und bewusst werdet; die Gedanken und Gefühle, die ihr aussendet, laden sich auf ihrem Weg hinaus mit neuer Energie und Kraft auf und kehren also gestärkt zu euch zurück wie ein Bumerang, wodurch ihr damit neuerlich belastet oder beglückt werdet, je nachdem, ob eure ausgesandten Gedanken und Gefühle negativer, böser, unguter, schlechter oder positiver, guter, vorzüglicher, gütiger Natur sind.

209) Ihr formt eure eigene Gedanken- und Gefühlswelt und sendet diese hinaus, womit ihr auch die Möglichkeit dafür schafft, dass sie ins Bewusstsein jener eurer Mitmenschen eindringen können, die unachtsam sind oder die gleichartige Gedanken- und Gefühlsformen pflegen; also könnt auch ihr von den Gedanken und Gefühlen eurer Mitmenschen befallen werden, wie diese durch euer eigenes Gedanken- und Gefühlsgut, folglich auch in dieser Beziehung ein andermal eine Wechselwirkung entsteht, wie auch in allem, was existent ist.

210) Also ist die Lehre aus den schöpferischen Gesetzen und Geboten die, dass ihr nicht die Energie und Kraft eurer Gedanken und Gefühle vergeuden, sondern des Rechtens gebrauchen sollt, indem ihr sie in guter, positiver, rechter, vorzüglicher und gütiger Art und Weise führt, hegt und pflegt, und auf dass ihr euch bewusst gegen eindringende fremde Gedanken und Gefühle zur Wehr setzt, indem ihr eure eigenen zur scharfen Abwehr macht; schafft in dieser Weise aus euren eigenen Gedanken und Gefühlen einen Schutz gegen alles, was des Unguten, des Bösen, des Negativen, des Schlechten und des Ausgearteten ist, das von aussen auf euch einbricht, auf dass ihr es nicht selbst annehmt, sondern frei davon bleibt und ihr in euch selbst stets nur für das Gute kämpft und Wunden heilt im gesamten Bereich alles Schöpfungsgegebenen.

211) Wollt ihr gemäss der Wahrheit handeln und evolutiv-bewusstseinsmässig vorwärtsschreiten, dann müsst ihr eure Gedanken und Gefühle kontrollierend darauf einrichten, was jedoch bedeutet, dass ihr viele falsche Anschauungen ablegen und an manchen starren Säulen rütteln müsst, die falsche und irrige Lehren tragen, die euch seit alters her zu Gläubigen an Gottheiten und Götter und an veridolisierte Menschen sowie an Religionen, Ideologien und Philosophien machen.

212) Es sind seit alters her falsche und irre Lehren, falsche Begriffe und Worte, die ihr, ihr Menschheit der Erde, missgelehrt erhaltet und die ihr falsch erfasst und die euch nicht den wahren Weg der Wahrheit finden lassen, den ihr in euch selbst suchen müsst als Weg der Wahrheit, der selbst die Wahrheit und das Ziel ist.

213) Ihr müsst auf dem Weg des Suchens in euch selbst auf den wahren Weg der Wahrheit zurück, von dem ihr abgewichen seid und ihn nicht wieder gefunden oder ihn seit alters her noch nie gefunden habt.

214) Lasst das Licht der wahrlichen Wahrheit in euch aufleuchten und in die Dunkelheit eures Wahrheitsunwissens eindringen, auf dass ihr den Bau der Unwahrheit in euch stürzt, den ihr seit alters her und während eures aktuellen Lebens in euch errichtet habt, auf dass ihr endlich ans Werk geht und ihr euch der Wirklichkeit und der Wahrheit aller Wahrheit zuwendet.

215) Achtet darauf, wenn ihr die Wahrheit sucht und sie erlernt, dass ihr nicht neuerlich einen Stillstand erleidet, dass ihr nicht in neuerliche Stagnation verfallt, sondern euch ein Beispiel an der Zeit nehmt, die nicht endet, sondern unaufhaltsam vorwärtsgeht, was ihr auch gleichsam tun sollt beim Suchen, Ergründen, Erfassen und Erleben der effectiven Wahrheit, wie sie in den schöpferischen Gesetz- und Gebotsmässigkeiten gegeben ist und die ihr darin sowie in euch selbst findet, wenn ihr euch darum bemüht.

216) Wahrlich, ihr Menschheit der Erde, die Zeit vergeht, und zwar ohne dass ihr etwas dagegen tun könnt, und im Vergehen der Zeit ändern sich in eurer materiellen Welt und im Universum alle Dinge ebenso wie auch in euch selbst, in eurem Körper und Bewusstsein, in eurem Wesen, im Charakter, Wissen und der Persönlichkeit sowie in den Interessen usw.; also seht ihr die Zeiten wechselnd an euch vorüberziehen, wie ihr auch jeden Wandel in euch realisiert, wenn ihr nur darauf achtet, was ihr aber in der Regel nicht tut, denn wahrlich seid ihr nur wenige unter euch, welche ihr euch die Bilder der Wechsel nicht zur Gewohnheit macht, sondern alles genau be-

obachtet und wahrnehmt und daraus einen festen Grund legt, auf dem ihr alles weiter aufbauen könnt, dem ihr euch mit Interesse, Motivation und starkem Willen widmet, auf dass ihr forscht, ergründet und euch nach dem richtet, was ihr als wahrliche Wahrheit erlernt und erfahrt.

217) Aber ihr unter euch, ihr Menschheit der Erde, welche ihr gläubig an Gottheiten, Götzen und veridolisierte Menschen seid und die ihr euch nur mühselig durch euer Leben bewegt und nicht in vollem Interesse und Wollen nach der Wahrheit forscht, um sie zu ergründen, zu erfahren und zu erleben, bei euch währt es nicht lange, bis ihr auf Hindernisse stosst, die miteinander im Widerspruch stehen, so euer Wille und Interesse zusammenbrechen und alles nicht mehr zusammenpasst; also verliert ihr euch in euch selbst und erschafft im Forschen und Ergründen viele Lücken, die ihr trotz aller Grübelei nicht mehr schliessen könnt.

218) Und habt ihr Lücken in eurem Forschen und Ergründen erschaffen, dann wähnt ihr, wenn euch die Logik keinen Anhalt mehr bietet, weil eure Vernunft und euer Verstand überfordert sind, dass euch nur noch ein Glaube als Ersatz weiterhelfen könne, was dazu führt, dass ihr falschen Ideologien, Philosophien oder Religionen verfallt.

219) Bedenkt, die wahrliche Wahrheit der Schöpfung, wie sie gegeben ist durch ihre Gesetze und Gebote, sie allein ist Wirklichkeit, während jeder Glaube falsch ist, und zwar ganz gleich welcher Form er betrieben wird; also sollt ihr nicht in irgendwelcher Weise glauben, auch nicht in bezug auf Dinge, die ihr nicht verstehen könnt, sondern ihr müsst in allen Dingen suchen zu begreifen, auf dass ihr die wahrliche Wahrheit in allem findet, worüber ihr euch Gedanken und Gefühle macht, so auch in bezug auf die effective Wahrheit und Realität, worin ihr euch nicht mehr irren könnt, wenn ihr sie gefunden und erkannt habt; also müsst ihr suchen, ergründen und verstehen lernen, denn sonst reisst ihr das gewaltige Tor zur Hölle der unendlichen Irrungen auf, und mit diesen Irrungen verfallt ihr dem Glauben an Gottheiten, Götzen und veridolisierte Menschen, wie ihr damit aber auch die Wahrheit und das Leben verleugnet und bis zum Bösen entwertet.

220) Etwas nicht zu begreifen resp. nicht zu verstehen und sich deshalb in einen Glauben flüchten, anstatt nach der effectiven Wahrheit zu suchen und sie zu ergründen, bedeutet Trägheit und Feigheit sowie Gedanken- und Gefühlsfaulheit; das aber führt die Evolution des Bewusstseins nicht aufwärts, sondern verhindert oder unterdrückt sie; also, ihr Menschheit der Erde, hebt euren Blick empor, sucht, forscht, ergründet und prüft die wahrliche Wahrheit gemäss eurem Drang, der in euch von Natur aus gegeben ist, auf dass ihr wahrheitlich wissend seid darin und ihr euch nicht einem Glauben irgendwelcher Art zuwendet, den ihr niemals als Richtigkeit beweisen könnt, weil jeder Glaube auf einer Fiktion beruht, die niemals eine Beweiskraft erbringen kann.

221) Die Zeit ist gegeben durch die Schöpfung, das Universalbewusstsein, und auch sie lebt in der Zeit, wie ihr Menschheit der Erde, weil sie als Idee der Urschöpfung einen Anfang im Urknall fand und ein Ende hat, wenn sie ihr Alter von 311 Billionen und 40 Milliarden (311 040 000 000 000) Jahren irdischer Zeitrechnung erreicht hat und sich dann durch ihren Wandlungsprozess selbst zur Ur-Schöpfung formt; wie irrig ist es also anzunehmen, die Zeit stehe still, wenn doch die Schöpfung selbst in die Zeit integriert ist, die sie selbst erschaffen hat.

222) Also kann beim Grundgedanken in bezug auf die Zeit nicht auf Hindernisse gestossen werden, folglich es für euch, ihr Menschheit der Erde, auch möglich ist, weiter zu denken als nur gerade für den Moment, denn wie die Zeit läuft, so laufen auch eure Gedanken und Gefühle und können sich durch den Fluss der Zeit fortbewegen und gar fortpflanzen; würde aber die Zeit stillstehen, dann gäbe es keine Bewegung und alles stagnierte, was aber nicht der Fall ist, denn in der ganzen Schöpfung, im Universalbewusstsein, im Universum und in allem von ihr Erschaffenen und Existenten ist alles in unaufhaltsamer, fliessender Bewegung.

223) Ihr Menschheit der Erde, ihr eilt nicht der Zeit entgegen, sondern ihr geht mit der Zeit dahin und damit auch mit dem Werden und Vergehen, das durch die Zeit bedingt ist; also stürmt ihr mit der durch die Schöpfung erschaffenen Zeit dahin, die nicht ewig, sondern durch das zeitlich bestimmte SEIN der Schöpfung selbst begrenzt ist, und im Vergehen dieser Zeit lebt ihr euer Leben und sucht nach der wahrlichen Wahrheit aller Wahrheit.

224) Die Zeit steht nicht still und bleibt nie dieselbe, denn sie geht seit Urbeginn der Schöpfung und aller ihrer myriadenfältigen Kreationen dahin, also seit alters her, gestern, heute, morgen, in Tausenden von Jahren und in alle Zukunft, bis zum Ende der Zeit, wenn die Schöpfung mit all ihren Kreationen wieder vergeht und sich in Schlummer legt, um im neuen Wachwerden als Ur-Schöpfung in Erscheinung zu treten.

225) Ihr Menschheit der Erde, ihr seid irgendwann in der Zeit aufgetaucht und erschaffen durch das Wirken der schöpferischen Gesetze und Gebote, und euch ist es gegeben, aus dem Schosse der Schöpfung zu schöpfen, wodurch ihr lernen und im Bewusstsein evolutionieren könnt; und so könnt ihr wahre Liebe, Wissen und Weisheit in euch erschaffen wie auch Frieden, Freiheit und Harmonie, um alles auch nach aussen unter eurer ganzen Menschheit zu verbreiten.

226) Und wahrlich, seit Beginn aller Dinge der Schöpfung bleibt alles in den Sammlungen der Zeit erhalten, in den Speicherbänken, was es auch immer sein mag, denn darin ist alles und jedes und gar das kleinste Stäubchen eines Gewichts von jedem einzelnen von euch Menschen gespeichert, auf dass niemals auch nur ein Jota verlorengehe.

227) Und so, ihr Menschheit der Erde, wie ihr euch selbst wandelt in eurem aktuellen Leben und in all euren vielen neuen Persönlichkeiten, die ihr seit uralter Zeit in immer neuen Geburten wart, so wandelt sich auch die Schöpfung selbst, indem sie immer mehr Liebe, Wissen und Weisheit in sich erschafft; das ergibt sich, indem sie durch eure Geistform lernt, die euch belebt und die sich dadurch geistig evolutioniert, indem sie das in sich aufnimmt, was ihr alles an Liebe, Wissen und Weisheit erschafft, und dann verschmilzt dereinst eure Geistform mit der Schöpfung selbst, lange nachdem sie keines menschlichen Körpers mehr bedarf, sondern sich nur noch als Reingeistform weiterevolutioniert; dann nimmt die Schöpfung von ihr all das auf, was eure Geistform durch eure Liebe, euer Wissen und eure Weisheit über viele Reinkarnationen hinweg gelernt hat; dadurch, was die Schöpfung in sich aufnimmt, evolutioniert sie sich geistig, so wie ihr das als Menschen bewusstseinsmässig tut.

228) Ihr Menschheit der Erde, ihr bleibt nicht immer dieselben, ob ihr nun jung seid oder schon im Alter, denn ihr wandelt euch in eurem Innern, in eurer Individualität, im Wesen, ebenso wie in eurem Bewusstsein und an und in eurem Körper, denn alles ist dem Wandel eingeordnet und nicht zu umgehen; selbst eure Geistform sowie die Schöpfung selbst sind durch die Evolution und das Anreichern von Liebe, Wissen und Weisheit der Veränderung eingeordnet und also nicht ewig in ihrem Zustand; also sind auch die Wahrheit, das Wissen und die Weisheit in den Wandel einbezogen, und zwar in der Weise, dass sie für euch immer tiefgründiger und tiefgreifender werden, je tiefer ihr in sie eindringt, weil ihr durch euer Suchen, Erforschen und Ergründen stetig weitere Erkenntnisse und Kenntnisse gewinnt.

229) Ihr sucht seit alters her nach der Wahrheit, doch fragt ihr euch ständig, was die Wahrheit wirklich ist, denn das, was ihr heute als Wahrheit wähnt, erkennt ihr bereits morgen wieder als Irrtum, doch nur darum, weil ihr nicht wirklich die Wahrheit gefunden habt, sondern nur eine Teilwahrheit oder etwas, das ihr als Glaube resp. als Fiktion angenommen habt und keinerlei Beweiskraft hat; erkennt: Wahrheit ist nicht Glaube, sondern Wahrheit ist Gewissheit in Erkennung der Wirklichkeit.

230) Also müsst ihr euch bemühen, die wahrliche Wahrheit zu finden, die keine Zweifel offenlässt und keinen Irrtümern unterworfen ist, wobei ihr jedoch zu bedenken habt, dass auch in Irrtümern Wahrheitskörner zu entdecken sind, die zur effectiven Wahrheit hinführen können.

231) Wahrheit ist, dass alle Erkenntnisse und Offenbarungen dauernd ihre Formen in der Weise verändern, indem eine erlangte Wahrheit stets weitere Faktoren nach sich zieht, die erforscht und ergründet werden müssen und folgerichtig zu neuen Erkenntnissen führen, wodurch sich die Wahrheit vertiefend erweitert und stetig zunehmend relativ vollkommen wird.

232) Also geht euer Leben mit dem unentwegten Suchen, Forschen und Ergründen fort, wobei ihr durch den gesamten Wandel und Wechsel des Lernens und dem Gewinnen von Erkenntnissen, Wissen, Erfahrungen und deren Erleben reift und stetig weiser werdet.

233) Die Wahrheit an und für sich bleibt sich in ihrem Kern immer gleich, wechselt nicht und ist ewig, doch sie variiert für euch Menschen in ihrer Tiefe in der Weise, dass sie in unzählbare Stufen

resp. Ebenen eingeteilt ist, die eine nach der anderen erklommen werden muss; das kann mit Schulklassen verglichen werden, so die unterste Klasse resp. Stufe resp. Ebene die niedrigste ist, wonach nach dem Examen die nächste Klasse erklommen werden muss, dann wieder die nächste und wiederum die nächste, bis zur höchsten Klasse, die in der Bewusstseinsevolution der relativen Vollkommenheit entspricht.

234) Die wahrheitliche Wahrheit aller Wahrheit, die schöpferische Wahrheit der Gesetze und Gebote bleibt sich in der Tiefe ihres Kerns also immer gleich, wechselt nicht und unterliegt keinem Wandel, doch um zum Kern zu gelangen müsst ihr, ihr Menschheit der Erde, beim niedrigsten Stand der Wahrheitserkenntnis beginnen und euch langsam immer tiefer in die Wahrheit einarbeiten, Schicht um Schicht, Stufe um Stufe, Ebene um Ebene, wodurch eure Wahrheitserkenntnis stetig erweitert und immer kompakter wird und ihr fortlaufend wahrheitswissender werdet.

235) Da die schöpferische Wahrheit aller Wahrheit ewig und in ihrem Kern sowie an und für sich relativ vollkommen ist, so ist sie, ihr Menschheit der Erde, in eurem irdischen Sinn nicht in der ganzen Tiefe erfassbar, folglich kann sie für euch auch nie rein und endgültig sein, sondern nur je relativ vollkommen gemäss dem, was ihr nach eurem Verstand und eurer Vernunft an effectiver Wahrheit zu erarbeiten vermögt.

236) Damit ihr mehr an Wahrheit erkennen und begreifen könnt, ist es notwendig, dass ihr mehr bewusstseinsmässig werdet resp. dass ihr euer Bewusstsein umfänglicher nutzt in evolutiver Art und Weise, indem ihr frei seid von bösen, negativen, unguten und ausgearteten Gedanken und Gefühlen, so ihr selbst zur Wahrheit werdet und in der Wahrheit lebt, so ihr in euch selbst vom Licht der Wahrheit dauernd bestrahlt werdet.

237) Um die wahrheitliche Wahrheit zu lernen, die ihr allein in euch selbst sowie in den schöpferischen Gesetzen und Geboten findet, bedürft ihr nicht mühsam eine Wissenschaft zu lernen, wie ihr auch nicht Irrtümer fürchten müsst, denn wenn ihr die wahrliche Wahrheit erkennt, dann wird euch auf jede Frage schon die Antwort in der Wahrheit selbst offenbar; ja, ihr gewinnt dabei noch sehr viel mehr, weil sich die Fragen und die Antworten der Wahrheit stetig erweitern und alles zu umfassen beginnen, weil ihr mit eurem Bewusstsein immer mehr erfasst und in der Wahrheit selbst lebt.

238) Und versteht, ihr Menschheit der Erde, die Wahrheit aller Wahrheit ist schöpferischer Natur und gegeben durch die schöpfungsbedingten Gesetze und Gebote; und in dieser Form ist die wahrliche Wahrheit die aktive Grundbedeutung des effectiven Wissens, das fern jedem Zweifel und jeder unbeweisbaren Fiktion resp. einem Glauben ist; wahrliche Wahrheit ist die Übereinstimmung des tatsächlichen und widerspruchlosen, unumstösslichen Wissens um die Wirklichkeit, die Realität, die in jeder Form jede glaubensmässige resp. fiktive Vorstellung ausschliesst; das Kriterium der Wahrheit ist die Verwirklichung des wahrhaftig Seienden, das keinerlei theoretische Werte in sich birgt, sondern einzig und allein die Wirklichkeit, in der kein Glaube resp. keine unbeweisbare Fiktion Platz findet.

239) Ihr Menschheit der Erde, sprengt all eure Bande der Wahrheitsunwissenheit, die euch niederhalten, und werdet endlich frei in eurem Bewusstsein, auf dass ihr bewusst die Wahrheit sucht und sie anstrebt; und stosst ihr dabei auf Hindernisse, dann stellt euch ihnen froh entgegen, denn sie bedeuten für euch, dass ihr auf dem rechten Weg seid und ihr in euch den Weg der Wahrheit beschreitet, der selbst die Wahrheit und das Ziel ist und auf dem ihr neue Energie und Kraft findet.

240) Betrachtet alle Hindernisse auf dem Weg der Wahrheit als Prüfsteine, aus denen ihr lernen und Fehler beheben könnt, so euch daraus also neue Erkenntnisse und Vorteile erwachsen, durch die ihr wiederum alle auftretenden Hindernisse immer spielender zu bewältigen vermögt.

241) Hindernisse auf dem Weg der Wahrheit werden euch darum vorgeschoben, auf dass ihr sie zu bewältigen lernt und daraus Wissen und Weisheit gewinnt und euer Rüstzeug zum Aufstieg zur wahrlichen Wahrheit stärkt; es mögen aber auch Hindernisse sein, die als Folge einer Schuld auftreten und die ihr durch die Wahrheitserkennung auflösen müsst, um euch davon zu befreien; beide Formen der Hindernisse bringen euch vorwärts, folglich ihr ihnen nicht ausweichen dürft.

242) Seid vernünftig und sprecht nicht von Prüfungen und Schicksalsschlägen, die euch im Leben treffen, denn sie dienen eurem allgemeinen Fortschritt und eurer Bewusstseinsevolution; nichts geschieht ohne Grund, so ihr also auch Kampf und Leid in Kauf nehmen müsst, wenn ihr Fortschritt und Evolution erringen wollt, denn damit wird euch Gelegenheit geboten, dass ihr Fehler beheben und Verfehlungen aller Art auslöschen könnt; und wahrlich kann keinem von euch, ihr Menschheit der Erde, auch nur ein winziges Stäubchen eines Gewichts an Fehlern und Verfehlungen erlassen werden, folglich ihr alles aufarbeiten und in die Bahnen der Richtigkeit und der Wahrheit lenken müsst; bedenkt, dass der Kreislauf des Werdens und Vergehens in den schöpferischen Gesetzen verankert und absolut unverrückbar ist, so also auch das Werden und Vergehen der Fehler und der Verfehlungen, die ihr begeht und die euch durch das Lernen offenbart werden, auf dass ihr sie beheben und auslöschen und die Dunkelheit in euch erhellen könnt; und wäre dem nicht so gegeben durch die schöpferischen Gesetze und Gebote, dann würde die kleinste Abweichung davon alles Leben zum Erlöschen bringen und das ganze Universum samt allem Existenten zerstören.

243) Wahrlich, jene unter euch, ihr Menschheit der Erde, welche ihr sehr viel von eurem Leben auszugleichen habt, sei es von heute oder aus der Vergangenheit, so sollt ihr nicht verzagen, wie es euch auch nicht grauen muss vor der Ablösung eurer Schulden, denn wenn ihr euch wahrhaftig der Wahrheit zuwendet und eure Fehler und Verfehlungen zu beheben gewillt seid, dann könnt ihr getrost und froh damit beginnen, euch in allen Dingen vom Schlechten, Bösen, Negativen, Verantwortungslosen, Gewissenlosen, Unrechtschaffenen und Ungerechten zu befreien, auf dass ihr euch darin ohne Sorgen und ohne schlechtes Gewissen in Ehrlichkeit dem zuwenden könnt, was des Rechtens, des Guten und Rechtschaffenen, Gewissenhaften, Verantwortungsvollen sowie des Positiven und Gerechten ist, so ihr ein gutes Gewissen habt.

244) Bedenkt allezeit, dass ihr immer einen Ausgleich schaffen könnt durch eure Energie und deren Kraft sowie durch den ehrlichen Willen und motiviertes Wollen, wodurch in eurem Bewusstsein andere und positive Gedankenformen und daraus andere und bessere Gefühle lebendig werden, die als starke Waffe euch fähig machen, siegreich gegen alles Dunkle in euch zu fechten und euch von der Last und Schwere des Wahrheitsunwissens zu befreien.

245) Die Energie und Kraft eurer Gedanken und Gefühle sowie eures Willens und Wollens ist für viele von euch eine ungeahnte Macht, die alle Energien und Kräfte gleicher Art anzieht, wie ein Magnet; und die angezogenen Energien und Kräfte wachsen immer stärker an und vereinigen sich wieder mit ihnen ähnlichen oder gleichgerichteten bewusstseinsmässigen Mächten, die rückwärts wirken und zum Ausgangspunkt zurückkehren und also wieder den Aussender der Gedanken und Gefühle treffen; und dadurch werdet ihr, welche ihr Sender und Empfänger seid, emporgehoben zum Guten und zum Wohlbefinden, oder ihr werdet hinabgedrückt und sinkt immer tiefer in den eigenen Schlamm und Schmutz, und zwar je nachdem, wie ihr als Urheber des Ganzen alles selbst bestimmt und herbeiführt.

246) Also ist es gegeben, dass eure Gedanken und Gefühle hinausschwingen und eure Mitmenschen treffen, wie aber auch ihr von den Gedanken und Gefühlen eurer Mitmenschen getroffen werdet, so also eine Wechselwirkung gegeben ist wie in allen Dingen alles Existenten im gesamten Bereich des Schöpfungsuniversums.

247) Und kennt ihr diese stete und mit absoluter Sicherheit eintreffende Wechselwirkung, die durchwegs im ganzen Schöpfungsbereich gegeben ist und sich mit absoluter Gewissheit unaufhaltbar immer wieder auslöst und entfaltet, dann könnt ihr sie auch bewusst und ohne Furcht nutzen und lieben; und wenn ihr das begreift, dann könnt ihr euer Wissen nutzen, um euren Mitmenschen durch eure Gedanken und Gefühle viele Dinge zu vermitteln, die ihr allein durch eure Worte nicht tun könnt; und wahrlich ist es euch dann auch möglich, dass ihr die Gedanken und Gefühle eurer Mitmenschen miterleben könnt, weil es euch möglich ist, ihre Gedanken- und Gefühlswelt wahrzunehmen und nachzuvollziehen, was jedoch nichts mit Telepathie zu tun hat, sondern ein Faktor der Empathie resp. der Fähigkeit der Einfühlsamkeit ist.

248) Durch die Empathie belebt sich für euch nach und nach die unsichtbare Gedanken- und Gefühlswelt eurer Mitmenschen, und ihr empfangt deren Wirksamkeit mit einer derartigen Deut-

lichkeit, die jeden Zweifel in euch auflöst, so ihr mit absoluter Sicherheit das Gedanken- und Gefühlswesen eures Nächsten und Mitmenschen fehlerfrei in euch aufnehmen und beurteilen könnt.

249) Ihr aber, ihr Menschheit der Erde, ihr müsst diese Dinge erst mühsam erlernen, nachdem ihr seit alters her davon abgesehen habt und falsche Wege des Lebens gegangen seid; ihr müsst auch lernen, bewusst die starken energetischen Wellen der rastlosen Tätigkeit der schöpferischen Gesetze und Gebote zu empfangen, die auf euch wirken aus der Existenz der Schöpfung heraus; und wenn ihr auch nur ein wenig in halbwegs bewusster Weise darauf achtet, dann stellt ihr fest, dass die schöpferischen Energien und ihre Kräfte sehr starke Strömungen sind, die in euch sehr viel Positives, Gutes und Bestes sowie Belebung und Heilung vom Unrechtschaffenen, Ungerechten, Verantwortungslosen und Gewissenlosen sowie vom Wahrheitsunwissen bewirken, wenn ihr sie nur bewusst und willentlich nutzt.

250) Wahrlich, ihr seid fähig, durch eure Gedanken und Gefühle und durch euren festen Willen bewusst die schöpferischen Energie- und Kraftströmungen zu nutzen, wenn ihr das wirklich wollt; doch ihr sollt die neutralen schöpferischen Energien und Kräfte nur zu guten und positiven, jedoch nicht zu bösen und negativen Zwecken nutzen, auf dass ihr euch selbst und eurer Menschheit der Erde Segen bringt und sie nicht dem Verderben zuführt; ihr sollt mit den schöpferischen sowie mit euren eigenen bewusstseinsmässigen und physischen Energien und Kräften Werke des Guten und des Besten tun, zur relativen Vervollkommnung eurer Bewusstseinsevolution; ihr sollt damit jedoch nicht ein loderndes Feuer des Verderbens entzünden, das in Hass, Eifersucht und Krieg, in Neid und Geiz sowie in Unfrieden, Unfreiheit, Disharmonie, Verbrechen und in allen möglichen Übeln ausartet, wie ihr es gesamthaft seit alters her getan habt, wodurch ihr über eure Menschheit und Welt Tod und Verderben und Zerstörung gebracht habt und im gleichen Rahmen alles auch noch heute hervorruft.

251) Wenn ihr ein loderndes Feuer entfacht, dann soll es ein Feuer des Wissens, der Weisheit und der Wahrheit in euch selbst sein, ein Feuer der Freude und der Liebe, der Gerechtigkeit, Verantwortung, der Gewissenhaftigkeit und Rechtschaffenheit, wodurch in euch und unter euch allen, ihr Menschheit der Erde, endlich wahrer Frieden und ebenso wahre Freiheit, Harmonie und Gleichheit werde.

252) Und um all diese hohen Werte zu erschaffen, bedarf es nur der Energie und Kraft eures Wollens, wodurch ihr selbst Herr und Meister eures Lebens seid und selbst die Bestimmung eures Geschicks in Händen hält; wahrlich, eure eigene Energie und Kraft eures Bewusstseins, eurer Gedanken und Gefühle und eures eigenen Wollens bringt euch in die höchsten Höhen, hin zum Fortschritt und zur Bewusstseinsevolution, zur wahren Liebe, zum inneren und äusseren Frieden sowie zur Freiheit und Harmonie; also schafft ihr euch mit unerbittlicher Gewissheit euren Lohn und eure Bestrafung selbst, je nachdem, was ihr immer an Gedanken und Gefühlen pflegt und was ihr mit euren Werken und Handlungen vollbringt.

253) Seid euch bewusst, dass dieses Wissen euch zur wahrlichen Wahrheit hinführt und nicht euer Leben schwächt, sondern es stärkt und aufbaut.

254) Die Kenntnis um die schöpferischen Gesetze und Gebote und deren Wirkungsweisen könnt ihr jederzeit nützen, wodurch euch das Leben und alle Dinge des Daseins und gesamthaft des Schöpferischen sehr viel erhabener erscheinen als bis anhin – wenn ihr diese Erhabenheit überhaupt jemals wahrgenommen habt, in der andachtsvolle Grösse gegeben ist.

255) Und erkennt ihr die grosse Erhabenheit der Schöpfung, ihrer Gesetze und Gebote und deren Wahrheit aller Wahrheit, dann könnt ihr, ihr Menschheit der Erde, nichts Böses mehr wollen, denn ihr greift dann zur wahren Liebe, zur besten Stütze, die es für euch überhaupt gibt; die wunderbare Schöpfung selbst mit all ihren Schöpfungen, ihren Kreationen, alles Existenten, ist die Liebe selbst, und ihr sollt ihr nacheifern, ihr Menschheit der Erde, und lieben sollt ihr auch eure Nächsten, eure Mitmenschen und eure ganze Menschheit, um auch all ihnen die Wahrheit zu bringen, auf dass auch sie die wahre Liebe, den Frieden, die Freiheit und die Harmonie in sich finden und sie auch nach aussen weitergeben können.

256) Wenn ihr nach Erkenntnis und nach der effectiven Wahrheit sucht, dann verstrickt euch nicht in wirren Gedanken und Gefühlen, wie aber auch nicht in den Irrlehren des Glaubensirrgartens, in dem die faulen Früchte der durch Euresgleichen erfundenen Götter und Götzen sowie veridolisierten Menschen alles verpesten.

257) Lasst euch nicht verführen durch Glaubenspriester und dergleichen, die Gottheiten und Götzen anbeten, wie ihr aber auch nicht den Verführungen bezüglich veridolisierter Menschen verfallen sollt.

258) Lasst euch durch die Gottanbeter nicht irremachen und wähnt nicht, dass durch ein ewiges Gesetz ein Sühnezwang auf euch liegt, den ihr weder von euch abwälzen noch auf andere übertragen könnt, denn wahrheitlich gibt es keinen solchen Sühnezwang durch eine Erbsünde oder dergleichen, denn alles Diesartige entspricht nur unsinnigen Erfindungen von Euresgleichen, ihr Menschheit der Erde.

259) Wahrheit ist, dass es keinen Sühnezwang gibt, denn alles, was ihr euch aufladet, lastet ihr euch selbst an, folglich ihr auch in euch selbst dafür geradestehen und Rechenschaft ablegen müsst, und zwar für all eure Gedanken und Gefühle und für eure Worte; nur euch selbst seid ihr Rechenschaft schuldig dafür, was ihr an Gedanken und Gefühlen hegt und pflegt und an falschen und bösen Worten aussprecht oder schreibt; doch der Rechenschaft könnt ihr auch nach aussen schuldig werden, wenn ihr falsche Handlungen und Werke tut, die anderen in irgendwelcher Weise Schaden bringen, wodurch ihr in deren Schuld steht und von ihnen oder der Gerichtsbarkeit zur Rechenschaft gezogen werdet; niemals müsst ihr aber Sühne leisten gegenüber einer Gottheit oder einem Götzen, denn allesamt sind sie durch Euresgleichen nur phantasievolle Erfindungen, denen keinerlei Energie und Kraft innewohnt und die in ihrer Wesenlosigkeit und Nichtexistenz nicht die Farbe eines Haares auf eurem Haupt zu ändern vermögen.

260) Was ihr euch also an Gedanken und Gefühlen, an Lastern, Süchten, an Geiz und Neid, an Leidenschaften, schlechtem Charakter, Untugenden, Lieblosigkeit, Eifersucht und Streit, an Ungerechtigkeit, Verantwortungslosigkeit sowie an Unrechtschaffenheit, Respektlosigkeit, Anstandslosigkeit und Gewissenlosigkeit usw. aufbürdet, vermag niemand zu lösen, zu beheben und in die richtigen Bahnen zu führen, ausser ihr selbst; wäre dem anders, dann würde die wahrliche Wahrheit aller Wahrheit nur leerer Schall sein, und damit würde die ganze Schöpfung, das Universalbewusstsein und Universum, in sich zusammenstürzen, ja, das Ganze hätte nicht einmal entstehen und also nicht existent werden können.

261) So ihr also für alles und jedes selbst verantwortlich seid, müsst ihr euch von allen unsinnigen Glaubenslehren freimachen, jeden imaginären göttlichen Sühnezwang vergessen und euch ein Ziel in der wahrheitlichen Wahrheit setzen, auf dass ihr, ihr Menschheit der Erde, einzig nach diesem Ziel strebt und jeden Glauben wegschiebt und auflöst.

262) Wenn blosse Worte eure Wahrheit sind, dann nützt euch das nichts, auch dann nicht, wenn ihr lange Worte und Sätze Wort für Wort aus dem Gedächtnis hersagen könnt und damit wähnt, dass ihr euch selbst und eure Mitmenschen damit belehren könnt; wahrlich nützt euch all dieses Tun nichts, wenn ihr nicht die wahrliche Wahrheit gefunden habt und nicht nach ihr handelt, wenn ihr nicht im Sinne der effectiven Wahrheit eure Gedanken und Gefühle und euer ganzes Erdendasein danach ausrichtet und einrichtet; doch tut ihr das, dann muss es für euch etwas Selbstverständliches sein, das euch praktisch in Fleisch und Blut übergegangen ist und sich nicht mehr von euch trennen lässt; und nur wenn das so ist, könnt ihr aus der ewigen Wahrheit die Werte der Bewusstseinsevolution, der wahren Liebe, des Friedens, der Freiheit und Harmonie schöpfen, und zwar so, wie alles durch die Botschaft der Wahrheit gegeben ist, die ihr in euch tragt und wie sie durch die schöpferischen Gebote und Gesetze verwirklicht wird.

263) An den eigenen Werten sollt ihr euch selbst erkennen, an den Gedanken und Gefühlen, an den Handlungen, am Wirken und an allem Tun, wozu auch eure Worte und Reden gehören, die ihr im Alltag eures Erdendaseins führt; zum Tun gehören also auch die Gedanken und Gefühle, die in ihrer Wirkung nicht unterschätzt werden dürfen, so ihr nicht denken könnt, dass Gedanken und Gefühle ‹zollfrei› sind, wobei ihr diesbezüglich denkt, dass ihr für diese nicht zur Rechen-

schaft gezogen werden könnt, weil sie auf einer Ebene stattfinden, die durch materielle Hände und Gerichte unerreichbar sind; doch darin täuscht ihr euch in der Weise, weil ihr dafür nämlich früher oder später in euch selbst zur Rechenschaft gezogen werdet.

264) Wenn ihr so, ihr Menschheit der Erde, in leichtfertiger Weise Gedanken und Gefühle hegt, dann ergeht ihr euch leichtfertig in einem gefährlichen Spiel und in einem leichtfertigen Wahn, dass ihr daraus unberührt hervorgehen könnt, doch darin irrt ihr euch gewaltig, denn eure Gedanken und Gefühle gehören zu eurer inneren Grobstofflichkeit, folglich sie auch in euch selbst ihre Wirkungen tun, denen ihr euch beugen müsst, und zwar ob ihr wollt oder nicht; das aber bedeutet, dass die Folgen eurer eigenen Gedanken und Gefühle früher oder später Rechenschaft von euch fordern, folglich ihr in eurem eigenen Innern dafür geradestehen müsst, weil sich das Bewusstsein in bezug auf seine Evolution nur dadurch emporheben kann.

265) Sucht in euren Gedanken nach der Wahrheit und lasst sie auch in euren Gefühlen derart mitschwingen, dass nur alles Edle in euch erwacht, so ihr nicht in verwirrende Niederungen steigt und ihr euch nicht einbildet, dass niemand eure Gedanken und Gefühle wahrnehmen könne.

266) Gedanken, Gefühle, Worte und äusserliche Taten sind gleichsam alles Grobstofflichkeiten eures Bewusstseins und eures Körpers, doch wirken die Gedanken und Gefühle in die Ebenen des feinen Grobstofflichen hinein, die Worte und Reden hingegen in einen mittleren Grobstoffbereich, während die äusseren Handlungen in die dichteste und gröbste Grobstoffebene belangen.

267) Die drei Formen der Grobstoffebenen der Gedanken und Gefühle sowie der Worte, Reden und der Handlungen sind eng miteinander verbunden, folglich auch ihre Wirkungen ineinandergreifen und sich einschneidend und bestimmend auf den Wandel eures Lebens auswirken, was ihr jedoch erstlich nicht einzuschätzen und nicht zu begreifen versteht.

268) Wahrheit ist, dass jeder bewusste oder unbewusste Gedanke und jedes daraus resultierende Gefühl selbsttätig in ihrer Art weiterwirken, wenn sie einmal erschaffen sind; in ihrer mittleren Grobstofflichkeit können sie sich verstärken und dadurch zu noch kraftvolleren Formen werden, als sie dies beim Erschaffen waren, und in dieser Verstärkung können sie weiterwirken, bis grobstoffliche Handlungen daraus entstehen, ohne dass ihr, ihr Menschheit der Erde, unmittelbar feststellen könnt, dass diese ein Resultat eurer verstärkten Gedanken und Gefühle sind.

269) Erfasst ihr alles und werdet ihr diesbezüglich wissend, dann seid ihr darüber erstaunt in euren Gedanken und Gefühlen, weil ihr die Leichtfertigkeit und Sorglosigkeit in eurer Gedanken- und Gefühlswelt erkennt, wie auch die Tatsache, welche Macht die Gedanken und Gefühle haben und was damit alles im Guten oder Bösen negativ angerichtet oder positiv hervorgerufen werden kann.

270) Allein durch eure Gedanken und Gefühle, ihr Menschheit der Erde, seid ihr an vielen guten und bösen Taten eurer Mitmenschen beteiligt, ohne dass es euch bewusst wird, weil ihr euch nicht um die Erkenntnis der Dinge und nicht um deren Wahrheit bemüht, sondern verantwortungslos und gleichgültig im Leben einhergeht.

271) Bedenkt, ihr seid als Menschheit der Erde eine Wir-Form und als solche durch eure Gedanken und Gefühle sowie durch euer Unterbewusstsein mehr oder weniger miteinander verbunden, und so ihr negative oder positive Gedanken und Gefühle hegt und pflegt, so verstärken sie sich, wenn ihr sie einmal hervorruft, und in dieser Verstärkung können sie irgendeinen eurer Mitmenschen treffen, wodurch er etwas Ruhendes in sich erweckt, das er zur groben Ausführung bringt, obwohl er vorher niemals daran gedacht hat, es hervorzuholen und zu verwirklichen; also tragt ihr umfänglich die Verantwortung für eure Gedanken und Gefühle auch für eure Mitmenschen, zumindest für jene, die durch eure gedanklichen und gefühlsmässigen Regungen beeinflusst werden und daraus entsprechende Handlungen begehen oder in sich gleichartige Gedanken und Gefühle hervorrufen.

272) Also hat so mancher eurer Mitmenschen sehr oft Gedanken und Gefühle in sich oder begeht Taten, die im Ursprung auf euch selbst zurückführen und die durch die Verstärkung im andern wirksam werden und die entsprechenden Reaktionen hervorrufen, die er dann selbst verwirft und verurteilt, jedoch wie ihr ebenfalls dafür mitverantwortlich ist gemäss den schöpferischen

Gesetzen und Geboten, weil er mit ihn treffenden fremden Gedanken und Gefühlen trotzdem aus sich selbst heraus handelt; und so könnt ihr Gedanken und Gefühle für irgendwelche Dinge in euch haben, die ihr selbst niemals in Handlungen usw. ausführen würdet, dies jedoch euer Mitmensch tut, der von euren Gedanken und Gefühlen getroffen wird und diese nicht zu verarbeiten und nicht unter Kontrolle zu bringen vermag.

273) Bedenkt der derartigen Vorgänge und sucht die Wahrheit in bezug auf die Wirkungen der Gedanken und Gefühle, auf dass ihr recht zu verstehen lernt und ihr den Herd eurer Gedanken und Gefühle freihaltet und nicht Unheil anrichtet, sondern wahre Liebe in euch erschafft sowie Frieden, Freiheit und Harmonie und also hohe Werte, die ihr durch die Schwingungen eurer Gedanken- und Gefühlswelt hinaustragen sollt zu euren Mitmenschen und zur ganzen irdischen Menschheit, auf dass Kriege, Hass, Eifersucht, Streit, Ungerechtigkeit, Disharmonie, Verantwortungslosigkeit und Gewissenlosigkeit ebenso ein Ende finden wie auch der Unfrieden, die Unfreiheit, Folter, Todesstrafe und alle sonstigen Übel, mit denen ihr Menschheit der Erde belastet seid.

274) Also müsst ihr euch reinigen und in guter und positiver Weise stabil und stark werden in euren Gedanken und Gefühlen, denn nur dadurch werden unter euch viele Verbrechen und Unrechtschaffenheiten sowie Ausartungen aller Art weniger geschehen und sich immer mehr mindern, an denen sehr viele unter euch schwer mitschuldig sind, ohne dass ihr es wisst, weil ihr euch nicht darum kümmert und auch die Wahrheit nicht kennt.

275) Bedenkt, die Schwingungen eurer Gedanken und Gefühle treffen immer dort auf, wo sie auf Gleichheiten stossen, also auf Gedanken und Gefühle gleicher oder ähnlicher Art, wobei Entfernungen keinerlei Bedeutungen haben, denn die Schwingungen sind derart schnell, dass sie in einem Sekundenbruchteil rund um die Welt eilen und Mitmenschen in fernsten Teilen der Erde treffen und in ihnen neue Wirkungen hervorrufen.

276) Also ist es gegeben, dass negative oder positive Gedanken und Gefühle von euch einzelnen, ihr Menschheit der Erde, in aller Welt Gutes oder Böses anrichten können, indem sie einzelne Euresgleichen treffen, kleine oder grosse Gruppen oder gar ganze Völker, die euren Gedanken und Gefühlen gleichgerichtet sind; dadurch können sie dann zwingend Handlungen und Taten auslösen, die in ihren Formen völlig verschieden sind zu euren gedanklichen und gefühlsmässigen Regungen, jedoch ihren Ursprung darin finden.

277) Da eure Gedanken und Gefühle in die Welt hinausschwingen und irgendwo irgendwelche eurer Mitmenschen treffen, so tragt ihr Mitverantwortung an deren Taten, und zwar sowohl im Negativen wie auch im Positiven; dabei kann es auch sein, dass bei der Ausübung von Handlungen und Taten Entsetzliches geschieht, woran ihr selbst niemals gedacht habt, wobei aber deren Zustandekommen im Ursprung doch auf eure eigenen Gedanken und Gefühle zurückführen; wahrheitlich steht ihr mit allen euren Mitmenschen und deren Handlungen und Taten in steter Verbindung, wobei ihr selbst auch wieder von Rückwirkungen der Gedanken, Gefühle, Handlungen und Taten getroffen werdet, die euer Bewusstsein belasten und wodurch ein Kreislauf entsteht.

278) Dadurch, dass unter euch, ihr Menschheit der Erde, ein Kreislauf eurer Gedanken und Gefühle sowie eurer Handlungen und Taten als dauernde Verbindung besteht, müsst ihr euch nicht nur als einzelne zur Wahrheit aller Wahrheit wandeln und die schöpferischen Gesetze und Gebote befolgen, sondern als gesamte Menschheit.

279) Als einzelne könnt ihr nur im kleinen wirksam sein und Euresgleichen zur Vernunft anhalten, auf dass sie sich der effectiven schöpferischen Wahrheit und der Befolgung der Gesetze und Gebote zuwenden, doch um wirklich in der ganzen Menschheit wahre Liebe erwachsen zu lassen, wie auch Frieden, Freiheit und Harmonie, Rechtschaffenheit, Gerechtigkeit und Verantwortung sowie Gewissenhaftigkeit und eine klare Befolgung der schöpferischen Gesetze und Gebote, ist es notwendig, dass jeder einzelne unter euch, ihr Menschheit der Erde, der wahrlichen Wahrheit und allen hohen schöpferischen Werten und der Befolgung der Gesetze und Gebote umfänglich Genüge tut.

280) Und wahrlich könnt ihr, ihr Menschheit der Erde, auch als einzelne stark zur Liebe, zum Frieden, zur Freiheit und zur Harmonie und zum Glück eurer Menschheit beitragen, auch wenn ihr nur im kleinen wirksam sein könnt, denn ihr könnt euch freuen und reine und frohe Gedanken haben für gute Werke, die andere tun und nah und fern entfalten durch ihre eigenen sowie durch eure guten, gesunden und positiven Gedanken und Gefühle, deren Schwingungen sie von euch empfangen und zum Guten und Positiven auswerten; und davon, dessen sollt ihr gewiss sein, strömt alles gleichermassen und gedeihend auch wieder auf euch zurück, auch wenn ihr es nicht wisst und nicht bewusst wahrnehmt.

281) Also seid ihr, ihr Menschheit der Erde, gesamthaft miteinander verbunden, und so eine Wandlung zum Guten, zu wahrer Liebe, Freiheit und Harmonie sowie zum Frieden unter euch allen hervorgerufen werden und entstehen soll, ist es notwendig, dass ihr euch gesamthaft zusammen in diesen hohen Werten durch eure Gedanken und Gefühle verbindet, sie in euch aufbaut und gemeinsam hegt und pflegt, denn erst dadurch kann alles Wahrheit und Wirklichkeit werden; also horcht auf die einzelnen unter euch, welche sich darum bemühen und des Rechtens tun, und achtet der ‹Lehre der Propheten›, der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens, die gegeben ist durch den ‹Kelch der Wahrheit›, auf dass ihr endlich begreift und die schöpferischen Gesetze und Gebote befolgt und ein Leben in Wohlgefallen und Wahrheit führt.

282) Ihr müsst endlich die unverrückbare Gerechtigkeit der Schöpfung und ihre Gesetze und Gebote wahrnehmen und anerkennen, denn allein in deren Wirkungen ist alles gegeben, was zum wahrheitlichen Wissen und zur wahrlichen Wahrheit führt, die euch auch Weisheit verleiht und euch zu wahren Menschen werden lässt, so ihr würdig werdet, bewusst die grosse Güte zu empfangen, die euch die Schöpfung durch euer Leben verleiht und damit auch alles gibt, was eurem Menschenbewusstsein zugedacht ist.

283) Und nutzt ihr alles des Rechtens, was euch die Schöpfung mit ihren Gesetzen und Geboten zugedacht hat, dann werdet ihr alles dankbar und in Freude derart zum Guten und Besten verwandeln, dass ihr es euren Mitmenschen und all jenen Geschöpfen weitergeben könnt, die einer guten und positiven Wandlung durch euch Menschen fähig sind.

284) Bleibt nicht von all dem abgeschnitten, was euch die Schöpfung für euer Leben im Guten und Positiven gegeben hat, auch die Energie und Kraft eures Bewusstseins, damit ihr dieses im Sinne der Evolution nutzt und darin nicht einen Niedergang erleidet; lasst euch nicht tiefer sinken, als ihr bereits gesunken seid, sondern bemüht euch um die wahrliche Wahrheit aller Wahrheit und fallt ab von eurem Gottglauben und von eurem Glauben an Götzen und veridolisierte Menschen, auf dass ihr besseren Zeiten und einem hochschwingenden Menschentum entgegengeht.

285) Beachtet die Wahrheit, wie sie euch gegeben ist in euch selbst und in den schöpferischen Gesetzen und Geboten, wie sie euch aber auch gelehrt wird durch die ‹Lehre der Propheten›, auf dass ihr die Lebendigkeit der wahrlichen Wahrheit findet und sie in euch auch erfahrt.

286) Zur Wahrheit zu finden ist für euch Menschen der Erde schwer, doch fällt es euch stetig leichter, je mehr ihr in sie eindringt und Erkenntnisse, Wissen sowie Weisheit und daraus Erfüllungen gewinnt, die in euch Wunder über Wunder der schöpferischen Güte und Schönheit ebenso erkennbar machen, wie sie auch im Äusseren grosse Wunder sichtbar und greifbar machen.

287) Seid auf dem Weg zur Wahrheit vorsichtig, denn wenn ihr unaufmerksam dahingeht und nicht alle Hindernisse und Gefahren beachtet und nicht überwindet, die sich aus der Unrichtigkeit eurer Gedanken und Gefühle ergeben, dann beginnt sich die Macht dessen zu entfalten, die euch in ganz bestimmte Formen spezieller Zwecke zwingt, die auf eigenen Wünschen bestehen, die sich erfüllen und dabei die Wahrheit ausser acht lassen sollen; und wahrlich kann euch diese Macht und Gefahr verschlingen, so ihr darin untergeht, wenn ihr unachtsam den Weg der Wahrheit beschreitet, denn bedenkt, euer altes Gedankengut und eure alten Gefühle versuchen immer wieder durchzubrechen und das Erlernen und Ergründen sowie das Befolgen der Wahrheit zu verhindern, weil die altherkömmlichen Glaubensfaktoren von ungeheurer Stärke sind und sich nicht verdrängen und nicht auflösen lassen wollen.

288) Hütet euch beim Suchen und Ergründen der Wahrheit davor, krampfhaft eure Gedanken und Gefühle kampfmässig gegen die Unwahrheit des Altherkömmlichen und des religiösen, ideologischen oder philosophischen Glaubens zu richten; Kampf wider die Unwahrheit bedeutet nicht, in Streitbarkeit dagegen anzugehen, sondern eine Abwehrhaltung einzunehmen gemäss der gewaltsamen Gewaltlosigkeit, um alles Unwahrheitliche und folglich auch alles Glaubensmässige in ihre Schranken zu weisen; wird jedoch nicht in dieser Weise gehandelt, dann zwingt ihr euch wieder in bestimmte Bahnen und fördert eure Unfreiheit wie auch den Unfrieden und die Disharmonie in euch, wodurch euer Bemühen zur lächerlichen Gaukelei und zum Zwang wird und keinen bleibenden Wert aufweist, weil wahrheitlich nichts gelernt wird und niemals die grosse Wirkung einer Beständigkeit eintritt; kampfmässige Bemühungen bedeuten Gewalt und Zwang, und solche bringen keinen Nutzen, sondern nur sehr grossen Schaden, folglich ihr davon Abstand nehmen und ihr euch der freien Entfaltung der Wahrheit zuwenden müsst, und zwar in der Weise, dass ihr willig und ohne Angriffigkeit gegen die Unwahrheit der wahrlichen Wahrheit eure Hand reicht und alles Unwahrheitliche dadurch zum Erliegen bringt, indem ihr nur noch das Wahrheitliche und die Wahrheit selbst gelten lasst, wenn ihr sie gefunden habt; nur in dieser Weise könnt ihr ohne Streitbarkeit in gewaltsamer Gewaltlosigkeit wider die Unwahrheit kämpfen und wider sie gewinnen, so ihr mit der Wahrheit als Sieger in wahrer Grösse hervorgeht.

289) Denkt an das Wort der Wahrheit, dass wahre Grösse einfach und Einfachheit wahre Grösse sowie Einfachheit wahre Schlichtheit und Bescheidenheit ist, die ihr in euren Gedanken und Gefühlen hegen und pflegen müsst, damit ihr in ihnen nicht überbordet in der einen oder anderen Art, wodurch ihr sie nicht mehr kontrollieren könnt.

290) Bedenkt, dass ihr nicht einfach mit einem Gedankenwollen eure Gedanken und Gefühle in eine wirkliche Reinheit zu bringen vermögt, denn das Wollen dazu muss schlicht und unbegrenzt aus eurem Wesen hervorkommen und aufsteigen, wobei es nicht in Worte gefasst werden kann, weil diese nur sehr begrenzt das Ganze in einem Begriff entstehen lassen können.

291) Aus dem Kern eures Wesens selbst muss das allumfassende Drängen zum Guten und zum Besten kommen, damit das entstehen kann, was machtvoll in eure Gedanken und Gefühle eindringt und sie auch umhüllt, damit das Drängen des Wollens daraus hervorgeht und jene Form bildet, die jenes Rechte ist, dessen ihr bedürft.

292) Und wisst, es ist wohl schwer, dem Drängen eures Wesens Genüge zu tun, doch ist es nicht so sehr schwer, wie ihr denkt, wenn ihr gegenüber euch selbst Bescheidenheit und Schlichtheit walten lasst, wenn ihr euren Vernunfts- und Verstandesdünkel und euer grossspuriges Können und eure eingebildete Kraft nicht ins Spiel bringt.

293) Lasst euch frei sein von euren grössenwahnsinnigen Gedanken und Gefühlen sowie der Einbildung, dass ihr grösser als die Schöpfung und absolute Herrscher des Lebens wärt; lasst den Kern eures Wesens und dessen Drängen nach Gutem, dem Besten und Höheren hervorbrechen; lasst das Edle und Gute in euch frei werden, so ihr in euch eine neue Grundlage eurer Gedanken- und Gefühlswelt erschaffen könnt, die den Fähigkeiten eures Bewusstseins entspricht; und handelt ihr demgemäss, dann könnt ihr das, was daraus entsteht, in Ruhe der Vernunfts- und Verstandesarbeit sowie der Ausführung in jeder richtigen Form überlassen, weil sich in dieser Weise niemals etwas Unrechtes daraus formen kann.

294) Werft alles das weit von euch, was euch quält in euren Gedanken und Gefühlen und vertraut dabei auf den Verstand und die Vernunft; macht das Bewusstsein frei, das sich den Weg des Lebens und den Weg zur wahrlichen Wahrheit und zu den schöpferischen Gesetzen und Geboten richtig bahnen wird, wenn ihr euch nicht dagegen verwehrt und alles durch ein irres Mauerwerk irgendeines Glaubens an Gottheiten, Götzen, Religionen, Ideologien, Philosophien und veridolisierte Menschen verbaut.

295) Werdet frei im Bewusstsein bedeutet, dass ihr das Bewusstsein in euch seinen evolutiven Weg gehen lassen sollt, weil dies von Natur aus und durch die schöpferischen Gesetze und Gebote dazu bestimmt ist, der Höhe der relativen Vollkommenheit entgegenzugehen; ihr aber, ihr Menschheit der Erde, ihr haltet es davor zurück, weil ihr ihm durch falsche gedankliche und ge-

fühlsmässige sowie handlungsmässige Machenschaften entgegenwirkt und es damit in Ketten schlagt, wodurch es sich nicht mehr frei entfalten kann.

296) Reinigt eure Gedanken und Gefühle, denn sie sind die massgebendsten Faktoren eurer Evolution und Lebensführung, und durch sie müsst ihr eine neue Menschheit schaffen, die umfassend die schöpferischen Gesetze und Gebote befolgt und nach deren Wahrheit ihr Leben führt, auf dass unter euch Menschen der Erde endlich wahre Liebe werde, so ihr in euch selbst als einzelne wie auch als Gruppen und Völker in wirklicher Freiheit und Harmonie sowie in wahrheitlichem Frieden leben könnt.

297) Und mit euren Gedanken und Gefühlen müsst ihr beginnen, so ihr sie unter Kontrolle, zur Vernunft und Rechtschaffenheit sowie zur Wahrnehmung der Verantwortung und zur Gewissenhaftigkeit und des Rechtens in allen Dingen bringt; das ist die erste Aufgabe, die ihr zu bewältigen habt und die euch langsam aber sicher zu dem macht, was ihr sein sollt, nämlich wahre Menschen in Würde und Menschlichkeit.

298) Ihr sollt euch selbst und allen euren Mitmenschen ein leuchtendes Vorbild sein, das stetig weiter nach Wahrheit und Liebe strebt.

299) Und ihr sollt dankbar für euer Leben sein, und zwar durch die ganze Art eures Daseins sowie durch die Befolgung der schöpfungsgegebenen Gesetze und Gebote, auf dass es euch wohl ergehe; und erfüllt ihr diese Pflicht, dann braucht ihr keine anderen Weisungen.

300) Erfüllt ihr die Pflichten des Lebens so, wie sie durch die Schöpfungsgesetze und Schöpfungsgebote vorgegeben sind in der Weise, dass ihr sie nach eigenem Verstand und eigener Vernunft sowie nach eigenem Ermessen ausführen und erfüllen könnt, dann empfangt ihr alle Hilfen des Daseins, die in schöpferischen Gesetzen und Geboten harren, auf dass ihr sie euch zu Nutzen macht und damit in eurer Bewusstseinsevolution aufwärtsgeht.

Abschnitt 26

1) Mit nur wenigen Ausnahmen seid ihr, ihr Menschen der Erde, einem grenzenlosen und verhängnisvollen Irrtum verfallen, denn ihr wähnt, dass eure Gläubigkeit an Gottheiten und Götzen sowie an veridolisierte Menschen die Wahrheit aller Wahrheit und diese von euch abhängig sei, indem ihr an sie glaubt oder nicht.
2) Aber wisst, die Wahrheit hat es nicht nötig, dass sie euch nachläuft und sich euch aufdrängt, denn wahrheitlich liegt die Notwendigkeit bei euch, dass ihr nach Wahrheit sucht und ihr euch zur Wahrheit begebt, auf dass ihr sie erfasst und um sie wissend werdet.
3) Weil ihr aber die Wahrheit nicht alleine findet, weil ihr irregeführt seid durch euren Glauben an Götter, Götzen, veridolisierte Menschen sowie durch Religionen, Ideologien und Philosophien, haben sich eigens Künder der Wahrheit, Propheten, zu euch ausgesandt, um euch zu belehren und zu mahnen, auf dass ihr von jeglicher eurer Gläubigkeit ablasst und ihr euch allein der Wahrheit der Schöpfung und ihren Gesetzen und Geboten zuwendet, in denen ihr ebenso die Wahrheit zu finden vermögt wie auch in euch selbst.
4) Doch trotzdem euch die Künder der Wahrheit durch die ‹Lehre der Propheten› belehren und euch den ‹Kelch der Wahrheit› bringen, macht ihr euch über sie lustig und setzt sie der Lächerlichkeit aus.
5) Ihr missachtet die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens und zerrt sie hinab in den Bereich eures Unverstandes und eurer Unvernunft, und ihr schafft durch eure

Gedanken und Gefühle eine Entwertung der Wahrheit selbst, wie aber auch der Schöpfung und ihrer Gesetze und Gebote, was aber einer Schändlichkeit sondergleichen entspricht.

6) Wahrlich richten eure falschen Gedanken und Gefühle und eure ebenso falsche Auffassung sowohl grossen Schaden in euch selbst an, wie aber auch bei euren Mitmenschen und gar bei euch allen, ihr Menschen der Erde.
7) Besonders durch das Gebaren eurer Priester und Theologen, Prediger und Sektenführer sowie Ideologen und Philosophen werdet ihr von der wahrlichen Wahrheit abgehalten und zum Glauben an ihre Irrlehren gezwungen, weil sie euch fälschlich vorgaukeln, dass der religiöse, sektiererische, ideologische oder philosophische Glaube die wirkliche Wahrheit aller Wahrheit sei; dadurch wollen sie euch zu ihrem eigenen Glauben bekehren und euch durch Überzeugung für diesen gewinnen.
8) Das alles trägt jedoch nicht dazu bei, dass ihr die effective Wahrheit findet, die allein durch die Schöpfung und ihre Gesetze und Gebote gegeben ist, denn gegenteilig führt es euch von der Wahrheit und von der Schöpfung weg und steigert in euch masslos den ohnehin schon ausgeprägten Dünkel und Wahn eurer Wichtigkeit, wodurch ihr in die Täuschung versetzt werdet, dass ihr gebeten werden müsstet, Gutes zu tun und wahrheitliche Menschen in Menschlichkeit zu werden; eine Anmassung von euch sondergleichen, denn ihr selbst müsst euch ohne Aufforderung bemühen, Gutes zu tun, wahre Menschen in Menschlichkeit zu werden und euch auch als solche aufzuführen gegenüber allen Geschöpfen und allem sonstig Existenten.
9) Doch wahrlich seid ihr mit eurem Glauben und mit eurer sonderbaren Einstellung im Gros der Menschheit noch weit vom wahren Menschsein und der Menschlichkeit entfernt, denn in eurem Glauben an Gottheiten, Götzen und veridolisierte Menschen seid ihr als Vorbilder äusserst abschreckende Beispiele.
10) In Milliardenzahl fühlt ihr euch gross und stark und lebt in einer überheblichen Genugtuung in bezug auf die Tatsache, dass ihr Gott-, Götzen- oder Menschengläubige seid und flehend erbärmlich demütige Gebete an sie verrichtet, wodurch ihr euch ein Gehobensein eures Bewusstseins sowie eurer Gedanken und Gefühle vorgaukelt, während ihr jedoch Unrechtes, Böses, Unrechtschaffenes, Verantwortungsloses, Verbrecherisches, Ungerechtes und Gewissenloses tut und euch in Hass und Eifersucht, Rachsucht und Vergeltungssucht sowie in Streit, Krieg, Folter, Lüge, Betrug, Verleumdung, Dieberei und sonst in allem ergeht, was des Übels, der Ausartung und der Verkommenheit ist; dabei fällt es euch wahrlich nicht auf, dass ihr in eurem Glauben Dinge tut, die sich niemals mit der wahren Liebe und mit der Wahrheit aller Wahrheit und damit auch nicht mit den Gesetzen und Geboten der Schöpfung vereinbaren lassen.
11) Im durch den Glauben hervorgerufenen bewusstseinsmässigen Gehobensein und in all dem Bösen, das ihr daraus tut, fühlt ihr in euch eine Genugtuung, die ihr für eure Folgsamkeit irrig als Dank an euren Gott, Götzen oder veridolisierten Menschen wertet und euch dabei eine Verbundenheit mit ihm einbildet; und nicht selten bildet ihr euch dabei auch ein Glücksgefühl und Seligkeitsgefühl ein, wenn ihr in eurem Glaubenswahn in einem demütigen Erschauern versinkt.
12) Menschen der Erde, ihr seid vielerlei Scharen von Gläubigen verschiedener Religionen, Sekten, Ideologien und Philosophien sowie von mancherlei politischen Richtungen, die sondergleichen falsch und fern der effectiven Wahrheit und Richtigkeit sind.
13) Ihr lebt durch eure Glaubensgebäude blind in einer falschen, imaginären Wirklichkeit, und ihr wähnt euch in eurem selbsterschaffenen Wahn, in Liebe und Glück zu leben.
14) Sehr viele unter euch, ihr Menschen der Erde, seid ihr in bezug auf euren Glauben und dessen Ausübung Bigotte, Fanatiker und sonstige Eiferer, Heuchler, Prahler und Betrüger sowie Verleumder, Hochmutsnarren, Grosstuer und Grössenwahnsinnige, was ihr gesamthaft auch auf euer inneres und äusseres Leben übertragt und damit in der Welt Hass und Eifersucht, Unfrieden, Unfreiheit, Folter, Krieg, Todesstrafe, Disharmonie, Verbrechen und alle bösen Übel und Ausartungen schafft.
15) Ihr hegt falschen Dank in euren Gedanken und Gefühlen und ergeht euch in eurem irren Glauben darin, eurem Gott oder Götzen in Selbstherrlichkeit zu danken, dass ihr nicht seid wie die andern,

wodurch ihr euch besser machen wollt, als ihr seid, womit ihr euch grössenwahnsinnig über eure Mitmenschen erhebt, obwohl ihr nicht mehr und nicht besser seid als diese, nämlich fehlhafte Menschen, die ihr euch erst um die Wahrheit bemühen und sie erfassen müsst, auf dass ihr durch die Befolgung der Wahrheit wahrliche, verantwortungsvolle, gewissenhafte und rechtschaffene Menschen werdet.

16) Vielfach sprecht ihr nicht aus, was ihr denkt, sondern lügt euren Mitmenschen etwas vor, heuchelt Liebe und Zugeneigtheit, obwohl ihr sie antipathisch findet und sie verachtet, und viele unter euch, die ihr das tut, ihr seid feige wider die Wahrheit, weil ihr sie nicht auszusprechen wagt und befürchtet, dass ihr euer Ansehen einbüssen und materiellen Verlust erleiden könntet, wenn ihr die Wahrheit sagt.
17) Und wenn ihr lügt oder eurem Gott oder Götzen dankt, dann schafft ihr euch damit Gedanken, durch die erhebende Gefühle entstehen, während aber in eurem tieferen Innern, in eurem Wesen, nichts weiter als gähnende Leere herrscht.
18) Euer gefühlsmässiges Gehobensein ist in der Regel nichts anderes als eine gewollte Reaktion eurer Gedanken, um euch selbst eine Befriedigung zu verschaffen.
19) Und jene vielen unter euch, welche ihr euch in Demut vor eurem Gott oder Götzen oder vor einem veridolisierten Menschen beugt, vor ihm niederkniet oder euch in den Staub werft, ihr seid in Wirklichkeit sehr weit davon entfernt, Achtung vor euch selbst und vor der wahrlichen Wahrheit zu haben.
20) In eurer Demut werdet ihr niemals zu euch selbst und zur Wahrheit finden, denn euer Selbst und die Wahrheit fordern nicht Demut, sondern Achtung, Mut, Würde und Ehrwürdigkeit.
21) Durch Demut erreicht ihr nicht eine echte innere Verfassung der wahrlichen Wahrheit, der wahren Liebe, Freiheit und Harmonie, des Friedens und der aufrichtigen Beglücktheit, und zwar auch nicht dann, wenn ihr wähnt, dass ihr sie schon sicher haben werdet.
22) Befreit euch von jeder Form der Demut, vom Hündischsein und der würdelosen Unterwerfung, und seht dazu, dass ihr nicht verlorengeht in eurer Selbstherrlichkeit, im Grössenwahn und Hochmut, was ihr fälschlich als Achtung, Mut und Würde wähnt.
23) Alle jene unter euch, welche ihr ohne jeglichen religiösen, sektiererischen, ideologischen, politischen oder philosophischen Glauben und ohne Demut seid, ihr werdet es sehr viel leichter haben, die wahrheitliche Wahrheit und Realität zu suchen und euch damit auseinanderzusetzen als jene, welche irgendeinem Glauben verfallen sind; wahrlich, viele unter euch aber seid ihr der dünkelhaften Demut verfallen, wodurch ihr die Wirklichkeit nicht seht und deshalb hündisch-demütig euren erdachten Gott, Götzen oder veridolisierten Menschen um deren Hilfe bittet, obwohl ihr euch in jeder Beziehung selbst helfen müsst.
24) Ihr könnt nicht vor einen Gott, Götzen oder veridolisierten Menschen treten, damit er euch für eure flehentlichen hündisch-demütigen Bitten, Gebete und frömmlerischen Worte belohne, denn sie sind kraftlos und nur Dunstgestalten eures Wahnes.
25) Eure flehentlichen Bitten und Gebete sind nur feige Forderungen, weil ihr in eurer Gläubigkeit nicht die Achtung, den Mut und die Würde aufbringt, euch in jeder Art und Weise selbst zu helfen; das aber entspricht einer Heuchelei, weil ihr durch eure flehentlichen Bitten und Gebete an einen Gott, Götzen, an Heilige, Engel oder an einen veridolisierten Menschen jämmerlich die eigene Unfähigkeit kaschiert.
26) Und wie ihr die eigene Unfähigkeit verdeckt, leugnet ihr in gleicher Form auch die Wahrheit, die durch die Schöpfung in ihren Gesetzen und Geboten gegeben ist; und durch euer Leugnen und Ablehnen der Wahrheit wirbelt alles in euren Gedanken und Gefühlen wild umher, wie leere Spreu, der das wertvolle Korn fehlt.
27) Eure eigene Unfähigkeit ist aufgebaut auf einem falschen, stillen und demutsvollen Erwarten in bezug auf etwas Besseres, das eure Gottheit, euer Götze oder veridolisierte Mensch, euer Heiliger oder Engel euch geben soll, und dieses Erwarten ist in Wirklichkeit nichts anderes als ein eigensüchtiges, unverschämtes und heuchlerisches Fordern aus eurer Feigheit heraus; und es ist Feigherzigkeit, auch wenn alles in noch so schönen und flehentlichen Worten zum Ausdruck ge-

bracht wird, die beweisen, dass ihr selbst nicht gross und kraftvoll genug dazu seid, um euch vom Glauben zu befreien und euch mit der effectiven Wahrheit zu verbinden, um daraus euch selbst zu helfen.

28) Und ihr unter euch Menschen der Erde, welche ihr heuchelt, euch wird der Lohn dafür gewiss sein, doch ganz anders, als ihr denkt, denn dadurch, dass ihr euch mit eurer Heuchelei selbst sättigt, so wird euch Schaden zuteil in eurer Bewusstseinsevolution, und zwar je nach dem Unwert, den ihr euch selbst erschafft.
29) Euer Wohlfühlen in eurer Heuchelei vergeht euch aber auch dann, wenn ihr durch eure Mitmenschen gemieden werdet ob eurem falschen Tun, so euch eure Gedanken und Gefühle gewisse Schmerzen bereiten und sich euer Gewissen in unerfreulicher Weise regt.
30) Jede eurer heuchlerischen Forderungen ist eine Anmassung sondergleichen, die ihr niemals rechtfertigen könnt, wenn ihr in Wahrheit nach der Wahrheit der Schöpfung und ihren Gesetzen und Geboten euer Leben führt.
31) Ihr sollt nicht bitten und nicht flehen, sondern der Wahrheit auch in der Weise Genüge tun, indem ihr in euch selbst eure Energien und deren Kräfte mobilisiert und euch nach bestem Können in jeden erdenklichen Dingen der Bewusstseinsevolution selbst helft, die äusserst umfassend ist und sehr viele Dinge in sich birgt.
32) Ihr sollt um äussere, materielle Hilfe in Bescheidenheit nur bei euren Mitmenschen nachsuchen, denn allein in dieser Weise könnt ihr Hilfe erwarten, während ihr in bezug auf eure evolutiven Bewusstseinsbelange sowie eures Wesens, eurer Individualität, eures Charakters und eurer Persönlichkeit euch nur allein helfen könnt, weil einzig ihr allein vermögt, euch in diesen Dingen zu ändern und zu entwickeln.
33) Auch die wahrlichen Propheten, die zu euch kommen, vermögen euch nicht zu ändern, weil ihr das wirklich nur allein für euch zu tun vermögt, folgedem bringen sie euch nur die Lehre dessen, was ihr tun sollt, um in euch einen Wandel zum Guten und Besten hervorzurufen; und die Künder der Wahrheit bitten euch nicht und fordern auch nichts von euch, denn sie bringen in neutraler Weise nur die Botschaft der Wahrheit und warnen, auf dass ihr selbst an euch arbeitet, um der Wahrheit des Lebens Genüge zu tun und ihr euer Dasein in Liebe, Gerechtigkeit, in Frieden, Freiheit, Gewissenhaftigkeit, Harmonie, Rechtschaffenheit und Verantwortung führt.
34) Die Künder der Wahrheit, die wahrlichen Propheten, sie geben euch nur Erklärungen in bezug auf die Wahrheit und Wegweisungen für eure Lebensführung, wobei sie dafür nicht lockende Belohnungen für sich im Sinn haben; und wie sie selbst keinen Lohn verlangen für ihre Lehre der Wahrheit, Lehre des Geistes, Lehre des Lebens, die sie bringen, so versprechen sie euch auch keine verlockende Belohnung dafür, wenn ihr euch der wahrlichen Wahrheit und dem wahren Leben nach den schöpferischen Gesetzen und Geboten zuwendet; jeden Lohn für eure Bemühungen müsst ihr euch selbst geben dadurch, indem ihr in euch ein allgemeines gedankliches sowie gefühlsmässiges und daraus psychisches und bewusstseinsmässiges Wohlbefinden aufbaut, in wahrer Liebe, Freiheit und Harmonie sowie in innerem Frieden – also geht hin und handelt danach, ihr Menschen der Erde.
35) Mit eurem Fordern steht ihr stets vor euch selbst, wenn ihr lockend fleht, bittet und betet, wie ihr auch mit eurem Klagen und Trauern nur vor euch selbst steht, denn auch diese Dinge müsst ihr mit euch und in euch selbst ausmachen, schlichten und bewältigen; wahrlich gibt es nämlich keinen Gott oder Götzen, wie aber auch keinen veridolisierten oder sonstigen Menschen, der eure Klagen und Trauer abnehmen und sie für euch bewältigen könnte, weil ihr alles stets nur in euch selbst und allein meistern und überwinden könnt.
36) Wahrlich, wenn ihr unter euch, Menschen der Erde, welche ihr in eurem Glauben an eine Gottheit, einen Götzen, veridolisierten oder sonstigen Menschen in Heuchelei weiterhin Forderungen stellt, anstatt dass ihr euch mit der Wahrheit auseinandersetzt und euer Leben danach führt, dann bleibt ihr in eurer Schlechtigkeit und in eurem Schwanken im Dunkel eurer Wahrheitsunwissenheit liegen und ihr könnt euch nicht dem Aufwärtsstreben zum wahren Leben und Menschsein hingeben; wahrheitlich seid ihr in dieser Weise ständig den Angriffen aus der Dunkel-

heit des Wahrheitsunwissens ausgesetzt, wodurch ihr nicht zur Erkenntnis eures Irrtums eures Glaubens an eine Gottheit, einen Götzen, Heiligen, Engel oder an einen veridolisierten Menschen kommen und euch nicht befreien könnt von den falschen Religionen, Ideologien und Philosophien.

Abschnitt 27

1) Bewahrt euch vor euren Freveln, Menschen der Erde, und nutzt die Zeit, die euch für euer aktuelles Leben gegeben ist, auf dass ihr die Wahrheit erlernt und den Gesetzen und Geboten der Schöpfung folgt.
2) Ihr sucht nach der Wahrheit der Schöpfung, doch gebt ihr euch einem Glauben an Gottheiten und Götzen hin sowie an Menschen, die ihr verherrlicht.
3) Hütet euch vor jedem Glauben, den ihr in eurem Verstandesdünkel als Wahrheit wähnt, denn jeder Glaube treibt euch in die Arme der wahrheitsunwissenden Dunkelheit, die triumphierend ihre Krallen in euer Bewusstsein schlägt und euch derart verwirrt, dass eure Gedanken und Gefühle in ständigem religiösem, ideologischem oder philosophischem Irrtum dahinvegetieren.
4) Wacht auf und blickt ins Licht der Wahrheit, auf dass ihr gewaltig erzittert in eurem Verstand und in eurer Vernunft, die durch euren Glauben in Beschränktheit verfallen sind, wodurch ihr die Wahrheit der Schöpfung und ihrer Gesetz- und Gebotsmässigkeiten nicht erkennen könnt.
5) Eure Beschränktheit von Verstand und Vernunft befasst sich nicht mit der effectiven schöpfungsbedingten Wahrheit, sondern einerseits mit euren Glaubensformen des religiösen, ideologischen und philosophischen Irrtums, und anderseits mit der ganzen irdischen Vergänglichkeit jener Dinge, die ihr als materielle Werte erachtet.
6) Wahrlich, die materiellen Dinge eures Daseins umschwärmt ihr wie ein goldenes Kleinod, um euch daran zu ergötzen; doch ihr seid auch wie ein Insekt, denn ihr umschwärmt eure materiellen Dinge wie Motten das Licht des Feuers; und wie sich die Motten ungewollt ins Feuer stürzen und verbrennen, so ergeht es euch gleichermassen mit eurem Bewusstsein, den Gedanken, Gefühlen und der Psyche, die Schaden nehmen in der Weise, dass sie Ausartungen ausgesetzt sind und fern aller wahrheitlichen Wahrheit bleiben.
7) Bewusst zerschlagt ihr in Enttäuschung und Zorn ob eures mühevollen Lebens in euch selbst die Wahrheit durch euren Glauben an Religionen, Sekten, Ideologien und Philosophien, weil ihr die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens missachtet, die euch durch den ‹Kelch der Wahrheit›, durch die ‹Lehre der Propheten› gegeben ist und durch die ihr den Aufstieg zum Licht der schöpferischen Wahrheit finden könnt, wenn ihr von eurem Glaubensdünkel an eine Gottheit, einen Götzen oder Menschen ablasst, die ihr zu Idolen, Meistern, Erhabenen und Gottgleichen erhebt.
8) Und durch euren Glauben an durch Euresgleichen erfundene Gottheiten, Götzen und Menschen, die ihr zu Idolen und Gottgleichen erhebt, zerschlagt ihr die wahre Liebe und schafft eine trügerische Scheinliebe in euch, die ihr schnell in Hass und Eifersucht sowie in falsche Gerechtigkeit umwandelt und dazu benutzt, um in Rachsucht und Vergeltungssucht einherzugehen, um zu foltern, zu morden und Krieg zu führen gegen alle jene, welche ihr als Feinde betrachtet; und dabei erdreistet ihr euch daherzulügen, dass die Liebe und Gerechtigkeit eurer erdichteten Gottheit oder eures Götzen Strafe, Rache, Vergeltung und Krieg gegen eure Feinde fordere.
9) Euer Zerschlagen der Wahrheit, der Liebe und der Gerechtigkeit ist das lebende Symbol eurer wahrheitsfremden Ausartung, wovon das Gros eurer Menschheit befallen ist.

10) Ihr Gros der Menschen der Erde, ihr kümmert euch nicht um die Kenntnis und das Wissen der effectiven Wahrheit, denn in eurem wahrheitsfremden, leichtfertigen Tun eurer Selbstüberhebung lehnt ihr alles ab, was der Wahrheit und dem schöpfungswahren Leben entspricht, um in hündischer Demut selbsternannte Götter anzuflehen, anzubetteln und anzubeten, wie auch um selbstgeformte Götzen zu umtanzen und damit den eigenen falschen und ungerechten Wünschen Erfüllung zu geben.
11) Immer wieder lauft ihr aber in die eigene Rückwirkung und erschafft euch selbst Vergeltung durch Krieg und Hass, weil ihr leichtfertig die Liebe und die Wahrheit verwerft und in jeder Beziehung wider die schöpferischen Gesetze und Gebote handelt, denn wahrheitlich seid ihr verbittert durch euren irregeführten Glauben und die falschen Lehren der Unwahrheit eurer erdichteten Gottheiten und Götzen sowie jener Menschen, die ihr zu Idolen und Gottgleichen erhebt; ihr glaubt den Lügen ihrer Irrlehren, die von göttlicher Liebe und Gerechtigkeit sprechen, die aber im gleichen Atemzug Rache und Vergeltung und Krieg fordern wider alle eure Feinde, auf dass ihr sie straft, foltert und mordet, so sich die Frage erhebt, wo darin noch wahre Liebe und Gerechtigkeit ist.
12) In eurem lästerlichen und ausgearteten Tun eures dauernden Frevelns in bezug auf Hass, Eifersucht, Streit, Mord und Totschlag, Krieg, Terror, Verbrechen sowie Lug, Betrug, Verleumdung, Heuchelei und Dieberei in allen erdenklichen Formen schafft ihr nur Klagen, Not, Elend, Leid und Zerstörung rundum, ohne dass ihr Zeit zur Besinnung findet oder eine Bitte um Gnade und wahrliche Hilfe erhört; und leistet ihr Hilfe und erteilt Gnade, dann tut ihr das nicht in wahrer Liebe, Bescheidenheit und Güte, sondern nur um euer selbst willen, auf dass ihr euer schlechtes Gewissen beruhigen könnt; und wahrlich sind sehr viele unter euch, welche ihr in dieser Weise handelt und keine wahrlichen Gedanken und Gefühle dabei habt, sondern nur derartige der Selbstsucht und Ausartung.
13) Wahrlich, viele unter euch, ihr Menschen der Erde, welche ihr euch durch eure Begierden hetzen lasst, ihr findet keine Zeit, euch der wahren Liebe und der schöpferischen Wahrheit und all den Schönheiten der Schöpfung zuzuwenden, die sie euch durch die Natur und das Leben gegeben hat; wahrlich, lieber schlagt ihr in Hass, Eifersucht, im Streit und in Rachsucht eurem Nächsten den Schädel ein, leistet mörderische Sterbehilfe und führt blutige Kriege, weil euch das Böse Freude bereitet und eure mörderischen Lustgefühle befriedigt.
14) Ihr, welche ihr die grausamen Fehlbaren unter euch Menschen der Erde seid, ihr dünkt euch in eurer primitiven Überhebung als weise, nennt euch gottesfürchtig, gütig, liebevoll, gerecht, verantwortungsvoll, gewissenhaft und rechtschaffen, doch wahrheitlich entspricht davon nicht ein winziges Jota der Wahrheit, denn ihr seid durchwegs vom Gegenteiligen besessen und führt euer Dasein in Ausartung und Lasterhaftigkeit; und dass ihr mit euren falschen Behauptungen eure grösste Dummheit offenbart, zeigt auf, dass ihr weder die wahrheitliche Wahrheit kennt noch versteht, weil ihr sie nicht einsehen wollt, wodurch ihr in euch auch nicht wahre Liebe zu erschaffen vermögt.
15) Ihr, welche ihr die Fehlbaren unter euch Menschen der Erde seid, ihr seid die Bösen und Schlechten unter euch Menschen der Erde, denn ihr seid jene, welche ihr Kriege führt und ungeheure Zerstörungen anrichtet, Menschen durch Sterbehilfe mörderisch in den Tod befördert, die ihr durch Terrorakte Unschuldige ermordet, die ihr Hass hegt, Eifersucht und Streit zu eurem Alltag macht, Lug und Betrug und allerlei Verbrechen, Dieberei und andere Übel begeht; ihr seid auf der Erde zum lästigen Gewürm geworden, das nichts anderes mehr kennt als Eigensinnigkeit, Böswilligkeit, Sucht und Lasterhaftigkeit sowie Charakter- und Tugendlosigkeit in übelster Ausartung.
16) Wahrlich, ihr Fehlbaren unter euch Menschen der Erde, ihr seid die vollkommene Schande der Menschheit und missachtet deren und des Lebens Normen, wodurch ihr auch die in den Dingen der Fehlbarkeit Unschuldigen in den Schmutz zieht und sie in Verruf bringt, wie ihr selbst in eurer Verruchtheit der Ächtung, der Unehre, der Schande und Anstössigkeit verfallen seid; ihr schmäht das Licht der Wahrheit, weil ihr in eurer charakterlichen und menschlichen Verkommenheit beharrlich im Dunkel des Bösen grabt, wobei ihr Gehässigkeit, Hinterlist, Neid, Wut und

Zorn sucht wider eure Nächsten und wider alle Rechtschaffenen, Gerechten, Gewissenhaften und Verantwortungsvollen, weil sie des Rechtens tun und euch nach Recht und Gesetz tadeln; ihr als Fehlbare unter euch Menschen der Erde, ihr habt schon längst den Blick verloren, der euch gestatten würde, frei die Wahrheit aller Wahrheit in den Gesetzen und Geboten der Schöpfung zu suchen, um euch daran emporzurichten, denn ihr seid zu feige geworden, um das Licht der Wahrheit zu suchen, zu erkennen und zu ertragen.

17) Ihr Fehlbaren unter euch Menschen der Erde, die ihr die Gewissenhaften, die Redlichen und Rechtschaffenen, die Verantwortungsvollen und Gerechten unter euch verhöhnt, durch euer Tun und Verhalten zeichnet ihr euch selbst, was auch dazu führt, dass ihr geblendet zurücktaumelt, sobald das Licht der Wahrheit irgendwo erstrahlt; dann versinkt ihr rettungslos im Schlund eines dunklen Abgrunds, so ihr erst recht den Weg der Wahrheit in euch selbst nicht finden könnt, den Weg, der selbst die Wahrheit und das Ziel ist; und weil ihr so irregeht, macht ihr euch selbst zu Verworfenen, die ihr vom Abgrund des Bösen aufgesaugt werdet, wenn ihr in diesen hinabstürzt.
18) Ihr seid in einer unentrinnbaren Umklammerung des Bösen gefesselt, aus der ihr euch ohne die Hilfe der Wahrheit selbst nicht befreien könnt; und Hilfe kann euch nur geboten sein durch die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, die euch durch die wahrlichen Künder der Wahrheit als ‹Lehre der Propheten›, als ‹Kelch der Wahrheit› dargebracht ist, durch die darin enthaltenen Erklärungen, was ihr zu tun und was ihr zu lassen habt, was ihr aber in euch allein durch eigene Kraft und eigenen Willen angehen und bewältigen müsst.
19) Bemüht euch, dem Licht und der Lehre der Wahrheit nachzustreben und den Weg zur Erkenntnis in euch zu finden; ihr müsst euch freimachen von eurer Anmassung und von eurem Verlangen, billigem Geflitter des Bösen nachzujagen, anstatt der wirklichen Wahrheit, die teurem Gold gleichkommt.
20) Sinkt nicht weiterhin ab in das verderbenbringende Grauen, das ihr euch selbst bereitet habt in eurer hartnäckigen Gier nach Ungerechtigkeit und Bösem, nach Unrechtschaffenheit, Gewissenlosigkeit, Verantwortungslosigkeit sowie nach Krieg und Zerstörung, Mord und allem, was des Übels ist.
21) Doch wahrlich, ihr seid kleine Menschlein, die ihr in eurem lächerlichen Schablonenwissen, dem Scheinwissen der Schulweisheit, der Religionen, Sekten, Ideologien, der Politologie und der Wissenschaften sowie der Philosophien eifert und alles weit in den Vordergrund schiebt und euch damit meint und scheinen wollt, doch was ist all das gegenüber der effectiven Wahrheit aller Wahrheit, wie sie gegeben ist durch die Schöpfung und ihre Gesetze und Gebote, durch die alles Existente geworden ist; und all das könnt ihr trotz eurer Lügen und Lästereien, trotz eurer Verleumdungen und Negation der Wahrheit nicht trüben, denn als kleine Menschlein seid ihr zu winzig, um das Getriebe und die unumstössliche Existenz der Schöpfung sowie ihre Wahrheit und Gesetze und Gebote stören zu können.
22) Ihr könnt nur euch allein stören, in eurem Dasein, in eurer Lebensführung, in eurer Evolution des Bewusstseins und in allen Dingen, die das wahre Menschsein ausmachen, und ihr stört euch dermassen, dass ihr verwirrt seid und ihr euch nicht retten könnt ohne die Anleitung der Erklärungen in bezug auf die Wahrheit durch die ‹Lehre der Propheten›, weil ihr selbst keine Ahnung von der wahrheitlichen Wahrheit aller Dinge habt.
23) Wahrlich, ihr seid durch die altherkömmlichen Irrlehren religiöser, ideologischer und philosophischer Façon vielerlei Bewusstseinsstrauchrittern verfallen, falschen Propheten, Priestern, Gurus, Meistern, Erhabenen, Göttlichen und sonstigen Götter- sowie Götzenanbetern, die wie Wegelagerer noch heute über euch herfallen und euch in jeden bösen Irrtum führen; sie umschleichen den äusseren rechten Pfad, der zur Wahrheit in euch selbst führt, nämlich die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens und die Erklärungen der wahrlichen Propheten; und sie tun es, um euch weiterhin im Glauben an eine Gottheit, einen Götzen oder an veridolisierte Menschen zu fesseln und euch immer weiter im Irrtum der falschen Lehren zu halten, auf dass ihr euch nicht selbst werdet, nicht selbst für alles und jedes in eurem Leben die Ver-

antwortung tragt, damit ihr weiterhin in hündischer Demut eurem Gott, Götzen oder veridolisierten Menschen verfallen bleibt.

24) Sie geben euch in Lüge vor, dass sie den Weg der Wahrheit beschreiten, doch was sie euch wirklich bieten, sind nur grosse Gesten und abgebrauchte Worte, verblödende und hörigmachende Kulthandlungen und Rituale, die sie stolz und befangen als göttliche Überlieferungen und Wünsche präsentieren, deren eigentlichen Unsinn sie aber selbst nicht verstehen und mit dummen Ausflüchten zu bemänteln suchen; wahrlich dreschen sie nur leeres Stroh und verstreuen kernlose Spreu, weil sie keine eigentlichen Körner in ihrem ganzen religiösen, ideologischen und philosophischen Unsinn finden können, in dem jeder Verstand, jede Vernunft und jede Erklärungsmöglichkeit fehlt, wie auch das Verständnis.
25) Und wenn ihr alles beschaut und bedenkt, dann erkennt ihr, dass dieser Art Beschränktheit überall in allen Religionen, Sekten, Ideologien und Philosophien begegnet wird, wobei deren Prediger, Priester, Oberen, Vertreter und Gläubigen mit stumpfsinniger Beharrlichkeit auf krankhaft dummen Worten, Sätzen, Lehren und falschen, unverständlichen Erklärungen herumpochen, und zwar einerseits darum, weil sie selbst bei der Erfindung des ganzen Unsinns nichts dazu beigetragen haben, und andererseits darum, weil sie in Wahrheit den ganzen höheren Blödsinn selbst nicht verstehen.
26) Millionen und Millionen, ja gar Milliarden seid ihr unter euch, ihr Menschen der Erde, welche ihr euch einbildet, allein den wahren Glauben und den alleinigen richtigen Gott, Götzen oder veridolisierten Menschen zu haben.
27) Und voller hündischer Demut warnt ihr, welche ihr zu den Gläubigen gehört, überall dort eure Mitmenschen in eurem gläubigen Hochmut sowie in eurer Selbstherrlichkeit, wo etwas über euren Verstand sowie über eure Vernunft und also über euer Begreifen der Dinge geht, weil in irriger Gläubigkeit euer Intellekt und eure Intelligenz gewaltsam unterdrückt und versklavt sind durch einen religiösen, ideologischen oder philosophischen Glauben, der niemals auch nur die geringste Beweiskraft hat.
28) Wahrlich, ihr Fehlbaren unter euch Menschen der Erde, welche ihr der Wahrheitsunwissenheit und allen Lastern und Süchten sowie allen Übeln und allem Bösen frönt, ihr seid die Schlimmsten unter der irdischen Menschheit, denn ihr seid es wahrlich unter allen, welche ihr verkommen und verworfen seid, weil euch in eurer Wissensverstocktheit keine aufrichtige und in wahrer Liebe keine wirkliche Güte sowie keine in Rechtschaffenheit, Gerechtigkeit und Verantwortung sowie keine von Gewissenhaftigkeit geprägte Gedanken und Gefühle aufkommen; denn wahrlich versteht und wollt ihr es nicht, dass diese hohen Werte in euch entstehen und ihr danach leben sollt.
29) Doch kommt es nicht dazu, dass ihr der Wahrheit noch kundig werdet und eure Fehlbarkeit erkennt und begreift, dann nützt es euch nichts, wenn ihr in Entsetzen, Klagen und Bitten verfallt, wenn euch durch euer Fehlverhalten Unheil widerfährt; trifft euch das Unheil eurer Fehlbarkeit, dann habt ihr es nicht anders gewollt und die Zeit verfehlt, da ihr das Ganze eurer Fehlbarkeit noch hättet wandeln und ihr euch der Wahrheit hättet zuwenden und sie befolgen können.
30) Und bedenkt, ihr Fehlbaren, wenn euch das selbstverschuldete Unheil trifft, dann wird niemand deswegen für euch trauern, denn jedem Menschen ist dafür jeder Augenblick zu schade, um auch nur einen Gedanken an euer Unheil zu verschwenden, welche ihr alles besser wissen wollt, obwohl ihr nichts wisst.
31) Und kommt ihr in eurer Hartnäckigkeit aus der Wahrheitsunwissenheit und eurer Wahrheitsleugnung sowie Wahrheitsverleumdung nicht heraus, dann werdet ihr darin blind bleiben und euer wahres Leben ebenso verpassen wie auch eure Bewusstseinsevolution.
32) Ihr Fehlbaren unter euch Menschen der Erde, die ihr mit euren schleimig-widerlichen Worten eurer verlogenen Beteuerungen eure Gläubigkeit an eure erdichteten Gottheiten und Götzen sowie veridolisierten Menschen versichert und beschwört, ihr habt nur ein eingebildetes Wahrheitserkennen, denn in Wirklichkeit habt ihr nicht ein Stäubchen eines Gewichts einer Ahnung, was die Wahrheit überhaupt ist.

33) Und ihr Fehlbaren unter euch Menschen der Erde, die ihr in grossen Massen seid und die ihr regelmässig oder sporadisch eure Gottes- und Götzendienste verrichtet oder jenen Menschen demütig huldigt, die ihr zu Idolen und Gottgleichen oder zu Heiligen erhebt, ihr tut das nur aus eurem Glauben heraus, aus Angst oder aus Furcht vor Strafe, aus erdachter, eingebildeter Notwendigkeit, aus Zweckmässigkeit und Gewohnheit oder einfach darum, weil es so Brauch und Sitte ist; und manche sind unter euch, welche ihr alles nur aus naiver Vorsicht tut, weil ihr denkt, dass ihr ja letztlich nicht wissen könnt, wozu das Ganze letztlich gut sein kann, so also vorsorgen besser sei, als eben Schaden erleiden, und zwar ganz nach dem Prinzip «vorbeugen ist besser als heilen».
34) Und jene unter euch, welche ihr wie bedauernswerte Forscher seid, die ihren ernsten und wirklichen Forschersinn verfehlen, ihr wühlt in Dingen herum, die wider jeden Verstand und jede Vernunft sind und folglich zu keinem Ergebnis und zu keinem Ziel führen; ihr glaubt nach der Wahrheit zu suchen und verheddert euch in einem Gestrüpp, aus dem ihr euch nicht mehr zu erheben vermögt, folglich ihr sinnlos, mühsam und unermüdlich darin herumwühlt, weil ihr wähnt, darin einen Weg zur Wahrheit und damit zur Schöpfung und zu ihren Gesetzen und Geboten zu finden; und wenn ihr nichts findet, entschuldigt ihr euch bei euch selbst damit, dass alles zu schwer und zu schwierig sowie zu mühsam sei; euer Entschuldigen nützt euch jedoch nichts, denn ihr seid nicht gewillt, das Schwere, Mühsame und Schwierige auf euch zu nehmen, folglich ihr mit allem nur nichtssagende Spielerei betreibt.
35) Und jener grosse Teil unter euch Menschen der Erde, welche ihr angeblich nicht die Zeit findet, um in euch hineinzuschauen und in euch selbst die Wahrheit aller Wahrheit zu finden, die Wahrheit der Schöpfung und ihrer Gesetze und Gebote, ihr seid gar geplagte Geschöpfe, denn ihr wähnt, dass es anstrengend genug sei, euch der täglichen Arbeit und den Notwendigkeiten des materiellen Lebens und allen Dingen darüber hinaus zu widmen sowie der Erfüllung der Bedürfnisse und Wünsche, die ihr habt; dabei aber lasst ihr das Suchen nach der effectiven Wahrheit aller Wahrheit ausser acht, wie auch die Evolution eures Bewusstseins.
36) Wahrlich, und so wie ihr nach euren materiellen Dingen jagt, merkt ihr nicht, dass ihr gemäss der Erfüllung eurer Bedürfnisse und Wünsche diese stetig steigert, weil ihr immer nach mehr verlangt und nicht mit dem zufrieden seid, was ihr habt; und eure Unzufriedenheit kennt kein Ziel, denn ihr strebt nach immer mehr und könnt dadurch nie zur Ruhe kommen, wodurch ihr auch keine Zeit findet, euch der Suche nach der schöpferischen Wahrheit zuzuwenden, an die ihr nicht einen Gedanken und nicht ein Gefühl verwendet, folglich ihr auch nicht aus eurer falschen Lebensweise erwachen könnt.
37) Ihr seid gefangen in eurer falschen Lebensweise, in euren falschen Gedanken und Gefühlen sowie in eurem Sinn nach materiellen Gütern, nach Besitz und Reichtum, nach Sucht und Laster sowie nach Vergnügen und zweifelhaften Freuden, wobei ihr das hohe Ziel in bezug auf eure Bewusstseinsevolution ebenso vergesst wie auch die Suche nach der Wahrheit in euch und in den schöpferischen Gesetzen und Geboten; also lasst ihr euch durch eure eigenen Bedürfnisse und Wünsche sowie durch eure Begierden, Laster, kranken Freuden und Süchte usw., sowie durch euren religiösen, ideologischen oder philosophischen Glauben durch euer Erdendasein hetzen, als Sklave eurer irdischen Bedürfnisse, Wünsche und Begehren.
38) Im Tun dieser sklavischen Haltung ermattet ihr und braucht Abwechslung, Ruhe und Zerstreuung sowie Erholung, folglich euch keine Zeit dazu bleibt, euch mit eurem Mentalblock und Bewusstseinsblock zu beschäftigen, folglich eine Verkümmerung eures Bewusstseins, eurer Gedanken und Gefühle, der Psyche, des Charakters, der Persönlichkeit und der Tugenden entsteht, woraus auch die fehlende Auseinandersetzung mit dem Leben und Tod entsteht, so nicht einmal ein leiser Anflug einer Regung hochkommen kann dafür, was sein wird, wenn das Leben sein Ende findet; nur sehr wenige unter euch werdet ihr vielleicht einmal für einen Augenblick etwas nachdenklich, doch lasst ihr euch nicht tiefer davon ergreifen oder gar davon erwecken, sondern ihr verdrängt alles in Furcht und Scheu und weist es mangels der notwendigen Zeit zum Nachdenken schnell und unwirsch wieder von euch.

39) Viele unter euch, welche ihr vielleicht einmal kurz an den Tod denkt, ihr erwartet, dass andere für euch die Schlüsse aus Leben und Tod ziehen sollen, weil ihr in Furcht und Scheu nicht wagt, euch damit zu befassen und gar mit eurem Schicksal hadert, murrt und es anklagt, weil ihr in euch selbst durch Jämmerlichkeit nicht die Möglichkeit findet, eure Gedanken und Gefühle darauf zu lenken.
40) Und ihr, welche ihr so seid und so handelt, bei euch ist so lange jedes Wort der Erklärung verloren, solange ihr nicht mutig werdet und die Wahrheit nicht erkennen und nicht wahrhaben wollt; also liegt es nur an euch allein, das Ganze in euch zu ändern und eurer Jämmerlichkeit zu entfliehen, auf dass ihr mutig werdet und ihr euch in euren Gedanken und Gefühlen dem Leben und Tod zuwendet, um dadurch ein umfängliches Verständnis und das notwendige Wissen zu gewinnen, wodurch ihr euch von eurer Furcht und Scheu befreien könnt.
41) Ihr Menschen der Erde, löst euch davon, euch nur der irdischen, materiellen Notwendigkeit hinzugeben, die vielfach nur auf Einbildungen beruht und die sich mit ihren Erfolgen stetig steigert, wodurch ihr nach immer mehr eingebildeten Notwendigkeiten verlangt und damit eure materiellen Wünsche ins Unendliche steigert.
42) Wahrlich habt ihr niemals etwas anderes als eure materiellen Wünsche befriedigt und niemals ernsthaft nach der wirklichen Wahrheit gesucht, obwohl ihr paradoxerweise seit alters her nach der effectiven Wahrheit verlangt, die ihr, ausser wenigen, aber nicht finden könnt, weil ihr nur dem Materiellen und der Erfüllung eurer irdischen Wünsche nachjagt.
43) Seit alters her schafft ihr Hindernisse aller Art gegen die wahrliche Wahrheit, die sich als Gewissheit in Erkennung der Wirklichkeit, der Realität, offenbart und die ihr nur in euch selbst und in den schöpferischen Gesetzen und Geboten finden könnt.
44) Ihr ergeht euch allein in allen materiellen Dingen, die ihr als Notwendigkeit für euer Dasein erachtet, wobei ihr jedoch leichtsinnig alles wegschiebt, was euch zur Wahrheit führen könnte, zu der viele von euch erst dann finden, wenn ihr in grosse Not geratet oder wenn euch das Sterben ankommt; kehrt vom Weg des Alleinmateriellen ab und lasst die Wahrheit und die Evolution eures Bewusstseins nicht eine zeithabende Nebensache sein, eine Nebensache, von der ihr wähnt, dass ihr genügend Zeit hättet, um sie euch bewusst zu machen und zu erlernen; wahrlich ist jede Sekunde des Lernens von grösster Bedeutung, denn jede noch so kurze Zeit des Nichtlernens ist verlorenes Leben und verlorene Bewusstseinsevolution.
45) Ihr aber, ihr Menschen der Erde, ergibt sich für euch doch einmal eine erkennbare Gelegenheit, euch mit dem Leben, dem Tod, der Wahrheit aller Wahrheit und mit eurer Bewusstseinsevolution zu befassen, dann entstehen in euch umgehend diverse Extrawünsche, die ihr erfüllt haben wollt, die jedoch wahrheitlich nichts anderes sind als Ausreden und Ausflüchte in bezug darauf, dass ihr vor dem Hinwenden zur Wahrheit und zum Lernen erst noch Zeit braucht, um dieses und jenes zu erledigen, wobei ihr flunkert, dass ihr dann gerne bereit sein werdet, euch der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens zuzuwenden; doch wahrlich ist das nur bewusste Lüge.
46) Mit nur äusserst wenigen Ausnahmen ist bei euch Menschen der Erde die Ernsthaftigkeit zu finden, die unbedingt zu den Notwendigkeiten des Suchens und Erlernens der wirklichen Wahrheit gehört, die in den Gesetzen und Geboten für alle Dinge des Daseins und aller Existenz vorgegeben ist; und wahrlich, von dieser Ernsthaftigkeit seid ihr noch weit entfernt, weil ihr euch selbst zu Verworfenen macht und ihr in euch nicht den Weg der wahrlichen Wahrheit sucht, der in sich selbst die Wahrheit und das Ziel ist.
47) Wenn ihr vielen Fehlbaren unter euch Menschen der Erde euch in Aufrichtigkeit betrachtet, welchen euch die Ernsthaftigkeit zum Suchen und Ergründen der Wahrheit fehlt, dann erkennt ihr, dass ihr wie faule Früchte seid, die ihr stetig weitere Fäulnis um euch verbreitet; wahrlich ein trauriges Bild, das leider jedoch der Wahrheit und Wirklichkeit entspricht.
48) Ihr verachtet die Ernsthaftigkeit des Suchens und Ergründens der Wahrheit, weil euch euer Glaube an Religionen, Ideologien, Philosophien sowie an Gottheiten, Götzen und veridolisierte Menschen derart mürbe macht, dass ihr dauernd in hündischer Demut und Jämmerlichkeit vor

ihnen im Staube kniet; denkt euch einmal hinein in eure Demütigkeit und Jämmerlichkeit, die euch paradoxerweise gegenüber euren Mitmenschen und allem Schöpferischen auch wieder anmassend macht, so ihr wähnt, besser zu sein als sie, um handkehrum wieder in Angst, Furcht und Feigheit zu euren Gottheiten, Götzen und veridolisierten Menschen zu klagen, zu bitten, zu betteln und zu flehen, auf dass sie euch beistehen und helfen sollen.

49) Wahrlich, die schwere Last der Wahrheitsunwissenheit und aller Folgen daraus, die ihr euch selbst auferlegt, droht euch je länger je mehr zu zermalmen; und ihr bittet, betet, fleht und bettelt bei euren Gottheiten, Götzen und Menschen, die ihr als Idole erhebt, damit sie eure Qualen von euch abwenden und sie auflösen sollen, während ihr jedoch keinen Gedanken und kein Gefühl aufwendet, um in euch selbst eine Besserung hervorzurufen und euch der wahrlichen Wahrheit der Schöpfung und ihren Gesetzen und Geboten zuzuwenden.

50) Mit all euren Wünschen seid ihr nur des falschen Sinnes, in eurem Trachten alles nur nach irdischen, materiellen Dingen auszurichten, wobei aber kein ehrlicher Gedanke und auch kein dementsprechendes Gefühl eines ehrlichen Wunsches zur Bemühung einer freiwilligen Änderung in euch zustande kommt.

51) Ein freiwilliges Erkennenwollen sowie ein mutiges Zugeben und Beenden eurer falschen Lebensführung, eurer verkrachten Individualität und all des Bösen und Falschen, der Fehler, der Irrtümer und Schändlichkeiten, die euer Dasein beherrschen und beeinträchtigen, kommt euch nicht in den Sinn.

52) Und kommt ihr in grosse Not, dann schreit ihr nach der Wahrheit und wimmert und fleht, jedoch nur in feiger Angst und in der Hoffnung, dass euch durch die Wahrheit Hilfe zuteil und eure Qual beendet werde; doch diese Hilfe wird euch nicht zuteil werden, es sei denn, dass ihr euer Trachten ehrlich der Wahrheit zuwendet und gemäss ihr euer Leben führt; ihr aber stosst euer eigenes Verlangen nach Hilfe von euch selbst ab wie giftiges Gewürm, weil ihr die Wahrheit leugnet und nicht erkennt, dass nur ihr allein euch helfen könnt, wenn ihr die wahrheitliche Wahrheit in euch selbst findet durch den Weg der Wahrheit, der selbst die Wahrheit und das Ziel ist.

53) Würde euch aber Hilfe zuteil werden durch die Wahrheit, ohne dass ihr diese annehmt und nach ihr euer Leben führt, dann würdet ihr nach eurem Flehen und Wimmern sofort wieder in eure alte Lebensweise und in die alten Fehler zurückfallen und weiterhin die Wahrheit verleugnen und euch damit vergiften.

54) Wahrlich, nur wenn ihr die effective Wahrheit sucht, sie findet, annehmt und nach ihren Gesetzen und Geboten euer Leben führt, werdet ihr die Energie und Kraft finden, euch endlich aufzuraffen und einer dauernden Besserung einordnen; dazu aber müsst ihr euch voll und ganz der Wahrheit aller Wahrheit zuwenden, die allein als Gewissheit in Erkennung der Realität zu finden ist und die ihr in euch selbst sowie in den schöpferischen Gesetzen und Geboten suchen, finden, erkennen und ergründen müsst.

55) Um die wahrliche Wahrheit zu finden, müsst ihr, Menschen der Erde, eure Demut an eure imaginären Gottheiten und Götzen sowie an jene Menschen ablegen, die ihr zu Idolen erhebt; also müsst ihr aber auch eure Verstocktheit gegenüber der wahrlichen Wahrheit abwerfen und euch aufrichtig bemühen, das Wort der Wahrheit der wahrlichen Propheten zu bedenken und deren Lehre der Wahrheit, Lehre des Geistes, Lehre des Lebens zu nutzen, um euch zu wandeln und allein nur noch nach den schöpferischen Gesetzen und Geboten euer Dasein zu gestalten.

56) Ein Verstehen der ‹Lehre der Propheten›, die euch gesamthaft gegeben ist im Buch ‹Kelch der Wahrheit›, wird euch aber nur dann möglich sein, wenn ihr in eurem Menschenbewusstsein all jenen unermesslichen Unrat von euch werft und vernichtet, den ihr in eurer Überheblichkeit gegen die effective schöpferische Wahrheit sowie in eurem eingebildeten Verstehen und eurer ins Lächerliche geschwollenen Vernunft angesammelt habt.

57) Und wollt ihr euch wirklich der wahrheitlichen Wahrheit zuwenden, sie erlernen und befolgen, dann müsst ihr von ganz vorn beginnen und sein wie die Kinder – ohne Dünkel, Grössenwahn und Selbstherrlichkeit, sondern frei und offen, um in neutraler Weise alles zu lernen und in euch zu verarbeiten, um daraus in Wahrheitsträchtigkeit wissend und weise zu werden.

58) Bedenkt, wenn ihr die Wahrheit sucht, dann müsst ihr euch neutral verhalten, denn ein Mitnehmen all der Fehler und Irrtümer sowie der Glaubensformen an Gottheiten, Götzen und veridolisierte Menschen ist unmöglich, denn ihr müsst von Grund auf vollständig neu beginnen und alles an Demut und gläubiger Einfalt fallenlassen und vergessen, denn nur in dieser Weise wachst ihr aufwärts zur Wahrheit hin und erstarkt in ihr.
59) Würde euch die Wahrheit allein dadurch helfen, weil ihr ihre Hilfe braucht, ihr euch jedoch nicht um sie bemühen wollt, dann würdet ihr sie in Gefahr und Not einfach um ihre Hilfe bitten, diese jedoch umgehend sehr schnell vergessen, wenn eure Angst und euer Schrecken wieder verschwunden sind; müsstet ihr euch nicht mühsam selbst um die Wahrheit und Hilfe bemühen, dann würdet ihr nach der Hilfeleistung, so skrupellos wie zuvor, kritisierend euren Unverstand und eure Unvernunft einsetzen wider die Wahrheit, statt sie zu erwägen.
60) Solcherlei Tun ist für eure kurze Lebensdauer absolute Zeitverschwendung, durch die ihr auch eure Zukunft gefährdet, weil ihr nicht durch die effective Wahrheit das Schöpferische in euch erweckt, sondern gegenteilig in euch selbst sowie in der ganzen Welt nur Hass und Krieg sowie Ungerechtigkeit, Eifersucht und Mord und Totschlag schafft und ausartet in Folterei, Terror, Verbrechen, Rachsucht und Vergeltungssucht, wodurch bei euch Unrechenschaft, Ungerechtigkeit, Rechtlosigkeit, Gewissenlosigkeit und Verantwortungslosigkeit stetig überhandnehmen, wie auch eure Sucht nach unkontrollierter Nachkommenschaft, die in immer wilderer Überbevölkerung ausartet, die das Klima des Planeten zerstört und durch die massenweise Leben aller Art getötet und auch ausgerottet wird.
61) Wahrlich, ihr Menschen der Erde, es liegt nunmehr allein bei euch, weiter dem Elend, der Not, allen erdenklichen Übeln und womöglich eurem Untergang und der Zerstörung eurer Welt zuzueilen, oder euch zu besinnen und euch der Wahrheit zuzuwenden und den schöpferischen Gesetzen und Geboten, um diese zu befolgen und euch selbst sowie eure Welt und deren Natur zu bewahren; bedenkt, ihr allein seid verantwortlich für die Überbevölkerung und für alle Not und alles Elend sowie für die Klimazerstörung und das gesamte Unheil jeder Art und Weise, das die ganze Welt und Menschheit durchzieht; all das nur darum, weil ihr euch nicht um die effective Wahrheit bemüht, diese nicht sucht und daher auch nicht finden und nicht nach ihr und nicht nach den wahrlichen Gesetzen und Geboten der Schöpfung leben könnt, weil ihr irren Glaubensformen und falschen Regeln, Gesetzen und Geboten eurer falschen und erfundenen Gottheiten und Götzen nachhängt und deren durch euch Menschen erdichtete Forderungen nach Strafe und Krieg gegen jene befolgt, die ihr als eure Feinde wähnt.
62) Ihr habt nur die Wahl, euch aus euren selbsterschaffenen Verstrickungen zu befreien und der Wahrheit der Schöpfung sowie ihren Gesetzen und Geboten Folge zu leisten – oder unterzugehen.
63) Die Wahl für alle Dinge eures Daseins ist euch freigestellt, doch bedenkt, wie auch immer ihr euch entscheidet, die Folgen eures Entschlusses bestimmen euer Handeln, und zwar im Rechten und Guten wie auch im Falschen und Schlechten, denn welche Ursachen ihr schafft, demgemäss werden sich die Wirkungen daraus ergeben.
64) Allein wenn ihr die richtigen Ursachen schafft, werden sich auch richtige und wertvolle Wirkungen ergeben, aus denen sich für euch einzelne und für eure ganze Menschheit wahre Liebe und Harmonie sowie Frieden und Freiheit entwickeln, wodurch alles Böse, jeder Krieg und Terror wie auch sonst alle Übel im Keime erstickt werden.
65) Die richtigen Ursachen für richtige Wirkungen könnt ihr jedoch nur schaffen, wenn ihr konform mit der Wahrheit aller Wahrheit geht, die ihr in euch als Gewissheit in Erkennung der Wirklichkeit erfahren und erleben müsst.

Abschnitt 28

1) Wie oft macht ihr Erdenmenschen euch falsche Bilder von Worten, weil ihr sie in ihrem eigentlichen Begriff und Wert nicht versteht, wie z.B. in bezug auf das Wort Wahrheit, das ihr in den Abgrund eures Glaubens an einen Gott, einen Götzen oder Menschen stosst, den ihr zum Idol hochstilisiert.
2) Ihr sucht die Wahrheit in einem religiösen, ideologischen oder philosophischen Glauben und versteht nicht die Falschheit des Glaubens, der in keiner Weise etwas mit der Wahrheit zu tun hat, die allein in der Gewissheit in Erkennung der Wirklichkeit gegeben ist.
3) Wenn ihr bedingungslos die Wahrheit sucht, dann findet ihr sie nur in der Gewissheit in Erkennung der Realität, denn einzig, was der Realität resp. der Wirklichkeit entspricht, ist Wahrheit, niemals jedoch ein Glaube irgendwelcher Façon, weil er in jeder Weise immer irreal, unwirklich und unbeweisbar ist, gegensätzlich zur effectiven Wahrheit, die auf nachweisbarer Realität beruht.
4) Ihr Erdenmenschen aber, ihr lebt in vollständiger Verirrung, fern der Wahrheit der Schöpfung und ihren Gesetzen und Geboten, falschen Glaubensformen nachhängend, wodurch ihr erfundene Gottheiten, Götzen und Menschen als Idole verherrlicht.
5) Und ihr versteht nicht Bilder des Begriffs Geistig, nicht die Geistigkeit und nicht das Bild des Begriffs Geistform, so ihr nicht wisst, dass diese Bilder und Begriffe nicht identisch sind mit eurem Bewusstsein, dessen Evolution ihr bewusst eingeordnet sein solltet, was ihr jedoch nicht versteht; wie auch nicht, dass ihr durch das Bewusstsein und nicht durch den euch belebenden Geist resp. die Geistform eure Ideen hervorbringt sowie eure Gedanken und die daraus entstehenden Gefühle; euer euch belebender Geist, eure Geistform, ist rein schöpfungsenergetischer Natur und ist euch nur gegeben, um euer Bewusstsein und euren Körper zu beleben, während allein euer materielles Bewusstsein jener Faktor ist, aus dem ihr Ideen und Gedanken usw. erschafft, was gegensätzlich dazu eurem Geist resp. eurer Geistform nicht möglich ist; der Geist in euch nimmt nur die aus eurem Bewusstsein erschaffene Essenz des Wissens resp. die Weisheit auf und evolutioniert damit, während das Bewusstsein selbsttätig evolutioniert durch sein Wirken des Forschens und Lernens.
6) Ihr versteht aber diese Dinge nicht und lebt in vollständiger Verwirrung durch die falschen Lehren der Religionen, Ideologien und Philosophien, wobei sich diese Verwirrung in allem zeigt, was ihr durch euer Bewusstsein zustande bringt in bezug auf eure Ideen und Gedanken und die daraus resultierenden Gefühle, wie aber auch in all eurem Wirken und Handeln.
7) In eurer Verwirrung wollt ihr die wahrliche Wahrheit zu eurem hilfreichen Sklaven machen, der nur zum Wohl euch kleinwissenden Erdenmenschen dienlich sein und euch Rettung in der Not bringen soll, wobei ihr jedoch keine Ahnung habt, was die Wahrheit wirklich ist und diese nur in der Gewissheit in Erkennung der Wirklichkeit existiert, jedoch nicht in irgendeinem Glauben, wie ihr in bösem Irrtum annehmt.
8) Und die Rettung, die euch durch die Wahrheit gebracht werden soll, davon macht ihr euch ein falsches Bild, weshalb ihr von ihr bedingungslose Hilfe erwartet und dabei alles ausschliesst, was zur Wahrheit gehört, wie die absolute Realität und alles, was darin enthalten ist, wie die Gerechtigkeit, die wahre Liebe, den Frieden, die Freiheit und Harmonie, die Rechtschaffenheit, Verantwortung, Gewissenhaftigkeit und das Gerechte.
9) Sucht also in den Worten und Begriffen die wahren Bilder resp. die wahren Inhalte und denkt einmal gründlich über euch selbst nach, und beleuchtet und erforscht einmal ohne Selbstbeschönigung klar und sachlich eure Gedanken und Gefühle, um ihnen auf den wahren Grund zu gehen, sie zu erkennen und zu verstehen; und tut ihr das, dann werdet ihr erkennen müssen, dass eure ganze Gedanken- und Gefühlswelt niemals auf etwas anderes eingestellt war als auf fordernde Wunscherfüllungen sowie Hilfe und Rettung, die ihr von euren erdichteten Gottheiten, Götzen und veridolisierten Menschen erwartet.
10) Natürlich nennt ihr eure Hilfe-, Rettungs- und Wünscheforderungen an eure Gottheiten, Götzen und veridolisierten Menschen nicht beim wahren Namen, nämlich bei der hündisch-demütigen

und flehentlichen Bettelei, wie dies der Art eures verbildeten und fehlgesteuerten Wesens entspricht, sondern ihr umschreibt euer falsches Wollen und unterwürfiges Betteln als Gebete und Hingabe in Gläubigkeit.

11) Ihr legt euch ein Mäntelchen der Verlogenheit an und zugleich der demütigen Dienerei, wobei ihr euch selbst verleugnet und auch der Heuchelei verfallt, so sich daraus also nichts Gutes und nichts Aufrichtiges ergibt, weil alles, was ihr in eurem ganzen Tun selbst bei euren euch selbst erniedrigenden Gebeten und Betteleien an eure Gottheit, euren Götzen oder veridolisierten Menschen verrichtet, voller Unehrlichkeit und voller Übel ist.
12) Und alle ihr unter euch Erdenmenschen, welche ihr voller Ungerechtigkeit, Wahrheitsunwissenheit, dafür jedoch voller Glauben an Religionen, Ideologien oder Philosophien dahingeht, seid endlich einmal wahr und ehrlich gegen euch selbst, und zwar derart tiefgreifend, dass ihr erzittert beim Erkennen dessen, was ihr euer Leben lang Falsches und Wahrheitswidriges getan und dadurch ein Leben der Schande geführt habt.
13) Alle jene unter euch, welche ihr in eurem Glauben anmassend, eigenwillig und unzufrieden seid, ihr seid auch heuchlerisch und oberflächlich, und so euch Leid und Not treffen, vergeht ihr im Selbstmitleid und hofft auf die Hilfe von anderen, während ihr aber ohne wirkliches Mitgefühl seid, wenn andere von Not und Leid getroffen werden, weil ihr im Rahmen dessen denkt, dass euch die eigene Haut am nächsten sei und die anderen sich doch selbst helfen sollen.
14) Ihr Anmassenden, Eigenwilligen und Unzufriedenen unter euch Erdenmenschen, ihr solltet euch fragen, welche Art Menschen ihr vor der Allmacht, Erhabenheit und Harmonie der Schöpfung seid, die für euch schaltet und waltet, dass ihr alles habt, was ihr zum Leben braucht und das ihr nutzen könnt, wie es euch gefällt, das ihr aber in eurer Selbstherrlichkeit und Überheblichkeit gesamthaft als Selbstverständlichkeit und ohne Dankbarkeit nehmt und nutzt.
15) Ihr lebt in einer unglaublich grössenwahnsinnigen Dünkelhaftigkeit und glaubt, dass ihr mit dem Durchzwingen eurer durch eure unlogische Denkungsart erstellten unlogischen und lebensfremden Gesetze und Verordnungen Frieden, Freiheit und Harmonie unter eurer Menschheit erschaffen könntet; eure Gesetze und Verordnungen sind aber nicht im Einklang mit den schöpferischen Gesetzen und Geboten und bringen daher statt Liebe, Ordnung, Frieden, Freiheit und Harmonie nur Zwang, Unfreiheit, Hass, Unfrieden und Disharmonie.
16) Euer Wollen nach Liebe, Frieden, Freiheit und Harmonie versucht ihr nicht durch die Wahrheit der schöpferischen Gesetze und Gebote zu erlangen, nicht durch Verstand, Vernunft und nicht durch wahre Klugheit und Folgerichtigkeit, sondern durch ein falsches Wollen in unverantwortlicher Klügelei und krankhaft-dummer Denkensweise; dadurch sucht ihr für euch selbst Vorteile zu erringen in bezug auf Ämter, Ansehen, Titel, Hab und Gut und Reichtum, und dafür tut ihr alles und merkt nicht, dass ihr damit sowohl euch selbst als auch euren Nächsten und Mitmenschen und gar eurer ganzen Menschheit nur Schaden bringt.
17) Alles lastet wie eine schwere Bürde auf euch, die ihr durch eure eigene Schuld tragen und nicht ablegen könnt, wie sie durch euer falsches Tun auch nicht durch das Gesetz der Wechselwirkung gelöst und aufgehoben werden kann, es sei denn, dass ihr euch der wahrlichen Wahrheit zuwendet und ihr euch durch sie davon zu lösen vermögt, indem ihr euch ändert in eurem Wollen, und zwar zum Guten, zum Besten und zum Richtigen.
18) Nur wenn ihr euch zum Guten, Besten und Richtigen ändert und in aufrichtigem Wollen euch darauf ausrichtet, werdet ihr vor dem Sturz bewahrt, der euch in noch tiefere Abgründe fallen lässt, als ihr schon gefallen seid; nur durch euer ehrliches Wollen und Bemühen könnt ihr in euch die hemmenden Hindernisse wegreissen, die sich schon so lange und bisher unaufhaltsam mit allem Bösen auf euch niederwälzten und euch in Bewusstseinsträgheit und Dünkelhaftigkeit verharren liessen, wodurch ihr bisher im Sinnen des Bösen verharrt, das weit entfernt der Wahrheit und fern aller schöpferischen Gesetze und Gebote ist.
19) Beendet eure Wissensdunkelheit und lasst das Böse, das Unrecht, die Ungerechtigkeit und Unrechtschaffenheit sowie die Gewissenlosigkeit und Verantwortungslosigkeit in euch zusammenbrechen, und lasst die wahre Liebe, Harmonie und Freiheit sowie den Frieden in euch und in

eurer ganzen Menschheit Wahrheit werden, auf dass ihr lernt, das wahrliche Leben zu leben, um eure Kriege, euren Hass und eure Eifersucht sowie eure Verbrechen und alle sonstigen Übel zu beenden.

20) Lasst alle Übel auf eurer Welt und in euch zusammenbrechen und schwingt das Wort der wahren Liebe und der wahrlichen Wahrheit in euch und unter allen Menschen empor, auf dass es siegreich werde und durch die ganze Welt halle und es alle hören können und daraus lernen und danach leben.
21) Bedenkt jedoch der Bedingung, dass ein jeder unter euch Erdenmenschen sich selbst zu mühen hat, um die Wahrheit zu erkennen und zu befolgen, denn nur dann, wenn jeder einzelne unter euch sich wandelt, kann alles auf die ganze Menschheit übergreifen und sie zu einer wahrhaftigen Einheit machen, aus der heraus gemeinsam alle Übel bekämpft und aufgelöst werden, durch die ihr seit alters her in Kriegen und Hass, in Eifersucht, Unfrieden, Unfreiheit, Verbrechen, Terror sowie in Disharmonie und vielen anderen Übeln lebt.
22) Lasst nicht zweifelnd die Möglichkeit dessen an euch vorüberziehen, alles zum Guten, zum Besten und Richtigen zu ändern, indem ihr die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens resp. die ‹Lehre der Propheten›, den ‹Kelch der Wahrheit› befolgt.
23) Bringt ihr aber nicht die Energie und Kraft und nicht den Verstand und nicht die Vernunft in euch auf, um der Lehre zu folgen, dann nützt euch alles nichts, was ihr für die Liebe, Freiheit und Harmonie sowie für den Frieden unternehmt, denn ihr werdet weiterhin das Falsche tun und Krieg, Hass, Terror, Überbevölkerung und jedes mögliche Übel über eure Welt und über euch selbst bringen, weil ihr durch euren Unverstand und eure Unvernunft nicht in die Lage kommt, jenen Augenblick zu erfassen, durch den ihr den Weg zum wahrheitlichen Fortschritt sowie zur wahren Liebe und Nächstenliebe, zur Freiheit, Harmonie und zum Frieden finden könnt.
24) Wahrlich liegt eure Rettung im Befolgen der Wahrheit gemäss den schöpferischen Gesetzen und Geboten, also ihr das Wort der Wahrheit und die Wahrheit selbst aufnehmen müsst, um euch von den Banden des Bösen zu lösen, die euch niederhalten in Verkennung und Verfälschung der tatsächlichen Wahrheit.
25) Seit alters her wurdet ihr durch falsche Lehren falscher Propheten vergiftet und gefährdet durch falsche Darstellungen der Wahrheit, die ihr in Verfälschungen zu Religionen, Ideologien und Philosophien und zu Glaubenskulten an Gottheiten, Götzen und veridolisierten Menschen gemacht habt; damit aber habt ihr auch alle Frische, alle Energie und Kraft sowie alle Klarheit der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens bis zur Unkenntlichkeit verunstaltet und sie mit Lügen und mit schadenbringenden Verleumdungen umhüllt, während ihr daraus falsche und religiöse, ideologische und philosophische Glaubensformen und Kulte geschaffen habt, durch die ihr in Bewusstseinsträgheit verfallen seid, wodurch ihr so lange immer weiter ins Verderben rennt, bis ihr zur wahrlichen Wahrheit und damit zu den schöpferischen Gesetzen und Geboten findet und diese befolgt.
26) Hütet euch also vor den verderbenbringenden falschen Irrlehren der Religionen, Ideologien und Philosophien, denn durch diese werdet ihr nur in einen betörenden Schlummer der Unwahrheit, Täuschung und der Irreführung geführt, der sich letztlich zum Tiefschlaf des Verderbens wandelt, aus dem ihr dann Zeit eures Lebens nicht mehr erwachen könnt.
27) Bedenkt, in dem liegt keine wahre Liebe, was euch die Religionen, Sekten, Ideologien und Philosophien in bezug auf die Nachgiebigkeit und allesverzeihende Güte der erfundenen Gottheiten, Götzen und veridolisierten Menschen lehren, sondern das Ganze ist Falschheit und für euch eine betörende Droge, die eure Wachheit eures Bewusstseins nur zur Müdigkeit zwingt und schwächt, so es letztlich erlahmt und euch zum Glauben zwingt, aus dem ihr euch nur noch schwerlich zur rechten Zeit befreien könnt, wenn ihr einmal davon befallen seid.
28) Nur eure scharfe Vernunft und euer klarer Verstand können die Müdigkeit der Betörung durchdringen und der wahrlichen Wahrheit sowie der wahren Liebe den Weg bahnen, der euch auf euren inneren Weg der Wahrheit führt, der selbst die Wahrheit und das Ziel ist.

29) Reine Vernunft und klarer Verstand kennen keine Beschönigungen, keine Lügen und keine Verleumdungen, wie sie aber auch keine Entschuldigung für Vortäuschungen kennen, wie diese durch den religiösen, ideologischen oder philosophischen Glauben praktiziert werden; und aus diesem Grunde, ihr Erdenmenschen, die ihr euch nur zu gerne selbst etwas vortäuscht oder euch durch einen Glauben etwas vortäuschen lasst, seid ihr rücksichtslos gegen euch selbst und verletzt euch in Wirklichkeit dort sehr schwer, wo bei euch der Verstand und die Vernunft zur Wahrheitsfindung nicht in Ordnung sind.
30) Die Weichlichkeit, in der ihr durch euren religiösen, ideologischen, sektiererischen oder philosophischen Glauben gefangen seid, bringt euch einzelnen und der ganzen Menschheit grossen Schaden, denn in dieser Weichlichkeit wähnt ihr, dass ihr dereinst durch etwas Höheres, durch einen Gott oder Götzen, in einer Art Gerechtigkeit gerichtet werdet, die euch schon seit langem durch euch fremd geworden ist, weil ihr euch durch euren Glauben von der Wahrheit entfernt habt; dadurch seid ihr der Wahrheit verlustig gegangen, dass nicht eine Gottheit, ein Götze oder veridolisierter Mensch euch Gerechtigkeit geben kann, sondern nur ihr euch selbst.
31) Allein die Gerechtigkeit durch die Schöpfung und ihre Gesetze und Gebote ist unwandelbar, und diese Gerechtigkeit könnt ihr nicht finden bei einem imaginären Gott, Götzen oder bei einem Menschen, den ihr zum Idol erhebt, sondern nur in euch selbst, indem ihr euch der wahrheitlichen Wahrheit aller Wahrheit zuwendet und ihr so folgt, wie sie durch die schöpferischen Gesetze und Gebote vorgegeben ist; und diese wahre Gerechtigkeit schöpferischer Art ist unabhängig von jeder menschlichen Meinung; und sie ist frei von Gunst und Parteilichkeit, von Macht, Bosheit, Rache, Hass und Vergeltung.
32) Wendet ihr nicht alle Energie und Kraft auf, um euch vom Alten und Falschen und von eurem Glauben an eine Gottheit, einen Götzen oder veridolisierten Menschen zu lösen, dann könnt ihr auch nicht lernen, die wahrliche Gerechtigkeit zu verstehen, die ebenso im Kern eures Wesens vorhanden ist wie auch die wahre Liebe und die wahrheitliche Wahrheit; und erkennt ihr im Kern eures Wesens nicht die wahre Liebe, Wahrheit und Gerechtigkeit, dann könnt ihr in eurem Selbst auch nicht neu werden, denn nur wenn ihr mit der ganzen Wahrheit im Leben steht und bewusst nach der Evolution eures Bewusstseins strebt, entsteht aus euch selbst heraus die Hilfe, die ihr benötigt, um euer Leben gemäss den schöpferischen Gesetzen und Geboten sowie in wahrer Liebe, Freiheit, Harmonie und in Frieden zu führen.
33) Wahrlich, jeder einzelne unter euch, ihr Erdenmenschen, muss sich selbst helfen durch die Erkennung und Befolgung der Wahrheit, die euch allein den wahrheitlichen Weg des Lebens zeigt, den ihr zu gehen habt; und nur auf diesem Weg findet ihr das wahre Dasein, das euch jedoch nicht zuteil wird, wenn ihr diesen Weg nicht beschreitet.
34) Erdenmenschen, ihr müsst erstarken im Kampf der gewaltsamen Gewaltlosigkeit um die wahrheitliche Wahrheit, denn ihr müsst ihn selbst führen, jeder für sich allein – oder ihr werdet untergehn.
35) Erwacht endlich und stellt euch im Kampf der gewaltsamen Gewaltlosigkeit gegen alles Böse und alles Dunkel in euch, denn allein dadurch schafft ihr in eurem Innern die notwendige Energie und Kraft, um die wahrliche Wahrheit zu finden und ihr Folge zu leisten, so wie sie gegeben ist durch die schöpferischen Gesetze und Gebote; seid ihr aber Schwächlinge und hängt ihr weiterhin eurem Glauben an Gottheiten, Götzen, Engel, Heilige und veridolisierte Menschen nach, dann geht euch das wahre Leben verloren, wie auch alles, das es an Energie und Kraft besitzt.
36) Seid ihr Schwächlinge und von Glaubensformen abhängig, dann könnt ihr die effective Wahrheit nicht finden, und jene wenigen Dinge, die ihr von ihr vielleicht zu finden vermögt, wisst ihr nicht richtig zu verwenden; und ausserdem wird es euch wieder genommen durch euren Glauben, dem ihr in Angst und Furcht ergeben und zu feige seid, um euch von ihm zu befreien, folglich ihr eure Energie und Kraft für euren gläubigen Eifer in unrechter Art aufwendet, wodurch sich das uralte Wort bewahrheitet, dass Glaube eine Droge ist, von der sich der Mensch kaum mehr zu befreien vermag, wenn er ihr einmal verfallen ist.

37) Wahrlich, statt dass ihr Gotteshäuser baut, um darin fälschlich zu erdichteten Göttern und Götzen zu beten und falsche Lehren falscher Lehrer zu verbreiten, solltet ihr Stätten der Wahrheit erbauen, in denen allein die wahrliche Wahrheit aller Wahrheit gelehrt wird, die Wahrheit der Schöpfung, ihrer Gesetze und Gebote und deren Wirkungen; und statt Gläubigkeitsveranstaltungen und Gebetsveranstaltungen solltet ihr Veranstaltungen und Feste tun, bei denen die Wahrheit um die Schöpfung und ihre Gesetze und Gebote und die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, der ‹Kelch der Wahrheit› gelehrt wird, auf dass ihr Erdenmenschen als ganze Menschheit in der effectiven Wahrheit wissend und weise werdet und die schöpferischen Gesetze und Gebote in vollem Verantwortungsbewusstsein befolgt; und wahrlich könnt ihr beim Lernen der Wahrheit und bei Veranstaltungen und Festen zugunsten der Wahrheit und deren Erlernen auch voll Freude und Fröhlichkeit sein und alle erdenkliche Verantwortung wahrnehmen.

38) Die Verantwortung tragen ist immer das erste, was ihr zu tun habt, doch die weitaus grösste Zahl unter euch Erdenmenschen, ihr wälzt das Tragen und Ausüben der Verantwortung auf eure imaginären Gottheiten, Götzen, Engel, Heiligen und auf veridolisierte Menschen sowie auf eure Nächsten und sonstigen Mitmenschen ab, weil ihr einerseits die Verantwortung als Last erachtet, die ihr euch nicht selbst aufbürden wollt, und andererseits, weil euch das Tragen derselben aus Feigheit zuviel ist oder weil ihr denkt, dass ihr nicht selbst verantwortlich seid.

39) Das Abwälzen der Verantwortung aber, und zwar ganz gleich in welcher Art und Weise, entspricht einer Selbstentwertung sowie einer feigen Demütigkeit gegenüber jenen, welche die Verantwortung tragen sollen; das Abwälzen der Verantwortung ist aber andererseits auch wohlkalkulierter Bedacht in der Beziehung, dass ohne das Tragen und Ausüben der eigenen Verantwortung um so freudiger, lustiger und skrupelloser drauflosgelebt werden kann.

40) So denkt ihr unter euch Erdenmenschen, welche ihr all eure Gelüste und Wünsche erfüllen wollt, dass ihr alles ohne das Tragen der eigenen Verantwortung erlangen könnt, wie aber auch, dass ihr euch gegenüber euren Nächsten und Mitmenschen verantwortungslos austoben könnt.

41) Notfalls lassen sich ja eure menschlichen Gesetze und Verordnungen umgehen und Konflikte vermeiden, so manche Geschickte unter euch im Namen der Gesetze und Verordnungen erfolgreiche kriminelle Handlungen und sonstige Gesetzesbrüche usw. begehen können, die keiner moralischen Prüfung standhalten, nichtsdestotrotz aber grosse Namen und Titel führen und den Ruf eines besonders tüchtigen und erfolgreichen Menschen geniessen.

42) So seid ihr viele Unrechtschaffene unter euch Erdenmenschen, welche ihr trotz eurer geringen Klugheit entsprechend euren eigenen Ansichten und eurer Verantwortungslosigkeit gemütlich leben könnt, wobei euch in eurer Gewissenlosigkeit kein unbehagliches Gewissen drückt und sich auch nicht eine Unruhe darüber zeigt, dass euer Tun nicht richtig ist und ihr es anders tun solltet, als es euren Wünschen und eurem Gebaren entspricht.

43) Die Wahrheit ist die, dass die Wirklichkeit des Lebens unerbittlich ist, folglich eure Wünsche in dieser Beziehung keine Abweichung von der Realität herbeiführen können, denn ehern bleiben die schöpferischen Gesetze und Gebote bestehen, dass das, was ihr sät, ihr in der Regel auch wieder ernten werdet; und diese Tatsache sagt mehr aus, als ihr euch erdenken könnt, denn das Ganze entspricht exakt dem Vorgang der Wechselwirkung, wie diese durch die schöpferischen Gesetze und Gebote gegeben ist.

44) Die Wechselwirkung ist derart genau, dass aus einer Ursache zum voraus eine bestimmte Wirkung bestimmbar ist, die immer mehr enthält, als die Ursache ursprünglich in sich trug, gleich dem, dass aus einem einzigen ausgesäten Korn in Form einer Ähre ein Vielfaches entsteht; also trifft euch Erdenmenschen in vielfältiger Form das wieder als Wirkung, was ihr als Ursache in euren Gedanken und Gefühlen erschafft und aussendet, und zwar je nach der Art eures Wollens in negativer oder positiver Weise.

45) Seid euch bewusst, dass ihr bewusstseinsmässig und durch eure Gedanken und Gefühle sowie durch eure Handlungen und euer Wirken für alles die Verantwortung tragt, wobei diese nicht erst einsetzt bei der Ausführung der Tat, sondern schon beim Entstehen der Idee und beim Ent-

schluss durch die Gedanken und Gefühle, durch die letztlich alles ins ernste Wollen umgesetzt wird.

46) Bedenkt, es gibt keine Trennung zwischen der Idee und der Ausführung, wenn die Idee tatsächlich verwirklicht wird, denn alles ist zusammengehörend und eine Einheit.

47) Alles geht stets miteinander, niemals nebeneinander, denn die Gewaltigkeit der euch Erdenmenschen unsichtbaren Wirkungen der schöpferischen Gesetze und Gebote greifen wie ein perfektes und niemals versagendes Getriebe ineinander, so also auch in bezug auf eure Ideen, Gedanken, Gefühle, Handlungen und euer Wirken in jeder Beziehung.

48) Und die Gesetze und Gebote der Schöpfung, des Universalbewusstseins, sind universell einheitlich, und so tragen sie auch das Ganze in euch und durchweben jede Faser eures Körpers und eurer Nervenstränge und halten alles zusammen, wobei alles in gegenseitiger Wechselwirkung steht und dadurch einwandfrei funktioniert.

49) Alles funktioniert also gemäss den Wirkungen der schöpferischen Gesetze und Gebote, die alles durchdringen und ohne die keine Ursachen und keine Wirkungen zustande kommen können; sprechen daher falsche Lehren von Himmel und Hölle und von Gott und Teufel, dann ist das grundlegend falsch, wie es auch falsch ist, von guten und bösen Kräften zu reden, denn alle Energien und Kräfte sind in ihrer Art neutral, so also auch Negativ und Positiv, die erst dann eine bestimmte Wirkung erbringen, wenn sie zusammengeführt werden; Himmel und Hölle sind keine Orte, sondern Zustände in euch selbst, die ihr durch Ideen, Gedanken und Gefühle eigens in eurer Psyche erschafft, wie auch gleichermassen das Gute und das Böse, das ihr ebenfalls aus euren Ideen, Gedanken, Gefühlen und durch eure eigenen Entschlüsse willentlich in die Tat umsetzt; also sind auch in euch Erdenmenschen eure Energien und Kräfte neutral, folglich ihr selbst daraus Gutes oder Böses macht, und zwar durch eure Ideen, Gedanken und Gefühle sowie durch eure Entschlüsse und euer Wollen; grundlegend sind Negativ und Positiv in sich selbst je eine vollkommene Einheit, wie sie auch in richtiger Weise zusammengeschlossen eine vollkommene Einheit ergeben, jedoch in falschem Zusammenschluss Unheil erzeugen, wie z.B., wenn ihr aus euren Energien und Kräften durch falsche Ideen, Gedanken und Gefühle sowie durch ein falsches Wollen Böses erzeugt.

50) Es gibt nur ein in sich vollkommenes Negatives und ein in sich vollkommenes Positives, wobei durch den Zusammenschluss beider Pole wiederum eine vollkommene Einheit entsteht, und diese Einheit ist schöpfungsgegeben durch die Gesetze und Gebote als schöpferische Energie und Kraft, die fortwährend alles Schöpferische durchwallt und untrennbar mit der Schöpfung und allen ihren Geschöpfen und mit allem durch sie Existentgewordenen verbunden ist.

51) Die schöpferische Energie und die daraus resultierende Kraft ist überall zu finden, in jedem Wassertropfen, in der Luft, im Fels und Gestein, in jeder Pflanze und in jeder Lebensform, also es nichts gibt, worin die Energie und deren Kraft nicht vorhanden wären.

52) Und wie alles von der schöpferischen Energie und Kraft durchflutet ist, so werdet auch ihr Erdenmenschen ohne Unterlass davon durchströmt, als Schwingungen aus der Geistenergie der Schöpfung heraus, wodurch in euch das Leben entflammt und es nährt.

53) Durch eure besondere Beschaffenheit eures bewusst arbeitenden Bewusstseins nehmt ihr die auf euch einströmende neutral-positiv-ausgeglichene schöpferische Energie und deren Kraft auf und leitet sie weiter durch eure Ideen und Gedanken sowie durch die daraus hervorgehenden Gefühle, woraus dann gemäss euren Entschlüssen und eurem Wollen das Wirken entsteht, eure Taten und Handlungen; und je nach der Art eurer Ideen, Gedanken und der damit zusammenhängenden Gefühle sowie der daraus resultierenden Entschlüsse und des Wollens, nutzt ihr selbsttätig die neutral-positiv-ausgeglichene Energie und deren Kraft aus eurem Bewusstsein in negativer oder positiver resp. in böser oder guter Art und Weise, folglich ihr also die Energie und deren Kraft nach eigenem Sinn nutzt und selbst darüber bestimmt, was ihr in absolut eigener Verantwortung im Negativen oder Positiven resp. im Bösen oder Guten tun wollt; das aber ist eure grösste Verantwortung, die ihr mit eurem freien Willen als Menschen tragen müsst.

54) Ihr unter euch Erdenmenschen, welche ihr oft krampfhaft nach dem rechten Weg des Lebens sucht, ihr sollt es euch nicht so schwer machen, sondern schaut in aller Einfachheit einfach auf die schöpferische Energie und deren Kraft, die durch euch fliesst und euch belebt und wie ihr sie nutzt, um eure Ideen, Gedanken und Gefühle zu schaffen, die ihr nach eigenem Willen und Entschluss im Guten oder Bösen formt, wofür ihr die alleinige Verantwortung tragt; und schaut ihr auf die euch belebende schöpferische Energie und deren Kräfte, dann findet ihr darin ohne grosse Mühe alles, was ihr wissen müsst.
55) Und wenn ihr auf die schöpfungsgegebene Energie und deren Kräfte schaut, dann seid euch bewusst, dass es nur an euren Gedanken und den daraus resultierenden Gefühlen sowie an eurem Entschluss und Willen liegt, ob ihr durch diese gewaltige und in sich neutral-positiv-ausgeglichene Energie und Kraft Gutes oder Böses erbringen wollt; wahrlich, euch allein ist durch eure Entscheidung das Gute oder Böse gegeben, je nachdem, welche fördernden oder verderbenbringenden Gedanken und Gefühle ihr in euch formt und zur Wirkung bringt.
56) Strengt euch nicht an, um euch in Glaubensformen, Glaubensübungen und Glaubenskulten religiöser, ideologischer, philosophischer, esoterischer und sonstig okkulter Richtungen sowie durch alle möglichen und unmöglichen Körperübungen und Bewusstseinsanstrengungen zu verkrampfen, denn das bringt euch keinen wahren evolutiven Bewusstseinsaufschwung, sondern nur Scheinerfolge nichtssagender Irrlehren.
57) Lasst ab von allen Glaubensformen irgendwelcher Art, denn sie sind nur nutzlose und zeitraubende Unsinnigkeiten, die euch immer und immer wieder zur peinigenden Quälerei und zur Selbstgeisselung werden, die euch keinerlei Gewinn bringen in bezug auf eure Bewusstseinsevolution und das Erkennen und verantwortungsvolle Befolgen der schöpferischen Gesetze und Gebote.
58) Eure Vertreter, Priester und sonstigen falschen Lehrer, falschen Propheten und deren Schüler sowie die Religionisten, Ideologen und Philosophen, die Sektierer, Meister, Erhabenen, Göttlichen und veridolisierten Menschen usw., die euch die Unwahrheit in bezug auf all die Gottheiten und Götzen predigen, die allesamt erdichtete Imaginationen sind, sie sind allesamt moderne Scheinheilige in Scheinfrömmigkeit, und zwar auch dann, wenn sie die Unsinnigkeiten ihrer falschen religiösen, ideologischen oder philosophischen Lehren in einem tiefen Glauben vertreten, der niemals als Wahrheit bewiesen werden kann, weil jeder Glaube auf reinen Spekulationen beruht und keinerlei Handhabe der Wirklichkeit aufweist.
59) Lasst euch nicht durch die falschen Lehren irreführen, die verantwortungslos gepredigt werden von falschen Propheten, von Gottes- und Götzendienern, sondern lasst euch in reiner Freude der Erkenntnis einhergehen, dass ihr durch eure einfachen und gutwollenden Gedanken und Gefühle mühelos die neutral-positiv-ausgeglichene, einzigartige und gewaltige Energie und Kraft, die euch durch die Schöpfung gegeben ist, zum Besten und zum Guten im umfänglichen Tragen der Verantwortung zu lenken und zu nutzen vermögt; und je gemäss eurer Verantwortung sowie eurer Gedanken, Gefühle, eures Willens und eurer Entscheidung wirkt sich die Energie und ihre Kraft aus, so ihr sie nur in richtiger Weise verantwortlich zum Besten und Guten nutzen und lenken müsst.
60) Das Nutzen der schöpferischen Energie und Kraft in euch, durch die ihr euer Bewusstsein nutzen und Ideen, Gedanken und daraus Gefühle schaffen könnt, geschieht in Einfachheit und Schlichtheit, und dazu bedarf es keiner religiösen, ideologischen oder philosophischen Gelehrsamkeit, somit aber auch keines Glaubens an eine Gottheit, einen Götzen oder an veridolisierte Menschen, wie auch nicht an esoterischen und sonstig okkulten Unsinn; und wahrlich bedarf es zur Nutzung der schöpferischen Energie und Kraft in euch auch nicht des Lesens und des Schreibens, sondern nur eures klaren Verstandes und der Vernunft, um die Wahrheit zu erkennen und aus dieser heraus die schöpfungsgegebene Energie und Kraft zu nutzen, durch die ihr der Gedanken und Gefühle fähig seid.
61) Und wahrlich, die schöpferische Energie und die darin enthaltene Kraft ist jedem von euch Erdenmenschen in gleichem Masse gegeben, und zwar ohne Ausnahme, so also kein Unterschied

darin besteht, denn ein Unterschied ist nur gegeben in bezug auf den Stand der Bewusstseinsevolution sowie hinsichtlich dem Grad von Verstand und der Vernunft, woraus auch das Wahrnehmen der Verantwortung resultiert.

62) Das Wahrnehmen der Verantwortung aber ist auch verbunden mit dem Wahrnehmen der Realität der schöpferischen Gesetze und Gebote und deren Wirkungsweise, worin auch das Wahrnehmen aller Dinge verankert ist, was nicht direkt durch das Bewusstsein geschieht, sondern durch das dem Bewusstsein vorgesetzte Unbewusste, das nicht mit dem Unterbewusstsein identisch ist; jede Wahrnehmung erfolgt also durch die dem Bewusstsein vorgesetzte Unbewusstenform, wodurch augenblicklich unbewusste Gedanken und daraus bewusste Gefühle ausgelöst werden, wonach dann erst, mit einer Verzögerung von 25–30 Hundertstelsekunden, das Bewusstsein und bewusste Gedanken selbst in die Wahrnehmung eingeschlossen werden.

63) Wie ihr auch die Dinge der Realität wahrnehmen könnt, vermögt ihr bei genügender Achtsamkeit und Aufmerksamkeit auch die schöpferische Energie und deren Kraft in euch wahrzunehmen, durch die ihr durch euer Bewusstsein sowie durch eure Gedanken und Gefühle ungeheure Wirkungen erzielen und die Energie und Kraft lenken könnt, und zwar im Guten oder Bösen, je nachdem, wie ihr alles willentlich formt und nutzt in Verantwortung oder Verantwortungslosigkeit.

64) Nutzt ihr die euch gegebene schöpferische Energie und Kraft zum Guten und Besten in voller Verantwortung, dann könnt ihr euch darüber freuen und ein gutes Selbstgefühl haben, vergeudet ihr sie aber nutzlos oder verwendet ihr sie zum Bösen, dann zittert, denn durch die in den schöpferischen Gesetzen vorgegebene Wechselwirkung könnt ihr dem Schaden nicht entgehen, den ihr euch durch das Ungute erschafft; die Kraft der Wechselwirkung trifft euch immer, und zwar sowohl im Guten, wenn ihr sie des Rechtens gebraucht, wie aber auch im Bösen, wenn ihr sie missbraucht, und wahrlich könnt ihr euch davor nicht verbergen.

65) Also wird das Gute ebenso durch die reine neutral-positiv-ausgeglichene schöpferische Energie und Kraft in euch bewirkt wie auch das Böse, und zwar je nachdem, wie ihr sie nach eigenem Ermessen und Willen im Guten oder Bösen gestaltet und zur Wirkung bringt.

66) Euch ist die Verwendung der schöpferischen Energie und ihrer Kraft freigestellt, so ihr sie nach eigenem Ermessen und Willen formen und zur Wirkung bringen könnt, doch birgt sich darin auch die Verantwortung, die ihr zu tragen habt und der ihr niemals entrinnen könnt; folglich sollt ihr alles im Guten und Positiven nutzen, auf dass ihr die volle Verantwortung für eure Ideen, Gedanken, Gefühle und Handlungen sowie für all euer Wirken in jeder Beziehung tragen könnt; also ist euch geboten, dass ihr eure Gedankenwelt und eure daraus resultierenden Gefühle in Liebe hegt und pflegt und ihr in euch Frieden, Freiheit und Harmonie walten lasst, um gesamthaft alles auch hinauszutragen unter eure Nächsten, eure Mitmenschen und eure ganze Menschheit.

67) Auch ihr unter euch Erdenmenschen, welche ihr fern der effectiven Wahrheit dahinlebt und Wahrheitsunwissende, Ungerechte, Gewissenlose, Unrechtschaffene und Verantwortungslose seid und die ihr die schöpferischen Gesetze und Gebote missachtet, ihr könnt frohlocken, denn auch euch ist die gleiche schöpferische Energie und Kraft gegeben wie den Gerechten, Rechtschaffenen, Verantwortungsvollen und Gewissenhaften, die stark in ihrem Wahrheitswissen sind und die gegensätzlich zu euch den schöpfungsgegebenen Gesetzen und Geboten folgen.

68) Ihr braucht nur die schöpferische Energie und Kraft in euch zu nutzen, euch nicht alles schwer zu machen und nicht zu vergessen, dass alles Schöpferische auch durch euch strömt und ihr fähig seid, allem nach eurem eigenen Ermessen und Willen eine bestimmte Richtung zu geben, so im Guten wie im Bösen, in Freude und Leid, in Liebe und Hass sowie verheerend oder aufbauend.

69) Doch bedenkt, es gibt nur diese eine Schöpfungsenergie und -kraft, die ihr nutzen und damit wirken, sie aber auch durch euer Bewusstsein sowie durch eure Gedanken und Gefühle stärken und erweitern könnt; ausser ihr gibt es nichts Vergleichbares, so also auch keine Gotteskraft, die in euch irgendwelche Dinge bewirken könnte, weil jede Gottheit eine erdichtete Einbildung in Wesenlosigkeit und daher keiner Energie und Kraft fähig ist.

70) Und allein die Schöpfungsenergie mit ihrer Kraft trägt in sich das Geheimnis dessen, dass früher oder später immer das Kostbare und Wertvolle obsiegt, dass die Dunkelheit dem Licht, das Böse dem Guten, der Hass der Liebe, das Unwissen dem Wissen, die Unweisheit der Weisheit und die Disharmonie, der Unfrieden und die Unfreiheit der Harmonie, dem Frieden und der Freiheit weichen muss.
71) Dass aber all die hohen Werte der Liebe, der Freiheit und Harmonie, des Friedens, Wissens und der Weisheit nicht lange auf sich warten lassen müssen, ihr Erdenmenschen, sollt ihr euch bewusst darum bemühen und die reine, neutral-positiv-ausgeglichene Schöpfungsenergie und Kraft in eurem Bewusstsein zum Edlen, Guten und Wertvollen nutzen und in euch die Wahrheit, ihr Wissen und ihre Weisheit aufbauen.
72) Lasst die ursprüngliche Schöpfungsenergie und ihre Kraft ungetrübt und entfaltet sie in euch, macht sie stärker und entwickelt daraus eure Bewusstseinsevolution, wie sie euch durch den Sinn des Lebens vorgegeben ist.
73) Und lasst nicht eure schöpfungsgegebene Bewusstseinsenergie und deren Kraft einer Schwächung durch falsche Ideen, Gedanken und Gefühle einer Trübung und etwas Unreinem anheimfallen, denn die schöpferische Energie und Kraft müsst ihr derart nutzen und steuern, dass sie immer durchschlagend und ausschlaggebend ist.
74) Wahrlich, wenn ihr nur ein wenig Achtsamkeit und Aufmerksamkeit für eure Gedanken und Gefühle aufbringt, dann erkennt und nehmt ihr selbst wahr, was das Gute und was das Böse ist, und zwar ohne dass ihr es aussprechen oder darüber nachgrübeln müsst; in Achtsamkeit und Aufmerksamkeit das Gute und das Böse in euch zu erkennen ist der richtige Weg der Erkenntnis, nicht jedoch ein dumpfes Grübeln, denn das bringt keine Erkenntnisse, sondern nur Verwirrung und Verschwendung von Energie und Kraft; Grübeln wirkt wie ein zäher Morast, wie ein Sumpf, der alles in sich reisst, lähmt und erstickt.
75) Seid in euren Bemühungen wachsam und dem Frohsein zugetan, auf dass ihr wirkliche Erkenntnisse gewinnt; gebt ihr euch aber dem Grübeln hin, dann verwirrt ihr euch in allerlei Dingen, die ihr niemals ergründen könnt, wodurch ihr bedrückt und traurig werdet.
76) Ihr könnt Vergangenes nicht ändern und es auch nicht wieder gutmachen, sondern ihr könnt dafür höchstens Genugtuung geben, wie durch ein Abbitten oder durch eine Entschädigung irgendwelcher Form, denn was einmal geschehen ist, kann keiner Veränderung mehr zugeführt werden.
77) Ihr könnt alles Vergangene hinter euch lassen und jeden Augenblick den Weg zur Höhe der Wahrheit und der Wirklichkeit sowie zum Tragen der Verantwortung beschreiten, wenn ihr nicht in Feigheit vor der Wahrheit und Wirklichkeit zurückschreckt.
78) Macht euch daran, an die reine Wahrheit zu denken und eure Verantwortung für euer Dasein sowie für alles zu tragen, was ihr an Ideen, Gedanken und Gefühlen hegt und pflegt, was ihr wirkt und tut und handelt; so ihr schmutzige und üble Ideen, Gedanken und Gefühle habt, reinigt sie und bildet Gutes und das Beste daraus, denn ihr seid dazu befähigt durch die in euch wirkende schöpferische Energie und Kraft, so ihr allem eine bestimmte Richtung geben könnt durch die Art eures Willens und eurer Entschlüsse, durch die ihr, wenn ihr euch aufrichtig anstrengt, das Edelste und Höchste zu erreichen vermögt.
79) Ihr Erdenmenschen allgemein, durch eure eigenen Ideen, Gedanken und Gefühle sowie durch eure Entschlüsse und den freien Willen bestimmt ihr die Liebe und den Hass, die Harmonie und Disharmonie, die Gerechtigkeit und Ungerechtigkeit, den Frieden und Krieg, die Freiheit und Unfreiheit sowie das Glück und das Unglück; hebt daher euer Haupt und eure Stirn zur wahrheitlichen Wahrheit und zu den schöpferischen Gesetzen und Geboten empor, auf dass ihr darin wissend und weise werdet, so ihr kein selbsterschaffenes Übel mehr ruft und euch keines mehr durch euer eigenes Tun befallen kann.
80) Bedenkt, durch eure freie Entscheidung und euren freien Willen könnt ihr sowohl im Guten wie auch im Bösen alles erreichen, was ihr wollt, daher handelt stets im Gerechten nach dem Sinn der Wahrheit, denn alles wird euch immer gemäss dem geschehen, wie es eurem eigenen

Willen, euren Gedanken und Gefühlen und eurer Verantwortungsform entspricht, was ihr dann als Schicksal bezeichnet.

81) Und wenn ihr davon sprecht, was euch widerfährt, dann masst ihr euch an zu behaupten, dass das euch Widerfahrende des Rechtens oder des Unrechtens sei, obwohl ihr selbst darüber bestimmt, was euch befällt und was nicht, und so redet ihr von einem verdienten oder unverdienten Schicksal, von Belohnung und Bestrafung, wie ihr es erlernt durch eure falschen menschlichen Gesetze und durch eure Religionen und Ideologien.

82) Und wenn ihr vom Schicksal sprecht, dann meint ihr das, was euch durch eigene Bemühungen zustösst im Glück und Unglück, im Guten und Bösen, wobei ihr euch erdreistet, alles auf einen Gott, Götzen, Menschen oder auf ein Karma abzuwälzen, nur um die Verantwortung nicht selbst tragen zu müssen.

83) Auch macht ihr euch keine Gedanken darum, was das Schicksal eigentlich bedeutet, auf dass ihr verstehen könntet, dass das Schicksal die Auswirkungen eurer eigenen Energien und Kräfte eurer Gedanken und Gefühle sind oder Wirkungen, die durch bestimmte Ursachen anderer Menschen, durch die Natur oder durch Geschehen und Situationen sowie durch die universellen Zusammenhänge auf euch ausgehen, so sich also das Gesetz von Ursache und Wirkung auswirkt, in dem auch das Gesetz der Wechselwirkung zur Geltung kommt.

84) Die beiden Gesetze Ursache und Wirkung und Wechselwirkung sind in der Schöpfung von Urbeginn an gegeben, folglich also durch die schöpferischen Gesetzmässigkeiten auch das grosse und andauernde und unauflösbare Werden und Vergehen damit verbunden ist.

85) Was wird, wird auch wieder vergehen, wobei das Werden die Ursache ist und das Vergehen die Wirkung, während einerseits in bezug auf die Wechselwirkung eine Wandelbarkeit resp. ein Wechsel zwischen dem Diesseits und Jenseits stattfindet; andererseits ist aber in eurem aktuellmateriellen Leben die Wechselwirkung in der Weise gegeben, dass durch eure Gedanken, Gefühle, Taten, Handlungen und durch all euer Wirken entsprechende Effekte, Konsequenzen und Wirkungen entstehen.

86) Das Gesetz der Wechselwirkung sowie das Gesetz von Ursache und Wirkung und das Gesetz von Werden und Vergehen beleben das gewaltige schöpferische System des Universums, halten es zusammen in dauernder Bewegung im Prozess der 311 040 000 000 000 (311 Billionen, 040 Milliarden) Jahre andauernden Existenz der Schöpfung, wobei ein stetiges Werden und Vergehen und wiederum ein neues Werden ist.

87) Und wie das Gesetz der Wechselwirkung im grossen funktioniert, so ist es auch wirksam in euch Erdenmenschen, und zwar nach dem Prinzip: Was ihr durch eure Gedanken, Gefühle, Taten und Handlungen sowie durch all euer Wirken sät, das werdet ihr auch ernten; das ist wahrlich das Wirken und Leben in der ganzen Schöpfung, wie es unantastbar und unverrückbar in fortwährender Auswirkung eingewoben ist in die schöpferischen Gesetze und Gebote, die in ihrer umfassenden Gewaltigkeit alles für euch Erdenkliche und Unerdenkliche beinhalten und selbst das winzigste Stäubchen eines Gewichts ordnen.

88) Wenn ihr achtsam, wachsam und aufmerksam seid, dann könnt ihr alles in euch erfahren, wenn ihr nur wollt; daher beginnt beim Beobachten und Wahrnehmen von euch selbst, so aber auch bei der für euch sichtbaren Umgebung.

89) Bedenkt, was ihr Naturgesetze nennt, sind die Gesetze der Schöpfung, wie sie gegeben sind durch ihre Gesetze, in die auch die Gebote eingeschlossen und euch als Empfehlungen zur Erfüllung der Gesetze gegeben sind, denn so, wie die Gesetze unumstössliche Bestimmtheiten in bezug auf ihre Wirkungen beinhalten, so beruhen die Gebote auf Empfehlungen, die genutzt werden sollen, um den Gesetzen Folge zu leisten und sie zu erfüllen in ihren evolutiven und lebensbejahenden Wirkungen.

90) Und die schöpferischen Gesetze sind nicht auf Strafe ausgelegt, sondern nur darauf, dass das Befolgen oder Nichtbefolgen derselben bestimmte positive oder negative resp. gute oder schlechte Wirkungen bringt, die ihr euch willentlich in Folgerichtigkeit durch eure Gedanken und Gefühle, all euer Wirken und euer Handeln und durch eure Taten selbst bestimmt; also führt ihr

selbst herbei, was des Rechtens und des Unrechtens ist und was ihr damit bewusst an Gutem erschafft oder an Bösem heraufbeschwört.

91) Die schöpferischen Gesetze und Gebote sind unentwegt in dauernder Tätigkeit, folglich sie zeitlos wirken und je nachdem das bringen, was ihr freiwillig, eigenwillig und willentlich im Bösen oder Guten erzeugt; und bedenkt, durch diese Gesetze kann nichts anderes als Wirkung entstehen als das, was ihr selbst erschafft, denn es geht nach dem Prinzip, dass wenn Gutes gesät wird, auch wieder Gutes geerntet werden kann, doch wird Unkraut gesät, dann wird auch wieder nur Unkraut daraus entstehen.

92) Grundsätzlich ist es so bei euch Erdenmenschen, dass ihr weder über diese Dinge der Wahrheit noch über euch selbst nachdenkt, und wie ihr nicht über die gesetzmässigen Geschehen der Natur und auch nicht über die Gesetze und Gebote der Schöpfung nachdenkt, verschwendet ihr nicht einen Gedanken daran, was, wer und wie ihr seid; also bleiben euch auch die drei Fragen fremd: «Was ist der Mensch?»; «Wer ist der Mensch?»; «Wie ist der Mensch?»

93) Was ist der Mensch? Grundsätzlich ist er individuell ein Wesen, das aus einer Idee der Schöpfung und durch ihre Gesetze hervorgegangen ist als bewusst selbstdenkendes Wesen mit einem evolutionsfähigen Bewusstsein sowie mit einem eigenen freien Willen und eigener freier Entscheidungskraft zum Zwecke der Bewusstseinsevolution, die der Sinn des Lebens ist; in dieser Hinsicht gilt es auch, als menschliches Wesen in sich das wahre Menschsein und die wirkliche Menschlichkeit zu erschaffen, um wahrlich Mensch zu sein, was sich dadurch zum Ausdruck bringt, dass grundlegend die schöpferischen Gesetze und Gebote erlernt und befolgt werden, wodurch die Erfüllung des Menschseins und der Menschlichkeit erfolgt; in diesem Sinn bedeutet das Ganze, dass die schöpfungsgegebenen Pflichten der Gesetze und Gebote in bestmöglichem Rahmen befolgt und erfüllt werden, dass also wahre Liebe sowie innere Harmonie, Freiheit und Frieden in ausgeglichener Weise erschaffen und auch nach aussen getragen sowie alle Faktoren des Bösen, Ungerechten, Verantwortungslosen und Unrechtschaffenen grundlegend vermieden werden.

94) Wer ist der Mensch? Grundlegend ist er primär ein Individuum, ein Einzelwesen mit einem Bewusstseinsblock, der das Individuum bildet, in dem auch der Mentalblock integriert ist, also das Bewusstsein, die Gedanken, Gefühle und die Psyche; was weiter im Bewusstseinsblock gegeben ist, ist der Charakter, die Persönlichkeit, das Unterbewusstsein, das Ego und das Gedächtnis, woraus gesamthaft das Wer des Menschen resultiert, also wer er ist durch all die Fähigkeiten und Faktoren seines Bewusstseinsblocks; in sich selbst ist der Mensch durch seinen Bewusstseinsblock und als materielles Individuum ein Unteilbares, ein Ganzes, wie er auch ein Unteilbares, ein Ganzes, zusammen mit dem ihn belebenden Geist resp. der Geistform ist, und das besagt, sobald das Leben erlischt und damit die Geistform aus dem Körper in ihren Jenseitsbereich entweicht, entflieht auch der Bewusstseinsblock dem Körper und geht in den ihm zugehörenden Jenseitsbereich ein; dadurch löst sich das primäre Individuum resp. der Bewusstseinsblock auf, denn als solches kann es nur existieren, solange der Körper aktuell lebt und von der Geistform begeistet ist; erlischt also das Leben, dann bleibt nur die leblose, leere materielle Hülle ohne Bewusstseinsblock resp. Individuum zurück; wie der Mensch als materielles Wesen mit seinem Bewusstseinsblock in sich ein Unteilbares ist, so ist er das nach aussen jedoch nicht, weil er sekundär durch Teilhabe und Teilnahme an anderem mitlebt und mitexistiert, so z.B. als Mensch seiner Zeit, als Träger weltgeschichtlicher Ideen, als Kind der Eltern, als Ehegatte und Vater, als Freund, Arbeitgeber oder Arbeitnehmer usw.; dadurch beweist er sich nach aussen, wer er ist, indem er die Faktoren und Fähigkeiten seines Bewusstseinsblocks resp. sein Individuum im äusseren Bereich offenbart.

95) Wie ist der Mensch? Er ist grundsätzlich das, wie er im Kern seines Wesens ist resp. was seiner wesenskernmässigen Individualität entspricht, die jedoch in der Regel von der Individualität stark abweicht, die er nach aussen zur Schau trägt; der Kern der menschlichen Individualität resp. der Kern des menschlichen Wesens ist schöpferischer Natur, die strebend danach drängt, dass eine Wesensevolution durch eine Bewusstseinsevolution erfolgt, doch in der Regel wird das schöpfungsgegebene Streben und Drängen missachtet, folglich der Mensch in sich eine eigene und

äussere Wesensart resp. Individualität erschafft, die sozusagen als Spreu des Wesens dessen Kern umschliesst; aus diesem Grunde kann er nicht wirklich so sein, wie er im Grunde seines Wesens resp. seiner schöpferischen Individualität ist, denn er bestimmt in freiem Ermessen und Willen selbst darüber, wie er sein will, wobei er dieses Wiesein durch seine selbsterschaffene, äussere Individualität zum Ausdruck bringt.

96) Wahrlich, ihr Erdenmenschen, ihr denkt über diese Dinge nicht oder nicht gross nach, sondern lasst eure sich gewaltig irrenden Philosophen für euch denken, die nicht die Wahrheit der Dinge erkennen, sondern sich blosse Vorstellungen machen und nicht die Wirklichkeit erfassen; und da ihr, wie sie, nicht die wahrliche Wahrheit der Dinge zu ergründen sucht, so werdet ihr auch den darin pulsierenden grossen Gesetzen der schöpferischen Macht nicht bewusst.

97) Es ist euch eine Selbstverständlichkeit, nicht über die eigentlichen Dinge der Wahrheit und damit auch nicht über die schöpferischen Gesetze und Gebote und deren Wirkungen nachzudenken, so ihr vor Rätseln steht, die euch keine Rätsel sein müssten.

98) Bedenkt, alle Gesetze und Gebote der Schöpfung wirken sich mit absoluter Sicherheit und Stärke auf alle Dinge aus, sowohl auf alles bis zum Gröbsten und Grössten und bis zum Feinsten und Zartesten, so aber auch in alle Bereiche der Fein- und Feinststofflichkeit.

99) Selbst in jedem einzelnen Geschehen und in allen Bewegungen in allen Weiten des Universums sowie in allen Ebenen des Stofflichen, Halbstofflichen, des Fein- und Feinststofflichen und des reinen Geistigen wirken die schöpferischen Gesetze und Gebote in absolut unabänderlicher Weise, so also auch in den zartesten Entwicklungen eurer Gedanken und Gefühle, die der Halbstofflichkeit zuzuordnen sind.

100) Wähnt also nicht, dass es anderswo in den für euch unbegreiflichen Weiten des Universums anders wäre als auf eurer Erde oder bei und in euch selbst, denn im ganzen euch sichtbaren und unsichtbaren Sein ist alles gleichermassen gegeben; also bringt auch jede Gattung wiederum ihre Gattung und jede Art ihre Art hervor, ganz gleich von welchem Stoff, seien es so materielle Lebensformen oder Gedanken und Gefühle.

101) Das Geschehen von Befruchten, Keimen, Wachsen und Werden ist fortdauernd und geht einheitlich durch alles und macht keinerlei Unterschiede, so auch keine Lücke entsteht und auch vor keinem Teil der Schöpfung anhält, denn die Wirkungen des zeitlosen Geschehens tragen sich durch alles hindurch wie ein unzerreissbares Band, das nicht abgebrochen und nicht abgesetzt werden kann.

102) Auch wenn ihr Erdenmenschen zum grössten Teil euch durch eure verstandes- und vernunftsmässige Beschränkung sowie durch eure Einbildung und Selbstherrlichkeit vom Erkennen und Verstehen der universellen Geschehen isoliert, so hören die Naturgesetze und damit auch die gesamten schöpferischen Gesetze und Gebote nicht auf zu existieren, denn trotz eurer Negation wirken sie in unveränderbarer, ruhiger und gleichmässiger Art und Weise weiter und bestimmen durch ihre Wechselwirkung das Schicksal des Universums und von allem, was darin enthalten ist, so also auch euer äusseres Schicksal, worauf ihr keinen Einfluss habt.

103) Das Schicksal, das sich durch die Wechselwirkung ergibt, bedingt auch, dass alles, was ihr sät, auch wieder dort von euch geerntet werden muss, wo ihr die Ursache zu einer Auswirkung oder Wirkung bringt.

104) Wahrlich, ihr habt immer die freie Entscheidung und den freien Entschluss bei einem Beginn einer jeden Sache, wie auch den freien Willen darüber, wohin und in welche Richtung ihr alles durch eure Gedanken, Gefühle, Taten und Handlungen und durch euer Wirken lenken wollt; nur, darüber macht ihr euch keine oder nur vage Gedanken, weshalb ihr die Wirkungen resp. das Schicksal aus den Ursachen, die ihr selbst schafft, nicht erfassen und nicht verstehen könnt; und aus eurem diesbezüglichen Unverstehen heraus wähnt ihr dann, dass das euch treffende Schicksal verdient oder unverdient und zudem euch durch eure Mitmenschen oder durch eine höhere Macht zugefügt sei, weil ihr nicht verstehen wollt, dass ihr selbst die Urheber eures eigenen Schicksals seid, das ihr eigens herbeiführt und das nichts mit dem von aussen wirkenden Schicksal zu tun hat, das sich aus Fügungen ergibt, über die ihr keine Macht habt.

105) Das Schicksal, das ihr euch selbst bestimmt durch eure Gedanken und Gefühle, durch euer Wirken und durch eure Taten und Handlungen, basiert auf Folgen resp. Wirkungen, die ihr eigens durch bestimmte Ursachen erschafft und die ihr dann als Schicksal zu tragen habt, und zwar sowohl im Guten wie im Bösen.

106) Nichtsdestoweniger jedoch seid ihr unter euch Erdenmenschen sehr viele, die ihr in eurem dummen Unverstand und in eurer Unvernunft behauptet, dass der Mensch keinen freien Willen habe, wenn er doch seinem Schicksal unterworfen sei; dabei wird jedoch in keiner Weise bedacht, dass es ausgerechnet der freie Wille des Menschen ist, durch den sich jeder einzelne selbst sein Schicksal bestimmt, und zwar durch das Gesetz der Wechselwirkung.

107) Jede auf euch Erdenmenschen zurückfallende Auswirkung als Schicksal beruht am Beginn in der Ursache eurer Gedanken und Gefühle sowie in eurem Wirken und in euren Taten und Handlungen, die ihr vorausgehend in freiem Entschluss fasst und in freiem Willen umsetzt; die Torheit der Behauptung aber, dass ihr keinen freien Willen hättet, beruht im Zweck der Selbstbetäubung und der Selbstentschuldigung sowie in der Tatsache des Grollens und Murrens darüber, dass ihr euch in das Gesetz der Wechselwirkung einzufügen und daher auch für euer Schicksal selbst die Verantwortung zu tragen habt, ob ihr nun wollt oder nicht; nichtsdestoweniger jedoch habt ihr auch diesbezüglich euren freien Willen, folglich ihr eure Gedanken und Gefühle, euer Wirken und eure Taten und Handlungen in ihrer Art selbst bestimmen könnt, so also auch die daraus entstehenden Auswirkungen und Wirkungen, und zwar sowohl im Guten wie im Bösen.

108) Jedem Schicksal und jeder Wechselwirkung geht also euer eigener freier und willentlicher Entschluss voraus, so ihr also mit jedem ersten Entschluss und Wollen jedesmal etwas erzeugt resp. erschafft, das sich euch als Wechselwirkung und Schicksal offenbart; so habt ihr früher oder später in dem zu leben, was ihr euch heute durch eure Gedanken und Gefühle, durch euer Wirken und durch eure Handlungen und Taten bestimmend erschafft und woraus ihr unweigerlich die Folgen zu tragen habt, wenn ihr von diesem, vom Schicksal, getroffen werdet.

109) Wann euch jedoch die Folgen resp. das Schicksal aus euren Gedanken, Gefühlen, Entscheidungen, Handlungen, Taten und aus eurem Wirken treffen, ist grundverschieden, so es also sofort sein kann oder erst in einigen Stunden, Tagen, Wochen oder Monaten oder vielleicht gar erst in Jahren oder Jahrzehnten, doch jedenfalls wird es in eurem diesmaligen aktuellen Leben sein, weil nichts in die feinstoffliche Welt des Jenseits oder in ein neues Erdenleben hineingetragen werden kann, wie das irrtümlich durch verschiedene eurer religiösen, ideologischen und philosophischen Irrlehren missgelehrt wird, wie z.B. durch die wahrheitsfremde Karma-Irrlehre.

110) Unterliegen die Gedanken, Gefühle, Handlungen, Taten und das Wirken Veränderungen, so können dadurch selbstredend auch Veränderungen in den Wirkungen resp. im Schicksal und in den Wechselwirkungen eintreffen; werden so böse und negative Dinge und Faktoren der Gedanken und Gefühle sowie des Wirkens, der Taten und Handlungen zum Guten und Positiven verändert und fortan in dieser Weise geführt und gelebt, dann formen sich aus diesen neuen Ursachen auch neue Wirkungen resp. ein neues Schicksal und neue Wechselwirkungen, wie das durch die schöpferischen Gesetze und Gebote in Gerechtigkeit gegeben ist; durch eine Änderung zum Guten, Besseren, Besten und Positiven wandelt sich also in gleicher Weise die Wechselwirkung, wodurch das Alte durch das Neue abgelöst und ausgelöscht wird, wie es das schöpferische Gesetz der Gerechtigkeit bestimmt, dass nur das geschehe, was der gegenwärtigen Wirklichkeit entspricht.

111) Die Gesetze und Gebote der Schöpfung sind in ihrer Wirkungsweise an Ursache und Wirkung gebunden, folglich sich also die Wirkung nach einer neuen Ursache ändert, was bedeutet, dass eine Wirkung aus einer alten Ursache sich zum Guten oder Schlechten verändern kann, wenn eine neue und dementsprechende Ursache geschaffen wird; das aber besagt, dass z.B. aus einer bösen oder negativen Ursache folgerichtig eine dementsprechend böse oder negative Wirkung gestoppt und zu einer guten oder positiven Wirkung geändert werden kann, wenn die entsprechende Ursache zum Guten oder Positiven geändert wird, wie sich das beim Schicksal und bei den Wechselwirkungen ergibt, was sich sowohl direkt wie auch indirekt auf euch Erden-

menschen auswirkt, so aber auch auf Prophetien, die als Warnungen für Wirkungen dienen, die aus bestimmten schlechten, bösen und negativen Ursachen hervorgehen, jedoch durch das Schaffen von neuen, guten und positiven Ursachen zum Besseren und Besten verändert werden können.

112) Grundsätzlich seid ihr Erdenmenschen an eure eigenen Werke gebunden, an eure Gedanken und Gefühle, an euer Wirken, eure Handlungen und Taten, und zwar sowohl in bezug auf euch selbst wie auch hinsichtlich eurer Nächsten und Mitmenschen, für oder gegen die ihr alles richtet.

113) Wenn ihr einen Entschluss fasst, euch, eurem Nächsten oder euren Mitmenschen Böses und Übles zu tun, sei es nun in Gedanken, Gefühlen, Werken oder Worten, so setzt ihr damit etwas in die Welt, das sich in gleicher und gewollter Weise weiterentwickelt, betätigt und seine Wirkung tut, und zwar ganz gleich, ob das Ganze sichtbar oder unsichtbar und also feinstofflich oder grobstofflich ist.

114) Wie sich die Wirkung eurer bösen und üblen Gedanken und Gefühle bei euch selbst, bei eurem Nächsten oder bei den Mitmenschen formt, liegt ganz in eurer eigenen, eurer Nächsten oder der Mitmenschen psychischen und bewusstseinsmässigen Verfassung, die darüber bestimmt, ob der Angriff Schaden bringen kann oder nicht.

115) Der psychische und bewusstseinsmässige Zustand euer selbst, der Nächsten und der Mitmenschen ist immer massgebend, so also niemand irgendwelchen Angriffen schutzlos preisgegeben ist und ihr euch sowohl gegen euch selbst wie auch gegen äussere Angriffe wehren könnt, wie sich auch eure Nächsten und Mitmenschen gegen eure oder sonstige Angriffe zur Wehr setzen können.

116) Bedenkt, als Erzeuger eurer Entschlüsse und eures Wollens und damit der dadurch in Bewegung gesetzten Ursache bleibt ihr unbedingt damit verbunden, so alles immer wieder als Schicksal und als Wechselwirkung zu euch zurückkommt und euch trifft, und zwar ganz gleich, ob es nach kurzer oder erst nach langer Zeit geschieht und ob die Ursache gut oder böse ist.

117) Das Gesetz der Wechselwirkung und damit auch euer Schicksal, ihr Erdenmenschen, wird dadurch ausgelöst, indem durch die Bewegung einer Erzeugung, wie Gedanken, Gefühle, Handlungen und Taten sowie ein Wirken jeder Art, wieder verschiedene Gleicharten angezogen werden, wie diese selbst auch von solchen angezogen werden, wodurch sich ein Zusammenschluss ergibt, woraus eine ungeheure Kraftquelle entsteht; das Ganze kumuliert zur grossen Energie mit grosser Kraft, die als Sender wirkt und alles an den Urheber zurücksendet.

118) Durch die Kumulation der Energie und Kraft, die auf die gedanklich-gefühlsmässige Ursache zurückführt, entsteht eine immer grössere Verdichtung, wodurch letztlich ein grobstofflicher Faktor resp. das Schicksal entsteht, das der Erzeuger der entsprechenden Gedanken und Gefühle selbst erfahren, erleben und abtragen muss; das ist der eigentliche Werdegang des von euch so gefürchteten und verkannten Schicksals, das aus einer von euch selbst erschaffenen Ursache als Wirkung entsteht.

119) Erkennt also, dass euer selbsterschaffenes Schicksal immer und bis in die feinste und kleinste Nuance gerecht ist und den Wirkungen der schöpferischen Gesetze entspricht, denn durch die Anziehung und Kumulierung eurer eigenen Gedanken und Gefühle, eurer Handlungen, Taten und eures Wirkens zieht ihr die gleiche Art wieder an und sie strahlt auf euch zurück, und zwar genau so, nur verstärkt, wie ihr es als Ursache geschaffen und gewollt habt; ob das Ganze auf euch selbst oder auf eure Nächsten oder auf die Mitmenschen allgemein gerichtet ist, spielt dabei keine Rolle, denn der Werdegang ist immer der gleiche.

120) Wahrlich, allein die Art eures bewussten oder unbewussten Wollens, wofür ihr euch entscheidet, ist massgebend für die Wechselwirkung und damit auch für euer Schicksal, denn all die zahllosen feinstofflichen und halbmateriellen Schwingungen, mit denen ihr verbunden seid, lassen alles, was ihr durch eure Gedanken und Gefühle aussendet, wieder auf euch zurückströmen, und zwar ganz gleich, was ihr auch immer wollt und was ihr mit eurem Wollen als Ursachen erschafft.

121) Die Wechselwirkungen, die ihr durch eure gewollten Ursachen erschafft, wirken sich auch auf euer äusseres Wesen aus resp. auf eure äussere Individualität, die ihr ebenso ursächlich selbst erschafft und die fern der schöpferischen Individualität ist, die im Kern eures Wesens ihren Sitz hat; und wie ihr durch eure Gedanken und Gefühle und eure Einstellung usw. eure Individualität und daraus auch euren Charakter bildet, so wirken sich auch die Wechselwirkungen eurer Gedanken und Gefühle darauf aus, folglich auch dadurch der Charakter beeinflusst und stetig weiter geprägt wird.

122) Nebst all den vielen Faktoren, die aus und in euch selbst alles Notwendige verrichten, wirken auch sehr viele Dinge der gigantischen Kraftquelle des Universums in euch, aber tatsächlich gibt es bei euch Erdenmenschen nichts in bezug auf euer selbsterschaffenes Schicksal, wozu ihr nicht eigens zuerst die Ursache dazu gebt.

123) Wahrlich seid ihr es selbst, welche ihr durch eure Gedanken und Gefühle sowie durch euer allgemeines und spezielles Wirken, Handeln und Tun alles selbst herbeiführt, woran ihr zu tragen habt.

124) Was ihr sät, das werdet ihr ernten, und zwar in jeder Beziehung, sei es im Guten oder im Bösen; also könnt ihr euch nicht auf eure erdichteten Gottheiten und Götzen oder auf eure Nächsten, Mitmenschen oder auf eure imaginären Engel, Heiligen und veridolisierten Menschen berufen in bezug auf die Verantwortung, denn diese liegt für alle Dinge bei euch allein, für alles, was euch euer Schicksal bringt, wie auch für alles, was immer in der Welt an Krieg und Frieden, an Liebe und Hass, an Gerechtem und Ungerechtem, an Freiheit und Unfreiheit, an Harmonie und Disharmonie sowie an Gutem und allem Bösen geschieht.

125) Es ist von euch Erdenmenschen völlig verantwortungslos, leichtsinnig, gewissenlos und pflichtvergessen, die Verantwortung für euer Tun, Handeln und Wirken und für alles, was ihr in euch als Ideen, Gedanken, Gefühle und Entscheidungen durch euren eigenen Willen als Schicksal erzeugt, einem Engel, Heiligen, veridolisierten Menschen, eurem Nächsten oder irgendwelchen Mitmenschen zuzuschieben oder auf einen erfundenen Gott oder Götzen abzuwälzen und euch dabei in Unbegreiflichkeit zu wundern, warum dieser das Geschick für euch zulässt.

126) Es ist verantwortungslos, in dieser Weise zu denken und zu wähnen, dass es richtig sei, und wenn ihr solches doch tut, dann gebt ihr euch selbst den Beweis, dass ihr nicht gewillt seid, der Wahrheit Genüge zu tun, wie auch sie nicht in ihrer ganzen Tragweite zu erkennen, weil ihr in Überheblichkeit euch in Unschuld baden und für euer unrechtes und willkürliches Handeln in jeder Beziehung keine Verantwortung tragen wollt.

127) Und da ihr die Verantwortung für euer Tun, Wirken und Handeln sowie für eure Ideen, Gedanken und Gefühle nicht zu tragen gewillt seid, so greift ihr nach allen kleinen und grossen Dingen, um sie nach eurem verantwortungslosen Sinnen und Trachten direkt in die Tat umzusetzen, wodurch ihr durch alle Übel der Welt Unheil anrichtet, indem ihr euch in Hass und Eifersucht, in Streit und Mord und Totschlag ergeht, in aller Welt Unfrieden, Unfreiheit, Disharmonie und Kriege schafft und damit Verderben und Zerstörung über die ganze Menschheit und euren Planeten bringt; und dadurch bestimmt ihr nicht nur das eigene Schicksal, sondern auch das eurer Nächsten, eurer Mitmenschen, der ganzen Menschheit und der Erde.

128) Schon als einzelne schafft ihr schwere Schicksale und grosse Sorgen und Probleme, die ihr in die Welt hinaustragt und damit Not, Elend und Krieg sowie sonstige Übel erzeugt, und zwar in völliger Vergessenheit eurer umfänglichen Verantwortung, die ihr für alles und jedes selbst zu tragen habt und die auch euer und der Menschheit Schicksal im Guten oder Bösen bestimmt, je nachdem, ob ihr sie wahrnehmt oder nicht; bedenkt, dass ihr euer eigenes Schicksal seid, denn je nachdem, ob ihr Gutes oder Böses schafft in euren Gedanken und Gefühlen, derart seid ihr auch in eurem selbsterschaffenen Teil eures Wesens.

129) Von Anfang an hat die Schöpfung ihre allesumfassenden Gesetze und Gebote geschaffen, durch die ihr Erdenmenschen selbsttätig deren unbestechliche Wirkungen beansprucht, so sich ohne jeden Zweifel alles bis in deren letzte Faser erfüllt, wenn ihr sie auslöst, wobei eine Bevorzugung ebenso ausgeschlossen ist wie auch eine Benachteiligung, folglich nur Gerechtigkeit, jedoch niemals eine Ungerechtigkeit möglich ist.

130) Wahrlich, die schöpferischen Gesetze und Gebote und deren Wirkungen haben sich nicht um euch Erdenmenschen zu kümmern, sondern ihr müsst euch um sie bemühen, denn der Schöpfung umfassendes Werk hinsichtlich ihrer Gesetze und Gebote ist in ihrer Art nicht auf euch angewiesen, sondern ihr auf sie.

131) Euer Hauptfehler, den ihr begeht, ihr Erdenmenschen, ist der, dass ihr nur euer materielles Dasein seht und dass ihr alles nur nach diesem beurteilt; und in diesem Fehler beinhaltet sich auch euer Dünkel, dass ihr euch als Einmaligkeit und Mittelpunkt aller Lebensformen seht, obwohl ihr das nicht seid; nebst euch existieren nämlich in den Weiten des Universums noch viele andere Zivilisationen verschiedenster Art, die von ebenso grosser Bedeutung im Getriebe aller Geschöpfe sind, die sie durch die schöpferischen Gesetze und Gebote ihre Existenz fanden, so ihr also nicht grössenwahnsinnig davon ausgehen könnt, der Mittelpunkt aller Lebensformen zu sein.

132) Und einen weiteren Fehler begeht ihr sehr viele unter euch darin, welche ihr wähnt, dass ihr als Persönlichkeit nur ein einmaliges Leben hättet, denn wahrheitlich geht nach dem Sterben das Leben in einem neuen Erdendasein wieder weiter, jedoch entgegen der Irrlehre der personengebundenen Wiedergeburt; wahrheitlich erlischt nach dem Sterben die Persönlichkeit und wandelt sich im feinstofflichen Jenseitsbereich des Gesamtbewusstseinblocks in eine neutrale Energie, woraus ein neues und unbelastetes Bewusstsein mit einer ebenso neuen Persönlichkeit geschaffen wird, die dann neu gebiert, zusammen mit der Geistform des Menschen, die nach dem Sterben des materiellen Körpers ebenfalls in ihren feinstofflichen Jenseitsbereich eingeht und von dort aus wieder reinkarniert und gegensätzlich zur Persönlichkeit allein wiedergeburtsfähig ist; also sollt ihr euch bewusst sein, dass ihr als immer wieder neue Persönlichkeiten schon oft und oft ein materiell-aktuelles Leben gelebt habt, wie ihr aber auch weiterhin als immer wieder neue Persönlichkeiten neue Leben zu bestehen haben werdet; und das wird derart oft und lange sein, bis sich euer Geist resp. eure Geistform durch eure Evolution eures Bewusstseins derart hoch entwickelt hat, dass er resp. sie keines materiellen Körpers und Bewusstseins mehr bedarf und als höhere Form in eine höhere Ebene eingeht.

133) Mit dem neuen Geborenwerden der neuen Persönlichkeit setzt also ein vollkommen neues Leben ein, folglich der neue Mensch bei seiner wirklichen Werdung resp. der wirklichen Geburt am 21. Tage der Schwangerschaft resp. nach der Zeugung völlig unbelastet und also unschuldig ist; das darum, weil aus dem früheren Leben der vorgegangenen Persönlichkeit – wie auch aller anderen vorgegangenen Persönlichkeiten zuvor – nichts Nachteiliges in die neue Persönlichkeit hineingelegt wird und diese bei der Werdung also vollkommen unbelastet ist; dass die wirkliche Geburt des Menschen am 21. Tag nach der Zeugung erfolgt liegt daran, dass die Geistform in den Embryo hineingebiert und diesen belebt, zusammen mit dem Hineingebären des neuen Bewusstseins und der neuen Persönlichkeit; die eigentliche weltliche resp. materielle Geburt ins Dasein der Welt erfolgt dann normalerweise bekanntlich erst nach Beendigung der Schwangerschaft.

134) Durch diesen Prozess allein wird gewährleistet, dass jeder neugeborene Mensch unbelastet ist von seinen Gedanken, Gefühlen, Taten, Handlungen und von seinem Wirken aus dem und den vorgegangenen Leben, eben so, wie es die schöpferischen Gesetze bestimmen, dass jede neu geborenwerdende Lebensform, so also auch der Mensch, reinen und unbelasteten Bewusstseins sei; daher ist es gegeben – entgegen vielen Irrlehren falscher Propheten, Religionen, Sekten, Ideologien und Philosophien –, dass alle Geschehen nur auf das irdische Dasein berechnet werden dürfen, folglich die Gerechtigkeit der schöpferischen Gesetze bestimmt, dass alle Rückwirkungen resp. Wechselwirkungen sowie sonstigen Ursachen und Wirkungen und damit auch das Schicksal geschlossen auf die Spanne des Erdenlebens fällt; und demgemäss sind sowohl Sühneprozesse im feinstofflichen Jenseitsbereich sowie in einem religiös ausgelegten Himmel oder in einer Hölle ebenso unsinnig wie auch die falsche Karmalehre, dass im nächsten Leben die Folgen des vorgegangenen Lebens getragen werden müssten.

135) Wendet euch also ab von den Irrlehren und Irrtümern eurer Religionen, Ideologien und Philosophien und sucht die wahre Logik in der Wahrheit zu finden, die ihr erfahren und ergründen

könnt durch die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, der ihr euch in freiem Willen und ohne Zwang zuwenden sollt, auf dass ihr euer wahres Leben findet.

136) Folgt ihr der effectiven Wahrheit, dann folgt ihr damit auch den schöpferischen Gesetzen und Geboten, so ihr euch keine unnötigen Sorgen über euer Wollen machen müsst, denn allein dadurch, dass ihr euch der Wahrheit zuwendet und sie erkennt, steigt in euch gemäss den Schöpfungsgesetzen der Wille hoch zur Verbindung mit der Wahrheit.

137) Und damit, dass sich der Wille zur Verbindung mit der Wahrheit in euch erhebt, setzt ihr eine Grenze für unkontrollierte Wechselwirkungen, die euch als hartes Schicksal treffen, denn durch euer Wollen der Wahrheitszuwendung vernichtet ihr die üblen Rückwirkungen und schafft neue, die gute und positive sind und euch Freude und Frohsein bringen, wodurch ihr in euch wahre Liebe und Harmonie erschafft und ihr inneren Frieden und innere Freiheit findet.

138) Und versteht ihr euer Schicksal durch gute Wechselwirkungen willentlich zu formen, dann schafft ihr damit eine ungeheuer starke Kraftquelle in euch, aus der eine ständige Kumulierung resp. Verstärkung eurer guten Energien und Kräfte hervorgeht, wodurch in euch das Gute und das Beste immer fester und fester wird; das führt dann auch dazu, dass alles als feinstoffliche Schwingungen aus euch hinausdrängt in die Umwelt und von den Mitmenschen aufgenommen wird, wodurch sich diese früher oder später langsam aber sicher danach formen und sie so, wie ihr selbst um euch, einen Schutzschild des Guten um sich errichten, der Schutz vor der Wahrheitsunwissenheit bietet; treten dann noch alte Rückwirkungen durch Mitmenschen in Erscheinung, dann können diese spielend bewältigt und aufgelöst werden durch Verstand und Vernunft und eine entsprechende Folgerichtigkeit, wodurch selbst Feindschaften ihr Ende finden und ihr als Wahrheitsmensch einhergeht, der in Liebe, Frieden, Freiheit und Harmonie sowohl mit sich selbst lebt wie auch in gleicher Weise mit allen Mitmenschen.

139) Ihr sollt nicht einfach nach euren bisherigen Begriffen religiöser, ideologischer oder philosophischer Façon leben und eure Gedanken und Gefühle sowie euer Sinnen und Trachten danach ausrichten, sondern ihr sollt in Wirklichkeit Wahrheitsmensch sein, denn nur dadurch bildet ihr in bezug auf die gesamte Bewusstseinsevolution eurer ganzen Menschheit ein wertvolles Bindeglied.

140) Euer eigenes Bewusstsein ist durch euer Unterbewusstsein kollektiv mit euren Mitmenschen eurer ganzen Menschheit verbunden und vereinigt euch, so es euch möglich ist, vieles zu erfahren und zu überschauen oder gleichzeitig in gewisser kleiner Zahl Gleiches zu erleben, gleiche Gedanken zu haben, Gleiches zu tun oder Gleiches zu erfinden.

141) Dazu steht euch jedoch nicht nur das Unterbewusstsein zur Verfügung, sondern als Wahrheitsmensch auch euer Verstand und eure Vernunft, wodurch ihr alles zu führen und also zu lenken vermögt.

142) Vernunft und Verstand sind hohe halbmaterielle Werte, durch die ihr euer Erdendasein steuert, die Wahrheit und Wirklichkeit erkennt und also zum Wahrheitsmenschen werden könnt, wenn ihr euch darum bemüht.

143) Verstand und Vernunft sind also für den Wahrheitsmenschen die treibende Kraft aus seinem Bewusstsein, das wiederum seine Lebensenergie aus der Geistform bezieht, durch die der materielle Körper erst zum Leben erwacht.

144) Euer Verstand und eure Vernunft sind in erster Linie an den materiellen Raum-Zeit-Begriff gebunden, doch vermögen sie auch Dinge der Feinstofflichkeit zu begreifen und sich dadurch über irdische Raum- und Zeit-Begriffe in die feinststoffliche Raum- und Zeitlosigkeit zu erheben, und zwar durch die Energien und Kräfte des Bewusstseins, die sich über die Zirbeldrüse nach aussen zu bewegen und zu manifestieren vermögen; also entspricht es einer Irrlehre zu behaupten, dass sich Verstand und Vernunft niemals ausserhalb des materiellen Raums und der Zeit zeitlos bewegen könnten.

145) Und wie sich Verstand und Vernunft im Bereich ausserhalb des materiellen Raum-Zeit-Gefüges durch die Energie und Kraft des Bewusstseins via die Zirbeldrüse feinstofflich bewegen können, so bewegen sich auch die Empfindungen im Feinstoffbereich – wobei diese nicht mit den

Gefühlen identisch sind – ausserhalb des materiellen Raum-Zeit-Begriffs, weil diese, wie erklärt, feinstofflicher Art sind und aus dem Gemüt des feinstofflichen Geistformbereichs entspringen, der stufenlos abgegrenzt ist vom Feinststoffbereich der Geistform selbst.

146) In dieser Form energetisch und kraftvoll verstandes-, vernunfts- und bewusstseinsmässig ausgerüstet, seid ihr Erdenmenschen innig verbunden mit dem Feinstofflichen und Feinststofflichen, wobei das Feinstoffliche in jenem Bereich liegt, der noch mit dem Halbfeinstofflichen resp. Halbmateriellen verbunden ist, wie den Gedanken und Gefühlen, während das reine Feinstoffliche bereits in den äusseren Bereich des Geistenergiebedingten belangt und das Feinststoffliche in den direkten Bereich der reinen schöpferischen Energie, die in euch als Geist resp. Geistform euer Bewusstsein resp. den gesamten Bewusstseinsblock und den darin enthaltenen Mentalblock belebt.

147) Durch die Energie und Kraft des Bewusstseins und die Verknüpfung mit der Zirbeldrüse habt ihr inmitten eures irdisch-materiellen Daseins, je nachdem bewusst oder unbewusst, Fühlung mit der Energie und Kraft eurer Geistform, was in dieser Weise jedoch nur euch Menschen möglich ist, während die Welten der Tiere, des Getiers und alles, was da kreucht und fleucht, davon ausgeschlossen sind; dass es euch möglich ist, in bewusster Weise die Verbindung mit der schöpferischen Energie eurer Geistform wahrzunehmen, bedarf es dessen, dass ihr als Wahrheitsmenschen die schöpferischen Gesetze und Gebote befolgt und im Wissen der Wahrheit all eure Achtsamkeit und Aufmerksamkeit darauf verwendet; und wahrlich seid allein ihr Wesen der Gattung Mensch dazu fähig.

148) Ihr allein als Wesen der Gattung Mensch könnt in bewusster Weise eine Verbindung schaffen zwischen dem Feinstofflichen, Feinststofflichen und dem Materiell-Grobstofflichen, wodurch ihr das reine Leben des Feinstofflichen und Geistigen erfassen und eine harmonische Wechselwirkung zwischen diesem und eurem tiefen Grobstofflich-Materiellen herstellen könnt.

149) Erdenmenschen, euer Gros erfüllt jedoch die schöpferische Aufgabe der Bewusstseinsevolution nicht, denn ihr trennt die beiden Welten des Feinstofflichen und Grobstofflichen, anstatt dass ihr sie fest vereinigt und euch bewusst in beiden bewegt.

150) Durch eure euch selbst zugelegte Eigenart, euch allein auf das Materielle zu konzentrieren, habt ihr Erdenmenschen euch effectiv zu Herren eurer grobstofflichen Welt gemacht, wobei diese durch euer Tun, Schalten und Walten auch von euch abhängig geworden ist; diese Abhängigkeit eurer Welt nutzt ihr jedoch dazu, sie in jeder erdenklichen Art und Weise zu drangsalieren, wie durch Chemie, verantwortungslose Ausbeutung der Ressourcen, durch die Überbevölkerung und daraus entstehende ungeheure Probleme, die nicht mehr gelöst werden können, wie die Klimazerstörung, Völkerwanderungen, Wasser- und Nahrungsknappheit, Hass, Krieg, Folter und Umwelt- und Naturzerstörung, Ausrottung vieler Tier-, Vogel- und Fischarten usw.; eure Welt ist auf Gedeih und Verderb von euch abhängig geworden und leidet gezwungenermassen auf ihre Art unter eurem Terror und durch die Zerstörungen, die ihr auf und an ihr anrichtet.

151) Ihr allein seid es, die ihr eure Erde wieder emporheben könnt, wenn ihr mit all eurem Terror und mit euren Zerstörungen aufhört, wenn ihr eure Überbevölkerung eindämmt, aus der alle bösen Übel und Probleme hervorgehen; doch bedenkt, dass euer Weg sehr weit sein wird, um euren Planeten wieder in einen Zustand zu versetzen, der für euch ein wahrer Lebensquell ist.

152) Statt dass ihr eure irdische Heimat geehrt und gepflegt habt, habt ihr Unheil über sie gebracht, und nicht zuletzt darum, weil ihr in euch selbst alles unterbunden habt, das für eure grobstoffliche und für eure feinstoffliche Welt notwendig ist, damit Wechselwirkungen fliessen können; gleichermassen, wie das sauerstoffangereicherte Blut ununterbrochen durch das Herz und eure Adern gepumpt wird, damit der Körper frisch und gesund bleibt, so ist es auch mit der Wechselwirkung zwischen eurer grobstofflichen und feinstofflichen Welt; wird das Fliessen aber unterbunden, dann entstehen Erkrankung und Verwirrung, die letztlich in einer Katastrophe enden.

153) Und ihr Erdenmenschen, ihr habt tatsächlich in dieser Beziehung in schlimmer Weise versagt, denn ihr habt euren Verstand und eure Vernunft nicht nur als notwendige Werkzeuge genutzt, sondern ihr habt euch allein in materiellem Sinn eurem Verstand und eurer Vernunft unter-

worfen und beide als Herrscher über euch selbst gesetzt; dadurch aber habt ihr alles ausser acht gelassen und vergessen, was mit der Welt des Feinstofflichen zusammenhängt, was nach sich zieht, dass ihr nur noch das Grobstoffliche, nicht jedoch das Feinstoffliche erfassen könnt und so vom Grobstofflichen und Materiellen völlig abhängig seid; also habt ihr euch zum Sklaven eures eigenen Werkzeuges gemacht, zum Sklaven eures Verstandes und eurer Vernunft, und dadurch wurdet ihr zum reinen Verstandes- und Vernunftmenschen und nennt euch stolz Materialisten, doch nur zum Nachteil dessen, dass euer Verstand und eure Vernunft ungeheure Mangelerscheinungen in bezug auf die Logik aufweisen und also keinen grossen Wert aufzeigen; sehr viele seid ihr unter euch, welche ihr, auch wenn ihr hohe Titel tragt, in eurem Verstand und in eurer Vernunft noch in den Anfängen der Entwicklung steht und gerade die erste Stufe der wirklichen Lebensschulung hochsteigt.

154) Ihr unter euch, welche ihr euch ganz dem Verstand und der Vernunft unterworfen habt, die bei euch jedoch in grober Weise an Logik mangeln, ihr habt euch derart verbissen in das Materielle resp. an alles Grobstoffliche gekettet, dass ihr nichts mehr über den irdischen Raum- und Zeitbegriff hinaus wahrnehmen, erfassen und begreifen könnt, weil ihr euch eurem unlogischen reinen grobstofflich-materiellen Sinnen und Trachten völlig unterworfen habt; dadurch aber habt ihr euch in eigene Ketten gelegt und den Horizont eures Begriffsvermögens mit eurem begrenzten und verengten sowie unlogischen Verstand und der gleichartigen Vernunft derart eingeschränkt und abgekapselt, dass euch wahrer Verstand, wahre Vernunft und wahre Logik so fremd und ungeläufig sind wie einem Rindvieh das Alphabet.

155) Ihr habt die Verbindung zwischen dem Feinstofflichen und Grobstofflichen derart stark getrennt, dass eine dichte Mauer dazwischen entstanden ist, wodurch euch auch der Lebensquell, das rein Schöpferische, das weit über Raum und Zeit erhaben ist und hoch über dem Feinstofflichen steht, in bezug auf die empfindungsmässige Wahrnehmung verlorengegangen ist; darum ist es euch allen, welche ihr unter euch Erdenmenschen Materialisten seid, gar nicht möglich, die effective Wahrheit zu erkennen und damit also auch nicht den Kern eures Wesens, der durch eine schöpferische Vorgabe geprägt ist.

156) Wahrlich, wollt ihr euch der wahrlichen Wahrheit zuwenden und Erkenntnis gewinnen in bezug auf die schöpferischen Gesetze und Gebote, dann müsst ihr euren Verstand und eure Vernunft grossziehen und in Logik zu nutzen lernen; also müsst ihr euch vom reinen Verstand und der reinen Vernunft des nur Grobstofflichen befreien und euch freiwillig den selbstgeschmiedeten Ketten eurer grobstofflichen Sklavenschaft entledigen.

157) Ihr unter euch Erdenmenschen, welche ihr abseits der effectiven Wahrheit und fern der Befolgung der schöpferischen Gesetze und Gebote lebt, ihr lebt in rein materialistischen, erdgebundenen, tiefstehenden Gedanken und Gefühlen, und ihr seid sehr mangelhaft in eurem Verstand und in eurer Vernunft; eure Gedanken, Gefühle und Bestrebungen sind nur geprägt von Erwerbs- und Gewinnsucht, von Hass, Rache, Vergeltung und Krieg, von Folter, Lüge, Betrug, Raub und Unterdrückung sowie von Sinneslust, Verleumdung, Gier, Sucht und Laster usw., wodurch ihr unerbittlich Wechselwirkungen der gleichen Art herbeiführt; dadurch formt ihr alles immer schlimmer und treibt euch selbst dazu, stetig noch Übleres zu tun, das sich letztlich über euch entladen wird als grausame Zerstörung und Vernichtung.

158) Und in eurem Wahn treibt ihr auch Handel mit dem Tod durch Freitodbegleitung, wobei ihr euch am Reichtum der Selbstmörder bereichert und ihr euch selbst zu Mördern macht und euch am Sterben jener begeistert und ergötzt, welche in blanker Feigheit ihr Leben beenden.

159) Euer Wahn treibt euch aber auch dazu, unkontrolliert Nachkommenschaft zu zeugen und die bereits mit Menschen übervölkerte Welt immer mehr in ein Überbevölkerungsdesaster zu treiben, woraus immer ungeheurere Probleme entstehen, und zwar nebst der Natur- und Klimazerstörung auch daraus resultierende Naturkatastrophen, Verseuchung von Luft, Wasser und Boden, weltumfassender Terrorismus, Kriege, Mord und sonstige Verbrechen, Folter, Seuchen, Wasser- und Hungersnöte, Kriminalität, Energieknappheit, Vergewaltigung, Sittenlosigkeit, Kälte und Gleichgültigkeit von euch Menschen gegeneinander, Verkümmerung der zwischenmenschlichen

Beziehungen, Krankheiten, Unwetter aller Art, Erdbeben und Vulkanausbrüche, Verweichlichung und immer drastischere Lebensunfähigkeit von euch Menschen, immer laschere und unzureichendere Handhabung der Strafgesetze und dem Schutz des Lebens von Mensch, Tieren und allem Getier zu Luft, Wasser und Erde.

160) Wahrlich, ihr habt bereits ein Weltgericht geschaffen in Form von gewaltigen Katastrophen, die über euch hereinbrechen und denen ihr bereits nicht mehr ausweichen könnt; ihr steht inmitten eines selbst erschaffenen ungeheuren Gewitters, das sich über euch zusammengezogen hat und über euch nun Unheil und Zerstörung ausschüttet, und wenn ihr so weiterwerkelt wie bisher, dann bricht auch rettungslos die Vernichtung über euch herein; also sollt ihr euch besinnen und den Weg der Wahrheit suchen, um auf ihm zu wandeln und die schöpferischen Gesetze und Gebote zu befolgen, denn nur dadurch könnt ihr das Schlimmste noch verhindern.

161) Ihr Erdenmenschen im allgemeinen, ihr achtet euch nicht als Bindeglied zwischen dem Feinstofflichen und Grobstofflichen, so ihr nicht die belebenden, erfrischenden und fördernden Energien und Kräfte beider Welten zu nutzen wisst; ihr trennt euch selbst in zwei Welten, wobei ihr jedoch nur die grobstoffliche beachtet und euch an diese kettet, während ihr euch der Bindung ans Feinstoffliche entzieht, das ihr notwendigerweise nutzen solltet, um durch die Wechselwirkung zwischen dem Fein- und Grobstofflichen einen wertvollen Ausgleich und ein wahres Leben nach den schöpferischen Gesetzen und Geboten zu finden und zu führen.

162) Ihr seid aber schwach sowie ohne Energie und Kraft in eurem Wollen nach dem wahren Leben, nach der Wahrheit, Gerechtigkeit, des Gerechten und der Rechtschaffenheit, weshalb ihr euch in Faulheit im rein Materiellen suhlt und durch euren Unverstand und durch die euch zur Gewohnheit gewordene Unvernunft nicht wahrnehmt, dass ihr einer ungeheuren Krisis entgegentreibt, die euch mit gewaltigen Fieberschauern durchrütteln wird und euch verzehrt.

163) Bedenkt, alles, was ihr tut, fällt auf euch zurück, denn das liegt im natürlichen Geschehen selbst, wie es gegeben ist durch die schöpferischen Gesetze; also nehmen alle eure Gedanken und Gefühle sofort nach deren Entstehen durch die sie belebende Energie und Kraft eine ihrem Inhalt entsprechende Form an und schwingen von euch hinaus und ziehen Gleichartiges wieder an; ihr aber bleibt mit euren Gedanken und Gefühlen schwingungsmässig in Feinstofflichkeit verbunden, folglich alles Ausgesandte durch die Wechselwirkung Gleichartiges anzieht und wieder zu euch zurückkommt; so werdet ihr durch eure eigenen Gedanken und Gefühle ebenso feinstofflich durchpulst wie auch jene, welche eure entsprechenden gedanklichen und gefühlsmässigen Regungen auffangen und diese in der Art erwidern, dass sie zu euch zurückkehren.

164) Eure im Feinstofflichen zum Leben und zur Wirklichkeit erwachenden Gedanken und Gefühle ziehen nach ihrem schwingungsmässigen Hinausgehen also Gleichartiges an und schwingen zum Ausgangspunkt resp. zum Ursprung zurück, weil ihr unablässig damit in Verbindung steht; dadurch werdet ihr sowohl von euren eigenen Gedanken und Gefühlen wieder getroffen wie auch von denen eurer gedanklich und gefühlsmässig gleichgerichteten Mitmenschen; also entladen sich die zurückkommenden Gedanken und Gefühle in euch, und zwar ohne dass ihr es bewusst wahrzunehmen vermögt; dadurch werden in euch weitere gleichartige Gedanken und Gefühle ausgelöst, woraus sich wiederum die Wirkung der bumerangartigen Rückschlagkraft ergibt, die dazu führt, dass ihr euch immer mehr in die gleiche Gedanken- und Gefühlswelt verkettet und deren Sklave bleibt; also ist es von Dringlichkeit, dass ihr eure Gedanken und Gefühle unter Kontrolle und auf den Weg der Wahrheit bringt, indem ihr euch vom Bösen, Schlechten und rein Negativen ab- und dem Guten, Besten und dem Positiv-Ausgeglichenen zuwendet.

165) Bedenkt, ihr werdet stets von den eigenen Auswirkungen eurer eigenen Gedanken und Gefühle getroffen, deren dauernde Erzeuger und Ernährer ihr seid, und zwar sowohl in der Form des Guten, des Besten und Positiven wie auch des Bösen, Schlechten und Negativen.

166) Und bedenkt weiter, damit die schädigend zurückfallende Gewalt der Wechselwirkung durch die Gedanken und Gefühle nicht immer grössere Kreise zieht und nicht weiter Gleicharten der Mitmenschen an sich reisst und immer mehr Unheil angerichtet wird, deswegen müsst ihr euch

von eurem rein Materiellen resp. Grobstofflichen befreien und zu einem Konsens kommen mit dem Feinstofflichen sowie mit der Wahrheit und mit den schöpferischen Gesetzen und Geboten.

167) Ihr alle, ihr Erdenmenschen, ihr müsst lernen, all das zu erfüllen, was ihr in der Existenz eures Lebens und damit auch im Bereich der Schöpfung tun sollt, auf dass ihr ein Bindeglied seid zwischen dem Materiellen, dem Feinstofflichen und dem Geistigen der Schöpfungsenergie, so ihr sowohl aus dem Materiellen und aus dem Feinstofflichen sowie aus der geistigen Energie und Kraft der Schöpfung in Fülle geniessen könnt.

168) Reinigt euch in euren Gedanken und Gefühlen, so ihr euch durch die schöpferische Wahrheit und durch die schöpfungsmässig gegebenen Gesetze und Gebote leiten lasst, die alles Materielle überragen; dazu braucht ihr nur euren Verstand und eure Vernunft aus der Dunkelheit eurer Unlogik und eures Unwissens zu reissen und folgerichtig aufzubauen; und lernt ihr das zu tun, dann könnt ihr Erfahrungen sammeln, diese erleben und als Werkzeug benutzen, um im grobstofflichen Dasein euer Leben in Logik, Verstand und Vernunft durchzusetzen, wodurch ihr auch die ganze grobstoffliche Schöpfung dauernd fördert, reinigt und hochhebt und daraus sowohl in euch selbst wie auch in der ganzen Menschheit nach und nach wahre Liebe, Harmonie, Freiheit und Frieden erwächst.

169) Und tut ihr demgemäss, dann fliesst durch jede Wechselwirkung folgerichtig auch wieder Gesundes, Gutes und Positives zurück, insbesondere wahre Liebe und Freiheit, Harmonie und Frieden, wovon letztlich eure ganze Menschheit ergriffen wird und darin lebt, wodurch letztlich eine neue, einheitliche, friedliche und harmonische Welt entsteht.

170) Ihr sollt wahrliche Menschen werden in richtiger Erfüllung all eurer Tätigkeiten, eures gesamten Wirkens und Handelns sowie eurer Gedanken, Gefühle, Wünsche, Bestrebungen und Bedürfnisse, auf dass ihr Edelmenschen seid und euch selbst als grösstes Schöpfungswerk beehren könnt.

171) Als grösstes Schöpfungswerk scheut ihr euch aber, die Worte Schöpfung und Wahrheit auszusprechen, obwohl euch diese beiden Begriffe vertrauter sein sollten als alles andere.

172) Dass ihr die Worte nicht auszusprechen wagt, liegt nicht in der Ehrfurcht davor, sondern daran, dass ihr von Verwirrtheit und Angst gebeutelt werdet, weil ihr einerseits in einem Glauben an einen Gott, Götzen oder veridolisierten Menschen gebunden seid und deren Strafe fürchtet, und andererseits, weil ihr nicht bereits als Kinder der Wahrheit belehrt wurdet, weder durch eure Eltern noch durch andere Erzieher, weder durch Pädagogen noch durch sonstige, deren Pflicht es gewesen wäre, euch in der Wahrheit und in den schöpferischen Gesetzen und Geboten zu belehren.

173) Niemand hat euch klare Auskunft gegeben, wenn ihr schon einmal nach der effectiven Wahrheit aller Wahrheit gesucht habt, und so wurde euer Drang nach Wahrheit nicht gestillt, so sie euch im Grund und in allen Dingen immer ein Rätsel blieb, mit dem ihr euch letztlich einfach abgefunden habt, ohne es weiter zu ergründen; unter diesen Umständen kann euer Suchen nach der effectiven Wahrheit aller Wahrheit, der Wahrheit der Schöpfung und ihrer Gesetze und Gebote nicht innig und so vertrauensvoll erfolgen, wie ihr das müsstet tun können.

174) Doch ihr sollt und müsst der Wahrheit aller Wahrheit so oder so näherkommen, früher oder später, so es auch töricht ist, wenn ihr annehmt, dass es Unrecht sein könnte, sich ausführlich mit der Wahrheit, mit der Schöpfung und mit den schöpferischen Gesetzen und Geboten zu befassen und dabei sich vom Glauben an euren Gott, Götzen oder veridolisierten Menschen zu befreien; nehmt also nicht an, dass es nicht des Rechtens sei, euch der Wahrheit zuzuwenden und euren Glauben an euren Gott, Götzen oder veridolisierten Menschen abzulegen; lasst euch diesbezüglich auch nicht irreführen durch eure Bequemlichkeit und Trägheit, wie aber auch nicht durch jene, welche behaupten, dass eure Befreiung in bezug auf euren Glauben an eine Gottheit, einen veridolisierten Menschen oder Götzen böser Frevel sei, denn gegenteilig ist ein Frevel an der Wahrheit gegeben durch einen religiösen, sektiererischen, ideologischen oder philosophischen Glauben.

175) Bedenkt, wenn ihr die wahrheitliche Wahrheit sucht, dann bedingt es, dass ihr eine Annäherung an die ganze Schöpfung sucht, was bedeutet, dass ihr euch den schöpferischen Gesetzen und Geboten zuwenden und sie erfassen und befolgen müsst.
176) Bei der Annäherung an die ganze Schöpfung ist Aufrichtigkeit und Bescheidenheit gefragt, nicht jedoch hündische Demut, denn diese der Wahrheit und der Schöpfung entgegenzubringen ist eine grenzenlose Anmassung und eine Erniedrigung sondergleichen gegen sie, denn die Wahrheit und Schöpfung verlangen nicht eure demütige Anbetung und Unterwürfigkeit, sklavische Gesinnung, Kriecherei und Willfährigkeit, sondern Achtung und Würde, und zwar sowohl für sie wie auch für euch selbst.
177) Eure Achtung und Würde in bezug auf die Wahrheit und die ganze Schöpfung sowie auf euch selbst ist nicht darauf ausgelegt, dass sich Wahrheit und Schöpfung euch nähern müssen, denn ihr selbst müsst euch durch euren Verstand und eure Vernunft in Erkenntnis der Wirklichkeit ihnen nähern, sie erkennen und ihre Gesetze und Gebote befolgen.
178) Aber wahrlich, beim Gros von euch Erdenmenschen ist nur Bequemlichkeit und heuchlerische religiöse, ideologische und philosophische Gläubigkeit gegeben, eingehüllt in den schändlichen Mantel der Demut und Würdelosigkeit gegenüber euch selbst und in bezug auf die Wahrheit, die Schöpfungsgesetze und Schöpfungsgebote, die ganze Schöpfung rundum und die Schöpfung als Universalbewusstsein besonders.
179) Ihr aber unter euch, welche ihr nicht mehr in Wahrheitsunwissenheit und in Nichtbefolgung der Gesetze und Gebote der Schöpfung schlafen wollt, die ihr in Aufrichtigkeit, Achtung und Würde nach der Wahrheit aller Wahrheit sucht und nach der Erfüllung der schöpferischen Gesetz- und Gebotsmässigkeiten strebt, nehmt die Kunde der Lehre der Propheten auf, die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, wie sie euch gegeben ist im ‹Kelch der Wahrheit›, auf dass ihr das Rechte erfasst.
180) Seid euch gewiss: Es gibt nur eine Schöpfung als allumfassende Energie und Kraft, die alles an Existentem und alle Geschöpfe belebt, nämlich das Universalbewusstsein, das auch als ganze Schöpfung sich selbst und alles durch sie Erschaffene umfasst; und es gibt keinen Gott, keinen Götzen und keinen veridolisierten Menschen, der auch nur in einem Stäubchen eines Gewichts der Schöpfung gleichkäme, denn alle Gottheiten und Götzen sind nur von euch Menschen erdichtete Wesenlosigkeiten ohne Energie und Kraft, wie das auch die Menschen sind, die ihr zu Idolen göttlicher Gleichheit erhebt.
181) Durch euer falsches Tun im Glauben an Gottheiten, Götzen und veridolisierte Menschen verschliesst ihr den Himmel und das Paradies, die in euch in Form der Psyche und des Bewusstseinszustandes nach Offenbarung streben, die ihr aber durch euren bewusstseinsmässigen und psychischen Zustand der Hölle in euch bösartig unterdrückt; ihr lasst euch nicht mehr leiten durch die effective Wahrheit aller Wahrheit und also nicht durch die schöpferischen Gesetze und Gebote und damit nicht durch die Wirklichkeit; ihr habt euch selbstwählerisch euren irdischen Verstand und eure Vernunft zur Unlogik grossgezogen und euch ihr und der Wahrheitsunwissenheit unterworfen, und so seid ihr zum Werkzeug eurer eigenen Unzulänglichkeit, Unvernunft und eures Unverstandes geworden und habt euch mehr und mehr von der Wahrheit und von den Gesetzen und Geboten der Schöpfung entfernt.
182) Damit habt ihr als einzelne und als ganze Menschheit eine Spaltung zwischen der Wahrheit, dem Schöpferischen und dem Materiellen vollzogen, wodurch ihr vorwiegend nur noch dem Irdischen zugeneigt seid, das unbedingt nur an das Materielle und dessen Raum und Zeit gebunden ist; das aber ist etwas, das die schöpferischen Gesetze und Gebote in dieser Art nicht beinhalten, sondern euer eigenes, reines Menschenwerk ist, weshalb ihr die Wahrheit und die Gesetze und Gebote der Schöpfung nicht zu erfassen vermögt.
183) Je länger ihr wartet, die effective Wahrheit aller Wahrheit zu finden und sie zu befolgen, desto grösser wird die Kluft zwischen der Wirklichkeit und Irrealität sowie zwischen der Wissenswahrheit und Wissensunwahrheit, wodurch ihr euch immer mehr an das Materielle kettet.

184) Ihr seid nurmehr erdgebundene Verstandes- und Vernunftmenschen, die ihr euch mit Stolz Materialisten nennt, weil ihr die Ketten nicht seht, mit denen ihr euch an das rein Irdische und dessen Raum und Zeit gefesselt habt, wodurch ihr euren Horizont des eigenen Verstandes und eurer Vernunft derart verengt habt, dass ihr die Logik und Wahrheit der Realität nicht mehr erkennt und auch nicht verstehen könnt.
185) Und wenn ihr fragt, wie ihr daraus zur Wahrheit und Wirklichkeit finden könnt, dann ist das für euch unmöglich, wenn ihr euch nicht selbst aufrafft und die Hilfe nicht von euch selbst ausgeht, denn ihr selbst müsst euch eurer erbarmen und euch dazu befähigen, eurem niederen Verstand und der ebenso niederen Vernunft die Wahrheit aller Wahrheit und die Realität zu offenbaren, auf dass ihr auch die Schöpfung und ihre Gesetze und Gebote erfassen und befolgen könnt.
186) Und jene unter euch, welche sich um die Wahrheit und Wirklichkeit bemühen, sollt ihr nicht verlachen, weil ihr selbst in eurem Verstand und in eurer Vernunft verengt und unfähig seid, euren materialistischen Horizont durch gesunde und wertvolle Gedanken und Gefühle derart zu erweitern, auf dass ihr in euch selbst die Wahrheit und Realität finden, kundtun und begreifen könnt.
187) All die Bemühungen der wahrlichen Propheten und ihre Lehre der Wahrheit, Lehre des Geistes, Lehre des Lebens nützen nichts, wenn ihr deren Wissen und Weisheit nicht zu euch durchdringen lasst, weil in euch sogar die Grundgedanken aller Wahrheitsbestrebungen rein materialistisch geworden sind.
188) Und wenn die wahrlichen Propheten mit dem ‹Kelch der Wahrheit› als Mittler zwischen euch wahrheitsverirrte Menschen und die Wahrheit der schöpferischen Gesetze und Gebote kommen, dann sollt ihr über die ‹Lehre der Propheten› nachdenken und Energie und Kraft in euch aufbauen, auf dass die Wahrheit der Lehre in euch dringt und ihr sie begreift und befolgt.
189) Noch seid ihr wenige unter euch, welche ihr als vom Materialismus Gebeutelte nach der effectiven Wahrheit aller Wahrheit verlangt und nach ihr sucht und die ihr von den Gläubigen der Religionen, Sekten, Ideologien und Philosophien anmassend als Gegner des Gottglaubens beschimpft werdet, anstatt in eurem Bemühen das Rechtschaffene, Gerechte und die Gerechtigkeit sowie das Verantwortungsvolle und die Gewissenhaftigkeit zu erkennen.
190) Lasst euch jedoch nicht beirren im Suchen nach der Wahrheit, die ihr nur in euch selbst und in den schöpferischen Gesetzen und Geboten findet, die durch alle Dinge und alles Existente der ganzen Schöpfung wirken, womit auch ihr durch die schöpferische Liebe eng mit allem verbunden seid.
191) Die ehernen Gesetze und Gebote der Schöpfung in all ihren Schöpfungen resp. in all ihrem Geschaffenen, in allen Geschöpfen und in allem Existenten überhaupt, durchziehen als umfassende Schwingungen das ganze Universum und alles, was darin existiert; und aus diesen gesetz- und gebotsmässigen Schwingungen resultieren auch die Wechselwirkungen, durch die ihr selbst euer Schicksal formt und bestimmt; daraus ergibt sich auch, dass ihr euch nicht wider die schöpferischen Gesetze und Gebote stellen könnt, ohne dass ihr dafür die Folgen gemäss Ursache und Wirkung tragen müsst, die ihr durch euer Handeln selbst bestimmt, auch wenn ihr das nicht wisst oder nicht begreifen wollt.
192) Die Wechselwirkung aus euren Gedanken und Gefühlen sowie aus eurem Wirken und Handeln ist unerbittlich und unverrückbar, so also stets alles auf euch zurückkommt, sei es nun Gutes oder Böses.
193) Und so wie die Wechselwirkung, die euch trifft, von euch selbst erschaffen wird und ausgeht, so geht die Wahrheit und ihre Wirkung von der Schöpfung aus, und zwar durch ihre Gesetze und Gebote, denen alles Existente jeder Art eingeordnet ist; bedenkt, Ursache und Wirkung gehören immer zusammen, sind eins in sich allein und eins in Verbundenheit, folglich jeder Teil selbständige Handlungen vornehmen kann, jedoch in Zusammenarbeit als Verbindung im Ganzen eine Einheit ergeben.
194) Vor der Schöpfung ist alles eins, eine Einheit, durchwoben mit ihrer geistigen Energie und Kraft, jedoch umfassend in der Weise, dass alles selbständig ist und auch eigene Energie und Kraft in

sich schafft, wie jedes in dieser Weise auch selbst alles bestimmt und formt, jedoch trotzdem verbunden ist mit der Schöpfung selbst, mit ihrer Energie und Kraft und mit dem ganzen Universum und allem, was darin existiert.

195) Also ist alles und jedes immer eine selbständige Einheit, wie das Negativ und Positiv in sich je eine selbständige Einheit sind, doch im Zusammenschluss bilden sie wiederum eine Einheit resp. ein Ganzes, wie als Exempel der elektrische Strom mit Plus und Minus resp. Positiv und Negativ, die in sich allein eine selbständige Energie und Kraft und Einheit sind, im Zusammenschluss jedoch wiederum ein Ganzes, eine Einheit bilden, so z.B. durch die Verbindung Licht wird oder Motoren angetrieben werden usw.; das aber bedeutet, dass es keine Zweifaltigkeit resp. keine Dualität und keine Dreifaltigkeit resp. Trinität gibt, sondern in jedem Fall nur immer eine Einheit, ein Ganzes.

196) Und da ihr verirrte Menschheit diese Dinge in bezug auf die schöpferischen Gesetz- und Gebotsmässigkeiten nicht versteht, die in allem und jedem gleichermassen wirken, sind euch wahrliche Mittler gegeben, wahrliche Künder der Wahrheit, auf dass ihr lernen mögt und euch von den Ketten der Wahrheitsunwissenheit befreit, um der Wahrheit aller Wahrheit und der Wirklichkeit aller Wirklichkeit zu folgen.

197) Die wahrlichen Propheten kommen, um euch die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens verständlich zu machen, auf dass ihr daraus lernt und ein schöpfungsgesetzgefälliges und schöpfungsgebotsmässiges Leben führt und die Bewusstseinsevolution als Lebenssinn erfüllt.

198) Doch was die Wahrheit aller Wahrheit ist, ist vielen unter euch Erdenmenschen ebenso nicht klar wie auch nicht, was die Schöpfung und die Wirklichkeit sind; Wahrheit, Schöpfung und Wirklichkeit sind für das Gros unter euch nur verworrene Begriffe, die ihr mit eurem Glauben an einen Gott, Götzen oder zum göttlichen Idol erhobenen Menschen gleichsetzt.

199) Doch wisst: Wahrheit, Schöpfung und Wirklichkeit sind ausübende Liebe, Gerechtigkeit, Harmonie, Frieden und Freiheit, denn sie beruhen in den diese Werte in sich tragenden unverrückbaren und unbestechlichen Gesetzen und Geboten der Schöpfung selbst und durchpulsen das gesamte Universum.

200) Insbesondere die Liebe ist der grundlegende Faktor allen Seins der ganzen Schöpfung, wie alles erschaffen ist aus der Schöpfung selbst, aus dem Universalbewusstsein; und so, wie durch die Schöpfung alles in Liebe gefasst ist, so sollte es auch bei euch Erdenmenschen sein, dass ihr alles in Liebe erfasst, eure Nächsten, alle eure Mitmenschen und die ganze Menschheit, die Natur und ihre Pflanzenwelt, den Planeten, die Tiere, alles Getier und alles, was da kreucht und fleucht; ihr aber erfasst nur euch in ausgearteter, selbstsüchtiger Selbstliebe, während ihr euren Nächsten und den Mitmenschen sowie eurer Menschheit nur Scheinliebe entgegenbringt.

201) Ihr tut euch zusammen in Scheinliebe zur Freundschaft, kennt nicht einmal mehr die wahre Eltern- und Geschwisterliebe und nicht die Nächstenliebe, sondern nur die zweifelhafte Herrschsuchtliebe, Unbescheidenheitliebe, die Geizliebe und krankhafte Egoismusliebe sowie die Zwangliebe nach Reichtum, Geld, Eigennutz und weltlichen Vergnügen.

202) Und ihr vielen unter euch, welche ihr zweckgerichtete eheliche Bündnisse eingeht, ihr kennt nicht einmal die wahre Bündnisliebe, sondern nur eine Zweckliebe, die darin fusst, finanziellen Reichtum oder idolhaftes Ansehen zu gewinnen, so ihr ohne wahre Liebe euch in Zweifelhaftigkeit ehelich verbündet und je nach Belieben und krankhaftem Bedürfnis das Bündnis wieder auflöst, wodurch weder eine Beständigkeit noch wahre Liebe zustande kommen können.

203) Wie ihr nur eine Scheinliebe zur Wahrheit habt, fühlt ihr gleichermassen eine Scheinliebe zu eurem Leben, dessen hohen Wert ihr missachtet und es durch allerlei extreme und verantwortungslose Formen des Wirkens und Handelns ständig an den Rand des Todes führt.

204) Rundum ist die Liebe bei euch sehr vielen, welche ihr sie nur als Schein, Lug und Trug pflegt, nur auf Profit, Reichtum, Ansehen, Selbstdarstellung, auf Vorteile, Schädigung, Gehässigkeit, Feindseligkeit und Böswilligkeit ausgelegt, weshalb ihr in Schändlichkeit Liebe heuchelt, wo wahrheitlich in euch nur Hass, Habsucht, Schadenfreude, Rachsucht und Vergeltungsdrang sowie Raffgier, Gewinnsucht und Ausnutzung gegeben ist.

205) Wie ihr eure erfundenen Götter, Götzen und veridolisierte Menschen zu Religionen, Ideologien und Philosophien und zu einem Glauben gemacht habt, so habt ihr Gleiches getan mit der Liebe, denn sie ist für euch nurmehr ein Glaube und eine Religion, den und die ihr ebenso wie die angebliche Liebe je nach Bedarf und Einstellung zum eigenen Zweck verbiegt und malträtiert.
206) Wahrlich, ihr habt die Liebe völlig falsch erfasst und durch vielseitige Entstellungen und Verzerrungen zu einem Glaubens- und Religionsbegriff gemacht, wobei ihr überhaupt nicht wisst, was wirkliche Liebe ist, weil ihr sie von materiellen Dingen abhängig macht und sie je nach Lust und Laune wechselt wie schmutzige Hemden.
207) Was ihr Liebe nennt, ist alles andere als Liebe, denn wahre Liebe ist innigste, empfindungsmässige Verbundenheit, und Liebe ist die absolute Gewissheit dessen, selbst in allem mitzuleben und mitzuexistieren, so in allem Existenten; in Fauna und Flora, im Mitmenschen, in jeglicher materiellen und geistigen Lebensform gleich welcher Art, und im Bestehen des gesamten Universums und darüber hinaus.
208) Doch ihr unter euch Erdenmenschen, welche ihr die Liebe als Glaube und Religion habt, wenn eurer sogenannten echten Liebe auf den wahren Grund gegangen wird, dann bleibt letztlich nichts anderes übrig als Begierden, Bequemlichkeit, Einbildung, Eitelkeit, Verlangen nach Reichtum und Ansehen, Habgier sowie sexuelle Triebe usw.
209) Wahrhaftige Liebe ist nicht nur gedanken- und gefühlsbedingt, sondern erhoben durch Empfindungen aus dem Gemüt des Geistbereiches, und diese Form der wahren Liebe ist nicht einfach danach ausgerichtet, was euch gefällt, was euch angenehm ist und was euch Freude und Wohlbehagen bereitet, sondern sie richtet sich nur danach, was sich mit innigster Verbundenheit und Gewissheit der Mitexistenz in Harmonie zusammenfügt.
210) Wahre Liebe ist auch wahrliche Freude und umfassendes Glück in Gemeinsamkeit in den Gedanken, Gefühlen und in der Psyche, wobei jede Dienerei, Demut und Heuchelei ausgeschlossen ist; wenn so durch die wahrlichen Propheten gesagt ist «Liebet eure Feinde», dann bedeutet das, dass ihr eine innige Verbundenheit in Gewissheit der Mitexistenz pflegen sollt, und zwar ganz gleich, ob euer wirklicher oder scheinbarer Feind es offen wahrnimmt oder nicht.
211) Hütet euch davor, eure wirklichen oder scheinbaren Feinde zu züchtigen, um sie zur Erkenntnis zu bewegen, sondern gebt ihnen kund, dass ihr selbst ihnen nicht feindlich gesinnt seid und dass ihr euch mit ihnen als Menschen innig verbunden fühlt und weder Hass noch Rachegedanken gegen sie hegt; das allein ist Liebe und das Waltenlassen der Gerechtigkeit am Nächsten und Mitmenschen, denn bedenkt, dass wahre Liebe sich nicht von Gerechtigkeit trennen lässt, weil beide als je eigene Einheit zusammengehören und zusammen wiederum eine Einheit bilden.
212) Gerechtigkeit und das Gerechtsein in Liebe bedingen jedoch, dass ihr einem feindlich Gesinnten nicht unangebrachte Nachgiebigkeit entgegenbringt, damit dessen Fehlverhalten nicht noch gesteigert wird und er nicht noch mehr auf die abschüssige Bahn gerät, denn wahrlich ist es eure Pflicht, in Liebe, Verstand und Vernunft sowie in friedlicher Weise das Fehlverhalten aufzuzeigen, um nicht gegenteilig zur Liebe Schuld und Hass auf euch zu laden.
213) Die Liebe von euch vielen Erdenmenschen, welche ihr sie zum Glauben und zur Religion, Ideologie oder Philosophie gemacht habt, ihr formt sie durch eure unausgesprochenen Wünsche auch zur Unwürdigkeit und Schlaffheit, wobei ihr sie in ihrer Wahrheitlichkeit verleugnet und verleumdet, und zwar gleichermassen, wie ihr es mit den wahrlichen Wahrheitsbringern, den Propheten, den Kündern, tut und sie der Weichheit und Nachgiebigkeit verleumdet, weil sie nicht Hass, Krieg, Terror, Rache und Vergeltung predigen, sondern euch der wahren Liebe, Harmonie und Freiheit sowie des wirklichen Friedens belehren.
214) Der wahrlichen Propheten Traurigkeit, die sie oft befällt, hat nichts mit Weichlichkeit und Nachgiebigkeit zu tun und ist den Kündern im Hinblick auf ihre hohe Mission und die ihnen gegenüberstehende Menschheit eine Selbstverständlichkeit, mit der sie sich zurechtfinden müssen wider alle verleumderischen und lebensbedrohenden Angriffe der dem Hass verfallenen Widersacher.
215) Doch ihr, welche ihr nicht den Glauben Liebe und nicht die Religion Liebe sucht, sondern die wahre empfindungsmässige Liebe, ihr müsst euch von allen dogmatischen Einengungen be-

freien und euch in strenger Konsequenz sowie ohne jede unlogische Nachgiebigkeit und Schwachheit den schöpferischen Gesetzen und Geboten zuwenden und diese befolgen, denn allein in Erfüllung derselben vermögt ihr auch die wahre Liebe in euch zu finden und aufzubauen; seid euch stets bewusst, dass wahre Liebe kein Zwang ist, sondern aus eurem freien Willen heraus erschaffen und zur Wirklichkeit werden muss.

216) Euer freier Wille ist etwas Besonderes, doch um diesen erklären zu können, müssen viele äussere Dinge herangezogen werden, die mehr oder weniger Einfluss darauf nehmen; ausserdem ist der freie Wille etwas, worüber sich selbst die Gelehrten streiten.

217) Euer freier Wille beinhaltet unbedingt eure freie Entschliessungs- und Entscheidungsmöglichkeit, die auf der Verantwortlichkeit der Gesetze in bezug auf Gerechtigkeit aufgebaut ist.

218) Auch wenn ihr fragt, wo denn bei euch der freie Wille sein soll, weil ihr an göttliche oder götzliche Führung, Vorbestimmung, Vorsehung und an die Einflüsse der Gestirne, an göttliche oder götzliche Strafe oder an ein Karma und daran glaubt, dass ihr, ob ihr wollt oder nicht, durch die Kräfte eines Gottes, Götzen oder eines zum göttlichen Idol erhobenen Menschen durch das Leben geführt oder geschoben werdet, so ist euch dieser freie Wille doch gegeben, auch wenn ihr das nicht verstehen wollt.

219) Ihr stürzt mit Eifer ernsthaft über alles her, was vom freien Willen spricht, wobei ihr richtig erkennt, dass gerade darüber eine notwendige Erklärung erforderlich ist, weil das Ganze eures freien Willens durch den religiösen, ideologischen und philosophischen Glauben nicht verstanden sowie durch die Irrvermutungen und Irrlehren der Neoneurologie gar bestritten wird.

220) So lange nun aber, wie euch die Wahrheit der Erklärung in bezug auf euren freien Willen fehlt, vermögt ihr euch nicht richtig darauf einzustellen, die schöpferischen Gesetze und Gebote zu befolgen und euch in der ganzen umfassenden Schöpfung als das zu behaupten, was ihr wirklich seid, nämlich Menschen mit einem freien Willen.

221) Findet ihr jedoch nicht die richtige Einstellung im Bereich der ganzen umfassenden Schöpfung und nicht zur Schöpfung resp. dem Universalbewusstsein selbst, dann bleibt ihr allem von ihr erschaffenen Existenten fremd und irrt darin umher, ohne die wahre Richtung des Lebens zu finden; dies ist ein Zustand, in dem ihr keine Zielbewusstheit findet, weil ihr euren freien Willen nicht entfaltet und ihr euch dadurch durch eure Mitmenschen durch das Leben schieben, formen, dirigieren, hobeln und umherirren lasst.

222) Euer grosser Mangel in bezug auf euren freien Willen beruht darin, dass ihr nicht wisst und nicht einmal eine Ahnung habt, wo er in euch eigentlich angesiedelt ist und wie er arbeitet; allein schon diese Tatsache weist auf, dass ihr die Verbindung zu eurem freien Willen unterbrochen und ihn weitestgehend verloren habt und daher auch nicht mehr wisst, wo und wie ihr ihn finden könnt.

223) Wahrlich, das Tor zur Erkennung und zum Verständnis eures freien Willens habt ihr durch euer reines materialistisches Gedanken- und Gefühlsgut verschlossen, so ihr euch unschlüssig im Kreise dreht und stetig ermüdet, wenn ihr nach der Wahrheit und nach eurem freien Willen sucht.

224) Erst wenn ihr eure Gedanken und Gefühle ändert und ihr euch aufrichtig um die effective Wahrheit bemüht und sie durch euren freien Willen auch finden wollt, wird sich in euch frische Energie und Kraft ergeben, um eure Verschlossenheit zu öffnen; doch seid euch gewiss, dass auch dann, wenn ihr mit grosser Kraft die Verschlossenheit wegfegt, der Weg zur Wahrheit noch lang ist und ihr stetig weitersuchen müsst.

225) Ihr müsst lernen, den Weg der Wahrheit in euch selbst zu finden, der die Wahrheit und das Ziel selbst ist, und also müsst ihr lernen, den Weg zu gehen und ihn mit festem und unbeirrbarem Schritt zu beschreiten, sonst kann es geschehen, dass ihr den Weg wohl seht, jedoch torkelnd auf ihm dahinstrauchelt und immer wieder stürzt, weil ihr leicht getrübt seid und Fehltritte macht und so weder die wahrliche Wahrheit noch euren freien Willen finden könnt.

226) Ihr vielen unter euch, welche ihr einfache, arbeitsame und normalbürgerliche Erdenmenschen ohne akademischen Titel, Rang und Namen und Gläubige in bezug auf eine Gottheit, einen Götzen, Engel, Heiligen oder veridolisierten Menschen seid, wie aber auch ihr, welche ihr einen

hohen Titel, Rang und Namen tragt, wie als Wissenschaftler und Neoneurologen usw., ihr bringt dem wirklichen Bestehen resp. der wirklichen Existenz eures freien Willens in hartnäckiger Weise Unverständnis entgegen, und zwar in vollkommenem Nichtverstehen dessen, was der freie Wille wirklich ist.

227) Wahrlich, die einfache Erklärung für den freien Willen ist in der Bezeichnung selbst schon gegeben, doch weil ihr in eurer Vernunft und in eurem Verstand kompliziert seid, so seht ihr auch die Erklärung in Kompliziertheit, und zwar aus dem Grund, weil ihr das wirklich Einfache vor lauter Einfachheit nicht wahrnehmen könnt und folglich an falscher Stelle nach dem freien Willen sucht, von dem ihr euch kein Bild und keine Idee machen könnt.

228) Ihr Erdenmenschen, die ihr euch Gedanken um euren freien Willen macht, ihr lebt in Vorstellungen, die in jedem Fall immer falsch sind, denn Vorstellungen entsprechen immer Illusionen, und diese sind nichts anderes als Wunschbilder, Einbildungen, Luftschlösser, Blendwerk und Selbsttäuschung und haben mit der Wahrheit und Wirklichkeit nichts zu tun; richtig können nur effective Anhaltspunkte, Begriffe, Bilder und Ideen sein, die der Realität entsprechen, niemals jedoch Vorstellungen.

229) Da ihr euch jedoch Vorstellungen macht, die immer falsch sind und Enttäuschungen bringen, so versucht ihr auch in bezug auf euren freien Willen diesen durch eine irrige Vorstellung zu erklären, die darin fusst, dass eine gewaltsame Konstruktion eures Gehirns den an Raum und Zeit gebundenen Verstand und die Vernunft zwinge, die Gedanken und Gefühle in irgendeine bestimmte Richtung zu drängen und festzulegen; das jedoch ist eine schwerwiegende Verwechslung und entspricht in keiner Weise eurem freien Willen, sondern einem von euch eigens erdachten falschen Machwerk eures an euren mangelhaften Verstand und an die unzulängliche Vernunft gebundenen nichtverstandenen Willens.

230) Diese gravierende Verwechslung erzeugt grosse Irrtümer und baut eine Mauer gegen die Wahrheit auf, wodurch euch ein Erfassen und Erkennen derselben unmöglich gemacht wird; und dass ihr darum bei der Suche nach eurem freien Willen auch Lücken und Widersprüche findet und in das Ganze keine Folgerichtigkeit resp. Logik hineinzubringen vermögt, das wundert euch horrend und verschliesst euren Verstand und die Vernunft.

231) Euer freier Wille ist wahrheitlich äusserst einschneidend verbunden mit der feinstofflichen Welt des Wesens eurer Individualität, die ihr selbst zu formen fähig seid und der euer Wille seinen Stempel aufdrückt.

232) Euer freier Wille steht in direktem Zusammenhang mit eurem Bewusstsein und damit auch mit euren Gedanken und Gefühlen und folglich also auch mit eurem Gehirn sowie mit dem feinstofflichen Bereich.

233) Würdet ihr nicht immer nur eurem materiellen Verstand und der damit zusammenhängenden Vernunft in unbeschränkter Weise die Suzeränität resp. die Oberherrschaft einräumen, sondern auch den Kern eures wahren inneren Wesens nutzen, der mit eurer eigenen feinstofflichen Seite verbunden ist, dann könntet ihr euren freien Willen erkennen und ihn bewusst steuern.

234) Und würdet ihr euren freien Willen bewusst nutzen und lenken, dann würdet ihr das Feinstoffliche eures Wesenskernes als eigentliches Ich erkennen und demgemäss in völliger Freiheit selbst in völlig bewusster Weise und absolut frei von irgendwelchen Einflüssen grundsätzlich alles selbst bestimmen, und allein diese Selbstbestimmung ist der springende Faktor des freien Willens.

235) Und nutzt ihr die Selbstbestimmung resp. euren freien Willen, dann lebt ihr nicht in jenem gebundenen Willen, der zur Ausführung aller materiellen Zwecke an den irdischen Raum und an die irdische Zeit gebunden ist und durch eure Lebensweise, Lebensumstände, die Norm der Gesellschaft, durch Bedürfnisse, Wünsche, Begierden und Befehle der Mitmenschen sowie durch Gesetze und Verordnungen usw. bestimmt wird.

236) Der gebundene Wille ist jener, der nicht selbst erschaffen, sondern durch äussere, materielle Einflüsse auf euch einwirkt und euren eigenen freien Willen unterdrückt und nicht zur Geltung kommen lässt, weshalb ihr dann annehmt, dass ihr eigens nicht über einen freien Willen verfügen würdet.

237) Lebt ihr aber damit, indem ihr nur dem gebundenen Willen folgt, dann bestimmt ihr nicht bewusst selbst euer Schicksal in der Weise, dass es einzig und allein von euch ausgeht und geformt wird, sondern ihr bestimmt es dadurch, dass ihr euch äussere Einflüsse aneignet und euch dem auf euch einwirkenden gebundenen Willen beugt und in dieser Art und Weise selbst euer Schicksal herbeiführt.

238) Natürlich bringt diese Erklärung noch kein richtiges Begreifen in bezug auf euren freien Willen als Menschen, denn um es wirklich verstehen zu können, ist es notwendig zu wissen, worauf der freie Wille grundsätzlich beruht, wofür die Begründung in den schöpferischen Gesetzen und Geboten verankert ist, die allein auf die Bestimmung von Wirkungen gemäss dem Kausalgesetz von Ursache und Wirkung ausgelegt sind.

239) Diese gerechtigkeitsgeprägten Gesetze und Gebote sind nicht darin bestimmend, was ihr als Menschen durch sie tun oder lassen sollt, wodurch ihr ohne freien Willen wärt und bestimmend durch sie gelenkt würdet, denn gegenteilig bestimmen sie keinerlei eurer Gedanken, Gefühle, Handlungen und Taten, sondern lassen euch in jeder Beziehung darüber selbst bestimmen und entscheiden, so also nach eurem eigenen freien Willen.

240) Was vorgegeben ist durch die Schöpfungsgesetze und Schöpfungsgebote sind allein die Wirkungen, nämlich dass aus bestimmten Ursachen wiederum bestimmte Wirkungen hervorgerufen werden; in dieser Weise ist durch die Gesetze und Gebote nur festgelegt, dass bestimmte Gedanken, Gefühle, Taten, Handlungen und Wirkungsweisen als Ursache mit absoluter Sicherheit der Ursache entsprechende Wirkungen hervorbringen, wobei euch als Menschen jedoch nach eurem eigenen Willen freigestellt ist, die Ursache in richtiger oder falscher resp. negativer oder positiver Weise zu formen und daraus also eine richtige oder falsche resp. eine positive oder negative, resp. gute oder schlechte Wirkung herbeizuführen.

241) Als vages Beispiel können euch eure selbsterschaffenen Gesetze und Verordnungen usw. dienen, die euch in der Weise gegeben sind, dass ihr sie nach eigenem Ermessen resp. nach eigener freier Bestimmung und nach freiem Willen befolgen oder diesen zuwiderhandeln könnt; also sind auch eure Gesetze und Verordnungen usw. derart geformt, dass ihr sie befolgen oder missachten könnt, wobei diese ebenfalls auf Ursache und Wirkung aufgebaut sind; befolgt ihr sie, dann schafft ihr damit gute, positive Ursachen, woraus die Wirkung der Straflosigkeit hervorgeht und eine Lebensführung in bezug auf die Gesetzbefolgung resultiert, die des Rechtens, untadelig, rechtschaffen, gerechtigkeitsgeformt und verantwortungsvoll und also guter und positiver Natur ist; werden gegensätzlich jedoch von euch eure Gesetze und Verordnungen missachtet und gebrochen, dann resultiert daraus die Wirkung der Strafbarkeit sowie eine Lebensführung des Unrechts, der Verantwortungslosigkeit, der Ungerechtigkeit und Unrechtschaffenheit, was einer unguten und negativen Form entspricht; und ob eure Gedanken, Gefühle, Handlungen, Taten und euer Wirken gut und positiv oder schlecht und negativ sein sollen, das bestimmt ihr selbst nach eigenem Ermessen und im Vollbesitz eures freien Willens, denn auch in bezug auf die Befolgung oder Nichtbefolgung eurer gesellschaftlichen und strafrechtlichen Gesetze, Gebote und Verordnungen seid ihr ebenso nicht gezwungen, sie einzuhalten und zu befolgen, wie auch hinsichtlich der schöpferischen Gesetze und Gebote; zu tragen habt ihr aus euren eigens bestimmten Ursachen resp. Gedanken, Gefühlen, Taten und Handlungen die Wirkungen, die daraus hervorgehen, sei es nun bezogen auf die schöpferischen oder eure menschlichen Gesetze und Gebote resp. Verordnungen.

242) Sowohl die schöpferischen Gesetze und Gebote wie auch eure menschlichen Gesetze und Verordnungen sind euch zur Befolgung oder Missachtung freigestellt, wobei ihr euch auch bewusst seid – zumindest in bezug auf eure irdisch-menschlichen Gesetze und Verordnungen usw. –, dass ihr bei der Ursache des Gesetzes- oder Verordnungsbruches als Wirkung zur Rechenschaft gezogen werdet.

243) Ihr könnt euch nach eigenem freiem Willen selbst entscheiden, ob ihr die Gesetze und Gebote der Schöpfung oder eure irdisch-menschlichen Gesetze und Verordnungen einhalten wollt oder nicht, denn ihr seid durch sie nicht gezwungen, in der einen oder anderen Weise zu handeln,

so ihr also selbst darüber entscheidet, welche guten oder schlechten Ursachen ihr wählen und schaffen und welche rühmlichen oder bösen Wirkungen ihr hervorrufen wollt, und zwar ganz nach eurem eigenen freien Willen, durch den ihr euer Einordnen in das Gute oder Schlechte selbst bestimmt.

244) In welcher Weise die sehr oft vielseitige Verstrickung eurer Gedanken, Gefühle, Taten, Handlungen und euer Wirken die Auswirkungen eures freien Willens verdecken, vermögt ihr in der Regel überhaupt nicht zu erkennen, weil ihr nur gemäss eurer Oberflächlichkeit dahinlebt und nicht wirklich wahrnehmt, was in euch grundsätzlich vorgeht, so ihr auch euren eigenen freien Willen nicht analysieren und nicht erkennen, geschweige denn verstehen könnt, weshalb ihr irrig wähnt, dass ihr nicht selbst willentlich alles steuern, sondern durch kosmische oder göttliche Gesetze gesteuert würdet.

245) Um das Ganze eures freien Willens zu begreifen, müsst ihr auf die feinstoffliche Hülle eures freien Bewusstseins und auf den Kern eures Wesens zurückgreifen, die den äussersten Rand der Stofflichkeit bilden, in den sich impulsmässig die Energie und Kraft des Geistigen senkt, übertragen durch eure Geistform sowie durch die schöpferischen Gesetze und Gebote; und das ist das, worum ihr bemüht sein sollt, es wahrzunehmen, denn dann werdet ihr erkennen, dass ihr durchaus nicht das seid, was ihr euch einbildet zu sein.

246) Wahrlich, ihr Erdenmenschen habt nicht das unbedingte Anrecht auf die Glorie des Lebens, denn das Anrecht besteht einzig und allein darin, dass ihr es euch verdient durch die Evolution eures Bewusstseins, indem ihr in euch und rundum wahre Liebe, Harmonie, Freiheit und Frieden sowie Wissen und Weisheit erschafft und ein Leben des Rechtens in Gerechtigkeit, Gewissenhaftigkeit, Rechtschaffenheit und Verantwortung führt; und das sagt auch, dass das Ganze völlig falsch ist, was ihr in unrichtig aufgefasstem oder gedachtem Sinn wähnt, nämlich dass ihr von Grund auf wahrliche Menschen seid, denn wahrliche Menschen seid ihr erst dann, wenn ihr euch dazu entwickelt habt.

247) Grundsätzlich seid ihr nur als Menschenkeim ins Leben gesät, wobei ihr als dieser Keim alles in euch tragt, um euch persönlich bewusst zu einem wahren Menschen zu entwickeln, doch ist dabei die Voraussetzung gegeben, dass ihr selbst die dazu erforderlichen Fähigkeiten und Möglichkeiten in euch erschafft und pflegt, sie zur Hochform bringt und nicht wieder verkümmern lasst.

248) Wahrlich, dieser Vorgang der Selbstentwicklung geschieht nach eurem völlig freien Willen und im Zusammenhang mit dem Erschaffen der Fähigkeiten und Möglichkeiten, wobei der ganze Vorgang ungeheuer gross, gewaltig und völlig natürlich in jeder Stufe des Geschehens ist; und gegeben ist euch dazu die schöpferisch-geistige Energie und Kraft, wodurch ihr nach eurem freien Willen einen logischen oder unlogischen Werdegang wählen könnt, so ihr selbst bestimmt, ob ihr den logischen, schöpferischen Gesetzen und Geboten folgen wollt oder nicht und also Gemach oder Ungemach auf euch laden wollt; doch bedenkt, auch die Logik ist nicht vollkommen, sondern nur in relativer Art und Weise, und zwar darum, weil es stets nur relativ Vollkommenes gibt, weil jede Entwicklung wieder eine weitere Entwicklung nach sich zieht, jedes Resultat wieder ein weiteres Resultat, und zwar ganz gemäss dem Gesetz der Kausalität, dass eine Ursache eine bestimmte Wirkung bringt, die wiederum die Ursache für eine weitere Wirkung ist usw.

249) Ihr Erdenmenschen als Menschenkeim, jeder von euch trägt in sich eine schöpfungsgegebene Geistform, die euch und euren gesamten Bewusstseinsblock mit schöpferisch-geistiger Energie und Kraft belebt und wodurch ihr auch fähig seid, die kosmisch-elektromagnetische Lebensenergie in euch aufzunehmen; und durch die selbe Energie und Kraft seid ihr auch befähigt, alle notwendigen Fähigkeiten und Möglichkeiten in euch zu erschaffen, die in sich je eine Verheissung tragen, deren Erfüllung unbedingt erfolgt, wenn ihr durch euren Willen alles dazu formt resp. wenn ihr eure selbsterschaffenen Fähigkeiten und Möglichkeiten zur Verwirklichung bringt.

250) Lernt, dass das Feinststoffliche der Schöpfung als Energie und Kraft in das Wesen eures Feinstofflichen dringt, und von diesem eurem Feinstofflichen in euer Bewusstsein und in euren Körper

wallt, wodurch ihr also als materielle menschliche Lebensform auch Schöpferisch-Geistiges in euch tragt; und durch das Feinststoffliche der Schöpfung, das in euer Feinstoffliches und aus diesem in euer Bewusstsein und in euren Körper eindringt, lebt und evolutioniert ihr in eurem Bewusstsein, wenn ihr in bewusster oder unbewusster Weise lernt.

251) Die Saat eurer Bewusstseinsevolution keimt und wächst jedoch nur langsam, und zwar je nach eurem bewussten Bemühen, das ihr eigens durch euren freien Willen erschaffen müsst; entwickelt ihr dabei aber nicht bewusst und willentlich die notwendigen Fähigkeiten und Möglichkeiten, dann verkommen eure Bemühungen und verlieren sich irgendwo, ohne dass sie irgendwelchen Erfolg bringen und sich verwirklichen können.

252) Doch bemüht ihr euch bewusst willentlich um alles Notwendige, dann entstehen in euch die Fähigkeiten und Möglichkeiten, die ihr genau sortiert und das noch aussondert, was nicht des Wertvollen ist, so ihr die Spreu vom guten Korne trennt.

253) Im grossen und ganzen ist das der Weg des Werdegangs, in dem euer freier Wille erkennbar ist, doch um diesen zu erkennen, muss der eigentliche Werdegang von euch Erdenmenschen noch etwas eingehender verfolgt werden, denn Tatsache ist, dass ihr gemäss euren Wünschen, Bedürfnissen und Begierden den Kurs eurer Gedanken und Gefühle einfach nach freiem Ermessen resp. freiem Willen ändern und ihm eine andere Richtung geben könnt, wenn euch etwas nicht mehr behagt; dadurch reift ihr aber auch mehr und mehr, denn langsam wächst euer Unterscheidungsvermögen und auch eure Urteilsfähigkeit, was letztlich dazu führt, dass ihr bewusster und sicherer werdet und einer bestimmten Richtung folgt; und die Wahl der Richtung, des Weges, der Schwingungen, denen ihr zu folgen gewillt seid, bleibt dann nicht ohne tiefere Wirkung in euch selbst, und dabei ist es nur logisch, dass die Richtung, die ihr einschlagt, den Weg, den ihr geht, und die Schwingungen, in denen ihr in eurem freien Willen pulsiert, eine Wechselwirkung erzeugen, die euch beeinflusst.

254) Die reine schöpferische Energie und Kraft, die ihr durch euren Feinstoffbereich in eurem Bewusstsein und im gesamten Bewusstseinsblock aufnehmt, ist rein und edel in sich, und das sollt ihr in dieser Art und Weise auch nutzen gemäss eurem freien Willen und es nicht durch den gebundenen, weltlich-materiellen Willen verkümmern lassen.

255) Folgt ihr vorwiegend euren edlen Schwingungen, euren eigenen gut- oder bestgeformten Ideen, Gedanken, Gefühlen, Bestimmungen und Entscheidungen, dann formt ihr dadurch euren freien Willen folgerichtig in richtiger Weise des Positiven, Guten und Wertvollen, das in euch selbst ebenso zum Ausdruck kommt, wie ihr es auch nach aussen tragt durch eure Worte, Taten, Handlungen und euer Wirken allgemein.

256) Entschliesst ihr euch durch eure Ideen, Gedanken, Gefühle, Bestimmungen und Entscheidungen hauptsächlich für die unedlen Schwingungen, dann beeinflussen diese mit der Zeit euren freien Willen in der Weise, dass ihm die negative, schlechte, böse Art anhaftet, wodurch auch eure Individualität in gleicher Form geprägt wird und ihr eure Taten, Handlungen und all euer Wirken darauf ausrichtet; das darum, weil das alleinig Negative, Schlechte, Böse alles überwuchert, wodurch kein Erwachen und Aufblühen zur effectiven Wahrheit erfolgen kann.

257) Formt ihr euren freien Willen zum rein Bösen, Negativen, Schlechten, Unrechtschaffenen, Verantwortungslosen, zur Gewissenlosigkeit und zum Ungerechten, dann vergrabt und unterdrückt ihr in euch den schöpferisch geprägten Kern eures Wesens, während ihr dessen äusseres Wesen durch euren freien Willen zur üblen Individualität formt, wodurch ihr zum schlechten Verwalter über euer schöpferisches Gut werdet, das ihr im Kern eures Wesens als schöpferisch-geistige Form, Energie und Kraft in euch tragt.

258) Der Kern eures Wesens ist also geprägt durch die schöpferische Natur resp. ihre Energie und Kraft, der ihr nachleben und dadurch die äussere Hülle durch euer eigenes Bemühen und nach eigenem freien Willen zum Besten formen sollt, denn diese äussere Hülle eures Wesenskerns ist euch von Grund auf neutral gegeben, auf dass ihr sie selbst als Individualität gestalten könnt; führt ihr jedoch diese Gestaltung in falscher Weise durch, indem ihr willentlich nur das Böse, Schlechte, Negative bevorzugt, dann formt sich erstens euer Wille gemäss eurer eigenen, freien

Entscheidung und Bestimmung danach, und zweitens entsteht daraus auch die diesem freien Willen gleichgerichtete Individualität.

259) Die euch von Geburt an gegebene Energie und Kraft des Willens ist von Grund auf neutral und liegt in dieser Weise brach, folglich sie bearbeitet und sozusagen wie ein Computer programmiert werden kann; das aber bedeutet, dass ihr selbst die Form eures Willens bestimmt, ob er also wirklich frei sein soll gemäss eurem Verlangen oder ob ihr ihn knechtet und der äusseren Gebundenheit überlasst, wodurch er verkümmert und ihr vom gebundenen und euch aufdiktierten Willen versklavt seid.

260) Ihr könnt also euren eigenen freien Willen aufbauen und alle Dinge eures Lebens dadurch selbst ordnen, entscheiden und bestimmen, oder ihr könnt euch durch die materielle Umwelt und durch eure Mitmenschen deren Willen, den gebundenen, aufzwingen lassen, denn wahrlich entscheidet ihr selbst darüber, wie euer Wille geformt sein soll, und zwar sowohl im Negativen, Schlechten, Bösen wie auch im Positiven, Guten, Besten und Wertvollen.

261) Ihr könnt euren Willen also in voller und umfänglicher Freiheit für euch selbst formen und erheben, wie ihr ihn auch in die Gebundenheit und Unfreiheit der Versenkung in das rein Stoffliche resp. Materielle lenken und verkommen lassen könnt.

262) Also ist es euch möglich, eure Schwingungen frei gemäss euren Ideen, Gedanken, Gefühlen, Entscheidungen und Bestimmungen zu formen, so ihr also dadurch einen eigenen positiven, guten oder negativen und schlechten freien Willen erschafft, oder ob ihr euch von aussen einen gebundenen, unfreien Willen aufzwingen lassen wollt.

263) Wählt ihr die negative, schlechte, böse Seite des freien Willens, dann seid ihr dauernd gleichartigen Versuchungen ausgesetzt und beschmutzt euch damit selbst, wenn ihr ihnen Folge leistet; in dieser Weise regt sich in euch eine bewusstseinsmässige Unruhe, die durch Gedanken und Gefühle und damit durch die Psyche zum Ausdruck kommt; tatsächlich kommen durch das rein Negative, Schlechte und Böse auch die äusseren Wirkungen in gleicher Weise zur Geltung und räumen dem Edlen keinen Raum mehr ein, weil dieses überwuchert wird, wie auch der freie Wille, der in seiner negativen oder positiven Art von euren eigenen Entscheidungen und Bestimmungen, Ideen, Gedanken und Gefühlen abhängig ist und eben durch diese geformt wird.

264) Und wisst, ihr Erdenmenschen, jede euch treffende Schuld und jedes euch anhängende Schicksal ist rein stofflicher Natur, denn solches ist nur gegeben innerhalb der materiellen Schöpfung resp. den Geschöpfen, die aus der Idee der Schöpfung Universalbewusstsein hervorgegangen sind; also könnt ihr nur als Menschen Schuld und Schicksal auf euch laden, während euer Geist resp. eure Geistform, die schöpferischer Natur und nur eine Winzigkeit in euch ist, nicht davon betroffen werden kann; auf euren Geist also, eure Geistform als reine schöpferische Energie und Kraft, kann nichts von Schuld und Schicksal übergehen und auch nicht in irgendeiner Weise anhängen; also könnt nur ihr – gemäss eurem freien Willen – Schuld auf euch laden und ein bestimmtes eigenes Schicksal herbeiführen, wobei ihr euch aber von eurer Schuld auch wieder befreien und euer Schicksal nach eurem eigenen freien Willen wandeln könnt; diese Tatsache wirft nichts um, sondern bestätigt nur die Wahrheit, die durch die schöpferischen Gesetze und Gebote gegeben ist; diese Wahrheit widerspricht aber dem religiösen Glauben und den religiös gegebenen Irrlehren, in denen die grosse Wahrheit aller Wahrheit nicht mehr erkannt werden kann, wie sie durch die wahrlichen Propheten euch irdischer Menschheit gegeben worden ist, durch die ‹Lehre der Propheten›, den ‹Kelch der Wahrheit›, der da ist die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens.

265) Je bewusster ihr Erdenmenschen in eurer Evolution werdet und voranschreitet, desto mehr nimmt die äussere Hülle eures schöpferisch bedingten Wesens dessen Form an, folglich sich eure Individualität nach dem Wesenskern gestaltet, wie sich gleichermassen auch euer freier Wille gemäss eurer damit wachsenden Individualität entwickelt, wodurch euer freier Wille und eure Individualität gemeinsam in gleicher Form zusammenarbeiten.

266) Lasst ihr aber die Hülle eures Wesens sich nicht nach der schöpferischen Art des Wesenskernes entwickeln und strebt ihr nicht zum Edlen und nach des Kernes Eigenart hin, dann formt sich

eure Individualität und euer Wille demgemäss negativ, schlecht oder böse, denn so, wie ihr nach dem Edlen oder Unedlen hinstrebt, so wird auch die Wirkung sein, edel oder unedel.

267) Von allem Beginn an ist euch der freie Wille gegeben, und demzufolge könnt ihr ihn durch eigene Entscheidungen und Bestimmungen negativ, schlecht, böse oder positiv, gut und edel machen, so ihr ihn aber auch zur völligen Freiheit oder Gebundenheit formen könnt.

268) In jedem Fall ist es euch immer selbst überlassen, ob ihr euren freien Willen als solchen bestehen lasst und bewusst, verstandesmässig und vernünftig in logischer Weise nutzt oder ob ihr ihn gebunden resp. unfrei macht und mit äusseren Einflüssen belastet, dass er derart stark beeinträchtigt wird, dass er in keiner Weise mehr einem freien Willen entspricht.

269) In der Schöpfung, im Universalbewusstsein, und in all ihren Geschöpfen und in allem von ihr erschaffenen Existenten greift ein Rad des Geschehens ins andere; in strenger Folgerichtigkeit zieht das eine das andere nach sich und dreht gleichzeitig kontrollierend alles, was damit zusammenhängt, wodurch keine Unregelmässigkeit vorkommen kann; das Ganze ist wie ein gigantisches Riesenräderwerk, in dem von allen Seiten die Zähne der Räder genau und scharf ineinandergreifen und alles unaufhaltsam weiterbewegen und zur Entwicklung vorwärtstreiben; und ihr Erdenmenschen, ihr steht mit der euch durch euren freien Willen gegebenen Entscheidungs- und Bestimmungskraft inmitten dieses gewaltigen Getriebes, ausgestattet mit einer unermesslichen Macht, die euch gegeben ist und womit ihr das grosse Räderwerk eures eigenen Lebens und Schicksals in jede euch beliebige Richtung zu lenken vermögt, so also zu eurem Wohl und Wehe, zu eurem Glück oder Unglück, zum Negativen, Schlechten, Bösen, Üblen oder zum Positiven, Guten, je nachdem, wie ihr euren freien Willen formt und nutzt.

270) Und wahrlich, was ihr diesbezüglich auch immer tut, ihr tut es nur für euch selbst, denn ihr allein führt euch abwärts oder aufwärts, denn für jede Ursache und Wirkung ist stets euer freier Wille massgebend, und zwar je nachdem, wie ihr ihn durch eure eigene Einstellung, Entscheidung und Bestimmung formt.

271) So wie das ganze Räderwerk des Getriebes der Schöpfung nicht aus starrer Materie besteht, sondern aus lebendigen Formen, Geschöpfen und Wesen, so ist auch euer eigenes Räderwerk eures Wesens und eures gesamten Bewusstseinsblocks voller Lebendigkeit und schafft den gewaltigen Eindruck eures Daseins.

272) Und euer wundersames eigenes Räderwerk eures Wesens und eures Bewusstseinsblocks ist darauf ausgerichtet, euch Erdenmenschen zu helfen und euch in eurer Evolution bewusst und durch euren eigenen Willen voranzubringen, und zwar solange ihr die euch verliehene Macht nicht verstandes- und vernunftlos kindisch vergeudet, falsch anwendet und als Schadhaftes ins Räderwerk eures eigenen Getriebes werft und dadurch alles hemmt oder gar zerstört.

273) Also ist euch geboten, euch endlich in die schöpferischen Gesetze und Gebote einzufügen, damit ihr schliesslich das werdet, was ihr sein sollt, nämlich wirkliche und wahrliche Menschen.

274) Sich einfügen in die schöpferischen Gesetze und Gebote bedeutet in Wirklichkeit weiter nichts als deren Wirkungen zu verstehen und nach eigener Entscheidung und Bestimmung in freiem Willen danach zu handeln; das aber bedeutet wiederum, euch selbst zu helfen, wobei dieses Helfen wieder darin fusst, euch eigens zu entscheiden, selbst zu bestimmen, über alles zu walten und so den eigenen Willen frei zu machen, eben zum freien Willen, exakt so, wie er sein soll; und das ist wiederum ein springender Punkt, denn so ihr dieser Weisung folgt, wendet ihr für euch alles, weil ihr euch zuerst innerlich wendet.

275) Wahrlich, ihr seid Milliarden von Erdenmenschen, und als grosse Masse wollt ihr eigentlich ein besseres und gutes Leben, doch als Gros eurer Menschheit lasst ihr euch durch falsche Lehren der Religionen, Ideologien und Philosophien verführen und in die Irre führen, fern jeglicher schöpferischer gesetz- und gebotsmässiger Wahrheit; so ist es nur natürlich, dass ihr auch die schöpfungsgegebenen Gesetze und Gebote nicht kennt und sie nicht befolgen könnt, wodurch ihr das Räderwerk der Geschehen um euch und euer eigenes Schicksal stört und vieles an Gutem und Wertvollem zertrümmert, ehe es überhaupt entstehen kann.

276) Und sucht ihr nicht des Rechtens zitternd und ängstlich den Weg der Wahrheit in euch, der die Wahrheit und das Ziel selbst ist, dann zögert ihr und fallt zurück in euren Glauben an euren Gott, Götzen oder veridolisierten Menschen, wodurch ihr euch wieder des Betens, Bettelns und Flehens an sie besinnt und ihnen demütig huldigt; doch weil ihr euch bereits in einem gewissen Grad auf die Wahrheit eingelassen habt, findet ihr nicht mehr zur früheren Art eures Glaubens zurück und schwebt zwischen der Welt der schöpferischen Wahrheit und der Welt der religiösen, sektiererischen, ideologischen oder philosophischen Lüge und Irreführung, so ihr nicht endgültig zur Wahrheit findet, die euch Hilfe bringen könnte.

277) Erkennt ihr dann euer Versagen, dann verfallt ihr der Verzweiflung und geht schnell zornig über zum Fluchen und zur behauptenden Anklage, dass es einerseits keine wahrheitliche Wahrheit und keine Wirkungen der schöpferischen Gesetze und Gebote gebe, wie vor allem keine Schöpfung, wenn sie solches zulasse; dabei vergesst ihr aber in eurem Zorn, dass nicht die Schöpfung und nicht ihre Gesetze und Gebote für euch zuständig sind, sondern ihr ganz allein mit eurem eigenen freien Willen, durch den ihr alles und jedes selbst bestimmt und herbeiführt, was euch an Geschehen und am Schicksal widerfährt.

278) Und da ihr nicht in allen Dingen eurer Gedanken und Gefühle sowie in euren allgemeinen Wirkungen und in allen euren Taten und Handlungen die eigene Verantwortung und den eigenen freien Willen erkennt, durch den ihr alles selbst führt, entscheidet, bestimmt, gestaltet, erschafft und ins Leben ruft, so findet ihr in allem auch nicht die eiserne Gerechtigkeit, wie diese durch die schöpferischen Gesetze und Gebote gegeben ist; ebensowenig erkennt ihr aber auch nicht die Macht eurer eigenen Entscheidungs- und Bestimmungsfähigkeit und damit eures freien Willens, wodurch ihr alles zum Guten und Besten sowie Wertvollen und Wertvollsten ändern könnt; wahrlich, das wird euch durch alle wahrlichen Propheten seit alters her oft und oft gesagt, doch ihr wollt nicht hören und nicht richtig handeln.

279) Ihr wollt nicht hören und nicht handeln, doch verlangt ihr mit kindlichem Trotz Gerechtigkeit und Verzeihung, obwohl ihr nicht wisst, wer euch diese geben soll; und wenn ihr wähnt, dass euch die Schöpfung Universalbewusstsein Gerechtigkeit und Vergebung geben soll und ihr sie dann in ihrer Grösse und Wahrheit anzunehmen gedenkt, dann seid ihr auf einem bösen Irrweg, denn wahrlich seid ihr allein für die Gerechtigkeit und Verzeihung zuständig, denn diese müsst ihr euch in eurem Leben selbst geben, denn ihr allein seid verantwortlich für alles und jedes dessen, wofür ihr der Gerechtigkeit und der Verzeihung bedürft.

280) Bedenkt: Wie und was sollte die Schöpfung nach euren Vorstellungen wohl tun für euch, die ihr Gerechtigkeit und Verzeihung von ihr verlangt, da doch nicht sie für eure Gedanken und Gefühle, für all euer Wirken sowie für eure Taten und Handlungen zuständig ist, sondern ihr ganz allein?; wahrlich, ihr verhöhnt die Schöpfung, das Universalbewusstsein, mit eurem Glauben an einen Gott, Götzen, Engel, Teufel, Heiligen oder zum göttlichen oder sonstigen Idol erhobenen Menschen, und trotzdem erdreistet ihr euch, von ihr Gerechtigkeit und Verzeihung zu heischen – welche Schande und Entwürdigung.

281) Ihr meisten unter euch, ihr Erdenmenschen, welche ihr Toren seid, ihr rennt in eurer immer wieder neu selbstgewollten Blindheit, Selbstherrlichkeit, Überheblichkeit und Taubheit in euer Verderben, das ihr durch euer falsches und selbstgerechtes Verhalten in blindem Eifer zu eurem eigenen Leiden erschafft.

282) Ihr strebt stetig mehr und hartnäckig dem Allesbesserwissenwollen zu und lasst euch selbst immer tiefer in den tiefen, dunklen und bodenlosen Abgrund des Wahrheitsunwissens fallen.

283) Wisst und bedenkt: Nur dadurch, dass ihr nach der wahrlichen Wahrheit in euch selbst sucht und den Weg der Wahrheit in euch auch findet, der die Wahrheit und das Ziel selbst ist, könnt ihr zur Besinnung kommen; also soll euch das Dunkel des Wahrheitsunwissens selbst der Anfang der Lehre sein, durch die ihr zur Wahrheit findet; bedenkt, dass es sein kann, dass ihr unter Umständen den Weg zur wahrlichen Wahrheit aller Wahrheit zu spät findet, wenn euch die Zeit nicht mehr reicht, um euch vor einem bösen Geschehen oder Schicksal zu bewahren; lasst euch endlich die Wahrheit in euch selbst erkennen, auf dass ihr auch die wahrliche Wahrheit der

Schöpfung und ihrer Gesetze und Gebote findet, damit ihr sie erkennt, erfahrt und erlebt und ihr euch aus dem Dunkel eures Wahrheitsunwissens losreissen und aufwärts zum Licht der Wahrheit steigen könnt; wahrlich ist es höchste Zeit, dass ihr euch von eurem Glauben an einen Gott, Götzen, Heiligen, Engel, veridolisierten Menschen sowie an Religionen, Sekten, Ideologien und Philosophien löst und ihr euch endlich ernsthaft, bewusst, vorbehaltlos und neutral der effectiven Wahrheit aller Wahrheit zuwendet und euch mit ihr befasst und sie zu eurem Wissen und zu eurer Weisheit macht.

284) Die Weisheit ist nicht so, wie ihr Erdenmenschen in grosser Zahl sie als selbsternannte Weise zur Schau tragt, wobei ihr jedoch mitnichten weise seid; Weisheit nämlich entsteht erst dann, wenn ihr euch eine effective Tatsache aus eigener, innerer Erkenntnis heraus zu eigen und damit zum lebendigen, ungezwungenen, unumstösslichen und unwiderlegbaren inneren Wissen gemacht habt, woraus die Essenz als Weisheit hervorgeht.

285) Weisheit kommt also aus euch selbst heraus, nicht jedoch aus angeblichen Worten eines Gottes, Götzen oder zum göttlichen Idol erhobenen Menschen, wie auch nicht durch Priester, Engel oder Heilige usw.

286) Wahre Weisheit zeugt von eurem eigenen freien Willen, durch den ihr, wenn ihr euch bewusst willentlich darum bemüht, das Werden, das Sein und das Vergehen und damit auch die Wahrheit bewusst erleben und in dieser Weise auch eure Gedanken, Gefühle und Empfindungen wahrnehmen könnt, wodurch euer Wirken in jeder Beziehung zu einer freudigen Wahrheitsbejahung wird.

287) Und entwickelt sich in euch Erdenmenschen wahrheitlich als Essenz aus dem wahrlichen Wissen heraus effective Weisheit, dann werdet ihr still und sprecht nicht viel davon, weil ihr eine weisheitliche Persönlichkeit geworden seid, im stillen Vertrauen auf euer wahrheitliches Wissen und eure ebenso wahre Weisheit, die auch Wahrheitsvertrauen genannt werden kann, mit dem ihr in fester und sicherer Verbindung mit den schöpferischen Gesetzen und Geboten sowie mit der Energie des SEIN der Schöpfung Universalbewusstsein steht.

288) Und ist in euch wahrliche Weisheit erwachsen, dann schwebt ihr nicht in Illusionen und Phantasien dahin, wie ihr auch nicht in Verzückung geratet, nicht in irgendeinen Glauben und nicht in unkontrollierte Leidenschaften wie auch nicht in Fanatismus verfallt; in wahrlicher Weisheit einhergehend bedeutet auch, dass ihr nicht nur für das Materielle, sondern auch für das Geistige sowie für die Evolution eures Bewusstseins lebt; also aber vollbringt ihr, so ihr euch wahrliche Weisheit erschaffen habt, mit allzeit frischem Mut und mit gesunden Sinnen euer ganzes Erdenwerk; und habt ihr wahrliche Weisheit in euch erschaffen, dann nutzt sie als Waffe, wenn ihr angegriffen werdet; nutzt in Gerechtigkeit, Verantwortung, Würde und Rechtschaffenheit euren klaren Verstand und eure klare Vernunft.

289) Auch wenn ihr in wahrlicher Weisheit erwacht seid, so sollt ihr doch nicht schweigsam sein und dulden, wenn euch Unrecht getan wird und euch Schaden dadurch entsteht, denn wenn ihr euch in Schweigen hüllt, dann unterstützt und stärkt ihr damit das Böse.

290) Ist eure Weisheit gross und erkennt ihr, dass das Unrecht, das euch angetan wird, zu eurem Nutzen und Vorteil ist, dann sollt ihr euch in Schweigen hüllen und das Unrecht geschehen lassen, auf dass euch der Nutzen und Vorteil daraus entstehe.

291) Ihr vielen unter euch Erdenmenschen, welche ihr euch wissend und weise gebt in bezug auf die effective wahrliche Wahrheit aller Wahrheit, ihr seid nicht fest im Wissen und in der Wahrheit, denn trotz eures Zugebens der Existenz der wahrlichen Wahrheit fürchtet ihr euch vor dem Lächeln der Zweifler und der Gott- und Götzengläubigen.

292) Ihr, welche ihr euch wissend und weise gebt und nicht fest seid in bezug auf die wahrliche Wahrheit, ihr gebt alles nur vor, um damit zu scheinen, doch wahrheitlich sind euch das tiefgründige Wissen und die wirkliche Weisheit peinlich und unbequem.

293) Ihr seid Scheinwissende und Scheinweise, und ihr geht still und mit nichtssagendem Gesichtsausdruck einher, um bei jeder Unterhaltung, die das wahrliche Wissen, die Wahrheit und die Weisheit anspricht, darüber hinwegzugehen; oder ihr geratet in Verlegenheit, weil ihr nichts in

bezug auf die wahrliche Wahrheit wisst, folgedem ihr gemäss dem Verhalten der Zweifler, Gläubigen und Fragenden dauernd Zugeständnisse macht und ihnen nach dem Munde redet; das jedoch ist nicht Wissen und nicht Weisheit, sondern nur Falschheit, Heuchelei und bewusste Verleugnung der Realität der Wahrheit, weil ihr im Grunde gläubig seid an einen erfundenen Gott, Götzen oder an einen veridolisierten Menschen, von dem ihr in Angst und Furcht nicht ablassen könnt und zu dem ihr im Stillen betet, fleht und bettelt und alles Gute und das Beste für euch von ihm erwartet.

294) Seid ihr halbwegs im Wahrheitswissen gebildet und nehmt ihr trotzdem falsche Rücksicht den Wahrheitszweiflern und Gott- und Götzengläubigen gegenüber, dann könnt ihr das nicht damit entschuldigen, dass diesen ihre Sache des Glaubens zu heilig und zu ernst sei, als dass ihr ihnen die wahrliche Wahrheit nahebringen und erklären könnt oder dass ihr euch nicht deren Verspottung aussetzen möchtet.

295) Handelt ihr so, dann hat das nichts mit Bescheidenheit zu tun, sondern nur mit effectiver Feigheit; die Grundregel der Wahrheit muss stets die sein, dass ihr immer mit der Sprache herausrücken sollt und zeigt, wessen Wissens ihr seid und dass ihr für die wahrliche Wahrheit eintretet.

296) Es gilt für euch, furchtlos jedem Menschen gegenüberzutreten, und zwar in Würde und im Bewusstsein dessen, wie es der Wahrheit gebührt.

297) Nur dann, wenn ihr offen und ehrlich zur wahrlichen Wahrheit steht, werden die Zweifler und Gläubigen sich zu zügeln gezwungen sein und damit aufhören, ihren Spott gegen euch zu richten, durch den sie sich selbst in bezug auf ihre Unsicherheit verraten.

298) Also sollt ihr nicht furchtsam sein, wenn ihr euch der Wahrheit zuwendet, sie befolgt und über sie redet und Erklärungen gebt; so sei es, dass ihr kein furchtsames Verhalten zeigt, wenn ihr im wahrlichen Wissen wahrheitlich geworden und in Weisheit gereift seid, denn bedenkt, dass wenn einmal Furchtsamkeit geboren ist, sich diese aus sich selbst heraus nährt und immer bösartiger und gewaltiger wird.

299) Und wahrlich, ihr seid sehr viele unter euch Erdenmenschen, welche ihr euch selbst betrügt, weil ihr den Begriff ‹Wahrheit› mit dem Wort ‹Glaube› vertauscht und der Wahrheit damit eine ganz andere Bedeutung gegeben habt, als das die Wahrheit wirklich verlangt.

300) Wahrlich, die effective Wahrheit muss lebendig sein und ist auch lebendig, und so ihr sie erfassen und begreifen wollt, müsst ihr sie in euch selbst zur Gewissheit und damit zur Realität, zur Tat und zum Wirken machen.

301) Und ist die Wahrheit in euch zur Gewissheit, Realität, zur Tat und zum Wirken geworden, dann durchdringt sie alles, eure Gedanken und Gefühle, eure Empfindungen und Emotionen sowie all euer Wirken, eure Taten und Handlungen.

302) Die wahrliche Wahrheit aller Wahrheit muss aus eurem Innern heraus in allem sichtbar werden, was zu euch gehört; und sie muss unaufdringlich in euch spürbar und sichtbar wie auch zur Selbstverständlichkeit werden.

303) Und ihr dürft die Wahrheit nicht als Attrappe und nicht als Schild vor euch halten, denn das natürlich Ausstrahlende eurer im Innern erschaffenen Wahrheit muss nach aussen schwingen und äusserlich alles fühlbar und erkennbar werden lassen.

304) Einfach gesagt, ist die wahrliche innere Wahrheit aller Wahrheit eine Energie und Kraft, die von eurem Bewusstsein ausstrahlend euren ganzen Körper und euer Blut durchwebt und euch die Wahrheit selbst und euer Leben zur Selbstverständlichkeit macht, wodurch nichts Gekünsteltes und Gezwungenes mehr in euch die Herrschaft übernehmen kann, sondern nur noch das wirkliche, reale Leben.

305) Seht euch aber als Gläubige an, welche ihr behauptet, kein gekünsteltes und gezwungenes Leben zu führen, denn wahrheitlich ist es damit ebenso anders, als ihr behauptet, wie ihr auch sagt, dass ihr unbedingt an ein Fortleben nach dem Sterben glaubt, doch wisst ihr nicht, wie dieses Fortleben aussieht; auch wenn ihr eure Gedanken und Gefühle darauf lenkt, so seht ihr es doch nicht in wahrheitlicher Art und Weise, sondern nur in eurem religiösen, sektiererischen, ideologischen oder philosophischen Glauben.

306) Und würde euch irgendeinmal Gelegenheit zuteil, einen Beweis eures Fortlebens nach dem Sterben und nach dem Tod zu erhalten, der über eure materielle Beobachtungs- und Wahrnehmungsmöglichkeit hinausgeht, dann würdet ihr erschrecken und erschüttert sein über die Wahrheit; denn wahrlich ist euer Fortleben nach dem Sterben und dem Tod nicht in gleicher Persönlichkeit, sondern in einer völlig neuen, die nichts mehr gemeinsam hat mit eurer gegenwärtig aktuellen; nur eure Geistform bleibt die gleiche, denn sie allein ist als schöpferische Energie der Reinkarnation resp. der Wiedergeburt eingeordnet, während eure Persönlichkeit vergeht in einem Werden neutraler geistiger Energie, woraus eine neue Persönlichkeit herangebildet wird, die dann geboren wird.

307) Im Grunde eures Wahrheitsunwissens habt ihr keine Gewissheit in bezug auf das jenseitige Leben im Todesleben, wie auch nicht im jenseitigen Leben der neuen aktuellen Persönlichkeit, wenn sie ins neue Leben hineingeboren wird.

308) Würdet ihr die Gewissheit der wahrlichen Fakten vom Leben, Sterben, Tod und der Wiedergeburt haben, dann würde euch das Ganze so natürlich erscheinen, wie es tatsächlich auch ist, und diese Gewissheit wäre euch der Beweis eures Fortlebens, das stetig in anderer und neuer Persönlichkeit erfolgt, die nicht mehr identisch ist mit der des vorangegangenen Lebens; und habt ihr diese Gewissheit, dann werdet ihr nicht mehr über die Wahrheit dieser Dinge eures Fortlebens erschrecken und in keiner Weise erschüttert sein.

309) Nebst diesen Dingen der Wiedergeburt, des Lebens, des Sterbens und des Todes gibt es noch sehr viele und gar zahllose Vorgänge im Leben und Tod sowie in allem Existenten der Schöpfung und in ihren Gesetzen und Geboten, die ihr nicht kennt und nicht begreift und die bestürzend deutlich aufzeigen, wie erschreckend unwissend ihr in bezug auf die wahrliche Wahrheit aller Wahrheit und in Hinsicht auf die Schöpfung, ihre Gesetze und Gebote sowie deren Wirkungen seid; wahrlich, das Wissen um all diese Dinge ist in euch ebenso nicht lebendig wie auch nicht die Weisheit als Essenz allen Wissens und der Wahrheit in sich.

310) Etwas, worum ihr Erdenmenschen ohne Ausnahme wisst, ist die Zeugung, die Geburt, das Leben, das Sterben und der Tod; ein jeder von euch lebt in dieser Gewissheit, doch ist dies eine der wenigen Tatsachen, worüber in euch keinerlei Unwissenheit herrscht und diesbezüglich kein Streit entfacht werden kann unter euch – ausser ihr seid einem religiösen, sektiererischen, ideologischen oder philosophischen Wahn verfallen und glaubt, dass ihr als materielle Menschen unsterblich wärt.

311) Lebt ihr nicht in einem Unsterblichkeitswahn als materielle Menschen, dann müsst ihr schon von Kindheit an damit rechnen, früher oder später sterben zu müssen, doch in der Regel wehrt ihr die Gedanken und Gefühle daran ab und verdrängt sie.

312) Und viele sind unter euch, die ihr eine Scheu davor habt, das Thema Leben, Sterben und Tod zu erörtern, wie auch viele unter euch sind, welche ihr sehr heftig und aufgebracht reagiert, wenn in eurer Gegenwart davon gesprochen wird oder ihr gar direkt darauf angesprochen werdet.

313) Und ihr unter euch, welche ihr sorgfältig darauf bedacht seid, keinen Friedhof zu betreten und jedem Begräbnis aus dem Weg zu gehen, ihr versucht eure Eindrücke, Gedanken und Gefühle an den Tod möglichst schnell wieder zu verwischen, wenn ihr doch irgendwie durch Fügung oder Unausweichlichkeit mit Gevatter Tod konfrontiert werdet.

314) In euch drückt sich immer eine geheime Angst aus, dass ihr einmal plötzlich vom Tod ereilt werden könntet, wobei ihr auch von einer unbestimmten Furcht davon abgehalten werdet, ernsthafte Gedanken und Gefühle aufzuwenden, um der unverrückbaren Tatsache dessen in voller Bewusstheit zu begegnen, dass euer aktuelles Leben befristet ist und ihr früher oder später unweigerlich sterben und in das Todesleben eingehen werdet, das euch durch religiöse, ideologische und philosophische Irrlehren derart falsch erklärt wird, dass ihr davon überhaupt nichts verstehen, geschweige denn der Wahrheit auch nur um ein Stäubchen eines Gewichts nahekommen könnt.

315) In eurem Leben, ihr Erdenmenschen, gibt es wohl kaum ein anderes Geschehen, das ihr unumgänglicher gestaltet als den Tod, an den ihr jeden Gedanken und jedes Gefühl zur Seite schiebt.

316) Doch nebst dem Tod ist auch das vorgehende Sterben, an das ihr nicht zu denken wagt und diesbezüglich alles verdrängt; doch auch bezüglich der Zeugung und der Geburt macht ihr euch keine oder kaum Gedanken und Gefühle, weil ihr in der Regel einfach gedankenlos zeugt und die Geburt als Selbstverständlichkeit hinnehmt, obwohl beides ein sehr bedeutungsvoller Vorgang ist, in den eine sehr grosse Verantwortung gelegt ist und der eine grosse Gewissenhaftigkeit erfordert.

317) Es ist erschreckend auffallend, dass ihr euch ganz besonders mit dem grundlegenden Anfang und dem unausweichlichen Ende eures Erdendaseins so wenig beschäftigt, und wenn ihr es doch einmal im Anflug eines Müssens tut, dann nur in Angst oder Furcht und mit Gruseln; und das, während ihr euch mit anderen und unbedeutenden und nebensächlichen Vorgängen und Dingen eingehend beschäftigt, wie mit eurer Vergnügungssucht, den materiellen Freuden, Wünschen, Leidenschaften und Begierden usw., denen ihr eine äusserst tiefe Bedeutung beimesst.

318) Ihr forscht und grübelt über mancherlei Unnötiges nach, über euren Reichtum, eure Selbsterhebung über eure Nächsten und Mitmenschen sowie über unzählige nutzlose Dinge und überbordende Scheinfreuden eures Lebens, nicht jedoch darüber, was euch Aufklärung bringen würde in bezug auf den grundlegenden Anfang und das unausweichliche Ende eures irdischen Daseins.

319) Zeugung, Geburt, Leben, Sterben, Tod und Wiedergeburt der Geistform, zusammen mit einer stetig neuen Persönlichkeit, sind sehr eng miteinander verbunden, denn das eine ist die Folge des anderen, doch ihr nehmt das Ganze nicht ernst, sondern lebt nur verantwortungslos in den Tag hinein; daraus schafft ihr in euch Süchte, Laster, Hass und Unfrieden sowie Unfreiheit und Disharmonie, um alles nach aussen auszuleben und in blutigen und zerstörerischen Kriegen ausarten zu lassen, wie ihr es durch die unsinnigen und irren Lehren in eurer Gläubigkeit an einen Gott, Götzen oder veridolisierten Menschen lernt, in blankem Egoismus und in Selbstherrlichkeit dahinlebt und verantwortungslos in rauhen Massen Nachkommenschaft zeugt und dadurch ungeheure Katastrophen herbeiführt.

320) Allein schon der Zeugung von Nachkommenschaft legt ihr nicht den gehörigen Ernst und die Verantwortung bei, so ihr alles nur um der sexuellen Lust willen tut, wodurch nur in seltenen Fällen Verstand und Vernunft, Verantwortung und etwas Menschenwürdiges dabei zu finden sind.

321) Und wahrlich, wenn ihr vielen unter euch Erdenmenschen euch betrachtet, welche ihr euch in dieser Weise auslebt und den Zeugungsakt nicht in voller Verantwortung in jeder Hinsicht vollzieht, sondern nur um eurer Dummheit, Sexgier und Gleichgültigkeit willen, dann stellt ihr euch mit Vorliebe den Affen gleich, den Bonobos und Schimpansen, die nur um der reinen Sexlust willen einander beiwohnen, und zwar in einer Harmlosigkeit, an die ihr in eurem verantwortungslosen Handeln nicht heranreicht; dadurch aber ihr alle unter euch, welche ihr in dieser Art und Weise handelt, stellt ihr euch unter die Affenwesen, die nach ihrer niederen Entwicklungsstufe handeln, die sie innehaben.

322) Und ihr unter euch Erdenmenschen, welche ihr es nicht vermögt oder durch euren freien Willen nicht wollt, euch als menschliches Wesen in die euch gebührende Stufe der höheren bewusstseinsmässigen Entwicklung einzuordnen, die über jener der Affenwesen liegt, ihr seid tief gesunken und steigt stetig weiter hinab, so ihr euch nicht wundern müsst, dass es mit eurer ganzen Menschheit und mit all euren verschiedenen Beziehungen, und zwar auch mit den zwischenmenschlichen, immer schlimmer und katastrophaler wird und ihr in eurem wahren Menschsein immer steiler und schneller in den Abgrund der Verkommenheit stürzt.

323) Seht euch einmal die Gebräuche eurer Bündnisschliessungen an, wenn ihr einander ehelicht, sei es zwischen Mann und Weib, zwischen Weib und Weib oder zwischen Mann und Mann, denn alles ist dabei nur darauf ausgerichtet, das Bündnis nur als eine Sache ohne Verantwortung und Verpflichtung zu betrachten, das zudem nach Lust und Laune jederzeit wieder gelöst werden kann, wenn der eine Partner dem andern nicht mehr passt, wenn Geld- oder andere Probleme auftreten, ein Auseinanderleben oder eine Zerrüttung erfolgt; dass dabei noch Kinder in solchen

Bündnissen gezeugt oder adoptiert werden, die dann beim ganzen Prozess die hauptsächlichen Leidtragenden sind und dadurch vielfach zu asozialen oder in sich verlorenen Menschen werden, das kümmert euch unter euch Erdenmenschen nicht, welche ihr zu jenen Ungerechten, Verantwortungslosen, Gewissenlosen und Unrechtschaffenen gehört, welche in dieser Art und Weise in einem Ehebündnis einhergehen.

324) Ihr unter euch, welche ihr zu dieser Art der Bündnisschliessenden gehört, eure Eheschliessungen und die damit verbundenen Feiern sind nicht des Rechtens, sondern nur Verkupplungsorgien ohne jegliche Verantwortung und Gewissenhaftigkeit, ohne Würde und Ehrfurcht in bezug auf eine rechtschaffene Verbundenheit.

325) Es sind aber auch welche unter euch Erdenmenschen, welche ihr euch in eurer ernst angelegten Natur in Ekel ergeht vor diesen unzweideutigen Machenschaften, weshalb ihr euch davon abwenden möchtet, was euch aber nur selten gelingt, weil ihr durch den Zwang der Gesellschaft, der Freunde und aller Beteiligten in eurem freien Willen vergewaltigt werdet.

326) Und ihr jungen und älteren Menschen, die ihr bei solchen Festen, Sitten und Gebräuchen nicht selbst Abscheu in euren Gedanken, Gefühlen sowie in eurer Würde und in eurem Ehrgefühl aufkommen lasst und daher aus eigener Verantwortung, Gewissenhaftigkeit und Rechtschaffenheit sowie Tugendhaftigkeit solchem Tun, Handeln, Veranstalten und Mitwirken nicht fernbleibt, ihr stellt euch auf die gleiche Stufe mit jenen, welchen die Bündnisschliessung nur eine Verkupplungsorgie ist, folglich ihr in bezug auf eine Beurteilung des Rechten und Rechtschaffenen nicht mehr in Betracht gezogen werden könnt.

327) Alles hat sich in euch, welche ihr in dieser Weise Fehlbare und Feindliche der wahrheitlichen Lebensführung gemäss den schöpferischen Gesetzen und Geboten seid, derart entwickelt, dass ihr wie in einem vergifteten Rausch lebt, durch den ihr euch über die Tatsache dessen hinwegtäuscht, was Leben und Tod eigentlich sind; und das darum, weil ihr nicht durch eure Gedanken und Gefühle damit konfrontiert werden wollt, wobei Gruseln und Scheu ebenso eine wichtige Rolle spielen wie auch Feigheit und die Tatsache dessen, dass ihr in Verantwortungslosigkeit eurer Eltern nicht bereits als Kinder mit der Thematik des Sterbens, des Todes sowie der Zeugung, der Geburt und des Lebens belehrt und unterrichtet worden seid, wie dieses verantwortungslose Unterlassen der Aufklärung auch schon auf deren Eltern und Grosseltern und die Ahnen zurückführt, bis weit in die Vergangenheit.

328) Ihr Erdenmenschen, ihr habt euer Leben auf leichtfertigen Grundlagen aufgebaut, so alle eure Sitten, Laster, Ausartungen und Gebräuche schon längst zu fixen und dauernden Übeln geworden sind, von denen ihr euch nur noch sehr schwer und in der Regel nur noch durch bösen Schaden zu lösen vermögt, der euch trifft.

329) Und in der Verworrenheit und im Chaos eurer Übel könnt ihr auch nicht mehr erfassen, dass ihr euch selbst über euer Sterben und euren Tod hinwegtäuscht, indem ihr krampfhaft darum bemüht seid, nicht daran zu denken.

330) Und erkennt ihr euch als jene unter den Erdenmenschen, welche ihr nicht willentlich und nicht bewusst, sondern wahllos gezeugt seid, dann steht euer Verdrängen aller ernsten Gedanken und Gefühle in bezug auf euer Sterben und euren Tod in sehr engem Zusammenhang mit der Gleichgültigkeit und dem moralischen Tiefstand, der bei eurer Zeugung gegeben war; und daraus resultiert vielfach, dass ihr als wahllose und unbestimmte Zeugungsfrucht wie ein Schatten durch euer Erdenleben lauft, als Unrecht einer leichtsinnigen und entwürdigenden Handlung, weil ihr nicht bewusst gewollt gezeugt wurdet.

331) Und wenn ihr diese Wahrheit nicht erkennt und daher weder den rechten Weg noch Ruhe in eurem Leben finden könnt, dann klammert ihr euch letztlich gekünstelt und krampfhaft an einen Selbstbetrug, indem ihr euch als gewollte Frucht einer Zeugung seht und damit die Verantwortung für euer Dasein ablehnt und ihr daher der falschen Meinung seid, dass eure Verantwortung des Lebens bei denen liege, welche euch gezeugt haben; das aber ist mitnichten so, denn steht ihr einmal im Leben, auch wenn ihr selbst zur Zeugung nichts beigetragen habt, so habt ihr doch die volle Verantwortung für euer Leben wahrzunehmen, für eure Gedanken und

Gefühle sowie für all euer Wirken und für eure Taten und Handlungen; das aber bedeutet, auch wenn es euch eure Eltern nicht lehren, dass ihr selbst dafür verantwortlich seid, was ihr in bezug auf euer Leben macht, wie ihr es gestaltet und führt, worauf und wie ihr eure Gedanken und Gefühle ausrichtet und wie ihr euch zur Zeugung, Geburt und zum Leben sowie zum Sterben, Tod und zur Wiedergeburt der Geistform und der Geburt jeder neuen Persönlichkeit stellt.

332) Und lasst eure Gedanken und Gefühle nicht dahin schweifen, dass mit dem Tod restlos alles ganz und endgültig vorbei sei, denn damit bekundet ihr nur, dass ihr euer Bewusstsein in Minderwertigkeit haltet und ihr euch in Feigheit vor eurer Verantwortung gegenüber dem Leben und dem Tod drückt, während ihr damit auch wähnt, dass ihr nicht viel besser oder schlechter seid als eure Mitmenschen.

333) Pflegt ihr eure Gedanken und Gefühle in dieser Weise, dann lebt ihr in bedenklichen Einbildungen, die jedoch nicht ein Stäubchen eines Gewichts an der Tatsache ändern, dass ihr früher oder später vom Sterben und vom Tod eingeholt werdet, wobei das jeden Tag, jede Stunde und jede Minute sein kann; und bedenkt, wenn ihr geboren seid und ins Leben hineinlebt, dann kommen bereits das Sterben und der Tod immer näher, wobei ihr nicht wisst, wann eure Zeit des Lebens gemäss eurer Lebensführung des Rechtens nach den Wirkungen der schöpferischen Gesetzmässigkeiten abgelaufen sein wird.

334) Besinnt euch des wahren Lebens und der Wahrheit der schöpferischen Gesetze und Gebote, auf dass ihr nicht Jämmerliche seid, so ihr nicht in Starrheit jede Verantwortung für das eigene Leben und auch das Fortleben nach dem Sterben sowie die Wiedergeburt der Geistform und die Neugeburt der neuen Persönlichkeit wegzuleugnen sucht, wodurch in euch, wenn euer Sterben heranrückt, grosse und angstvolle Fragen einsetzen, die beweisen, dass ihr nunmehr plötzlich an dem irre werdet, woran ihr euer Leben lang im Irrtum geglaubt habt.

335) Kommt ihr aber erst beim Sterben zu Verstand und Vernunft, dann habt ihr das eigentliche Leben und in Feigheit das Tragen der Lebensverantwortung verpasst, denn für euer dahingegangenes Leben bringt es euch keinen Nutzen mehr, wenn ihr kurz vor dem grossen Schritt aus dem Erdenleben ins Todesleben plötzlich die Tatsache des Fortlebens eurer Geistform sowie deren Wiedergeburt in einem neuen Leben zusammen mit der Geburt einer neuen Persönlichkeit in einem neuen Bewusstseinsblock erkennt.

336) Weder Angst, Furcht, Feigheit noch Trotz lassen eine Ablösung oder Verminderung der Wechselwirkung aller Gedanken, Gefühle sowie allen Wirkens und aller Taten und Handlungen zu, denn ein Einsehen und die Erkenntnis lassen sich nicht durch ein Ausschalten und Vermindern der Wechselwirkungen erreichen, sondern einzig und allein nur durch das Suchen und Finden der effectiven Wahrheit, die ihr in euch selbst ergründen müsst, und zwar indem ihr in euch den Weg der Wahrheit findet, der die Wahrheit und das Ziel in einem ist.

337) Und ihr seid viele unter euch, welchen euch in den letzten Stunden beim Sterben aus Furcht heraus eure im Leben so oft angewandte Verstandesklugheit übel mitspielt, und zwar indem ihr plötzlich in gewohnter Vorsicht noch schnell verstandes- und vernunfteifrig werden wollt, wenn ihr merkt, dass die Loslösung von eurem grobstofflichen Körper stetig einen höheren Grad erreicht; doch wahrlich, das bringt euch keinen Gewinn, denn ihr könnt nicht das, was ihr euer Leben lang versäumt habt, in der kurzen Zeit des Sterbens nachholen und aufarbeiten, so ihr mit dem als Ernte sterbt, was ihr während eures Lebens durch eure Gedanken und Gefühle, euer Wirken und durch eure Taten und Handlungen gesät habt.

338) Kommt ihr also beim Sterben noch zur Besinnung, dann ändert ihr damit nicht das Geringste und führt also damit keine Änderung und Besserung herbei, denn es ist euch im Sterbevorgang nicht möglich, das während des ganzen Lebens Vernachlässigte noch aufzuarbeiten durch den Prozess der Wahrnehmung, der Erkenntnis, Kenntnis, des Wissens, der Erfahrung, deren Erleben und Weisheit.

339) Es ist traurig für euch, welche ihr in eurem Erdendasein in leichtsinnigem Selbstbetrug wie in einem Rausch dahintaumelt, wodurch ihr in Angst und Furcht lebt und euch selbst ein übles Schicksal begründet.

340) Glücklich seid jedoch ihr anderen, welche ihr euer Erdendasein nicht vergeudet, auch wenn ihr vielleicht erst spät aus eurer Angst und Furcht und aus euren Bestimmungen in bezug auf böse Schicksalsschläge herauskommt und nur langsam den Weg zur Wahrheit und zur bewusstseinsmässigen Evolution findet.

341) Euer ernsthaftes Suchen nach der Wahrheit ist euch ein Stab und eine Stütze, so ihr damit ohne Angst, Bangen und Furcht den bewussten Schritt in eure Evolution und zum Finden der Wahrheit gehen könnt, ohne dass ihr strauchelt.

342) Die Zeit des ernsthaften Suchens nach der Wahrheit, die gedanklich-gefühlsmässige Auseinandersetzung mit dem Leben und Tod wie auch mit der Zeugung, der Geburt und der Wiedergeburt der Geistform und der Geburt der neuen Persönlichkeit, bestimmt ihr selbst; doch geht ihr in freiem Wollen diesen Weg, dann ist das für euch ein unbedingter Fortschritt, der euch Gutes bringt, euch beglückt und euch alles Schwere überraschend leicht macht, weil euer gutes Wollen sehr viel kraftvoller ist, als ihr es je geahnt habt; und geht ihr den Weg der Wahrheit in bezug auf die gedanklich-gefühlsmässige Auseinandersetzung mit dem Leben und Tod wie mit der Zeugung, dem Sterben, der Wiedergeburt der Geistform und der Geburt des neuen Bewusstseins mit der neuen Persönlichkeit, dann schwindet das rein Materielle als Wichtigstes in eurem Dasein dahin und räumt eine Ausgeglichenheit ein zwischen dem Geistigen, Bewusstseinsmässigen und Materiellen.

343) Wenn ihr nach der effectiven Wahrheit und nach eurer Bewusstseinsevolution strebt, mögt ihr euch in bezug auf das rein Irdische oft fragen, ob ihr euch von euren materiellen Gütern trennen oder diesen einfach eine Nichtachtung entgegenbringen sollt, doch wahrlich wäre das töricht, denn ihr seid materielle Lebensformen und also bedürft ihr auch der materiellen Güter.

344) Einzig sollt ihr nicht an den irdischen Gütern hängen und euch nicht durch sie knechten lassen, denn durch eine Knechtschaft vermögt ihr den Weg des Ergründens der Wahrheit nicht zu beschreiten; also ist euch im Suchen der Wahrheit nicht geboten, eure irdischen Güter zu verschenken oder sie wegzuwerfen, auf dass ihr in Armut leben sollt.

345) Wahrlich, ihr sollt froh und frei von dem geniessen und euch erfreuen an dem, was euch an materiellen Gütern zugänglich ist, insofern ihr sie ehrlich erwerbt und ihr euch durch sie nicht knechten lasst, auf dass ihr durch eine solche Knechtschaft nicht das Streben nach der wahrlichen Wahrheit aller Wahrheit unterlasst, so ihr euch trotz eures materiellen Reichtums und allem Besitz eurer irdischen Güter in erfüllender Weise in den schöpferischen Gesetzen und Geboten ergeht.

346) Dass ihr an irdischen Gütern nicht hängen sollt, bedeutet nur, dass ihr euch nicht hinreissen lassen sollt zu wähnen, dass das Zusammenraffen materieller Besitztümer der oberste und wichtigste Zweck eures Erdendaseins sei, so ihr also nicht vorwiegend eure Gedanken und Gefühle darauf ausrichtet und ihr nicht in Besitzgier verfallt.

347) Verfallt ihr aber der Besitzgier in bezug auf materielle Werte jeder Art, dann lenkt euch diese Einstellung vom höheren Ziel der Wahrheitssuche und vom Ergründen und Befolgen der schöpfungsgegebenen Gesetze und Gebote ab, wodurch ihr in bezug auf die Erfüllung des Lebenssinns in grossem Irrtum einhergeht.

348) Verfallt ihr dem Materiellen, den irdischen Gütern und Besitztümern, dann findet ihr ebenso keine Zeit mehr, die Wahrheit aller Wahrheit der Schöpfung und ihrer Gesetze und Gebote zu suchen und finden, wie wenn ihr einem religiösen, ideologischen oder philosophischen Glauben und damit einer Ergebenheit an einen Gott, Götzen oder veridolisierten Menschen verfallen seid.

349) Materiellem Besitztum zu verfallen und daran zu hängen bedeutet, mit allen Fasern eures Lebens sowie eurer Gedanken, Gefühle, Wünsche und eurer Hoffnungen und Begierden nur noch am einen Ziel des Erwerbes und Besitzes anhängig zu sein und darum zu bangen; das ganz gleich, ob es um des Besitzes und der Güter selbst willen geschieht oder um der Habsucht und des Vergnügens willen, was durch die Anhäufung von Geld und Gut ermöglicht wird; doch ganz gleich, welche Ursachen und Zwecke zur Gier in bezug auf Güter und Reichtum führen, letztlich bleibt sich das Ergebnis immer dasselbe.

350) Mit der Gier nach Besitz und Reichtum, nach Geld, Hab und Gut bindet und hängt ihr euch an das rein Materielle, wodurch ihr den Blick nach vorne und nach oben verliert, nach der effectiven Wahrheit und damit nach allem Schöpferischen und nach den schöpfungsgegebenen Gesetzen und Geboten.

351) Eure falsche Auffassung jedoch, dass materieller Besitz, irdische Güter, nicht zur Beflissenheit nach der Wahrheit aller Wahrheit und nicht zum Höherstreben der Bewusstseinsevolution gehörten, hat durch den Glauben an einen Gott, Götzen oder veridolisierten Menschen beim Gros von euch Erdenmenschen die unsinnige Einstellung erschaffen, dass alle Bestrebungen, wenn sie ernst genommen werden, in bezug auf die Suche nach der effectiven Wahrheit nichts mit materiellem Besitz und irdischen Gütern zu tun haben dürften; doch dass ihr die effective Wahrheit mit eurem falschen Glauben an einen Gott, Götzen oder veridolisierten Menschen gleichsetzt, das wird euch ebenso nicht bewusst wie auch nicht die Tatsache, dass ihr euch als gesamte Erdenmenschheit sehr grossen Schaden in eurer Bewusstseinsentwicklung zugezogen habt, wie auch in bezug auf eure Menschlichkeit, euer Verhalten hinsichtlich der Nächstenliebe, der Liebe überhaupt sowie des Gerechtseins, der Gewissenhaftigkeit, Gerechtigkeit und Rechtschaffenheit und dem Tragen der Verantwortung in allen Dingen.

352) In eurem falschen religiösen, ideologischen oder philosophischen Glauben entwertet ihr eure bewusstseinsmässigen, also höchsten Gaben, die euch in eurem Leben zuteil werden können; durch euren Glauben an einen erfundenen Gott, Götzen oder veridolisierten Menschen nämlich habt ihr eine sonderbare Einstellung gewonnen in bezug auf eure bewusstseinsmässigen Bestrebungen, denn diese verwechselt ihr mit religiöser und sektiererischer Demut und Bettelei, wobei ihr diesbezüglich hündisch auf Opfer und Schenkungen angewiesen seid, die ihr eurem Gott, Götzen oder zur Göttlichkeit erhobenen Menschen darbringt und dafür Hilfe und Erleuchtung erhofft; also habt ihr die gleiche Einstellung wie Bettler, die flehend-demütig sich vor euch erniedrigen, um einen Bettlergroschen zu bekommen, so sie vor sich selbst ebenso keine Achtung erschaffen können wie auch ihr nicht, die ihr wie sie gleichermassen handelt, nur eben gegenüber eurem Gott, Götzen oder veridolisierten Menschen; die Achtung, die ihr euch selbst entgegenbringen müsstet und die euch auch gebührte, wenn ihr euch als Herr und Meister euer selbst wahrnehmen, erkennen und demgemäss verhalten würdet, die bringt ihr in hündischer Demut eurem erdichteten Gott oder Götzen entgegen, oder einem Menschen, den ihr als Göttlichkeit erhoben habt.

353) All eure falschen Bestrebungen tragen von vornherein einen Keim der Zerstörung in sich, der immer mehr dazu anwachsen kann, dass ihr euch nicht auf eure eigenen Füsse stellen könnt, sondern abhängig bleibt von eurem religiösen, ideologischen oder philosophischen Glauben, von eurem Glauben an einen erdichteten Gott, Götzen oder an einen durch euch veridolisierten Menschen.

354) Und gerade um der effectiven Wahrheit und eurer Bewusstseinsevolution sowie der Befolgung der schöpferischen Gesetze und Gebote willen müsst ihr euch gegen jeglichen Glauben schützen und euch auch klar sein, dass ihr die irdischen Güter nicht verachten dürft, weil ihr diese für eure Existenz dringend benötigt, folglich ihr also nicht auf die falschen und irren Reden jener hören sollt, die in ihrem religiösen, ideologischen oder philosophischen Wahn einhergehen und wider alle Wahrheit behaupten, dass sich die Bewusstseinsevolution nicht mit materiellen Gütern vereinbaren lasse; dass ihr aber dabei in bezug auf die Bewusstseinsevolution von einer Evolution des Geistigen sprecht, weil ihr die Wahrheit nicht kennt und nicht wisst, dass ihr als Menschen durch eure Wahrnehmungen, Erkenntnisse, Kenntnis, das Wissen, die Erfahrung und deren Erleben sowie der daraus resultierenden Essenz, der Weisheit, durch die schöpferischen Gesetze direkt der Evolution eures Bewusstseins und nur indirekt dem Geistigen eingeordnet seid, das ist euch unverständlich; deshalb müsst ihr erst die Wahrheit aller Wahrheit suchen und finden, und zwar in der Weise, dass ihr den Weg der Wahrheit in euch selbst sucht, ihn ergründet und ihm folgt, denn einzig dadurch findet ihr zur wahrlichen Wahrheit, die selbst der Weg und das Ziel ist.

355) In eurer grobstofflichen Welt muss euch das Materielle als Schild dienen, so ihr Gleiches mit Gleichem abwehren könnt resp. dass ihr das Materielle mit dem Materiellen abwehrt in der Weise, dass ihr euch davon nicht betören lasst, so euch euer materieller Besitz, euer Reichtum, Hab und Gut nicht überbordend und zur Last dessen wird, dass ihr davon beherrscht werdet und ihr dadurch den Weg der Wahrheit in euch verliert, durch den ihr zur wahren Liebe, Freiheit und Harmonie sowie zum Frieden in euch findet.

356) Bedenkt, dass ihr euch auch nicht durch eure materialistischen Mitmenschen in einen ungesunden Zustand der Wahrheitsverweigerung und Wahrheitsverleugnung drängen lassen sollt, wenn sie euch ihren materiellen Besitz und Reichtum vorführen und euch damit bestechen wollen; seid euch dabei bewusst, wenn ihr evolutiv-bewusstseinsmässig und nach der Wahrheit suchend Aufstrebende seid, dann führen eure skrupellosen Gegner ihre stärkste Waffe ins Feld, um euch zu betören, nämlich ihren materiellen Reichtum und Besitz sowie ihr Hab und Gut; und seid ihr Aufwärtsstrebende in bezug auf die effective Wahrheit aller Wahrheit, dann wäre es böser Leichtsinn, wenn ihr euch von euren der Wahrheit feindlich gesinnten Gegnern durch deren materielle Güter und Werte betören lassen würdet, denn das könnte sich euch schwer zum Nachteil erheben.

357) Aber ihr wahrhaft nach der wahrlichen Wahrheit und nach den Wirkungen der schöpferischen Gesetze und Geboten Suchenden, verachtet nicht die irdischen Güter, wenn ihr sie euch erwerbt, sie in richtigem Masse verwendet und ihr euch durch sie nicht in Habgier betören lasst, auf dass ihr nicht deren Sklaven werdet, immer frei seid und rechten Gebrauch davon macht, damit ihr die Wahrheit ergründen, befolgen und damit der schöpfungsgegebenen Gesetze und Gebote Genüge zu tun vermögt.

358) Seid aber auch nicht Bettler in bezug auf materiellen Reichtum und Besitz, denn als Menschen sollt ihr keine Bettelkleider tragen und euch nicht erniedrigen, wie ihr aber auch keine Krone von Besitz und Reichtum auf euer Haupt setzen sollt, um damit zu protzen und euch über andere zu erheben und diese an Wunder glauben zu lassen, wenn ihr ihnen von eurem Reichtum etwas abgebt, aus welchen Gründen auch immer.

359) Wunder im herkömmlichen Sinn jedoch gibt es nicht, denn der Begriff Wunder legt nur etwas klar, was ihr nicht versteht, nämlich einen Vorgang, über den ihr in Unverständigkeit resp. in Verwunderung verfallt.

360) Ein Wunder ist für euch etwas, das ihr nicht für möglich haltet und auch nicht versteht, dass es doch Wirklichkeit wird; ihr haltet es aber nur für unmöglich, denn dadurch, dass es eintritt und sich verwirklicht, beweist es, dass das euch Unverständige und euch Verwundernde doch Wirklichkeit wird und ist.

361) Ein Wunder ist nach eurer religiösen Glaubensvorstellung etwas, das es wahrheitlich nicht gibt, nämlich dass etwas von einem Gott, Götzen oder zur Göttlichkeit erhobenen Menschen als Ereignis zur Manifestation und Wirklichkeit gebracht wird, das sämtlichen Naturgesetzen widerspricht und von euch auf übernatürliche, göttliche, götzliche oder zur Göttlichkeit erhobene Menschen zurückgeführt wird.

362) Ihr haltet ein Wunder für etwas ausserhalb der Naturgesetze Geschehendes und damit für etwas, das allen Naturgesetzen entgegensteht und worin ihr illusorisch etwas erblickt, das göttlichen, götzlichen oder eines veridolisierten Menschen Ursprungs sein soll; das darum, weil für euch durch euren religiösen und sektiererischen Glauben ein Wunder nur etwas sein kann, das nur einem Gott, Götzen und veridolisierten Menschen möglich sein soll, der euch dadurch angeblich eine besondere Gnade erweist und zur Ausführung des Wunders seine Omnipotenz zur Anwendung bringt – so glaubt ihr in eurer religiösen und sektiererischen Frömmigkeit, wodurch ihr der effectiven Wahrheit keine Chance lasst, damit sie in euch durchdringen könnte.

363) Ihr Erdenmenschen seid arm in eurem Verstand und in eurer Vernunft, denn ihr stellt euch irrtümlich unter der Allmacht – wie sie nur der Schöpfung als Universalbewusstsein selbst eigen ist, jedoch keinem erdichteten Gott, Götzen oder veridolisierten Menschen – die Möglichkeit von Willkür vor und damit ein Wunder als Willkürakt, denn ihr überlegt euch nicht, wie sehr ihr

damit die schöpferischen Gesetz- und Gebotsmässigkeiten und deren Wirkungen minimalisiert, denn würden sie in einer Weise der Willkür wirken, dann wären sie nicht mehr gemäss den schöpfungsgegebenen Gesetzen und Geboten.

364) In erster Linie liegt im schöpferischen Wirken eine unbedingte, relative Vollkommenheit, die keine Fehler und keine Lücken aufweist und damit also strengster Logik eingeordnet ist resp. einer unbedingten Folgerichtigkeit bis ins letzte Jota, wobei jedoch die Logik in ihrer wahrheitlichen Form stetig weiterentwickelt werden kann und niemals stillsteht.

365) Gemäss der relativ vollkommenen Logik muss sich demzufolge ein sogenanntes Wunder in Folgerichtigkeit als bestimmtes Geschehen auswirken, und zwar je nach der Ursache und dem daraus resultierenden Werdegang, bis hin zum Effekt, der als Wunder gesehen wird, jedoch folgerichtig nur die letztliche Wirkung aus der Ursache ist.

366) Betrachtet ihr das, was ihr Wunder nennt, dann erkennt ihr, dass für euren Begriff ein Wunder längere Zeit in Anspruch nimmt, wobei sich der Entwicklungsgang jedoch im üblichen Zeitrahmen abspielt, eben mit ungeheurer Geschwindigkeit, wie nun einmal der Lauf und die Schnelligkeit der Gedanken und Gefühle sind.

367) Wunder kommen durch euch selbst zustande, sei es nun durch eine durch euch selbst in euch erschaffene Energie und deren Kraft oder auf andere Art und Weise; und weil es durch ein aussergewöhnlich schnelles Geschehen geschieht, das durch eure Hoffnungen und Wünsche oder Bettelei und Flehen zutage tritt, so seid ihr verwundert, findet es wunderbar und bezeichnet es kurz als Wunder.

368) Und schafft ihr ein Wunder, dann erschafft ihr es durch eure eigene Energie und Kraft, die ihr in irgendeiner Art und Weise konzentriert zur Anwendung bringt, und dabei ist es auch möglich, dass das eintretende Wunder über eure gegenwärtige Bewusstseinsentwicklung hinausreicht, und zwar darum, weil ihr unbewusst Energien und Kräfte in euch erschaffen und mobilisiert habt, worüber ihr in eurem normalen Bewusstseinszustand keine Kontrolle habt.

369) Doch der ganze Prozess läuft niemals ausserhalb der bestehenden Naturgesetze ab und stellt sich auch in keiner Weise diesen entgegen; würde aber etwas ausserhalb der Naturgesetze geschehen oder sich diesen entgegenstellen – was absolut unmöglich ist –, dann würde in dem Augenblick alles Schöpferische sich in sich selbst verlieren und ad absurdum führen, weil das Ganze nämlich zu einem Akt der Willkür würde; also ist genau das Gegenteil von dem der Fall, was ihr Gläubigen an erdichtete Götter und Götzen sowie zu Göttlichkeiten erhobenen Menschen fälschlich wähnt.

370) Wisst, dass alles, was der strengen Logik resp. der Folgerichtigkeit entbehrt, nicht in Zusammenhang gebracht werden kann mit dem Wirken der Schöpfung Universalbewusstsein, so aber auch nicht mit den schöpfungsbedingten Gesetzen und Geboten sowie mit deren Wirkungen.

371) Und wisst also auch, dass jedes Wunder ein absolut und unbedingt normaler und natürlicher Vorgang ist, der jedoch in hoher Geschwindigkeit und allein durch konzentrierte Energie und Kraft zustande kommt; Wunder können zwar manchmal auch etwas länger dauern, ehe sie eintreffen, denn grundlegend ist immer deren Art von Bedeutung; doch Wunder entsprechen in jedem Fall immer einem natürlichen Werdegang von Ursache und Wirkung, denn niemals kann etwas Unnatürliches geschehen, denn das ist in jedem Fall absolut ausgeschlossen; die Naturgesetze können nicht gebogen und nicht verfälscht werden, denn sie beruhen in den schöpfungsgegebenen Gesetzen und Geboten, die allzeitlich durch die Schöpfung Universalbewusstsein unveränderbar sind, gegensätzlich zu eurem Menschensinn und eurer Menschenanschauung.

372) Eurem Menschensinn und eurer Menschenanschauung sind auch eure irdischen Gerichtsbarkeiten verbunden, doch dürft ihr nicht erwarten, dass diese gleichbedeutend sind mit der Gerechtigkeit der Schöpfung Universalbewusstsein sowie mit schöpfungsgegebenen Gesetzen und Geboten, denen eure irdischen Gerichte und deren Gesetze nicht einmal nahekommen; genau das Gegenteil ist der Fall, denn zwischen eurem Verständnis der Gerechtigkeit und der schöpferischen Gerechtigkeit besteht in der Regel im wahrsten Sinne des Wortes ein skandalöser und erschütternder Unterschied.

373) Dieser bodenlose Unterschied lässt sich mit eurem an Raum und Zeit begrenzten Verstand und eurer mageren Vernunft erklären, in deren Beschränktheit ihr nicht vermögt, das eigentliche Unrecht wahrzunehmen und zu erkennen, um es vom wahrlichen Recht zu scheiden; das eigentliche Recht könnt ihr aber nicht erkennen, weil dieses für euch durch eure beschränkte und verkümmerte Wahrnehmungsfähigkeit in seiner Äusserlichkeit und Wahrlichkeit nur selten erkennbar und begreiflich ist; grundsätzlich liegt nach eurem Sinn das Recht lediglich in eurem Innern resp. bei euch selbst, weil ihr es je gemäss eurem Bedürfnis danach biegt, wie ihr es gerade gebrauchen könnt; das nebst dem, dass ihr alles nach den gesetzlichen Normen eurer Gesellschaft beurteilt und starren Gesetzesparagraphen und der Schulweisheit hörig seid.

374) Betrüblich ist bei eurem Gehabe der persönlichen und gesellschaftlichen Gerechtigkeit und bei den daraus resultierenden Gesetzen sowie bei euren Gerichtsbarkeiten und vielen daraus resultierenden Beurteilungen und Ahndungen, dass diese den schöpferischen Gesetzen direkt entgegenwirken.

375) Und wenn von diesen Entgegenwirkungen gesprochen wird, dann sind damit nicht jene gemeint, welche in den traurigen Zeiten des Mittelalters als qualvolle Folterungen und sogenannte Hexenverbrennungen durch euren Wahnglauben, die Inquisition und eure Gerichtsbarkeiten sowie den Wahn eurer selbstherrlichen Religionsfanatiker und allerlei andere Verbrechen stattgefunden haben; ebenso soll auch nicht die Rede vom sonstigen Foltern, Morden und Kriegen sein, die auf das Schuldenkonto praktisch aller Religionen gehen, die im Namen ihres erfundenen Gottes, Götzen oder ihres zur Gottheit erhobenen Menschen all die ungeheuren Verbrechen ausübten, als angebliche Wohlgefälligkeit für ihren Gott, Götzen oder veridolisierten Menschen, wofür diesen die Verantwortung aufgebürdet wurde.

376) Gesamthaft hat eure Vergangenheit in dieser Beziehung ungeheure Greuel und Missbräuche gebracht, die zwar nicht vergessen, jedoch nicht auf irgendwelche Art und Weise hochstilisiert werden dürfen, wie durch Erinnerungsfestlichkeiten und dergleichen Unsinn, die nur dazu führen, dass des Verstandes und der Vernunft Unfähige das Alte aufgreifen und gleichermassen handeln wie die Vorfahren.

377) Was getan werden muss, ist, dass sie in vernünftiger Weise warnend beurteilt werden, auf dass namentlich die damals die Verbrechen Ausübenden im Wahn ihres religiösen, ideologischen oder philosophischen Glaubens handelten und sich irrig im Recht wähnten durch die auf sie eingewirkten Irrlehren religiöser, philosophischer, ideologischer und politischer Art, so sie eifrig nach ihrem Wahnglauben handelten.

378) Vieles ist bei euch Erdenmenschen seit damals anders geworden, doch noch immer seid ihr eifrig gläubig in eure Religionen, Ideologien, Politik und Philosophien und damit an eure Götter, Götzen und veridolisierte Menschen; doch wahrlich macht ihr noch sehr vieles falsch in eurer Rechtspflege, und daher werden eure ferneren Nachfahren ebenso mit Schauder und Schrecken auf euch und eure Gesetzgebungen zurückblicken, wie ihr das selbst tut in bezug auf das Mittelalter und die alten Zeiten davor, als der Wahnsinn des religiösen Grauens herrschte und noch Menschenopfer dargebracht wurden, im Glauben dessen, dass dies das Wohlgefallen der Götter und Götzen erregt habe.

379) Wie ihr heute auf diese alten Zeiten schaut, die nach euren heutigen Erkenntnissen und Begriffen brüllendes Elend und grenzenloses Unrecht sowie unglaubliche Unmenschlichkeit in sich trugen, so werden es dereinst eure fernen Nachfahren tun, wenn sie eurer Zeit, eures schöpfungsgesetzfremden Handelns, eurem Unverstand und eurer Unvernunft, eurer Menschenverachtung, der Zerstörung der Natur, der Ausrottung vieler Pflanzen, Fische, Vögel, Tiere und Getierarten und der Zerstörung des Klimas gedenken.

380) Grossen Fortschritt habt ihr seit den alten Zeiten lediglich in den äusseren Formen gemacht, in der Technik, in der Medizin und in euren materiellen Errungenschaften, doch in eurer Bewusstseinsentwicklung hinkt ihr weiterhin gewaltig hinterher, denn wahrheitlich ist die tief einschneidende Allgewalt eurer persönlichen verantwortungslosen Abwendung von den schöpferischen Gesetzen und Geboten in eurem Dasein noch immer dieselbe.

381) Wahrlich, ihr habt euch seit alters her weder als Menschen selbst geändert, noch habt ihr Änderungen in eurem Handeln und Wirken herbeigeführt, wie auch nicht im Pflegen eurer Gedanken und Gefühle, denn noch immer seid ihr gläubig an eure Götter, Götzen und veridolisierten Menschen sowie anhängig an eure falschen Religionen, Ideologien und Philosophien; und noch immer habt ihr weder in euch selbst noch unter euch allen der ganzen Menschheit wirkliche Liebe und Freiheit, Harmonie und wahren Frieden erschaffen, sondern ihr übt noch immer Hass gegeneinander, sei es um des Glaubens, des Geldes, des Partners oder um der Rasse willen, und also geht ihr noch immer in Eifersucht dahin, in Missgunst und Habgier, und wie seit eh und je führt ihr Streit und Kriege, begeht Folter, Mord und Totschlag und frönt allen Lastern, Süchten und Verbrechen.

382) Wahrlich, ihr habt euch nicht geändert, und die wenigen, die es taten, die beschimpft und verfolgt ihr mit euren Lügen und Verleumdungen, denn da euer Innenleben in bezug auf eure Individualität noch dasselbe ist, so sind auch die Wechselwirkungen die gleichen, so das Schöpferische im Kern eures Wesens nicht zur Geltung kommen kann.

383) Würdet ihr Erdenmenschen als gesamte irdische Menschheit urplötzlich sehend und wissend, dann würde ein einziger ungeheurer Schrei des Schreckens und der Verzweiflung durch die Welt hallen, wobei sich ein ungeheures Grauen über alle eure Völker legen würde; und würde das geschehen, dann wäre nicht mehr einer unter euch, der im Vorwurf seine Hand gegen seinen Nächsten erheben könnte, weil jedem einzelnen unter euch in irgendeiner Art und Weise bewusst die Erkenntnis käme, dass die gleiche Schuld auf ihm lastet, wie sie auch der andere zu tragen hat.

384) Und die Erkenntnis, dass jeder einzelne in irgendeiner Weise die gleiche Schuld trägt, würde zur Gewissheit dessen führen, dass keiner unter euch Erdenmenschen das Recht hat, eurem Nächsten oder sonstigen Mitmenschen mit Vorwürfen, Rache- und Vergeltungsgedanken oder mit Hass zu begegnen, weil jeder einzelne von euch – auch wenn ihr euch noch so gut und unbescholten dünkt – bis anhin irrend nur nach Äusserlichkeiten urteilt und dabei das wahrliche Leben ebenso übergeht wie auch die schöpferischen Gesetze und Gebote, die ihr beachten und befolgen solltet.

385) Wahrlich, ihr vielen unter euch, ihr würdet an euch selbst verzweifeln bei der ersten Erkenntnis, wenn diese ohne Vorbereitung in euch dringen würde, und ihr vielen anderen unter euch aber, welche ihr Zeit eures Lebens nie über diese wichtigen Dinge nachgedacht habt, euch würde masslose Erbitterung befallen, weil ihr das Ganze während eures Lebens versäumt habt.

386) Alles sollte euch Anregung zum ruhigen Nachdenken sein, damit ihr die Entwicklung eurer eigenen Urteilsfähigkeit fördert, die jede Anlehnung an fremde und falsche Ansichten zurückweist und nur das annimmt, was ihr in Logik, Verstand und Vernunft durch eure eigenen Gedanken und Gefühle sowie durch euer Sprechen, Handeln und Wirken selbst erschafft und in euch als effective Wahrheit nachvollziehen könnt.

387) Niemals dürft ihr vergessen, dass einzig ihr ganz allein alles und jedes selbst zu verantworten habt, ganz gleich, was ihr auch immer an Gedanken und Gefühlen in euch erschafft und was ihr durch eure Taten, Handlungen und durch euer Wirken hervorbringt; und diese volle Verantwortung tragt ihr auch dann, wenn ihr bedingungslos alles, was ihr in irgendeiner Art und Weise zur Wirkung bringt, von anderen übernommen habt.

388) Wohl euch aber, ihr Erdenmenschen, wenn ihr eine Höhe in eurem Tun, Handeln und Wirken sowie in euren Gedanken und Gefühlen erreicht, die es euch erlaubt, jedem Urteil prüfend entgegenzutreten, um nach eigenem Ermessen in jeder beliebigen Weise zu handeln.

389) Und seid ihr soweit, dass ihr in jeder Art und Weise beliebig in voller Verantwortung handeln und wirken könnt, dann macht ihr euch nicht schuldig an allem Unrecht und Unrechten, wie das sehr viele unter euch tun, weil nur aus Gedankenlosigkeit, Verleumdung, Vorurteil und Sensationslust usw. gehandelt wird, was in Bereiche führt, in denen nur Leid, Not und Schmerzen sowie Trauer, Angst und Furcht herrschen, die niemals in aktuell-akuter Weise am eigenen Leib und im eigenen Bewusstsein erfahren werden müssen.

390) Handelt ihr jedoch der Wahrheit und all den Formen der Erscheinungsmöglichkeiten des Lebens entgegen, dann lasst ihr euch dadurch von vielem wirklich Gutem des Daseins abhalten und versäumt damit, viel für euch selbst und für eure Mitmenschen zu tun, weil ihr alles Wertvolle verantwortungslos aufs Spiel setzt, das euch euer Leben zu bieten hat.

391) Schon zu alten Zeiten habt ihr Erdenmenschen all euer Wohl aufs Spiel gesetzt und endlosen Hass, Eifersucht, Krieg, Verbrechen, Zerstörung und Verderben verbreitet, und zwar in bezug auf eure ganze Menschheit allgemein und wider eure wahrlichen Propheten ganz besonders; millionenfach habt ihr Euresgleichen malträtiert, gefoltert und ermordet und tut noch heute desgleichen, wofür jedoch die eigentlichen Gründe nur jene wenigen schreienden und verantwortungslosen Verbrecher kennen, die ihr als Obrigkeiten und Regierende duldet und die durch die Todesstrafe und durch Kriege und sonstigen Terror Unheil über euch und die Welt bringen; dazu gehören aber auch jene aus euren eigenen Reihen, welche als Volksaufhetzer in vielfältiger religiöser, sektiererischer, ideologischer, philosophischer und politischer Form zu Mord, Totschlag, Terror und Zerstörung aufrufen, und also sind es auch jene unter euch, welche ihre Familien terrorisieren und jederzeit aus nichtigen Gründen Streit mit den Nächsten und mit Nachbarn vom Zaune brechen und sich von Eifersucht, Hass, Rache und Vergeltung leiten lassen.

392) Und ihr als Masse Erdenmenschheit, ihr lasst euch von den verantwortungslosen Schreiern, Terroristen, Volksaufwieglern, mörderischen Regierenden und Verbrechern aller Art betören und in blinden Fanatismus versetzen, in dem ihr mit den Wölfen heult und Tod und Verderben sät unter euren Mitmenschen und unter ganzen Völkern, und zwar ohne dass ihr auch nur in einem Stäubchen eines Gewichts darüber nachdenkt, was ihr eigentlich tut, weshalb ihr auch nicht zwischen Recht und Unrecht zu unterscheiden vermögt.

393) In eurem falschen Tun beschimpft und verleumdet ihr auch eure wahrlichen Propheten, die Künder der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens, die ‹Lehre der Propheten›, den ‹Kelch der Wahrheit›, ohne dass ihr jemals mit den Kündern zusammenkommt und sie also nicht kennt; wahrlich, ihr, welche ihr die wahren Propheten beschimpft und verleumdet, wie auch ihre Lehre, ihr seid Verlorene in bezug auf die Wahrheit und das Leben.

394) Nicht minder verloren in bezug auf die Wahrheit und das Leben seid auch ihr unter euch Erdenmenschen, welche ihr aufgrund falscher Ansichten eurer Mitmenschen euch von der wahrlichen Wahrheit abwendet und die Worte der Wahrheitslehre nicht hören wollt und welche ihr euch nicht die Mühe einer sachlichen Prüfung macht, durch die ihr letztlich doch den wahren und grossen Wert der Wahrheitslehre erkennen könntet.

395) Durch all euer fehlerhaftes und lebens- sowie bewusstseins-evolutionsfeindliches Tun, Wirken, Verhalten und Handeln habt ihr immer und immer wieder ungeheure Tragödien hervorgerufen und Tod, Elend, Not, Zerstörung und Verderben über eure Menschheit gebracht.

396) Und ihr habt jene verfolgt, verflucht und verleumdet, welche euch die wahrliche Wahrheit gebracht haben, durch die ihr euer Leben des Rechtens hättet führen können, nämlich eure wahrlichen Propheten, die seit alters her zu euch gekommen sind und euch die Lehre brachten, durch die ihr die schöpferischen Gesetze und Gebote hättet kennenlernen können, um sie zu befolgen und euer Dasein zum eigenen Wohlgefallen zu gestalten.

397) Euer Tun, Wirken und Handeln seit alters her ist derart grotesk, dass sich darin mit blendender Deutlichkeit eure verstandes- und vernunftmässige Beschränktheit aufzeigt, die sich seither nicht zum Besseren geändert hat, sondern noch weiterhin besteht und euch als ganze irdische Menschheit noch immer in Angst und Schrecken versetzt.

398) Bis heute seid ihr innerlich im Bereich eures von euch selbst als Individualität gebildeten Wesens sowie in eurer Bewusstseinsevolution in bezug auf die effective Wahrheit aller Wahrheit, das Wissen und die Weisheit nicht weiter fortgeschritten, denn wahrlich habt ihr nur eine äussere Veränderung geschaffen durch eure Entdeckungen und Erfindungen, doch in bezug auf die Evolution eures Bewusstseins seid ihr zurückgeblieben und frönt weiterhin den bösen und lästerlichen Verführungen eurer Religionen, eures Sektierismus, eurer Politik, Ideologien und Philo-

sophien, durch die ihr von der effectiven Wahrheit abgehalten werdet und ihr die schöpferischen Gesetze und Gebote nicht erkennt, ja nicht einmal nach ihnen forscht.

399) Wahrlich habt ihr nur äussere Erfolge zu verzeichnen, wie in bezug auf eure Technik, Medizin und sonstige Errungenschaften, doch dieses äussere Fortgeschrittensein ist nicht mehr als ein Dünkel, durch den ihr eure eigene verstandes- und vernunftmässige Beschränktheit zu kaschieren sucht, wobei allein schon der Dünkel ein ausgesprochenes Merkmal der Beschränktheit ist.

400) Und schon seit rund viertausend Jahren, in denen eure grossen Religionen, Sekten, Ideologien und Philosophien und eure katastrophalen Politikformen entstanden sind, ist der Boden eurer Ausartungen aller Art und die Abwendung von der wahrlichen Wahrheit aller Wahrheit und damit von der Schöpfung Universalbewusstsein und ihren Gesetzen und Geboten immer furchtbarer geworden.

401) Und all euer Abwenden von der Schöpfung, ihren Gesetzen und Geboten und damit auch von der effectiven Wahrheit hat sich derart ausschlaggebend und verheerend auf eure Anschauungen ausgewirkt, dass ihr euch eine Ahnungslosigkeit in bezug auf die wahrliche Wahrheit und die effective Realität erschaffen, euch darin verstrickt und ihr damit euer eigenes Verhängnis heraufbeschworen habt.

402) Durch falsche Anschauungen, die ihr oft als gut wähntet, habt ihr euch bösartige Auswirkungen an Wechselwirkungen zugezogen, die euch ungeheuren Schaden brachten, weil ihr gegen die schöpferischen Gesetze und Gebote wirktet, was euch jedoch bis heute nicht klargeworden ist.

403) Eure Zahl ist riesengross, welche ihr in dieser Weise seit alters her handelt und wirkt und die ihr in Anmassung und Eitelkeit sowie in falschem Stolz qualvolles Entsetzen, Unheil, Zerstörung, Tod und Verderben über eure Welt gebracht habt, wobei ihr nicht wisst, dass das wahre Leben und die wahrliche Wahrheit und Realität aller schöpferischen Existenz ganz anders ist, als ihr denkt und euch einbildet.

404) Also müsst ihr handeln, ehe es zu spät dazu ist und ihr euch noch mehr Schuld aufbürdet, die ihr in jahrzehnte- und jahrhunderte-, ja gar jahrtausendelangen Prozessen büssen müsst, wenn ihr durch euer falsches Tun, Handeln und Wirken immer mehr Hass, Eifersucht, Streit, Terror, Krieg, Unfreiheit, Disharmonie, Unfrieden und Laster sowie Süchte erzeugt und darum ringen müsst, dass ihr überhaupt auf eurer Welt noch leben könnt, die ihr durch eure stetig wachsende Überbevölkerung und deren Auswirkungen derart zerstört, dass sich letztlich eure Erde nicht mehr davon erholen kann.

405) Wahrlich, euer Weg zur Erkenntnis ist weit und schwer, doch wenn ihr die Erkenntnis errungen habt, dann ist der Weg noch sehr viel weiter und schwerer, den ihr gehen müsst, um in euch den Wandel zum Guten, Besseren und Besten zu erschaffen.

406) Der Weg ist weit und schwer, und wenn ihr die günstige Gelegenheit versäumt und euch gewollt oder ungewollt im Unwissen noch weiterhin grosse Schuld aufladet, dann ist ein schlimmes Ende nicht zu vermeiden; und bedenkt stets bei eurem Tun, Wirken und Handeln, dass wenn ihr es im Unrecht tut, dass dann eine Entschuldigung nicht ins Gewicht fallen kann, weil das Leben selbst keine Entschuldigung dafür annimmt, was ihr auch immer des Unrechtens und des Falschen tut, denn das Leben kennt nur das Gesetz der Kausalität, die Ursache und Wirkung, so wie es vorgegeben ist durch die schöpferischen Gesetze und Gebote.

407) Wen es von euch Erdenmenschen danach drängt, im Lauf der Wechselwirkungen Ursache und Wirkung durch die schöpferischen Gesetze und Gebote gegebenen Wirkungen zu erkennen und zu verstehen, muss sie im Unterschied zu den irdischen Anschauungen sehen und sich bemühen, irgendein Beispiel aus dem eigenen Dasein in Vergleich zu ziehen und dabei zu prüfen, wo Recht und Unrecht wirklich angeordnet sind.

408) Und wird diese umfassende Prüfung durchgeführt und bestanden, dann könnt ihr eure eigene Verstandes- und Vernunftfähigkeit lebendiger und stärker entfalten, um letztlich alles an angelernten Vorurteilen mangelhafter Anschauungen und Einstellungen abzuwerfen.

409) Geschieht das, dann wird dadurch in euch ein Gerechtigkeitsverstehen erschaffen, das sich auf sich selbst verlassen kann und durch das ihr im Erkennen aller Wechselwirkungen die schöpferi-

schen Gesetze und Gebote erkennt und aufnehmt, die sich dann in euch ausbreiten und wirken können.

410) Betrachtet ihr euch in bezug auf die Wechselwirkungen selbst, dann erkennt ihr, dass sich Ursache und Wirkung auch in einer Weise in euch ergeben, die eurer Einstellung entspricht und euch lenkt, wenn ihr sie auf die Vergangenheit oder Zukunft bezieht.

411) Ihr unter euch Erdenmenschen nämlich, welche ihr mit eurer Einstellung in der Vergangenheit lebt, ihr begreift etwas erst dann, wenn es bereits geschehen ist; und daraus ergibt sich, dass ihr euch über das Geschehene weder richtig freuen noch ärgern, noch die ganze Schwere der ganzen Sache nachvollziehen und verstehen könnt.

412) Erst hinterdrein, nach längerer Zeit, wenn schon alles vorbei ist, beginnt ihr euch darüber Gedanken und Gefühle zu machen und darüber zu sprechen, dem Geschehen nachzutrauern oder darüber zu schwärmen.

413) Also sprecht ihr nur vom Vergangenen, fühlt euch darin wohl oder bedauert es, wobei ihr jedoch das völlig überseht, was sich wieder Neues und Gegenwärtiges ergibt; denn erst, wenn schon alles alt geworden und in die Vergangenheit gerückt ist, beginnt ihr euch darüber Gedanken und Gefühle zu machen und das Geschehene zu bewerten.

414) Und ihr unter euch Erdenmenschen, welche ihr mit eurer Einstellung in naher und ferner Zukunft lebt, ihr erhofft und wünscht immer nur Dinge, die euch die Zukunft bringen soll, doch dabei vergesst ihr, dass euch die Gegenwart eures Alltages sehr viel zu bieten hat; dabei vergesst ihr aber auch, euch derart zu regen, dass ihr eure Wünsche für die nahe oder ferne Zukunft tatsächlich Wirklichkeit werden lassen könntet.

415) Wahrlich, ihr einen wie die andern, ihr gehört zum Grossteil eurer Menschheit, die ihr euer Leben vertändelt und kein wirkliches und wahrhaftiges Leben auf Erden führt, wie auch ihr jenen unter euch nicht, welche ihr glaubt, in der Gegenwart zu leben und darunter etwas völlig Falsches versteht.

416) Und ihr, welche ihr die Gegenwart falsch versteht, ihr spornt euch jeden Augenblick an, euch leichtsinnig zum Leben aufzumuntern und dieses in ausgearteter Weise auszukosten und zu geniessen; und wahrlich, eurer Art seid ihr viele, welche ihr in dieser Weise bejahend, jubelnd und sinnlos durch euer Leben taumelt.

417) Wohl ist es richtig, dass ihr euer Leben in jeder Minute und Sekunde in unbedingter Weise auskostet, jedoch nicht allein im Äusserlichen und Materiellen, sondern auch in eurem Innern, gemäss eurem wahren schöpferischen Wesenskern, den ihr mit dem Unrat, der Spreu eurer selbsterschaffenen Individualität, überdeckt habt.

418) Eine jede Sekunde, Minute und Stunde der Gegenwart muss in eurem Leben zu einem wirklichen und wahrhaftigen Erleben werden, und zwar sowohl im Leid wie in der Freude, im Glück und im Unglück.

419) Mit all euren Sinnen, Gedanken und Gefühlen müsst ihr dem geöffnet und wach sein, was ihr als Gegenwart kennt; die Gegenwart ist zwar nur kurz und umfasst einen kurzen Augenblick, doch habt ihr die Gegenwart auch als Alltag, in dem ihr lebt, wirkt und handelt.

420) Nur wenn ihr der Gegenwart des Augenblicks und des Alltags offen und wach entgegentretet, habt ihr einen Gewinn von eurem Erdendasein, einen Gewinn, den ihr euch selbst erschafft.

421) Weder in den Gedanken und Gefühlen, die vergangenheitsbezogen sind, noch in euren Zukunftsträumen könnt ihr ein wirkliches und wahrhaftiges Erleben finden, denn das ist allein auf die unmittelbare Gegenwart beschränkt; und allein das Erleben der immediaten resp. direkten Gegenwart ist derart energiegeladen und stark, dass es das Bewusstsein formt, das den Gewinn des Erlebens ins tatsächliche Leben integriert und die bewusstseinsmässige Evolution fördert.

422) Erlebt ihr die Gegenwart nicht mit, dann könnt ihr in euch auch nicht reifen, denn die Reifung hängt von eurer Erfahrung und deren Erleben ab, dem das Wahrnehmen, Erkennen und Kennen sowie das Wissen vorangesetzt ist, woraus sich gesamthaft die Essenz, die Weisheit, ergibt.

423) Erlebt ihr während eures Lebens nicht die Gegenwart in eurem Innern selbst, dann seid ihr in euch leer und versäumt die Zeit, weil ihr nicht wach seid und ihr euch euer Leben nicht zu eigen macht.

424) Euer jeweils aktuelles Erdenleben ist nur eine von vielen Stufen in der Entwicklung, die ihr durchlauft im stets wiederkehrenden Dasein eurer Geistform und im Lauf eurer stets neuen Persönlichkeiten, und wahrlich könnt ihr diese Stufen nicht überspringen, sondern ihr müsst eine nach der anderen erklimmen.

425) Und steht ihr nicht stark und fest auf der jeweiligen Stufe eurer Entwicklung im Leben, dann habt ihr grosse Mühe, auf die nächste Stufe hochzusteigen, denn ihr benötigt die vorgehende als feste Grundlage.

426) Diese Stufen entsprechen eurem bewusstseinsmässigen Entwicklungsstand, und je wie dieser gegeben ist, wird es euch möglich, euch weiterzuentwickeln und die nächste Stufe zu erklimmen.

427) Wenn ihr euch bewusst bemüht, in eurem Dasein Stufe um Stufe eurer aufwärtsstrebenden Entwicklung hochzusteigen, dann werdet ihr euch darüber klar, dass ihr nur dann zur nächsten Stufe gelangen könnt, wenn ihr die Entwicklung auf der vorhergehenden richtig erfüllt habt.

428) Erst durch die volle, unbedingte Erfüllung einer Entwicklungsstufe kann auf die nächsthöhere hinaufgestiegen werden; erfüllt ihr diese jedoch nicht durch die Wahrnehmung, die Erkenntnis, die Kenntnis, das Wissen, die Erfahrung und deren Erleben, das Aufnehmen, Erfassen und Erleben in der Gegenwart, dann könnt ihr nicht die Essenz des Ganzen resp. die Weisheit erlangen, die den erlangten Stand der Höherentwicklung bildet.

429) Erfüllt ihr nicht diesen Werdegang der Entwicklung durch das wirkliche Erleben der Gegenwart, und zwar sowohl im Bereich des Materiellen wie auch in eurem Innern und im Feinstofflichen, dann kann nichts zur Reife in euch beitragen, so ihr von der Entwicklungsstufe aus, auf der ihr gerade steht, die nächste nicht erkennen und nicht betreten könnt; nur mit der Ausrüstung des wahrlichen Erlebens der Gegenwart in allen Bereichen eures Daseins, in eurem Innern, im Feinstofflichen und Materiellen, erschafft ihr euch die Energie und Kraft, eure nächste Entwicklungsstufe wahrzunehmen und auch auf sie hochzusteigen.

430) In dieser Weise geht es fort und fort durch euer ganzes aktuelles Leben, und so ging es auch in allen euren vorhergegangenen Leben als stets neue Persönlichkeiten voran, und also wird es auch so sein in euren neuen Leben als neue Persönlichkeiten, wenn ihr euer gegenwärtiges Dasein verlassen habt.

431) Wahrlich, ihr müsst nur nach euren hohen Zielen eurer Bewusstseinsevolution schauen und demgemäss auch eure einzelnen Entwicklungsstufen richtig beachten, die ihr zu eurer Evolution selbst bilden und nutzen müsst, um euer Ziel zu erreichen.

432) Die Evolutionsstufen, die ihr euch selbst erschaffen und zum Aufstieg nutzen müsst, dürfen nicht nur flüchtig erarbeitet sein, sonst brechen sie beim Versuch des Hinaufsteigens auf die nächste Stufe leicht zusammen; der Gefahr des Zusammenbrechens beim Hinaufsteigen auf die nächste Stufe könnt ihr jedoch begegnen, und zwar durch das natürliche Geschehen dessen, dass jede höhere Entwicklungsstufe nur dadurch erreicht werden kann, indem die Stufe der Gegenwart voll entwickelt wird.

433) Wenn ihr also nicht euer halbes Leben auf einer Entwicklungsstufe stehenbleiben und nicht immer wieder zurückfallen wollt, dann müsst ihr euch sehr bemühen, stets das Gesamte der Gegenwart im Materiellen, in eurem Innern und im Feinstofflichen wahrzunehmen, alles richtig zu erfassen, zu erfahren und zu erleben und zur Weisheit zu bilden, damit ihr evolutiven, bewusstseinsmässigen Nutzen daraus gewinnt.

434) Und handelt ihr danach, dann wird es euch auch an irdischem Gewinn nicht fehlen, und zwar weil ihr den Vorteil nutzt, dass ihr von Raum und Zeit und von euren Mitmenschen nichts anderes erwartet, als sie euch wirklich geben können; und das ist der Grund dafür, dass ihr nie enttäuscht sein werdet und in Liebe, Frieden, Freiheit und Harmonie mit euch selbst wie auch mit euren Mitmenschen und der ganzen Umwelt leben könnt.

435) Lebt ihr aber nicht in der Realität der Gegenwart, sondern mit euren Gedanken und Gefühlen in der Vergangenheit oder in euren Zukunftsträumen, dann geraten eure Erwartungen sehr leicht aus dem Rahmen des Realen und Vernünftigen, weil sie aus der Realität der Gegenwart

hinausgreifen und damit in euch eine Disharmonie erzeugen, worunter ihr dann leidet, und zwar sowohl in euch selbst wie auch in eurer näheren und weiteren Umgebung.

436) Wohl sollt ihr an das Vergangene denken, es jedoch nicht zu Feiern und nicht zu steten Erinnerungen machen, sondern ihr sollt es nur dazu benutzen, daraus zu lernen und alles besser zu machen.

437) Also könnt ihr aber auch von der Zukunft träumen, doch sollt ihr euch darin nicht in unerfüllbaren Wünschen und nicht in schädlichen Phantastereien und Illusionen ergehen, auf dass ihr durch Zukunftsträumereien einen wahren Ansporn findet, bewusst in der Gegenwart zu leben und euch dem Aufwärtsschwingen eurer Bewusstseinsevolution zu widmen.

438) Das Aufwärtsschwingen resp. der Aufstieg zu eurer Bewusstseinsevolution hat keine bestimmte Regel, folglich in dieser Beziehung kein spezieller Weg aufgezeigt werden kann; ein aufgezeigter Weg käme einer Schablone gleich, in der nichts Lebendiges wäre, folglich auch nichts Lebendiges daraus entstehen könnte, das zu einem Aufwärtsschwingen unbedingt notwendig ist, denn nur Lebendiges kann wiederum Lebendiges erzeugen.

439) Wenn ihr zur Bewusstseinsevolution aufsteigen wollt, dann könnt ihr das nur auf einem eigenen, individuellen Weg tun, der auf euch allein geformt ist, folglich wäre ein aufgezeigter Weg der individuelle eines andern und für euch nur eine äusserliche, schwache Krücke, auf der ihr nicht richtig und nicht selbständig gehen könntet, weil diese nicht zum Wahrnehmen, nicht zum Sehen und nicht zum Erkennen dient, sondern nur zur behinderten Fortbewegung.

440) Also müsst ihr euren eigenen Weg suchen und diesen klar und deutlich vor euch sehen, damit ihr nicht blind darauf einhergeht.

441) Nehmt ihr aber einen euch vorgeschlagenen Weg an, den ihr nicht selbst findet, dann geht ihr humpelnd und blind auf diesem dahin, weil ihr einfach einem neuen Dogma folgt, das euch eingeredet wurde, anstatt dass ihr euch selbst die notwendigen Richtlinien gebt, durch die ihr euren eigenen Weg zu Wahrheit, Wissen und Weisheit und damit zur Bewusstseinsevolution beschreitet.

442) Und bedenkt, wenn ihr ins Reich eures Bewusstseins gelangen und dadurch dessen Evolution Genüge tun wollt, dann müsst ihr naturgemäss den Weg dazu selbst suchen, finden und zu diesem hingehen, weil er euch von niemandem gewiesen werden kann und er auch nicht von sich aus zu euch kommt.

443) Euer Bewusstsein ist in den Niederungen eurer Grobstofflichkeit der oberste Faktor eurer möglichen Entwicklung, folglich ihr in dieser Grobstofflichkeit alles tun müsst, um die bestmögliche Höhe eurer Bewusstseinsevolution zu erlangen; also müsst ihr das Grobstoffliche durchwandern, um euer Ziel zu erreichen.

444) Damit ihr euch jedoch nicht verirrt auf eurem Weg zur Bewusstseinsevolution, ist es unerlässlich, dass ihr den Weg genau erforscht und kennt, den ihr zu beschreiten und zu durchwandern habt; doch ihr müsst nicht nur den Weg selbst kennen, sondern euch auch alles bewusst werden lassen, was euch auf dem Weg begegnen kann, welche Gefahren euch bedrohen können und welche Hilfe ihr finden könnt.

445) Und da der ganze Weg allein in euch selbst liegt, in eurem eigenen Bewusstsein und in den daraus resultierenden Gedanken und deren Gefühlen, so müsst ihr ihn allein finden und erkennen, wenn ihr zum Ziel kommen wollt.

446) Wahrlich, es gibt keinen Menschen, der euch euren individuellen Weg beschreiben könnte, der für euren Aufstieg zu eurer Bewusstseinsevolution nötig ist, also es niemanden gibt, der euch euren eigenen Weg zur höchsten Form eurer Entwicklung deutlich sichtbar und erkennbar machen könnte, ausser euch selbst.

447) Der Weg zu jener Höhe, die im Reich eures Bewusstseins als Tempel eurer höchstmöglichen Entwicklung liegt, ist der Weg zu eurem Wohlbefinden, zu eurer wahren Liebe, Harmonie und Freiheit sowie zum wahren Frieden in euch selbst, und allein das ist die Wirklichkeit.

448) Die Botschaft der wahrlichen Propheten wies euch durch den ‹Kelch der Wahrheit›, die ‹Lehre der Propheten›, die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens schon seit

alters her den richtigen Weg zum Aufwärtsschwingen in bezug auf eure Bewusstseinsevolution, doch die Lehre wurde von euch durch euer menschliches, überhebliches Klugseinwollen durchwegs falsch gedeutet; ihr habt die Lehre bis ins Unkenntliche verfälscht und Religionen, Ideologien und Philosophien und einen Wegweiser daraus gemacht, der euch zum Glauben an Gottheiten, Götzen und veridolisierte Menschen hinführte, wodurch ihr euch selbst irreführend dem grössten Irrtum zugewandt habt, den ihr seit eurer Existenz begehen konntet und der euch davon abgehalten hat, bewusst und willentlich den Weg der effectiven Wahrheit zu beschreiten und der schöpferischen Gesetze und Gebote und der Bewusstseinsevolution Genüge zu tun.

449) Es ist für euch nun endlich an der Zeit, dass ihr euch bewusst für die effective Wahrheit und für die Höhe der Bewusstseinsevolution entscheidet, in die ihr aufschwingen und unwiderruflich aus den Niederungen eures Wahrheitsunwissens herausfinden könnt, und zwar ohne Möglichkeit, dass ihr später wieder in euer altes Metier zurückfallt.

450) Daher wird euch die Botschaft der Wahrheit abermals gebracht, auf dass ihr euren falsch angebrachten Wegweiser richtigstellt und ihr ernsthaft Suchende seid, damit ihr in euch selbst den Weg der Wahrheit findet, erkennt und ihn befolgt, der sowohl der Weg der Wahrheit selbst ist wie auch das Ziel.

451) Wohl euch daher, wenn ihr offenen Sinnes seid und ihr bewusst eure Gedanken und Gefühle danach ausrichtet, denn wenn ihr das tut, dann werdet ihr sowohl die Wahrheit aller Wahrheit kennenlernen wie auch die schöpferischen Gesetze und Gebote, die eurem Bewusstsein als Sprossen zum Aufwärtsschwingen dienen, um bewusst einzugehen in das Reich eurer Bewusstseinsevolution.

452) In eurem Bewusstsein und in euren daraus resultierenden Gedanken und deren Gefühlen allein findet ihr alles, was ihr braucht, um eure Fähigkeiten zu erschaffen, durch die ihr in die Höhen eurer Bewusstseinsevolution hochsteigen könnt.

453) Erst euer wahres Leben, das ihr leben müsst, gibt euch das Lebendige und die Freiheit zur Entwicklung der notwendigen Fähigkeiten, die zum Emporklimmen in die Höhen der Bewusstseinsevolution notwendig sind und durch die ihr euch vom Joch eurer festen religiösen, ideologischen und philosophischen Dogmen befreien könnt, die euch zu willenlosen Sklaven eures Glaubens an einen Gott, Götzen oder Menschen machen, den ihr zur Göttlichkeit erhebt, wodurch ihr euch selbst unterdrückt und den Aufstieg zur hohen Evolution des Bewusstseins hemmt und jede Möglichkeit der Bewusstseinsentwicklung vernichtet.

454) Wenn ihr Menschen seid, die ihr die Wahrheit und die schöpferischen Gesetze und Gebote kennt in ihrer Wirkungsweise, dann versteht ihr darin auch die grosse Schöpfungsidee; und stellt ihr euch dazu richtig ein, dann dient euch allein die Wahrheit aller Wahrheit – die allein aus der Schöpfung Universalbewusstsein hervorgeht – und damit auch der Weg der Wahrheit zum Aufstieg zur Bewusstseinsevolution, weil ihr die schöpfungsgegebenen Gesetze und Gebote erfüllt und deshalb richtig lebt.

455) Und folgt ihr der Schöpfungsidee und damit der Wahrheit aller Wahrheit, dann windet ihr euch nicht reuig, kniend, betend, bettelnd, demütig, frömmelnd, heuchelnd und flehend vor eurem Gott, Götzen oder veridolisierten Menschen, denn wenn ihr nach der Schöpfungsidee und nach den schöpfungsgegebenen Gesetzen und Geboten lebt, dann lebt ihr ausführend in einem frischen, frohen und reinen Wirken; also bettelt ihr nicht winselnd und flehend um die effective Wahrheit aller Wahrheit, sondern ihr geht sehend freudig dahin und erkennt die Wirklichkeit und lebt in Beachtung und Erfüllung der schöpferischen Gesetz- und Gebotsmässigkeiten und damit in verantwortungsvollem Genügen in bezug auf die Bewusstseinsevolution.

456) Und lebt ihr in dieser Weise, dann sieht euer Leben ganz anders aus, als ihr es bisher gesehen und gelebt habt, nämlich wahrheitsgerecht, gesetzerfüllend und gebotsgefällig, viel freier und schöner, womit ihr mitten in der Schöpfung Universalbewusstsein steht, so wie es der Schöpfungsidee entspricht.

457) Nehmt die Wahrheit nun endlich und wirklich an, wie sie euch durch die ‹Lehre der Propheten›, durch den ‹Kelch der Wahrheit› gegeben ist; und nehmt alles nicht als Bild und Vorstellung,

sondern als tatsächliche Wirklichkeit und Selbstverständlichkeit, und zwar an Stelle des Dunstschemens eurer Gläubigkeit in eure Götter, Götzen, Engel, Heiligen und Menschen, die ihr vergöttert und euren erdichteten Göttern und Götzen gleichstellt.

458) Lernt daher die Wahrheit zu erkennen und sie zu befolgen, denn allein dadurch lernt ihr auch die Liebe der Schöpfung Universalbewusstsein kennen sowie die daraus hervorgehenden Gesetze und Gebote, die ihr befolgen sollt, weil allein darin der Weg in euch selbst gegeben ist, der zur Höhe eurer Bewusstseinsevolution führt, die im schöpferischen Urgesetz als dauernde Bewegung verankert ist.

459) Wenn ihr euch umblickt, ihr Erdenmenschen, dann könnt ihr sehen und erkennen, wie ihr wirklich leben sollt, denn wenn ihr mit offenen Sinnen einhergeht, dann ist es für euch nicht schwer, die Urgesetze der fortdauernden Bewegung der Schöpfung Universalbewusstsein und all ihrer Schöpfungen, Kreationen und alles Existente zu erkennen; und wenn ihr euch bemüht, in rechter Weise alles um euch zu beachten, dann lüftet ihr vielerlei Geheimnisse, die in den schöpferischen Gesetzen und Geboten und also auch in der Schöpfungsidee verborgen sind.

460) Wisst, dass in der Schöpfung Universalbewusstsein die Bewegung ein Grundgesetz ist, worin alles eingeschlossen ist, was von ihr je erdacht und erschaffen wurde.

461) Die Bewegung ist also das Grund- und Urgesetz der Schöpfung Universalbewusstsein und all ihrer Schöpfungen resp. Geschöpfe, Kreationen und alles Existenten, so also dieses Gesetz auch für euch Erdenmenschen von Gültigkeit ist, doch ihr habt das Gesetz der rechten Bewegung missachtet und verwendet es falsch.

462) Schon als die Schöpfung ihre Idee erschaffen hatte, wurde darin das Urgesetz der Bewegung geschaffen, durch die seit Urbeginn an alles geformt wurde und weiterhin geformt wird, denn die unaufhörliche Bewegung ist sowohl das Werden wie auch die Erhaltung und das Vergehen sowie das Wiederwerden aller Dinge und alles Befindlichen im gesamten Bereich der Schöpfung Universalbewusstsein.

463) Also könnt auch ihr Erdenmenschen inmitten der allesbelebenden Bewegung nicht als eine Ausnahme unter allen von der Schöpfung Universalbewusstsein erschaffenen Schöpfungen resp. Geschöpfen, Kreaturen und allem Existenten betrachtet werden, denn ihr könnt in der schöpfungsgegebenen und unaufhörlich andauernden Bewegung nicht innehalten und nicht eure eigenen Wege gehen, ohne dass ihr Schaden für euch selbst nehmt.

464) Ihr seid sehr viele unter euch, welche ihr euch nur ausruht und ein bequemes Leben führt, wobei ihr Behaglichkeit und Müssigkeit als Krönung eures Lebens betrachtet, insbesondere wenn ihr ins Alter kommt und ihr euch besonders um die Lebensweisheit bemühen müsstet, um sie den Jüngeren weiterzugeben.

465) Was ihr jedoch mit der Behaglichkeit und mit dem Müssiggang erreicht, ist für die Evolution eures Bewusstseins bares Gift, nämlich der Anfang des Endes eurer Bewusstseinsevolution, die ihr bewusst erschaffen sollt.

466) Wenn ihr eure Augen und Sinne für euer Leben, für eure Evolution und für eure Umgebung richtig öffnet, dann erkennt ihr dabei sehr viel, nehmt ungemein viele Dinge wahr und gewinnt Erkenntnisse, Kenntnis und Wissen, woraus Erfahrung und Erleben und letztlich Weisheit entsteht, wodurch ihr die Evolution eures Bewusstseins vorantreibt; und wenn ihr achtsam und aufmerksam seid, dann erkennt ihr in allem einen ganz bestimmten Grund und ein schöpfungsgegebenes Gesetz in allem Geschehen.

467) Wenn ihr euch in eurem Leben wirklich nur zur Ruhe setzt und von all eurem Wirken nur ausruhen wollt bis an euer Lebensende, dann stosst ihr das rhythmische Gesetz der allzeit gültigen Bewegung ab, wie es durch die Schöpfung Universalbewusstsein in allem gegeben ist.

468) Und durch eure Behaglichkeit und euren Müssiggang in bezug auf die Evolution des Bewusstseins stosst ihr euch auch selbst ab von den rhythmischen Bewegungen der Schöpfung, gerade so wie eine überreife Frucht, die vom Baume fällt; und das darum, weil alles Schwingen und Bewegen um euch sehr viel stärker ist als die Bewegung in euch selbst, die mit den äusseren Schwingungen resp. Bewegungen konform gehen müsste.

469) Und ihr alle unter euch Erdenmenschen, welche ihr in dieser falschen Weise handelt, ihr erkrankt und ermattet, weil eure Eigenschwingungen, eure Eigenbewegungen und euer bewusstes Wachsein nicht mit der herrschenden Bewegung der Schöpfung Universalbewusstsein Schritt zu halten vermögen; wahrlich frisch, froh und gesund bleiben könnt ihr nur dann, wenn ihr euch dem Rhythmus der schöpferisch-universellen Bewegung einordnet und anpasst.

470) Allein der Begriff ‹Stockung› bedeutet Stagnation resp. Stillstand und lässt das grosse Gesetz der schöpfungsgegebenen Bewegung erahnen, in der das Werden und Vergehen und die Wiederwerdung enthalten sind.

471) Bewegung ist Aufbau und Erhaltung resp. Erschaffen und Erhalten sowie Fortentwicklung, hin bis zu einem bestimmten Ziel.

472) Ihr aber unter euch allen, welche ihr euch in eurem Leben buchstäblich zur Ruhe setzen wollt, ihr habt kein Ziel vor euch und setzt euch selbst das Ende in eurem Wollen, wodurch ihr euch dem Schöpfungsschwingen resp. der schöpfungsbedingten Bewegung entzieht und keiner Bewusstseinsevolution mehr fähig seid, und das, obwohl die Evolution des Bewusstseins kein Ende hat; ihr aber würgt die natürliche Bewegung dieser Evolution jedoch ab und missachtet die andauernde Entwicklung, die als Bewegung im Gesetz der Schöpfungsidee gegeben ist, was ihr aber nicht ohne Schaden tun könnt, weil das Missachten zur Stagnation führt, die euch mit brüllender Wahrheitsunwissenheit schlägt.

473) Und als Gleichnis dessen, dass jene unter euch ein Leben in wahrer Freude und im Wohlsein führen, welche nach der Wahrheit und den schöpferischen Gesetzen und Geboten leben, sei folgendes gesagt: Ihr unter euch allen, welche ihr euch dauernd hart um euren irdischen Unterhalt mit eurer Hände Arbeit mühen müsst, ihr seid in der Regel gesünder und werdet älter als jene unter euch allen, welche ihr von Jugend auf päppelnd behütet und gepflegt werdet in sorgfältiger Art; und ihr unter euch allen, welche ihr im Wohlstand aufgewachsen seid und ihr mit allen möglichen Mitteln für euren Körper, eure Psyche und Nerven alles tut, um ohne Aufregung und Anstrengung behaglich zu leben, ihr seid es, welche ihr schneller äusseren Zeichen des nahenden Alters ausgesetzt seid als jene, welche nicht mit irdischen Gütern versehen sind und ihr Dasein im Schweisse ihres Angesichts erfüllen müssen.

474) Ihr unter euch, welche ihr ein arbeitsreiches Leben führt, bei dem keine unnötige Übertreibung ist und keine rasende Sucht nach dem Anhäufen materieller Schätze besteht, wie auch nicht ein Sichhervorheben, ihr habt ein gutes Leben; ihr aber unter euch, welche ihr euch zum Sklaven solcher Sucht macht, ihr leidet unter steter Aufregung und wirkt dadurch völlig disharmonisch in der schöpferischen Bewegung resp. Schwingung; also gilt auch hier ein goldener Mittelweg für jeden von euch, so ihr in der Schwingung der Schöpfung auf Erden richtig und für euch selbst zufrieden und wohlwollend leben könnt; und bedenkt dabei, was ihr tut, das sollt ihr ganz und umfänglich tun und nichts zum Wünschen übriglassen, denn das grösste Unheil gegen eine harmonische Erfüllung des Lebens ist eine Einseitigkeit.

475) Bedenkt, ein arbeitsreiches Leben ohne das Ziel der Bewusstseinsevolution nützt euch nichts, denn wohl schwingt euer irdischer Körper in der Schöpfungsbewegung mit, doch euer Bewusstsein liegt brach, steht still und stagniert in bezug auf die Evolution.

476) Bewegt sich aber euer Bewusstsein nicht evolutionierend fort, und zwar im Gleichmass mit den Schöpfungsschwingungen resp. mit der schöpfungsbedingten Bewegung, die alles durchpulst, dann erfolgt durch die Arbeit kein Erhalten und kein Stählen eures Körpers, sondern er altert schnell, wird zermürbt und verbraucht; denn die Wahrheit ist die, dass euer materieller Körper im Gleichmass mit eurer Bewusstseinsevolution stehen muss.

477) Fehlt eurem materiellen Körper die Energie und Kraft eures Bewusstseins, weil dieses stagniert, dann hemmt dieser Stillstand das Aufblühen und Gesundhalten des Körpers, weil dieser ohne die Bewusstseinsevolution sich in seinen eigenen Schwingungen resp. Bewegungen verzehrt, welkt und zerfällt; also kann er sich nicht mehr erneuern, weil ihm die Kraftquelle fehlt, die Bewegungen resp. Schwingungen der Evolution des Bewusstseins; also ist es nutzlos, wenn ihr euch nur körperlich bewegt, jedoch die Evolutionsbewegung eures Bewusstseins ausser acht lasst.

478) Es ist nutzlos, wenn ihr keine Arbeit und kein Bemühen in bezug auf eure Bewusstseinsevolution leistet, und zwar auch dann, wenn ihr regelmässig zur Bewegung eures Körpers entsprechende Fitnesstrainings macht, Spaziergänge und alles sonst Mögliche unternehmt, um euren Körper zu erhalten, denn wahrlich altert er trotzdem schnell und verfällt, wenn er nicht in der gleichen Schwingung resp. Bewegung mit dem evolutionierenden Bewusstsein lebt.

479) Die Bewusstseinsbewegung resp. Bewusstseinsschwingung wird bestimmt durch die bewusste Bemühung des Lernens und der daraus resultierenden Entwicklung resp. Evolution, die durch das Erreichen eines aus bestimmten Faktoren bestehenden Zieles erreicht wird und das Bewusstsein bewegt, weil Energie und Kraft sich auf den Körper und wiederum dessen Energie und Kraft sowie Ausdauer überträgt.

480) Das Ziel des Bewusstseins ist jedoch nicht im Materiellen zu suchen, sondern in dessen Evolution, an der auch die Geistform evolutiven Nutzen gewinnt, der sich in die Schöpfung Universalbewusstsein hineinträgt und wiederum ihrer Evolution dienlich ist; das aber ist ein Ziel der Bewusstseinsevolution, das weit über allem Irdischen steht und weit über euer Erdendasein hinausgetragen wird.

481) Das Ziel eures Bewusstseins, die Evolution, muss in euch leben, in euch lebendig sein, denn sonst hat es nichts mit eurem Bewusstsein gemeinsam.

482) Die Wahrheit ist aber, dass ihr Erdenmenschen von heute nicht mehr wisst, was euer Bewusstsein eigentlich ist, weil ihr durch die falschen Lehren eurer falschen Propheten, Religionen, Ideologien und Philosophien den Geist resp. die Geistform dafür eingesetzt habt, von der ihr irrtümlich und fälschlich wähnt, dass sie für eure Ideen, Gedanken, Gefühle und für euer Wirken, Handeln und Tun verantwortlich sei; das jedoch entspricht nicht der Wahrheit, denn dafür ist nicht euer Geist resp. nicht eure Geistform zuständig, sondern euer Bewusstsein, wofür und für dessen gesamtes Wirken und den daraus resultierenden Verstand und die Vernunft ihr selbst die volle Verantwortung tragt.

483) Wahrlich, euer Geist resp. eure Geistform ist nicht identisch mit eurem Bewusstsein und ist nicht irdischer, materieller Art, sondern von reiner schöpferisch-geistiger Natur und für euch unberührbar; nichtsdestoweniger jedoch wähnt ihr irrig, dass euer bewusstseinsgegebener Verstand und eure Vernunft geistiger Natur sei, womit ihr euch an eine althergebrachte Irrlehre religiöser, ideologischer und philosophischer Art klammert, die eurem Verstand und eurer Vernunft den Rest gibt und einen Sturz ins Unverständnis und Wahrheitsunwissen herbeiführt, an den ihr euch klammert und die wahrliche Wahrheit nicht wahrnehmen und nicht erkennen könnt.

484) Euer irdisches Dasein bedingt die Erfüllung des Lebenssinns, der darin besteht, dass ihr eure Bewusstseinsevolution auf den höchstmöglichen Stand von Liebe, Wissen und Weisheit bringt; das ist der Sinn des Lebens und das Ziel, in das alle fördernden Werte der Bewusstseinsentwicklung eingebracht werden müssen zum Zweck dessen, dass dadurch auch euer Geist resp. eure Geistform diese hohen Werte übernehmen kann, um sie letztlich in die Schöpfung Universalbewusstsein einzubringen, wodurch sie sich ebenfalls evolutioniert; doch seid euch dabei bewusst, dass alle Liebe, alles Wissen und alle Weisheit, die ihr euch erschafft und die in euren Geist resp. in die Geistform übergehen, stets ebenso nur relativ vollkommen sind, wie es auch die Liebe, das Wissen und die Weisheit der Schöpfung Universalbewusstsein sind; wahrlich gibt es nichts absolut, sondern nur relativ Vollkommenes, denn alles schwingt in dauernder Bewegung und entwickelt sich immer weiter und höher, so auch ihr mit eurem Bewusstsein, eurem Geist resp. eurer Geistform in ihrer geistig-schöpferischen Energie und Kraft und die Schöpfung Universalbewusstsein in ihrem geist-energetischen SEIN; das ist die Wahrheit, die ihr erkennen, kennen und wissen müsst, denn diese Wahrheit ist ein Ewigkeitswert, ein Allzeitwert und also nichts Vorübergehendes.

485) Und so ihr wirken wollt, und wie ihr auch immer wirken wollt, wonach ihr strebt und worum ihr euch bemüht, so fragt euch immer zuerst, ob das Ganze der effectiven relativen Wahrheit entspricht, denn auch diese ist nicht vollkommen, sondern stets nur relativ gegeben, und zwar darum, weil die eine Wahrheit die nächstfolgende Wahrheit nach sich zieht; denn wahrlich ist auch die Wahrheit in schwingender Bewegung, folgedem sie sich stetig erweitert, wenn neues

Wissen und neue Weisheit dazukommen; also ist auch die wahrliche Wahrheit aller Wahrheit nicht absolut, sondern nur relativ vollkommen, wobei sie für euch Menschen jedoch den höchsten Wert der momentan ergründbaren und erreichbaren Wahrheit bildet, die jedoch durch das Lernen mit weiterem Wissen und weiterer Weisheit wiederum zu einem neuen relativen Wahrheitshöchststand erarbeitet werden kann.

486) Wahrlich, auch die wahrliche Wahrheit aller Wahrheit ist in steter schwingender Bewegung, weil ein erweitertes Wissen und eine erweiterte Weisheit zu neuen Wahrheitserkenntnissen führt, die je in ihrem relativen höchsten Stand die wahrliche Wahrheit aller Wahrheit bilden; also erweitert sich die wahrliche Wahrheit aller Wahrheit immer weiter, und zwar ganz gemäss der sich weiterbildenden Evolution, die auch immer ihren höchsten relativen Stand erreicht, der durch neu hinzukommendes Wissen und daraus resultierende Weisheit wiederum einen neuen relativen Höchststand gewinnt; die Evolution von Liebe, Wissen und Weisheit sowie die wahrliche Wahrheit aller Wahrheit nehmen also niemals ein Ende, sondern bilden sich immer weiter und höher bis in alle Dauer der Unendlichkeit.

487) Wenn ihr also bewusst wirken wollt, wonach ihr auch immer strebt und euch bemüht, dann fragt euch nach dem wahrlichen relativen Wert und der relativen wahrlichen Wahrheit aller Wahrheit, die sich aus dem Ganzen ergibt, auf dass ihr alles wirklich in richtiger Weise findet und wisst, dass jede wahrliche Wahrheit aller Wahrheit, wie aber auch jeder Wert des Wissens und der Weisheit, stets nur eine Ebene ist, die zur nächsthöheren Ebene führt, weil sich durch schwingende Bewegung alles fortentwickelt und in aller Unendlichkeit der endlosen Dauer niemals ein Ende findet; und all das ist nicht allzu schwer zu verstehen, wenn ihr euch nur bewusst und willentlich um das Verstehen bemüht.

488) Verlasst euch nicht auf die falschen Lehren der Religionen, Ideologien und Philosophien und nicht auf das nutzlose Streben nach Scheinerkenntnissen derselben Art, wie diese euch unterbreitet werden, denn wahrlich sind sie euch ein Hemmnis zum Aufstieg zu eurer Bewusstseinsevolution, weil sie die Wahrheitsergründung in euch verhindern und die Bewegung zum Stillstand bringen, wodurch jeder Fortschritt und jede Entwicklung verhindert und nicht zum Erfolg geführt werden können.

489) Auch bezüglich eurer Wissenschaften sollt ihr Bedacht üben, denn durch diese könnt ihr eure Schwingen der Bewegungen nicht entfalten, sondern sie werden euch durch sie jämmerlich gestutzt und zerstört, weil sie falschen Erkenntnissen nachrennen und die wahrliche Wahrheit der Schöpfung Universalbewusstsein und ihre Gesetze und Gebote sowie deren Wirkungen nicht wahrnehmen und nicht erkennen, sondern alles nur durch ihre wissenschaftlich-physikalischen Erkenntnisse zu erklären versuchen, die sich auf die reinen materiellen Faktoren beziehen und alles Feinstoffliche und Geistenergetische nicht beachten, nicht verstehen und folglich auch nicht erklären können.

490) Wahrlich, nicht in den materiellen Wissenschaften allein liegt die ganze Wahrheit aller Wahrheit, sondern grundlegend und in erster Linie im Geistigenergetischen, das erschaffen ist durch die Schöpfung Universalbewusstsein; und die Wahrheit aller Wahrheit liegt nicht in komplizierten physikalischen, religiösen, ideologischen, politischen und philosophischen Formeln, sondern in der Einfachheit aller Dinge, wie sie gegeben sind durch die schöpferischen Gesetze und Gebote; und also liegt die wahrliche Einfachheit auch in den Gedanken und Gefühlen und im wahrheitlich schöpfungsgerechten Wirken von euch Menschen, wie auch die Grösse in euch selbst liegt, durch die ihr die Macht eurer Verantwortung entfaltet und diese hineinlegt in die Befolgung der Gesetze und Gebote der Schöpfung Universalbewusstsein, denen ihr bewusst und in Liebe zustreben sollt; doch ihr Erdenmenschheit, ihr habt euch von der schöpferischen Wahrheit ab- und euren Religionen, Ideologien, Philosophien und euren materiellen Wissenschaften zugewandt und glaubt euch gross in eurem reinen materiellen Verstandes- und Vernunftwissen.

491) Wahrlich, ihr habt euch an eure materiellen Wissenschaften und an euren Glauben an Götter, Götzen und veridolisierte Menschen gebunden und euch selbst gegen die wahrliche Wahrheit der Existenz der Schöpfung und ihre Gesetze und Gebote verbaut.

492) Denkt darüber nach, was es euch nützt, wenn ihr die Zeit eures Erdenlebens mit dem Versuch des Erfahrenwollens vertrödelt, wann und wie das winzige Geschöpf Laus entstanden ist und wie lange es sie noch geben wird, wenn ihr dabei völlig vergesst, die schöpferischen Gesetze und Gebote zu erforschen und nach ihnen und nach der Wahrheit zu leben, die in ihnen gegeben ist; wahrlich nützt euch all euer materielles Suchen und Forschen nichts, wenn ihr das Schöpferisch-Geistige und damit die höchstmögliche Wahrheit aller Wahrheit ausser acht lasst.
493) Wahrlich, ihr müsst ernstlich und gründlich ein Ding nach dem andern prüfen, welchen Wert es euch als Vorzüglichkeit bringt.
494) Und prüft ihr alles sehr genau, dann erkennt ihr plötzlich, dass alles darin heute nicht nach den schöpferischen Gesetzen und Geboten Stattfindende wie ein nutzloses Kartenhaus zusammenbricht und euch aufzeigt, dass euer euch zur Bewusstseinsevolution geschenktes Erdendasein wahrhaftig viel zu kostbar ist, um es in bezug auf die Evolution, das Lernen der Wahrheit, das Erschaffen der Liebe, des Wissens und der Weisheit auch nur eine einzige Minute ungenutzt zu lassen.
495) Frönt nicht eurer Eitelkeit und Spielerei, denn diese haben nichts in sich, wodurch ihr euch evolutiv und zur effectiven Wahrheit emporzuheben vermöchtet, denn Eitelkeit und Spielerei sind nur leer und tot in sich.
496) Seid nicht grössenwahnsinnig und wähnt nicht, dass ihr euch selbst zur Schöpfung Universalbewusstsein hochheben könntet, denn auch wenn ihr sehr wissend und weise werdet und das Leben manipulieren und durch Gentechnik verändern könnt, so seid ihr doch nur Schöpfungen resp. Geschöpfe der Schöpfung Universalbewusstsein und werdet als materielle Menschen nie darüber hinauskommen.
497) Wahrlich, in der Schöpfung Universalbewusstsein, in der ihr als ihre Schöpfungen lebt, sollt ihr in Erfüllung ihrer Gesetze und Gebote Taten und ein Wirken der Evolution eures Bewusstseins vollbringen; daher sollt ihr aus eurem Wahn der Selbstüberheblichkeit heraustreten und eure Pflicht erfüllen.
498) Wenn ihr euch betrachtet, dann seid ihr nur wie tönendes Erz mit eurem falschen Wissen im Unwissen der effectiven schöpferischen Wahrheit aller Wahrheit, während euer wirkliches Dasein ein Lebendigsein und ein Fördern eurer Evolutionsaufgabe sein sollte.
499) Und wenn ihr euch des Lebens erfreut und dankbar eure Sinne darauf und auf die Wahrheit richtet, dann steht ihr höher als jene, welche wissend ihr Dasein zergliedern und gleichgültig einhergehen, ohne die Grösse der Schöpfung zu erkennen.
500) Schaut um euch, ihr Erdenmenschen, denn es kommt darauf an, wie ihr das Leben, eure eigene Beschäftigung und eure Mitmenschen seht und was sie für euch in Wirklichkeit bedeuten und welchen Wert sie für euch haben.
501) Und wenn ihr euer Leben, eure Beschäftigung, eure Mitmenschen, die Natur und ihre Lebensformen sowie die ganze Welt betrachtet, dann findet ihr nur wenig, was eines wahren Menschentums wirklich würdig ist, denn ihr habt alles zerstört – eure Ehre und Würde, euer wahrliches Menschsein, euer Leben nach den schöpferischen Gesetzen und Geboten, eure Wälder, Wiesen, Auen, Fluren, eure Bäche, Flüsse, Ströme, Seen und Meere sowie euer Klima, wie ihr auch viele Tiere, Vögel, Fische und allerlei Getier ausgerottet habt und es weiterhin tut durch euren Unverstand und die Unvernunft durch euer weiteres Heranzüchten der alles zerstörenden Überbevölkerung.
502) Wahrlich, ihr seid wie unbrauchbare Knechte in einem paradiesischen Garten, in dem ihr alles zerstört und vernichtet, anstatt dass ihr es pflegt, aufbaut und zum Blühen und Tragen von guten Früchten bringt.
503) Ihr vergeudet eure Lebenszeit mit Eitelkeit, Egoismus, Hass, Eifersucht, Unfrieden, Unfreiheit und Disharmonie, mit Streit, Krieg, Lug und Betrug sowie mit Mord, Totschlag, Folter, Strafe, Zerstörung und Vernichtung, wie aber auch mit sinnlosen Spielereien, wobei ihr euer hohes Können, das als schöpferische Gabe in euch ruht, mit billigem Tand behängt, mit falschen Wünschen, Hoffnungen und Begierden aller Art.

504) Erwacht, ihr Erdenmenschen, auf dass ihr euch eine würdige Bewusstseinsevolution schaffen könnt und nicht wie bisher in bezug auf euer Wahrheitswissen bettelarm durchs Leben geht; schafft euch durch das Finden und Befolgen der Wahrheit aller Wahrheit einen unerschöpflichen Schatz auf eurer Erdenlaufbahn, so ihr in euch selbst wie König und Kaiser seid, die ihr mit dem Zepter der wahren Liebe, des Wissens und der Weisheit euer Dasein regiert.

505) Bleibt nicht weiterhin in eurem Wahrheitswissen bettelarm und denkt nicht, dass euch das materielle Wissen allein genügt, um die Evolution eures Bewusstseins zu fördern, denn wenn ihr so denkt, dann seid ihr des Lebens unwürdig und König und Kaiser eurer eigenen inneren Finsternis des Unwissens, so ihr kindisch ein Zepter der Tändelei und Einbildung führt und euch eine Krone der Arroganz und Eitelkeit aufsetzt und damit eure Dummheit beweist.

506) Was ihr notwendig zu erforschen habt, ist in erster Linie nur all das, was ihr zur Erkennung der Wahrheit in euch selbst und zum evolutiven Aufstieg eures Bewusstseins benötigt, wobei ihr der Bewegung des Lernens bedürft, das zur Förderung eurer Wahrheitsfindung und Bewusstseinsevolution von wichtigster Bedeutung ist.

507) Bei allem, was ihr angeht, arbeitet und unternehmt, müsst ihr euch fragen, welchen Vorteil und Wert das Ganze für euch selbst sowie für eure Mitmenschen bringt.

508) Und notwendig ist es, dass ihr euer Ziel erkennt, voll und ganz zu ihm steht, damit ihr begreift, dass ihr dieses in eurem Leben einzunehmen und zu erfüllen habt.

509) Wahrlich, wenn ihr auf eurer Welt eine grosse Tat vollbringt, dann werdet ihr dafür geehrt, vorausgesetzt, dass ihr nicht darum beneidet werdet; ein solcher Ruhm verbleibt euch in der Regel bis zu eurem irdischen Ende und gar oft darüber hinaus über Jahrzehnte, Jahrhunderte und gar Jahrtausende; das jedoch ist reines Menschenwerk der Erinnerung und oft gar der Verherrlichung, und zwar nicht selten in bezug auf ein falsches Verstehen dessen, dass Menschen und ihre Taten und ihr Wirken nicht verherrlicht werden, sondern nur in ehrsamer Erinnerung behalten und in Würde bedacht werden sollen, wodurch keine Verherrlichung und kein Personen- und kein Menschenkult betrieben werden soll.

510) Eine Verherrlichung von Menschen, Göttern und Götzen ist ebenso abartig wie eine Verherrlichung der Schöpfung Universalbewusstsein, die wohl in ihrem ganzen SEIN eine Herrlichkeit darstellt, doch deswegen nicht verherrlicht werden soll; der Begriff Herrlichkeit für die Schöpfung Universalbewusstsein bedeutet nicht Verherrlichung, sondern Anmut, Schönheit, wahre Liebe, Gerechtigkeit und Anziehung, wozu gegensätzlich die Verherrlichung Anbetung, Dienerei, Demut, Bejubelung und Lobhudelei bedeutet.

511) Verherrlichung ist die Frucht eurer falschen Menschenanschauung, eurer falschen Beurteilung und irrigen Einschätzung der Wirklichkeit, die ihr zum Brauch gemacht habt und auf alles und jedes übertragt, das ihr höher einschätzt als euch selbst.

512) Eure kreisende Bewegung ist äusserst schwerfällig, weshalb sich auch die Wechselwirkungen nur langsam und nicht mit Leichtigkeit auslösen, so sich diese in der Regel erst nach und nach einstellen und euch die Ursachen nicht mehr erkennen lassen, die zur Wechselwirkung führen, an denen ihr sehr oft zu leiden habt, weil sie negativer, schlechter und böser Natur sind.

513) Die Wechselwirkungen, die aus euren Bewegungen eurer Gedanken und Gefühle sowie aus euren Taten, Handlungen und aus eurem gesamten Wirken entstehen, sind stets nach deren Gesichtspunkten gemessen; so manche Gedanken, Gefühle, Taten, Handlungen und manches Wirken lasst ihr durch eure Menschenanschauung gross erscheinen, obwohl sie wahrheitlich nichtig und wertlos sind, während ihr aber so manches andere nicht in seiner guten und grossen Vortrefflichkeit bewertet, welches wahrhaftige Grösse in sich birgt.

514) Je höher ihr die bewusstseinsmässige Evolution voranbringt, desto leichter und klarer wird euer Verstehen und desto schneller euer Lohn des Wissens und der Weisheit, denn euer menschliches Bewusstsein steigt in seiner Evolution immer schneller aufwärts, wenn ihr dazu bewusst ein gutes Wollen habt; und ist euch dieses gute Wollen gegeben, dann reisst euch schon eine einzige kleine und wirklich gute Tat in dem Augenblick hoch in höchste innere Höhen der Freude, des Friedens, der Freiheit und Harmonie; und daran könnt ihr zehren in Erinnerung, woraus sich

ergibt, dass ihr immer höher hinaufsteigt und euch neues Wissen und neue Weisheit erwerbt, zusammen mit eurer in euch wachsenden wahren Liebe zu euch selbst, zu euren Mitmenschen, zum Leben, zur Schöpfung Universalbewusstsein und zu all ihren Geschöpfen, Gesetzen und Geboten und zu allem Existenten jeder Form.

515) Und kommt ihr in diesen Zustand, dann könnt ihr nicht in Stagnation verbleiben, weil ihr euch bewusst willentlich unaufhörlich bemüht, der Bewegung der Bewusstseinsevolution Folge zu leisten, um in dieser stetig höher zu steigen; haltet ihr jedoch in eurem Reifen des Bewusstseins inne, dann beginnt die Reife zu faulen, weil ihr keine neue Energie und Kraft zugeführt, sondern diese wieder aufgebraucht und dadurch ein Zerfallsprozess ausgelöst wird.

516) Wenn ihr Erdenmenschen euch im wahren Grund eurer Existenz seht, dann seid ihr gleich einer Frucht der Schöpfung Universalbewusstsein, die ihr euch selbst in eurer Bewusstseinsevolution zum Reifen bringen müsst, gleichermassen wie eine Frucht an einem Baum, der für sie die schöpferische Existenz ist, wobei sich die Frucht aber selbst zur Reife bringen muss.

517) Bedenkt jedoch, dass ihr als Frucht der Schöpfung Universalbewusstsein nicht sie selbst seid, sondern stets ihre Frucht bleibt, die ihr aber die Fähigkeit in euch tragt, euch selbst zum Reifen eurer Bewusstseinsevolution zu entwickeln, um damit euren winzigen Schöpfungsteil Geist in euch und dieser wiederum die Schöpfung selbst zu bereichern, doch die Schöpfung selbst seid ihr trotzdem nicht.

518) Eure Bewusstseinsevolution ist der Sinn eures Daseins, und dieser ist dem selbsttätigen Drang und Lauf der universellen Schöpfungsgesetze eingeordnet, durch die euch die Fähigkeit verliehen ist, in eurem Bewusstsein selbst evolutiv zu wirken, um den Sinn und damit die Mission eures Lebens zu erfüllen.

519) Wahrlich, trotz des selbsttätigen Dranges zur Erfüllung des Lebenssinns, wie er gegeben ist durch die Schöpfungsgesetze, so seid ihr als Menschen doch frei in eurem Willen, Tun, Handeln, Wirken, Bestimmen und Entscheiden, so euch durch die schöpferischen Gesetze also kein Zwang auferlegt ist.

520) In dieser Freiheit eures Willens ist euch nicht nur das Bestimmen und Entscheiden in bezug auf eure Bewusstseinsevolution gegeben, sondern auch die Bewegung eurer Fortpflanzung, die ihr jedoch nur zum Erhalt eurer Gattung und nicht zum übermässigen Bevölkerungswachstum nutzen sollt, denn es ist auch eure Aufgabe, eure Erde und deren Natur und Klima sowie alles Getier zu schützen, zu erhalten und zu fördern, nicht jedoch sie zu zerstören, wie ihr das tut durch das ungezieferartige Heranzüchten eurer Menschheit.

521) Wahrlich, ihr habt als Erdenmenschen eine sehr grosse Aufgabe in bezug auf eure Bewusstseinsevolution und auf eure Welt und deren Natur, Klima und des Getiers zu erfüllen; und wisst dabei: Nichts ist in der Schöpfung Universalbewusstsein, das ohne Bewegung einer Aufgabe und nicht den schöpfungsgegebenen Gesetzen und Geboten eingeordnet wäre, so selbst in der Verwesung Bewegung, Förderung und Nutzen ist, weil dadurch, durch das Vergehen, wiederum Neues entsteht.

522) Seid also achtsam in allen Dingen und seid euch bewusst, dass wenn ihr einmal in eurer Bewusstseinsevolution hochgestiegen seid, dass ihr euch auch in der erlangten Höhe haltet; ihr dürft dabei nicht ausruhen und keine Gedanken und Gefühle dessen aufkommen lassen, dass ihr für einige Zeit genug getan hättet, sondern ihr müsst euch stetig weiter regen, wie der rüttelnde Falke in der Luft, der sich so vor dem Absturz bewahrt und zugleich nach neuer Nahrung ausschaut.

523) Wahrlich, in allem ruhen einfache schöpferische Gesetze und Gebote, im Feinstofflichen und feinststofflich Geistigen wie im gröbsten Materiellen, und zwar ohne dass diese Gesetze und Gebote verändert oder gebogen werden können; sie wirken und müssen beachtet sein, und zwar sowohl im Lichten des Fein- und Feinststofflichen leichter und schneller, im Trägen und Grobstofflichen jedoch entsprechend langsamer, jedoch auf alle Fälle in dauernder Bewegung, und zwar ganz gewiss.

524) In den Wirkungen und Auswirkungen der schöpferischen Gesetze und Gebote selbst ist eine derartige Einfachheit gegeben, dass es keiner speziellen Schulung bedarf, um sie zu finden, richtig

zu erkennen und zu begreifen, denn allein ein gesunder Verstand und eine klare Vernunft genügen dazu.

525) Jeder von euch Erdenmenschen hat eine schöpfungsgegebene Fähigkeit dazu, wenn ihr sie nur bewusst in Bewegung setzen und sie wahrnehmen und nutzen wollt; und wahrlich ist jede Wahrnehmung sehr leicht, wenn ihr bewusst, achtsam und aufmerksam beobachtet, denn schwer macht ihr sie euch nur durch euren Wissensdünkel resp. durch eure eingebildete Wissensüberlegenheit, wodurch ihr für das Einfachste gerne grossspurig akademische und abstrakte Begriffe und Worte prägt, um damit vor euren Mitmenschen zu scheinen, zu brillieren und zu prahlen und nicht merkt, dass ihr euch dadurch lächerlich und zu Narren macht, euch blamiert und dadurch eure effective Dummheit und euren Unverstand offenbart; nicht kommt euch in den Sinn, die Einfachheit einer Sache mit einfachen Worten so einfach darzulegen, wie diese ist, und dass alle Mitmenschen – auch die akademisch nicht Hochgebildeten – alles genau verstehen; und wahrlich, das ist Grössenwahn, durch den ihr in der Sache der Wahrheit aller Wahrheit wie in klarem Wasser plump herumpatscht und dabei durch eure Wichtigtuerei nicht bemerkt, wie ihr Schmutz und Unrat in alles hineintrampelt und das ursprünglich Saubere dadurch zu einer trüben Brühe macht, aus der nichts Klares mehr erkennbar ist.

526) Viele unter euch Erdenmenschen lebt ihr in einer völlig falschen Gelehrsamkeit und versäumt dadurch, in der Schöpfung Universalbewusstsein sowie in ihren Gesetzen, Geboten, Geschöpfen und in allem Existenten als mitschwingende und richtig handelnde Wesenheit euren euch zugeordneten Platz auszufüllen.

527) Die schöpferischen Gesetze und Gebote sind derart geformt, dass ihr ihnen nachleben und durch deren Befolgung zur Besinnung kommen sollt, auf dass ihr eure Aufgabe in bezug auf eure Bewusstseinsevolution erfüllt und dadurch eurem Geist und durch diesen der Schöpfung selbst Bereicherung gebt; tut ihr es aber nicht, dann werdet ihr zur faulenden Frucht, vermodert und zerfallt.

528) Durch die Wirkungen der schöpferischen Gesetze und Gebote erweist sich stets, was ihr in eurem Dasein richtig bewegt oder was ihr falsch handelt, denn je gemäss dem, wie ihr handelt, ergeben sich die Wirkungen.

529) Ihr unter euch Erdenmenschen, welche ihr euch mit Dingen abmüht, durch die kein Aufstieg durch Evolution des Bewusstseins erfolgen kann, ihr vergeudet eure Zeit, Energie und Kraft, denn ihr weicht ab von der Bewegung der schöpferischen Schwingungen, durch die euch die gesunde und notwendige Harmonie gegeben wird, und zwar weil ihr euch selbst stört in dieser Harmonie.

530) Lernt daher in Wahrnehmung die Bewegung der Einfachheit der schöpferischen Gesetze und Gebote zu erkennen und diese in ihrer ganzen Grösse zu schätzen und zu nutzen; handelt ihr aber nicht in dieser Weise, dann zerschlagt ihr euer eigenes Wirken in bezug auf eure Evolution und das Finden der effectiv wahrlichen Wahrheit aller Wahrheit, weil ihr euch auf dem Weg der Entwicklung selbst im Wege steht und ihr euch selbst als schädigendes Hemmnis fortschwemmt.

531) Lernt, dass die Bewegung in allen Dingen der wichtigste Faktor jeder Entwicklung ist, was in der Schöpfung Universalbewusstsein gegeben ist, denn sie selbst ist als Bewegung einer Idee der Urschöpfung aus sich selbst heraus als allzeitlich sich regende Bewegung entstanden, wird in dieser erhalten und ständig erneuert.

532) Und so, wie der Fortgang der Bewegung in der Schöpfung selbst ist, so muss der Fortgang der Bewegung auch in euch selbst sowie auch in eurer Welt sein, wofür ihr ständig besorgt sein müsst.

533) Ihr Erdenmenschen, die ihr in den seit Urbeginn gegebenen Gesetzen und Geboten der Schöpfung schwingt, ihr sollt nicht eure Zeit damit vertrödeln, in falschem Verstandes- und Vernunftgrübeln dahinzugehen und nicht die durch die schöpferische Energie und Kraft gegebene Bewegung der Entwicklung zerstören, durch die ihr zusammen mit der Wahrheitsfindung und deren Befolgung eure Bewusstseinsevolution fördert.

534) Es ist von Dringlichkeit, dass ihr endlich alle erdenklichen schöpferischen Gesetze und Gebote ergründet, sie kennenlernt und ihr euch danach richtet, denn wenn ihr euer Erdenwirken nicht dazu nutzt, die Wahrheit aller Wahrheit zu ergründen, zu finden und zu befolgen und damit ein

hohes bewusstseinsmässiges Evolutionsziel erreicht, dann könnt ihr im Leben nicht wahrlich bestehen, denn zwangsläufig muss es zerfallen und Schaden bringen gemäss den Wirkungen der Gesetze und Gebote der Schöpfung, so die wahre Liebe, der Frieden, die Freiheit und Harmonie sowie die Freude und das Glück in euch zerstäubt wie ein getretener, überreifer und giftiger Staubpilz, der wild seine Sporen verbreitet und damit die Umgebung infiltriert; ganz sachlich und einfach ist dieses Geschehen, doch für euch Erdenmenschen ist die Wirkung von ungeheurer Furchtbarkeit, denn wie der giftige Staubpilz seine Giftsporen verbreitet, so schafft ihr in euch und unter eurer ganzen Menschheit durch eure Wahrheitsfremdheit und euer Wahrheitsunwissen und durch die Nichtbefolgung der schöpfungsgegebenen Gesetze und Gebote Hass, Verbrechen, Folter, Mord und Totschlag, Terror, Unfreiheit, Unfrieden und Disharmonie sowie Kriege, Streit, Eifersucht und eine verbrecherische Überbevölkerung, durch die ihr das Klima und die Natur eurer Welt zerstört und alles Böse aller erdenklichen Ausartungen hervorruft.

535) Wahrlich, euch Erdenmenschen bleibt nur eines zu tun, nämlich die schöpferischen Gesetze und Gebote zu ergründen und euch unbedingt nach ihnen zu richten; und findet und erkennt ihr die Wahrheit aller Wahrheit und damit auch die Wirkungen der schöpfungsgegebenen Gesetze und Gebote, dann befolgt sie, und erreicht ihr dadurch eine gewisse bewusstseinsmässig evolutive Höhe, dann verpflichtet euch, euch an sie zu halten durch ein andauerndes Bemühen, denn sonst geht es schnell wieder abwärts mit euch.

536) Bedenkt, ein jeder von euch muss seine Stufe wieder rückwärts verlassen, auf der er sich nicht halten kann, weil jeder nur das sein kann, was und wer er wirklich ist, während das, was er vorher war, nicht von Bedeutung ist, weil es durch die Bewegung der Zeit in die Vergangenheit geflossen ist.

537) Das, was gewesen ist, ist vergangen und für alle Zukunft nicht wieder herrufbar, denn es ist eine vergangene Änderung und ist nicht mehr existent.

538) Allein das, was ist, hat Gültigkeit und Wert, wie auch das, was aus dem entsteht, was ist, und das gilt in alle Ewigkeit und Allgrosszeit.

539) Darum, ihr Erdenmenschen, bildet euch in jeder Art und Weise so, und zwar in eurer Gegenwart und in eurer Zukunft, stets durch euer wirkliches schöpferisches Wesen, das euch gegeben ist, auf dass ihr eure selbsterschaffene Wesensform Individualität nach dem schöpferischen Vorbild zur Geltung bringt.

540) Wahrlich, ohne dauernde Bewegung in jeder Hinsicht des Guten und Positiven gibt es für euch keinen Halt im Dasein; und wahrlich könnt ihr euch nicht im Glanze eurer Ahnen sonnen, denn statt Glanz war auch bei ihnen Blindheit wie bei euch, folglich ihr alles erst zum Glänzen bringen und es aufpolieren müsst; dabei steht ein jeder von euch für sich selbst, denn die Frau kann nichts für ihren Mann tun, und er nichts für sie, also können auch die Kinder nichts für ihre Eltern und diese nichts für ihre Kinder tun, wie auch sonst kein Mitmensch etwas für den andern tun kann, weil jeder von euch alles in sich und für sich allein tun muss, weil ein jeder von euch seine Gegenwart nur für sich allein hat; und dass ihr darüber und über euch selbst in Grübelei verfallt, bringt euch keinen Nutzen, denn ihr müsst nur erkennen, dass alles in dieser Weise in den Wirkungen der schöpferischen Gesetze und Gebote verankert ist, was der Gerechtigkeit der Schöpfung Universalbewusstsein entspricht, auf dass ein jeder von euch und jede Lebensform überhaupt die genau gleichen Rechte und die eigene Verantwortung zu tragen hat, wie jeder andere auch; also sollt ihr darüber nicht in unsinniges Grübeln verfallen, sondern jeder von euch soll sich der unabänderlichen Wahrheit zuwenden, wie sie vorgegeben ist durch die Schöpfung und ihre Gesetze und Gebote.

541) Bedenkt, wenn ihr eure Erdentage mit Grübeln über euch selbst verbringt, dann könnt ihr niemals in der Evolution eures Bewusstseins aufwärts steigen, weil ihr durch das unsinnige Grübeln gehemmt seid.

542) Wähnt nicht, dass ein Grübeln über euch und ein reines Beobachten von euch selbst etwas ganz Besonderes, Grosses und Wertvolles sei, denn das ist es mitnichten und bringt euch nicht voran in eurer Bewusstseinsevolution.

543) Wahrlich, ihr habt für euer Grübeln über euch selbst viele Begriffe und Worte, doch alle verhüllen sie den eigentlichen Sinn der Sache, nämlich euch selbst in allen euren Gedanken, Gefühlen, Leidenschaften, Gewohnheiten, Fähigkeiten und Möglichkeiten usw. kennenzulernen, um dadurch auf den eigentlichen Kern der Sache zu stossen, der darin gegeben ist, dass ihr alle Wahrnehmungen, Erkenntnisse und Kenntnisse sowie das Wissen, die Erfahrungen und dessen Erleben sowie die aus allem resultierende Weisheit dazu benutzt, euch der Wahrheit aller Wahrheit zuzuwenden, der Schöpfung und ihren Gesetzen und Geboten, die es zu erfüllen gilt, wodurch ihr auch wirklich lernt und eure Evolution des Bewusstseins vorantreibt.

544) Ihr seid aber viele unter euch, welche ihr eure Gedanken und Gefühle nicht in evolutiver Art und Weise nutzt, sondern sie in sinnlosem Grübeln verkommen lasst; fälschlich grübelt ihr in Reue herum und in Demut, und ihr sucht durch Grübeln eure Fehler zu entdecken und einen Weg zu finden, um sie zu vermeiden; doch damit kommt ihr nicht weiter, denn das dauernde Grübeln führt zu keinem Erfolg und zu keinem Ziel, denn das Grübeln bleibt ein Grübeln.

545) Was ihr tun müsst, ist nicht ein Grübeln, sondern ein bewusstes Nutzen eurer Gedanken und Gefühle sowie eures Verstandes und eurer Vernunft, durch die ihr den Weg der Wahrheit in euch selbst suchen müsst, der die Wahrheit und das Ziel selbst ist, auf dass ihr durch ihn zur Wahrheit aller Wahrheit findet, die gegeben ist in der Schöpfung Universalbewusstsein sowie in ihren Gesetzen und Geboten; und nur dann, wenn ihr diesen Weg beschreitet und ihr von eurem dauernden Grübeln ablasst, werdet ihr in euch einen Zustand wahrer Liebe, Freude, Frieden, Freiheit und Harmonie erschaffen, denn so ist es vorgegeben durch die Wirkungen der schöpfungsbedingten Gesetze und Gebote.

546) Geht also den richtigen Weg, geht jedoch niemals den falschen Weg des Grübelns, der nicht empor zur Wahrheit und Bewusstseinsevolution führt, sondern hinab ins Dunkel der Wissensunwahrheit, des Nichtwissens und der Verantwortungslosigkeit, denn durch Grübeln bindet ihr euch an etwas, in dem ihr euch im Kreise dreht und niemals ein Ziel findet, weil ihr zwangsweise euren Blick nur auf euch selbst richtet in der Weise, so ihr nur das wahrnehmt, was euch an euch selbst gefällig erscheint und das euch daran hindert, höhere bewusstseinsevolutive Ziele anzustreben und zu erreichen.

547) Im Grübeln werdet ihr griesgrämig und verliert euer Lachen, das gerade in seiner offenen und ehrlichen Freudigkeit und Herzlichkeit der grösste und stärkste Feind der Dunkelheit eurer Gedanken und Gefühle ist.

548) Damit ist also nicht das Lachen in Schadenfreude gemeint, sondern das erlösende Lachen der eigenen Freude und Gewogenheit, wie es entsteht durch die eigene innere Freiheit, des eigenen Friedens und der eigenen Harmonie, weil offene und evolutive Gedanken und Gefühle gegeben sind, die sich mit der wahrlichen Wahrheit und den schöpferischen Gesetzen und Geboten verbinden.

549) Wie offene Gedanken und Gefühle sich durch die Wahrheit evolutiv mit der Wirklichkeit verbinden und in euch Freude, Liebe, Glücklichsein, Harmonie, Frieden, Freiheit und Gewogenheit erschaffen, so drückt euch gegenteilig das Grübeln nieder, hält euch unten und zieht euch immer mehr hinunter in jene Dunkelheit, in der ihr in Trübsal lebt und alle Übel der Ausartungen schafft, wie Hass, Rache, Vergeltung, Streit, Eifersucht, Krieg, Mord, Folter, Verbrechen, Kriminalität, Verderben, Zerstörung und Vernichtung.

550) Wahrlich, wenn ihr andauernd grübelt und nicht eure Gedanken und Gefühle auf die wahrliche Wahrheit und auf euer evolutives Weiterkommen ausrichtet, dann habt ihr auch kein bewusstes Wollen, um die Wahrheit wirklich zu erfahren und zu erleben, weil ihr in eurem Grübeln nämlich nur in Eitelkeit, falschem Ehrgeiz und in eurem Dünkel schwelgt, in eurem Hochmut, in eurer vermeintlichen Überlegenheit und im Eingebildetsein.

551) Wahrlich, wenn ihr euch eurem Grübeln ergebt, dann ist das nicht Sehnsucht nach der Wahrheit über euch selbst sowie in bezug auf die Schöpfung und die Wirkungen ihrer Gesetze und Gebote, sondern es ist eure eigene reine Überhebungssucht, die in euch die Veranlassung zum Grübeln schafft, und zwar immer wieder das Ganze neu entfachend und unkontrolliert fortführend.

552) Eure Grübelei über euch selbst ist reine Selbstquälerei, in der ihr immer und immer wieder rotierend die gleichen Gedanken und Gefühle in euch erschafft und über euch ergehen lasst, während ihr alles mit Eifer, ja gar effectivem Fanatismus beobachtet und das abwechselnde Für und Wider nicht unter Kontrolle zu bringen vermögt.

553) Diese ganzen Vorgänge eurer Grübelei dringen sowohl als Ärger und als Tröstung in eure Psyche ein, wodurch diese in Aufruhr gerät und via das Bewusstsein wiederum falsche Gedanken und Gefühle hervorbringt und fälschlich von euch angenommen wird, dass wieder etwas ‹überwunden› worden sei, was wahrheitlich jedoch nicht stimmt, sondern nur einer Laune einer Selbstbefriedigung entspringt und keinen Schritt Fortkommen oder Entwicklung bedeutet.

554) Das Ganze entspricht also wahrheitlich einer falschen Selbstfeststellung, denn es stellt wirklich nur das fest, was selbst als Einbildung erdacht wird, folglich also eine solche Feststellung nichts anderem entspricht als einer Selbsttäuschung.

555) In Wirklichkeit wird dadurch also nicht ein einziger Schritt des Vorankommens und der Erkenntnis in bezug auf euch selbst und hinsichtlich der Wahrheit aller Wahrheit sowie der schöpferischen Gesetz- und Gebotsmässigkeiten erreicht, sondern nur ein Selbstbetrug; und wahrheitlich wird dieser Fehler von euch immer und immer wieder neu begangen, auch wenn ihr fälschlich wähnt, dass es nicht mehr derselbe sei, weil üblicherweise beim Fehlerbeheben dadurch ein Fortschritt entsteht, indem sich das Fehlerhafte immer und so lange mehr und mehr vermindert, bis er letztendlich behoben ist; den Fehler, den ihr aber begeht in bezug auf die gesamten Zusammenhänge eures Grübelns, ist aber unverändert immer der gleiche und ändert sich nur in seiner Form, wobei er sich aber nicht minimalisiert und nicht abbaut, wenn ihr euch nicht von eurem Grübeln löst und befreit.

556) Beendet ihr also nicht euer Grübeln, dann kommt ihr nie vorwärts, auch wenn ihr gemäss eurer eigenen falschen Beobachtung wähnt, dass ihr einen Fehler nach dem andern überwindet; wahrheitlich dreht ihr euch aber in eurem Grübeln immer nur im Kreise um euch selbst, während das in euch festgefahrene Grundübel andauernd sich erweitert und stetig neue Formen schafft.

557) Wenn ihr euch grübelnd stets nur selbst beobachtet, dann gleicht ihr der mythologischen Hydra, einem einer Schlange ähnlichen Ungeheuer mit neun Köpfen, dem jeder Kopf sofort wieder nachwächst, wenn er im Kampf abgeschlagen wird, wodurch dieser niemals ein Ende nimmt und kein Sieg errungen werden kann.

558) Wie der gleichartige Kopf der mythologischen Hydra nachwächst, so wachsen bei euch auch eure gleichartigen Gedanken und Gefühle nach, wenn ihr euch im Grübeln ergeht, das in jedem Fall immer sinnlos ist; was ihr beim Grübeln jedoch erreichen könnt, ist Unwirkliches, denn in der Regel führt es dazu, Dinge anzunehmen und visionär zu erschauen, die nicht mit der klaren Wirklichkeit vereinbar und reinste Illusionen sind, wodurch ihr in wahnmässiger Weise auch erdichtete Gottheiten, Götzen, Engel, Heilige und Dämonen für nichtgrobstoffliche Wesenheiten haltet, denen ihr in wirrer und irrer Gläubigkeit verfallt.

559) Bedenkt, nur wenn ihr froh, frei und bewusst das hohe Ziel der Wahrheitsfindung anstrebt, euch nach diesem Ziel ausrichtet und dabei eure Gedanken und Gefühle nicht immer nur auf euch selbst gerichtet habt, könnt ihr vorankommen und das hohe Ziel der Wahrheitserkennung und Wahrheitsbefolgung erreichen.

560) Und bedenkt, dass ihr nicht ohne Rückschläge vorankommt und dass ihr auf der Suche nach der Wahrheit und bei deren Befolgung immer wieder stürzen werdet, weil beim Lernen das Fehlermachen unvermeidbar ist und ihr also beim Lernen stetig aufmerksamer und achtsamer werden müsst; bei jedem Rückschlag und Sturz müsst ihr euch jedoch immer wieder erheben, bis ihr die Sicherheit erlangt, die euch vor Rückschlägen und Stürzen bewahrt; das ist der Weg, den ihr als Menschen gehen müsst, auf dem ihr nicht verzagen und ihr nicht jammernd und nicht klagend werden dürft, sondern euch immer wieder neu und frisch dem Bemühen zuwenden sollt; und tut ihr das, dann kommt unverhofft der Augenblick, wo ihr keine Rückschläge mehr erleidet und ihr keine solchen mehr zu befürchten habt, weil ihr alles Gelernte umfänglich in euch aufgenommen habt und ihr umfänglich die schöpferischen Gesetze und Gebote befolgt.

561) Wisst aber: Aufnehmen und befolgen könnt ihr das zu Lernende nur, indem ihr alles wirklich wahrnehmt und daraus eine effective Erkenntnis und die notwendige Kenntnis sowie das Wissen daraus gewinnt, das ihr zur Erfahrung bringen und zum Erleben machen müsst, woraus ihr dann die Essenz gewinnt, die wahrliche Weisheit.

562) Das Beobachten allein genügt dabei ebensowenig wie auch nicht das Grübeln, denn dadurch kommt ihr nicht zur wirklichen, realen Wahrnehmung und also auch nicht zum Werdegang bis zur Weisheit, denn durch das Beobachten allein, wie auch durch das sinnlose Grübeln, stellt ihr euch ausserhalb jede wahrheitliche Wahrnehmung, ausserhalb die Erkenntnis, die Kenntnis, das Wissen, Erfahren und dessen Erleben sowie ausserhalb die Weisheit; durch das Beobachten allein sowie durch das nutzlose Grübeln zergliedert und zersetzt ihr alles, weil ihr auf alles wie auf etwas Fremdes blickt, anstatt dass ihr euch voll und umfänglich bewusst wahrnehmend auf alles ausrichtet.

563) Und wenn ihr auf euch selbst blickt, um euch so zu sehen, wie ihr wirklich seid, dann dürft ihr euch nicht einfach simpel beobachten, sondern ihr müsst neutral bleiben und ausserhalb eurer Gedanken und Gefühle stehen, denn nur dadurch vermögt ihr euch wahrheitlich bewusst in allen Dingen so wahrzunehmen, wie diese in euch tatsächlich gegeben sind.

564) Verfallt ihr dem Grübeln, dann dient ihr nur eurem Verstand, den ihr nutzt, um euch im Kreise zu drehen, denn durch ihn hemmt ihr den ganzen Werdegang von der realen Wahrnehmung bis zur Weisheit, weil ihr die Vernunft ausser acht lasst, die euch alles wahrnehmen lassen würde; ihr lasst die Wirkung aller äusseren Geschehen aus dem Bereich des Grobstofflichen, des Materiellen, nicht in die Vernunft eindringen, sondern ihr lagert alles nur in eurem mangelhaften Verstand ab, der ohne Vernunft die wahrheitlichen Fakten nicht zu separatisieren und nicht zu analysieren vermag, folglich weder eine klare Wahrnehmung noch Erkenntnis, Kenntnis und kein Wissen sowie keine Erfahrung, kein Erleben und keine Weisheit zustande kommen kann.

565) Nicht nur im Verstand, sondern auch in der Vernunft werden alle Dinge zur Sammlung berufen, denn nur Verstand und Vernunft zusammen vermögen wirksam etwas festzuhalten und zu einem Resultat aufzuarbeiten; ihr aber seid dünkelhaft und zergliedert und zerstückelt alles mit eurem mangelhaften Verstand, folglich es nicht zur Vernunft gelangt, durch die erst die Möglichkeit gegeben ist, dass alles wirklich wahrgenommen, aufgenommen, verarbeitet und zur Erkenntnis und Kenntnis sowie zum Wissen und zur Erfahrung und dessen Erleben und zur Weisheit gemacht wird.

566) Wisst, so wie euer menschliches Bewusstsein durch seine Betätigung von innen heraus folgerichtig über den Verstand und die Vernunft alles nach aussen freigibt, so dass es wirklich nach aussen gelangt, und zwar in welcher Form auch immer, so kann von aussen her alles auch nur wieder über den Weg des Verstandes und der Vernunft ins Bewusstsein gelangen, von dem es als Wahrnehmung, Erkenntnis, Kenntnis, Wissen, Erfahrung, Erleben und Weisheit aufgearbeitet wird.

567) Der Eindruck aller äusseren Geschehen aus dem Materiellen resp. dem Grobstofflichen muss also stets von aussen kommend über den Verstand und die Vernunft ins Bewusstsein gelangen, und zwar ganz gleich mit welcher Sinnesform etwas aufgenommen wird.

568) Wahrlich geht es nicht anders, denn wenn die Betätigung des Bewusstseins den genau gleichen Weg in umgekehrter Richtung gehen muss, eben nach aussen hin, dann kann das auch nur über den Verstand und die Vernunft geschehen, weil nur Verstand und Vernunft zusammen ein logisches Resultat erschaffen können; der Verstand allein vermag ohne das Mitwirken der Vernunft überhaupt kein Resultat zu erschaffen, denn der Verstand allein führt in seinem Wirken zur Rotation, zur Grübelei resp. zum Im-Kreise-Gehen.

569) Wenn ihr Grübler seid, dann haltet ihr die Eindrücke der äusseren Geschehen krampfhaft allein in eurem Verstand fest und zergliedert und zersetzt es mit diesem, wodurch ihr nichts oder nur einen winzigen Teil an die Vernunft weitergebt, wobei die Gedankentätigkeit dieses Winzige noch gewaltsam entstellt, was zur Folge hat, dass das Wirkliche, wie es war, die Realität verliert.

570) Demgemäss kann das Grübeln keinen Fortschritt bringen, wie auch keine Entwicklung resp. Evolution des Bewusstseins, die nur durch den gesamten Prozess der effectiven und bewussten

Wahrnehmung, Erkenntnis und der Kenntnis, des Wissens, Erfahrens, Erlebens und der Weisheit wahrliche Wahrheit und Wirklichkeit werden kann.

571) Also ist euch geboten, nicht dem Grübeln zu verfallen, sondern alles voll wahrzunehmen, aufzunehmen, zu verarbeiten und in euch durchzuleben, denn nur dadurch strömt alles bewusst in euren Verstand und in eure Vernunft und wird zu einem bewussten und starken Faktor der Evolution und erweitert eure wirkliche Fähigkeit des Begreifens der Dinge, so auch in bezug auf die schöpferischen Gesetze und Gebote, deren Befolgung von grösster Bedeutung ist für eure bewusstseinsmässige Entwicklung und das Werden zum wahren Menschsein.

572) Wahrlich versteht ihr aber unter der Wahrheit dieser Dinge etwas Falsches, weil ihr nur fordernde Wünsche an das Leben stellt und ihr ihm selbst nichts geben wollt in eurem Dünkel, durch den ihr nichts mehr gesund und richtig zu formen vermögt, sondern nur noch einem Glauben frönt an einen erfundenen Gott, an Götzen und an Menschen, die ihr zu Göttlichkeiten erhebt und sie anbetet.

573) In eurem Glauben hofft ihr auf ein Reich eures Gottes oder auf das eines Götzen oder veridolisierten Menschen, und wenn ihr nur schon daran denkt, geht ein freudiges Erschauern durch euch, weil ihr tatsächlich Liebe, Freude, ein Geschenk und Glück von euren Angebeteten erhofft, weil die auf sie ausgerichteten falschen und irren Lehren euch Sehnsucht nach deren angeblicher Hilfe und Güte und ein ruhiges Geniessenkönnen vorgaukeln.

574) Dass ihr aber durch die falschen Propheten und Lehrer sowie durch deren Priester und sonstigen Vertreter hinters Licht geführt und in bezug auf die effective Wahrheit aller Wahrheit und damit auch in Hinsicht auf die Schöpfung und ihre Gesetze und Gebote betrogen und zu unbedingtem Glaubensgehorsam geknechtet werdet, das vermögt ihr im Gros der irdischen Menschheit infolge eures Mangelzustandes eures Verstandes und eurer Vernunft nicht zu begreifen.

575) Wahrlich, die schöpferischen Gesetze und Gebote fordern von euch nicht, dass ihr euch der effectiven Wahrheit aller Wahrheit zuwenden müsst, denn sie empfehlen es nur, so ihr selbst darüber entscheiden und den rechten Weg wählen müsst; diese Gesetze und Gebote fordern und empfehlen auch nicht, dass ihr in Grübelei versinken und euch von der Wahrheit abwenden sollt, denn gegenteilig sind die Empfehlungen derart, dass ihr alles gründlich zu bedenken habt, auf dass ihr euch der Wahrheit der Schöpfung und ihren Gesetzen und Geboten und dem Befolgen derselben zuwendet.

576) Die Empfehlung der schöpfungsgegebenen Gesetze und Gebote ist die, dass ihr euch bewusst in eigenem Wollen und in völlig freier Entscheidung in euren Bestimmungen, Wünschen und Erwartungen ganz auf die Wahrheit aller Wahrheit und auf die schöpferischen Gesetz- und Gebotsmässigkeiten ausrichtet.

577) Nur wenn ihr der Wahrheit aller Wahrheit folgt, die durch die Schöpfung und ihre Gesetze und Gebote vorgegeben ist, werden in euch wahre Liebe, Freiheit, Harmonie und wahrer Frieden entstehen, weil dann nämlich alles Störende, Hemmende und Verwirrende hinwegfällt und ferngehalten wird.

578) Ihr allein als Menschen bringt alles zustande, und zwar das Gute und das Böse, das Negative und Positive, denn ihr allein seid für alles und jedes verantwortlich, was ihr auch immer an Gedanken und Gefühlen sowie an Taten, Handlungen und an allem Wirken erschafft.

579) Ihr allein seid die Verantwortlichen für die Gestaltung eures Lebens, euren Lebenswandel, eure Denkrichtungen und Bestimmungen, so ihr also selbst darum bemüht sein müsst für eine rechte Führung und Gestaltung eures Daseins.

580) Ihr ganz allein tragt die Verantwortung für euer Verhalten in jeder Beziehung, so ihr auch verantwortlich seid für euren Zustand der Rechtschaffenheit und Unrechtschaffenheit, der Gewissenhaftigkeit und Gewissenlosigkeit, der Gerechtigkeit und Ungerechtigkeit sowie der Würde und Ehrfurcht, der Würdelosigkeit und Ehrfurchtslosigkeit.

581) Bedenkt dabei, dass ihr in jeder guten, fortschrittlichen und evolutiven Hinsicht nichts erzwingen und nichts geschenkt bekommen könnt, sondern dass ihr alles selbst willentlich und bewusst hart erarbeiten müsst, und wahrlich ist das Erarbeiten all der guten und hohen Werte ent-

behrungsreich, denn was in bezug auf die wirkliche Wahrheit aller Wahrheit zum Erarbeiten empfohlen wird, ist hart und unerbittlich.

582) Doch wahrlich, das Erschaffen aller hohen Werte des Lebens und das Befolgen der schöpferischen Gesetze und Gebote lohnt sich auch, denn der Lohn ist wahre Liebe, Freiheit, Harmonie und Frieden sowie Tugendhaftigkeit, Gewissenhaftigkeit, Rechtschaffenheit, Gerechtigkeit und Gerechtsein in wahrhaftiger Würde und Ehrfurcht.

583) Damit, ihr Erdenmenschen alle, schliesst der ‹Kelch der Wahrheit›, die Lehre der Wahrheit, die Lehre des Geistes, die Lehre des Lebens, die ‹Lehre der Propheten› als gesamtes prophetisches und wahrliches Lehrbuch, auf dass es euch zum Gedeihen eurer Bewusstseinsevolution und zu eurem Lebenswohl gereiche; auf dass ihr nicht weiterhin in evolutiver Bewusstseinsdunkelheit dahingeht und ihr euch nicht selbst weiter flucht, sondern auf dass ihr dem Lichte der Wahrheit aller Wahrheit entgegengeht und die Gesetze und Gebote der Schöpfung Universalbewusstsein befolgt und erfüllt; und allso sollt ihr tun, dass wahre Liebe, Freiheit, Harmonie und Frieden in euch selbst und unter eurer ganzen Menschheit werde und ihr euch von eurer Unrechtschaffenheit, Gewissenlosigkeit, Verantwortungslosigkeit, der Ungerechtigkeit, dem Hass, der Rache und Vergeltung, des Mordes, Terrors und Krieges und alles Ungerechten, Bösen und Ausgearteten befreit, das ihr euch schon seit alters her selbst als Fluch auferlegt habt.

Zum Segen – nicht zum Fluch

Den *Kelch der Wahrheit* hast du nun gelernt,
hast Böses und Unwahrheiten aus dir entfernt,
zu deinem Wohle, deiner Ehre und zum Leben,
hast der Wahrheit ihren wahren Wert gegeben,
den Schöpfungsgesetzen das Recht erwiesen,
dir deinen Weg zur Ruhe und Freude gewiesen,
und du hast sehr viel gelernt aus diesem Buch,
und alles zu deinem Segen – nicht zum Fluch.

Nachwort

(‹Kelch der Wahrheit›, Abschnitt 3, Satz 58)
«Hört auf die frohe Kunde eines jeden Wortes eurer wahren Propheten, und seid geehrt, die Worte und die Kunde der Lehre der Wahrheit, der Lehre des Geistes, der Lehre des Lebens durch die Propheten empfangen zu dürfen, auf dass ihr selbst auch hinausgeht in die Welt und die Worte und die Kunde der Wahrheit all jenen bringt, welche sie hören und sich zu eigen machen wollen.»

Liebe Leserin, lieber Leser
Es ist eine hohe Ehre für mich, das Nachwort zu Billys ‹Kelch der Wahrheit› mit der gesamten Lehre der Propheten schreiben zu dürfen, an dessen Ende Sie soeben angelangt sind. Es ist ein wundervolles, ja überwältigendes Werk. Befolgt der Erdenmensch die weisen Worte der Lehre der Propheten, befähigt er sich selbst zur schöpferischen Weisheit und zum wirklichen und wahren Menschsein.

Vielleicht haben Sie die einzelnen Abschnitte und Sätze in kleinen, verdaubaren Dosen zu sich genommen, haben darüber nachgedacht und dabei alle bewusstseinsmässigen Höhen und Tiefen durchwandert, waren aufgewühlt, haben mit sich gerungen und gekämpft, sich gefreut, gezweifelt, wurden wütend, haben zugewartet – und dann trotzdem weitergelesen. Oder Sie haben unermüdlich und wissensdurstig Satz um Satz fast in einem Zug verschlungen und dabei die Zeit vergessen. Ob Sie den einen oder andern Weg gewählt haben, ist unwesentlich, wichtig sind jetzt nur Ihre Gedanken und Ihre Gefühle. Geht es Ihnen wie mir? Mein Körper ist von einem Glücksgefühl durchflutet, das in jede Zelle vorgedrungen ist. Ich könnte zig Sätze wiederholen, die mir ob ihrer sprachlichen Schönheit, ihrer würdigen Aussage und ihrem Lerneffekt vor Freude am ganzen Körper ein Frösteln auslösten, wie manchmal beim Belcanto von Maria Callas. Ich lese sie immer und immer wieder. Abschnitt 28 hat es mir besonders angetan. Was Billy dort in 583 Sätzen darlegt, ist so gewaltig und tiefgründig, dass jeder Wissenschaftler und überhaupt alle Menschen sich darum reissen müssten, sie zu studieren. Sind wir dabei völlig entspannt und auch gänzlich unvoreingenommen, spüren wir, wie sich unser Bewusstsein und unsere Psyche und alles an und in uns beim Genuss solch bekömmlicher Bewusstseinsnahrung wohlfühlt. Mir fehlen die treffenden Worte, diesen Zustand wirklich zu beschreiben, denn mein Wortschatz kommt nicht im entferntesten an denjenigen des Propheten der Neuzeit heran, der dieses unvergleichbare Meisterstück vollendet hat: ‹Billy› Eduard Albert Meier, BEAM.

Der ‹Kelch der Wahrheit› ist das Gesetz- und Gebotsbuch der Schöpfung. Im Unterschied zu allen unseren Gesetzbüchern auf der Erde enthält es keine Forderungen und schon gar keine Strafandrohungen, wie das bei Menschen mit religiös und sektiererisch ausgerichtetem Denken und der damit verbundenen Brutalität, Macht-, Gewinn- und Rachsucht üblich ist – was sich schon allein dadurch erkennen lässt, dass es zugelassen, ja gar gefördert wird, die Erde und deren Menschen durch eine ungeheure Überbevölkerung zu drangsalieren und zu zerstören.

Im ‹Kelch der Wahrheit› heisst es dazu (Abschnitt 2, Satz 74):
«Und was die Propheten ansagen (lehren) in diesen Dingen, sind Zeichen (Beweise) der Gesetze und Gebote der Erzeugung (Schöpfung), und also sei alles weise Ermahnung.»

(Abschnitt 2, Satz 75)
«Und was die Lehre der Propheten bringt, ist die Wahrheit aller Wahrheit, und also ist darin kein Zweifel, denn sie ist die Lehre der Gesetze und Gebote der Erzeugung (Schöpfung), auf dass ihr sie befolgen mögt.»

Die Sätze im ‹Kelch der Wahrheit›, der Lehre der Propheten, sprechen die innere, schöpferische Logik des Menschen an und fördern sein bewusstes Nachdenken. Liest man die Sätze, scheint einem – je nach bewusstseinsmässigem Evolutionsstand – alles völlig klar, logisch und durchführbar, und man fragt sich, weshalb wir Erdenmenschen nicht dementsprechend leben und aufgrund des Wahrheitsgehalts der Aussagen unsere Schwachstellen und das Falsche in unseren Gesetzen und unserem Verhalten kraft unserer Erkenntnis nicht sofort ausmerzen. Wozu braucht es noch politische Parteien und andere Ideologien, Sekten und/oder Religionen, wenn schwarz auf weiss die Idee der Schöpfung für das Denken und Verhalten ihrer Kreation Omedam – d.h. Mensch, der Gesetzerfüller – in Form der Lehre der Propheten vorliegt? Ich weiss, meine Ansicht ist vorläufig noch naiv, und wir Standhaften und diejenigen, welche zu uns stossen und nach uns kommen, werden noch über Jahrhunderte hinweg schwere Zeiten durchmachen, bis die Unwissenden zu Wissenden werden und die Aussicht auf einen weltweiten Frieden in Griffnähe rückt. Alle, die nach uns kommen, werden ganz auf sich gestellt sein; keiner und keine kann sich dann Billy zuwenden und von seiner unermüdlich und unerschöpflich gelebten, effektiven Liebe, Geduld, Toleranz, Mitfühlsamkeit, Harmonie, seinem Wissen und seiner Weisheit zehren und daraus Zuspruch, Trost und Erkenntnis schöpfen. Wenn ich denke, wie oft mir Billy geduldig und ausführlich immer und immer wieder die beinahe gleichen Fragen beantwortet hat – obwohl die Antworten auch in der Geisteslehre zu finden gewesen wären –, wird mir weh, und ich kämpfe gegen aufkommende Tränen. Ich komme mir vor wie bei einer Stabübergabe beim Staffellauf: Wir von der FIGU konnten lange mit seiner auf unser Können und Wissen ausgerichteten Unterstützung die Übergabe trainieren, doch ob wir uns genügend vorbereitet haben, erkennen wir erst, wenn der Stab tatsächlich übergeben wird, denn auch wir haben oft im Leben die falschen Prioritäten gesetzt.

Der letzte Prophet der Linie der wahrlichen Propheten, Billy, hat von seiner ersten Prophetenpersönlichkeit, Nokodemion, die Bestimmung erhalten, die Lehre des Geistes, die Lehre der Wahrheit, die Lehre des Lebens in Form des ‹Kelch der Wahrheit› selbst schriftlich der Nachwelt zu hinterlassen. (Keiner der vorhergehenden grossen Prophetenpersönlichkeiten derselben Reinkarnationslinie, sei es Henok, Elia, Jesaia, Jeremia, Jmmanuel oder Muhammad, haben – obwohl der Schrift kundig – irgendwelche eigene handschriftliche Lehreteile hinterlassen. Dieser Fakt und das Analphabetentum der damaligen Menschen waren sicher mit ein Grund, weshalb die gesamte Lehre der Propheten total verfälscht werden konnte.)

> Im ‹Kelch der Wahrheit› heisst es dazu (Abschnitt 20, Satz 42):
> «Leider wurde die Lehre jedoch einerseits von Schriftkundigen nach eigenem Ermessen verfälscht, nachdem sie durch die Propheten beauftragt waren, die Lehre schriftlich zur Überlieferung in die Zukunft festzuhalten, und andererseits wurde sie von jenen als Werk des Bösen verleumdet, welche sich gegen die ‹Lehre der Propheten› stellten, wie sie auch die Propheten verfolgten und sie des Lebens bedrohten und ihre Zeichen resp. Beweise, die sie taten, als Zauberei verschrien; darum ist das Gros eurer irdischen Menschheit von der vorhandenen und erleuchtenden Wahrheit ausgeschlossen.»

Mit dem ‹Kelch der Wahrheit› geht die Ära der grossen Propheten auf der Erde leider zu Ende. Billy übergibt uns sein umfassendes und von keinem andern je erreichtes oder jemals zu erreichendes Werk. Alles, was er geschrieben hat, überdauert mit unserer Hilfe die Zeit und legt den Grundstein dafür, dass dereinst Frieden, wahre Liebe, Freiheit und Harmonie die irdische Menschheit erfreuen wird. Unsere geschundene und gequälte Erde wird erneut fruchtbares und blühendes Leben tragen, denn die zukünftigen Erdenmenschen werden die Lehre der Propheten befolgen, dadurch ihren bereicherten Block Vernunft-Verstand einsetzen und sowohl die sinnlosen (Religions-)Kriege beenden wie auch die Bevölkerungszahl durch eine geeignete Geburtenkontrolle im Zaume halten.

> Im ‹Kelch der Wahrheit› heisst es dazu (Abschnitt 2, Satz 354):
> «Wohlan, wer aus dem Fluss der Unwahrheit trinkt, der ist sich der Lüge vertiefend (hörig), doch wer aus der Quelle der Wahrheit trinkt, gelobt sich, in Rechtschaffenheit (Gewissenhaftigkeit) und Gerechtigkeit sein Dasein zu führen; und die Rechtschaffenen (Gewissenhaften) und Gerechten (Verantwortungsvollen) und alle jene, welche Wissende der Wahrheit sind, haben grosse Kraft gegen alle Anfechtungen der Unwissenden und Ungerechten (Verantwortungslosen), weil sie gewiss wissen, dass sie durch die Wahrheit ein frohes und gutes Leben führen werden; und also werden die in der Wahrheit Wissenden als kleiner Haufen über alle grossen Haufen der Ungerechten (Verantwortungslosen) und Unwissenden im friedlichen Kampf um die wahrliche Wahrheit siegen, denn das Gedeihen der Wahrheit ist mit den Standhaften.»

Im März 2008 steht eine kleine Anzahl Gewissenhafter und Verantwortungsvoller einer Übermacht von etwa 7,5 Milliarden Unwissenden und Verantwortungslosen gegenüber. Aber die Gewissenhaften und Verantwortungsvollen werden es schaffen. Wir von der FIGU und unsere Freunde werden auch in Sturmzeiten zusammenhalten und Billys grosses Werk unbeirrt weiterführen. Mehr und mehr Menschen werden zu uns stossen und uns und unseren Nachfolgepersönlichkeiten helfen, die grosse Aufgabe – nämlich Frieden, wahre Liebe, Freiheit und Harmonie auf unserer Erde zu schaffen – mit Mut und Verve fortzusetzen und zu einem gerechten Erfolg zu führen. Und, da auch Billys Geistform und Bewusstseinsblock einem normalen Zyklus von Reinkarnation respektive Inkarnation eingeordnet sind, wird seine Nachfolgepersönlichkeit bestimmt eines Tages dazustossen. Selbst wenn seine Nachfolgepersönlichkeit ein einfacher Arbeiter und nicht mehr Prophet sein wird, werden die dann Lebenden hoffentlich realisieren, welch hohes wahrheitliches Wissen dieser Mann besitzt. Denn nicht Ansehen, Macht oder berufliche Funktion sind entscheidend, sondern unser Denken und Fühlen und die Art und Weise unserer Lebensführung – und natürlich die in den (externen) Speicherbänken und im Gedächtnis unseres Unterbewusstseins gelagerten Impulse. Die Essenz, also der Höchstwert an Wissen, Erfahrung und Weisheit unserer Vorgängerpersönlichkeiten, wird im Jenseitsbereich beim Aufbau des neuen Bewusstseinsblocks durch den Gesamtbewusstseinblock ins Gedächtnis des Unterbewusstseins übertragen. Dort steht alles bereit, um vom neuen Menschen nach seiner physischen Geburt durch bewusstes Suchen und Forschen aktiviert zu werden. Erst durch das Auffangen der feinen Ahnungsimpulse aus dem Unterbewusstsein – sei es aus dem Vorgängerfundus oder der akutaktuellen Unterbewusstseinsschwingung der Menschen – und durch unser anschliessendes bewusstes Weiterarbeiten damit, entwickeln sich unsere involvierten Bewusstseinsformen und das Gedächtnis unseres Bewusstseins höher.

Jeder einzelne Mensch muss sich selbst aufraffen und eine Motivation zum Lernen und Streben aufbauen, um seine Bewusstseinsformen resp. Bewusstseinsebenen, dem Schöpfungswillen folgend, Jota um Jota höher zu evolutionieren. Der Mensch kann gar nicht anders, denn die Evolution – auch die bewusstseinsmässige! – entspricht einem schöpferischen Gesetz. Alles im gesamten Universum besteht aus der Bewegung von Impulsationen (es geht etwas rein, es entwickelt sich etwas); ohne Bewegung würde nichts existieren. Bis die Geistform und der Bewusstseinsblock mit neuem Bewusstsein und neuer Persönlichkeit nicht mehr reinkarniert respektive inkarniert, vergehen Millionen Jahre, und während dieser langen Zeit muss sich der Mensch über sieben grosse Evolutionsebenen mit vielen Unterstufen – die alle ihre spezifische Farbe abstrahlen – bewusstseinsmässig hocharbeiten. Leider ist der Bewusstseinszustand bei vielen Erdenmenschen noch sehr unterentwickelt, was bedeutet, dass sie fast alle noch in Glauben, Verehrung, Anbetung, Irrung, Unvernunft, Unverstand, Falschheit, Lüge, Vernichtung, Missgunst und Laster gefangen sind – was dem tiefsten Farbstrahlenwert entspricht, nämlich Rosa. Nach und nach muss sich jeder von uns, in welcher Stufe er sich auch immer befindet, durch eigenes Suchen, Forschen, Ergründen, Erkennen, Kenntnis, Erkenntnis, Wissen und Erleben zur Weisheit hocharbeiten. Auf dem höchsten für uns Menschen erreichbaren Stand erstrahlen alle unsere Bewusstseinsformen in klarstem Blau, d.h., unsere Bewusstseinsformen

werden dann die Werte der Ebene von Wahrheit, Wissen, Weisheit, Kraft, Liebe, Ehrfurcht, Erfüllung, Schutz, Macht, Schöpfungswille und Kreierung erreicht haben. Ein hehres Ziel.
Natürlich braucht der Mensch auch eine entsprechende berufliche Ausbildung und Allgemeinwissen, um im jeweiligen Leben für sich und seine Angehörigen sorgen zu können, aber was einen Menschen zum wirklichen Menschen macht, das ist sein bewusstes Bemühen um Erkenntnis der schöpferischen Werte und deren Umsetzung im Alltag. Und genau dazu verhilft der ‹Kelch der Wahrheit› und die ganze umfassende Lehre des Geistes, Lehre der Wahrheit, Lehre des Lebens.

Selbst wenn Sie beim Lesen des ‹Kelch der Wahrheit› bis jetzt noch keine feinen Ahnungsimpulse aus dem Gedächtnis Ihres Unterbewusstseins auffangen und also nicht von der Essenz der schöpfungsorientierten Gedankenarbeit Ihrer Vorgängerpersönlichkeiten profitieren konnten – und sich in Ihrem Schläfenlappen und hinteren Stirnlappen womöglich von den Eltern vererbte Glaubensimpulse befinden –, machen Sie es nicht wie jene, welche noch ihrem Unwissen, ihrem Glauben und ihrem Wahn frönten und frönen, sondern befolgen Sie die weisen Ermahnungen im ‹Kelch der Wahrheit›, damit Sie und Ihre Nachkommen (Kinder) und auch Ihre Nachfolgepersönlichkeiten, und damit auch alle anderen Menschen, einem dauerhaften Frieden, wahrer Liebe, Freiheit und Harmonie auf unserer Erde immer näherkommen. Ist die kritische Masse der Standhaften nämlich erreicht, verlieren die Unwissenden ihren verderblichen Einfluss. Nur wer die Wahrheit auf seiner Seite hat und danach handelt, ist gut beraten und erntet alles Friedliche und Schöne.

> Im ‹Kelch der Wahrheit› heisst es dazu (Abschnitt 28, Satz 582):
> «Doch wahrlich, das Erschaffen der hohen Werte des Lebens und das Befolgen der schöpferischen Gesetze und Gebote lohnt sich auch, denn der Lohn ist wahre Liebe, Freiheit, Harmonie und Frieden sowie Tugendhaftigkeit, Gewissenhaftigkeit, Rechtschaffenheit, Gerechtigkeit und Gerechtsein in wahrhaftiger Würde und Ehrfurcht.»

Creative Commons Corporation ist keine Anwaltskanzlei und bietet keine rechtlichen Auskünfte bzw. Dienstleistungen an. Die Verbreitung dieser Lizenz führt nicht zu einem Mandatsverhältnis des Empfängers mit Creative Commons. Creative Commons übernimmt keine Gewähr für die zur Verfügung gestellten Informationen und lehnt jegliche Haftung für Schäden ab, die aus dem Gebrauch dieser Informationen erwachsen. Dieser Ausschluss von Gewährleistung und Haftung erstreckt sich auch auf die Personen, die an der Adaptierung des vorliegenden Lizenztexts ans schweizerische Recht mitgewirkt haben.

Lizenz

Der **‹Lizenzgeber›**, d.h. die Person, welche den Lizenzgegenstand unter dieser Lizenz zur Verfügung stellt,

und

‹Sie›, d.h. die Person, welche aus dieser Lizenz Nutzungsrechte ableitet,

vereinbaren mit dieser Creative Commons Public Licence (‹CCPL› oder ‹Lizenz›) die Nutzungsbedingungen für den Lizenzgegenstand,

im Einzelnen:

1. **Definitionen**
   a. **‹Lizenzgegenstand›** kann ein urheberrechtlich geschütztes Werk sein oder eine durch verwandte Schutzrechte geschützte Leistung;
   b. ein **‹Sammelwerk›** im Sinne dieser Lizenz ist eine Zusammenstellung des Lizenzgegenstands mit Werken oder sonstigen Elementen. Beim Sammelwerk sind Auswahl und Zusammenstellung als solche selbständig urheberrechtlich geschützt. Ein Sammelwerk gilt nicht als Werk zweiter Hand gemäss Ziff. 1 lit. c dieser Lizenz;
   c. ein **‹Werk zweiter Hand›** im Sinne dieser Lizenz ist eine geistige Schöpfung mit individuellem Charakter, die unter Verwendung des Lizenzgegenstands so geschaffen wird, dass der Lizenzgegenstand in seinem individuellen Charakter erkennbar bleibt;
   d. **‹Urheber›** ist, wer das Werk geschaffen hat;
   e. ein **‹Werk›** ist eine geistige Schöpfung mit individuellem Charakter;
   f. ein **‹verwandtes Schutzrecht›** ist ein Recht an einer kulturellen Leistung, welche nicht als Werk geschützt ist, wie etwa jene von ausübenden Künstlern, Herstellern von Ton- und Tonbildträgern oder Sendeunternehmen;
   g. **‹Lizenzelemente›** sind die folgenden Lizenzcharakteristika:
   ‹Namensnennung›, ‹Weitergabe-unter-gleichen-Bedingungen›, ‹Keine Bearbeitung›, ‹Nicht-kommerziell›. Sie werden vom Lizenzgeber ausgewählt und in der Bezeichnung dieser Lizenz soweit anwendbar genannt.

2. **Schranken des Urheberrechts.** Dieser Lizenzvertrag lässt sämtliche Befugnisse unberührt, die sich aufgrund der Beschränkungen der ausschliesslichen Rechte des Rechtsinhabers durch das Urheberrechtsgesetz (Eigengebrauch, Erschöpfungsgrundsatz etc.) oder durch andere Bestimmungen der anwendbaren Gesetzgebung ergeben.

3. **Lizenzierung.** Unter den Bestimmungen dieser Lizenz räumt Ihnen der Lizenzgeber die Befugnis ein, den Lizenzgegenstand weltweit, lizenzgebührenfrei, nicht exklusiv und zeitlich unbeschränkt (d.h. für die Schutzdauer des Werks oder des verwandten Schutzrechts) wie folgt zu nutzen:

   a. den Lizenzgegenstand zu vervielfältigen, ihn in ein oder mehrere Sammelwerke aufzunehmen und ihn im Rahmen des Sammelwerks zu vervielfältigen;
   b. den Lizenzgegenstand oder Vervielfältigungen davon zu verbreiten, öffentlich wiederzugeben, durch Radio, Fernsehen oder ähnliche Einrichtungen, auch über Leitungen, zu senden, weiterzusenden oder sonstwie wahrnehmbar zu machen, wobei sich diese Befugnisse auch auf den in ein Sammelwerk aufgenommenen Lizenzgegenstand erstrecken.

Die vorstehend genannten Befugnisse können für alle Nutzungsarten sowie in jedem Medium und Format ausgeübt werden, ob diese bereits bekannt sind oder erst in Zukunft entwickelt werden. Diese Befugnisse umfassen auch das Recht zu Änderungen, die technisch notwendig sind, um die Befugnisse in anderen Medien und Formaten auszuüben.

Diese Lizenz entbindet Sie nicht davon, allfällige nach dem anwendbaren Gesetz oder Nutzungstarif geschuldeten Vergütungen zu bezahlen.

4. Bedingungen. Die in Ziff. 3 eingeräumten Befugnisse unterliegen den folgenden Bedingungen:

a. Die Ausübung eines Rechts aus dieser Lizenz muss von einer Kopie dieser Lizenz begleitet sein. Sie können davon absehen, wenn Sie anstatt dessen die jedermann zugängliche Fundstelle dieser Lizenz bekannt geben (Uniform Resource Identifier, URI). Sie müssen alle Hinweise auf diese Lizenz und auf ihre Klauseln betreffend Gewährleistungs- und Haftungsausschluss beibehalten. Sie dürfen keine Vereinbarungen treffen, welche die Bedingungen dieser Lizenz verändern oder die mit dieser Lizenz gewährten Rechte für einen Dritten einschränken. Sie dürfen für den Lizenzgegenstand keine Unterlizenz erteilen. Sie dürfen den Lizenzgegenstand nicht mit technischen Schutzmassnahmen versehen, die den Gebrauch des Lizenzgegenstands oder den Zugang zu diesem in einer Weise kontrollieren, die mit den Bedingungen dieser Lizenz im Widerspruch stehen.
Das Vorstehende gilt auch, falls der Lizenzgegenstand Bestandteil eines Sammelwerks oder einer Datenbank ist. Dies bedeutet allerdings nicht, dass das Sammelwerk oder die Datenbank als solche diesen Lizenzbestimmungen unterstellt werden müssen.
Wenn Sie den Lizenzgegenstand in ein Sammelwerk oder eine Datenbank aufnehmen, müssen Sie auf erste Anzeige des Urhebers oder jedes Lizenzgebers hin jeden Hinweis auf den Anzeigenden soweit machbar und gewünscht aus dem Sammelwerk bzw. der Datenbank entfernen; soweit Hinweise gestützt auf eine solche Anzeige zu entfernen sind, entfallen die Pflichten gemäss Ziff. 4 lit. c.

b. Sie dürfen die in Ziff. 3 genannten Befugnisse nicht zu kommerziellen Zwecken ausüben. Nicht als kommerzielle Nutzung gelten insbesondere der Austausch des Lizenzgegenstands gegen urheberrechtlich geschützte Werke oder Leistungen (z.B. mittels File-Sharing), sowie der Bezug von Tantiemen, die von einer staatlich zugelassenen Verwertungsgesellschaft gestützt auf gesetzliche Vergütungsregelungen eingezogen und an die Berechtigten vergütet werden.

c. Bei der Nutzung des Lizenzgegenstands, sei es isoliert oder als Teil eines Sammelwerks oder einer Datenbank, müssen Sie die bestehenden Copyright-Vermerke vollständig beibehalten bzw. in einem Rahmen wiedergeben, der dem technischen Verfahren und dem Trägermedium der von Ihnen vorgenommenen Nutzung angemessen ist. Insbesondere müssen Sie den Namen (oder das Pseudonym) des Urhebers sowie den Namen von Dritten nennen, die ein Lizenzgeber bzw. ein Urheber in den Copyright-Vermerk aufgenommen haben. Ist Ihnen der Titel des Lizenzgegenstands bekannt, müssen Sie diesen angeben. Hat der Lizenzgeber eine Internetadresse angegeben (z.B. in Form des Uniform Resource Identifier, URI), welche Lizenzinformationen oder Copyright-Vermerke enthält, müssen Sie diese ebenfalls nennen, soweit dies mit angemessenem Aufwand durchführbar ist.
Diese Hinweise können in jeder angemessenen Weise erfolgen. Bei Sammelwerken oder Datenbanken müssen solche Hinweise hinsichtlich Platzierung und Ausgestaltung mindestens ebenso auffällig und in vergleichbarer Weise ausgeführt werden, wie dies für die anderen Rechtsinhaber erfolgte.

d. Obwohl die in Ziff. 3 eingeräumten Befugnisse nach Massgabe dieser Lizenz ausgeübt werden dürfen, findet diese Erlaubnis ihre gesetzliche Grenze in den Persönlichkeitsrechten der Urheber und ausübenden Künstler, deren berechtigte geistige und persönliche Interessen bzw. deren Ansehen oder Ruf durch die Nutzung nicht beeinträchtigt werden dürfen.

5. Keine Gewährleistung. Sofern vom Lizenzgeber nicht schriftlich anders anerkannt, übernimmt der Lizenzgeber keine Gewährleistung für die erteilten Befugnisse.

6. Haftungsausschluss. Über die in Ziff. 5 genannte Gewährleistung hinaus haftet der Lizenzgeber nur für Vorsatz und grobe Fahrlässigkeit. Jede andere Haftung ist ausgeschlossen, soweit gesetzlich zulässig. Für seine Hilfspersonen haftet der Lizenzgeber in keinem Fall. Dieser Haftungsausschluss gilt auch dann, wenn Sie auf die Möglichkeit einer Schädigung hingewiesen haben.

7. Beendigung

a. Diese Lizenz und die darunter eingeräumten Befugnisse fallen ohne weiteres und mit sofortiger Wirkung dahin, wenn Sie die Bedingungen dieser Lizenz verletzen. Die Ziffern 1, 2, 5, 6, 7 und 8 bleiben ungeachtet der Beendigung dieser Lizenz verbindlich.

b. Die mit dieser Lizenz eingeräumten Befugnisse werden zeitlich uneingeschränkt eingeräumt (freilich höchstens für die Dauer, für welche der Lizenzgegenstand nach dem anwendbaren Recht urheber- bzw. leistungsschutzrechtlich geschützt ist). Der Lizenzgeber behält sich jedoch für einen beliebigen Zeitpunkt das Recht vor, den Lizenzgegenstand unter einer anderen Lizenz weiterzugeben oder die Verbreitung des Lizenzgegenstands ganz zu beenden. Der Lizenzwechsel wird jedoch nicht die Wirkung eines Widerrufs dieser Lizenz haben (oder jeder anderen Lizenzierung, die auf der Grundlage dieser Lizenz erfolgt oder erfolgen muss), vielmehr wird die Lizenz so lange weiter bestehen, als sie nicht nach lit. a vorstehend beendigt wurde.

8. Verschiedenes

a. Jedes Mal, wenn Sie den Lizenzgegenstand oder ein Sammelwerk gestützt auf Ziff. 3 dieser Lizenz nutzen, räumt der Lizenzgeber auch dem Empfänger eines allfälligen Vervielfältigungsstücks eine Lizenz am Lizenzgegenstand selber ein, und zwar zu denselben Bedingungen wie die Ihnen eingeräumte Lizenz.

b. Sollten sich einzelne Bestimmungen dieser Lizenz nach dem anwendbaren Recht als nicht durchsetzbar oder nichtig erweisen, so bleiben die übrigen Bestimmungen dieser Lizenz gültig und durchsetzbar und an die Stelle der unwirksamen Bestimmung tritt eine Ersatzregelung, die dem mit der unwirksamen Bestimmung angestrebten Zweck am nächsten kommt.

c. Keine Bestimmung dieser Lizenz gilt als wegbedungen und keine Verletzung als genehmigt, bevor nicht die durch die Wegbedingung oder Genehmigung belastete Partei die Wegbedingung oder Genehmigung in Schriftform und unterschriftlich bestätigt hat.

d. Diese Lizenz enthält alle mit Blick auf den Lizenzgegenstand zwischen den Parteien massgeblichen Bestimmungen. Andere Vertrauenspositionen, Abreden oder Zusicherungen im Hinblick auf den Lizenzgegenstand bestehen nicht. Der Lizenzgeber ist durch keine zusätzliche Klausel gebunden, welche sich aus irgendwelchen Unterlagen von Ihnen ergibt. Diese Vereinbarung kann ohne vorherige Vereinbarung mit unterschriftlicher Bestätigung zwischen dem Lizenzgeber und Ihnen nicht abgeändert werden.

e. Auf diesen Lizenzvertrag findet ausschliesslich schweizerisches Recht Anwendung.

Creative Commons ist nicht Partei dieses Lizenzvertrags und macht keinerlei Zusicherungen mit Blick auf den Lizenzgegenstand. Creative Commons haftet nicht für Ihnen entstandene Schäden aus der Verwendung des Lizenzgegenstands oder dieser Lizenz, aus welchem Rechtsgrund sie auch abgeleitet werden, sei es für direkten, indirekten Schaden oder für Folgeschaden. Ungeachtet des vorstehenden Satzes hat Creative Commons alle Rechte aus dieser Lizenz, sofern sie bezüglich eines Werks ausdrücklich selber als Lizenzgeberin unter dieser Lizenz auftritt.

Ausser für den begrenzten Zweck, dem Publikum öffentlich bekannt zu machen, dass der Lizenzgegenstand unter der CCPL lizenziert ist, darf keine Partei dieser Lizenz das Markenzeichen ‹Creative Commons› oder irgend ein anderes Markenzeichen oder Logo von Creative Commons ohne die vorgängige schriftliche Zustimmung von Creative Commons verwenden. Jegliche erlaubte Nutzung hat in Übereinstimmung mit den dannzumal gültigen Markenrichtlinien von Creative Commons zu stehen. Wer ist die im Islam erwähnte Person, die Mahdi/Mehdi genannt wird?

Der Begriff ‹MAHDI› ist ein Titel und bedeutet ‹Der Geführte/Geleitete›, ist aber in der arabischen Welt auch ein gewöhnlicher Name. Der Titel wurde in vielen Aussprüchen/Aussagen (Hadith) des Propheten Mohammed verwendet und bezieht sich auf eine messianische Gestalt innerhalb des Islams, die Frieden, Gerechtigkeit und Ehrlichkeit usw. bringen wird …

Wie bei vielen anderen Ideen und Theorien gibt es auch im Islam zwischen den verschiedenen Sekten Unterschiede oder mindestens geringe Unterschiede. Die Mehrheit der Moslems, die Sunniten, einigen sich jedoch auf dem Niveau, dass es eine Person geben wird, die vor dem Ende der Tage auf der Erde erscheinen wird, um eine positive Änderung zu bringen, obwohl diese Änderungen in den Aussprüchen/Aussagen des Propheten hauptsächlich mit den Gesichtspunkten des Islams verbunden sind. Die Schiiten haben eine andere Ansicht. Der grösste Prozentsatz der Schiiten, die auch als Imamiten oder Zwölfer-Schiiten bekannt sind, behauptet, dass Mohammed Al-Mahdi, auch bekannt als Muhammad ibn Hasan ibn Ali, geboren im Jahr 868 unserer Zeitrechnung, der zwölfte Imam war. Aber der Fokus dieses Artikels ist aus der Sicht der Sunniten auf diese Person gerichtet.

Seitdem wir von unseren Plejaren-Freunden Informationen darüber erhalten haben, dass der Islam schon vor dem Tod des Propheten Mohammed verfälscht wurde, sind viele Aussprüche (Hadith) des Propheten ziemlich unzuverlässig. Selbst wissenschaftlich gesehen, gibt es nicht viele Möglichkeiten, auch nur einige der Hadith wahrheitsgemäss zu bestätigen. Wenn sie aber mit den von Billy gegebenen Informationen gelesen werden, scheint es, dass einige der Hadith ihre ursprüngliche Form behalten haben könnten und deshalb mit den Informationen der Plejaren und Billys übereinstimmen.

Trotz der modernen Beliebtheit wird der Mahdi/Mehdi im Koran nicht erwähnt, weshalb in den meisten Artikeln und Büchern, die von dieser Person handeln oder in denen diese Person erwähnt ist, nur der Hadith als Referenz erwähnt wird, was auch in diesem Artikel der Fall ist. Hier sind einige Beispiele:

Zitat von Ahmad Ibn Hanbal:
Der Prophet Mohammed sagte: «Allah wird kurz vor dem Tag des Urteils al-Mahdi von meiner Abstammung aus dem Versteck bringen; selbst wenn nur ein Tag im Leben der Welt bleiben sollte, und er wird auf dieser Erde Gerechtigkeit und Billigkeit ausbreiten und Tyrannei und Unterdrückung ausrotten wird.»

Zitat von (Tirmidhi) Hadhrat Ali:
Der Prophet Mohammed sagte: «Selbst wenn nur ein Tag für die Qiyamah (Endtage) übrig bleiben sollte, wird Allah bestimmt einen Mann von meiner Abstammung senden, der diese Welt mit solcher Gerechtigkeit und Schönheit füllen wird, wie es am Anfang mit der Unterdrückung verbreitet wurde.» (Abu Dawood)

Zitat von (Tirmidhi) Hadhrat Abdullah Ibn Mas'ood:
Der Prophet Mohammed sagte: «Diese Welt wird nicht enden, bis ein Mann (sich auf Mahdi beziehend) von meiner Nachkommenschaft kommt, der nicht über die Araber herrscht, und sein Name derselbe wie mein Name sein wird.»

Obwohl einige Menschen behauptet haben, dass es klare Zeichen seiner Ankunft gäbe, wie in verschiedenen anderen Hadith erwähnt wird, hat eine nähere Überprüfung jedoch gezeigt, dass die Vorhersagen nicht wirklich exakt sind, da viele Daten der Ereignisse nicht genau zusammenpassen oder die Prophetien so allgemein gehalten waren, dass leicht angenommen werden könnte, dass etwas wie das Vorausgesagte in Zukunft geschehen würde. Es ist deshalb nicht nötig, diese hier zu erwähnen. Zwischen den islamischen Gelehrten gibt es viele Debatten, ob diese Person wirklich existierte oder tatsächlich jemals existieren wird, da der Hadith nicht authentisch ist und nicht den inspirierten Gottesworten des Propheten Mohammed entsprechen könnte.

Wie das Christentum die Auferstehung von Jesus sieht der Islam den Mahdi/Mehdi auf ähnliche Weise, jedoch nicht als eine Wiederauferstehung des Propheten Mohammed, sondern als eine messianische Gestalt, die die Menschen dem Licht des Islams usw. usf. zurückbringen wird. In der Vergangenheit gab es einige Menschen, die behaupteten, der Mahdi/Mehdi zu sein, wie es auch bei Christen ist, bei denen viele Leute behaupten, Jesus zu sein.

Und jetzt ein kurzer Hinweis auf die frühen Reisen Billys: 1967 reiste Billy mit seiner jetzigen Ex-Frau, Kalliope, in den Fernen Osten, nämlich nach Karachi in West Pakistan. Während ihrem Aufenthalt in West-Pakistan wurden sie in den Lehren des Islam unterrichtet. Billys Grund, den Islam zu studieren, lag in seiner Aufgabe, die Weltreligionen kennenzulernen und sie gründlich zu erlernen. Wenn jemand zum Islam übertritt, wird ihm/ihr gewöhnlich ein arabischer Name gegeben, wenn sie nicht bereits einen solchen haben. So erhielt Billy den moslemischen Namen Mohammed Abdullah und Kalliope (seine Ex-Frau) den Namen Ayesha Abdullah.

In den ursprünglichen Lehren Jmmanuels im Talmud Jmmanuel wird der Neuzeit-Prophet erwähnt. Erwähnte Prophet Mohammed diesen Neuzeit-Propheten auch in seinen Lehren? Wie im Christentum, nach vielen Jahrhunderten von Fälschungen, ist es auch im Islam schwer, sicher zu wissen, ob der Prophet Mohammed wirklich vom Neuzeit-Propheten sprach oder ob seine Aussagen gefälscht wurden, weil das Erwähnen eines Neuzeit-Propheten einen Widerspruch zum weithin bekannten islamischen Unterricht schaffen würde, der Mohammed als letzten Propheten betrachtet. Trotzdem ist der Name des Propheten des Islams als Mohammed Abdullah bekannt, und der Mahdi/Mehdi wird, wie in einem obengenannten Hadith erwähnt, den gleichen Namen tragen, also: Mohammed Abdullah.

Kann es wirklich so sein? Welchen Grund gibt es, dass Billy jene zwei Namen aus Tausenden arabischer Namen gegeben wurden? Einerseits können wir uns als Grund vorstellen, dass dieses Geschehen vor langer Zeit in Bewegung gesetzt worden sein könnte und dass es das Ergebnis einer Bestimmung aus ferner Vergangenheit ist, wodurch der Neuzeit-Prophet auch diesen Namen trägt, weil er in den Schriften des Islams nicht lange überlebt hätte, hätte er nicht einen arabischen Namen getragen. Andererseits kann man auch behaupten, dass das Ganze nur eine Lüge sei und dass Billy sich diesen Namen selbst gegeben habe, weil er wusste, was er verursachen konnte. Weil die Person, die ihm diesen Namen gab, nicht interviewt wurde und weil niemand behauptet, ihm diesen Namen gegeben zu haben, kann es nicht sicher nachgeprüft werden (als Beweis der Richtigkeit von Billys Angaben siehe entsprechendes Zertifikat vom 26. Juni 1967/Karachi, Pakistan, als Photoabdruck).

Was getan werden kann, ist zu versuchen, die Stellung Billys und seine Gründe zu hinterfragen, die ihn veranlasst haben könnten, eine solche Lüge zu fabrizieren. Billy hat niemals über irgend etwas absicht-

lich gelogen. Er könnte, wenn er falsch informiert war, in der Vergangenheit falsche Dinge erzählt haben, was aber nicht absichtliche Lügen wären. In all den Jahren konnte niemand beweisen, noch ist es irgendwo dokumentiert, dass Billy absichtlich gelogen hätte, um zu täuschen oder um jemanden zu betrügen. Ein sehr wichtiger Punkt ist auch, dass er nie behauptete, ein Prophet zu sein. Menschen um Billy herum haben ihn aber als weisen Lehrer erkannt, der sein ganzes Leben dem Unterrichten von uns Menschen gewidmet hat und nie irgend etwas dafür verlangte. Er zeigte auch nie irgendwelche Zeichen eines Wunsches, sich über irgend jemanden zu erheben. Nach meiner persönlichen Erfahrung ist er eine der bescheidensten und freundlichsten Personen, die ich je getroffen habe.

Nehmen Sie bitte zur Kenntnis, dass die in diesem Artikel vertretenen Ansichten weder die von Billy noch jene der FIGU sind. Ich übernehme die volle Verantwortung für alle Informationen in diesem Artikel und hoffe, dass es aus anderen Perspektiven mehr zum Fall geben wird. Als Endnotiz möchte ich anführen, dass dies mein erster Artikel ist, weshalb ich mich gerne dafür bedanken möchte, dass die Schöpfung und die Plejaren-Freunde unserer Entwicklung durch Billy helfen. Bei Billy bedanke ich mich dafür, dass er uns nie aufgegeben hat. Da ich schon als kleiner Junge über den Mahdi/Mehdi erfuhr, konnte ich damals nur träumen, dass ich diese Person jemals treffen und hören könnte, was sie zu sagen hat. Ich wusste damals schon, dass es etwas Falsches gab und brauchte einige Erläuterungen. Ungefähr zwei Jahre, nachdem ich von Billy erfahren hatte, las ich sein Buch ‹Einführung in die Meditation› und fand heraus, dass ihm der Name Sheik Mohammed Abdullah gegeben worden war. Meine Augen füllten sich mit Tränen, als ich wusste, dass ich ihn tatsächlich in dieser Lebenszeit gefunden habe. Seither habe ich sehr viel von dieser weisen Person erfahren und gelernt. Ich hoffe imstande zu sein, den suchenden Menschen seine Weisheiten aufzeigen zu können, in der Hoffnung, dass sich eines Tages durch seine Weisheiten der wahre Frieden und die Freiheit der ganzen Erde und dem Rest des Weltalls offenbaren werden.

Original-Zertifikat der Ernennung Eduard Albert Meiers zu Mohammed Abdullah von 1967; unten die türkische Übersetzung des Zertifikats.

Who is the person named the Mahdi/Mehdi mentioned in Islam?

The term ‹MAHDI› is a title meaning ‹The Guided/Directed one›, but is also a common name in the Arabic world. This title has been used in many of Prophet Mohammed's sayings (Hadith) referring to a messianic figure within Islam who will bring peace, justice and honesty etc. …

Like many ideas and theories in Islam there are usually differences or at least slight differences that exist between the various sects. However, the majority of Muslims, the Sunni, agree on the level that that there is a person who will be appearing on Earth before the End of Days to bring a positive change. Although in the sayings of the prophet, these changes are mostly related to positive changes in the Islam's points of view. On the other hand the Shi'a have a different view. If we take the highest percentage of Shi'a which are known as Imamites or the Twelvers, they claim that this person was Mohammed Al-Mahdi (also known as Muhammad ibn Hasan ibn Ali) born in 868, and was the twelfth Imam. But the focus of this article will be on the Sunni's view of this person.

Since we have been given information from our Plejaren friends that Islam was falsified even before the death of the Prophet Mohammed, a lot of the prophet's sayings (Hadith) are rather unreliable. Even if scientifically viewed, there are not many ways to truly authenticate any of the Hadith, but if they are read taking into consideration the information given to us by Billy, it seems that a few Hadith may have retained their original form, and therefore correspond to information given to us by the Plejarens or Billy.

Despite modern popularity, the Mahdi/Mehdi is not mentioned in the Qu'ran. Therefore in most articles and books where this person is mentioned or dealth with, only the Hadith are mentioned as a reference, which is also the case with this article. Here are a few examples …

Ahmad Ibn Hanbal is quoted as saying: The Prophet Mohammed said «Allah will bring out from concealment al-Mahdi from my lineage and just before the Day of Judgment; even if only one day were to remain in the life of the world, and he will spread on this earth justice and equity and will eradicate tyranny and oppression.»

(Tirmidhi) Hadhrat Ali is quoted as saying: The Prophet Mohammed said «Even if only a day remains for Qiyamah (means, the End of Days) to come, yet Allah will surely send a man from my lineage who will fill this world with such justice and fairness, just as it initially was filled with oppression.» (Abu Dawood)

(Tirmidhi) Hadhrat Abdullah bin Mas'ood is quoted as saying: The Prophet Mohammed said, «This world will not come to an end until one man (referring to Mahdi) from my progeny does not rule over the Arabs, and his name will be the same as my name.»

Although some people have claimed that there are clear signs of his coming mentioned in various other Hadith, a closer examination of the prophecies/predictions shows that they are not really accurate, since a lot of the dates do not exactly correspond to the occurrences of the events, or the prophecies/predictions were so general that it could have been an easy guess that something like that would happen in the future. Therefore it is not worthwhile including them in this article. Among the Islamic scholars there is much debate as to whether this person does exist or will actually ever exist, since the Hadith might not be authentic, and might not correspond to the inspired divine words of the Prophet Muhammed.

As with Christianity and the resurrection of Jesus, Islam sees the Mahdi/Mehdi in a similar way, not as the resurrection of the Prophet Mohammed, but as a messianic figure that will bring the people back to the light of Islam and so on and so forth. There have been a few people in the past who have claimed to be the Mahdi/Mehdi, as is the case with Christians where a lot of people claimed to be Jesus.

And now a short reminder of the early travels of Billy: In 1967 Billy and his now ex-wife, Kalliope continued their travels towards the Far East, namely to Karachi, West Pakistan. During their stay they were

both taught about Islam. Billy's reason to study Islam was because of his task to get to know the world religions and to learn them thoroughly. When somebody converts to Islam, he/she is usually given an Arabic name(s) if he/she doesn't already have one, and so Billy was given the Muslim name Mohammed Abdullah and Kalliope (his ex-wife) the name Ayesha Abdullah.

As we have seen in the original teachings of Jmmanuel in the TJ, the prophet of the new time is mentioned. Did the Prophet Mohammed also mention this the prophet of the new time in his teachings? Like Christianity after many years of falsifications it is hard to know for sure if the Prophet Mohammed did speak of the prophet of the new time or if it was falsified, because mentioning the prophet of the new time would create a paradox to the well known Islamic teaching where the Prophet Mohammed is considered to be the final prophet. Nevertheless the name of the prophet of Islam is known as Mohammed Abdullah, and therefore the Mahdi/Mehdi, as Stated in one of the above Hadith, would have the same name, i.e. Mohammed Abdullah.

Can it really be so? What are the chances that Billy was given the combination of those two names out of thousands of Arabic names? On one hand we can imagine that the reason is that such a thing could have been set in motion a long time ago, and is a result of a direction taken in the distant past whereby the prophet of the new time would carry this name as well, because in most cases this person would not have survived in Islam's writings for so long if the name was not an Arabic one. On the other hand one can also claim that it was all a lie and that Billy gave himself this name knowing what it might cause. As the person that gave him this name has not been interviewed and nobody has claimed to have given him this name, it cannot be verified for sure (as proof of the genuineness of Billy's statements, see the photocopy of the corresponding certificate of June 26, 1967/Karachi, West Pakistan, which is included in the German version of this article).
What can be done, is to try to analyze Billy's position and what could have prompted him to fabricate such a lie. Billy has never intentionally lied about anything; he might have told incorrect things in the past but that was a result of being misinformed and was therefore not an intentional lie; but after all these years no one has proved nor has it been documented anywhere that he had deliberately lied to deceive or cheat someone. And a very important point is that he has never claimed to be a prophet, but people around Billy have recognized him as a wise teacher, dedicating his whole life to teaching us human beings, and never asking for anything in return. He has never shown any signs of wanting to promote himself over anyone, and from my personal experience he is one of the humblest and kindest persons I have ever met.

Please note that the views expressed in this article are neither of Billy nor that of FIGU. I take full responsibility for all the information written down in this article, and hope that it might give more light towards the case from a different perspective. And as a final note, since this is my first article, I would like to thank the Creation and the Plejarens for helping our development through Billy, and thank you ‹Billy› for not giving up on us. Since I was very young when I first heard about the Mahdi/Mehdi, I could only dream about the day when I could meet this person and hear what he has to say, because I knew already then that there was something wrong which needed some clarifications. About two years after finding out about Billy, I found out while reading the book ‹Einführung in die Meditation› that he had been given the name Mohammed Abdullah. My eyes filled with tears when I realised that I had actually found him in this lifetime. And since then, I have learned a lot from this wise person, and I hope I will be able to reflect the wisdom I have learned from him to the people that seek it, in the hope that one day his wisdom will bring true peace and freedom to the whole earth and the rest of the universe.

Bevölkerungswachstum und Wirtschaftswachstum aus der Sicht eines Biologen

von Hennig Stieve, Deutschland

Wir haben nicht zu wenige Kinder, sondern wir sind zu viele Menschen!

In der Natur haben Lebewesen normalerweise mehr Nachkommen als überleben können. Trotz der natürlichen Überproduktion nehmen die Individuenzahlen der meisten Arten nicht laufend zu, weil viele Individuen durch Feinde, Krankheiten, Stress und andere Ursachen frühzeitig sterben. Überproduktion an Nachkommen ist ein wesentliches, aber teures Erfolgsrezept in der Evolution. Da die Nachkommen untereinander erblich verschieden sind, werden dabei viele zufällig verschiedene Möglichkeiten ausprobiert, um in der Umwelt zurechtzukommen. Da es Feinde und Konkurrenten und nicht genügend Lebensraum und Ressourcen für alle Nachkommen gibt, können nicht alle überleben. Viele von ihnen sterben (bevorzugt solche, die für die gerade herrschende Situation weniger geeignet sind) ohne sich fortzupflanzen (Selektion). Daher wachsen in der Natur Populationen nicht beliebig; die Populations-Dichte ist beschränkt. Die Wege, auf denen die Bevölkerungszunahme reguliert wird, sind bei verschiedenen Tier- und Pflanzenarten recht verschieden. Zwei Extreme:

Ungebremstes Bevölkerungswachstum führt in eine Katastrophe. Viele Arten leben nach einer Katastrophenstrategie: Blattläuse, Wanderheuschrecken, Lemminge und Pionierpflanzen (z.B. Ackerunkräuter) vermehren sich explosionsartig, wenn die Bedingungen günstig sind; später sterben die meisten von ihnen in Massensterben. Nahrungs- und Platzmangel, Infektionskrankheiten, Stress und Zunahme der Feinde sind häufige Ursachen. Anschliessend kann das Wachstum wieder von wenigen Individuen von neuem ausgehen. Bei manchen Arten mit langlebigen Individuen sterben die allermeisten Nachkommen in den frühesten Stadien. Eichen und Buchen produzieren eine riesige Zahl an Nachkommen, von denen die meisten als Sämlinge aus Lichtmangel zugrunde gehen. Nur ein winziger Bruchteil von ihnen wächst zu stattlichen Bäumen heran. Andere Arten, z.B. viele langlebige grössere Säugetiere (Elefanten, Hirsche und Menschenaffen), haben eine geringere Überproduktion an Nachkommen, doch auch ihre Populationsdichte wird durch Selektion begrenzt, wobei es nicht zu katastrophalen Massensterben kommen muss.

Einige Tierarten haben im Laufe der Evolution gelernt, ihre Vermehrung bei Bedarf selbst zu begrenzen. So gibt es Mäusearten, bei denen bei hoher Populationsdichte unter anderem durch Stress die Ei- und Samenreifung (selbst bei noch ausreichender Ernährung) eingeschränkt wird, schliesslich sogar aufhört, und Embryonen absterben. Manche Arten pflanzen sich unter schlechten Bedingungen weniger oder nicht fort (Beispiele: Mäusebussard und Eulen bei Mäuseknappheit). Ein besonderer Regulationsmechanismus ist z.B. von Krallenäffchen bekannt: Sie leben im tropischen Regenwald in Familienverbänden, in denen nur ein Weibchen Junge bekommt. Dieses ‹Alpha-Weibchen› sondert einen Duftstoff (ein Pheromon) ab, der bei den anderen Weibchen die Eireifung verhindert.

Arten können neue Lebensräume erschliessen, wodurch mehr Nachkommen überleben können. So hat der Mensch die ganze Erde besiedelt, auch indem er die Umwelt gewaltig verändert hat. Die Umweltbedingungen in der Nähe der Menschen sind auch für viele andere Arten attraktiv. Solche ‹Kulturfolger› können sich mit dem Menschen über die ganze Erde ausbreiten. Beispiele sind unter anderen Hausmaus, Haussperling, Wanderratte und Stadttaube. Manche von ihnen können sich in Menschennähe, wo sie kaum Feinde haben, so stark vermehren, dass sie zur Plage werden können und Menschen ihre Vermehrung einschränken. Hirsche und Rehe, die bei uns kaum noch Feinde haben, würden sich noch mehr vermehren, wenn nicht viele von ihnen durch Jäger getötet würden.

Die Menschen vermehren sich gewaltig; und sie haben heute ausser Krankheiten kaum noch artfremde Bedrohungen. Als Kulturschaffende und Kulturfolger erobern und beanspruchen sie immer mehr Raum der Erde, wobei dieser Raum für viele andere Arten verlorengeht. Die Menschheit ist dabei, die Lebensgrundlage für viele Tier- und Pflanzenarten und damit auch für kommende Menschengenerationen zu zer-

stören, zu verbrauchen. Seit vielen Jahrzehnten ist das Wachstum der Menschheit exponentiell. Wenn das so weiter geht, führt es zwangsläufig in Katastrophen. Viele Probleme werden durch Überbevölkerung verursacht. Krankheiten und Stress, Nahrungsmangel, Konkurrenz und schliesslich Kriege um Ressourcen und Raum sind drohende Gefahren von zu hohen Populationsdichten.
Überbevölkerung gibt es auch in Deutschland – nicht nur in Ländern wie Indien, China und Brasilien. Seit es Menschen gibt, haben in Deutschland noch nie so viele Menschen gelebt wie heute. Eigentlich sollten Menschen mit Vernunft in der Lage sein, ihre Populationsdichte auf ein erträgliches Mass zu regulieren. Dies geschieht aber bisher leider nicht genügend. Fortpflanzungstrieb, Tradition und religiöse Überzeugungen sind zu stark. Auch mangelndes Wissen und politischer Opportunismus verhindern wirksame Geburtenbeschränkung. In vielen westlichen Ländern hat die Geburtenrate mit steigendem Wohlstand und der Erhöhung der Lebenserwartung abgenommen. Dies ist möglicherweise eine vielleicht unbewusste Reaktion auf die Überbevölkerung. Die Abnahme der Geburten könnte darauf hinwirken, dass sich die Bevölkerungsdichte auf ein niedrigeres Mass einpendelt. Eine solche regulierende Reaktion greift allerdings in vielen vor allem wirtschaftlich schwachen Ländern noch nicht.
Seit einigen Jahren ist es auch vielen Politikern aufgefallen, dass in Deutschland und anderen westlichen Ländern der Anteil der Älteren erheblich zugenommen hat. Das gesellschaftliche Fürsorgemodell, nach dem die nachwachsenden Jungen die Alten mitversorgen, ist für die menschliche Gesellschaft bei nicht zu hohen Populationsdichten naheliegend. Bei einem grossen Übergewicht an Älteren passt dies aber nicht mehr. Und da fällt vielen nichts anderes ein, als zu fordern, es müssten bei uns mehr Kinder geboren werden. Aber das würde weitere Überbevölkerung bedeuten. Es sind stattdessen neue Lösungswege gefragt. Wir müssen nach intelligenten anderen Lösungen als den gewohnten suchen. Arbeit muss anders verteilt werden. Wenn es weniger junge Menschen gibt, um die vielen Alten zu versorgen, sollten arbeitsfähige Alte mithelfen, für andere Alte zu sorgen.
Oft wird hier noch eine Wartehaltung verteidigt: «Wir müssen erst dann etwas gegen die Überbevölkerung unternehmen, wenn dies auch viele andere Länder tun.» Aber auch die viel grössere Überbevölkerung in ärmeren Ländern ist kein Grund, jetzt in Deutschland noch nichts zu unternehmen. Wäre es nicht besser, einen vorbildlichen Weg zu suchen, bei dem wir mit kleineren Nachwuchszahlen eine ausgewogene gesellschaftliche Fürsorge zustande bringen?

Permanentes Wirtschaftswachstum auf Kosten anderer?

Es scheint so, als sei es heute ein von fast allen Wirtschaftlern, Politikern und Medien kritiklos akzeptiertes Credo, dass wir ein jährliches Wirtschaftswachstum von einigen Prozent brauchen. Ein stetiges Wachstum um beispielsweise 2% bedeutet aber ein exponentielles Wachstum – ins Grenzenlose; das sollten wir trotz unseres Pisa-Defizits einsehen können. (Viele Politiker wissen vielleicht nicht, was exponentielles Wachstum bedeutet, aber Frau Merkel, als Physikerin, sollte es wissen.) Wachstum – und schon gar exponentielles – darf es auf der begrenzten Erde heute nur in vorübergehenden Entwicklungsphasen geben, wenn es nicht in Katastrophen führen soll. Fortlaufendes Wirtschaftswachstum kann bei uns im wesentlichen nur auf Kosten anderer (schwächerer Länder und zukünftiger Generationen) erfolgen.
Die Weltwirtschaft scheint nach naturgegebenen Gesetzen zu verlaufen. Bisweilen führt sie zu Fehlentwicklungen: So wird unter anderem Milch und Schlachtvieh in ganz Europa über weite Strecken hin- und her gekarrt, weil es ‹ökonomischer› ist, als sie dort zu verarbeiten, wo sie erzeugt oder gebraucht werden. (Das hat auch ein bisschen von ‹Herren-Moral›: Die Armen können die Drecksarbeit leisten.) In Bielefeld und Halle werden Steine für Strassenpflaster aus China geholt, weil das so billig ist. Es scheint auch ‹ökonomischer›, defekte wertvolle Produkte wegzuwerfen, als sie zu reparieren. Für all das gibt es im Rahmen einer kurzfristigen Wirtschaftslogik plausible Gründe. Weil Energie bei uns verhältnismässig billig ist und Arbeit teuer, scheint es ‹ökonomisch›, unsere Ressourcen rücksichtsarm zu verbrauchen. Nach unserem fast einhellig akklamierten Wirtschaftssystem sollten wir sogar ein schlechtes Gewissen haben, wenn wir nicht mehr einkaufen, als wir brauchen.

Unser gegenwärtiges Wirtschaftssystem läuft langfristig in eine für die grössere Zahl der Menschen ungünstige Richtung. Wir sind dabei, durch unsere Wirtschaftspolitik unseren Kindeskindern die Lebensbedingungen zu verderben, aber kaum jemand ist ernsthaft daran interessiert, wie es unseren Urenkeln gehen wird. Viele Politiker und Wirtschaftler haben nicht die Einsicht oder den Mut zuzugeben, dass «Weitermachen mit immer mehr Wachstum» ein falscher Weg ist; andere meinen vielleicht, dass wir wenigstens noch ein paar Jahre so weitermachen können. Es fehlt an Entschlossenheit, zielstrebig zu versuchen, bessere, auch zunächst unpopuläre Wege zu gehen und es nicht späteren Generationen zu überlassen, mit dem Schaden, der heute angerichtet wird, zurechtzukommen. Vieles, was zu tun nötig ist, ist heute unpopulär und deshalb politisch kaum durchsetzbar. Aber sollten nicht die Medien eine Plattform bieten, auf der wir nach besseren Lösungen suchen? Sie könnten mehr dabei helfen, gute Wege zu bereiten, indem sie verschiedene Wirtschaftsmodelle kritisch diskutieren anstatt immer wieder nachzubeten: «Wir brauchen Wachstum, Wachstum, Wachstum!»
Wir müssen endlich lernen, mit dem Vorhandenen auszukommen – ohne ständiges Wirtschaftswachstum. Das sollte möglich sein. Die Biologie macht es uns vor: Organismen sind in mancher Hinsicht Modelle für Wirtschaftssysteme. Und der Mensch wächst nach seinem 20. Lebensjahr nicht mehr nennenswert; trotzdem kann er danach ohne Wachstum ein langes gesundes Leben führen. Da wirkt unser Geschrei nach Wachstum ein wenig pubertär: «Ich bin jetzt 18 Jahre alt und wachse kaum noch!» Da wir zur Zeit so auf Wachstum fixiert sind, nehmen wir überhaupt nicht wahr, wie gut es uns in Deutschland geht – im Vergleich zu den meisten Menschen auf der Welt.

Dem Ersuchen von Herrn Dr. Rehfeld wird natürlich entsprochen.

In Erinnerung an Premier Tony Blair

Aus ‹DIE ZEIT›, vom 14.06.2007, Nr. 25

Die Lüge als höhere Wahrheit

Eine Erinnerung an die überwältigende Schauspielkunst des Tony Blair.

Von Raymond Geuss

Tony Blair schuf sich eine moralische Phantasielandschaft, die er mit der Wirklichkeit verwechselte.

Im öffentlichen Leben wird häufig und auf vielfältige Weise gelogen. Finanzminister, die im Privatumgang vollkommen ehrlich sind, müssen sich gelegentlich gegen die Wahrheit versündigen, um notwendige währungspolitische Massnahmen durchzuführen, und Diplomaten sind gehalten, die Politik ihrer Regierung ins rechte Licht zu stellen, auch wenn sie wissen, dass sich gewisse lichtscheue Subtilitäten dieser Politik keiner allgemeinen Zustimmung erfreuen würden und daher besser unerwähnt blieben. Es gibt kleine verschämte Lügner, wie die meisten Opfer der besonders in Grossbritannien beliebten Sexskandale, und grosse, unverschämte Lügner, die genau wissen, was sie tun. Tony Blair gilt als einer der erfolgreichsten Labour-Politiker der letzten fünfzig Jahre und auch als einer der grössten Lügner. Wie reimt sich das zusammen?

Der Schlüssel zum Verständnis des Politikers Blair ist seine einzigartige Verbindung von extremer schauspielerischer Begabung und religiösem Eifer. Ein besonders hartes, aber treffendes Urteil über ihn hat seine ehemalige Kabinettskollegin Claire Short gefällt: «Blair ist es eigentlich ganz gleich, welches Stück gespielt wird, solange er die Hauptrolle hat.» Da es in einem Theaterstück gar nicht um Wahrheit geht, sondern lediglich um überzeugende Darstellung, wäre Tony Blair demnach ein gesinnungsloser Opportunist, der überzeugend wirkt, weil er in der Lage ist, zuerst sich selbst von der Wahrheit dessen, was er sagt, und von seiner eigenen Wahrhaftigkeit zu überzeugen.

Damit ist allerdings nicht das letzte Wort über den Fall Blair gesprochen, denn er ist auch ein gläubiger Christ, der in gewissem Sinne eine Moralisierung der Politik anstrebt. ‹Moralität› heisst im Westen überwiegend ein auf monotheistischen Restvorstellungen beruhender grosser Simplifikationsapparat: Es gibt einen strengen Unterschied zwischen einem unbedingt Guten und einem teuflisch Bösen, ohne Zwischenstufen. Der Mensch muss das Gute wählen und das Böse vermeiden beziehungsweise bekämpfen. Hier die richtige Wahl zu treffen ist von so unendlicher Wichtigkeit, dass alle anderen menschlichen Zwecke kaum ins Gewicht fallen. Angesichts der in diesem Weltbild enthaltenen Möglichkeiten zur Selbstinszenierung als Vorkämpfer des unbezweifelt Guten nimmt es nicht wunder, dass ein ehrgeiziger christlicher Politiker, zumal einer, der sowieso zum Schauspielen neigt, leicht in die Rolle des Gottesritters schlüpft.

Die grosse Stärke einer derart moralisierten Politik besteht darin, dass sie die Struktur gewisser dringlicher Entscheidungssituationen widerspiegelt. Manchmal kann man in der Tat nicht umhin, unter Zeitdruck zwischen gegebenen, schwerwiegenden Alternativen zu wählen. Als politische Grundeinstellung hat aber diese Denkweise massive Schwächen, verleitet sie doch dazu, blosse Interessenskonflikte als moralische Auseinandersetzungen zu missdeuten und ein vereinfachtes Gut-Böse-Schema auch auf andere Situationen zu projizieren. Sie entwertet das Verstehen, die Toleranz und Kompromissbereitschaft und die Suche nach neuen Möglichkeiten des entschärften Zusammenlebens zwischen Gegnern. Wer weiss, dass er die Weltsituation in Umrissen richtig überblickt und moralisch korrekt beurteilt, kann sich die Mühe einer genauen Kenntnisnahme der vielen Details sparen. Wenn die Aufgabe unendlich wichtig ist, sind kleine oder auch grössere Unwahrheiten lässliche Sünden. Was zählt schliesslich eine kleine Lüge verglichen mit der Bekämpfung des Terrors? Es hat vielleicht sogar etwas Heldenhaftes an sich, die eigene Seele um des Sieges der guten und gerechten Ordnung willen moralisch zu belasten.

Vor der Invasion des Iraks hat eine Gruppe führender Nahostexperten bei Tony Blair vorgesprochen, um ihn vor den Folgen einer unüberlegten Entscheidung zu warnen. Die Situation im Irak sei sehr komplex,

man könne das Gleichgewicht der politischen, religiösen, und nationalen Kräfte leicht stören, man müsse vorher genau wissen, was man vorhabe, wie man die Besetzung des Landes zu organisieren gedenke und so weiter. Blair soll nur widerwillig und gelangweilt zugehört haben, die Reden der Akademiker aber immer wieder mit derselben Frage unterbrochen haben: «Saddam ist aber ein Bösewicht, nicht wahr?» («But Saddam is evil, isn't he?»).

Selbstverständlich hat Blair eine Reihe ganz normaler, dicker Lügen erzählt und ist ein Meister im gezielten Gebrauch von Halbwahrheiten. So hat er das britische Parlament wiederholt über die Zielsetzung seiner Irakpolitik belogen. Dass Saddam Hussein einen Krieg verhindern und unbehelligt an der Macht bleiben könne, wenn er sich nur dem Willen der UN beuge, hat Blair monatelang verkündet, obwohl er schon mit George W. Bush beschlossen hatte, Saddam in jedem Fall, gegebenenfalls mit militärischer Gewalt, zu stürzen. Er hat vertrauliche, von den britischen Sicherheitsdiensten vorgelegte Analysen, die zum Schluss kamen, Hussein stelle keine Gefährdung des Friedens im Nahen Osten dar, in ihr Gegenteil verkehrt und in dieser gefälschten Form veröffentlicht. Die französische Position in der Frage der sogenannten ‹zweiten Irak-Resolution› hat er zielbewusst falsch dargestellt, um die ‹Schuld› für das Nichtzustandekommen dieser Resolution den Franzosen anzulasten. Von solchen Beispielen liessen sich noch weitere anführen.

Plumpe Lügen und systematisch irreführende Behauptungen unterminieren die demokratische Willensbildung und sind für den Lügner selbst nicht ungefährlich, da er ertappt werden kann. Verderblicher noch als die mit vollem Bewusstsein vorgetragene falsche Aussage ist aber die für Blair charakteristische Form der Unwahrheit: Die auf Wunschdenken, Selbsttäuschung und einem unendlichen Selbststilisierungsbedürfnis beruhende ‹Zurechtmachung› der Welt durch Unterdrückung unliebsamer und Erfindung falscher Tatsachen. Wer gewohnt ist, auf diese Weise vorzugehen, weiss am Ende selber nicht, woran er ist. Die kurzfristige argumentative Überlegenheit, die aus dem absoluten Vertrauen in die Richtigkeit des eigenen moralischen Urteils entsteht, paart sich mit der eventuellen Unfähigkeit, die Welt so zur Kenntnis zu nehmen, wie sie ist. Längerfristig können sich freilich die verachteten kleinen grauen Tatsachen auf eine ganz grausame Weise rächen.

Der ‹Modernisierer› Blair hat durch die Institutionalisierung neoliberaler Dogmen und durch eingreifende Privatisierungen im Gesundheits-, Bildungs-, Transport- und Sicherheitssektor eifrig den Abbau der Sozialdemokratie betrieben. Ausserdem hat er wesentliche Stützen der parlamentarischen Demokratie zerstört, individuelle Bürgerrechte beschränkt oder abgeschafft und als Erbschaft eine geschwächte, ideologisch ausgehöhlte Labour-Party hinterlassen. Die ursprüngliche aussenpolitische Hoffnung Blairs, als Pontifex Maximus eine Brücke zwischen den USA und der EU zu schlagen, scheiterte zum Teil an der sturen Inkompetenz und dem Herrschaftsanspruch der Bush-Regierung, zum Teil an der von Blair sicherlich als moralische Blindheit interpretierten Widerspenstigkeit der Europäer. Wenn seine Nachfolger überhaupt auf die Stimme des britischen Volkes hören, werden sie versuchen, auf Abstand zum ‹imperium americanum› zu gehen, ohne sich der EU näher anzuschliessen. Ob eine kohärente Politik unter solchen Vorzeichen überhaupt möglich ist und wie sie aussehen könnte, bleibt dahingestellt.

Tony Blair schuf sich seit September 2001 eine moralische Phantasielandschaft, die er zunehmend mit der Wirklichkeit verwechselte. Seine historische Bedeutung besteht darin, dass er der erste britische Politiker war, der seine ganze Politik den Erfordernissen des Scheins untergeordnet hat. Er hat die Möglichkeiten einer systematischen politischen Beherrschung des Informationsflusses klar gesehen und genutzt. Seine positiven politischen Bestrebungen führten zu nichts, aber der Apparat, den er ins Leben rief, hat überraschend gut funktioniert. Die bleibende Lehre, die Politiker nach Blair daraus ziehen werden, ist die Notwendigkeit, selbst so einen Apparat zu besitzen.

Sehr geehrter Herr Wolf,

Frau Viebrock (Die Zeit) hat Ihre Anfrage über die Möglichkeit einer Wiederveröffentlichung meines Artikels «Lüge als Höhere Wahrheit» an mich weitergeleitet. Als Autor des Artikels verfüge ich, glaube ich, über diese Rechte. Ich bin damit einverstanden, dass Sie den Artikel im Bulletin der FIGU (und auf deren Homepage) jetzt kostenlos veröffentlichen, unter der Bedingung, dass Sie mir ein Freiexemplar des betreffenden Bulletins zukommen lassen. Es freut mich, dass Ihnen der Artikel gefallen hat,

mit freundlichen Grüssen,

Demokratie wie sie ist und wie sie sein sollte

Das Wort ‹Demokratie› stammt aus dem Griechischen und bedeutet ‹Volksherrschaft› resp. ‹Herrschaft des Volkes›. Irrigerweise ist die Mehrheit der Erdenmenschen der Ansicht, die auf unserem Planeten nach den Prinzipien und Spielregeln der irdischen Politik praktizierten Formen der ‹Demokratie› seien echte Demokratieformen im wörtlichen Sinne. Das ist aber nicht der Fall, denn eine wahrheitsgemässe, direkte Demokratie ist nur dann gegeben, wenn tatsächlich alle Macht, Entscheidungsbefugnis und Gewalt direkt beim Volk liegt. Die führenden Kräfte müssen dabei vom Volk direkt bestimmt werden und dessen Beschlüsse getreu durchsetzen. Ausnahmslos alle Entscheidungen des Volkes müssen durch Mehrheitsbeschlüsse direkt und völlig unbeeinflusst von jeder Propaganda und ohne vorherige Absprachen zustande kommen. Andere Formen, wie die auf der Erde üblichen ‹Demokratien›, sind dies nur dem Namen nach. In Tat und Wahrheit sind sie nämlich nichts anderes als Parteien- und Regierungsdiktaturen, die sich betrügerisch das Etikett ‹Demokratie› ans Revers geheftet haben, selbst wenn sie sich hochtrabende Bezeichnungen wie ‹Repräsentative (nationale) Demokratie›, ‹Mehrheitsdemokratie›, ‹Konsens-/Konkordanzdemokratie›, ‹Delegative Demokratie› oder ‹Deliberative Demokratie› nennen.
Wirkliche Demokratie ist nur möglich, wenn das Volk in Einigkeit zusammensteht und sich dessen bewusst wird, dass es die Verantwortung in die eigene Hand nehmen muss, weil es allein der wirkliche und wahre Souverän des Staates ist. Doch leider hapert es bei den Menschen der Erde ganz gewaltig an diesem Bewusstsein sowie an der Verantwortung, dem Zusammengehörigkeitsgefühl und an der Einigkeit, weshalb

auch keine wahren Demokratien zustande kommen können, die diesen Namen auch verdienen. Die Gründe dafür können im grossen und ganzen wie folgt zusammengefasst werden:

1. Bewusstsein/Charakter der Menschen:
Mangelnde Verantwortungsbereitschaft für das eigene Leben und für das Wohl der Gemeinschaft; Gleichgültigkeit; Dummheit; Obrigkeitshörigkeit; kultreligiöse und sektiererische Verblendung; Unterdrückung der Selbständigkeit resp. Erziehung zur Unselbständigkeit; mangelnde Selbsterziehung; fehlendes Wissen bezüglich der eigenen Möglichkeiten und Pflichten; fehlende resp. mangelnde Kenntnis der schöpferisch-natürlichen Gesetze und Gebote, wodurch im Denken der Menschen Unlogik, Desorientierung und Ziellosigkeit regieren, was sie manipulierbar macht.

2. Politik- und Parteiensysteme:
Undemokratische Strukturen des Politik- und Parteiensystems; mangelnde menschliche Qualifikation der Politiker und Verantwortlichen; Bestechung und Käuflichkeit; rechtliche Immunität von Politikern, Wirtschaftsführern und Verantwortlichen; Lobbyistentum; zügelloses Machtstreben; überbordender Materialismus; Manipulation des Volkes durch Propaganda; Wahlfälschungen und Wahlbetrug; unzureichend organisierte und überwachte Wahlsysteme; Vetternwirtschaft; Desinformation durch Medien usw.

3. Globale Überbevölkerung:
Armut, Gewalt, körperliche, bewusstseinsmässige und psychische Degeneration der Menschen werden durch die Überbevölkerung regelrecht herangezüchtet. Folgen davon: Störungen in der Persönlichkeitsentwicklung und im zwischenmenschlichen Bereich; Sitten- und Moralzerfall; auseinanderfallende Familien- und Gesellschaftsstrukturen; Chaos und Anarchie; Überhandnahme von rigiden Machtstrukturen; Werteverlust und Zusammenbruch von Gesetz und Ordnung.

Die freie Enzyklopädie Wikipedia definiert den Begriff ‹Politik› wie folgt:
«Der Begriff Politik wird aus dem griechischen Begriff ‹Polis› für Stadt oder Gemeinschaft abgeleitet. Er bezeichnet ganz allgemein ein vorausberechnendes, innerhalb der Gesellschaft auf ein bestimmtes Ziel gerichtetes Verhalten. Allerdings gibt es letztlich bis heute keine Einigkeit darüber, ob Macht, Konflikt, Herrschaft, Ordnung oder Frieden die Hauptkategorie von Politik ausmachen.»
(http://de.wikipedia.org/wiki/Politik)

Schon in dieser Definition kommt klar zum Vorschein, wovon die Formen der irdischen Politik geprägt sind: Von verfilzten Parteiensystemen, in denen sich die Meinungen und Interessen der Parteien, ihrer Anhänger und Nutzniesser unvereinbar gegenüberstehen. Uneinigkeit und Streit sind die Folge davon, was wiederum verhindert, dass die erforderlichen logischen Massnahmen ergriffen werden. Das ‹vorausberechnende Verhalten› zielt dabei nicht auf das Gemeinwohl ab, sondern in erster Linie auf die Machterhaltung zu rein egoistischen Zwecken. In den Parteien herrscht nicht das demokratische Prinzip der freien Meinungsfindung, sondern ein terroristischer Meinungs- und Fraktionszwang, der Parteimitglieder und Abgeordnete zwingt, sich dem Willen der Parteibosse unterzuordnen und die eigene Meinung dem Diktat der Mächtigen zu opfern. Dass Abgeordnete bezüglich ihrer Entscheidungen nur dem eigenen Gewissen verpflichtet seien, wie es das Gesetz vorsieht, davon kann keine Rede sein. Die Parteiideologie/-philosophie resp. das Parteiprogramm entspricht einem Wunschbild, das nicht mit der Realität des menschlichen und gesellschaftlichen Lebens übereinstimmt.
Ein aktuelles Beispiel für das Versagen der Politik ist der G8-Gipfel der acht mächtigsten und wirtschaftskräftigsten Nationen (Deutschland, Frankreich, England, Italien, Japan, Kanada, Russland, USA und die Europäische Kommission) im Juni 2007 in Heiligendamm/Deutschland, wo unter anderem über Massnahmen zur Bekämpfung des Klimawandels verhandelt wurde. Einmal mehr blockierte der unfähige US-

Präsident Bush alle Bemühungen um das Zustandekommen effektiver Beschlüsse und Massnahmen. Anstatt schnell und effektiv zu handeln, werden von den Regierenden stets eigene wirtschaftliche, militärische und sektiererische Interessen verfolgt. Der eigentliche Grund des Klimawandels und vieler anderer Missstände auf der Erde wird dabei verbrecherisch und feige verschwiegen, nämlich das explodierende Wachstum der Erdbevölkerung mit allen schlimmen Folgen für Mensch, Umwelt und Planet (siehe FIGU-Bulletin Nr. 36, 37 und FIGU Offener Brief Nr. 1).

Das Hauptübel der irdischen Regierungsformen liegt darin, dass die Regierenden vom Volk nicht direkt gewählt und in ihre Ämter eingesetzt werden. In der Regel wird die Führung des Staates indirekt durch die gewählten Parteien und deren Bosse bestimmt. Die Bevölkerung erfüllt dabei im Grunde genommen nur den Zweck, die an die Macht strebenden Parteivertreter in bestimmten Zeitabständen mit ihren Stimmen zu unterstützen und ihnen damit alle Entscheidungsgewalt und Handlungsbefugnis zu übertragen, was von den Politikern heuchlerisch ‹Ausübung freier, demokratischer Wahlen› genannt wird. Dem Volk wird dadurch verunmöglicht, wirklich verantwortungsbewusste, wissende und weise Menschen und geeignete Führungskräfte durch direkte Wahlen einzusetzen. (Die aber, wie gerechterweise festgehalten werden muss, in der Regel auch nicht vorhanden sind, weil sie in den Parteien kaum oder keine Aufstiegsmöglichkeiten erhalten.) Vielmehr bestimmt ein korrupter Parteienapparat, der sich auf diktatorische Macht- und Hierarchiestrukturen stützt, wer die Regierung bildet und die Staatsgeschäfte ‹im Namen des Volkes› führt. Nach den Wahlen fühlen sich die Regierenden nur noch selten dem Volk und dem Allgemeinwohl verpflichtet, sondern nur noch dem Erhalt der eigenen Macht. Kritiker und Rivalen werden nach Möglichkeit ausgeschaltet und mit allen Mitteln mundtot gemacht, wozu auch Rufmord gehört. Um das Volk gefügig zu machen, bedienen sich die Parteien grossangelegter Propagandamaschinerien, die durch Staatsgelder, Steuern, Spenden und verdeckte Bestechungsgelder finanziert werden. Wird das Volk im Rahmen von Abstimmungen nach seinem Willen befragt, dann wird es vorher durch ‹meinungsbildende Massnahmen› derart verwirrt und verunsichert, dass ein Mehrheitsbeschluss in der Regel genau ins Konzept der Politiker passt. Unerwünschte Abstimmungsergebnisse werden von den Politikbonzen mit geheuchelter Toleranz zur Kenntnis genommen und sofort unterlaufen, wenn das Volk alles vergessen hat und in die gewünschte Gleichgültigkeit und Lethargie zurückgefallen ist. Notfalls lässt man das dumme Volk mit immer ‹neuen Vorlagen› solange über denselben Punkt abstimmen, bis das gewünschte Ergebnis vorliegt.

Betrachtet man neutral und unvoreingenommen die Art und Weise, wie in ‹demokratisch› regierten Staaten Entscheidungen zustande kommen, ist festzustellen, dass die Parteien – wie auch das bösartige EU-Krebsgeschwür – in Wahrheit diktatorische Machthaber sind, die das Volk suggestiv beeinflussen, wodurch dieses nicht mehr nach freiem Willen zu entscheiden vermag. Der Volkswille wird einfach verbrecherisch übergangen und ignoriert, wenn es der Politikmafia nicht ins Konzept passt. Das Volk ist allerdings zu grossen Teilen selbst an diesem Missstand schuld, weil ein einheitlicher, nach schöpferisch-natürlichen Gesetzen und Geboten ausgerichteter Volkswille nicht existiert.

Gäbe es diesbezüglich Einigkeit unter den Völkern, dann wäre die logische Folge, dass

- Politiker, Regierende und sonstige Verantwortliche einen Nachweis über ihre Befähigungen erbringen müssten;
- das Volk einen Amtsinhaber sofort absetzen könnte, wenn dieser nachweislich unfähig oder nicht willens wäre, sein Amt nach Gesetz und Ordnung auszufüllen.

«Politik ist durch beständig verjüngte Illusion beseeltes Pendeln zwischen Anarchie und Tyrannei.»

Albert Einstein

Dieser Satz beschreibt die der Politik innewohnende Unfähigkeit, eine wirkliche Ordnung nach schöpferisch-natürlichen Gesetzmässigkeiten zu schaffen. Solange die überwiegende Masse der Menschen sich nicht der Geisteslehre/Lehre des Lebens nach Nokodemjon/Henok zuwendet und in sich selbst und im

äusseren nicht wirklichen Frieden, Freiheit, Harmonie und Liebe erschafft, und die Politik nur danach strebt, das Volk für dumm zu verkaufen, es zu entmündigen, total zu überwachen, materiell auszubeuten und auf seine Kosten zu leben, kann es keinen wirklichen Frieden auf der Erde geben.

«Der Geist der Demokratie kann nicht von aussen aufgepfropft werden. Er muss von innen heraus kommen.»

Mahatma Ghandi

Um die Parteiensysteme zu überwinden, wäre es notwendig, den verbrecherischen Machenschaften der Parteien, Wirtschaftsbosse, Religionen, Sekten und Profiteure Widerstand entgegenzusetzen und durch eine wahrheitliche Demokratie zu ersetzen, in der das falsche Alte durch richtiges Neues abgelöst und ersetzt wird. Auch Mahatma Ghandi schaffte das nicht, weil er zwar durch eine ausgeartete Gewaltlosigkeit die Bevölkerung Indiens von der kolonialen Herrschaft des britischen Empire befreien konnte, sonst jedoch nichts erreichte. Hätte er Gewaltsame Gewaltlosigkeit zur Wirkung gebracht, hätte er nicht nur eine wirkliche Demokratie aufbauen, sondern auch das Kastenwesen sowie die ausgearteten religiösen und gesellschaftlichen Bräuche und alle anderen Falschheiten beseitigen und eine funktionierende Regierung nach den Gesichtspunkten des Volkswohles einsetzen müssen.
Erst wenn die Völker sich dessen bewusst werden, dass sie der eigentliche Souverän ihres Staates sind und dass die Regierenden und Führenden ausschliesslich zum Wohle ihrer Völker zu beschliessen und zu handeln haben, werden sie sich von ihren Tyrannen befreien und wahre Demokratien verwirklichen können. Diese Einsicht und Erkenntnis müsste sich im ganzen Volk verbreiten, damit es in Einigkeit den richten Weg zur Demokratie einschlagen und gehen kann. Das wird aber erst dann möglich, wenn ein grosser Teil der Menschen in bewusster Selbstverantwortung lebt und nach besten Möglichkeiten im Sinne der schöpferisch-natürlichen Gesetze und Gebote denkt, fühlt und handelt. Heute ist das leider erst nur in kleinen Gruppen möglich, die sich nach den schöpferischen Gesetzmässigkeiten ausrichten. Solange die grosse Masse der Menschen nicht über die schöpferische Wahrheit belehrt wird und ihre Obrigkeitshörigkeit nicht ablegt, lässt sie sich weiterhin willenlos von verantwortungslosen Regierungen und von den Irr- und Wahnsinnslehren der sie versklavenden Religionen und Sekten gängeln und opfert ihre Freiheit und Selbständigkeit auf dem blutigen Altar von Gläubigkeit und Materialismus.

«Politik ist die Summe der Mittel, die nötig sind, um zur Macht zu kommen und sich an der Macht zu halten und um von der Macht den nützlichsten Gebrauch zu machen.»

Machiavelli, um 1515

Die Motivation der meisten Politiker wird nicht durch den Willen bestimmt, dem Volk selbstlos zu dienen und den Volkswillen als ausführendes Organ umzusetzen, ohne eigenmächtig und ohne Volksmandat zu handeln – wie es gut und wünschenswert wäre. Vielmehr geht es ihnen meist um die Befriedigung ihrer Machtgier, das Streben nach materiellem Reichtum und ein luxuriöses Leben, das Erpressen sexueller Dienste und Ausschweifungen von den von ihnen Abhängigen usw. Oft werden sie angetrieben durch einen übermässigen Geltungstrieb, Selbstsucht und Egoismus sowie fehlende Menschlichkeit und die Unfähigkeit, Verantwortung zu tragen. Stattdessen klopfen sie lieber selbstherrlich grosse Sprüche, boxen sich durch Rücksichtslosigkeit, Mobbing und Kriecherei nach oben und gehen manchmal sogar im wörtlichen Sinn über Leichen. All dies verkörpert die ausgeartete Form der irdischen Politik. Eine neutral-postiv-ausgeglichene Form der Politik, wie sie auf der Erde sehr wohl möglich und dringend nötig wäre, bezeichnet der folgende Leitsatz:

«Politik ist die Gesamtheit aller Aktivitäten zur Vorbereitung und Herstellung gesamtgesellschaftlich verbindlicher und/oder am Gemeinwohl orientierter und der ganzen Gesellschaft zugute kommender Entscheidungen.»

Thomas Meyer

Wer eine Gemeinschaft wahrheitlich zu deren Wohl leiten und führen will, muss in vielerlei Hinsicht als wahrer Mensch gebildet sein und wissen, wovon er spricht und wie er gemäss der jeweiligen Situation und den jeweiligen Erfordernissen zu handeln hat, um vorausschauend, aufbauend und fortschrittlich zu wirken. Ein solcher Mensch erteilt seinen Mitmenschen stets nur wohldurchdachte und nach den schöpferisch-natürlichen Gesetzen und Geboten ausgerichtete Ratschläge und arbeitet dementsprechende Richtlinien aus, wonach dann die Menschen nach eigenem Ermessen und in freier Entscheidung alles annehmen oder von sich weisen können. Dazu gehören auch Massnahmen, die dem Unbedarften hart erscheinen mögen, die jedoch zur Abwendung schlimmer Folgen notwendig sind, wie z.B. ein sofortiger Geburtenstopp resp. Geburtenkontrollen nach harten, aber humanen Richtlinien im Falle der Überbevölkerung. Aus dem Annehmen oder Verwerfen der Ratgebungen entstehen bestimmte Folgen, die entsprechend der vorausgehenden Ursache zur Wirkung kommen. Handelt der Mensch richtig, dann erntet er Gutes resp. Ausgeglichenes. Handelt er falsch resp. schöpfungswidrig, wird er die negativen Früchte seines Tuns resp. seiner Versäumnisse ernten. Ein wahrer Weiser erteilt nur dann Befehle zum Wohle der gesamten Menschheit, wenn die Menschen noch nicht in der Lage sind, die Folgerichtigkeit dieser Anweisungen zu erkennen. Dies im Gegensatz zu Politikern, dem Militär, Papst und Gurus usw., die nach eigenem Gutdünken und zu ihrem eigenen Nutzen Befehle erteilen.

Richtiges Führen und Leiten setzt ein grosses Mass an Bescheidenheit, Neutralität, Antimaterialismus, Geduld, Frieden, Liebe und Verstehen voraus, zudem ein grosses Wissen sowie eigens erarbeitete und durch Lebenserfahrung aufgebaute Weisheit. Diese Art von Lebensweisheit war und ist in hochentwickelter Form den wahren Propheten eigen, die von Zeit zu Zeit in Erscheinung getreten sind. Die Menschheit sollte sich glücklich schätzen, dass dies jetzt wieder der Fall ist, und zwar in der Person von ‹Billy› Eduard Albert Meier, dem Propheten der Neuzeit. Menschen wie er sollten es sein, denen die Völker vertrauen, nämlich tugendvollen Menschen, die weise, selbstlos und von Liebe geleitet handeln. Würden die Ratgebungen und Richtlinien dieser Weisen konsequent befolgt, dann könnte das Paradies auf Erden verwirklicht werden. Die Menschen sollten daher auf die Ratgebungen der Wissenden und Weisen hören, sie durch eigene Gedankenarbeit ergründen und ihre Logik und Gerechtigkeit nachvollziehen, wodurch sie ihre hohen Werte erkennen könnten. Sie würden sich dadurch nach und nach zu selbstdenkenden, eigenverantwortlichen Menschen entwickeln und ihrer Evolution genüge tun.

«Das Verhängnis unserer Kultur ist, dass sie sich materiell viel stärker entwickelt hat als geistig (bewusstseinsmässig).»

Albert Schweitzer

Eine wahre Demokratie setzt voraus, dass die Menschen einander alle als absolut gleichwertig anerkennen und sich bewusst werden, dass jeder Mensch seine eigenen Aufgaben nach besten Kräften im Dienste und zum Wohle aller auszuüben hat. Die Tugenden des Menschseins wie wahrer innerer Frieden, Respekt vor dem Leben, Toleranz, Güte, Geduld, Liebe und Nächstenliebe sind dabei äusserst hilfreich. Der Mensch muss lernen, seine Emotionen, seinen Egoismus, seine Triebe und seine Gier nach allem Materiellen zu zügeln und zu kontrollieren, was er durch das Studium der Geisteslehre resp. die Lehre des Lebens und das regelmässige Üben einer zweckmässigen Meditation erlernen kann.

Das Verwirklichen einer wahren Demokratie setzt aber auch voraus, dass die wichtigsten schöpferisch-natürlichen Grundsätze und Richtlinien gelernt, erkannt und befolgt werden. Dazu gehört die Einsicht, dass jeder Mensch in alleiniger und vollumfänglicher Verantwortung die Folgen seines Tuns tragen muss. Mit ihrem Denken setzen die Menschen ursächliche Kräfte ihres Bewusstseins und ihrer Psyche in Bewegung, die schöpfungsgesetzmässig zu ganz bestimmten Wirkungen führen und wiederum die ursächlichen Kräfte für neue Wirkungen sind. Jeder einzelne ist also mitverantwortlich, um nach und nach wahre Demokratien zu verwirklichen, denn jeder Mensch kann und soll immer bei sich selbst beginnen, wenn er etwas Gutes und Fortschrittliches erreichen will.

Zitat aus FIGU-Bulletin Nr. 60:

Demokratie bedeutet, dass das Volk in Einigkeit über das Wohl des Staates und der Bevölkerung bestimmt – doch was als Demokratie tatsächlich vom Volk und von den Regierenden verstanden, gehandhabt sowie ausgeübt wird, ist eine Politform, die von den Staatsmächtigen und von einer sehr dummen Mehrheit des Volkes unheilvoll und dem Wohl feindlich regiert wird.

Achim Wolf, Deutschland

Wer Wind sät, wird Sturm ernten

Betrachten wir die geschichtlichen und die damit verbundenen militärischen Ereignisse der letzten Jahre, so wird deutlich, dass mit grosser Wahrscheinlichkeit ein neuer Militärschlag vor der Türe steht. Unter der Federführung der USA und in Zusammenarbeit mit Israel – wie könnte es auch anders sein – ist man dabei, den sogenannten ‹Präventivschlag› gegen den Iran und seine Atomanlagen nicht mehr nur vorzubereiten, sondern in absehbarer Zeit auch umzusetzen. Die Propagandamaschinerie ist, wie damals in Afghanistan und im Irak, schon angelaufen. «Kampf gegen den Terror», «Schutz der Demokratie», «für Frieden und Freiheit» usw. – die üblichen Standardargumente und Kriegsparolen sind bereits im Umlauf, so formuliert, als gäbe es keine Alternative mehr zu einem militärischen Vorgehen. Natürlich ist immer die andere Seite schuld daran, dass es zu einem Konflikt kommt, während man selbst nur um den Frieden und den Schutz der eigenen Freiheit bemüht ist. Der neue Angstgegner ist bereits ausgemacht und die Bevölkerung der sogenannten ‹zivilisierten Welt› wird, wie schon im Falle des Iraks und Afghanistans, verbal auf einen Militärschlag vorbereitet. Es ist sicherlich nur noch eine Frage der Zeit, bis der Angriff ausgeführt und versucht wird, die iranische Atomanlage mit neuesten und modernsten Waffen dem Erdboden gleichzumachen.

Jeder, der Bush und seine Verbündeten kennt und ihre Handlungsweise erlebt hat, weiss, dass sie nur die Sprache der Gewalt, des Terrors und des Krieges kennen. Friedliche, politische Lösungen haben da keinen Platz. Abgesehen davon, dass weder der Terrorkrat Bush noch der israelische Terrorministerpräsident Olmert ein wirkliches Interesse daran haben, Probleme auf friedliche Weise, also durch Vernunft und Verstand, zu lösen. Beide sehen im Krieg ein legitimes Mittel, um die eigenen Interessen mit Gewalt durchzusetzen. Der Terrorkrat, Massenmörder, Kriegshetzer und Terrorist Bush hat sich zum Ziel gesetzt, während seiner Amtszeit im Nahen Osten den ‹American Way of Life› mit Krieg, Gewalt und Terror durchzusetzen. Dieses Ziel wird zwar schon seit Jahrzehnten von der US-amerikanischen Aussenpolitik angestrebt, jedoch von keinem anderen Präsidenten vor Bush so hemmungslos, ausgeartet, gleichgültig, unbelehrbar und gnadenlos verfolgt und umgesetzt. Der religiöse Fanatismus dieses US-Präsidenten und die Folgen seiner Kriegs- und Terrorpolitik haben zigtausende Menschen das Leben gekostet, wodurch er sich einen Namen als politischer Massenmörder gemacht hat. Zusammen mit anderen Machthabern steht er auf der gleichen Stufe mit Hitler, Stalin und zahlreichen Diktatoren und Fanatikern, die durch Massenmord, Terror, Krieg und die Unterdrückung der Menschenrechte in die Menschheitsgeschichte eingegangen sind. Die Unverfrorenheit, mit der George W. Bush die Menschenrechte und Menschenpflichten mit Füssen tritt, ist durch nichts zu überbieten.

Auch der israelische Terror-Ministerpräsident Olmert hat mit dem Überfall auf den Libanon bewiesen, dass er, wie schon zahlreiche andere Ministerpräsidenten vor ihm, vor nichts zurückschreckt und dass Menschlichkeit, Vernunft und Verstand etc. keinerlei Bedeutung und keinen Wert für ihn haben. Andersdenkende Menschen und Kulturen haben für Olmert und Bush keinerlei Existenzberechtigung, wenn sie nicht bereit und willens sind, sich ihren Vorstellungen anzupassen. Für diese beiden Politiker sind andersdenkende

Menschen minderwertig, weshalb sie sich – egal was sie unternehmen – immer im Recht fühlen und deshalb vor nichts zurückschrecken, um die nach ihrer Ansicht Minderwertigen zu bekämpfen.
Betrachtet man diese beiden Politiker und ihre Anhänger, neben den zahlreichen anderen Terroristen, Fanatikern, Warlords und Kriegstreibern, die auf unserem Planeten wüten, fühlt man sich an die Zeiten des Zweiten Weltkrieges erinnert, als die ‹Deutsche Herrenrasse› mit ihrem Führer die Welt in Brand steckte und sich über alles, was mit Menschenwürde und Menschenrechten zu tun hatte, hinwegsetzte und diese mit Füssen trat. Die Methoden, mit denen Bush und Olmert die menschlichen Grundrechte und moralischen Werte mit Füssen treten und über Bord werfen, sind im modernen Informationszeitalter einzigartig und zeigen, in welchem Sumpf und Abgrund wir wirklich stecken. Andersdenkende sind sofort verdächtig und werden weltweit abgefangen, entführt und an Orte gebracht, an denen es keinerlei Menschenrechte und keinen juristischen Beistand gibt, wo ihnen unter übelster Folter Geständnisse und Informationen abgezwungen werden. Guantánamo existiert als modernes Konzentrationslager noch immer unter den Augen der Öffentlichkeit, und die westlichen Demokratien und ihre Politiker sind unfähig, zu feige, zu inkompetent und zu machtlos, um für die sofortige Auflösung dieses Terrorlagers zu sorgen. Niemand wird für die Existenz dieses Lagers zur Verantwortung gezogen. Kein westlicher Politiker protestiert effizient und nachdrücklich dagegen, und niemand fordert unmissverständlich die Schliessung dieses Gulags des 21. Jahrhunderts. In welcher Zeit leben wir, dass solches heute noch möglich ist?
Haben uns die irdische Geschichte und vor allem die Diktatur des Nationalsozialismus in Europa vor 60 Jahren nicht deutlich genug gezeigt, wohin die grenzenlose Ausartung eines Regimes und seiner Mitläufer und Mittäter führen kann, wenn man ihnen freie Hand lässt? Bush und seine Anhänger und Mitläufer wiederholen die geschichtlichen Ereignisse dieser Zeit so selbstverständlich und ungeschoren, dass man vor lauter Ohnmacht und Verzweiflung nur noch die Hände über dem Kopf zusammenschlagen kann.
Hat uns der Stalinismus nicht gezeigt, wohin die Geschichte führt, wenn die Herrscherclique das eigene Volk in seinen Grundrechten einschränkt, bevormundet, bespitzelt, ermordet, deportiert und tyrannisiert? George W. Bush hat auch diesen Weg bereits eingeschlagen und setzt ihn konsequent um. Die Pressefreiheit in den USA ist bereits massiv eingeschränkt und wird durch Bush-Mitläufer und Helfershelfer unterwandert und manipuliert. Menschen werden eingeschüchtert und die Angst geht um, denn wer sich öffentlich frei gegen die Regierung und ihre Machenschaften äussert, verliert unter Umständen seinen Job und seine Existenz. Noch nie wurden durch den NSA und sonstige Geheimdienste über die eigene Bevölkerung so viele Daten, Informationen usw. gesammelt wie zur Zeit von Bush. Dass wir die Wiederholung der Geschichte der letzten 60 Jahre wieder so hautnah miterleben können, als sei es gestern gewesen, mit all ihren negativen und zerstörerischen Auswirkungen, schien früher unmöglich. Es schien, als hätten wir die Zeiten des Kalten Krieges, der Gewalt und des Terrors überwunden. George W. Bush hat mit seiner Politik dafür gesorgt, dass 60 Jahre überwunden geglaubter irdischer Geschichte mit all ihrer Propaganda, ihrem Hass und der Kreuzzug-Mentalität wieder neu aufleben konnte und nun unseren Planeten zu zerreissen droht.
Es gibt wieder eine einfache Unterteilung der Menschen und der verschiedenen Kulturen in gut und böse, weiss und schwarz, richtig und falsch. Geschichtliche Realität und wissenschaftliche Fakten werden so lange zerredet und verdreht, bis am Ende Gott den Menschen geschaffen hat. Alle wissenschaftlichen Erkenntnisse werden negiert, ausradiert oder manipuliert, weil sie nicht in das religiös-fanatische Weltbild der Bush-Clique passen. Am Ende steht die Bibel als Beweis für die menschliche Entstehungsgeschichte und alle wissenschaftlichen Erkenntnisse werden einfach beiseite geschoben.
Wichtige Ämter sind von Bush-Gefolgsleuten besetzt, die auch nach seiner Amtszeit den eingeschlagenen Weg weitergehen sollen, denn selbst nach dem Ende der terroristischen Bush-Ära fühlen sich verschiedene Politiker seiner Partei bestärkt, in seine Fussstapfen zu treten und seine Zerstörungspolitik weiterhin zu betreiben. Die Büchse der Pandora wurde geöffnet, und sie wird sich nicht automatisch mit dem Ende der Ära Bush schliessen, weil die Auswirkungen seiner Kriegspolitik noch bis weit in die Zukunft anhalten werden.

Tragisch daran ist in erster Linie der Umstand, dass Bush für seine Kriegs- und Terrorpolitik nur auf geringen Widerstand trifft und man den demokratischen Staaten im Westen und in Europa vollkommenes Versagen vorwerfen muss, weil ihm niemand wirklich die Stirn bietet und ihn stoppt. Im Gegenteil, betrachtet man die Mitläufer und Mittäter, vor allem der gegenwärtigen deutschen Regierung um die Bundeskanzlerin Angela Merkel, die mit ihrer Partei bereits den Irak-Krieg unterstützte und die nichts unterlässt, um sich Bush vor die Füsse zu werfen und ihn speichelleckend zu unterstützen, dann muss man sich schämen, ein Mensch zu sein. Diese Frau und ihre politischen Anhänger sind das Schlimmste, was Deutschland widerfahren konnte, und sie öffnen der US-amerikanischen Terrorpolitik Tür und Tor. Schlimmer noch, sie machen die US-Politik salonfähig, indem sie Partnerschaft, Freundschaft und Verbundenheit demonstrieren.
Was haben unsere Eltern und Grosseltern nicht alles unternommen, um mit ihrer Hände Arbeit nach dem Zweiten Weltkrieg Europa wieder aufzubauen und wirtschaftlich sowie politisch zu festigen, und sie haben alles darangesetzt, moralische, menschliche und ethische Grundwerte zu erarbeiten, an denen wir uns ausrichten können, auf dass sich die Zeiten des Zweiten Weltkrieges nicht mehr wiederholen. Wir haben alle dabei versagt, die hart erarbeiteten Werte unserer Väter weiterzuvermitteln und aufrechtzuhalten. Wir haben alle nichts getan und sind unfähig, feige und willenlos und bauen wie schon immer im blinden Vertrauen auf unsere unfähigen politischen Führer, gleich welcher Partei, von denen wir uns erhoffen, dass sie im Interesse ihres Landes und Volkes das Richtige unternehmen. Solange die Völker der Welt ihre Politiker nicht zum Teufel jagen und endlich die Verantwortung in Form einer direkten Demokratie selbst übernehmen, so lange werden die Politiker auch weiterhin verantwortlich sein für die globalen und landesspezifischen Probleme, deren Verursacher sie sind. Die Politik handelt in jeder Hinsicht verweichlicht und inkonsequent, weshalb der totale moralische, globale und gesellschaftliche Zusammenbruch, der bereits begonnen hat, nur noch eine Frage der Zeit ist. Statt den rapiden Zerfall zu stoppen, wird stattdessen mit der US-Administration eine terroristische Scheindemokratie unterstützt, deren einziges Bestreben es ist, die Weltherrschaft zu erlangen. Wie kein anderer westlicher Politiker, ausser dem ehemaligen englischen Ministerpräsidenten und Speichellecker Blair, unterstützt Angela Merkel die Kriegspolitik der USA und hat bis heute nichts unternommen, um die US-Gewaltpolitik aufzuhalten. Einige wenige verantwortungsbewusste Staaten innerhalb Europas unter deutscher, französischer und russischer Federführung sprachen sich seinerzeit gegen den Krieg im Irak aus und waren sich ihrer menschlich-moralischen Verantwortung bewusst, als sie sich dem Terrorkrieg verweigerten. Diesen Widerstand und Gegenpol zur US-Politik gibt es nicht mehr, und so kann Bush walten und schalten wie er will.
George W. Bush hält die gesamte Welt zum Narren, und wir rauschen alle immer weiter ungebremst in eine globale Katastrophe hinein, die durch diesen Mann und all jene, welche ihn unterstützen, ausgelöst wird. Egal wie viele unschuldige zivile und sonstige Opfer es kostet, seine Durchhalteparolen ändern nichts an der katastrophalen Realität. Schon als Gouverneur von Texas war ihm Menschlichkeit ein Fremdwort, weshalb unter seinem Regime alle Todeskandidaten hingerichtet wurden. Die technologisch hochgerüsteten US-Militärs dürften ihm bei seiner Terrorpolitik auch in Zukunft hilfreiche Dienste erweisen, wenn im Namen von Demokratie und Kampf gegen den Terror usw. wieder einmal die Bomben fallen und Familien und unschuldige Menschen die Opfer seiner Terrorpolitik werden. Unterstützt durch seine Anhänger, Mitläufer und Mittäter, den Blairs, Merkels und Co., suchte er sich diesmal den Iran als neuen Angstgegner und Bedrohung der sogenannten westlichen Freiheit aus. Die US-amerikanische Propagandamaschinerie ist bereits angelaufen, und die deutschen Politiker übernehmen wie in der Vergangenheit beim Überfall auf Afghanistan und den Irak allzu gerne den gleichen Wortlaut und die gleichen Parolen, und erneut haben Lügen, falsche Behauptungen, Angst, Hass und Drohgebärden Hochkonjunktur.
Das iranische Atomprogramm und verschiedene iranische politische und religiöse Oberhäupter und Fanatiker, die in ihrem kranken Wahn, Machtgehabe und religiösen Fanatismus keine Gelegenheit auslassen, z.B. den Holocaust zu leugnen und sich Israel von der Landkarte weggeweht zu wünschen, tragen ein übriges dazu bei, den Konflikt anzuheizen. Auch wenn der Bau von Atombomben im Vordergrund steht und der Westen wirklich Probleme bekommt, wenn dieses Land erst einmal über Atomwaffen ver-

fügt, gibt es keinerlei Rechtfertigung, den Iran in Form eines militärischen Erstschlages auf die Atomanlagen anzugreifen. Vielmehr wäre es die Aufgabe der Weltgemeinschaft gewesen, den Zugang zum Know-how für die Produktion solcher Waffen zu verhindern und es dem Iran zu verunmöglichen, an dieses Wissen zu gelangen. Dieses Recht bestünde aber auch nur dann, wenn alle Länder, allen voran die USA, Israel und Russland, die eigenen Atomwaffen abbauen und total vernichten würden. Vergessen wir auch nicht, dass es bisher nur ein einziges Land gab, das über diese Waffen verfügte und auch skrupellos genug war, diese einzusetzen, nämlich die USA. Dass damals zigtausende Zivilisten umkamen und man dies mit den gleichen Propaganda-Feldzügen zu rechtfertigen suchte, wie sie heute wieder gebraucht werden, zeigt, wie sich die Geschichte wiederholt und wie wenig wir aus ihr gelernt haben. Es gab keine Rechtfertigung für den Einsatz dieser beiden Atombomben, und es klingt unglaublich, wenn das Land, das diese Waffen entwickelte, sie einsetzte und dadurch seine Skrupellosigkeit, Unmenschlichkeit und moralische Primitivität bewies, sich heute das Recht herausnimmt, anderen diese Waffen zu verweigern und darüber zu entscheiden, wer sie haben darf und wer nicht.

Im Westen ist durch die US-Propaganda das Bild entstanden, jeder orientalisch wirkende Bartträger mit einem anderen Glauben als dem Christentum sei ein potentieller Terrorist. Schlimmer noch, glaubt man der US-Propaganda, handelt es sich bei den Taliban und ihren Anhängern um minderwertigere Lebensformen, die es auszuradieren gilt. Fragt man einen Taliban nach seinen Beweggründen gegen den Westen zu kämpfen, ist als Triebfeder überwiegend religiöser Fanatismus im Spiel. Fragt man einen US-Soldaten, warum er gegen die Taliban kämpft, finden wir in seinen Argumenten den gleichen Fanatismus, auch wenn dieser nicht immer religiös motiviert ist. Den gleichen Fanatismus legen mit Ausnahmen auch viele US-Bürger und US-Politiker an den Tag. Es geht um die eigene Freiheit, Demokratie und Frieden usw., die zu verteidigen sind, und deshalb gilt es, den Feind, also den Andersdenkenden und kulturell anders Ausgerichteten, zu vernichten, weil er als Bedrohung betrachtet wird.

Beide Seiten sehen den anderen immer nur als Bedrohung und finden in ihren Argumenten die Berechtigung, um diesen anzugreifen, zu töten und zu vernichten. Die Argumente sind teilweise zwar unterschiedlich, aber der Fanatismus ist auf beiden Seiten stets der gleiche. Man unterstellt der anderen Seite Unmenschlichkeit und betrachtet sich selbst als den Bewahrer von Menschenrechten und Frieden. Es bleibt dabei immer bei einfachen und oberflächlichen Argumenten, die den jeweiligen Beteiligten, egal welcher Seite sie angehören, als Rechtfertigung für ihre Aktionen gelten. Dabei sind diese Argumente so oberflächlich und primitiv, dass es ein Leichtes ist, Mitläufer und Anhänger zu finden, die sich für den jeweiligen Standpunkt stark machen – und selbst unternimmt man keinerlei Anstrengungen, um diese Parolen zu hinterfragen und sich in Eigenverantwortung damit auseinanderzusetzen. Menschenrechte und Menschenpflichten, der Schutz und Erhalt menschlichen Lebens und das Verständnis für den andern haben dabei keinen Platz, weshalb auch niemand versucht, sich einmal in den Gegner hineinzuversetzen.

Es ist einfach, Hass und Gewalt zu säen, und sehr schwer, Frieden zu schaffen und ihn zu bewahren. Es ist sehr einfach, Leben zu vernichten oder ihm Schaden zuzufügen, und äusserst mühevoll, es zu bewahren und zu beschützen. Es ist so einfach, dem anderen die Schuld für alles in die Schuhe zu schieben, und es braucht so unglaublich viel Selbstdisziplin, Eigenverantwortung und Menschlichkeit, sein eigenes Denken und Verhalten zu hinterfragen und sich Fehler einzugestehen.

Wie lange braucht doch das menschliche Leben von der Zeugung bis zur Geburt, von der Kindheit bis zum Erwachsenwerden. – Jahrzehnte der Erziehung, Erfahrungen, Freude und Leid, Liebe und Tod, alles wird beendet, wenn wir erschossen oder von einer Bombe zerrissen und getötet werden. Es ist eben sehr einfach, menschliches Leben zu vernichten – es ist nur eine Frage der Argumente und der Betrachtungsweise, und schon gilt das menschliche Leben nichts mehr und es wird weggeworfen, weil eine Handvoll Politiker, religiöse Fanatiker, Mörder und sonstiges Gesindel sich dazu entschlossen haben, die Menschen gegeneinander aufzuhetzen.

Wohin uns diese Mentalität und Ausrichtung führt, sehen wir am israelisch-palästinesischen Konflikt. Keine der beiden Seiten, oder vielmehr keiner der politischen Führer, ist in der Lage, endlich für Frieden zu

sorgen. Seit Jahrzehnten bekämpft man sich bis aufs Blut mit zigtausend Toten auf beiden Seiten. Dadurch wurde dieser Konflikt nicht gelöst, und scheinbar ist die Mehrheit auf beiden Seiten nicht wirklich interessiert an einer Lösung. Im Gegenteil, es wird alles unternommen, um der anderen Seite die Schuld am Konflikt unterzujubeln, und man macht weiter wie bisher – was für ein Irrsinn menschlicher Inkompetenz und moralischer Ausartung!

Die propagandistischen Meldungen westlicher Geheimdienste und Mutmassungen usw., die in regelmässigen Abständen an die Öffentlichkeit dringen, damit wir uns ja nicht zu sicher fühlen und uns immer wieder in Erinnerung gerufen wird, dass wir bedroht und dem Terror ausgeliefert sind, verfehlen ihre Wirkung zumindest bei unseren Politikern nicht. Wie zu alten Stasi-Zeiten wird immer mehr auf Einschränkung der Bürgerrechte und Bespitzelung gesetzt. Diese lautlose und subtile Bedrohung ermöglicht es den Geheimdiensten, in ganz neuen Dimensionen zu arbeiten, zu bespitzeln und – wie Guantánamo zeigt – auch hemmungslos und legal zu foltern. Die elementarsten menschlichen Grundwerte werden ausgehebelt, indem man Menschen abfängt, sie entführt und an Plätze bringt, wo sie gefoltert werden dürfen. So weit ist es also mit unserer westlichen Demokratie gekommen, dass wir in Europa solches zulassen und billigen, indem wir nichts, aber auch gar nichts Wirkungsvolles gegen den religiös-fanatischen US-Präsidenten unternehmen, der moralisch Amok läuft und dem jedes Mittel recht ist, um andere Länder zu kriminalisieren, zu überfallen und zu terrorisieren, nur weil sie nicht seinem eigenen Weltbild entsprechen.

Als Nebenprodukt der sogenannten Terrorbekämpfung werden die Rechte des einzelnen immer weiter eingeschränkt, angeblich nur zum Schutz der Allgemeinheit. Sogar in Deutschland gibt es Politiker, die so ausgeartet sind, dass sie die Meinung vertreten, dass solche Foltergeständnisse von ihnen ebenfalls genutzt werden sollten, statt sie nur den US-Amerikanern zu überlassen. Um es richtig zu verstehen: Man schlägt Menschen, tritt sie, fesselt sie, treibt sie durch Schlafentzug fast in den Wahnsinn, setzt sie in die glühende Sonne bis sie bewusstlos werden, verabreicht ihnen Elektroschocks, uriniert auf sie und hetzt Hunde auf sie, hält ihren Kopf unter Wasser, um sie fast zu ertränken, unternimmt alles, um sie als Menschen zu zerstören, zu brechen und zu erniedrigen, und meint dann, man solle die unter solchen Umständen erpressten Aussagen für die eigenen Interessen nutzen. Solches politisches Gesindel regiert mittlerweile Deutschland.

Seit Menschengedenken ist es immer das gleiche Bild: Eine kleine Gruppe ausgearteter Fanatiker und Unbelehrbarer hält die breite Masse eines Volkes in Schach, um mit ihrem degenerierten Denken und Handeln anders denkende und anders lebende Menschen zu unterdrücken, zu bedrohen oder anzugreifen. Ob Kommunismus, Nazismus, Bushismus etc., die Liste all jener Gruppierungen und Ideologien, die unseren Planeten gefährden und seine Menschen gegeneinander ausspielen und aufhetzen, ist endlos und wird immer länger, und sie geben keine Ruhe, bis sie unseren Planeten in einen Trümmerhaufen verwandelt haben. Dass sich solche Unmenschen ohne jede Moral mittlerweile erfolgreich in demokratisch wirkende Staaten eingeschlichen und etabliert haben, die alle menschlichen Grundwerte mit Füssen treten, zeigt sich bei George W. Bush, seinen Anhängern, Mitläufern und Mittätern. Sie sind die grösste und tödlichste Bedrohung für den globalen Frieden und werden die Initiatoren eines Dritten Weltkrieges, wenn sie mit ihrer Terrorpolitik unter dem Deckmantel von Frieden und Freiheit weiterhin ungehemmt und ungebremst weitermachen können.

Auch Terroristen sind natürlich menschenverachtend und kriminell, und auch sie haben keinerlei Respekt vor dem Leben, wenn sie in ihrem ausgearteten Denken unschuldige Menschen ermorden und mit Gewalt jedes Mittel für ihren religiösen Fanatismus einsetzen. Sie müssen bekämpft werden, aber nicht dadurch, dass man Länder überfällt und Zivilisten ermordet, oder ganze Regionen zerbombt und unschuldige Menschen die Opfer sind. Was im Westen als ‹Kampf gegen den Terror› bezeichnet wird, ist nichts anderes, als den Terror, vor dem wir uns schützen wollen, zu jenen Menschen zu bringen, in denen eine Bedrohung gesehen wird, wobei jedoch nicht die Verantwortlichen bekämpft werden, sondern in der Regel Unschuldige. Die einzelnen Verantwortlichen herauszuziehen und dingfest zu machen, sollte das Ziel sein, statt durch ‹chirurgisch-militärische Einsätze› ganze Landstriche zu zerbomben und Zivilisten zu ermorden, wenn die eigentlichen Verantwortlichen wirkungsvoll bekämpft werden sollen. Solche Kriege im moralisch

und juristisch rechtsfreien Raum können weder gewonnen werden noch zu einer Lösung der Probleme beitragen, wie die aktuelle Lage im Irak und in Afghanistan zeigt. Im Gegenteil, solche Kriege und Konflikte sind mit militärischen Mitteln niemals zu gewinnen, denn sie nähren nur den wachsenden Hass gegen den Westen. In der Regel sind die eigentlichen Opfer Unschuldige, und wer heute noch von einer Friedensmission in Afghanistan und im Irak redet, hat absolut nichts verstanden, denn schon längst haben die ausländischen Truppen dort mehr Schaden angerichtet als Nutzen gebracht. Indem den Menschen dieser Länder die westliche Denk- und Lebensweise aufgezwungen wird, werden sie immer aufgebrachter gegen den Westen. Es gibt nur eine Lösung: Raus aus Afghanistan und dem Irak, denn der Westen hat dort nichts, aber auch gar nichts verloren. Indem verbrecherische Regimes aufgebaut und unterstützt und ihnen der Titel ‹demokratisch gewählt› verliehen wird, wie dies in Afghanistan und dem Irak geschehen ist, wird es den Menschen dort niemals besser gehen.

Die schlimmsten Terroristen, die die westliche Gesellschaft wirklich bedrohen, sitzen als Politiker und Wirtschaftsbosse usw. in den westlichen Demokratien und sorgen mit ihrem kriminellen Handeln dafür, dass die Gesellschaft immer mehr verarmt, sich verschuldet und auseinanderbricht, weil sie in ihrer Habgier, ihrem Machstreben und ihrer Einflussnahme keinerlei Grenzen mehr kennen. Schlimmer noch, im westlichen Gesellschaftssystem wird ein Wert gesehen, den man jedem Land und jeder Kultur mit allen Mitteln unterjubeln möchte, und es wird nicht verstanden, dass andere Länder und Kulturen an diesem System vielleicht nicht interessiert sind. Die Demokratie hat zwar den Kampf gegen den Kommunismus gewonnen, den für Menschlichkeit, Nächstenliebe usw. aber bereits verloren, weil kriminelle Politiker und Wirtschaftsführer an die Macht berufen wurden, die zu nichts taugen und nur darum bemüht sind, immer reicher und mächtiger zu werden. Längst hat die Wirtschaft eigene Wege eingeschlagen und ungehemmt ihre eigenen Gesetze und Regeln geschaffen, die nicht mehr zu kontrollieren sind. Der einzelne Bürger und das Volk haben längst resigniert, weil sie scheinbar nichts mehr ändern können und Politiker sowieso machen, was sie für richtig halten, auch wenn es in der Regel falsch ist. Die klassischen Politiker, egal aus welcher Partei und aus welchem Land sie kommen, sind einzigartig darin, Probleme zu schaffen, sie zu verschleppen und niemals zu lösen.

Mit vielen beschönigenden Worten wird in Washington versucht, im Atomkonflikt mit dem Iran einen scheinbaren Kompromiss zu suchen, bei dem kein Versuch einer politischen Lösung ausser acht gelassen werden soll und so den Eindruck erweckt, dass man um eine politische Lösung bemüht sei. Dabei ist die Entscheidung für einen Militärschlag schon längst gefallen. Im Gegensatz zur Vergangenheit, in der man durch eine unbedachte Wortwahl sehr viele Europäer und sonstige Verbündete vor den Kopf gestossen hat, geht man diesmal wesentlich gerissener und durchdachter vor. Man hat aus den verbalen Fehlern, die bei den Konflikten in Afghanistan und Irak gemacht wurden, gelernt und macht nicht noch einmal den Fehler, Verbündete gegen sich aufzubringen. Auf der einen Seite zeigen die Bushisten immer wieder, wie gleichgültig ihnen ihre Methoden sind, indem sie so weitermachen wie bisher, und auf der anderen Seite finden die Anhänger von Bin Laden und Co. immer mehr Anhänger, weil die USA und ihre Sympathisanten zu Mitteln und Massnahmen greifen, die alle anderen Staaten gegen sie aufbringen.

In zahlreichen Ländern Europas wurde bereits erkannt, dass Atomwaffen nicht das Mass aller Dinge sind, weshalb die Waffen dieser Art vollkommen abgelehnt werden. Wenige Unbelehrbare und Unverbesserliche wie Frankreich und England sehen darin jedoch immer noch ein notwendiges Friedenswerkzeug und bestehen darauf, sie zu besitzen. Dadurch zeigen diese beiden Ländern aber nur, dass sie in der Vergangenheit leben und an ihrem völlig verkorksten Nationalstolz festhalten, der vollkommen fehl am Platz ist und nichts mehr mit der aktuellen politischen und geschichtlichen Situation zu tun hat. Es geht ihnen nur um falsch verstandenes Prestige und Macht, denn Atomwaffen haben in unserer Zeit nichts mehr zu suchen und tragen auch keineswegs zur Lösung von Konflikten gleich welcher Art bei, wie sie das auch zu Zeiten des Kalten Krieges nicht getan haben. In der heutigen Zeit gibt es für solche Waffen keinen Platz, keine Berechtigung mehr.

Wenn der Westen jedoch über Atomwaffen verfügen will, kann er diese anderen Nationen nicht verweigern, deshalb wird der Iran auch weiterhin an seinem Atomprogramm festhalten, und so kann es auch zu einem militärischen Schlag gegen das Land kommen, denn weder Israel noch die USA werden zuschauen, wie dort die Bombe entsteht und hinnehmen, dass sie wer-weiss-wem in die Hände fällt. Wenn es zu diesem Schlag gekommen ist, wird sich auch hier die Frage stellen, wie es dazu kommen konnte und was Russland und China machen werden. Diese beiden Länder werden sich nicht ewig zurückhalten und die Weltherrschaftspläne der USA so stillschweigend über sich ergehen lassen wie bisher, und generell stellt sich auch die Frage, wie sich China weiterentwickeln wird, denn sein Weg zur Weltmacht ist nicht mehr aufzuhalten. Sobald wirklich russische und chinesische Interessen berührt werden, wird man sich von den USA kaum mehr einschüchtern und bevormunden lassen, denn dazu wurde bisher zu lange stillgehalten.
In Zukunft wird sich dies ändern und die chinesische Politik, die keinerlei Menschenrechte und Menschenpflichten kennt und noch skrupelloser und rücksichtsloser ist als die USA, wird das Weltgeschehen massgebend mitprägen. Europa weiss im Moment noch wenig von der chinesischen Politik und ihrem Hunger nach Ressourcen, Macht und Einfluss, der vom gigantischen Reich der Mitte ausgeht. Wenn sich dieses Land mit seinen über eine Milliarde zählenden Menschen jedoch erst einmal in Bewegung setzt und zum Sprung in das 21. Jahrhundert ansetzt, um technologisch, militärisch und politisch seine Dominanz zu stärken, wird die ganze Erde ins Wanken geraten. Dann wird dieses Land nicht mehr still vor sich hin brodeln, sondern wie ein gigantischer Vulkanausbruch unseren Planeten überziehen. Der chinesische Lavastrom wird sich unaufhaltsam und unkontrollierbar über den Planeten ergiessen und seine Bedürfnisse und Interessen durchsetzen. Ein Angriff auf den Iran könnte chinesische Interessen durchaus berühren und zu einem Flächenbrand im Nahen und Mittleren Osten führen – und China wird dort mit Sicherheit nicht mehr einfach stillschweigend zuschauen. Ein solcher Flächenbrand könnte auf Europa und schliesslich auf den ganzen Globus übergreifen, und das nur wegen dem verantwortungslosen, sektiererischen und grössenwahnsinnigen US-Präsidenten George Walker Bush.

Leserfrage

Ich finde, es ist kaum möglich, den Wert Deiner Arbeit und Mission in Worte zu fassen, darum sende ich Dir stattdessen lieber ganz ganz herzliche Grüsse aus dem nahen Deutschland, verbunden mit dem innigen Wunsch, dass Du gesund bleibst und noch lange leben mögest … und dass Du auch weiterhin so authentisch-menschlich schreibst, wie bisher!!
Sofern es Deine vorhandene Zeit überhaupt gestattet, möchte ich Dir gerne zwei kurze Fragen stellen, vielleicht auch Stoff für ein Bulletin:

1. Seit wenigen Wochen wird hier in Deutschland die Impfung gegen Gebärmutterhalskrebs (also zum Schutz vor Papillomaviren) von den gesetzlichen Krankenkassen übernommen. Der Erfolg ist noch nicht bekannt, doch kostet eine Impfung ca. 460 Euro. Dient das der Bereicherung der Pharmakonzerne, oder ist es sinnvoller Schutz für Frauen?
2. Habe einen sehr spannenden Patientenvortrag über DNA-Analysen der österreich. Firma www.genosense.com besucht. Dort kann man verschiedene Analysen in Auftrag geben, die z.B. Rückschlüsse über Medikamentverträglichkeiten, die Nahrungsverstoffwechselung oder Zugehörigkeit zu speziellen Risikogruppen zulassen. Geschulte Ärzte können so Therapien individueller gestalten; zentraler Schwerpunkt dabei ist: die An- und Abschaltung von Risikogenen durch eine gezielte Ernährungssteuerung. Das ist sehr interessant, ich musste sogleich an die Genmanipulation unserer Vorfahren denken … Über eine Antwort oder spätere Verwendung in einem Bulletin würde ich mich sehr freuen!

Antwort

Erstens recht lieben Dank für das E-Mail und die guten Worte. Frage 1 kann damit beantwortet werden, dass Impfungen der Gesundheit des Menschen dienen, wenn diese ausgereift und absolut erprobt sind. Ist das der Fall, dann dienen sie nicht einfach der Bereicherung der Pharmakonzerne – obwohl diese natürlich ihre Profite damit machen, weil sie ja kommerziell arbeiten und folglich darauf angewiesen sind, mit ihren Produkten auch Geld zu verdienen, um ihre Unkosten zu decken und weitere Forschungen betreiben zu können. Wird aber ein Medikament oder in diesem Fall eine Impfsubstanz vom Gesundheitsamt zugelassen und auch von der Krankenkasse bezahlt, dann darf angenommen werden, dass der Impfstoff bereits weitestgehend erforscht und erprobt und zu erwarten ist, dass er für die Frauen einen sinnvollen Schutz bietet. Natürlich bedeutet das nicht, dass der neue Impfstoff bei allen Anwendungen den gewünschten Erfolg bringt, folglich dieser erst abzuwarten ist. Doch wenn ein Medikament oder Impfstoff bereits offiziell vom Gesundheitsamt zur Behandlung von Menschen freigegeben wird, dann ist das Ganze in der Regel weitestgehend erforscht und erprobt.
Frage 2 ist für mich leider ein Böhmischer Wald, denn dazu kann ich infolge meiner Unkenntnis in dieser Beziehung keine Antwort geben.

Leserfrage

Was muss eigentlich unter dem Begriff ‹Übersinnliches› verstanden werden, was ist das genau und wie funktioniert es genau? Man hört immer so viel über dieses Übersinnliche, besonders dass man dadurch Geister sehen und Tote reden hören oder von Sterbenden gerufen werden könne usw., was muss man davon halten? Selbst ist mir noch nie etwas Derartiges zugestossen, doch haben mir Bekannte gesagt, dass es bei ihnen schon der Fall gewesen sei. Können Sie mir darüber etwas Genaueres sagen?

Antwort

Die Beantwortung dieser Frage fällt ziemlich weitumfassend aus, denn das Ganze kann nicht einfach mit wenigen Worten klargelegt werden. Also will ich Ihr Interesse mit einem Lehrbriefteil der Geisteslehre befriedigen, durch die folgendes klargelegt wird:

Übersinnliches resp. Feinstoffsinnliches resp. Fluidalkräfte

Der Begriff Übersinnliches ist ein falsches Wort, das dafür verwendet wird, um etwas Wahrnehmbares zu beschreiben, das für den Menschen ausserhalb des normalen, materiellen resp. des Grobstoffsinnlichen liegt und damit ausserhalb des materiellen Wahrnehmungsvermögens, sondern also im Bereich des Feinstofflichen. Das Feinstoffliche, das Fluidale als Übersinnliches zu bezeichnen, ist grundfalsch, denn wahrheitlich gibt es für den Menschen nichts, das ausserhalb der Wahrnehmung seiner Sinne liegen würde, sondern nur etwas, das ausserhalb der Grobstoffsinnlichkeit in den Bereich des Feinstoffsinnlichen gehört. Insbesondere ist dabei die Rede in bezug auf die Wirkung der feinststofflichen Gedankenschwingungen, die in ihrer Form der Feinstofflichkeit als Fluidalenergien und Fluidalkräfte bezeichnet werden und die, erzeugt durch die Gedanken und Gefühle, auch ausserhalb des Gehirns verschiedenste Wirkungen zeitigen, die auch von anderen Menschen wahrgenommen werden können. Diese fluidalen Energien und deren Kräfte sind nicht nur die Energien in bezug auf die Telepathie, Levitation und Teleportation, sondern auch die der Hellsichtigkeit und Fernwahrnehmung, wobei für jeden einzelnen Faktor menschlich-individuell verschiedene Erscheinungsformen gegeben sind. Beim Gedankenlesen und der effectiven Telepathie und allen sonstig neurophysiologischen Faktoren spielen, wie bei der Meditation, die Alphawellen eine grosse Rolle, denn diese fliessen im Gedankenstrom synchron durch beide Hirnhälften, wobei sie auch

beim Verarbeiten von Bildern und bildlichen Vorstellungen aktiv sind, wie das auch unter Hypnose und in Trance der Fall ist, wenn das Gehirn in den sogenannten Alphamodus schaltet.
Gedanken und Gefühle spielen sich nicht nur im Gehirn ab, sondern sie wirken auch ausserhalb desselben und können in Form von Telepathie drei Lichtsekunden (rund 900 000 Kilometer) ‹gesendet› und von einem geeigneten anderen Gehirn aufgenommen und verstanden werden. Und weil aus den Gedanken auch Gefühle entstehen, können aus diesem Grunde Menschen auch fühlen, wenn sie plötzlich jemanden, den sie lieben, verlieren oder verloren haben, wie sie aber auch auf gleiche Weise plötzlich wissen, dass sie von einem weit entfernten oder in der Nähe lebenden Menschen gebraucht werden. Auch ein ‹bohrender› Blick im Rücken, das unerklärliche Zerbrechen eines Glases oder das grundlose Herunterfallen eines Gegenstandes gehören dazu. Der Grund dafür sind in der Regel die starken Gedankenströme und die daraus entstehenden feinstofflich-elektromagnetischen lichtschnellen Schwingungen resp. Fluidalenergien eines bestimmten Menschen, der seine starken Gedanken in einem Augenblick auf eine bestimmte Person (oder Personen) richtet, die diese Schwingungen dann wahrnimmt und erkennt, was damit übermittelt wird. So werden von einem Menschen durch starke Gedankenströme fluidale Energien frei, die von bestimmten verbundenen Menschen wahrgenommen und als Ahnung erfasst oder richtig gedeutet werden. Und dazu ist jeder Mensch fähig, und zwar durch die richtige Funktion der Zirbeldrüse (die am oberen Abschnitt des Zwischenhirns liegende Drüse; Epiphyse), die im Zentrum des Gehirns visuelle Reize usw. wahrnimmt, wobei jedoch immer vorausgesetzt sein muss, dass der Mensch die Fähigkeit dieses Faktors nicht hat verkümmern lassen. Tatsache ist, dass die Zirbeldrüse in einem völlig anderen Frequenzbereich feinstoffliche elektromagnetische Felder zu detektieren resp. wie ein Sensor aufzuspüren und festzustellen und damit Informationen zu empfangen vermag. Gleichermassen funktioniert das in bezug auf den ‹bohrenden› Blick im Rücken oder Nacken, wenn infolge der Gedankenschwingungen der Beobachtungsperson durch die Zirbeldrüse die Tatsache des auf den Rücken oder den Nacken gerichteten Blickes erkannt wird und diese Information ins Bewusstsein gelangt.
Die Fluidalschwingungen der Gedankenwelt haben nichts mit Übersinnlichem zu tun, denn Übersinnliches gibt es nicht. Die fluidalen Schwingungen der Gedanken beruhen auf einem Faktor, der als ‹Feinstoffsinnliches› bezeichnet wird, nicht jedoch als übersinnlich, weil Übersinnliches nicht existiert, und zwar darum, weil das Feinstoffsinnliche mit dem siebten Sinn resp. mit der Empfindung wahrgenommen werden kann, folglich es also weit über dem liegt, was grobstoffsinnlich wahrgenommen werden kann. Leider geht der Mensch von nur fünf Sinnen aus (Hören, Sehen, Tasten, Schmecken, Riechen), obwohl deren sieben existieren, wobei die beiden weiteren das Empfinden und das Gefühl sind, wobei letzteres im Zusammenhang mit dem Instinkt steht und grundlegend mit der Gedankenwelt verbunden ist.
Die Fluidalschwingungen der Gedankenwelt sind gekoppelt mit den fluidalen Schwingungen der Gefühlswelt, und in dieser Form gehen die Gedanken und Gefühle dauernd ‹auf Reisen›, und zwar als Faktor der Feinstoffsinnlichkeit. Noch ist zwar die heutige irdische Technik in den ersten Jahren des Dritten Jahrtausends nicht in der Lage, diese Feinstoffschwingungen resp. diese fluidmässigen Schwingungen apparaturell und somit grobstofflich nachzuweisen, doch dass der Nachweis eines Tages doch gelingen wird, ist nur eine Frage der technischen Entwicklung und der Zeit. Dann wird auch erkannt, dass die Feinstoffsinnlichkeit auf der Form von Feinstoffschwingungen resp. auf Fluidalschwingungen basiert, wie aber auch, dass diese fluidalen Energien und deren Kräfte der grundlegende Faktor der Telepathie, der Levitation und der Hellsichtigkeit sowie der Teleportation usw. sind. Und Tatsache ist: Das Feinstoffsinnliche – eben vom Menschen in Unkenntnis irrtümlich als Übersinnliches bezeichnet – ist tatsächlich ein Produkt des menschlichen Gehirns resp. dessen Gedanken und den daraus resultierenden Gefühlen. Es handelt sich dabei also um eine ganze normale, jedoch nicht ‹übernatürliche› Energie und Kraft, wobei das Ganze auch nicht unheimlich und nicht unwirklich, sondern absolut geheuer und real ist. Und wenn Gedanken und die daraus resultierenden Gefühle ‹auf Reisen› gehen als Feinstoffenergie, die empfindungsmässig auch in irgendeiner Form von anderen Menschen wahrgenommen werden kann, dann handelt es sich dabei um eine Form der Telepathie. Dabei muss aber klar sein, dass einzig und allein die Feinstoffenergie

der Gedanken- und Gefühlswelt, jedoch nicht das Bewusstsein ‹auf Reisen› geht, und zwar erfolgt die ‹Reise› ausserhalb des Körpers in Form eines ‹Bewusstseinfühlers› resp. in Form eines ‹Bewusstseinssensors›, das darum, weil die Gedanken und Gefühle die entsprechenden fluidalen Schwingungen aufbauen und aussenden, wobei das Bewusstsein die Energie dazu liefert, jedoch selbst nicht den Körper verlässt. So ist es gegeben, dass es immer die Gedanken und deren Gefühle sind, die als Telepathieform aus dem Gehirn ausstrahlen und ‹auf Reisen› gehen. So können also sensitive Menschen ‹spüren› resp. durch den siebten Sinn empfinden, wenn sie durch andere beobachtet werden, wie sie aber auch wahrnehmen können, wenn ein Mensch in Not ist oder stirbt, wenn dieser seine Gedanken und Gefühle an die sensitive Person aussendet, die dann den ‹Ruf› usw. feinstoffsinnlich resp. empfindungsmässig wahrnimmt. So tritt es sehr oft in Erscheinung, dass, wenn ein Mensch in Not kommt oder an der Schwelle des Todes steht, seine Gedanken und Gefühle dann ‹auf Reisen› gehen, irgendwohin zu einem Menschen, der ihm viel bedeutet hat. Gedanken und Gefühle durchbrechen alle Grenzen von Raum und Zeit und dringen in die Gehirne jener ein, welche ‹angesprochen› werden und die empfindungsmässig das ‹Rufen› wahrnehmen. Das Ganze ist dabei eine Form der Telepathie resp. des Gedankenlesens auf weite Distanzen, die im primären Zustand bis zu 900 000 Kilometer erreicht, die jedoch durch die sogenannte sekundäre resp. höhere Telepathie sowie durch die Geisttelepathie sehr weit überbrückt werden kann und praktisch eine unendliche Reichweite hat.

Die Feinstoffsinnlichkeit birgt noch andere Energien als die Telepathie usw. in sich, denn auch das Aussenden der Bewusstseinsenergie durch die Gedanken und Gefühle gehört dazu, wobei dann von einer ‹Bewusstseinsreise› gesprochen wird. Dabei wird jedoch nicht das Bewusstsein ausgesandt, sondern die Möglichkeit der Hellsichtigkeit der Bewusstseinsenergie im Zusammenhang mit den Gedanken und Gefühlen. In diesem Zustand der Hellsichtigkeit vermag der Mensch durch seine aus der Bewusstseinsenergie erzeugten Energien und Kräfte seine Gedanken und Gefühle derart zu steuern, dass er in die Zukunft oder Vergangenheit zu blicken vermag, oder dass er scheinbar über dem Boden schwebend und sich fortbewegend alles sieht und erkennt, was sich unter ihm abspielt und ergibt. Solches ist z.B. bekannt von Menschen, die im Bett lagen und sich plötzlich scheinbar schwebend über dieses erhoben und sich unter sich selbst im Bett liegen sahen – oder auf einem Operationstisch. Gleichermassen kann es aber sein, dass in solchen bewusstseinsmässigen Schwebezuständen andere Menschen und deren Schicksal gesehen wird oder Geschehen beobachtet werden, die sich unten am Boden usw. abspielen. So können Abläufe, die in solchen Momenten erlebt werden, Jota für Jota genau wiedergegeben werden.

Grundlegend ist die Zirbeldrüse der springende Faktor, der durch die Gedanken und Gefühle das Reich und die Zentrale des Feinstoffsinnlichen bildet. Auf dieses Reich resp. Zentrum hatten die frühen und auch noch spätere Vorfahren des Menschen einen intensiveren Zugriff, und sie vermochten gar das Feinstoffsinnliche resp. die fluidalen Gedanken- und Gefühlsschwingungen zu einem gewissen Teil noch bewusst zu steuern und diese Bewusstseinsenergien mit deren Kräften zu nutzen. Durch die laufende Veränderung des Menschen in bezug auf seinen Körper und Organismus sowie seine gedanklich-gefühlsmässige Ausrichtung auf das rein Materielle, hat sich die Zirbeldrüse und ihre feinstoffsinnliche Fähigkeit zurückgebildet, folglich zur heutigen Zeit nur noch mehr oder weniger sensitiv veranlagte Menschen in der Lage sind, die feinstoffsinnliche Wirksamkeit der Zirbeldrüse zu nutzen. Ursprünglich wies dieses Organ wenig mehr als drei Zentimeter Durchmesser auf, wogegen durch die Schrumpfung heute durchschnittlich nur noch eine Grösse von drei Millimetern gegeben ist. Der Grund dafür liegt in der Tatsache, dass der Mensch seine Innenwelt mehr und mehr dem rationalen Verstand unterworfen und das Sensitive des Feinstoffsinnlichen der Zirbeldrüse vernachlässigt hat, wodurch das Ganze verkümmert ist.

Die Zirbeldrüse ist das Organ der empfindungsmässigen Wahrnehmung resp. der siebte Sinn des Menschen, der jedoch nicht mehr von vielen genutzt werden kann, weil unbewusst eine Schranke dagegen aufgebaut wird, wodurch das sogenannte Dritte Auge, wie die Zirbeldrüse auch genannt wird, in der Funktion unterdrückt und abgewürgt wird. Aus diesem Grunde können nicht alle, sondern nur wenige Menschen deren Funktion und Wirksamkeit nutzen. Und für diese Blockade ist der Mensch selbst schuld,

denn würde er sich bemühen, dann vermöchte er trotz seiner Zirbeldrüsedegeneration dieses Organ in gewissem Rahmen wieder zur Funktion zu bringen. Natürlich ist der Weg dazu lang und mühevoll, denn es muss durch stete meditative Übung gelernt werden, genug Energie durch den Hirnbereich der Zirbeldrüse und durch diese selbst fliessen zu lassen, denn nur dadurch ist es möglich, dass die den Menschen umgebenden feinstoffsinnlichen elektromagnetischen Felder bewusst wahrgenommen werden. Anstatt dass dies jedoch getan wird, blockiert der Mensch diese fluidale Energie und lenkt sie ab, ehe sie ihn auch nur treffen kann. Das aber ist ein gehöriger Mangel in bezug auf die Wahrnehmung der Realität, denn zu dieser gehört nicht nur das Grobmaterielle, dessen Energien, Kräfte und Schwingungen, sondern auch das Feinstoffliche, das Fluidale an Energien, Kräften und Schwingungen, die aus den Bereichen der Gedanken und Gefühle sowie der Psyche als fluidale elektromagnetische Felder entstehen, wie sich das bei sämtlichen Lebensformen ergibt, und zwar auch bei jenen, welche nur Instinktimpulse und Instinktgefühle sowie eine Instinktpsyche erzeugen. Durch die Blockade und Ablenkung der ihn umgebenden feinstofflichen resp. fluidalen elektromagnetischen Energiefelder nimmt der Mensch die effective Realität nur sehr begrenzt wahr, und das ist der Fall beim Gros der gesamten Menschheit. Wahrheitlich sind es nur wenige und sehr vereinzelte Menschen, die ihrem Energiefluss zur und in die Zirbeldrüse freien Lauf lassen und so seherisch oder hörend Dinge wahrnehmen können, die ausschliesslich in den Bereich des Feinstoffsinnlichen gehören. Und diese Menschen sind es auch, denen es bei genügender meditativer Übung möglich ist, auch das Superfeinstoffsinnliche empfindungsmässig wahrzunehmen, das in den Bereich des Geistigen belangt und also weit über alle Bewusstseinsenergien und Bewusstseinskräfte hinaus. Diesbezüglich ist jedoch zu sagen, dass die Form des Superfeinstoffsinnlichen beim Erdenmenschen hinsichtlich seiner noch ungenügend entwickelten Bewusstseinsevolution nicht möglich ist, was noch lange so bleiben wird. Nichtsdestoweniger jedoch ist jeder vernunfts- und verstandesträchtige Erdenmensch bei entsprechender meditativer Bemühung fähig, das Feinstoffsinnliche in sich zu wecken, zu entwickeln und nutzbar zu machen.

In bezug auf das Feinstoffsinnliche ist Tatsache, dass nicht nur sehende Menschen, sondern auch Blinde einem Tag-und-Nacht-Rhythmus eingeordnet sind (wie auch alle blinden Tiere und alles Getier), dem auch alle Körperfunktionen und sogar die Pupillen angepasst sind. Also geht daraus auch hervor, dass Blinde – und besonders diese – Wahrnehmungen des Feinstoffsinnlichen machen und also empfindungsmässig besonders aktiv sind. Natürlich nehmen sie auch das Grobstoffsinnliche wahr, doch sind ihre Empfindungsfähigkeiten ausgeprägter als bei den Sehenden, und zwar darum, weil sie sich ihre Energien auf das ‹innere Auge› resp. auf die Zirbeldrüse ausrichten. Ausserdem ist auch bei Blinden die Netzhaut von speziellen Nervenzellen durchzogen, durch die Signale an die Zirbeldrüse abgegeben werden. Dadurch wird die Produktion des Hormons Melatonin angeregt, das die ‹innere Uhr› steuert und so den Lebensrhythmus des Körpers bestimmt.

Das menschliche Gehirn verfügt nebst der Zirbeldrüse auch noch über andere bemerkenswerte wichtige Faktoren, wie z.B. das ‹Frühwarnsystem›, das sich nahe beim vorderen Stirnhirnlappen befindet, in der Hirnregion ‹Anterior Cingulaze Cortex›, kurz ACC genannt. Diese Hirnregion ist es, die dann aktiv wird, wenn z.B. eine schwierige Entscheidung zu treffen ist, wie unter anderem, wenn zwischen zwei sich einander widersprechenden Alternativen entschieden werden muss. ACC warnt den Menschen aber auch vor drohenden oder auftretenden Gefahren, die nur empfindungsmässig wahrgenommen werden und folglich nicht als direkter Warnfaktor ins Bewusstsein dringen. Ein weiterer Faktor ist der in bezug auf die empfindungsmässige Wahrnehmung von Geräuschen, die nicht als grobstoffsinnliche Wirkung in Erscheinung treten und vom Menschen also auch nicht grobstoffsinnlich wahrgenommen werden können, sondern als Infraschall, wie diese z.B. von grossen Tieren oder von Erdbeben usw. ausgehen. Infraschall ist tatsächlich auch der Ursprung für manchen unerklärlichen ‹Spuk›, der z.B. dadurch entsteht, indem der Wind durch Löcher, Gesteinsritzen, durch Kamine oder Spalten usw. pfeift und extrem tiefe Töne erzeugt, die das Gehör des Menschen nicht wahrnehmen kann, deren Schwingungen jedoch auf den Körper des Menschen und natürlich auch auf die Zirbeldrüse wirken und bestimmte Wirkungen feinstoffsinnlicher

Form auslösen, die empfindungsmässig wahrgenommen werden.
Der strahlende Abdruck der Persönlichkeit ist der Faktor Ausstrahlung, die auch als Aura bezeichnet wird, und diese ist es, die empfindungsmässig von anderen Menschen wahrgenommen werden kann, wenn diese sensitiv genug sind resp. wenn sie die Energien und Kräfte der Zirbeldrüse und damit die Empfindungen in bewusster Weise nutzen können. Tatsache ist, dass jeder Mensch von einem feinstoffsinnlichen resp. fluidalen elektromagnetischen Feld umgeben ist, das die Persönlichkeitsinformationen enthält, weshalb der Abdruck resp. die Ausstrahlung der Persönlichkeit auch Informationsfeld genannt wird (das Ganze hat aber nichts mit den esoterischen Unsinnigkeiten zu tun, wie auch nicht mit den angeblichen und betrügerischen Medien, die sich fälschlich aus Imagesucht und Profithascherei rühmen, Auren sehen zu können). Und dieses fluidale elektromagnetische Feld wirkt auch auf den Mitmenschen und kann von diesem bei genügender Sensitivität wahrgenommen und definiert werden. Dieses Fluidalfeld der Persönlichkeit des Menschen vermag also den Mitmenschen zu treffen und diesen zu beeinflussen. Eine solche Beeinflussung geschieht aber auch durch die Gedanken und Gefühle, wenn diese auf einen anderen Menschen – oder ein Tier – konzentriert werden, denn durch diese Konzentration entsteht durch die feinstofflichen Schwingungen der Gedanken und Gefühle ein verstärktes Fluidalfeld, das sich als Wirkungsfeld erweitert und verstärkt, wodurch der ‹angepeilte› Mitmensch die ‹Botschaft› empfangen und definieren kann. Tatsache ist, dass die Persönlichkeit und der ganze Körper des Menschen ununterbrochen feinstofflich-elektromagnetische Schwingungen resp. Signale aussendet, die von anderen Menschen wahrgenommen werden, leider in der Regel jedoch nur unbewussterweise, weil sich der Mensch infolge der Hinwendung seiner inneren Welt zum reinen rationalen Verstand seiner Verkümmerung der Zirbeldrüse zugewandt hat.
Eine weitere Tatsache ist die, dass jeder lebende und tote Körper resp. jedes organische Material eine eigene und zellvielfältige Lichtquelle hat, die ihr feinstoffsinnliches resp. fluidales Licht zusammen mit den Fluidalenergien ausstrahlt, denn jede lebende Zelle strahlt in winziger Menge Lichtquanten resp. Biophotonen im UV-Bereich ab. Diese Ausstrahlungen, Abstrahlungen resp. Auren können von jedem Menschen empfindungsmässig wahrgenommen und bei einer gewissen Sensitivität gar gesehen werden. Leider wird jedoch in der Regel von Esoterikbefangenen und durch betrügerische ‹Hellsichtige› usw. damit Schindluder getrieben, wenn sie behaupten, dass sie die menschlichen Auren usw. sehen könnten, denn wahrheitlich ist das nur Menschen möglich, deren Zirbeldrüse in grossem Umfang funktioniert. Menschen mit solchen Fähigkeiten sind jedoch selten, folglich leicht zu erkennen ist, dass das Gros der ‹Fähigen› auf lügnerischen, betrügerischen und schwindlerischen oder einfach scharlatanischen und profitgierigen Wegen läuft, sein Unwesen treibt und die Mitmenschen in die Irre führt.
In der heutigen Zeit entstehen Hellsichtigkeit und Gedankenlesen vielfach durch prägnante Ereignisse resp. traumatische Erlebnisse und Ereignisse, durch die der Mensch sich wieder seiner inneren Welt zuwendet, wie z.B. wenn er durch eine schwere Krankheit getroffen wird, durch den Verlust eines geliebten Menschen, durch eine körperliche Behinderung, durch eine Katastrophe, ein schreckliches Erlebnis oder durch ein schweres Unglück usw. Leider lebt der Mensch von heute mehr gedankenlos in den Tag hinein, anstatt dass er sich dem effectiven eigenen inneren und äusseren Leben zuwendet, wodurch er auch seine Zirbeldrüsetätigkeit und Zirbeldrüsefähigkeit in bezug auf die empfindungsmässigen resp. feinstoffsinnlichen Wahrnehmungen anregen und diese nutzen könnte, wie z.B. hinsichtlich der Hellsichtigkeit und des Gedankenlesens oder gar der eigentlichen Telepathie resp. der bewussten, gewollten und gesteuerten Gedankenübertragung und des bewussten Gedankenempfangs. Dazu gehört auch das empfindungsmässige Wahrnehmen von Freude, Hass, Liebe, Krankheit, Ehrlichkeit, Unehrlichkeit, Trauer und Lüge usw., doch im vorgenannten Sinn der prägnanten Ereignisse beruht das immer auf einem Schaden der Persönlichkeit. Normalerweise ist das aber nicht der Fall, denn all die Fähigkeiten der Hellsichtigkeit, des Gedankenlesens, der Hellhörigkeit, der eigentlichen Telepathie sowie der Teleportation, der Levitation und der Telekinese usw. können vom Menschen, und zwar von jedem vernunfts- und verstandesträchtigen Menschen, ohne prägnante Ereignisse durch zweckdienliche und dauernde Meditationsübungen er-

arbeitet werden. Also können sowohl das einfache Gedankenlesen als auch die eigentliche Telepathie und alle anderen bewusstseinsenergiemässigen resp. gedanken-gefühlsmässigen und zirbeldrüsenbedingten Formen für den Menschen bewusst greifbar gemacht werden. Das aber bedingt eine kontrollierte Psychohygiene und eine Unermüdlichkeit bezüglich der notwendigen meditativen Bemühungen.

Auch in bezug auf die Nahtod-Erfahrung spielt die Feinstoffsinnlichkeit eine sehr wichtige Rolle, denn dadurch, dass die reine rationale Vernunft durch den Sterbevorgang ausgeschaltet und dem siebten Sinn, der Empfindungsfähigkeit, der ihr gebührende Platz eingeräumt wird, erweitert sich hinsichtlich des Feinstoffsinnlichen die Wahrnehmungsfähigkeit, die üblicherweise im aktuellen Leben durch den Zustand der rationalen Vernunft unterdrückt wird. Dadurch öffnet sich dem Menschen eine Grenze zu einem Fenster zu jener feinstoffsinnlichen Welt, die sehr weit über all das hinausgeht, was mit den reinen Grobstoffsinnen wahrgenommen werden kann, mit den Augen, dem Tasten, Riechen, Hören und Schmecken. Durch diese erhöhte Wahrnehmungsfähigkeit durch den Empfindungssinn in bezug auf das Feinstoffsinnliche, tritt als Nahtod-Erfahrung z.B. eine Hellsichtigkeit in der Weise auf, dass der sterbende Mensch sich aus einer höheren Warte (über dem eigenen Körper oder durch Räume schwebend) aus betrachten und auch sehen kann, was um ihn herum geschieht, was gesprochen wird und welche Gegenstände Menschen bei sich tragen oder im Sterberaum oder in angrenzenden Räumen usw. vorhanden sind. Die Nahtod-Erfahrung ist auch ein Schlüssel zum Gedankenlesen, wobei auf feinstoffsinnlicher Basis die Gedanken umstehender oder weit entfernter Personen wahrgenommen werden. Insbesondere geschieht das im Tief- resp. Tiefstagoniezustand, der einer Beschaffenheit geringster Hirntätigkeit entspricht. Dieser Status ist der des Eintritts des Todes, und in diesem öffnet das Gehirn dem Menschen seine verborgenen und im aktuellen Leben unterdrückten Fähigkeiten.

Jedes Gehirn, also sowohl des Menschen als auch der Tiere und allen Getiers, kann verglichen werden mit technischen Sende- und Empfangsgeräten, denn jedes organische Gehirn ist ein Sender und Empfänger für feinstoffsinnliche Energien und deren Kräfte sowie Wirkungen. Diese feinstoffsinnlichen elektromagnetischen Schwingungen mit ihren Energien und deren Kräften sind – nebst denen von Tieren und vom Getier – milliardenfach von Menschen vorhanden und schwingen durch jeden Raum und durch den Äther. Richtet der Mensch seine Wahrnehmung bewusst auf diese fluidalen Schwingungen aus, dann kann er sehr viele Informationen empfangen, doch wendet er seine Wahrnehmung davon ab, dann kann er nicht mehr wahrnehmen, was im Raum des siebten Sinnes resp. des Empfindungsvermögens an Informationen unbemerkt an ihm vorbeiflitzt, obwohl diese rundum in unendlicher Zahl dauernd vorhanden sind. Es sind unzählbare Informationen menschlicher Gehirne (auch tierischer und getierischer), die laufend rundum ihre Wirkung tun, was jedoch vom Menschen in seiner zirbeldrüsemässigen Verkümmerung nicht wahrgenommen wird, weil er vom rein rationalen Verstand beherrscht wird und das Feinstoffsinnliche verdrängt. Tatsächlich ist im gesamten Universum alles auf Informationen schöpferischer Natur aufgebaut, folglich nichts dem sogenannten und nichtexistierenden Zufall und auch keinem Chaos ausgeliefert, sondern alles informationsmässig aufgebaut ist, und zwar auch jede Materie. Wahrheitlich hat also alles seine durch Informationen bestimmte Ordnung, die sich durch das Gesetz der Kausalität resp. der Ursache und Wirkung manifestiert. Gleichermassen tun das auch die Gedanken und Gefühle des Menschen (usw.), die sich wie Atome frei in Raum und Zeit bewegen. Aus diesem Grund ist es auch gegeben, dass wenn das Gehirn gewisse Teile seiner Wahrnehmungsfähigkeit in bezug auf das Grobstoffsinnliche abschaltet, wie z.B. durch Schock, infolge Krankheit, Sterben, Unfall oder schrecklicher Geschehen usw., dann öffnet sich die Möglichkeit, dass das Gehirn nunmehr Informationen im feinstoffsinnlichen Bereich wahrnimmt, die dann auch ins Bewusstsein dringen und die sonst durch das Grobstoffsinnliche überlagert sind. Es ist nicht so, dass zuerst der Faktor ‹Bewusstseinsensor› resp. ‹Bewusstseinfühler› das Gehirn verlassen muss, um feinstoffsinnlich aktiv zu werden, denn erst durch das Ausschalten des rationalen Verstandes und das Oberhandgewinnen des Feinstoffsinnlichen wird das Bewusstsein aktiv und kann seinen Fühler resp. Sensor aussenden, der ausserhalb des Körpers feinstoffsinnliche Wahrnehmungen zu machen vermag. Dieser Fühler resp. Sensor des Bewusstseins wird seit alters her als silberner Faden beschrieben, der vom

Bewusstsein ausgeht.
Es müssen ganz bestimmte Voraussetzungen gegeben sein, um das menschliche Gehirn wie einen Sender und Empfänger wirken zu lassen. Natürlich ist die materielle Welt unbestreitbar grobstofflich existent und real, doch für das Bewusstsein des Menschen stellt sie trotzdem irgendwie eine eigens erschaffene Illusion dar. Betrachtet daher ein Mensch eine bestimmte Farbe oder hört er einen bestimmten Ton usw., was er gemäss seinen Sinnen als etwas speziell für ihn Definiertes wahrnimmt resp. erachtet, dann kann die gleiche Farbe und der gleiche Ton usw. von einem anderen Menschen, von einem Tier oder Getier völlig anders wahrgenommen und definiert werden. Was, krass gesagt, für den einen harmonisch wirkt, übt auf den anderen eine abstossende Wirkung aus. Gesamthaft gesehen, gilt das auch für jedes einzelne Atom und alle Formen, die als subatomare Formen noch bis weit unter der obersten Atomebene existieren. Tatsächlich ist nämlich das Atom nicht die kleinste Einheit fester Materie, obwohl es aus 99,9999 Prozent Vakuum besteht und der Atomkern selbst im Sinn der Physik nichts mehr ist als ein reines Nichts. Wäre es möglich, sämtliche Atomkerne unserer Welt zu einer festen Materie ohne Vakuum zu komprimieren, dann wäre die Erde nicht mehr grösser als eine Murmel von etwa der Grösse eines Sperlingeies. Wie dabei die Physik beweist, ändert sich der Zustand des Atoms ständig, weil dieses keine beständige Substanz aufweist, denn die Elektronen und Protonen sind in dauerndem Wandel begriffen, folglich sie einmal Teilchen und dann wieder Welle sind. Das aber entspricht keiner festen Materie, sondern nur Informationen, Energien und Kraft. Das ist auch der Grund dafür, dass z.B. Quanten gleichzeitig an verschiedenen Orten sein können, auch wenn das als unmöglich erscheint. Und Tatsache ist (siehe ‹Existentes Leben im Universum›, erschienen 1978, Seite 189 ff: «Jedes Leben weiss um das Leben des Nächsten», Billy, Wassermannzeit-Verlag, FIGU), dass die unsichtbaren Grundelemente des Universums und alles Leben um die Existenz aller anderen weiss und dass diese jenseits von Raum- und Zeitgrenzen untereinander Informationen austauschen. In diesem Sinn steht in ‹Existentes Leben im Universum› folgendes: «Der Mensch weiss um die Existenz des Lebens des Nächsten. Er weiss um das Leben des Mitmenschen und der gesamten Masse der Menschheit. Also aber weiss er auch um das Leben aller Fauna und Flora und also um das Leben der Schöpfung, des Universalbewusstseins selbst. Er weiss aber auch um das Leben der Planeten und der Gestirne, der Galaxien und des gesamten Universums sowie um das Leben des Feinstofflichen und Grobstofflichen. Dies ist auch dann so, wenn die Begriffsvermögen der verschiedenen Menschen sehr weit auseinandergehen und das Verstehen aller Dinge äusserst differiert ist. Nichtsdestoweniger jedoch besteht ein Einklang der Menschen im Anerkennen der Existenz des Lebens und aller Dinge überhaupt.
Wie der Mensch nun jedoch um die Existenz allen Lebens und aller Dinge weiss, so ist dies auch jeglicher anderen Lebensform gegeben, und also auch einer jeglichen Zelle einer existierenden Lebensform. Dies ist jedoch nicht das Ende des Wissens der Materie um die andere Materie, denn das nämliche Wissen um die Existenz und das Leben der anderen Materie und allen Lebens überhaupt ist auch vorhanden in jedem kleinsten Elektron und Neutron, in jedem Molekül und in jedem Atom und also in jedem Quark, ganz egal, ob es noch grobstofflich oder bereits feinstofflich und sehr weit unter der Quarkebene existent ist.
Wie die Schöpfung selbst als Universum und Universalbewusstsein um die Existenz des Lebens aller Dinge, Lebensformen, Elemente, Atome und Moleküle und sonstigen Formen des Lebens in grobstofflicher und feinstofflicher Form weiss und sich der Verbundenheit mit allem bewusst ist, so existiert dieses Wissen auch in jeglichem Ding, in jeder Lebensform, in jedem Element, in jedem Insekt, Virus und Bazillus, in jedem Atom und in jedem Molekül und in allem, was noch viel kleiner ist, sowohl im materiellen als auch im feinstofflichen Bereich.» usw. usf.
Auch die Gedanken und Gefühle des Menschen bestehen aus Energie und darin enthaltenen Kräften, die durch elektromagnetische Schwingungen als Produkt des Bewusstseins ausstrahlen. Die Schwingungsenergien und deren Kräfte bestehen aus winzigen feinstoffsinnlichen resp. fluidalen Informationseinheiten, die einzeln und gesamthaft eine Einheit bilden und die – wie der elektrische Strom durch Leitungen – in unsichtbarer Form durch das Gehirn und durch den Körper fliessen, um letztlich diesen zu verlassen und

in die Umwelt und in den Äther zu gelangen, von wo sie dann von Sensitiven resp. von Menschen aufgenommen werden, die über die Fähigkeit der feinstoffsinnlichen Wahrnehmung verfügen. Stirbt nun ein Mensch, dann verliert er im Agoniezustand die Verbindung zum rationalen Verstand, wodurch das Feinstoffsinnliche die Macht gewinnt und elektromagnetisch-energetische Entladungen produziert, die aus feinstoffsinnlichen Gedanken und Gefühlen resultieren, die explosionsartig ausstrahlen und von anderen Menschen selbst auf grosse Distanz wahrgenommen werden können. In der Regel sind es dabei Menschen, die mit der sterbenden Person in enger mentaler Verbindung stehen. Die betreffenden Personen empfangen die Informationseinheiten des sterbenden Menschen durch fluidale resp. feinstoffsinnliche elektromagnetische Schwingungen, die stark feinstofflich energiegeladen sind und als Kraft die Informationen in sich bergen. Natürlich spielt dabei die Wellenfrequenz der feinstoffsinnlichen Schwingungen eine massgebende Rolle, wodurch also nicht jeder Mensch die gleiche Wellenfrequenz empfangen kann und nicht jeder seine Feinstoffsinne in gleichem Mass auf nahe oder weit entfernte Impulse und Informationen einstellen kann, die auf ihn gerichtet sind. Also muss durch die mentale Verbindung eine gewisse Gleichheit der Wellenfrequenz gegeben sein, dass Botschaften von Sterbenden oder sonst von Mitmenschen empfangen werden können, seien es nun Geräusche, Gedanken und Gefühle oder visionäre Bilder usw. Wäre dem nicht so, dann würden alle Menschen weltweit gleichzeitig und einheitlich die gleichen Impulse und Informationen in unendlicher Zahl aller feinstoffsinnlichen Austrahlungen der ganzen Menschheit auffangen. Das aber würde nicht nur zum Chaos führen, sondern die ganze Menschheit würde irre und verrückt, weil der gesamte Schwall aller Impulse und Informationen nicht zu verkraften wäre. Gleichermassen würde es sein, wenn die gesamte Menschheit umfänglich des Gedankenlesens oder gar der reinen Telepathie fähig wäre und keine differenzierten Wellenfrequenzen bestünden, durch die bei einem bestimmten Menschen die Gedanken gelesen werden können, oder dass mit einem bestimmten Menschen telepathische Kommunikation gepflegt werden kann. Also stellt das einfache Gedankenlesen ebensowenig eine einfache Sache dar, wie auch nicht die eigentliche Telepathie, und zwar ganz gleich, ob letztere in der einfachen Primärtelepathie ruht, die nur 900 000 Kilometer weit reicht, oder ob es sich um die höhere, sekundäre oder gar um die Geisttelepathie handelt, durch die grenzenlose Weiten überbrückt werden können. Einheitlich stellen alle diese Formen für den sie beherrschenden Menschen oft eine sehr grosse Herausforderung dar, und zwar sowohl für das Gehirn und das Bewusstsein als auch für den ganzen Körper. Für Menschen, denen die Fähigkeiten des auch nur einfachen Gedankenlesens, der Hellhörigkeit oder der Hellsichtigkeit und des Visionssehens, das auch Hellsehen genannt wird, durch extreme Erlebnisse und sonstige Ereignisse eigen werden, laufen oft grosse Gefahr für ihren Verstand und die Gesundheit des Bewusstseins. Das aber beruht darin, dass daraus sehr oft Angstzustände aller Art und Schattierungen entstehen, die nicht mehr bewältigt werden können und folglich zu psychischen sowie zu bewusstseinsmässigen Schäden führen, die bis zur Schizophrenie reichen. Und von Wahnvorstellungen sind sehr viele betroffen, die durch prägnante Ereignisse zu Fähigkeiten der Feinstoffsinnlichkeit gelangen, und zwar darum, weil sie durch die plötzlich auftretenden feinstoffsinnlichen Fertigkeiten überfordert sind und nicht damit umgehen können, wie das gegenteilig der Fall ist, wenn die Fähigkeiten bewusst erlernt werden, was am einfachsten über ständige meditative Übungen bewirkt werden kann. Durch prägnante Ereignisse enstehen ungewollt auftretende Begabungen feinstoffsinnlicher Art und bringen also oft eine grosse Tragik mit sich, denn die fremden Gedanken und Gefühle, wie aber auch die fremden Empfindungen – die nichts mit Gefühlen zu tun haben, wie leider irrtümlich allgemein angenommen wird – anderer Menschen, bringen für die Betroffenen, die alles feinstoffsinnlich wahrnehmen können, in der Regel schwere bewusstseinsmässige sowie psychische und körperliche Belastungen, denen sie nicht gewachsen sind und durch die im wahrsten Sinne des Wortes ihr Leben zur Hölle entbrennt oder dieses gar zerstört wird.

In bezug auf prägnante Ereignisse kann nicht nur eine Wahrnehmungsfähigkeit der Feinstoffsinnlichkeit auftreten, denn nicht selten tritt es auch in Erscheinung, dass durch prägnante Ereignisse, wie schwerer Unfall, schwere Krankheit oder Schockerlebnisse usw., statt Feinstoffsinnlichkeit schizophrene Formen auftreten, die oft in religiös-sektiererischen Zuständen fundieren. Tritt ein solcher Zustand auf, dann sind die

daraus resultierenden Wahnvorstellungen in der Regel darauf ausgerichtet, dass die Betroffenen imaginäre Stimmen hören, Wahnvisionen haben und wahnfühlbar werden und dem Wahnglauben des Erhaltens von angeblichen Botschaften von Gott, Jesus, Engeln, Heiligen, Ausserirdischen, Geistern, Toten oder Dämonen verfallen.
Die Feinstoffsinnlichkeit kann für den Laien lebensgefährlich sein oder den Verstand gefährden, weshalb auch beim bewussten Erlernen derselben Vorsicht geboten ist und nicht etwas erzwungen werden darf, das durch das Bewusstsein sowie durch Verstand und Vernunft nicht verkraftet wird. Und tatsächlich kann das Ganze bei unsachgemässer Erarbeitung und Anwendung – oder durch ein prägnantes Ereignis – auch dazu führen, dass der Mensch durch seine erarbeitete Fähigkeit zu einer speziell ausgeprägten Genialität auf irgendeinem Gebiet gelangt und zum ‹Fachidioten› wird. Solche Menschen sind dann in der Regel im täglichen Leben nicht mehr lebensfähig, weil sie sich nicht mehr in das soziale Gefüge einordnen können und sich in diesem endlos verlieren. Sie werden durch die auf sie extrem wirkende Begabung vom alltäglichen Leben überfordert und vermögen es nicht mehr zu meistern.
Durch entsprechende Meditationsübungen kann bewusst auch die Fähigkeit höchster Empathie resp. die feinstoffsinnliche Fähigkeit des Sich-Einempfindens und des Sich-Einfühlens in die Einstellung und in die Gefühlswelt sowie in die Empfindungen anderer Menschen erlernt werden. Alles ist nur eine Frage der Entwicklung der Feinstoffsinnlichkeit und deren Anwendung und Nutzung. Bei der Empathie spielen die über das ganze Gehirn vernetzten Neuronen – von den Neurologen auch Spiegelneuronen genannt – eine sehr wichtige Rolle, denn sie sind die massgebenden Faktoren.
Die feinstoffsinnlichen Schwingungen sowie deren Energien und Kräfte, die vom menschlichen Gehirn ausgestrahlt werden, beeinflussen die Gehirne anderer Menschen, wobei das über Tausende von Kilometern Distanz erfolgen kann. Bei der reinen Telepathie kann das bis zu 900 000 Kilometer sein, wie bereits erklärt wurde. Diese Beeinflussung erfolgt aber nicht nur dann, wenn Gedanken und Gefühle – wie z.B. beim Sterben, bei Krankheit, Unglück oder schrecklichen Geschehen usw. – in starkem Masse auf eine bestimmte Person abgestrahlt werden, sondern es erfolgt eine dauernde Abstrahlung auf die gesamte Menschheit, von der unter Umständen welche profitieren können, wenn sie sensitiv genug sind und die richtige Wellenfrequenz empfangen können. Im Sinn des Profitierens kann es so z.B. sein, dass ein Mensch eine Erfindung macht oder etwas Bestimmtes sagt oder schreibt usw., das dann irgendwo auf der Welt von einem anderen Menschen feinstoffsinnlich aufgefangen wird – was jedoch auch durch das kollektive Unterbewusstsein möglich ist –, wonach dieser dann dieselbe Erfindung macht oder dasselbe sagt oder schreibt usw. Das Ganze in diesem Sinn zustande kommend, beruht auf einer Synchronisation, weshalb diesbezüglich von einer sinnvollen Übereinstimmung zwischen Ahnung und Erlebnis gesprochen wird, was auch als synchronistisches Ereignis bezeichnet wird. Tatsächlich schlummern aber noch viele andere Möglichkeiten und Neigungen im Menschen, die er sich nutzbar machen kann, wenn er sich nur bewusst und meditativ darum bemüht. Manche dieser Optionen ruft der Mensch bewusst oder unbewusst ab, während andere jedoch brachliegen und nicht genutzt werden. Beim einen Menschen treten diese Möglichkeiten und Neigungen sehr stark in Erscheinung, während sie beim anderen unterdrückt werden oder für ihn einfach nicht wahrnehmbar sind. Das gilt auch für die Möglichkeit und Neigung, für das Feinstoffsinnliche empfänglich zu sein.
Erst wenn das Grobstoffsinnliche abgeschaltet wird und damit jene bestimmten Hirnareale einfach für eine gewisse Spanne ausser Funktion gesetzt werden, die für die grobstoffsinnliche Wahrnehmung zuständig sind, kann auf die Bereiche des Feinstoffsinnlichen gegriffen werden, um diese bewusst zu nutzen. Klar muss dabei aber auch sein, dass spezielle Partien des Gehirns alle grob- und feinstoffsinnlichen Sinneseindrücke speichern, während in bezug auf das Kleinhirn, das unter anderem auch die Motorik des Körpers steuert, eine Art Zensur zwischen dem Bewusstsein und dem Unterbewusstsein durchführt, was bedeutet, dass das Kleinhirn nur bestimmte und zensurierte Informationen aus dem Unterbewusstsein ins Bewusstsein durchlässt, wodurch eine Überforderung desselben sowie des Gehirns allgemein verhindert wird. Dadurch wird einerseits das willkürliche Handeln des Menschen eingeschränkt, weil der Zensor des

Kleinhirns dies verhindert, wenn es Informationen aus dem Unterbewusstsein aufarbeitet und ans Bewusstsein weiterleitet. Andererseits wird dadurch der Prozess gewährleistet, dass der Mensch durch seine Intuition Nutzen ziehen und also intuitiv handeln kann.
Tritt die Feinstoffsinnlichkeit durch prägnante Ereignisse in Erscheinung, dann geschieht das auf einem nicht normal zu nennenden Vorgang und Weg, denn es erfolgt eine neuronale Schaltung, die ‹künstlich› herbeigeführt wird, z.B. durch einen schweren Unfall oder durch schwere Krankheit oder Schockwirkung usw.
Bezüglich des einfachen Gedankenlesens ist zu verstehen, dass dieses noch nichts mit der reinen primären oder sekundären resp. höheren Telepathie oder gar mit der Geisttelepathie zu tun hat, wobei letztere nur bei einer hohen Bewusstseinsevolution möglich ist. Selbst das einfache Gedankenlesen ist durch die Verkümmerung der Wahrnehmungsfähigkeit in bezug auf die Feinstoffsinnlichkeit für den Menschen der Erde keine Selbstverständlichkeit mehr, sondern nur noch eine Ausnahme von der Regel, folglich nur wenige in einfacher und primärer Form die Gedanken anderer lesen resp. wahrnehmen können. Die mit den Gedanken verbundenen Gefühle werden dabei beim einfachen Gedankenlesen völlig ausser acht gelassen resp. überhaupt nicht wahrgenommen, denn um auch diese wahrnehmen zu können, bedarf es auch der Fähigkeit der feinstoffsinnlichen Empathie. Tatsache ist aber, dass, wenn die Fähigkeit des einfachen Gedankenlesens zustande gekommen ist, der Mensch auf ihn gerichtete gedankliche Informationen über grosse Entfernungen hinweg auffangen resp. wahrnehmen kann. Da aber nicht alle Menschen der feinstoffsinnlichen Wahrnehmung fähig sind, spüren nicht alle, wenn z.B. ein Mensch stirbt, in Gefahr ist oder sich selbst in Gefahr begibt. Tatsächlich aber liegt es in der Natur des menschlichen Gehirns, Gedanken auszusenden und Gedanken zu empfangen, und so also die Fähigkeit des Gedankenlesens zu haben, wenn sie entwickelt wird. Gleichermassen gilt das für die primäre und die reine sekundäre Telepathie. Dass nun aber nicht alle Menschen gleichsam die Fähigkeit des Gedankenlesens haben – die Telepathieformen sind dabei ausgeschlossen, denn für diese reine Fähigkeit ist der Mensch der Erde noch nicht fähig –, liegt daran, weil durch den ausgeprägten rationalen Verstand das Gehirn gegen diese Fähigkeit arbeitet. In dieser rationalen Verstandeshaltung ist aber auch ein Selbstschutz eingebaut, wie bereits in anderer Form erklärt wurde. Wäre dieser Selbstschutz nicht gegeben, der das unkontrollierte Eindringen von fremden Empfindungen, Gedanken- und Gefühlsschwingungen verhindert und der bei genügender Beherrschung des feinstoffsinnlichen Bereiches und damit auch des Gedankenlesens nach Bedarf gesteuert und geöffnet werden kann, dann wäre das Gehirn ununterbrochen einer ungeheuren Flut von fremden empfindungs-, gedanken- und gefühlsmässigen Reizen ausgesetzt, die nicht verkraftet werden könnten und zwangsläufig zum Wahnsinn führen würden. Um das jedoch zu verhindern, weil sich der Mensch der Erde eben dem reinen rationalen Verstand zugewandt hat, hat das Gehirn in Laufe der Evolution gelernt, alles zu organisieren und zu selektieren. Grundsätzlich ist dazu zu sagen, dass das Ganze des Ganzen das Bewusstsein ist, das nach einem strukturierten System und gemäss einer bestimmten Rangordnung arbeitet. Das Bewusstsein und dessen Evolutionsstand ist also der Hauptfaktor des Gesamten, und dieses würde in all seinen Funktionen gestört, wenn es sich bewusst in bezug auf seine Funktion, Fähigkeiten und Möglichkeiten dem vermeintlich Unlogischen zuwenden und sich permanenten Reizen resp. fluidalen, feinstoffsinnlichen Schwingungen fremder Empfindungen, Gedanken und Gefühle aussetzen würde. Dadurch würden sowohl das Bewusstsein selbst als auch all seine Formen, Strukturen und die ganze Rangordnung geschwächt. Dass das aber nicht geschehen kann, hat das Gehirn im Laufe der Evolution ein Schutzsystem entwickelt, durch das das Gehirn von unkontrollierbaren äussern Reizen resp. feinstoffsinnlichen Einflüssen geschützt wird. Wäre dieses Schutzsystem nicht gegeben, dann würde der Mensch in einen endlosen Abgrund widersprüchlicher Informationen stürzen und, wie gesagt, dem Wahnsinn verfallen.

Letztlich kommt noch das Träumen ins Spiel, das Einlass in das Feinstoffsinnliche gewährt, wenn irgendwelche Informationen aus diesem Bereich ins Bewusstsein gelangen. Dadurch öffnet der Traum dem

Menschen eine Welt, die er in seinem rationalen Verstand nicht wahrnehmen kann, wenn er sich nicht die Fähigkeit erschafft, in die Gefilde seiner Feinstoffsinnlichkeit einzudringen und sich deren Fähigkeiten bewusst und kontrolliert nutzbar zu machen. Durch die Welt des Träumens werden alle physikalischen sowie räumlich-zeitlichen Gesetze ausser Kraft gesetzt, wodurch Dinge wahrgenommen und verstanden werden können, die der Wahrnehmung des rein rationalen Verstandes zumindest im Wachzustand verborgen bleiben. Und Tatsache ist, je gefestigter die Identität eines Menschen ist, desto stabiler wird sein Psychezustand, folglich er sich von anderen Psychezuständen abgrenzt und diesbezüglich praktisch unangreifbar wird. Genau das ist aber eine Bedingung, wenn ganz bewusst die Fähigkeiten des Feinstoffsinnlichen erarbeitet werden sollen, denn eine psychische Belastung hätte verheerende Folgen. Also bedingen die bewusst erarbeiteten Fähigkeiten des Feinstoffsinnlichen eine gesunde und starke Psyche, was genau bei jenen Menschen nicht gegeben ist, die durch prägnante Ereignisse zur Wahrnehmung des Feinstoffsinnlichen gelangen, denn durch ihre verunglückt erworbenen Fähigkeiten des Feinstoffsinnlichen werden sie in der Regel gedanklich-gefühlsmässig und damit auch psychisch labil, weil sie das Ganze nicht zu verkraften vermögen. Das aber führt dazu, dass die feinstoffsinnlichen Fähigkeiten, wie Gedankenlesen und Empathie, stärker werden und letztlich überhandnehmen können, wodurch oft schizophrene Auswirkungen und Aussonderungen aus dem gesellschaftlichen Gefüge entstehen. Und zu sagen ist noch, dass natürlich nicht alle prägnanten Ereignisse dazu führen, dass die Betroffenen der Wahrnehmung feinstoffsinnlicher Fähigkeiten trächtig werden, denn nicht das traumatische Erlebnis oder Ereignis selbst bildet den eigentlichen Faktor dafür, sondern grundlegend der Zustand der Psyche, der durch das Bewusstsein via die Gedanken- und Gefühlswelt geformt wird. Je stabiler der Psychezustand geformt ist, desto weniger besteht die Gefahr, dass eine schadhafte Fähigkeit der feinstoffsinnlichen Wahrnehmung erfolgen kann, und zwar ganz gleich, welcher Art ein traumatisches Erlebnis oder Ereignis auch immer sein mag. Also ist es beim bewussten und willentlichen Erlernen der Wahrnehmung des Feinstoffsinnlichen und der Nutzung desselben unabdingbar notwendig, dass sowohl die gesamte Bewusstseinswelt als auch die Welt der Gedanken und Gefühle sowie der Psyche in einwandfreiem Zustand sind, ansonsten Gefahren in bezug auf Verwirrung usw. heraufbeschworen werden, die nicht übersehen und nicht verhütet werden können.

VORTRÄGE 2007

Auch im Jahr 2007 halten Referenten der FIGU wieder Geisteslehre-Vorträge usw. Nachfolgend die Daten für die stattfindenden Vorträge:

Achtung: Wichtige Änderung!

Die Vorträge werden ab Juni 2007 im Saal des Centers durchgeführt.

25. August 2007

Karin Wallén	**Liebe**
Christian Krukowski	**Menschheitsgeschichte VIII**

27. Oktober 2007

Guido Moosbrugger	**Menschliche Geistform II** **Was sind Elementarteilchen?**
Pius Keller	**Schön, wie die Natur arbeitet**

Pünktlicher Vortragsbeginn um 14.00 Uhr.

Eintritt: CHF 7.– (Eintritts-Ermässigung für FIGU-Mitglieder bei Vorweisen eines gültigen Ausweises.)

An den Vortrags-Samstagen trifft sich im Semjase-Silver-Star-Center um 19.00 Uhr eine Studiengruppe, zu der alle interessierten Passiv-Mitglieder herzlich eingeladen sind.

Mensch der Erde,	Human being of Earth,
es ist für dich dringend Zeit,	it is high time for you
dich zum Besseren und	to change for the better
zum Guten zu wandeln ...	and for the good ...
	NOTE: This is a preliminary translation only.

Die Zeit des 21. Jahrhunderts und des 3. Jahrtausends bringt für dich, deine Erde und deren Natur gewaltige und umwälzende Ereignisse, denen du mit Verstand und Vernunft begegnen musst.	The period of time of the 21st century and of the 3rd millennium brings about gigantic and cataclysmal events for you, your Earth and its nature, which you will have to meet with intellect and rationality.
Das neue Jahrhundert und Jahrtausend bringt Geschehen, die du dir niemals hast erträumen lassen und die nicht nur kosmisch-natürlichen Ursprungs sind, sondern von dir erschaffen durch deinen Unverstand und deine Unvernunft.	The new century and millennium will bring events, which you would never have imagined and which aren't solely of cosmic-natural origin, but rather created by you due to your unintellect and your irrationality.
Es sind also nicht einfach die Geschehen, die endlos über die Welten und Universen rollen, sondern solche, die in deine Schuld fallen.	It is not only those events, which keep rolling across the worlds and universes endlessly, but rather those, which you are to blame for.
Die kommenden Geschehen legen so Zeugnis davon ab, was du durch deinen Eigensinn zerstörerisch hervorgerufen hast und weiter hervorrufst in bezug auf die Naturzerstörung, Klimaveränderung und Atmosphärebeeinträchtigung.	The coming events are therefore bearing witness to what you have destructively created by your obstinacy and are furthermore creating with regard to the destruction of nature, climate change and impairment of the atmosphere.
Sie zeugen aber auch von deiner Unsinnigkeit des weltweiten Warentransportes und des Massentourismus, wodurch Krankheiten, Seuchen sowie fremdartige Samen und Pflanzen in fremde Länder verschleppt werden, unter die Menschen, Tiere und unter das Getier sowie in der Pflanzenwelt, wobei viele Tode heraufbeschworen und Veränderungen und Zerstörungen in der Fauna und Flora hervorgerufen werden.	However, they also bear witness to the senselessness of your worldwide transportation of goods and of mass tourism, whereby diseases, epidemics as well as strange seeds and plants are being spread into foreign countries, among human beings, animals and among creatures as well as within the plant life, whereby many deaths are being brought about and changes and destructions are being caused in fauna and flora.
Wo bist du nur hingegangen und wo gehst du weiter hin in deinem Eigensinn, Mensch der Erde, aus dem heraus du bösartige Veränderungen und Zerstörungen in der Natur und am Planeten schaffst, in Hass, Rachsucht und in Kriegen lebst? Wenn du bedenkst, dass du die letzten 10000 Jahre gerademal 250 Jahre hinter dich gebracht hast, während denen keine kriegerischen Handlungen über die Erde gerollt sind, dann sollte dir dies ein Anstoss sein, um endlich Frieden zu schaffen.	Where in the world have you gone and where are you continuing to go on in your obstinacy, human being of Earth, out of which you are causing pernicious changes and damage to nature and to the planet, are living in hatred, urge for revenge and wars? Considering that you have spent a mere 250 years during the last 10,000 years, during which no acts of war had swept across Earth, then this should be an impulse for you to finally create peace.
Wahrlich, es ist weder ein Gott noch eine Religion, die dir wahre Liebe, Frieden, Freiheit und Harmonie bringen kann, und zwar auch dann nicht, wenn du dich noch so hündisch demütig in inbrünstigen Gebeten flehend in den Staub wirfst.	Truly, there is neither a god nor a religion, which can bring you true love, peace, freedom and harmony, no matter how submissively fawning you are beseechingly throwing yourselves into the dust in ardent prayer.
Nur du allein hast die Kraft und die Macht, dich aus allem Übel zu befreien, denn du bist dein eigener Herr und Meister, und nur du allein bestimmst dein und der ganzen Menschheit Schicksal.	Only you and you alone have the power and the might to free yourself from all the terrible things, for you are your own lord and master, and only you and you alone determine your destiny and that of the whole of humankind.
Es ist kein Gott und keine Religion, wovon du Hilfe erwarten und dich von allem Bösen und Schlechten befreien kannst.	There is no god and no religion, which you may expect help from and which can free you from all evil and bad.
Nur du allein trägst für alles und jedes deiner Gedanken, Gefühle, Handlungen und Taten die Verantwortung, folgedem auch nur du allein dich von Hass, Rachsucht, Eifersucht, Vergeltungssucht, Lieblosigkeit, Unfrieden und Unfreiheit sowie von Gewalt, Streit, Zank, Hader, Disharmonie, Mord und Totschlag, von Krieg, Gewaltverbrechen, Kriminalität und allem Menschenunwürdigen zu befreien vermagst.	Only you and you alone bear the responsibility for anything and everything of your thoughts, feelings, deeds and actions, therefore also only you alone are able to free yourself from hatred, urge for revenge, jealousy, urge for retaliation, lovelessness, unpeace and unfreedom as well as from Gewalt[1], strife, squabble, discord, disharmony, murder and manslaughter, from war, crimes of Gewalt, criminality and all the inhumane.
Bis anhin hast du das jedoch nicht getan, sondern du hast dich stetig mehr und tiefer in den Abgrund des Verderbens fallen lassen.	However, up until now you haven't done this, but you have rather steadily let yourself fall further and deeper into the abyss of ruin.
Und du treibst es in der gleichen Weise immer weiter, wobei deine stetig wachsende Überbevölkerung der hauptsächliche Grund dafür ist, dass all deine selbsterzeugten Übel und zerstörenden Machenschaften weiter anwachsen.	And you continue with this in like manner, whereas your steadily growing overpopulation is the main reason that all your self-created terrible things and destructive machinations are increasing further.

Du eilst mit deinen Gedanken und Gefühlen ins Leere, Mensch der Erde, in eine lichtlose und tödliche Zukunft, wobei du das Allerschlimmste nur noch verhindern kannst, wenn du zur Besinnung kommst, zu Verstand und Vernunft.	You are hastening into emptiness with your thoughts and feelings, human being of Earth, straight into a dark and deadly future, and you will only be able to avert the worst of all, if you come to your senses, to rationality and intellect.
Du musst das unsinnige Anwachsen der Überbevölkerung beenden, wie auch alle Kriege, allen Terror, Hass und den Unfrieden, und du musst von deiner Rachsucht und Eifersucht abkommen, von deiner Vergeltungs- und Streitsucht, wie aber auch von deiner Gleichgültigkeit gegenüber deinen Mitmenschen sowie der Natur, dem Planeten und dessen Fauna und Flora.	You must put a stop to the senseless growth of the overpopulation as well as to all wars, all terror, hatred and unfreedom, and you must desist from your urge for revenge and jealousy, from your urge for retribution and quarrelsomeness as well as from your disinterest towards your fellow human beings and nature, the planet and its fauna and flora.
Mensch der Erde, du musst deine Lieblosigkeit besiegen und beenden, um wahre Liebe und Mitgefühl in dir zu erschaffen, sowohl für dich selbst als auch für deine weltweiten Mitmenschen sowie für die Fauna und Flora, die gesamte Natur und die Erde selbst.	You must overcome and put an end to your lovelessness, human being of Earth, in order to create true love and feelings for others within yourself, both for yourself and for your fellow human beings all over the world as well as for the fauna and flora, the whole nature and Earth itself.
Mensch der Erde, du musst dich aus dem Dunkel deines Unverstandes und deiner Unvernunft hinausarbeiten, in das du hineingefallen bist; aus dem Dunkel, in dem die Dämonen des Hasses, des Krieges, des Mordens und Tötens, des Unfriedens, der Eifersucht, der Friedlosigkeit, Disharmonie, der Vergeltungs- und Rachsucht, des Hasses und der Unfreiheit zähnefletschend und diabolisch grinsend ihre krallenbewehrten Klauen in dich geschlagen haben.	Human being of Earth, you must work your way out of the darkness of your unintellect and your irrationality, which you haven fallen into; out of the darkness, where the demons of hatred, of war, of murder and killing, of unpeace, of jealousy, of peacelessness, disharmony, of urge for retribution and for revenge, of hatred and of unfreedom have dug their claws into you, snarling and grinning diabolically.
Und kehrst du nicht um, um endlich mit deiner ganzen irdischen Menschheit einen neuen Anfang in wirklicher Liebe und Freiheit, in Frieden und Harmonie zu finden, dann wirst du weiterhin in deinem Eigensinnswahn und in deiner Sucht der Überbevölkerungsschaffung sowie in deiner Zerstörungswut dich selbst sowie die Fauna und Flora auslöschen.	And if you do not turn round, in order to finally find a new beginning in true love and freedom, in peace and harmony together with your earthly humankind as a whole, then you will, in your obstinate delusion and in your addiction to creating an overpopulation as well as in your destructiveness, continue to extinguish yourself as well as the fauna and flora.
Wenn du dich nicht zum Besseren und Guten entschliesst und du dich nicht den natürlichen Gesetzen einordnest und sie nicht befolgst, dann wird dich in zukünftiger Zeit das eigene Handeln aus deinem Eigensinn selbst zermalmen, und zwar erbarmungslos, wie mit einer tödlich zuschlagenden Faust eines Giganten.	If you do not decide for the better and the good and do not integrate yourself into the natural laws and do not follow them, then your own acting resulting from your obstinacy will crush you in the time to come, and mercilessly, like with a deadly slamming fist of a giant.
Es wird auch die Faust deines Grössenwahns sein, durch den du selbst dein Schicksal bestimmst.	It will also be the fist of your megalomania, by which you personally will determine your destiny.
Durch deinen Eigensinn, deinen Grössenwahn und deine Selbstherrlichkeit forderst du deine eigene Rache wider dich selbst heraus, geprägt aus deiner eigenen Unvernunft, die Rechenschaft von dir fordert.	Owing to your obstinacy, your megalomania and your self-aggrandisement, you provoke your own revenge on yourself, formed from your own irrationality, which demands accountability from you.
Du kannst die Verantwortung für dein Handeln und Tun nicht ablegen, wie auch nicht für deine falschen Gedanken und Gefühle, durch die du dich selbst ins Unglück führst und ein böses Schicksal herausforderst.	You cannot abdicate the responsibility for your doings and actions, as well as not for your false thoughts and feelings, by which you are leading yourself into disaster and are suggestively and forcefully bringing about an evil destiny.
Dein Leben führst du nicht nach dem wahren Sinn des Daseins – denn wahrheitlich ist es in grossem Masse nur Lug und Trug, angefüllt mit Hass, Gier, Lust und Sucht, mit Mord, Krieg und mit anderen Verbrechen und Gewalttaten.	You are not leading your life according to the true sense of existence - for truthfully it is to a great extent only lies and deception, filled with hate, greed, lust and addiction, with murder, war and with other crimes and acts of Gewalt.
Du hast bis anhin deine Lebensaufgabe nicht erfüllt, sondern dein Dasein genutzt, um Krieg zu führen, zum Morden und Töten, zur Zerstörung, zur Erfüllung deiner Machtgier, zum Neid, Geiz und zur Vergeltung und Rache, zum Hass aller Art und zur gierigen finanziellen Bereicherung.	Up until now, you have not fulfilled your life's purpose/duty, but rather made use of your existence for waging war, for murdering and killing, for destruction, for the fulfilment of your greed for might, for envy, stinginess and for retaliation and revenge, for hatred of every kind and for greedy financial enrichment.
Dadurch hast du das wahre Menschsein verloren, damit auch die eigene Würde und die Ehrwürdigkeit für deine Nächsten, die Mitmenschen, die ganze Menschheit, den Planeten und dessen Natur, Fauna und Flora.	Thus you have lost the being human in the real and true sense, and with it also your own dignity and the venerability for the ones next to you, the fellow human beings, the whole humankind, the planet and its nature, fauna and flora.
Du hast nicht nach den schöpferisch-natürlichen Gesetzen gelebt und lebst nicht danach, sondern nur nach ungeheuer fehlbaren, die du selbst gemacht hast und die dich weitab von dem bringen, was des Rechtens, des Gerechten und des Rechtschaffenen ist.	You have not lived and do not live according to the creative-natural laws, but only according to tremendously fallible laws, which you have made yourself and which will lead you far away from what is rightful, fair and righteous.
Wahrlich hast du die wahre Liebe, des Lebens Güte und all die Gesetze der Natur schmählich in den Schmutz getreten, während die darin verankerte Grossmut dein teuflisches Tun traurig entgegennahm und dir immer und immer wieder eine letzte Chance zuspielte, dich doch noch mit der Zeit der wahren Liebe und Treue zu	Truly, you have disparagingly trampled true love, life's benevolence and all the laws of nature into the dirt, while the dignity anchored therein was sadly accepting your devilish actions, giving you a last chance over and over again, in order to eventually remind you of true love and faithfulness in the course of time and enabling you to

erinnern und zurückzufinden zum Natürlichen, wie dieses durch die natürlichen Gesetzmässigkeiten des Daseins gegeben ist.	find your way back to the natural, as this is given by the natural principles of existence.
Du, Mensch der Erde, hast jedoch jede noch so gute Chance bewusst missachtet und schmählich in den Schmutz getreten, weil du in deinem Eigensinn, deiner Selbstherrlichkeit und in deinem Grössenwahn ein Leben führen wolltest und willst, das deinen bösen Ausartungen Genüge tut.	However, you, human being of Earth, have consciously disregarded any ever so good opportunity and disparagingly dragged it through the mire, for due to your obstinacy, your self-aggrandisement and due to your megalomania, you wanted and still want to lead a life which satisfies your evil degeneracies.
Und es ist heute so, dass du ein Leben in Selbstsucht, Lust und Gier, in Hass, Hoffart, Machtgier und Krieg, in Zerstörung, Eifersucht, Streit und Hader sowie in Unfrieden, Unfreiheit, Disharmonie und Lieblosigkeit führst.	And today as a matter of fact you are leading a life in selfishness, lust and greed, in hatred, overbearance, greed for might and war, in destruction, jealousy, strife and discord as well as in unpeace, unfreedom, disharmony and lovelessness.
Du kümmerst dich weder um deinen Nächsten, geschweige denn um deine Mitmenschen und um die ganze Menschheit, wie auch nicht um gute zwischenmenschliche Beziehungen, nicht um die Würde und nicht um die wahre Menschlichkeit.	You neither bother about those next to you, even less about your fellow human being and about humankind as a whole, as well as not about good interpersonal relationships, nor about dignity and true humanity.
Das jedoch rächt sich nicht nur in der gegenwärtigen Zeit, sondern auch in Zukunft durch die kommenden Ereignisse und Geschehen, die kaum mehr, wenn überhaupt noch, aufzuhalten sind.	This, however, takes its toll not only in the present time, but also in the future through the coming events and happenings, which can hardly be averted, if at all.
Mensch der Erde, wahrlich, du musst alles unternehmen, um der grossen und neuen Zeit in gutem und wertvollem Masse entgegentreten zu können, und darum: Befreie dich endlich von deiner altherkömmlichen, falschen und alles zerstörenden Lebensweise, von deinem Hass wider den Nächsten, wider Andersdenkende und Andersgläubige.	Human being of Earth, truly, you must undertake everything in order to being able to face this great and new time in a good and valuable measure, and so therefore: Finally free yourself from your traditional, false and most destructive way of life, from your hatred against those next to you, against people who think differently and those who are of another religion.
Befreie dich auch von deiner Streitsucht, von deiner irren Sucht nach Krieg, Rache und Vergeltung; lass die Eifersucht, den Geiz und den Hader hinter dir, wie auch die Sucht nach grossem Reichtum, nach Missgunst und nach grosser Nachkommenschaft, denn das sind alles Ausartungen des Bösen.	Also free yourself from your quarrelsomeness, from your mad addiction to war, revenge and retaliation; move on from jealousy, stinginess and discord as well as from the addiction to great riches, resentment and to numerous offspring, for all of these are degeneracies of evil.
Vermeide weitere Überbevölkerung und wende dich den wahren Freuden des Lebens zu, die da sind wahre und ehrliche Liebe, wirklicher Frieden, wahre Freiheit und umfängliche Harmonie.	Avoid further overpopulation and turn yourself to the true joys of life, which are true and honest love, real peace, true freedom and ample harmony.
Mensch der Erde, alles betrifft nicht nur deine ganze Menschheit, sondern hauptsächlich dich als einzelnen, denn all die vielen einzelnen bilden die Menschheit dieser Welt, die voller Disharmonie und Finsternis eine Welt des Diabolischen und Dämonischen ist, weil du sie als einzelner und mit der gesamten Menschheit dazu gemacht hast.	Human being of Earth, all of this concerns not only your whole humankind, but mainly you as an individual, for all those good many individuals form the humankind of this world, which is a diabolical and demonic world full of disharmony and darkness, because you have turned it into this as an individual and together with humankind as a whole.
So bist du als einzelner gefragt, um dein Leben und die Existenz des Planeten sowie dessen Natur und Fauna und Flora dem wahren Leben, der Liebe, dem Frieden, der Freiheit und der Harmonie zuzuführen.	So you as an individual are asked to direct your life and the existence of the planet as well as its nature and fauna and flora towards the true life, love, peace, freedom and harmony.
Du musst die Pfade des Verderbens verlassen, den Weg der Disharmonie mit der Natur und den schöpferischen Gesetzmässigkeiten, worauf du umherirrst.	You must leave the paths of ruin, the path of disharmony with nature and the creative principles, on which you are wandering about.
Wahrlich irrst du aber noch auf dem Pfade des Todes in einen bodenlosen Abgrund, der voll unglaublicher Schrecken und tödlichen Verderbens auf dich lauert, um dich in seine bluttriefenden Klauen zu reissen und dich erbarmungslos zu zermalmen.	Truly, however, you are still wandering about on the path of death straight into a bottomless abyss full of incredible torment and deadly ruin, which is lying in wait for you in order to tear you into its blood-sopping claws and to crush you mercilessly.
Du musst dich von deinen Irrungen befreien, sonst reisst dich die knöcherne Krallenfaust deines Unverstandes und deiner Unvernunft aus deinem Leben und wirft dich in den Schlund der alles verderbenden Zerstörung.	You must free yourself from your going astray, otherwise the bony claw-armed fist of your unintellect and your irrationality will snatch you from your life and cast you into the abyss of the all-ruining destruction.
Noch hast du eine letzte effective Chance, die du nutzen kannst, wenn du dich all dem zuwendest, das dich vernünftig vorwärtsbringt, wobei das Vernünftige auch fordert, dass du deiner Verantwortung bewusst wirst und du die Zunahme deiner Überbevölkerung stoppst.	You still have a last true chance, which you can use, if you turn to everything that brings you further in a rational way, whereby the rational also demands that you become conscious of your responsibility and put an end to the increase of your overpopulation.
Du als einzelner Mensch dieser Erde musst alles erdenklich Mögliche, Gute und Richtige tun, um dich und die ganze Menschheit sowie die Natur und deren Fauna und Flora vor dem qualvollen Ende bewahren zu können, das die umwälzenden Ereignisse und Geschehen bereits zur gegenwärtigen Zeit beweisen und die sich in noch schlimmerer Weise zur kommenden Zeit weiter erweisen werden.	You as a single human being of this earth must do everything conceivably possible, good and right, in order to be able to preserve yourself and humankind as a whole as well as nature and its fauna and flora from the tormentful end, which the cataclysmal events and occurrences are already giving evidence of at the present time and which will continue to turn out to be even worse in the time to come.

Mensch der Erde, noch hast du eine wirklich allerletzte Chance, die du nunmehr jedoch ergreifen musst, denn sonst kannst du das Schlimmste nicht mehr verhüten.	Human being of Earth, you still have a really very last chance, which you, however, will have to seize now, because otherwise you will not be able to prevent the worst any more.
Wähne dabei nicht, dass alle jene falschen Propheten und Wissenschaftler recht haben, die alles bagatellisieren und alles als völlig natürlich erklären in bezug auf die ausartende Entwicklung der Natur, des Klimas und deiner falschen bewusstseinsmässigen und verhaltensmässigen Entwicklung.	Now do not believe that all those false prophets and scientists are right, who play down everything and declare everything as completely natural with respect to the degenerating development of nature, of the climate and the false development regarding your consciousness and behaviour.
Bedenke, dass die Zeit nicht stillsteht und dass folglich auch deine verheerenden bösartigen Machenschaften weiter voranschreiten, wenn du ihnen nicht endlich bewusst Einhalt gebietest.	Consider that time doesn't stand still and that your devastating malicious machinations will therefore continue to proceed, if you do not finally consciously call a halt to them.
Tust du das nicht, dann wird es eines unerfreulichen Tages zu spät und Heulen und Zähneklappern sein, wie es von alters her geschrieben ist.	If you do not do this, then it will be too late one unpleasant day and there will be wailing and gnashing of teeth, as it is written from time immemorial.
Und die alten Prophezeiungen der wahren Propheten haben sich über Jahrtausende hinweg bis in diese neue Zeit hinein bestätigt, und genau das werden sie auch weiterhin tun, doch noch kannst du vieles davon abwenden, wenn du deinen Verstand und deine Vernunft walten lässt und fortan das Richtige tust.	And the old prophecies of the true prophets have proved to be true over thousands of years up to this new time, and this is exactly what they will do furthermore, but you can still avert much thereof, if you let your rationality and your intellect prevail and henceforth do the right things.
Schon seit Jahrzehnten sind Naturkatastrophen aller Art ins Unheimliche angewachsen, wie auch die Ausartungen unter den Menschen; und all das zeugt davon, dass sich die Umwälzungen nicht mehr aufhalten, sondern in ihren schlimmsten Formen nur noch mildern lassen.	Already for decades all kinds of natural catastrophes have disastrously increased, as have the degeneracies among human beings; and all this bears witness that the cataclysms cannot be stopped any more, but can only be mitigated in their worst forms.
Doch, Mensch der Erde, du musst endlich deine bewusstseinsmässige Evolution vorantreiben und selbst die Verantwortung in die Hand nehmen, anstatt sie von einem Gott oder von einer Religion und vom Glauben an diese zu fordern, weil nämlich von diesen niemals Hilfe kommen wird, sondern nur von dir selbst.	But, human being of Earth, you must finally advance the evolution of your consciousness and take the responsibility into your own hands, instead of demanding it from a god or a religion and from the belief in these, since help will never come from them, but solely from yourself.
Du musst selbst deine Gedanken und Gefühle sowie dein Tun, Handeln und Wirken steuern, weil es nunmehr die Not erfordert.	You yourself must direct your thoughts and feelings as well as your actions, doings and activities, because it is now a requirement.
Du als der Mensch der Erde musst mit deinem noch beschränkten Bewusstsein die Grund- und Bauelemente der Natur und des Lebens achten lernen und deine eigene Gedanken- und Gefühlswelt zur Reaktion bringen, um in deinem Wahn nicht weiterhin myriadenfaches Leben der Natur und deren Fauna und Flora, das Klima der Erde und letztendlich dich selbst zu zerstören.	You as human being of Earth must learn to esteem the basic elements and components of nature and of life even though your consciousness is still limited – and to bring your own world of thoughts and feelings to react, in order not to furthermore destroy in your delusion myriad-fold life of nature and its fauna and flora, the climate of Earth and finally yourself.
Daher, Mensch der Erde, erhebe ich meine Stimme und schreie die wohlangebrachte Warnung und mein Begehr hinaus, auf dass du endlich aus deiner Lethargie des Nichtbeachtens der Tatsachen sowie aus deiner Zerstörungswut erwachen mögest.	Therefore, human being of Earth, I raise my voice and shout out the well-appropriate warning and my demand, so that you may eventually awaken from your lethargy of disregarding the facts as well as from your destructive rage.
Es ist eine Warnung, die auf all den seit langer Zeit auftretenden und auf den gegenwärtigen Geschehen beruht, die sich in üblem Masse immer weiter in die Zukunft tragen.	It is a warning, which is based on the present events and on all those that have been appearing for a long time, which will carry further and further into the future to a terrible extent.
Schon früher habe ich gerufen, doch ist mein Rufen in der Wüste deiner Unvernunft und deines Unverstandes verhallt.	I have already called in the past, but my calling has faded away in the desert of your irrationality and your unintellect.
Bereits ist die Zeit gekommen, zu der sich in der ganzen Welt die klimatischen Bedingungen durch deine Schuld krass veränderten und ungeheure Naturkatastrophen in Erscheinung treten, und das wird sich auch in die Zukunft hinein mit extremen Unwettern aller Art weiter auswirken.	The time has already come at which the climatic conditions all over the world have starkly changed for which you bear the blame and enormous natural disasters are occurring, and this will also continuously have an effect in the future through extreme storms of all kinds.
Alles hat sich bereits derart ausgeweitet, dass unzählbare Menschenleben, die in die Hunderttausende und in die Millionen gehen, zu beklagen sind und weiterhin zu beklagen sein werden.	Everything has already escalated to such an extent, that a vast number of human lives running into hundreds of thousands and into millions have been lost and will continue to be lost.
Nebst ungeheuren Zerstörungen an allen menschlichen Errungenschaften weiten sich auch immer mehr Krankheiten und Seuchen aus, die viele Leben deiner Spezies fordern werden, Mensch der Erde.	Together with enormous destruction of all human achievements, also more and more diseases and epidemics will spread, which will take a heavy toll on the lives of your species, human being of Earth.
Alles Unheil weitet sich stetig immer weiter aus, Zerstörungen an Bergen durch Bergstürze infolge des Auftauens des Permafrostes erfolgen, und durch Vulkanismus werden grosse Teile von Bergen	All disaster will expand steadily further on, destructions on mountains through rock slides due to the thawing of the permafrost will take place, and due to volcanic activity, large portions of

weggesprengt, die als Schlammlawinen ins Tal stürzen, alles zerstören, ganze Dörfer und Städte vernichten und unzählige Menschenleben kosten.	mountains will be blasted away, which will rush down into the valley as mudflows, destroying everything, wiping out entire villages and cities and claiming a great many human lives.
Weltweit schmelzen die Gletscher und die Pole dahin, wie auch immer mehr Wüsten entstehen.	The glaciers and poles are melting on a worldwide scale, and also more and more deserts are forming.
Das Weltklima erwärmt sich rapide, und das führt zu ungeheuren Klimaumwälzungen, die immer mehr grosse Hitze- und Kältewellen, Feuersbrünste, Dürren, Überschwemmungen, Schnee-, Hagel- und Gewaltstürme mit sich bringen.	The world climate is warming up rapidly, and this leads to enormous climatic upheavals, which will bring more and more great heat waves and cold waves, conflagrations, droughts, inundations, snow-storms, hail storms and tremendously powerful storms in its wake.
Auch Erdbeben und Seebeben treten immer häufiger in Erscheinung, wie auch daraus hervorgehend gewaltige Tsunamis auf den Meeren und Seen.	Also earthquakes and seaquakes will occur with increasing frequency, as will enormous tsunamis in the oceans and lakes resulting therefrom.
Dadurch entstehen weitere verheerende Zerstörungen in der Natur und an deinen Errungenschaften.	Thus, further devastating destruction of nature and of your achievements arise.
Und es werden riesige Landschaften durch Naturkatastrophen und durch das Überbevölkerungswachstum zerstört, weil du immer mehr Lebens- und Wohnraum benötigst.	And vast landscapes will be destroyed by natural disasters and due to the growth of the overpopulation, since you require more and more housing and living space.
Viele Naturkatastrophen und Kriege sowie Sektenmachenschaften und Gewalttaten führen stetig mehr zu Massentoden deiner Gattung.	A great number of natural disasters and wars as well as machinations of sects and acts of Gewalt are increasingly leading to mass deaths of your species.
Es entstehen ungeheure materielle Schäden an Land, Häusern und an allerlei Gebäuden, an Strassen, Eisenbahnwegen, Wildbächen, Flurbächen, Flüssen und Seen.	Enormous material damage to land, houses and to various buildings, to streets, railway tracks, mountain torrents, creeks, rivers and lakes will arise.
Und wie schon früher oftmals gesagt wurde, werden immer mehr Menschenleben durch all die klimabedingten Umwälzungen und Unwetter sowie durch Massenmorde zu beklagen sein, denn die rapide und sich steigernde Klimaerwärmung und Klimaveränderung verändert nicht nur die gesamte Natur und die Meeresströmungen, die gewaltige Umwälzungen hervorrufen, sondern auch dein Bewusstsein in verkommender Weise.	And as was frequently said in the past, more and more human lives will be lost through the climate-induced upheavals and thunderstorms as well as due to mass murders, for the rapid and increasing climate warming and climate change is not only changing the entire nature and the ocean currents, which will cause massive upheavals, but also your consciousness in a depraving way.
Dadurch wirst du, Mensch der Erde, gegenüber dir selbst und gegenüber deinen Mitmenschen immer gleichgültiger und mitgefühlloser, folglich auch immer mehr deine guten zwischenmenschlichen Beziehungen darunter leiden und stetig seltener werden.	Through this you, human being of Earth, will become more and more indifferent and without feelings towards yourself and towards your fellow human beings, thus your good interpersonal relationships will also increasingly suffer from it and will become continuously rarer.
Auch die gesamte Pflanzen- und Tierwelt verändert sich in katastrophaler Weise, wobei viele Mutationen entstehen, auch bei dir, wobei ganz besonders die Überbevölkerung Schuld an allem trägt.	The entire plant world and animal kingdom are also changing catastrophically, whereby a great number of mutations come into existence, also among you, whereby above all else the overpopulation bears the blame for everything.
Diese ist unbestreitbar das allergrösste Übel auf der Erde, denn je weiter und je schneller diese wächst, desto grösser, umfangreicher und unlösbarer werden all die daraus resultierenden Probleme.	This is indisputably the utmost evil on Earth, because the further and the faster the population grows, the greater, more extensive and more insolvable all the problems become that result from it.
Diesbezügliche Ausartungen bestehen in allen Bereichen, also sowohl in der Medizin, im schwindenden Trinkwasser, im sich erschöpfenden Verbrauch von Energie sowie im sich stetig mehrenden weltweiten, viele Dinge zerstörenden und seuchenverbreitenden Massentourismus, im Terrorismus, in Kriegen sowie in sonstigen bewaffneten Konflikten.	As to that, there are degeneracies existing across-the-board, therefore in medicine, in the decreasing drinking water, in the depleting consumption of energy as well as in the steadily increasing worldwide, amply destroying and epidemic spreading mass tourism, in terrorism, in wars as well as in other armed conflicts.
Die Kriege, angezettelt durch deine machtgierigen und verbrecherischen Staatsmächtigen, nehmen kein Ende, wenn du, Mensch der Erde, nicht als einzelner und als Masse den ganzen Verbrechen endlich Einhalt gebietest.	The wars, instigated by your might-greedy and felonious mightful ones of state, won't come to an end, if you, human being of Earth, don't finally put a stop to all the felonious acts as an individual and as a mass of people.
Es nehmen aber auch Familientragödien immer mehr überhand, wie auch das vielfache Töten durch deine psychisch geschädigten jugendlichen und auch älteren Täter, die in einer Flucht zum Morden ihre Probleme zu lösen versuchen.	However, family tragedies also become more and more rampant, as do the many cases of killing by your psychically disturbed adolescents and also by older offenders, who are trying to solve their problems with a flight into murdering.
Die steigenden Probleme häufen sich aber auch durch die Luft-, Gewässer- sowie Umweltverschmutzung sowie durch die wachsende Kriminalität und durch die Gewaltverbrechen, wie aber auch hinsichtlich der allgemeinen gesundheitlichen, bewusstseinsmässigen, psychischen und körperlichen Verweichlichung, denen du schon lange verfallen bist und immer mehr verfällst.	However, the escalating problems are also multiplying due to the air pollution, water pollution and pollution of the environment as well as due to the growing crime and due to the felonies of Gewalt, as well as due to the general health, consciousness-related, psychic and physical weakening, which you have already fallen prey to for a long time and are increasingly falling prey to.
Auch nutzvolle Freizeitbeschäftigungen gehören zu den nicht mehr zu	Beneficial leisure activities also belong to the problems which can

bewältigenden Problemen, denn statt einer solchen nachzugehen, suchst du nur noch das irre Vergnügen und den Müssiggang, oder extreme und lebensgefährliche Sportarten, weil du, Mensch der Erde, nicht einmal mehr dein eigenes, geschweige denn des Nächsten und Mitmenschen Leben als wertvoll einzuschätzen vermagst.	no longer be coped with, for instead of engaging in such an activity, you are only seeking crazy pleasure and idleness, or extreme and life-endangering sports, because you, human being of Earth, are not even able to appraise your own life as valuable any more, let alone the one of the person next to you and the one of the fellow human being.
Zwangsläufig steigert sich daraus auch deine Verrohung gegenüber deinen Mitmenschen, der Natur sowie gegen die Fauna und Flora.	Inevitably, your hard-hearted and coarsened towards your fellow human beings and nature as well as towards the fauna and flora also increases as a result of this.
Du, Mensch der Erde, wirst immer anfälliger für Allergien und Krankheiten, für Seuchen und Ausartungen des Sexuallebens, für psychische Ausartungen, für Depressionen und Selbstmorde, für psychopathische und paranoide Anwandlungen, aus denen heraus Morde und Massenmorde sowie Misshandlungen von Mitmenschen resultieren, die immer mehr durch Jugendliche ausgeführt werden, weil ihre ganze Erziehung in jeder Beziehung vollumfänglich versagt.	You, human being of Earth, are becoming increasingly predisposed to allergies and diseases, to epidemics and degeneracies of the sexual life, to psychic degeneracies, to depressions and suicides, to psychopathic and paranoid moods, from which murders and mass murders as well as maltreatments of fellow humans are resulting, which are increasingly being perpetrated by teenagers, because their whole education is failing completely in every respect.
Immer mehr trittst du als feiger Mensch in Erscheinung, der du dein Leben wegwirfst, weil du unfähig und feige geworden bist, Schmerz und Leid zu ertragen und das Leben durch ein natürliches Sterben zu beenden.	You are increasingly appearing as a chicken-hearted person, who is throwing his life away, because you have become incapable and afraid of bearing pain and misery and of ending your days through a natural death.
Und du bist auch feige geworden darin, deinen Nächsten und Mitmenschen zu helfen, wenn sie von anderen drangsaliert oder angegriffen werden, wie du auch feige geworden bist, den Alten und Behinderten zu helfen.	And you have also become chicken-hearted with respect to helping those next to you and your fellow human beings, when they are being harassed or attacked by others, as you have also become chicken-hearted with regard to helping the aged and handicapped people.
Mensch der Erde, du erzeugst für den Planeten und für alles Leben Unheil in ungeahntem Ausmass.	Human being of Earth, you are causing disaster for the planet and for all life on an unprecedented scale.
Die durch dich in der Natur sowie an Fauna und Flora und am Leben hervorgerufenen Zerstörungen ziehen über die ganze Erde hinweg.	The destructions of nature as well as of fauna and flora and of life caused by you are sweeping over the whole Earth.
Riesige Schäden, Zerstörungen sowie Not und Elend hast du hervorgerufen und rufst sie weiterhin hervor.	You have caused enormous damage, destructions as well as hardship and misery and keep on causing them.
Du hast Wildbäche und Flurbäche begradigt und Auen mit Drainagen durchzogen, um sie für dich bewohnbar zu machen.	You have straightened torrents and creeks and have dug drainage ditches across the wetlands, in order to make them habitable to you.
So wurden die Bäche und Rinnsale zu reissenden Flüssen, Flüsse zu tobenden Strömen, während wilde Wasser über alle Ufer treten und ungeheure Überschwemmungen hervorrufen, die alles Land verwüsten, zahllose deiner Errungenschaften und Existenzen zerstören und zusammen mit anderen Katastrophen Hunderttausende und Millionen von Menschenleben kosten.	So the creeks and rivulets became powerful rivers, rivers became raging currents, while wild waters are bursting their banks and causing enormous inundations, which are devastating all land, destroying a vast number of your achievements and existences, and together with other catastrophes are claiming hundreds of thousands and millions of human lives.
Und all das, was sich heute zuträgt, das bedeutet in keiner Weise das Ende der durch deine Schuld ausgelösten weltweiten Katastrophen, denn erst im nun neuen Jahrtausend wird alles noch schlimmer, denn die Natur wird sich noch gewaltiger gegen deinen umweltzerstörenden Wahnsinn aufbäumen und ein Mass erreichen, das den urweltlichen Zeiten der Erde gleichkommt.	And all of what happens today in no way means the end of the worldwide catastrophes, which you bear the blame for triggering, for only in the now new millennium, everything is getting even worse, because nature will rise up even more gigantically against your environment-destroying-insanity and attain an extent, which bears comparison with the primeval times of Earth.
Werden die kommenden Geschehen und Katastrophen betrachtet und analysiert, die über die Erde, das Klima und über dich, Mensch der Erde, hereinbrechen, dann ist klar und deutlich zu erkennen, dass einzig und allein du am ganzen Elend die Schuld trägst, und zwar, wie bereits erklärt, durch die unaufhaltsam wachsende Überbevölkerung, aus der heraus sich alle die ungeheuren Probleme ergeben.	Considering and analysing the coming events and catastrophes, which are going to break upon Earth, the climate and you, human being of Earth, then it is clearly and obviously recognisable, that solely you bear the blame for the whole misery, namely, as already explained, due to the relentlessly increasing overpopulation, as a result of which all the enormous problems are arising.
Diese kannst du nicht mehr in einem einfachen Rahmen zum Stillstand bringen, sondern nur noch durch weltweite radikale und rigorose Gesetze und Massnahmen, deren Einhaltung du gewährleisten musst.	This can no longer be stopped with simple means, but only by means of worldwide radical and rigorous laws and measures, whose compliance you must ensure.
Die Schuld am kommenden Unheil und Chaos sowie an den Katastrophen geht grundsätzlich durch deine gewaltige Masse Menschheit hervor, auch wenn du als krankhaft dummer und verantwortungsloser Wissenschaftler oder Besserwisser Gegenteiliges behauptest.	The blame for the coming disaster and chaos as well as catastrophes arises fundamentally due to your gigantic mass of humankind, even if you as a pathologically dumb and irresponsible scientist or know-it-all claim the opposite.
Allein deine Überbevölkerung ist der umfassende Faktor aller Übel, und zwar sowohl bei der Energie- und Trinkwasserknappheit als auch in bezug auf die Natur- und Umweltzerstörung sowie hinsichtlich der Klimaerwärmung, der neuen Krankheiten und Seuchen, der Gewaltverbrechen, des Hasses, der Unfreiheit, Lieblosigkeit, des	Solely your overpopulation is the comprehensive factor of all terrible things, namely concerning the energy and drinking water shortage as well as regarding the destruction of nature and the environment and also with regard to climate warming, new diseases and epidemics, Gewalt-crimes, hatred, unfreedom,

Unfriedens und der Disharmonie usw. usf.	lovelessness, unpeace and disharmony and so on and so forth.
Und je weiter deine Überbevölkerung wächst, desto umfangreicher und unbewältigungsbarer werden all die Probleme und Übel.	And the more your overpopulation is growing, the more extensive and unmanageable all the problems and terrible things become.
Wird ein bestehendes Problem dieser oder jener Art, das aus der Überbevölkerung hervorgeht, angegangen und eine Lösung gefunden und verwirklicht, dann wird das Ganze während der Zeit der Lösungsverwirklichung durch neuentstehende Probleme gleicher oder ähnlicher resp. neuer Art überholt, weil die Weltbevölkerung während der Zeit, in der Lösungen verwirklicht werden, um weitere Hunderte von Millionen Menschen ansteigt, wodurch die ausgearbeiteten Lösungen nichtig und von gleichartigen neuen Problemen überholt werden.	If an existing problem of this or that kind resulting from the overpopulation is being approached and a solution is being found and carried into effect, then the whole thing is being overtaken by emerging problems of the same or a similar or new kind during the time of the implementation of the solution, because the world population is increasing further by hundreds of millions of people during the time at which solutions are being implemented, whereby the solutions worked out become null and void and are being overtaken by similar new problems.
Auch das Asylanten-, das Neonazi- und Extremistenwesen, Völkerwanderungen, weltweiter Terrorismus und neue Kriege werden sich ausbreiten und stetig mehr Unfrieden, Not und Elend und sonstig neue grosse Probleme schaffen.	Also the asylum system, the neo-Nazi organisations and extremists organisations, mass migrations, worldwide terrorism and new wars will spread and constantly cause more unpeace, hardship and misery and other new big problems.
Gegen alle Übel, die von dir, Mensch der Erde, ausgehen und die du durch die Unvernunft der herangezüchteten Überbevölkerung am gesamten Leben, an der Natur, am Klima, an der Atmosphäre, an den Gewässern sowie an der Fauna und Flora und am ganzen Planeten selbst hervorgerufen hast, müssen sehr harsche und greifende Massnahmen ergriffen werden.	Very harsh and effective measures must be taken against all terrible things that come from you, human being of Earth, and which you have unleashed against all life, against nature, against the climate, against the atmosphere, against the bodies of water as well as against fauna and flora and against the whole planet due to the irrationality of the cultivated overpopulation.
Dazu gehören auch Massnahmen gegen die weltherrschaftssüchtigen Machenschaften jener Staatsmächtigen, die verbrecherisch Kriege und Terror in aller Welt auslösen, selbst Kriege und Terrorakte ausführen und andere Länder ins Chaos stürzen, wobei sie auch die Mentalität der Menschen in den Schmutz treten sowie deren Religion und Politik brechen und ausrotten wollen.	This also includes measures against the world-domination-craving machinations of those mightful ones of state, who feloniously trigger wars and terror all over the world, execute wars and acts of terrorism themselves and precipitate other countries into chaos, whereas they also intend to trample the mentality of the people into the dirt as well as break and eradicate their religion and politics.
So lange, wie du all diese Machenschaften über dich ergehen lässt und du dich nicht gegen diese Verbrechen zur Wehr setzt und nicht die richtigen Leute in die entsprechenden Regierungspositionen bringst, so lange wirst du auf der Erde weder wahre Liebe noch wahren Frieden, wahre Freiheit noch Harmonie erschaffen können.	As long as you submit to these machinations and don't take a stand against these felonies and don't bring the right people into the corresponding governmental positions, until then you will create neither true love, true peace, true freedom nor harmony on Earth.
Durch das rasend schnelle Anwachsen deiner Menschheit, Mensch der Erde, bist du gezwungen, immer häufiger und immer mehr die Umwelt zu zerstören und die Ressourcen der Erde auszubeuten, um den steigenden Bedürfnissen aller nachzukommen.	Due to the rapid growth of your humankind, human being of Earth, you are forced to destroy the environment and to exploit the resources of Earth more and more and with increasing frequency, in order to meet everyone's increasing needs.
Doch all diese Bedürfnisse steigern sich mit der wachsenden Zahl deiner Menschheit in immer grösserem Masse, wodurch die Natur sowie die Fauna und Flora, wie aber auch das Klima und die gesamte Umwelt immer mehr in Mitleidenschaft gezogen und zerstört werden.	But all these needs increase to an even greater extent with the growing number of your humanity, whereby both nature and the fauna and flora as well as the climate and the entire environment are being increasingly affected and destroyed.
Der Planet selbst wird gepeinigt und langsam zerstört, denn durch Kriege hervorgerufene atomare und sonstige Explosionen stören das Gefüge der Erde und lösen Erd- und Seebeben sowie Vulkanausbrüche aus.	The planet itself is being tormented and slowly destroyed, because atomic and other types of explosions caused by wars are disturbing the structure of the earth and triggering earthquakes and seaquakes as well as volcanic eruptions.
Gewässer, Natur, Atmosphäre und der erdnahe Weltenraum werden verschmutzt und vergiftet, während die Urwälder profitgierig zerstört und vernichtet werden.	Waters, nature, the atmosphere and the near-Earth space are becoming polluted and poisoned, while the primeval forests are profit-greedily destroyed and razed.
Bereits im September 1964 schrieb ich an alle Weltregierungen folgendes: «Das Gebot der Stunde und der Zukunft ist: Dass endlich dem Wahnsinn der Überbevölkerung Einhalt geboten wird.	Already in September 1964, I wrote the following to all international governments: <The requirement of the hour and of the future is: That the insanity of the overpopulation must finally be stopped.
Zwar kann dadurch der durch die Menschheit ausgelöste Klimawandel nicht mehr gestoppt werden, doch können durch Vernunft und Verstand die Zerstörungen, Vernichtungen, das Chaos und die Katastrophen etwas eingedämmt werden, wie z.B., indem natürliche Auen wieder hergestellt werden und der Raubbau am Planeten sowie an der Natur und Fauna und Flora eingestellt wird, denn nur so kann das Schlimmste noch vermieden werden.	Although the climate change triggered by humankind cannot be stopped any more through this, the destructions, demolishments, the chaos and the catastrophes can nevertheless be gotten under control somewhat through rationality and intellect, for example by rebuilding natural wetlands and ceasing the over-exploitation of the planet as well as of nature and fauna and flora, because only in this way can the worst still be avoided.
Das aber bedingt, dass der Wahnsinn der Überbevölkerung gestoppt wird durch greifende gesetzliche Massnahmen.	However, this requires, that the insanity of the overpopulation is being stopped by effective legal measures.
Die Überbevölkerung resp. die Weltbevölkerung muss dringendst durch einen weltweiten kontrollierten Geburtenstopp eingedämmt und vermindert werden, weil nur dadurch alle in jeder Art steigenden Bedürfnisse der Menschheit und die damit verbundenen weiteren Zerstörungen letztlich behoben werden können.	The overpopulation resp. the world population must be most urgently gotten under control and reduced by means of a worldwide controlled birth stop, because only through this can all the in every respect increasing needs of humankind and the further destructions connected with it finally be brought to an end.

Schon sehr viel ist dafür getan, dass sich die alten Voraussagen erfüllen, weshalb es auch notwendig ist, dass dagegen Massnahmen ergriffen werden: Die Umweltverschmutzung durch Fossil-Brennstoffmotoren aller Art sowie durch Schlote usw. muss dringendst eingedämmt werden, nebst allen anderen Formen der Umwelt- und Luftverschmutzung.	Very much has already been set in motion that the old prophecies are being fulfilled, wherefore it is also necessary to take steps against it: The pollution of the environment through fossil fuel engines of all kinds as well as through chimneys etc. must be gotten under control most urgently, together with all other forms of environmental pollution and atmospheric contamination.
Auch ist es von dringendster Notwendigkeit, dass alle menschlichen Bauten jeder Art, wie Wohnhäuser und Fabriken usw., aus gefährdeten Lawinen- und Über-schwemmungsgebieten verschwinden.	It is also of the most vital necessity to keep endangered avalanche zones and inundation areas clear of all human buildings of every description, such as residential buildings and factories etc.
Auenlandschaften usw. müssen der Natur als natürliche Wasserauffanggebiete für Überschwemmungswasser zurückgegeben werden.	Wetlands etc. must be given back to nature as natural water collection areas for flood waters.
Wohnbauten und Fabriken usw. dürfen nicht mehr an Wildbäche, Flurbäche, an Seeufer, in oder an Lawinenhänge oder wassergefährdete Ebenen usw. gebaut werden.	Residential buildings and factories etc. must no longer be built along torrents, creeks, at lakefronts, in or on avalanche slopes or plains endangered by water etc.
Zudem müssen äusserst dringend Vorkehrungen getroffen werden an Bächen, Flüssen, Seen, Strassen, Wohngebieten, Hängen und Bergen usw., indem an gefährdeten Stellen, wo wilde Wasser übertreten oder Muren, Schnee- und Schlammlawinen sowie Bergrutsche abgehen und Schaden anrichten können, massgebende sehr starke und hohe Verbauungen erstellt werden, um Häuser, Strassen, Wege und Eisenbahntrassees vor Unterspülung, Überflutung, Verschüttung und vor einem Wegriss zu bewahren.	Moreover, precautionary measures must most urgently be taken along creeks, rivers, lakes, streets, residential areas, slopes and mountains etc., by raising very strong and tall control structures in endangered places, where wild waters overflow or mudflows, snow avalanches and mudslides as well as mountain slides can possibly come down and cause damage, in order to preserve houses, streets, paths and railway lines from undercutting, inundation, spillage and from being torn away.
Das wird vielerorts vonnöten sein, denn vieles des vorausgesagten Chaos und der Katastrophen wird leider bereits unvermeidlich sein – und die Zeit eilt und wird knapp.	This will be necessary in many places, because much of the predicted chaos and the catastrophes will unfortunately already be unavoidable – and time is of the essence and is getting short.
Also ist Handeln angesagt, und dieses liegt in der Verantwortung der gesamten irdischen Menschheit.	Therefore action is called for, and this is the responsibility of the entire earthly humankind.
Der Mensch der Erde muss handeln, ehe es endgültig zu spät ist und überhaupt nichts mehr getan werden kann, um den verantwortungslos ausgelösten Prozess der Klima-, Fauna- und Flora- sowie der Natur- und Planetenzerstörung und der Menschheitsausrottung zu stoppen.	Human being of Earth must take action, before it is definitely too late and nothing at all can be done any more, in order to stop the irresponsibly triggered process of the destruction of the climate, of the fauna and flora as well as of nature and of the planet and the extinction of humankind.
… Wo gehst du hin, Menschheit dieser Erde – Quo vadis, humanitas? Du irrst auf dem Pfade der Finsternis – auf dem Pfade, der ins Verderben ohne Wiederkehr führt.	… Where are you going, humankind of this Earth – Quo vadis, humanitas? You are straying down the path of darkness – on the path leading to ruin with no return.
Rette dich, denn noch ist es Zeit zur völligen Umkehr, um auf dem Pfade des Lichtes, des Schöpferisch-Natürlichen zu wandeln – auf dem Lichtpfade der Wahrheit allgegenwärtiger schöpferischer Gesetzmässigkeiten –, auf dem Weg des Guten selbst.	Save yourself, because it isn't too late yet for a complete change in order to walk on the path of light, of the creative-natural – on the light-path of the truth of the ever-present creative principles –, the path of the good itself.
Mensch, wende deinem bisherigen Leben den Rücken zu und finde zurück zu den schöpferisch-natürlichen Gesetzen und Geboten.	Human being, turn your back on your present life and find your way back to the creative-natural laws and recommendations.
Finde zurück auf den reellen Weg des wirklichen Lebens.	Find your way back to the true path of the real life.
Der Weg ist aber nicht durch Religion oder Sektierismus zu finden und zu beschreiten, folglich ist es nicht damit getan, dass du täglich oder allsonntäglich zur Kirche eilst, um dort zu brillieren, dass gerade DU einer von denen bist, die fleissige Kirchgänger sind, um bei jeder Gelegenheit des Geistlichen Wort zu hören und, wenn möglich, in der ersten Bankreihe nächst ihm zu sitzen, dass ja jedermann dich gut sehen und feststellen kann, dass du fleissig das Wort Gottes hörst und so nahe beim Geistlichen bist, in die Moschee, in den Tempel, in die Synagoge oder in irgendein Gebetshaus gehst, um zu beten, oder dass dir nicht ein Wort des Religionsvertreters entgeht, der den Gottesdienst führt.	However, the way cannot be found and taken through religion or sectarianism, therefore, it isn't satisfying that you hurry to church daily or every Sunday, in order to appear brilliant there that YOU of all people are one of those, who are diligent churchgoers, in order to listen to the word of the clergyman at every opportunity and, if possible, to sit in the front row right beside him, so that everyone can see you well and notice that you are diligently listening to the word of god and are so close to the clergyman, are going to the mosque, to the temple, to the synagogue or into any house of prayer, in order to pray, or that not a single word of the ministering religious representative slips your attention.
Mensch, solches Tun ist kein Gesetz der schöpferischen Wahrheit, nicht eine schöpferisch-natürliche Fügung oder Ordnung, und es ist nicht der Sinn des Lebens.	Human being, such doing is no law of the creative truth, nor a creative-natural foreordination or regulation, and it isn't the sense of life.
Wenn du nicht aus eigener Erkenntnis den Weg der Wahrheit findest und nicht zutiefst das Wort der Wahrheit verstehst, ihm Vertrauen schenkst und es befolgst, dann ist es besser für dich, wenn du dich im tiefsten Pfuhl der Schande verkriechst.	If you cannot find the path of truth from your own cognition and do not profoundly understand the word of truth, place your trust in it and follow it, then it will be better for you, if you crawl away into the deepest slough of disgrace.
Wenn du nicht auf dem Weg der Wahrheit der schöpferisch-natürlichen Gesetze und Gebote schreitest, dann lass wenigstens jene unangefochten diesen Weg finden, welche ihn beschreiten wollen und nach der effectiven Wahrheit suchen.	If you are not treading the path of the truth of the creative-natural laws and recommendations, then let at least those, who want to pursue it and are looking for the effective truth, find this path unhindered.
Verfluche und verdamme nicht die Suchenden nach der Wahrheit,	Do not curse and condemn those who are searching for the truth,

denn ihr Schritt und ihre Anwesenheit auf dem Weg der Wahrheit dienen nicht eigenem Ruhm und nicht einem Glänzen wie ein Beryll, sondern ihrer bewusstseinsmässigen Evolution, wie das durch die schöpferischen Gesetze als Sinn des Lebens dem Menschen vorgegeben ist.	for their stride and their presence on the pathway of truth are not for their own glory and not for shining like a beryl, but for the evolution of their consciousness, as is predefined for the human being by the creative laws as the sense of life.
Darin verankert ist auch das gesamte menschliche Verhalten in jeder Beziehung, und zwar sowohl in bezug auf die Mitmenschen, auf das Menschsein, die Natur, die Fauna und Flora, das Klima der Welt und den Planeten selbst.	Anchored therein is also the entire human behaviour in every respect, namely with regard to the fellow human beings, to humanity, nature, fauna and flora, the climate of the world and the planet itself.
Wenn du dem jedoch zuwiderhandelst, Mensch der Erde, dann wird dich das eigene Strafgericht ereilen, ehe du es bemerkst, denn die Ära der kommenden Ereignisse rückt vor und lässt keine Zeit mehr übrig, mit der weiteren Heranzüchtung der Überbevölkerung und mit der Zerstörung des Klimas zu spielen, wie du es als einzelner Mensch und als Masse Menschheit bisher getan hast.	If you act contrary to this, however, human being of Earth, then your own judgement will befall you, before you become aware of this, because the era of the coming events is approaching and there is no more time left to gamble with the further cultivation of the overpopulation and with the destruction of the climate, as you have done this up to now as an individual and as the mass of humankind.
Lange, viel zu lange, wurde mit allen Übeln gespielt und Schindluder getrieben, doch nun kommt das Mass zum Überlaufen, denn schon seit alters her ist gesagt: Der Krug geht zum Brunnen, bis er bricht …	For far too long, you have gambled with all terrible things and treated everything abominably, but now it's the final straw, for it is said already since time immemorial: The jug goes to the well until it breaks ...
Menschheit und Mensch als einzelner, ob arm oder reich, ob klein, gross, Bettler oder Arbeiter – Mensch in jeder Position, dich betrifft es –, an dich sind meine Worte gerichtet.	Humankind and human being as an individual, whether poor or rich, whether small, tall, beggar or workman – human being in any position, it concerns you – my words are addressed to you.
Wende dich um, und gehe den Weg des wahren Lebens, so wie es die schöpferisch-natürlichen Gesetze und Gebote bestimmen, denn nur noch kurz ist die Zeit, da grosses Unheil über die Welt und über dich kommen wird und Rechenschaft von dir fordert für all die Zerstörungen, die du durch die Überbevölkerung unter der Menschheit selbst und an der gesamten Natur, an Fauna und Flora, am Klima, an der Atmosphäre sowie an den Gewässern und sonst rundum angerichtet hast.	Turn around and take the path of the true life, as determined by the creative-natural laws and recommendations, for time is getting short, until great disaster will befall the world and you and demand accountability from you for all the destructions that you have caused among humankind and to the whole nature, to the fauna and flora, to the climate, to the atmosphere as well as to the bodies of water and elsewhere around due to the overpopulation.
In den Schriften der Jahrtausende steht geschrieben: «Liebe deinen Nächsten wie dich selbst, denn er ist dein leiblicher Bruder oder deine leibliche Schwester – der oder die den Lebensodem eingehaucht bekam.»	In the scriptures of the millenniums is written: <Love your next one as yourself, because he is your own brother or your own sister – into whom life has been breathed.>
Mensch, beende also all deinen Hass, deine Gier, den täglichen Unfrieden, die mörderischen Kriege und Terrorakte, all deine Selbstsucht, Selbstherrlichkeit, deine Rachegelüste, deine Eifersucht, Machtgier und Vergeltungssucht.	Therefore, human being, put an end to all your hatred, to your greed, to the daily strife, to the murderous wars and acts of terrorism, to all your egotism, self-aggrandisement, to your cravings for revenge, to your jealousy, greed for might and urge for retaliation.
Wende dich ab von deinem Morden, Meucheln, Töten und Foltern, von der Prostitution, vom Hass jeder Art, von der Gier und Habsucht, von deiner Unehrlichkeit, Ungerechtigkeit und Unrechtschaffenheit sowie von deinen Süchten, Lastern und von allem sonstig Ausgearteten.	Turn your back on your murdering, deceitful attacks, killing and torturing, on prostitution, on hatred of every kind, on greed and avarice, on your dishonesty, unfairness and unrighteousness as well as on your addictions, vices and on anything else degenerate.
Liebe deinen Nächsten wie dich selbst, liebe deine Mitmenschen, die Natur, Fauna und Flora sowie den Planeten, der deine Heimat und deine Ägide ist.	Love those next to you as yourself, love your fellow human beings, nature, fauna and flora as well as the planet, which is your home and your aegis.
Also steht geschrieben: «Achtet der Zeichen der Zeit, die am Himmel stehen werden, wenn die Zeit naht, zu der sich umwälzende Ereignisse ergeben.» – Mensch als einzelner, achte dieser Zeichen der Zeit, lerne sie zu verstehen und deute sie nicht falsch.	Therefore is written: <Pay attention to the signs of the times, which will be in the sky, when the time is near at which cataclysmal events will take place.> – human being as an individual, heed these signs of the times, learn to understand them and don't misinterpret them.
Wisse um deren Wahrheit und betrachte sie nicht als seltsame Wunder, denn ein Wunder ist nur ein Wort als Begriff, dessen Wert jedoch keine Bedeutung hat.	Be conscious of their truth and do not regard them as some strange miracles, because a miracle is only a word as a term, the value of which, however, carries no weight.
Betrachte die Zeichen als das, was sie sind – das Produkt eines mächtigen Gesetzes, das du durch die Überbevölkerung und all die daraus entstandenen Probleme gebrochen und dadurch an der Natur, an Fauna und Flora sowie am Klima und am Planeten selbst ungeheure Veränderungen und Zerstörungen hervorgerufen und Not, Mord, Verbrechen, Krieg, Terror, Elend und Verderben über die Welt und die Menschheit gebracht hast.	Regard the signs for what they are – the product of a mightful law, which you have broken by the overpopulation and all the problems resulting from this and thereby have caused enormous changes and destructions in nature, in fauna and flora as well as of the climate and of the planet itself and have brought plight, murder, crime, war, terror, misery and ruin upon the world and humankind.
Die Zeichen am Himmel sind hauptsächlich Zeichen der Auswirkungen menschlicher Unvernunft; Zeichen, die sich als verheerende Unwetter aller Art offenbaren, weil die Klimaerwärmung und Klimazerstörung sowie die Umweltzerstörung sich zu ungeahnten Katastrophen bildeten und weiter formen.	The signs in the sky are mainly signs of the consequences of human irrationality; signs which become apparent as devastating storms of all kind, because the climate warming and climate destruction as well as the environmental destruction have developed and continue to form into unimaginable catastrophes.

Bereits gehört das zum Alltag, doch du, Mensch der Erde, hast es noch immer nicht erfasst und nicht begriffen, dass du an diesen bösen Ereignissen selbst Schuld trägst; Schuld, weil du die Überbevölkerung immer weiter hochtreibst und dadurch immer gewaltigere unlösbare Probleme schaffst, die du nicht mehr bewältigen kannst.	This is already part of everyday life, but you, human being of Earth, still haven't recognised and haven't understood, that you bear the blame for these evil events yourself; guilty, because you continue to drive up overpopulation and are thereby creating always more gigantic insoluble problems, which you cannot master any more.
Kehre daher um, ehe es endgültig zu spät ist, denn noch kannst du etwas tun, um die grössten Katastrophen zu vermeiden.	Therefore turn around, before it is definitely too late, because you can still do something in order to avoid the major catastrophes.
Doch handle schnell, weil es sonst zu spät sein wird, weil dann die katastrophalen Auswirkungen deines verruchten Tuns nicht mehr aufgehalten werden können und die Natur, das Leben, der Planet und das Klima die Folgen der menschlichen Unvernunft mit urweltlicher Gewalt über die Menschheit und den Planeten hereinbrechen lassen …»	But act fast, because otherwise it will be too late, because then, the disastrous consequences of your heinous doings cannot be stopped any more and nature, life, the planet and the climate will let the results of human irrationality unleash on humankind and the planet with a primeval Gewalt …>.
Der Prozess der Zerstörung von Klima und Natur wird zwar nur noch schwer zu stoppen sein, doch ist es zu einem gewissen Teil noch möglich, wenn die Überbevölkerung durch radikale Geburtenstopps reduziert wird und dadurch alle Probleme vermindert werden.	Even though the process of the destruction of climate and nature can hardly be stopped any more, it is still possible to some degree if the overpopulation is decreased by a radical cessation of births, which would reduce all of the problems.
Geschieht das nicht, dann steigen die Probleme aller Art ins Unermessliche und können nicht mehr bewältigt werden.	If this doesn't happen, then the problems of all kinds will go sky high and cannot be overcome any more.
Dadurch aber wird die Existenz der gesamten Menschheit und des Planeten aufs Spiel gesetzt und in Frage gestellt, folglich es sein kann, dass sich die irdische Menschheit eines Tages durch ihre Unvernunft und durch ihren Unverstand und Egoismus selbst ausradiert und vernichtet.	As a result of this, however, the existence of the entire humankind and of the planet is being put at risk and brought into question, therefore, it may be, that the earthly humankind will eradicate and exterminate itself one day due to its irrationality and due to its unintellect and egoism.
Und es wird kein phantasiereich erdichteter Gott da sein, der ein Ohr für deine Menschheit öffnet, Mensch der Erde, um deine sinnlosen demütigen Bitten zur Vergebung und Abwendung allen Übels zu erhören, denn wo kein Gott existiert, kann ein solcher auch nicht etwas hören und also auch keine Hilfe bringen.	And there will not be an imaginatively fabulated god, who will have an ear for your humankind, human being of Earth, in order to answer your senseless submissive pleas for forgiveness and prevention of all evil, because since no such god exists, it also can neither listen to anything nor provide any help either.
Grundsätzlich nämlich bist du, Mensch der Erde, allein dein eigener Herr und Meister, denn du allein bist Gott und trägst folglich vollumfänglich die Verantwortung für all dein Handeln und Wirken, für all deine Gedanken und Gefühle sowie für dein gesamtes Schicksal, dessen eigener Schmied du bist.	Fundamentally, it is you alone, human being of Earth, who is your own ruler and master, for you alone are god and therefore comprehensively bear the responsibility for all your doing and acting, for all your thoughts and feelings as well as for your entire destiny, of which you alone are the architect.
Also liegt es einzig und allein bei dir, in dir selbst, in deinen Gedanken und Gefühlen sowie in deinem Verstand, deiner Vernunft und Verantwortung, in dir selbst und unter der gesamten irdischen Menschheit endlich wahre Liebe, Freiheit, Harmonie und wahren Frieden zu schaffen.	Therefore, it is solely within your own discretion, within yourself, within your thoughts and feelings as well as within your rationality, your intellect and responsibility to eventually bring about true love, freedom, harmony and true peace within yourself and among the entire earthly humankind.
Bedenke, Mensch der Erde, allein du bist dazu angehalten und fähig, dies zu vollbringen und die Erde zu einem Paradies zu erschaffen, in dem die hohen Werte der Liebe, der Freiheit und Harmonie und des Friedens geehrt, gewürdigt und hochgehalten werden, denn es gibt weder einen Gott-Schöpfer noch einen sonstigen Gott, Heiligen, Engel oder Götzen, der dies für dich tun könnte.	Consider, human being of Earth, you alone are urged to and able to accomplish this and to create a paradise on Earth, where the high values of love, of freedom and harmony and of peace are being honoured, appreciated and held in high esteem, because there is neither a god-creator nor any other god, holy one, angel or tin god, who could do this for you.
Du allein bist der Herr und Meister deines Lebens und aller Dinge, die du immer erdenkst und durch deine Gefühle, Handlungen und Taten hervorrufst, folglich auch du ganz allein für alles und jedes die volle Verantwortung trägst.	You alone are the ruler and master of your life and of all the things that you ever think up and cause by your feelings, deeds and actions, consequently, you and you alone bear full responsibility for anything and everything.

[1] There is no English word that conveys the true meaning of the German word „Gewalt“. „Gewalt“ is the brutal execution of elemental might and force, but it is far above all might and all force. Gewalt exists in different and relative forms, one example being a „gewalttätige Gesinnung“ – expression from the character, personality, thoughts, feelings and emotions that shows the inclination to act with Gewalt. When human beings possess or carry out acts of Gewalt and it is not based in logic, then this usually involves violence, brutality, degradation and is terribly destructive.

Voraussagen des Propheten Jeremia

Kontakt 229 vom 31. Juli 1989

Billy … Jetzt aber möchte ich dich nach den Jeremia-Voraussagen und nach Jeremias Daten fragen: Hast du sie mir mitgebracht?

Quetzal Alles ist vollständig. Die Daten und Geschichten der biblischen ‹Überlieferungen› beruhen wahrheitlich auf Legenden, bewussten Lügen und Verfälschungen sowie auf einer betrügerisch erstellten falschen und zusammenphantasierten Chronik. Dies gilt auch für die Daten der alten und wirklichen Propheten Jeremia, Jesaia, Elia und Henoch. Die wahren Daten dieser Propheten sind folgende, umgerechnet auf den heutigen christlichen Kalender:

Name:	geboren: Tag/Monat/Jahr	gestorben:	Sohn des:
Henoch	3. Feb. 9308 v.Chr.	1. Jan. 8942 v.Chr.	Kretan von den Plejaren
Elia	5. Feb. 891 v.Chr.	4. Juni 780 v.Chr.	Josias zu Gilad (Gilead) Tisbitia
Jesaia	7. Feb. 772 v.Chr.	5. Mai 690 v.Chr.	Amoz zu Sidon
Jeremia	9. Feb. 662 v.Chr.	3. Sept. 580 v.Chr.	Hohepriesters Hilkis (Hilkias) zu Anathoth

(Elia wurde am 7. April 842 v.Chr. mit einem Strahlschiff nach Srinagar/-Kashmir in Indien gebracht.)

Die Geburtszeiten der Propheten waren folgende: Jeremia 11.23 Uhr, Jesaia 10.44 Uhr, Elia 11.02 Uhr und Henoch 11.01 Uhr.

Billy Danke. Doch was ist mit Jeremias Voraussagen, die ja keine Prophezeiungen sind?

Quetzal Diese musste ich in das heutige deutschsprachige Verständnis umsetzen, wodurch die Voraussagen nun folgendermassen anzuhören sind:

Zur Neuzeit, wenn der Neuzeit-Prophet seine Lehre verbreitet, hat die Zeit der grossen Umwandlung begonnen, die sich aus dem zweiten Jahrtausend weit ins dritte Jahrtausend nach der Geburt des Propheten Jmmanuel hineintragen wird. Und wenn das zweite Jahrtausend endet und das dritte Jahrtausend begonnen hat, werden die Menschen vom Gold und allen materiellen Werten derart verblendet sein, dass sie überall in allen Landen die Taler zählen. Und selbst wenn sie zum Himmel blicken, werden sie in den Sternen nur Gold, Edelsteine und Taler sehen. Sie werden Kultstätten errichten und einem wesenlosen Gott sowie Menschen huldigen, die durch Menschen zu Heiligen erhoben werden. Die Kultstätten der wesenlosen Gottheit werden zu Handelsorten für Händler und Geldwechsler. Die Lehnsleute, die allerlei Errungenschaften und Wohngelegenheiten und viele Erfindungen in Lehn geben, werden zu geldgierigen Wucherern. Und es wird sein, dass die gerichtlichen Obrigkeiten ihr Recht in Unrecht sprechen und die Fehlbaren für ihre Übeltaten nicht mehr bestrafen, sondern belohnen, weil sie viel zu geringe Strafen über sie verhängen. So wird das grosse Feuer der Ungerechtigkeit schwelen und brennen und auch der Unzucht alle Hände reichen, so es nicht ausbleibt, dass jede Stadt ein Ort der ausgearteten Unzucht sein wird. Und auch die Kinder und deren Kinder werden der Ausartung leben und zur Glutwolke werden, die alles verbrennt und zerstört. Sie werden die alten bluttriefenden Fahnen erheben und Terror und unzählige Tode verbreiten. Die Mächtigen der Welt werden grausam ihre Macht missbrauchen und unzählige unschuldige Menschen töten lassen. Sie werden die Steine des Lebens zu todbringenden Waffen umwandeln, um damit massenweise in grosser Zahl Menschen zu töten und die Natur zu zerstören.

Die Unvernunft des Menschen wird mit dem Auftreten des Neuzeit-Propheten durch die Zeugung von Nachkommenschaft derart überhandnehmen, dass die Erde, der Himmel, die Meere, die Wälder, Steppen und Wüsten sowie die Gebirge derart bevölkert sein werden, dass kein Mensch mehr einen unbeobachteten Schritt tun kann und deswegen jeder mit jedem in Händel gerät. Der Mensch wird seine Macht geltend machen und über die Natur und das Leben befehlen und dabei die Macht der Schöpfung anstreben, denn er wird in jeder Beziehung alle Grenzen niederreissen und sich darüber hinwegsetzen. Doch alles wird nicht endlos weitergehen, weil sich dereinst alles umkehrt und gegen den Menschen richtet. Wie ein betrunkener Herrscher wird er plötzlich zu schwanken beginnen und in Angst dahinrennen wie ein blindes Pferd. Er wird sich selbst reiten wie ein Reittier, sich die Sporen und die Peitsche gebend, hinein in die Wirrnis, in einen Wald der Irre, an dessen Ende der Weg dunkel, öd und tödlich ist und unrettbar in einen tiefen Abgrund führt.

Es wird die Zeit sein, zu der in allen Landen und an allen Punkten der Erde riesenhafte Bauten und Türme errichtet werden, die bis in den Himmel reichen. Und der Mensch wird in diesen Türmen und Bauten wohnen und arbeiten. Es werden auch riesenhafte Städte sein, in denen der Mensch sein Leben fristet, so sich die fruchtbaren Felder leeren, auf denen aber Bauten und Türme errichtet werden, weil der Platz zum Leben immer geringer wird. Und es wird sein, dass es kein wahrheitliches Gesetz mehr gibt, ausser dem eigenen des einzelnen Menschen und dem der einzelnen Gruppen. So wandeln sich viele zu Barbaren, die in den Städten sein werden und die Rechtschaffenen terrorisieren. Der Menschen werden in der neuen Zeit zudem so viele sein, dass nicht mehr genug Brot für alle sein wird, wie auch kein Wasser, das immer rarer werden wird. Der Mensch wird aber auch irrwitzig und rennt fanatisch vielen Spielen nach, die ihm aber bald nicht mehr genug sein werden, weshalb er sich an andere Spiele wagt, durch die das Leben zum Spielball des Irrwitzes wird. Diese todbringenden Spiele werden wie todbringendes Feuer sein, wenn sie entzündet werden und der Mensch dafür leichtsinnig sein Leben dafür einsetzt, nur um seinen Wahnwitz durch Dinge zu befriedigen, die ihn aufpeitschen sollen.
Wenn der Neuzeit-Prophet in Erscheinung tritt und das dritte Jahrtausend nach dem Propheten Jmmanuel seinen Einzug hält, werden sehr viele Menschen vom Hunger und Durst getroffen werden. Während die einen durch sehr grosse Hitze ihr Leben verlieren, werden viele andere blau vor Kälte und durch grosse Wasser drangsaliert werden. Allgemein verfällt der Mensch der Angst vor den Naturgeschehen und viele wünschen sich, eine andere Welt zu sehen. Und viele verfallen der Angst, weil die Mächtigen der Welt ausarten und bösartig Kriege führen, um sich Länder und Bodenschätze habhaft zu machen. Sie werden die Heuchler sein, die sich erdreisten zu behaupten, dass sie im Namen und im Befehl eines Gottes handeln würden, um ihre Gier nach Macht zu festigen.
Der Mensch wird zur Zeit des Neuzeit-Propheten allerlei Gottkulten verfallen, durch die er seine innere Freiheit völlig verliert. Die Kulte werden zu grossen Handelsgruppen, die von selbsternannten Gottgleichen geschaffen und geführt werden. Doch wahrlich sind sie nur Händler der Lügen, des Betruges und der Illusionen, die dem Menschen ihr gefährliches Gift der Irreführung einflössen, wodurch er in Irreales gläubig und von diesem abhängig wird. Das Gift aber ist am Ende äusserst gefährlich, denn es zerstört die Gedanken und die Gefühle, wodurch der Mensch gleichgültig und gefühlskalt wird, so gegen sich selbst ebenso wie auch gegen den Nächsten. Und jene, welche das Gift mit ihren Gedanken und Gefühlen bis zum Fanatismus vermischen, werden wie wilde Bestien sein. Sie werden ihre Mitmenschen bedrohen, sie töten und vergewaltigen, und sie werden sie berauben, er-

pressen und foltern. Also wird diese Art Mensch derart ausarten, dass das Leben für alle anderen Menschen zu einem täglich wiederkehrenden Grauen wird.

Wenn der Neuzeit-Prophet in seinem Wirken steht, wird allgemein der Mensch darauf ausgerichtet sein, für sich selbst derart viel Genuss zu gewinnen, wie es ihm nur möglich sein wird. Dieser Genuss bezieht sich auch auf Mann und Weib, die beide derart ausarten und sich gegenseitig ausstechen, dass der Mann so oft sein Weib verstösst und sich wieder verheiratet, wie ihm das möglich ist. Und er wird sich dem gleichgeschlechtlichen und zweigeschlechtlichen Hurenwesen gefügig zeigen und dadurch tödliche Seuchen über die Welt und unter die ganze Menschheit bringen. Das Weib wird ebenso zügellos sein wie der Mann, denn es wird lüstern durch die Gassen der Städte gehn und sich jeden Mann nehmen, der gerade angelaufen kommt. Doch nicht nur die Hurerei wird unermesslich gross sein, sondern auch die Unvernunft und das Unwissen, was auch auf die Kinder übergreifen wird. So werden nicht nur erwachsene Weiber Kinder gebären, ohne den Namen des Vaters zu kennen oder zu nennen, sondern es werden auch Kinder sein, die Kinder gebären. Es wird so kein Vater und kein Meister für das jeweilige Kind sein, der es lehren, belehren, erziehen und führen kann. Aller Anstand und Respekt, alles Ehrgefühl und alle Tradition sowie jedes Brauchtum und die Ehre gehen verloren. Der Mensch entfremdet sich von seinem Nächsten und wird trotz der grossen Masse der Menschheit unter dieser für sich alleine sein. Die Gesetze der Ordnung und der Ehre werden vergessen sein, gerade so, als ob es sie nie gegeben hätte. So aber wird auch die uralte Verkündung vergessen sein, dass der Mensch wieder zum Wilden werden kann, wenn er all die menschlichen und lebensmässigen Werte vergessen sollte.

Und mit dem Kommen des Neuzeit-Propheten wird die Unzucht derart überhandnehmen, dass der Vater seine Tochter und die Mutter ihren Sohn unzüchtig und blutschändend missbraucht. Die Unzucht zwischen Mann und Mann und zwischen Weib und Weib wird schändlich überhandnehmen, auch dass der Alte und der Junge das Kind missbraucht und vergewaltigt. Und all das wird vor aller Augen der Menschen geschehen, wogegen aber die Gerichtsbarkeit kaum etwas unternehmen, sondern nur unzureichende geringste Strafen aussprechen wird. So wird das Blut der Familien unrein werden durch Inzucht, weil sich das Böse von Bett zu Bett ausbreiten wird. Und viele Krankheiten und Seuchen werden sich durch Unzucht verbreiten, wobei die menschlichen Körper alle Fäulnis der Erde aufnehmen, die Gesichter gequält und die Glieder abgezehrt sein werden. Von wahrer Liebe wird nicht mehr gesprochen werden, sondern nur noch von fleischlicher und geschlechtlicher Liebe, wodurch das Wort Liebe zur grössten Bedrohung

für alle jene Menschen werden wird, die ihre Erkenntnis hinsichtlich ihrer selbst nur noch über das Fleisch wahrnehmen können.
Wenn der Neuzeit-Prophet vom Kodex sowie vom Eid und Gesetz spricht, werden sich nur wenige Getreue um ihn scharen, und von den meisten Menschen will er nicht gehört werden. Nur wenige werden es erstlich sein, die der Wahrheit nacheilen, wenn er die Lehre des Geistes verbreitet, denn für die vielen wird seine Stimme und Lehre wie in der Wüste verhallen. Dagegen aber werden sich die trüben und mächtigen Wasser der grossen weltumspannenden falschen, irren und fanatischen Gottkulte verbreiten, und falsche angebliche Gottgesandte, Göttliche, Erhabene, Meister, Erlöser, Befreier und Heilskönige werden mit Lüge und Betrugswerk, mit Hinterlist, Fanatismus, Goldgier und Scharlatanerie ihr verderbliches Werk tun und unzählbare gedankenlose Gläubige um sich versammeln. Und viele unter den irregeführten fanatischen Gläubigen werden Waffen tragen wie noch nie zuvor, und sie werden damit töten und morden in vielfacher Zahl, während andere als einzelne oder in kleinen oder grösseren Gruppen in ihrem Glaubenswahn den Selbsttod suchen. Bei all diesen wird das Wort des Neuzeit-Propheten wie in der Wüste verhallen, wenn er von Recht und Gesetz, von der Lehre der Wahrheit, der Lehre des Geistes und von wahrer Liebe, von Frieden, Freiheit, Harmonie und Gerechtigkeit spricht. Seine Worte werden glühend und scharf sein, und er wird lehren, dass die Fehlbaren auf ihren irren Feldzügen durch sich selbst Strafe zuziehen werden.
Wenn der Prophet der Neuzeit kommt und ihn die Menschen von den Sternen ehren, wird sich ein Dröhnen des Todes über die Welt erheben, und tödliche Waffen werden in allen Landen krachen. Fanatische Terrorkranke, die sich zu grossen Gruppen bilden, werden durch Legionen von Soldaten gejagt. Angst und Schrecken werden herrschen, und die Mächtigen der Länder machen sich selbst den Terror zu eigen und werden zu Despoten und Tyrannen. Alle werden sie barbarisch, treulos, voller Rachegebaren, böse und wild, während die Wahrheitsleugner in ihren Kulthäusern in den Städten ihr Unwesen treiben und sich Kultmächtige im Herzen der grossen Stadt im Stiefelland erdreisten, sich als Gottesstellvertreter und als heilig anbeten zu lassen. Diese Wahrheitslosen aller Gottkulte werden grosse Macht über ihre Gläubigen haben, sie ausbeuten und endlos in die Irre führen. Und durch diese Kulte wird die Zeit kommen, da es keine Ordnung und keine Regeln mehr geben und sich Hass und kultischer Fanatismus wie ein loderndes Feuer über die Welt ausbreiten wird. Die Terrorkranken und die Legionen der Soldaten werden zahllose unschuldige Menschen massakrieren, und die Kultgläubigen werden die Wahrheitssuchenden und Wahrheitskennenden verfolgen und erwürgen. Der Hass und der irre Gottglaube, die Rachsucht, Grausamkeit, Erbarmungslosigkeit und Zerstörungs-

wut werden eines jeden und aller sein. Die Welt wird von gewaltigem, grossem und erbarmungslosem Kriegsgeschrei widerhallen, die Städte werden zerstört und das Blut der Menschen wird in Strömen fliessen. Und der Dank für den Propheten der Neuzeit für die Wahrheitsaufdeckung wird sein, dass er, wie alle Propheten zu allen Zeiten, verkannt, gelästert, verleugnet und meuchlings des Lebens bedroht, angegriffen und in der Verbreitung seines Wortes der Wahrheit mit bösen Machenschaften behindert und verleumdet wird. Auch werden seine Wahrheitsworte und seine Lehre von vielen Bösartigen, von Lügnern und Betrügern gestohlen und zu eigenen Gunsten verfälscht werden, wie niemals einem Propheten zuvor geschehen sein wird. Die Ehrlosen werden seine Ehre schmälern und diese für sich selbst in Anspruch nehmen und unrechtmässig grossen Gewinn daraus schlagen.

Wenn der Neuzeit-Prophet zu wirken beginnt, werden die Menschen nicht mehr nach der Wahrheit suchen und nicht mehr nach der Wahrheit richten, denn durch die Gesetze und den Glauben der Gottkulte werden sie nach ihrem Blut und nach ihrem Glauben richten. Die Menschen werden nicht mehr auf die Klagen der Alten und auch nicht mehr auf das Weinen der leidenden Kinder hören. Alte, Weiber und Kinder werden missachtet; die Alten werden in Altenhäuser versteckt, die Weiber und Kinder missbraucht und zum Hurenwesen getrieben; und niemand wird da sein, um sie zu beschützen, weder vor den Sklavenschindern und Zuhältern noch vor den Legionen der Soldaten und Terrorfanatiker, die über sie herfallen werden. Hass und Rachsucht werden die Erde überfluten, deren Menschen in einem irren Glauben eines zweifelhaften Friedens leben werden, den sie vergebens zu erlangen hoffen, denn weltweiter Krieg wird die Erde überfluten, wobei niemand verschont werden wird; nicht die Alten, nicht die Kinder und nicht die Weiber, nicht die Kranken und Verletzten, nicht die Gerechten und nicht die Friedfertigen. Legionen von Soldaten und Terrorfanatikern werden die Häuser zerstören und mordend, brandschatzend und plündernd durch die Lande und Städte ziehen und alles töten und zerstören, was ihnen in die Quere kommt. Ist der eine gegangen, wird der nächste folgen und noch grösseres Unheil anrichten. Und der Menschen Augen werden verschlossen sein, um nicht die missbrauchten und vergewaltigten Kinder und Weiber zu sehen.

Der Neuzeit-Prophet wird wissen, was an allen Enden der Erde geschah, geschieht und geschehen wird. Er wird aufzeigen, dass in vielen Landen Männer, Weiber und Kinder des Hungers sterben, dass ihre Knochen die Haut durchstossen und entzündete Augen und offene Geschwulste ihre Körper zeichnen, an denen sich in Massen die Fliegen und anderes giftiges Ungeziefer nähren. Er wird aber auch aufzeigen, dass Menschen wie räudige

Hunde und wie Ratten gejagt, gefoltert und totgeschlagen, zerstückelt oder sonstwie umgebracht werden. Doch nur wenige werden auf ihn hören, denn die grosse Masse der Menschen will all die Greuel nicht sehen, und so werden sie ihr Gesicht davor abwenden und die Worte des Propheten in den Wind schlagen. Er aber wird unbeirrbar sein und sein Wort der Wahrheit machtvoll erheben und es in die Welt hinaustragen. Nur wenige Menschen aber werden seine Stimme in vollem Umfang hören und ihre Gedanken und Gefühle nach seinen Worten ausrichten, denn es wird zur Zeit des Neuzeit-Propheten der Mensch allgemein derart feindlich gegen die Mitmenschen und gegen das Leben selbst sein, dass er sich nur um sich selbst kümmert. Als Almosen wird er dem Nächsten nur einen winzigen Teil eines gespaltenen Talers geben, während er selbst auf Säcken voller Gold und Taler schläft. Doch selbst der winzige Teil des gespaltenen Talers, den er mit der einen Hand gibt, wird er mit der anderen Hand mehrfach wieder zurückholen, denn er wird nichts umsonst geben. Reicht sein Sinn beim Geben nicht nach Profit, dann wird er doch danach sein, sich damit das schlechte Gewissen zu beruhigen. So wird der Mensch in der Neuzeit auch mit allem Handel treiben, so nichts ohne Entgelt vergeben werden wird. Jedes Ding, selbst das winzigste, wird mit einem Preis belegt sein, selbst das Gras, das auf dem Boden wächst, das Tier, das Wasser und gar der Mensch selbst, der nach seiner Leistung bewertet werden wird. Der Tauschhandel wird aufgehoben und wahrlich nichts mehr geschenkt sein, denn alles und jedes wird dem Handel eingeordnet und verkauft werden. Der Mensch aber verliert seinen eigenen Wert, nämlich den des Menschen, wodurch sein Wert nur noch der seines Hab und Gutes und seines Gewichtes seines eigenen Fleisches und seiner Knochen sein wird. Alles wird ihm genommen werden, was ihn zum Menschen macht, denn nichts an ihm wird mehr heilig sein, weder sein Leben noch seine Gedanken und Gefühle, noch sein Körper und sein Blut. Stirbt er, dann wird nicht nur um seine materielle Hinterlassenschaft gestritten, sondern auch um seine sterbliche Hülle, um sein Blut und um seine Eingeweide, weil in der Neuzeit alles auch in diesem Bereich seinen Preis haben wird. So werden Menschen um des Blutes und der Eingeweide willen wie Tiere geschlachtet werden und wie Aas zerfetzt und geschändet.

Der Prophet der Neuzeit wird trauern, weil der Mensch das Gesicht der Erde verändert und zerstört hat und der völligen Vernichtung entgegengehen wird. Er wird aber auch mit harten Worten der Wahrheit aufweisen, dass der Mensch nicht der Meister und Lehnsherr der Erde und deren Berge, Bäche, Flüsse, Seen, Meere, Wiesen, Äcker, Fluren, Auen und Wälder ist. Und er wird aufweisen, dass der Mensch gefährlich zum Zwecke des Gewinns wuchernd den Boden und Himmel mit gewaltigen Maschinen durch-

pflügt und auch mit grossen Schiffen Furchen durch die Seen, Flüsse und Meere zieht, um weltweit Kriege zu führen, grosse Massen Menschen in andere Lande zu bringen und zum Zweck der Nahrungsbeschaffung alles Wassergetier auszurotten. Dadurch werden sich auch Krankheiten und Seuchen über die ganze Welt verbreiten, verschleppt durch die zahllosen Reisenden, die sich in allen Landen breitmachen werden. Gleichermassen werden durch Nahrungsmittel und Handelsgüter aus aller Welt allerlei Getier und Pflanzen verschleppt und in andere Länder transportiert, wodurch sie sich in den fremden Ländern ansiedeln und den Gang der Natur stören und nachteilig beeinflussen. Doch es wird noch eine schlimmere Zeit kommen, denn durch des Menschen Schuld werden grosse Teile der Erde nackt und unfruchtbar werden. Die grossen Wälder werden der Goldgier und Geldgier der Menschen zum Opfer fallen, und die Luft wird brennen, weil durch vom Menschen erzeugte künstliche Mittel die Luft zerstört werden wird. Die Wasser werden brackig und giftig sowie übelriechend und rar zum Trinken werden. Der Mensch wird grenzenlos, bedenkenlos und gewissenlos die Schätze der Erde ausbeuten und den Erdreichtum bis zum letzten Scheffel ausschöpfen. Die ganze Welt wird durch vielfältigen Schmutz verunreinigt, wodurch alles Leben welken wird. Und der Hass des Menschen wird ins Unermessliche steigen, wobei auch in der eigenen Familie kein Unterschied sein wird. Nach und nach wird er wie ein einsames und wildes Tier, das nach dem Leben seiner Opfer trachtet.

Mit dem Erscheinen des Neuzeit-Propheten, 1937 Jahre nach des Propheten Jmmanuel Geburt, wird die Zeit beginnen, zu der Kinder für die Unzucht verkauft und missbraucht werden, so viele Ausgeartete an deren junger Haut Genuss finden. Viele werden zur Hurerei getrieben oder nach unzüchtigem Missbrauch erwürgt oder durch Gifte und Waffen getötet. Es wird aber auch sein, dass sehr viele Kinder heimatlos und auf der Strasse leben werden, wo sie Händlern in die Hände fallen, die sie um ihrer Eingeweide willen töten und wie Tiere ausschlachten. Andere werden zu Zielscheiben für mordende Schergen der Obrigkeit, und wiederum andere werden wie unterwürfiges Getier behandelt. Der Mensch wird roh und gewalttätig, und in seiner Gleichgültigkeit gegenüber den Schwachen wird er auch die Unantastbarkeit und die Schwäche der Kinder vergessen, sie durch Arbeit ausnutzen und durch Unzucht schänden. Das Geheimnis der Unbescholtenheit der Kinder wird erbrochen und zerstört, so sie wie kleine Hunde dressiert und für allerlei Gewinnsucht wie ein Lamm zum Opferstein geführt werden, auf dem sie geschlachtet und ausgeblutet werden. Der Mensch wird keine Gnade und Gerechtigkeit mehr kennen, sondern nur seinen eigenen Gewinn und Vorteil sehen, und er wird nur noch in Grausamkeit einherleben.

Er wird ein Gefangener des eigenen Blicks, von seinen eigenen Gedanken und Gefühlen; und von seiner eigenen Rede wird er trunken sein und nicht bemerken, wie er immer mehr in die Irre und ins Verderben geht. Er wird Lügen, Bilder und Spiegelungen der Gottkulte und ihrer Herrscher und Knechte für die Wahrheit der Welt halten, denn er wird wie ein geduldiges und dummes Schaf sein, mit dem immer gemacht werden kann, was beliebt. Doch die Folgen dafür werden nicht ausbleiben, denn wie Raubtiere und Raubvögel werden fanatische Unselige anderer Kulte die einen wie die andern zu Herden zusammentreiben, um sie leichter in den Abgrund und in den Tod drängen zu können. Und es wird sein, dass der eine Mensch gegen den anderen aufgehetzt wird, um ihn besser berauben und häuten und zu seinem Hab und Gut kommen zu können. Wenn er aber überlebt, dann wird er seiner Gedanken und Gefühle sowie der Freiheit und des Friedens und oft gar des Verstandes beraubt sein.

Kommt die Zeit des neuen Propheten, dann werden die Könige und Kaiser und sonst alle Herrscher und die Mächtigen der Gottkulte ohne das wahrheitliche Wissen um die Schöpfung und deren Gesetze sein. Sie werden böse, blutrünstig und mit Lug und Täuschung herrschen und all den unschuldigen, untätigen und unwissenden Menschenmengen gebieten. Lug und Trug wird ihr Handwerk sein, und vor ihren Gläubigen werden sie ihre wahren Gesichter hinter Masken verbergen und ihre eigentlichen Absichten geheimhalten. Doch es kommt die Zeit, da sie gestürzt werden. Es wird aber sein, dass sie über das Schicksal des Menschen und von allem und jedem entscheiden, und der gemeine Mensch wird von den inneren Versammlungen ihrer eigenen Ordnung ausgeschlossen sein. So wird nicht mehr der Mensch als Gruppe entscheiden, sondern allein die Oberen, die an der Spitze ihr Regiment führen und sich für ihre Schandtaten horrend entlohnen lassen. Der einzelne Mensch wird in Wirklichkeit nicht mehr frei, sondern ein Leibeigener der Herrscher und Oberen sein, auch wenn er glaubt, die Freiheit zu geniessen. Allein werden sich dagegen nur alle jene aus wilden Gegenden erheben, die nicht einem Gottglauben und nicht einer Obrigkeitshörigkeit verfallen sind. Doch sie werden zuerst verflucht und verdammt und des Wahnes bezichtigt, und manch einer wird besiegt und lebendig verbrannt oder sonstwie getötet werden.

Ist der Neuzeit-Prophet gekommen, dann wird der Mensch auf der Welt so zahlreich werden wie das Volk eines Ameisenhaufens. Und wird ein Stock in das Volk hineingetrieben, dann werden sie umherrennen und sich gegenseitig tottrampeln und wie lästiges Ungeziefer zermalmen. Die Menschen werden wie verwirrte Insekten umherschwirren, und grosse Menschenbewegungen werden reiselustig oder auf der Flucht vor Krieg, Tod und Schrecken von einem Ort oder Land zum nächsten treiben. Die Menschen-

rassen werden sich unhemmbar untereinander vermischen und Mischmenschen heranzüchten, wodurch sich viele Krankheiten, Seuchen und allerlei menschliche Übel, Laster und Bösartigkeiten über die ganze Welt verbreiten. Die einen Gottkulte machen den anderen deren Gläubige abspenstig oder vermischen sich untereinander. Die Gottkulte und ihre Oberen sowie deren Herrscher und Gläubigen werden Freiheit, Liebe und Frieden predigen und versprechen, doch wird allerorts ihr Gerede nur Lug und Falschheit sein, denn in ihren Herzen sinnen sie nur nach Hass und Rache, nach Vergeltung und nach Raub und Brandschatzung. Die Gottkulte selbst und deren Gläubige werden sich verfeinden und Krieg gegeneinander führen. Die Menschen werden alle Grenzen überschreiten, und die Jungen werden graue Haare haben wie die Alten. Der Weg der Natur wird vom Menschen verlassen und die Familien auseinandergerissen werden. Sie werden sich weltweit verstreuen und nichts mehr wird sie vereinen können. Die Neuzeit wird eine ganz andere Welt sein, und der Mensch ein Wesen ohne Halt und Sicherheit. Er wird ohne wahrheitliche Führung in alle Richtungen gehen und Unglück über Unglück über sich hereinbeschwören. Er wird keine Festigkeit mehr haben und dauernd an einem Abgrund stehen, in den er hineinzustürzen droht.

Zur Zeit des neuen Propheten im zweiten Jahrtausend nach Jmmanuels Geburt wird sich der Mensch bis weit ins dritte Jahrtausend hinein nicht mehr den Gesetzen der Schöpfung einordnen, sondern sich unwirklichen Gesetzen und noch unwirklicheren Göttern und deren Kulten unterwerfen. Er wird sein Leben wie ein Reittier zu lenken versuchen, und das Geschlecht der Kinder im Leibe der Weiber wird er bestimmen wollen. Also wird er aber auch all die Kinder im Mutterleibe töten, die er nicht haben will. Der Mensch wird sich für die Schöpfung selbst halten, wobei besonders die Herrscher und allerlei Mächtige das ewige Leben erheischen wollen. Und sie werden es sein, die alle hohen Ämter und das beste Land sowie all die schönsten Weiber und Männer an sich reissen, um sie zu ihrem unzüchtigen Lustgegenstand zu machen. Die Armen, Alten und Schwachen werden wie schlechtes Vieh behandelt werden, und ihre armseligen Hütten, Altenstätten und Krankenstätten werden für sie wie übelriechende Gefängnisse sein, in denen sie dahindämmern und vermodern werden. Und es wird sein, dass sich bei ihnen und allen Menschen abgrundtiefe Angst wie Gift in die Gedanken und Gefühle, ins Herz und in den Kopf frisst. Alles ruht dabei auch in der Sucht nach Wucher, Gewinn und Macht, denn dies wird eine dunkle und geheime Ordnung sein, deren Gesetz Hass und Rache sein wird, und ihre Waffe das Gift, durch das nach Gold und Geld, nach Hab und Gut, nach Lust und Laster sowie nach Vergnügen gegiert wird. Dieses Gift wird sich als Herrschaft über die ganze Erde verbreiten, und ihre Diener und Schergen

werden untereinander durch einen giftigen Blutkuss verbunden sein, der sie aneinander schmiedet. Die Armen und Alten, die Gerechten und Schwachen werden ihnen ausgeliefert sein und ihnen gehorchen, so sie ungewollt oder unbedarft den Herrschern und Mächtigen der Lande und der Gottkulte dienend untertänig sein müssen. Die einzigen Gesetze werden nur noch die sein, die durch die Herrscher, die Könige, Kaiser und anderen Mächtigen sowie durch die Obersten und Oberen der Gottkulte in ihren Schattenreichen diktiert werden. So wird das Gift bis zum einzelnen Menschen hinreichen, ihn vergiften und ihn in einen irren Gottglauben zwingen. Und dieses Gift der Gottkulte wird sehr vielfältig sein und sich derart über die Welt ausbreiten, dass der Mensch unter seinen Sohlen das Gift aufsaugt, wenn er über die Erde wandert.

Beginnt der Neuzeit-Prophet mit seinem Wirken, dann kommt die Zeit, zu der viele Menschen allen Geschehen der Welt tatenlos und gefühllos zusehen werden. Viele werden mit verschränkten Armen dasitzen und mit leerem Blick und tauben Ohren einhergehen, ohne dass sie wissen, was um sie vorgeht und was sie sehen und hören. Sie werden keine Weisen mehr haben, bei denen sie sich in Wissen und Weisheit bilden können, so sie wie ein Schmied ohne Schmiede sein werden, in der sie ihr Eisen schmieden könnten. Und sie werden sein wie Feldarbeiter, die kein Feld mehr haben, das sie bestellen könnten. Die Menschen werden sein wie ein Samenkorn, das keinen fruchtbaren Boden mehr findet, in dem es Wurzeln schlagen und keimen könnte. Sie werden hoffnungslos werden und gedemütigt, und von Ehre und Rechten entblösst, werden sie ziellos umherirren. Die Jüngsten und Ältesten werden ohne Heim sein und ihr Leben auf der Strasse und in Not und Elend fristen. Und für viele wird für ihr Heil nur noch der Weg offenbleiben, Terror auszuüben, dem Nächsten das Hab und Gut zu stehlen, zu täuschen und zu betrügen oder in den Krieg zu ziehen. Und für all ihr Elend und ihre Not werden sie ihr Leben hassen und sich selbst bösartig bekämpfen. Das wird auch die Zeit sein, zu der der Mensch von Übeln bedroht und betroffen wird, die aus Krankheiten der Tiere und aus bösartigen Experimenten der Menschen hervorgehen, so aber auch aus Krankheiten des Wassers und der Erde. Doch die Menschen werden auch mit seltsamen Gefährten in den Himmel stürmen und von dort her tödliche Krankheiten zurück zur Erde bringen. Und auf der Erde wird der Mensch durch Krieg und Terror sowie durch Machtsucht und Unvernunft viel zerstören. Doch er wird es wiedererstehen lassen, und all das, was verschont geblieben ist, bewahren wollen. Es wird aber so sein, dass die Angst im Menschen vor den Tagen brodelt, die vor ihm liegen, weil sie Schlimmes verheissen. Aber es wird zu spät sein für die Angst, denn es wird grosse Zerstörung herrschen und die Erde wird sich weitum mit

Wüste überziehen. Es werden aber auch gewaltige Wasser tiefer und tiefer werden, und zu bestimmten Tagen und Zeiten wird es derart gewaltig fliessen, dass es wie eine Sintflut alles mit sich reisst, alles zerstört und vernichtet und unzählbare Menschenleben fordert. Die Luft und die Sonne werden durch die Zerstörungswut des Menschen vergiftet und gefährlich, wodurch die Körper der Schwachen zerfressen werden.
Ist der Neuzeit-Prophet geboren, wird ein weltweiter Krieg die Erde erschüttern und derart viele Menschenleben fordern, wie niemals in einem Geschehen zuvor. Und fortan werden sich immer mehr wilde Wasser erheben, Vulkane grosse Verwüstungen anrichten und Erdbeben viele Lande erschüttern und grosse Städte untergehen lassen. Die Wetter werden apokalyptische Ausmasse annehmen, und das Sterben der Menschen bei diesen Geschehen wird unermesslich sein. Also wird alles bedroht und zerstört werden, was nicht durch die Ratgebung der Weisen gebaut oder mit Sicherheit versehen wurde. Berge werden niederstürzen und Schlammstürze werden an den Berghängen und in den Tälern Dörfer, Menschen und Tiere und alles Hab und Gut der Menschen unter sich begraben, während sich an anderen Orten aus den Tiefen der Erde heraus der Boden aufreisst. Der Mensch aber wird sich nicht der Weisheit zuwenden und bestreiten, dass sehr viele der Geschehen auf seine Schuld zurückzuführen sein werden. Also wird er weiter in Unvernunft walten, denn er wird starrköpfig und von Stolz besessen sein. Er wird nicht auf die Warnungen des Propheten hören und nicht auf die Warnungen der Erde, die sie ihm zurufen. So werden die Übel lange Zeit kein Ende nehmen, wodurch Feuersbrünste und Erschütterungen aus der Tiefe der Erde die Städte und Dörfer zerstören werden. Und wie im Krieg wird es dabei so sein, dass die Armen und die Barbaren trotz der Legionen von Soldaten die von den Menschen verlassenen Reichtümer und alles Hab und Gut plündern werden. Die Augen der Soldaten werden gegen die Plünderei blind sein, denn sie selbst werden als Plünderer ihr Unwesen treiben.
Ist der Neuzeit-Prophet geboren, dann werden durch den Menschen erfundene künstliche Mittel in die Luft gelangen und diese in den oberen Schichten zerstören. So wird die Sonne die Erde verbrennen und die Menschen mit dem Schwarzen Frass schlagen, der vielen den Tod bringen wird. Die Luft wird die Erde und ihr Leben nicht mehr vor der Hitze und dem Feuer der Sonne schützen, denn die Luft wird nur noch ein löchriger Vorhang sein, so das brennende Licht der Sonne des Menschen Augen und Haut verzehren, ihn erblinden oder sterben lässt. Wie kochendes Wasser werden die Seen und Meere aufschäumen; Flüsse werden versiegen und Städte begraben werden. Städte, Dörfer, Wiesen und Wälder fallen dem Wahn des Menschen zum Opfer, wenn er künstlich riesige Flüsse und Seen aufstaut,

um Kräfte daraus zu gewinnen. Und nicht wird er dabei bedenken, dass er dadurch die Erde drangsaliert und quält, die sich mit Erdbeben, wilden Wassern, Toben der Vulkane und mit Unwettern und allerlei anderem zur Wehr setzen wird. Ganze Landschaften und Länder sowie Inseln und gar ganze Kontinente werden verschwinden. Die Menschen aber werden nur eine kurze Erinnerung haben, so sie nur auf die Anhöhen flüchten und alles wieder aufzubauen beginnen werden. Sehr schnell werden sie vergessen, was geschehen ist, und so werden sie im alten Trott weitermachen. Die Menschen werden sich blenden lassen durch Trugbilder, die sie zum Leben erwecken und durch die sie ihre Sinne täuschen lassen, so sie meinen, etwas zu berühren, das gar nicht ist. Also werden sie Wege beschreiten, die nur die Augen sehen können, jedoch nicht der Verstand und nicht die Vernunft. Und dieser Weg wird ein Traum sein, der so zur Wirklichkeit wird. So wird es kommen, dass die Menschen nicht mehr unterscheiden können zwischen dem, was ist, und dem, was nicht ist. Viele falsche Labyrinthe werden sich ihnen öffnen, in denen sie sich verirren und verlieren werden. Viele Gottkulte und Untergruppen der Gottkulte werden aufkommen und die Gläubigen in die Irre führen und ausbeuten. Und jene, welche für die Menschen all die Trugbilder ersinnen und erwecken können, werden die Dummen und Gutgläubigen belügen und betrügen und mit ihnen ein böses Spiel der Täuschung treiben. Und gar viele werden es sein, die den Trugbildern der Gottkulte und deren Oberen verfallen und hörig werden, so sie sein werden wie unterwürfige Hunde.

Kommt die Zeit des neuen Propheten, dann wird der Mensch immer grösser und unermesslicher in seiner Zahl, und er wird seine Nachkommenschaft nicht mehr auf normalem Wege zeugen, sondern durch Eingriffe in des Weibes Zeugungskraft und Gebärkraft. Und so wird der Mensch auch aus winzigen Teilen eines Menschen neue Menschen erschaffen, wie er das auch bei den Tieren tun wird. Mensch und Tier werden nach spezieller Nahrung schreien und nach Fleisch in grossen Massen. Gleichartige werden Gleichartige verspeisen, wenn der Mensch das Fleisch und die Knochen von Mensch und Tier in feine Formen umwandelt und Futter daraus macht. Und wie dadurch die Tiere ihre Artgenossen fressen werden, wird der Mensch deren Fleisch verzehren und seine eigenen Eltern und Geschwister verspeisen. Die Tiere werden nicht mehr in den Händen und im Schutz der Menschen sein, denn sie werden nur noch in grossen Massen und unter unwürdigen Lebensbedingungen herangezüchtet, um dann elendiglich abgeschlachtet zu werden. Der Mensch wird die Tiere nach seinem Willen verändern und auch Zwitterwesen aus ihnen machen, ihnen unendliche Qualen zufügen und sich nicht um deren nie enden wollendes Leid kümmern. Er wird in die Natur der Tiere eingreifen und sie so gestalten, wie es ihm

gefällt. Der Mensch wird die Gesetze des Lebens verändern und damit auch sich selbst. Der Mensch, der aus sich seinen Ursprung zu einem Lebewesen des Fortschritts heranbildete, wird nicht mehr sein eigenes Ebenbild sein, sondern ein Geschöpf des Schreckens. Und der Schrecken wird auch für die Kinder des Menschen sein, denn auf sie werden Angst, Gift und Hoffnungslosigkeit lauern, weil sich der Mensch Kinder nur noch für sich und als sein persönliches Eigentum wünschen wird, jedoch nicht mehr um des Lebens und der Kinder willen. Viele Kinder werden nur noch ein Handelsgut sein, deren Körper für Arbeit, Unzucht und Selbsterfreuung verkauft werden. Andere werden gehetzt, gequält, geprügelt und getötet werden von ihren eigenen Eltern und Geschwistern oder von ausgearteten Kindsmissbrauchern. Selbst jene Kinder aber werden bedroht sein, die von den Ihren beschützt werden. Und sie werden gedanken- und gefühlsarm und ohne Wissen sein, denn sie werden in falschen Spielen und in Trugbildern leben, durch die sie verführt werden, weil ihnen kein Meister zur Seite steht, der sie in Wissen und Weisheit unterrichten könnte. So wird sie niemand lehren zu hoffen und zu handeln und sich dem Wissen der wirklichen Wahrheit zuzuwenden. So wird der Mensch überheblich sein und sich selbst für die Schöpfung halten, obwohl er niemals mehr sein wird als bei seiner Geburt, nämlich ein Mensch. Und der Mensch ist lernbedürftig, weshalb er viel lernen muss, um sich aus seinem Unwissen und aus seiner Unweisheit zu befreien. Er wird aber nicht gewillt sein zu lernen und die Lehre des Neuzeit-Propheten in den Wind schlagen, so seine Worte ungehört wie in der Wüste verhallen werden. So wird der Mensch im Alten verbleiben, und nur wenige werden den Worten des Propheten folgen. So wird der Mensch sich weiter für die Schöpfung halten, immer weiter zuschlagen, sich von Wut und Zorn, von Rachsucht und Hass, von Machtgier, Ungerechtigkeit, Gewinnsucht und Eifersucht überwältigen lassen. Durch die Macht aber, die er über die Tiere, über die Natur, den Menschen und das Leben ergriffen haben wird, wird er sich stark fühlen und seinen Arm noch weiter zuschlagen lassen und wie ein wilder Barbar alles um sich herum zerstören. So wird er in seinen Gedanken und Gefühlen sowie in seinem Verstand und in seiner Vernunft ein sehr kleiner Zwerg bleiben, obwohl er in manchen Dingen des Fortschrittes die Kräfte eines Riesen besitzen wird. Also wird er in dieser Weise mit den Schritten eines Riesen voranschreiten, jedoch nicht wissen, welchen Weg er in die kommenden Tage nehmen soll, weil ihm dazu alles Wissen und die Weisheit fehlen. Zwar wird sein Kopf sehr schwer sein von Wissen, das er sich erarbeitet hat, doch wird es ein Wissen der Nutzlosigkeit sein, weil es nur auf Werte ausgerichtet ist, die nicht des Geistes und nicht einheitlich sind mit den Gesetzen der Schöpfung, sondern nur in menschlichen Gesetzen beruhen. So wird er trotz all seines Wissens sehr

armselig an wahrem Wissen sein, denn er wird nicht wissen, warum er lebt und stirbt. So wird er weiterhin der Ungestüme bleiben, wie er seit jeher war, jener, welcher wild und dumm mit den Armen fuchtelt, irre Worte spricht oder leise wimmert, wie ein zur Sprache noch unfähiges Kind.
Schon im zweiten Jahrtausend nach Jmmanuels Geburt und noch bevor der Neuzeit-Prophet geboren sein wird, wird ein weltweiter Krieg über die Erde rollen, und also wird es so sein zwei Jahre nach seiner Geburt. Doch das wird nicht das Ende sein, denn wie seit alters her werden neue grössere und kleinere Kriege allüberall sein und sich auch weit ins dritte Jahrtausend hineintragen. Ganze Länder werden in allen vier Winden zur Kriegsbeute werden für ausgeartete Machtgierige, und unzählige Menschen werden dabei ebenso dem Tod überantwortet wie auch durch den Gotteskult, der irrwitzig und fälschlich aus des Propheten Jmmanuels Lehre hervorgehen wird, weil sie einer unvorstellbaren Verfälschung anheimfällt. In eigenen Landen werden sich die Menschen bekriegen und sich gegenseitig die Kehlen durchschneiden; und es werden Kriege herrschen zwischen Ländern und Gläubigen der Gottkulte. Aus den Hebraons werden Juden werden, und davon werden 12 Stämme sich als Allahgläubige abzweigen. Aus Jmmanuels Lehre wird ein Christenkult hervorgehen, und sowohl dieser wie die Juden und die Allahhörigen werden nicht aufhören, sich zu bekriegen bis hinein ins dritte Jahrtausend nach Jmmanuels Geburt. Die Erde wird rundum zu einem blutigen Schlachtfeld werden, wobei einer der Gründe der sein wird, dass jeder Gottkult der richtige und der bessere sein soll als der andere. So werden sich die Gläubigen aller Gottkulte in alleiniger Reinheit und im einzig wahren Glauben wähnen und ihren irren Glauben verteidigen wollen. Den Gläubigen der einen Gottkulte werden die anderen Gläubigen der anderen Gottkulte mit Macht und Zweifel, mit Hass und Rache sowie mit Misstrauen, Hinterlist und Mordabsicht gegenüberstehen, wodurch es unausweichbar sein wird, dass der Tod überall voranschreitet. Und durch all das Übel werden auch sehr viele Menschen vom menschlichen Rechte und Leben ausgeschlossen sein, denn es werden ihnen alle Rechte genommen, kein Brot und kein Dach gegeben. Sie werden die Ärmsten unter den Armen sein und nackt einhergehen müssen, und zum Verkauf werden sie nur ihre eigenen Körper haben. Sie werden Geächtete und Verstossene sein, weitab all jener, welche in Freuden, Herrlichkeit und im Überfluss leben. Die aber, die in dieser Weise des Überflusses leben, werden in ihrer Schuld die Ärmsten knurrend bedrohen, deren Lande besetzen und sich haltlos vermehren. Sie werden sehr wohl die harten und gerechten Worte des Neuzeit-Propheten hören, doch werden sie gleichgültig sein und keine Vergeltung fürchten. Aber ihr Hochmut wird dereinst zusammenbrechen, wenn die Massen des Volkes zu Barbaren werden und die Paläste der Reichen,

Herrscher, Oberen und Obersten sowie der Mächtigen und der Kultherrscher stürmen und alles zerstören, plündern und an sich reissen.
Wenn das Wirken des Neuzeit-Propheten beginnt, wird der Mensch bereits in ein undurchdringliches Labyrinth der Angst, der Zerstörung und der Ausartung eingetreten sein. Seine Angst wird ihm die Augen und die Ohren verschliessen, so er nicht mehr sehen und nicht mehr hören kann, was um ihn herum vorgeht. Sein Sinnen und Trachten wird voller Argwohn sein, und bei jedem Schritt werden ihn Angst und Furcht begleiten. Doch es wird ihm keine Rast zuteil werden, weil er ständig vorwärtsgetrieben wird. Die Stimme des Propheten der Neuzeit wird aber lautstark, hart und gerecht sein, dass sie von allen gehört werden muss. Und sie wird auch gehört werden von jenen, welche die Ohren verschliessen und sich geben, als seien sie Taube. Viele werden aber die Stimme wohl hören, doch sie verleugnen, weil sie im Alten weitermachen und immer mehr besitzen wollen, wobei sie aber ihren Kopf an die Trugbilder der Gottkulte verlieren und an jene, welche durch Lug und Falschheit ihre Meister sein wollen. So wird der Mensch betrogen werden von jenen, welche sich ihre Hirten nennen – doch es wird nur noch schlechte Hirten geben.
Geht das Jahrtausend zu Ende, in dem der Neuzeit-Prophet verblichen sein wird, wenn 800 Jahre nach seinem Tod dahingegangen sein werden, werden die Menschen endlich soweit sein, dass sie die Augen und die Ohren öffnen, damit sie sehend und hörend werden. Das wird aber sein, weil die Macht des Wortes des Propheten über Jahrhunderte zu wirken beginnt und in die Gedanken und Gefühle sowie in die Vernunft der Menschen dringt. Es wird ein sehr mühsames Werk sein, das der Prophet und seine Getreuen zu erfüllen haben werden, doch ihr Einsatz wird den Gewinn nicht verfehlen. So werden die Menschen sich langsam von den Gottkulten befreien und sich der Wahrheit des Geistes und der Schöpfung zuwenden. Sie werden nicht mehr mit ihren Köpfen in den irren Lehren der Gottkulte gefangen sein und ihre Augen und Ohren offen haben, so sie von einem Ende der Erde zum anderen Ende sehen und hören und nunmehr einander verstehen können. Sie werden wissend geworden sein, dass jeder Schlag, der den Nächsten trifft, diesen schmerzt und verletzt. Die Menschen werden eine grosse Gemeinschaft bilden, von der jeder ein Teil des andern ist. Wahre Liebe wird Frieden und Freiheit schaffen und die Menschheit vereinen. Also aber wird es nebst vielen Sprachen aber auch eine spezielle Sprache geben, die von allen Menschen verstanden und gesprochen wird. Und das wird endlich der Anfang der Geburt des Neuen sein, das wahrheitlich Menschliche.
Und wenn das Ende des Jahrtausends kommt, dann wird der Mensch den Himmel erobert haben und zu den Sternen hinausfliegen. Er wird auch selbst Sterne schaffen im grossen dunklen Meer des Himmels, in dem die Sterne

blinken. Er wird mit glänzenden, grossen metallenen Schiffen durch die Lüfte und durch den Himmel fliegen und auf lange, ferne Reisen gehen, um sich irgendwo in der Weite des Himmels eine neue Heimat zu suchen. Der Mensch wird aber auch der Herr der Wasser sein und grosse Städte auf den Meeren bauen und sich dann von den Früchten der Meere ernähren. Und es wird die Zeit sein, da ihm nichts mehr verboten sein wird, weil er nach den Gesetzen der Schöpfung lebt.
Die neue Zeit wird es bringen, dass die Menschen miteinander kommunizieren können, ohne dass sie die Sprache des Mundes oder die Hilfe von Sprachrohren gebrauchen müssen, denn sie werden durch ihre Gedanken und Gefühle und durch ihren Kopf alle Botschaften aufnehmen und verstehen können, die ein anderer Mensch denkt und fühlt. Und es wird sein, dass die Menschen die Träume miteinander teilen und lange leben werden. Das Alter der Menschen wird derart hoch sein, wie die alten Überlieferungen von den Ältesten sprachen, die tausend Jahre wurden.
Und es ist die Zeit, da der Mensch das Geheimnis aller Dinge kennt, so den Körper des Menschen und der Tiere, das Geheimnis der Steine und der Wasser, den Blick jedes andern Menschen. Er wird alle Geheimnisse durchdringen und erkennen, wodurch er ein Tor nach dem andern aufstossen wird in den Bereich des neuen Lebens. Der Mensch wird eine kraftvolle, schaffende und sprudelnde Quelle des neuen Lebens, und alle Menschen werden das Wissen um die Schöpfung lernen. Ehrfurchtsvoll werden die Kinder der Erde zum Himmel hochblicken und seine Geheimnisse besser ergründen als irgend jemand vor ihnen. Des Menschen Körper wird kräftiger, grösser und gewandter sein, und seine Gedanken und Gefühle sowie sein Kopf werden alle Dinge umgeben, sie verstehen und besitzen. Das alles wird sich aber schon zur Zeit des Lebens des Neuzeit-Propheten anbahnen, denn sein Wirken wird viel dazu beitragen, auch wenn es von Neidern und solchen geleugnet werden wird, die es besser wissen wollen. Und er wird auch viel dazu tun, damit der Mann nicht mehr der einzige Herr sein wird, denn er wird schon in jungen Jahren wirken, dass das Weib kommen wird, um das Zepter zu ergreifen und die Welt zum Besseren zu ändern. So wird das Weib die Herrin zukünftiger Zeiten sein, denn es ist kraftvoll und machtvoll und wird seinen Willen den Männern aufzwingen und eine bessere, harmonischere Welt in Frieden und Freiheit schaffen. Das Weib wird im dritten Jahrtausend nach Jmmanuels Geburt hochsteigen zur Mutter des Jahrtausends. Das Weib wird die Sanftheit und Liebe, die Harmonie und den Frieden der wahren Mutter verströmen und die (relativ) vollendete Schönheit und Liebe nach der Hässlichkeit der Barbarei und der todbringenden Kriege sein. Und die Lehre des Propheten wird viel dazu beitragen, wodurch sich die neue Zeit in ihrem Gang in eine leichte Zeit verwandelt, in der ehrlich

und wahr geliebt und geteilt, gemeinsam geträumt und die Träume wahrgemacht werden. Und wenn für den Menschen diese zweite Geburt wahr wird, werden sich die Gedanken und Gefühle und der Kopf sich der Masse der Menschen bemächtigen, die in Nächstenliebe eins miteinander sind. Das wird das Ende der Barbarei sein, das Ende der Kriege und das Ende des Bösen. Es wird eine Zeit des Wissens und der Weisheit anbrechen und den Menschen den wahren Sinn des Lebens nahebringen, den der Prophet der Neuzeit trotz meuchlerischen Angriffen auf sein Leben unbeirrt lehren und in die Welt hinaustragen wird. Durch seine Lehre werden für die Menschen ab der Neuzeit die glücklichen Tage beginnen, wenn die Menschen den Weg des Friedens, der Freiheit und der Lehre des Geistes finden und auf ihm wandeln. Dann wird die Erde ihre Ordnung wiederhaben. Vorerst aber werden es nur wenige Tapfere sein, die den Worten und der Lehre des Propheten folgen werden, wobei ihr Weg gar hart und mühsam sein wird. So werden sich erst nur wenige Getreue auszeichnen und sich ihren Lohn erarbeiten, doch wird die Zeit kommen, da sie sich schnell mehren und in gar grossen Massen in aller Welt sein werden.
Schon zur Zeit des neuen Propheten werden viele Wege von einer Stadt zur anderen und von einem Ende der Welt zum anderen führen, und bald wird es dann auch sein, dass die Wege durch den Himmel führen und endlos sein werden. Das verdorrte Grün der Wiesen und Wälder wird sich wieder erholen, die Wasser werden wieder sauber und rein sein, und in die Wüsten wird Wasser gebracht, darin dann alles grünt und blüht. Bald wird die Erde wie ein neuer Garten sein, in dem der Mensch alles achtet, was wächst und blüht, was sich bewegt und kreucht und fleucht. Mit Eifer wird er alles reinigen und sauber halten, was er beschmutzt hat; und mit Liebe und Freude wird er die Erde als seine neue Heimat ansehen. Liebe, Harmonie, Wissen und Weisheit werden ihm zur eigenen Pflicht werden, und in Wissen und Weisheit wird er seines Lebens und seiner nächsten Leben sowie jedes Tages und jedes Morgens gedenken. Jeder Mensch wird sein wie ein gleichmässiger Schritt unter vielen, und er wird mehr über seinen eigenen Körper und Kopf und über seine Gedanken und Gefühle sowie über die Gesetze des Lebens und der Schöpfung wissen, als es jemals vorher der Fall war. Und es kommt damit dann auch die Zeit, zu der Übel und Krankheiten erkannt und geheilt werden, bevor sie auftreten können. Und der Mensch wird lernen, dass er sehr viel an sich an Übel und Krankheiten verhüten und auch sehr viel an sich selbst heilen kann. Er wird aber auch lernen, dass er den Armen und Schwachen beistehen und ihnen helfen muss. Das aber nicht nur aus Notwendigkeit, sondern um der Nächstenliebe willen und um das ganze Menschsein aufrechtzuerhalten. So wird der Mensch auch sein Herz und seine Börse öffnen für die Armen und Besitz-

losen und die bedauerlichen Zeiten der Barbarei, des Geizes und der Verschlossenheit hinter sich lassen. Und wenn die neue Zeit anbricht, wird sich der Mensch endlich in richtiger Weise als Hüter der menschlichen Ordnung, als wahrer Hüter des Lebens, der Erde und deren Natur samt allem Lebendigen darauf verstehen. Der Mensch nämlich wird zu jener fernen Zeit gelernt haben zu geben und zu teilen und vom Nehmen zur Befriedigung der eigenen Gewinnsucht abzukommen. Der Mensch wird endlich Mensch sein und nicht mehr allein unter all den vielen. Seine Einsamkeit wird dahin und vorbei sein, und er wird endlich wissend werden in der wahren Wahrheit und den Gesetzen der Schöpfung und des Lebens, Sterbens und des Todes. Alle Menschen werden einander anerkennen und keinen Unterschied mehr machen zwischen den verschiedenen Rassen, Gottkulten und zwischen dem Stand Reich und Arm. Doch all das wird erst nach den weltweiten Kriegen und Feuersbrünsten, den bösen Greueltaten der Menschen und nach all den durch die Natur und die Erde ausgelösten apokalyptischen Katastrophen geschehen. Dann werden aus den verkohlten Trümmern der Städte und Dörfer neue Bauten und Türme entstehen, doch wird dazu eine eiserne Faust nötig sein, damit Ordnung in das durch den Menschen angerichtete Chaos kommt. Und es wird von grösster Notwendigkeit sein, dass der Prophet der Neuzeit sein machtvolles Wort erhebt und die Lehre der Wahrheit und die Lehre des Geistes bringt, denn das wird die Macht sein, dass der Mensch den rechten Weg wiederfindet. Und durch des neuen Propheten Lehre wird der Mensch wissend werden, dass nicht nur er, sondern alle Lebewesen Träger des Geistes und des Lichtes und Geschöpfe sind, denen Respekt gezollt werden muss. Und wenn der Mensch das weiss, dann wird er neue Städte gründen auf der Erde, auf den Wassern, unter den Wassern und im Himmel, wohin er mit silbernen metallenen Schiffen reisen wird. Also aber wird sich der Mensch erinnern an das, was einst war, und also wird er zu ergründen wissen, was in den kommenden Tagen und Zeiten sein wird. Er wird lernen, die Zeugung und Geburt sowie das Leben, Sterben und den Tod zu verstehen und alle Angst und Furcht davor verlieren, weil er sich der Lehre des Propheten zuwenden wird. Und der Mensch wird die Zeit von mehreren Leben haben, weil sein Alter verlängert wird, und er wird wissend werden, dass das Licht niemals erlöscht und das Leben auch im Tode und in Wiederleben weitergeht, denn sein Wissen wird zur umfassenden Weisheit werden.

Quetzal Das, mein Freund, sind Jeremias Voraussagen für das zu Ende gehende zweite und das kommende dritte Jahrtausend.

Kontakt 230 vom 11. Oktober 1989

Billy … Kannst du mir heute nochmals etwas sagen bezüglich Prophetien oder Voraussagen der alten Propheten?

Quetzal Gewiss, denn ich habe mich darum bemüht, um noch etwas bringen zu können. Es handelt sich allerdings wiederum nicht um eine Prophetie, sondern um eine Voraussage, die auch diesmal auf den Propheten Jeremia zurückführt und hauptsächlich von dir handelt, nebst wenig anderem. Auch seine alten Worte musste ich umsetzen in die heutige deutsche Sprache, damit sie verstanden wird. So höre denn, was er zu sagen hatte:

Als Künder dieser Welt sehe und höre ich und weiss, was sich in sehr fernen Tagen ergeben wird. Es wird in den Jahrhunderten sein, wenn der Künder der neuen Zeit sein Wort erheben und die Welt belehren und damit grossen Aufruhr herbeiführen und dadurch sein Leben bedroht sein wird. Ich sehe und höre und weiss, weil meine Augen und Ohren offen sind und im Himmel sehen und hören, was in fernen kommenden Tagen sein wird. Wie mit einem grossen Schritt durchmesse ich mit meinen Augen und Ohren die Tage bis in die ferne Zeit, bis hin in ein freies Land, an einen Ort, von dem ihr noch nichts wisst und den ihr noch nicht sehen könnt. Dort wird der Tapferste der Tapferen sein, der Heiligste der Heiligen, und er wird mit Macht lehren und die Gesetze und Gebote der Schöpfung verkünden. Wie ich wird er der Schrift kundig sein und dem Himmel lauschen können, und er wird das Auge, das Ohr und das Gewissen der Menschen sein, und er wird die Menschen die Kräfte der Schöpfung sehen und ihre Gesetze hören lassen. Er wird ein Sehender und Wissender sein, und ein Vermittler, dessen Hand die Stimmen jener niederschreibt, welche von den Sternen kommen werden. Und er wird der dritte Fortgang meiner sein und ein Fortgang im Wiederleben jener Künder, die meiner vor mir waren. Sein Wort wird den verborgenen Aufbau der Welt und manch Geheimnis der Schöpfung enthüllen, und er wird Risse der Erinnerung stopfen, die von einem Punkt in der Vergangenheit oder von der Gegenwart in die Zukunft führen, so er die Karte aufzeigen wird, auf der die Geschehen durch den Menschen die neue Zeit zeichnen.
Der neue Künder wird viel Leid ertragen müssen, und der Vater wird ein einfacher Schuhmacher und die Mutter ein einfaches Weib sein, das in allem drei Söhne und vier Töchter gebären wird. Einer der Söhne wird der Hüter des Schatzes genannt werden und der neue Künder sein. Das Wissen um die Gesetze der Schöpfung wird ihm offen sein wie niemals einem Künder zuvor. Und er wird es sein, der die wahre Lehre und die wahren Worte der alten Künder wieder ans Licht bringt und sie den Menschen zugänglich

machen wird. Bis dahin werden die Texte der Kündungen der Lehre und der Worte meiner und meiner nach meinen und meiner vor meinen warten im Verborgenen auf den passenden Augenblick, wenn sie zu des neuen Künders Tagen wieder auftauchen sollen, hergebracht von den Menschen aus dem Himmel. Und der Künder wird den richtigen Tag abwarten, auf dem Hufeisenberg, wo er seine Wohnstätte haben und das Tuch des Zeichens des Bundes mit den Menschen aus dem Himmel im Winde flattern wird. Und ist der Tag reif geworden, dann wird er die alten Worte verkünden, und seine Stätte wird ein Ort sein, wo sich die Menschen aus allen vier Winden der Erde finden werden. Und die wahren Seinen werden vom Himmel sein und bei ihm eingehen und ausgehen und doch nicht erblickt werden von den Menschen, weil sie im Verborgenen bleiben und einen Kopf haben, mit dem sie sich nicht mit den Köpfen der Menschen der Erde vertragen.

Der neue Künder der fernen Tage wird der Gründer der Gruppe der Wahrheit sein, und sie wird sich weiten in alle vier Winde der Erde. Er wird das Siegel vieler Geheimnisse der Schöpfung und die des Kopfes der Menschen und auch deren Gedanken und Gefühle erbrechen und darin wissender sein, als kein anderer Mensch zu jener Zeit oder zuvor. Seine Zahl wird die Eins und die Drei und die Sieben sein und also die Zahl des Wissenden und des Weisen. Er wird weit reisen, bis dorthin, wo Himmel und Erde aufeinandertreffen und wo der Himmel endet. Seine Worte werden die Worte der Wahrheit sein, und sie werden hart sein und die Menschen in ihrem Kopfe treffen. Und er wird ruhelos sein in seinem Tun, und er wird tätig sein, wenn er auf dem Boden liegt, wenn er in der dunklen Nacht oder im starken Lichte des Mondes einhergeht, wenn er die Wüste durchschreitet oder auf die Berge steigt, und er wird sich durchdringen lassen von den Kräften der Sterne, von der Sonne und von der Erde. Er wird seine machtvollen Kräfte wie fliessende Ströme in seine Worte legen und wie kein Künder vor ihm sie niederschreiben, dass sie für alle Tage erhalten bleiben. Seine Worte werden für die Gerechten Labsal sein und in Liebe getränkt, und sie werden auch zu den Ungerechten dringen und sie rütteln und schütteln, und sie werden wie machtvolle Strömungen in sie dringen und sie nach und nach erwachend machen. Seine Worte werden auch tief in den Himmel eintauchen und zu den Menschen im Himmel dringen, und sie werden die Sterne durchdringen mit ihrer Kraft. Und seine Worte werden dorthin dringen, wo Himmel und Erde zusammentreffen und wo der Himmel sein Ende hat. Sein Wissen wird das sein, dass er den Kopf und die Gedanken und Gefühle der Menschen kennt, deren Verstand und Vernunft, und er wird den Körper der Erde und der Sterne und des Himmels kennen, denn er wird den Pfaden folgen, die in diesen Welten zu den Geheimnissen führen.

Der neue Künder ist dereinst der dritte Nachgänger meiner, und also wird er heilen können, und er wird sich einreihen in die uralte Linie meiner über Jesaia, Elia, Henoch, Henok und Nokodemion, die Urväter des Wissens und der Weisheit, die im Geiste alle nicht aufgeteilt sind und in ihrem Kopf die Sinne nie haben abstumpfen lassen, wie es die Menschen zur Jetztzeit tun und es noch gewaltiger in der Neuzeit des neuen Künders tun werden, wodurch sie eine künstliche Unverständigkeit herstellen zwischen Erkenntnis und Wissen, zwischen Lüge und Wahrheit, zwischen Voraussage und Prophezeiung, zwischen Eingebung und innerer Anschauung, zwischen Liebe und Unzucht, zwischen Frieden und Krieg, zwischen Weisheit und Einbildung, zwischen Wahn und Wirklichkeit.
Der neue Künder wird viele heilige Bücher lesen, in immer wiederkehrenden Zeiten der Einsamkeit in die Berge und Wälder und in die Wüste gehen, um zu lernen und sich der Einkehr hinzugeben. Und er wird sich vielen Kulten anschliessen, die Gottheiten, Engel und Heilige anbeten, um deren Geheimnisse und irrigen Lehren zu ergründen. Und er wird auch die geheime Ordnung der Welt und der Zeit ergründen. Und er wird auf dem Berge des Hufeisens eine Stätte der Ruhe, der Einkehr, der Liebe und des Friedens erbauen, wo alle heiligen und wahrheitlichen Strömungen zusammenfliessen werden, die seit Urzeiten die Menschen durchziehen. Die Stätte wird zu einem ursprünglichen und symbolischen Kern für die Erde und für den Himmel, weil in ihr die Kräfte des Geistes und des Kopfes zusammenfliessen und sich in ihr eine beeindruckende Ansammlung von wahrheitlichem Wissen häuft, von wahrheitlicher Liebe und von Freiheit, und von Frieden, und von Harmonie und von Weisheit. So werden die Menschen nach und nach keinen Schritt mehr tun, ohne die Spuren des wahren grossen Künders zu entdecken und ihnen zu folgen. Und Hüter des Schatzes wird Eduard genannt sein, als Nachgänger meiner im dritten Glied nach den Kündern Jmmanuel und Mohammed, die im ersten und zweiten Glied die Nachgänger meiner im gleichen Geiste doch in einem andern Kopfe sein werden.
Der neue Künder wird ein grosser Mittler und Sehender sein, und sein Wort enthält alle Erkenntnis des Lebens, weil er sich ihm geöffnet hat. Viele Menschen werden ihn verstehen, aber alle jene, welche sein Wort mit Unverstand hören oder seine Niederschrift mit Unverstand lesen oder auch nur berühren werden, verfallen einem heiligen Schrecken, als ob sich ein Abgrund vor ihnen auftun würde. So werden sich viele angstvoll davon abwenden, und andere werden das Wort und die Lehre des Künders stehlen und verfälschen, um Wucher damit zu treiben und grosse Gewinne daraus zu machen. Sie werden unfähig sein, des Künders Wort zu verstehen und es zu zerstören versuchen, doch sie werden kein Sakrileg daraus machen können, denn das Wort und die Lehre des Künders werden zu mächtig sein.

Es werden nach mir mehr als 22 Jahrhunderte vorbeigezogen sein, wenn der neue Künder sein Werk beginnt. Viele Dörfer und Städte werden bis dahin durch grosse Horden Menschen überquellen, und ein unvorstellbares Gewimmel wird herrschen. Alte Dörfer und Städte und die Mauern darum, die Wehrfesten und die Waffen, und die Gebeine der alten Propheten und der Menschen aus früheren Zeiten werden unter Sand und Trümmern begraben sein und in der neuen Zeit als Besonderheit und alter Wert wieder ausgegraben werden. Die Tage bis dahin werden die Stimme und die Worte meiner und die Worte der Weisen und aller Propheten erstickt haben. Und die Menschen werden sich von der Wahrheit entfernen und sich im Glauben verschiedenen Kulten mit Göttern, Engeln und Heiligen zuwenden, die aber in Wahrheit keine sind, weil sie nur Erfindungen der Priester und selbsternannten Heilsbringer sind. Der Glaube der Kulte wird zum Gesetz werden, und nur wenige werden es wagen, sich offen der Wahrheit und den Gesetzen der Schöpfung zuzuwenden. Also werden es erst aber auch nur wenige sein, die sich den Worten und der Lehre des neuen Künders zuwenden und treu bleiben. Es wird eine riesige Schar von Gläubigen aller Kulte rund um die Welt geben, die sich überall ausbreiten, und der in Kulten entstandene Glaube der Menschen wird wie ein gewaltiger Schlag eines Donners vom einen Ende der Welt zum anderen widerhallen. Und die Kulte werden einander blutig bekämpfen, bis zum Tod und Untergang, und in den Kulten selbst wird das Barbarentum ausbrechen, und die Obersten und Oberen Priester und Schergen der Kulte werden die Unteren und Untersten der Kulte verfolgen und morden, sich deren Güter und des Goldes bemächtigen und immer reicher werden, was auch sein wird durch dauernde Ausbeutung, weil die Gläubigen durch die Kulte mit Zöllen und Strafen belegt werden, die sie in Gold und Münzen bezahlen müssen.
In der neuen Zeit hat der Mensch das Wissen um die grossen Kontinente auf der Erde, und die grossen Wälder hinter dem Ende der grenzenlosen Meere. Und in all den mehr als zweimal tausend Jahren seit der Zeit meiner, in der ich lebe, werden all die Lande überall auf der Erde zu grossen Königreichen werden, und zu Kaiserreichen werden, und zu gewaltigen Reichen, wenn sie sich vereinigen. Doch so zahlreich wie die Glieder einer endlosen Kette werden Kriege sein, und sie werden einander immer mehr überlagern, und so werden die Reiche wieder stürzen, und es werden dann aber neue daraus erschaffen. Die Sklaven und Leibeigenen, die Landbebauer und Weingärtner, und die Hirten und die Armen werden aber den Aufstand proben, und tausendemal werden sie Feuer über das Land bringen; Burgen, Wehrfesten, Städte werden sie anzünden und Ernten verbrennen. Und sie werden so tun, bis sie gefangengenommen sind und sie gefoltert und gebrannt werden, und ihnen bei lebendigem Leib die Haut abgezogen wird,

und die Überlebenden gezwungen sein werden, sich in ihren Schlupfwinkeln wieder durch Verborgenheit zu schützen. Und so werden sich die Obersten, Oberen und ihre Schergen wieder fühlen, als seien sie Könige.
Es wird aber Fortschritt sein, und wenn die Zeit der mehr als zwei Jahrtausende vergangen sein wird, wird der Mensch die Tiefe der Meere und des Himmels erobert haben, und er wird in den Himmel hineinfliegen und sich in ihm eine neue Heimat suchen. Wie ein Stern am Firmament leuchtet, wird er selbst wie ein Stern am Himmel sein, wenn er die Kraft der Sonne gewonnen haben wird und sich selbst für die Schöpfung hält, und er gewaltige Bauten und Türme in Tausenden auf der Erde erstellt, gewaltige metallene Schiffe baut und mit diesen die Wasser der Meere und die Lüfte und den Himmel durchpflügt. Und über dem grossen Meer wird es neue grosse Reiche geben, und von einem werden neue Legionen von Barbarenhorden unter dem Befehl mächtiger Ausgearteter ausziehen, um Kriege in die Welt hinauszutragen und die Welt zu erobern und sich der Bodenschätze der Länder habhaft zu machen. Jenseits des grossen Meeres werden aber die Mauern der Städte und Dörfer der Eroberer zusammenbrechen, die die Macht über die Welt an sich reissen wollen, und das Reich wird dann nur noch zerstört sein und verbranntes Land sein, und nur noch schlammiges Wasser sein. Und die Völker der Erde werden sich vermischen, und es wird viel Unheil daraus entstehen, und viel Krankheit, und viel Siechtum und Hass und Terror und Rache und viele Tode. Und wenn diese Tage kommen, dann geht der Mensch sehr schweren Zeiten entgegen, und er wird vor einem dunklen, in Finsternis gehüllten Eingang eines undurchdringlichen Labyrinthes stehen, und das Labyrinth wird schwarz sein wie die dunkelste Nacht, und er wird darin eintreten, und in ihm werden wie das Böse die roten und glühenden Augen des Verderbens glühen, und davor möge sich der Mensch der fernen Zeit hüten, denn das Verderben wird grausame Wut und ausgearteten Zorn und Zerstörung und viele Tode in sich tragen. Und lange werden die Tage sein während des Verderbens, doch in weiter Ferne der dann kommenden Zeit wird sich alles lichten und Liebe, Frieden und Freiheit werden. So wird es sein, denn ich sehe und höre im Himmel und weiss, dass es so sein wird, denn ich bin der Künder Jeremia, und ich spreche die Wahrheit.

Quetzal Das also ist Jeremias Voraussage. Mehr sollte nicht gesagt werden müssen für die Erdenmenschen, denn Jeremias und Henochs Voraussagen sollten genügen.

Predictions of the Prophet Jeremia

Contact 229 of July 31, 1989

Billy … Now I would like to ask you about Jeremia's predictions and Jeremia's data: Have you brought them with you?

Quetzal Everything is complete. The data and stories of the biblical "traditions" are truthly based on legends, conscious lies and falsifications, as well as on a deceitfully made up false and fantasised chronicle. This also applies to the dates of the ancient and true prophets Jeremia, Jesaia, Elia and Henoch. Converted to the Christian calendar of today, the true dates of these prophets are the following:

Name:	born on:	died on:	son of:
Henoch	Feb. 3, 9308 BC	Jan. 1, 8942 BC	Kretan of the Plejaren
Elia	Feb. 5, 891 BC	June 4, 780 BC	Josias at Gilad (Gilead) Tisbitia

(Elia was flown to Srinagar/Kashmir in India by a beamship on April 7, 842 BC.)

Jesaia	Feb. 7, 772 BC	May 5, 690 BC	Amoz at Sidon
Jeremia	Feb. 9, 662 BC	Sep. 3, 580 BC	the High-priest Hilkis (Hilkias) at Anathoth

The prophets' times of births were the following: Jeremia at 11:23 a.m., Jesaia at 10:44 a.m., Elia at 11:02 a.m. and Henoch at 11:01 a.m.

Billy: Thank you. But what about Jeremia's predictions, which in fact are not prophecies?

Quetzal: I had to translate them into the German language of today's understanding through which the predictions can now be listened to as follows:

In the new time, when the prophet of the new time spreads his teaching, the time of the great developmental change has begun which will, starting in the second millennium, lead far into the third millennium after the birth

of the prophet Jmmanuel. And when the second millennium ends and the third millennium will have begun, human beings will be blinded by gold and all material values to such an extent that they will be counting talers everywhere in all countries. And even if they look up to the sky, they will only see gold, gemstones and talers in the stars. They will build cult-places to pay homage to an unsubstantial god, as well as to human beings who are raised up to saints by human beings. The cult-places of the unsubstantial godhead will become sites for merchants and moneychangers. The lenders who lend all sorts of achievements and accommodations and many inventions for a fee, will become avaricious usurers. And it will be that the judicial authorities will pronounce their right in unright, and no longer punish the fallible ones for their evil deeds but reward them by imposing penalties that are insignificant. Thus the huge fire of unfairness will smoulder and burn, and will also lend its hand to behaving in a sexually immoral and unseemly wise, so it will not fail to appear that every town will be a place of ausgeartet sexually immoral and unseemly behaviour. And also the children and their children will live a life of ausartung, and will become a fiery cloud that burns and destroys everything. They will raise the old blood-sopping flags, and spread terror and leave uncountable deaths. The mightful ones of the world will abominably misuse their might, and have innumerable innocent human beings put to death. They will transform the building blocks of life into death-bringing weapons in order to kill human beings in vast numbers and to destroy nature.

With the appearance of the prophet of the new time, the irrationality of the human being will get out of control in such a wise through the procreation of offspring that the earth, the sky, the oceans, the forests, the prairies and the deserts, as well as the mountains will be populated to such an extent that no human being is able to make one step unnoticed and therefore each one comes into conflict with the other. The human being will claim his/her might and command over nature and life, and therewith strive for the might of the Creation because he/she will in every respect tear down all boundaries and ignore them. But everything will not continue endlessly, because one day everything will turn and be directed against the human being. Like a drunken ruler he/she will suddenly begin to sway and run in anxiety like a blind horse. He/she will ride himself/herself like a riding animal, spurring and whipping himself/herself into confusion, into a forest of the unreal, at which end it is dark, desolate and deadly, and leads into a deep abyss without hope of rescue.

It will be the time when gigantic buildings and towers rising up to the sky are being built in all lands and at all points of the earth. And the human being will live and work in these towers and buildings. There will also be gigantic

cities in which the human being spends his/her life, as a result fertile fields empty on which, however, buildings and towers will be built because space for living will become less and less. And it will be that there is no truthly law any more, rather only the one of the individual human being and that of individual groups. Thus, many turn into barbarians who will live in the cities terrorising the righteous ones. There will be so many human beings in this new time that there will not be enough bread for all of them, and also no water, which will become increasingly scarce. But the human being will also become delusional and will fanatically run after many games, which will soon be not enough for him/her, which is why he/she will venture on other games through which life becomes the plaything of the delusion. These death-bringing games will be like a death-bringing fire if they are kindled and if the human being carelessly risks his/her life for them only to satisfy his/her delusion through things that are meant to increase his/her excitement.

When the prophet of the new time appears, and the third millennium after the prophet Jmmanuel begins, very many human beings will be suffering from hunger and thirst. While some human beings lose their lives due to extremely high temperatures, many others will turn blue due to extreme cold, and will be tormented by great waters. In general, the human being falls into fear of natural happenings, and many would wish to see another world. And many will fall into fear because the mightful ones of the world get very badly out of the control of the good human nature and maliciously wage wars in order to get hold of countries and mineral resources. They will be the hypocrites who are audacious enough to claim to act in the name and command of a god, in order to strengthen their greed for might.

During the time of the prophet of the new time, the human being will be falling victim to various god cults, through which he/she will completely lose his/her inner freedom. The cults will become large dealing groups, which will be established and led by self-appointed god-equivalents. But truthly, they are only dealers of lies, deception and illusions, who instil their dangerous poison of delusional guidance into the human being, wherethrough he/she becomes a believer in the unreality, and dependent on it. However, in the end the poison is extremely dangerous, because it destroys the thoughts and feelings, wherethrough the human being becomes indifferent and cold in his/her feelings, thus towards himself/herself as well as towards the next ones. And those who mix this poison with their thoughts and feelings to the point of fanaticism will be like wild beasts. They will threaten their fellow-human beings, kill and use physical and psychical gewalt, and will rob, blackmail and torture them. Therefore, this kind of human being will get very badly out of the control of the good human nature to such an

extent, that the life for all other human beings will turn into a daily recurring dread.

When the prophet of the new time is in his activity, the human being in general will be directed to gain as much pleasure for himself/herself as will be possible for him/her. This pleasure is also related to man and woman who both will get very badly out of the control of the good human nature and mutually outdo themselves that the husband so often repudiates his wife and gets remarried as is possible for him. And he will show himself amenable to the same-gender and different-gender whoring and therethrough will bring deadly rampantly spreading diseases over the world, and among the whole humankind. The woman will be just as unbridled as the man, because she will wantonly walk through the alleys of cities, and take any man currently coming along. Yet, not only will whoring be immeasurably great, but rather also the irrationality and the unknowledge, which will also spread over to children. Thus, not only adult women will give birth to children without knowing or naming the father, but also children will give birth to children. Thus, there will be no father or master for the respective child who can teach, instruct, educate and guide him/her. All decency and respect, all feeling of honour and all tradition, as well as every custom and honour will get lost. The human being becomes estranged from his/her next one, and, despite the great mass of humankind, he/she will be alone amongst it. The laws of regulation and of honour will be forgotten as though never having existed. So therefore the age-old announcement will be forgotten that the human being can turn into a savage again should he/she forget all the human and life-based values.

And with the coming of the prophet of the new time, behaving in a sexually immoral and unseemly wise will grow out of control to such an extent that the father sexually immorally and unseemly and incestuously misuses his daughter and the mother her son. The behaving in a sexually immoral and unseemly wise between man and man, and between woman and woman will characterlessly become rampant, and also that the old and the young will misuse and use physical and psychical gewalt against the child. And all this will happen in front of every human being's eyes, against which, however, the legal authorities will hardly undertake anything, rather only impose insufficient smallest penalties. Thus the blood of families will become unclean through incest, because the evil will spread from bed to bed. And many illnesses and rampantly spreading diseases will spread through behaving in a sexually immoral and unseemly wise, and in doing so, the human bodies will absorb all the earth's rot, the faces will look tormented, and the limbs will be emaciated. It will not be spoken of true love any longer, rather only of carnal and sexual love, wherethrough the word love will become

the greatest threat for all those human beings who can perceive cognition regarding their self only via the flesh (body).

When the prophet of the new time speaks of the codex as well as the oath and law, only a few like-minded companions will gather around him, but most of the human beings will not want to hear him. At first, there will only be a few who will hurry after the truth when he spreads the teaching of the spirit, because for a great many his voice and teaching will go unheard as if in a desert. But contrary to this, the murky and mightful waters of the great world-encompassing wrong, delusional and fanatic god cults will spread, and wrong so-called emissaries of god, godly ones, sublime ones, masters, redeemers, liberators, and kings of salvation will do their pernicious work with lies and deception-work, with guile, fanaticism, greed for gold and charlatanism, and will gather around themselves innumerable thoughtless believers. And many amongst the misled fanatical believers will carry weapons as never before, and with these they will kill and murder in multiple numbers, while others, as individuals, or in small or larger groups, will be seeking suicide in their belief-delusion. Amongst all of these, the word of the prophet of the new time will go unheard as if in a desert, when he speaks of law, of the teaching of the truth and the spirit, and of true love, of peace, freedom, harmony and fairness. His words will be burning and sharp, and he will be teaching that the fallible ones will bring punishment upon themselves through themselves on their irrational campaigns.
When the prophet of the new time comes, and the human beings from the stars honour him, a roaring of death will rise over the world, and deadly weapons will crash in all countries. Fanatical terror-insane ones, who will gather in large groups, will be pursued by legions of soldiers. Anxiety and horror will rule, and the mightful ones of the countries will make the terror their own and become despots and tyrants. They will all be barbaric, unfaithful, full of a revengeful mentality, evil and wild, while the deniers of the truth will perform mischief in their cult's houses in the cities, and the mightful ones of the cults in the heart of the large city in the land of the boot will have the audacity to let themselves be worshipped as god-representatives and as holy. These truthless ones of all god-cults will have great might over their believers, will exploit them, and endlessly lead them into the unreal. And through these cults the time will come, when no regulations and no rules will exist, and hatred and cult fanaticism will spread like a blazing fire over the world. The terror-insane ones and the legions of soldiers will massacre innumerable innocent human beings, and the cult believers will persecute and strangle the truth-searchers. The hatred and the delusional god-belief, pathological craving for revenge, cruelty, mercilessness and destructive

rage will be of each one and of all. The world will resound from an immense, great and merciless war cry, and cities will be destroyed, and the blood of the human beings will flow in streams. And the reward for the prophet of the new time for his disclosure of the truth will be, that he, as all prophets at all times, will be misconceived, slandered, denied, threatened by deceitful attacks against his life, and he will be accused and hindered in spreading his word of the truth by evil machinations, and be vilified. Also his words of the truth and his teaching will be stolen by many malicious ones, liars and deceivers and falsified to their own favour, as never will have happened to a prophet before. The dishonourable ones will belittle his honour and make use of it themselves, and unrightfully gain a big profit thereof.

When the prophet of the new time begins to be active, the human beings will no longer search for the truth, and no longer decide according to the truth, because through the laws and the belief of the god cults, they will only decide according to their own blood and their own belief. The human beings will no longer listen to the complaints of old people, and no longer to the crying of the suffering children. Old people, women and children will be treated with contempt; the old ones will be hidden away in old age homes, and women and children will be sexually immorally and unseemly misused and driven to whoring, and no one will be there to protect them, neither from slave-drivers and pimps, nor from the legions of soldiers, nor from the terror fanatics who will come at them. Hatred and pathological craving for revenge will flood the earth, whose human beings will live in an irrational belief of a doubtful peace, which they hope in vain to attain, because a worldwide war will inundate the earth, and no one will be spared; not the old, not the children, and not the women, not the sick and the injured, and not the fair and the peaceable ones. Legions of soldiers and terror fanatics will destroy the houses and go murdering, pillaging and plundering through countries and cities, and will kill and destroy everything getting in their way. When one of them has left, the next one will follow and wreak even more terribleness. And the eyes of human beings will be kept shut in order to avoid seeing the children and women who will have been misused and treated with physical and psychical gewalt.

The prophet of the new time will know what has happened, happens, and will happen on all ends of the earth. He will show that men, women and children in many countries are starving to death, that their bones break through their skin, and that inflamed eyes and open ulcers mark their bodies, offering a feast to masses of flies and other poisonous vermin. He will also show that human beings are hunted like mangy dogs and rats, tortured and beaten to death, dismembered, or put to death in some other way. However, only a few will listen to him, because the majority of human

beings do not want to see all the atrocities, and so they will turn their faces away and set the words of the prophet at nought. Yet he will be undeterred, and will mightfully raise his word of the truth and carry it into the world. But only a few human beings will hear his voice in its full scope and direct their thoughts and feelings according to his words, because at the time of the prophet of the new time, the human being will be extremely hostile toward his/her fellow-human beings and life itself to such an extent, that he/she will care only about himself/herself. As alms he/she will give his/her next one only a tiny part of a split taler while he/she sleeps on bags filled with gold and talers. However, even the tiny part of the split taler which he/she gives with the one hand, he/she will take back with the other hand manifold, because he/she will not give away anything for nothing. If his/her sense is not directed for profit when giving, then it will still be for assuaging his/her guilty conscience. So in the new time the human being will make a business of everything, thus nothing will be given away without compensation. Each thing, even the tiniest, will have its price, even the grass growing on the ground, the animal, the water, and even the human being himself/herself, who will be judged according to his/her productivity. The exchange of goods will be abolished, and truly, nothing will be given away anymore, because each and everything will be integrated into business and sold. The human being, however, will lose his/her individual value, namely, the value of being a human being; as a result, his/her value will be only that of his/her goods and chattels, and that of his/her body's weight of his/her flesh and bones. Everything that makes him/her to be a human being will be taken from him/her, because nothing of him/her will remain inviolate any longer, neither his/her life, nor his/her thoughts and feelings, nor his/her body and blood. When the human being dies, not only will his/her material belongings become the object of dispute but also his/her mortal shell, his/her blood and viscera, because everything will have its price in this field in the new time as well. Thus, human beings will be slaughtered like animals, and torn up and defiled like rotting carcass for the sake of their blood and viscera.

The prophet of the new time will mourn, because the human being has altered and destroyed the face of the earth, and will be approaching total elimination. But he will also point out with hard words of truth that the human being is neither the master nor the feudal lord of the earth, nor of its mountains, brooks, rivers, lakes, oceans, meadows, fields, wetlands and forests. And he will teach that, for the purpose of profit, the human being dangerously ploughs through the earth and sky with powerful machines, practising usury, and also cuts furrows with big ships in rivers, lakes and oceans, in order to wage wars worldwide and to transport large masses of human beings to other countries, and to wipe out all aquatic creatures for the purpose

of procuring food. Thus, also illnesses and rampantly spreading diseases will disseminate throughout the entire world, carried by innumerable travellers who will be spreading themselves out into all countries. Likewise, by means of foodstuffs and goods of trade from all over the world, various animals and other creatures and plants will be spread and transported into other countries, consequently they will take root in foreign countries and will disturb, and negatively influence the course of nature. Yet, a far worse time is still to come, because through the human being's guilt, large parts of the earth will become barren and infertile. The huge forests will fall victim to the human being's greed for gold and money, and the air will burn, because the air will be destroyed through the human beings' production of artificial materials. The waters will turn brackish and poisonous, as well as foul smelling, and will become scarce for drinking. The human being will boundlessly, unconsideredly and consciencelessly exploit the earth's treasures, and exhaust the earth's wealth down to the last bushel. The entire world will be polluted through various kinds of dirt, which causes all life to wilt. And the human being's hatred will grow beyond all bounds, and also in his/her own family it will not be any different. Gradually, the human being will come to be like a lonesome and wild animal that is after the blood of its victim.

With the appearance of the new prophet, 1937 years after the birth of the prophet Jmmanuel, the time will begin when children will be sold for prostitution and abused, so many who have got very badly out of the control of the good human nature will find pleasure in their young skin. Many children will be driven into whoring, or will be strangled after being misused in a sexually immoral and unseemly wise, or killed by poison or weapons. But there will also be very many homeless children who are living on the streets, where they fall into the hands of dealers who kill and gut them like animals for the sake of their viscera. Other children will become targets of murderous henchmen of the authorities, and others will be treated like submissive animals and other creatures. The human being will become brutish and use gewalt, and in his/her unconcernedness towards the weak he/she will also forget the untouchableness and weakness of children, and will exploit them through work and defile them by misusing them in a sexually immoral and unseemly wise. The secret of the children's blamelessness will be broken open and destroyed, thus they will be trained like little dogs, and for various reasons of pathological craving for profit, led onto the sacrificial site like lambs, where they will be slaughtered and bled to death. The human being will no longer know mercy and fairness but see only his/her own profit and advantage, and only live along in cruelty.

The human being will be a prisoner of his/her own point of view, his/her own thoughts and feelings; and he/she will be inebriated by his/her own

speech, and not realise that he/she is more and more approaching the unreal and depravity. He/she will regard the lies, pictures and reflections of the god cults, and those of their rulers and servants as the truth of the world, because he/she will be like a patient and dumb sheep that can be led around as desired. However, the consequences will not fail to appear, because fanatical ones of other cults bringing terribleness will herd together the ones as the others like predatory animals and birds in order to push them more easily into the abyss and to their death. And it will be that one human being will be set against the other in order to rob and skin him/her for the only reason to get hold of his/her personal belongings. If, however, he/she survives, then he/she will be robbed of his/her thoughts and feelings, as well as of freedom and peace, and often even of his/her rationality.

When the time of the new prophet comes, kings, emperors, and all the other rulers and the mightful ones of the god cults will have no real knowledge about the Creation and its laws. They will rule in an evil and bloodthirsty wise, and with lying and deception, and command all the innocent, inactive and unknowing masses of human beings. Lying and deception will be their handiwork, and when they are in front of their believers, they will conceal their true faces behind masks and keep their true intentions a secret. But the time will come when they will be overthrown. However, it will be that they decide on the human being's destiny and on all and everything, and the common human being will be excluded from the inner assemblies of their own rules and regulations. Thus, it is no longer the human being who will make decisions as a group, but only the higher ones who, at the top, will rule their regiment, and let themselves be paid horrendously for their infamous actions. Although the individual human being believes to enjoy freedom, he/she will no longer be free but will live in bondage to the rulers and the higher ones. Only those from wild areas will rise up against it who have neither fallen prey to a god-belief, nor to a subservience to authority. But at first they will be cursed and damned, and accused of delusion, and some will be conquered and burned alive, or killed in some other way.

When the prophet of the new time has come, then the human beings on earth will become as numerous as ants in an anthill. And if a stick is driven into the colony, then they will run around, and trample each other to death and crush each other like annoying vermin. The human beings will buzz around like confused insects, and large groups of them will rush from one location to the other, either fond of travelling, or fleeing from war, death and terror. The human races will intermix among each other in an unbridled wise and breed human beings of mixed blood, thus many illnesses, rampantly spreading diseases and all kinds of human evil, vices and maliciousness will spread over the whole world. Some god cults will lure the believers of

the others, or mix among each other. God cults and their higher ones, as well as their rulers and believers will preach and promise freedom, love and peace, yet everywhere their talk will be lies and falsehood, because in their hearts they are only out for hatred and revenge, retaliation, robbery, and pillage. The god cults themselves and their believers will become enemies and wage war against each other. Human beings will go beyond all boundaries; and the young will have grey hair just like the old. The human being will abandon the way of nature, and families will be torn asunder. They will scatter all over the world, and nothing will be able to unite them anymore. The new time will be a completely different world, and the human being will be a Wesen without stability and security. Without real guidance, the human being will go off in all directions, and suggestively and forcefully will bring about misfortune upon misfortune upon himself/herself. And he/she will no longer have stability, and will constantly be standing at the edge of an abyss in which he/she is in danger of falling into.

At the time of the new prophet in the second millennium after the birth of Jmmanuel, until far into the third millennium, the human being will no longer live according to the laws of the Creation, rather will subjugate himself/herself to unreal laws and even far more unreal gods and their cults. As if riding a horse, the human being will try to guide his/her life and will want to determine the children's gender in the women's womb. Likewise, he/she will kill all the children in the woman's womb that he/she does not want. The human being will consider himself/herself to be the Creation itself, and especially the rulers as well as many mighty ones will demand eternal life. They will be the ones who seize all the positions in high offices and the best land, as well as all the most beautiful women and men, in order to misuse them sexually immorally and unseemly as objects of lust. The poor, the old and the weak will be treated like bad livestock, and their poor huts and buildings for the old and the sick will be like evil smelling prisons for them, where they will be in semi-consciousness and putrefy. And it will be that abysmal anxiety will, like poison, eat into their, as well as every other human being's thoughts and feelings, into the heart and into the head. All of this will also be based in a craving for usury, profit and might, because this will be an obscure and secret regulation whose law will be hatred and revenge, and its weapon will be the poison, through which comes the craving for gold and money, for belongings and possessions, for lust and vice, as well as for pleasure. This poison will spread itself as a rule over the whole earth, and its servants and henchmen will be connected to each other by a poisonous blood-kiss that forges them together. The poor and the old, the righteous and the weak will be at their mercy and obey them, and, therefore, unwantedly or simple-mindedly, they have to be subserviently submissive

to the rulers and the mightful ones of the lands and the god cults. The only laws will be those dictated in their shadow realms by the rulers, kings and emperors, and other mightful ones, as well as by the highest and higher ones of the god cults. Thus, this poison will reach up to every single human being, and will poison him/her and force him/her into a delusional belief in god. And this poison of the god cults will be manifold and spread all over the world to such an extent that the human being will soak up the poison under his/her soles when walking over the earth.

When the new-time prophet begins with his activity, then it will be the time when many human beings will watch all the happenings in the world doing nothing and without feelings. Many will sit there with crossed arms, and will walk around with empty eyes and deaf ears, without knowing what is going on around them, and what they see and hear. They will have no more wise ones where they can educate themselves in knowledge and in wisdom, thus they will be like a smith without a smithy where they could forge their iron. And they will be like fieldworkers who no longer have a field to till. Human beings will be like a seed, unable to find fertile soil to take root and sprout. They will become hopeless and humiliated, and deprived of honour and rights they will haphazardly wander about. The youngest and the oldest will be without home, and eke out their lives in misery and hardship on the street. And for many of them to reach their salvation, the only way will be to exert terror, and to rob the next one of his/her belongings, to delude and to deceive, or to go to war. And because of all their misery and hardship they will hate their lives, and maliciously fight against themselves. This will also be the time when the human being is threatened and befallen by terrible things that develop from animal illnesses and from the human beings' malicious experiments, but also from the illnesses of the water and the earth. But the human beings will also rush up with strange vehicles into space, and will bring back deadly illnesses to the earth. And through war and terror, as well as through pathological craving for might and irrationality, the human being will destroy a great many things on the earth. However, he/she will let everything rise again, and will want to preserve everything that has escaped destruction. But it will be that the anxiety seethes in the human being of the days that lie ahead, because they promise awful things. But it will be too late for anxiety, because enormous destruction will rule, and the earth will be covered near and far with desert. And there will also be gigantic waters that become deeper and deeper, and at certain times and days, the water will flow thus immensely that, like a deluge, it will sweep away everything, destroy and eliminate everything and will claim the lives of innumerable human beings. Through the human beings' destructive rage, the

air and sun will become poisonous and dangerous, wherethrough the bodies of the weak will be devoured.
When the prophet of the new time is born, a worldwide war will cause the earth to tremble, and will claim so many human lives as never in a happening before. And from henceforth, wild waters will increasingly rise, volcanoes will wreak enormous devastation, and earthquakes will shake many lands, and let large cities go down. The weathers will assume apocalyptical proportions, and the dying of human beings at these happenings will be immense. Therefore, everything that was not built under the guidance of the wise ones, or fitted with safety measures will be threatened and destroyed. Mountains will come crashing down, and mudslides on mountain slopes and in valleys will bury villages, human beings and animals and all goods and chattels of the human beings, while at other places, the ground breaks asunder, coming out of the depths of the earth. But the human being will not turn himself/herself to wisdom, and will deny that the blame for very many of these happenings will relate back to him/her. Therefore, he/she will continue to rule in irrationality, because he/she will be stubborn and obsessed with pride. The human being does neither listen to the warnings shouted at him/her by the prophet, nor to the warnings shouted at him/her by the earth. Thus the terrible things will not come to an end for a long time, as a result conflagrations and shakes out of the depths of the earth will destroy cities and villages. And it will be just like during a war, when in spite of the legions of soldiers, the poor and the barbarians will plunder all the belongings and treasures left abandoned by human beings. The eyes of the soldiers will be blind to the plundering, because they will be up to mischief as plunderers themselves.
When the prophet of the new time is born, artificial substances invented by human beings will reach the air and destroy its upper layers. Therefore, the sun will burn the earth, and afflict the human beings with the black corrosion (cancer), causing many to die. The air will no longer be able to protect the earth and its life from the sun's heat and fire, because the air will only be a curtain full of holes, thus the burning light of the sun will burn the human being's skin and eyes, and let him/her go blind, or die. Lakes and oceans will foam up like boiling water, and rivers will dry up, and cities will be buried. Cities, villages, meadows and forests will fall victim to the human being's delusion when he/she artificially dams up huge rivers and lakes in order to gain powers. And not will he/she consider that by doing so he/she torments and tortures the earth, which will defend itself with earthquakes, wild waters, with raging volcanoes and with unweather and all kinds of other things. Entire landscapes and countries as well as islands, and even entire continents, will disappear. But human beings will have only a short memory,

so they will only flee to higher grounds, and will start to rebuild everything again. Very quickly they will forget what happened and will continue in the same old rut. The human beings will let themselves be blinded by deceptive pictures, which they awaken to life, and through which they let their senses be fooled, so they believe to touch something that does not even exist. Thus, they will pursue ways that only the eyes can see, however not the intellect and not the rationality. And this way will be a dream that will thus become a reality. So, the time will come that human beings will no longer be able to distinguish between what exists and what does not. Many false labyrinths will open up to them, in which they go astray and get lost. Many god cults and subgroups of the god cults will arise, and they will lead the believers into the unreal and exploit them. And those who are able to concoct and awaken all these deceptive pictures for the human beings, will lie to and cheat those with low intelligence and the gullible ones, and play an evil game of delusion with them. And indeed, there will be many human beings who fall prey to the deceptive pictures of the god cults and their higher ones, and become dependent on them, and consequently, they will be like subservient dogs.

When the time of the new prophet has arrived, the human beings become ever greater and immeasurable in their number, and they will no longer beget descendants in the natural way, rather will intervene in the woman's procreation-power and child-bearing power. And thus the human being will create new human beings out of minute parts of a human being, and he/she will do the same with animals. Human beings and animals will cry for special food and meat in large quantities. Species of the same kind will eat their kind when the human being transforms the flesh and bones of human beings and animals into fine forms for the production of feed. And as, therethrough, the animals will eat their own kind, the human being will consume his/her own parents and siblings when eating the meat of animals. Animals will no longer be under the protection and care of human beings, because they will only be bred in large numbers under unworthy living conditions, in order to finally be miserably slaughtered. The human being will alter the animals according to his/her will, and also create hybrids from them, impose unending torment on them, and not care about their never-ending suffering. The human being will impinge on the animals' nature, and form them to his/her liking. The human being will change the laws of life, and therewith also himself/herself. The human being, who, out of himself/herself, built up his/her origin to a life form of progress, will no longer be the image of himself/herself but a creation of horror. And horror will also be a reality for the human being's children, because anxiety, poison and hopelessness will lie in wait for them, because the human being will want chil-

dren only for himself/herself and as his/her personal property, however no longer for the sake of life and the children. Many children will become only a commodity, and their bodies will be sold for work, sexually immoral and unseemly behaviour and self-enjoyment. Others will be set upon, tortured, beaten and killed by their own parents and siblings, or by child abusers who have got very badly out of the control of the good human nature. But even those children who are protected by their relatives will be threatened. And they will be poor in thoughts and feelings, and will be without knowledge, because they will live in false games and deceptive pictures that will seduce them, because no master stands at their side who could instruct them in knowledge and wisdom. Thus, nobody will teach the children to hope and to act, and to turn towards the knowledge of the real truth. Therefore, the human being will be presumptuous and consider himself/herself to be the Creation, although he/she will never be any more than what he/she was at birth, namely a human being. And the human being is in dire need of learning, which is why he/she must learn a lot in order to free himself/herself of his/her unknowledge and unwisdom. The human being, however, will not be willing to learn, and will turn a deaf ear to the teaching of the prophet of the new time, thus his words will echo unheard as if in a desert. Thus, the human being will remain in the old (in the same old rut as before), and only a few will follow the words of the prophet. Therefore, the human being will continue to think himself/herself as Creation, and will ever more strike out, and let himself/herself be overwhelmed by anger and rage, pathological craving for revenge and hatred, by greed for might, unfairness, pathological craving for profit and jealousy. But through the might that he/she will have seized over animals, over nature, the human being and life, he/she will feel strong and will continue to let his/her arm strike out and destroy everything around himself/herself like a wild barbarian. Thus the human being will remain a small dwarf in his/her thoughts and feelings, as well as in his/her intellect and rationality, although in many things of progress he/she will possess the strength of a giant. Thus, in this wise he/she will advance with the footsteps of a giant, however not know which way he/she should take in the days to come, because he/she will be lacking all the necessary knowledge and wisdom. In fact, his/her head will be very heavy from the great amount of knowledge that he/she has acquired, yet it will be a knowledge of uselessness, because this knowledge is only directed towards values that are not of the spirit, and are not equal with the laws of the Creation, but are based only on human laws. Thus, in spite of all his/her knowledge, the human being will be poor in true knowledge, because he/she will not know why he/she lives and dies. Thus he/she will remain to be the impetuous one as he/she has always been, the one who wildly and foolishly waves

his/her arms about and utters irrational words, or softly whimpers like a child not yet able to speak.
Already in the second millennium following the birth of Jmmanuel, and still before the birth of the prophet of the new time, a worldwide war will be rolling across the earth, and also it will be so two years after his birth. But that will not be the end, because since time immemorial, there will be new larger and smaller wars everywhere, and this will continue to be the case until far into the third millennium. In all the four winds (corners of the earth), entire countries will become war booty for the might-greedy ones who have got very badly out of the control of the good human nature, and thereby innumerable human beings will be delivered to death, as they will also be through the god cult, which will delusionally and falsely proceed from the teaching of the prophet Jmmanuel, because the teaching will fall victim to an unimaginable falsification. In their own countries, human beings will wage war against each other and cut each other's throats; and there will be wars between countries and believers of the god cults. The Hebraons will become Jews; and therefrom twelve tribes will branch off, and will become believers in Allah. From Jmmanuel's teaching, a Christian cult will emerge, and they, as well as the Jews, and the believers in Allah, will not stop fighting each other until far into the third millennium after Jmmanuel's birth. The earth will become a bloody battlefield all around, and one of the reasons for this will be that each god cult is supposed to be the right and better one than the other. Thus, the believers of all god cults will consider themselves to be in the sole pureness and in the only true belief, and will want to defend their irrational belief. Thus, the believers of one god cult will be confronting the believers of the other god cults with might and doubt, with hatred and revenge, as well as with suspicion, guile and with the intention to murder, wherethrough it will be unavoidable that death will continue everywhere. And through all these terrible things, also very many human beings will be excluded from human rights and life, because all rights will be taken from them, and they will not be given neither bread nor shelter. They will be the poorest among the poor and will have to go around naked, and they will have only their own body for sale. They will be ostracised ones and outcasts, far away from all those who live in joyfulness, delightfulness and abundance. Those, however, who live in this wise of abundance, will, in their guilt, grumblingly threaten the poorest, take their land, and unrestrainedly reproduce themselves. They will certainly hear the hard and fair words of the prophet of the new time, however they will be indifferent and have no fear of retaliation. But their haughtiness will one day break down when the masses of the people become barbarians and seize everything by storming, destroying and plundering the palaces of the rich, the

rulers, higher and highest ones, as well as of the mightful ones and of the cult-rulers.
When the activity of the prophet of the new time begins, the human being will already have entered an impenetrable labyrinth of anxiety, destruction and ausartung. His/her anguish will close his/her eyes and shut his/her ears, thus he/she will no longer be able to see and hear what is happening around him/her. His/her reflecting and striving will be full of suspicion, and anxiety and fright will accompany each of his/her steps. However, he/she will not be granted any rest, because he/she is constantly driven forward. The voice of the prophet of the new time will be very loud, hard and fair that it must be heard by everyone. And it will also be heard by those who shut their ears and pretend to be deaf. And many will very well hear the voice, however deny it, because they will want to continue in the same style and to possess more and more, but they will lose their heads to the deceptive pictures of the god cults, and to those who want to be their master through lies and falsehood. Thus the human being will be deceived by those who call themselves their herdsmen and herdswomen – yet there will only be bad herdsmen and herdswomen.
When the millennium in which the new time prophet will have deceased comes to an end, and when 800 years will have passed after his death, human beings will finally have come so far in opening their eyes and ears that they will be capable of seeing and hearing. But this will be, because, over the centuries, the might of the prophet's word has started being active and penetrating the thoughts and feelings, as well as the rationality of the human beings. It will be a very arduous work that the prophet and his like-minded companions will have to fulfil, nevertheless, their efforts will not fail to be successful. Thus, slowly, the human beings will free themselves from the god cults, and turn to the truth of the spirit and the Creation. They will no longer be chained with their heads in the irrational teachings of god cults, and they will have their eyes and ears open, so they will be able to see and hear from one end of the Earth to the other, and will be able to understand each other henceforth. They will have become knowing that each blow that strikes the next one will hurt and harm him/her. The human beings will form a large community in which each one is a part of the other. True love will create peace and freedom, and will unify the humankind. And there will also be one special language beside the many that exist, which will be understood and spoken by all human beings. And this will finally be the start of the birth of the new, the truthly being human.
And when the end of the millennium comes, the human being will have conquered the space, and will fly to the stars. He/she will also create stars himself/herself in the great dark expanses of the space in which the stars

are twinkling. He/she will fly through the air, and through space with shining, large metal ships, and will set out for long and far journeys to search for a new home somewhere out in the vastness of the space. But the human being will also be the master of the waters, and will build large cities upon the oceans, and then feed himself/herself from the fruits of the oceans. And this will be the time when nothing will be prohibited for him/her anymore, because he/she lives according to the laws of the Creation.
The new time will bring with it that human beings will be able to communicate with each other without having to use the language of the mouth, or the help of megaphones, because with their thoughts and feelings, and through their heads, they will be able to receive and understand all messages which another human being thinks and feels. And it will be that the human beings share their dreams with each other, and live long lives. The age of the human beings will be as high as the old handed-down texts spoke about the oldest ones, who reached an age of one thousand years.
And it will be the time when human beings know the secret of all things, thus the body of the human being and the animals, the secret of gemstones and waters, and the look in any other human being's eyes. The human being will penetrate and recognise all secrets, and consequently will be able to push open one door after the other into the area of the new life. The human being will be a powerful, creative and bubbling source of the new life, and all human beings will learn the knowledge about the Creation. Full of honour in dignity, the children of the earth will look up into the space, and will fathom its secrets better than anybody before them. The human being's body will be stronger, taller and more agile, and his/her thoughts and feelings as well as his/her head will embrace all things, and understand and integrate them. But all of this will already be in the offing during the lifetime of the prophet of the new time, because his activity will contribute greatly thereto, although it will be denied by enviers and those who want to know it better. And he will also do much so that the man will no longer be the sole master, because he will already be active at an early age that the woman will come, in order to take hold of the sceptre and change the world for the better. Thus, the woman will be the wife (= Herrin) of the future times, for she is powerful and mightful, and she will impose her will upon men, and will create a better and more harmonious world in peace and freedom. In the third millennium after Jmmanuel's birth, the woman will rise to become the mother of the millennium. The woman will exude the gentleness and love, the harmony and the peace of the true mother, and she will be the (relatively) complete beauty and love after the ugliness of barbarity and the death-bringing wars. And the teaching of the prophet will contribute much thereto, wherethrough the new time in its going will be changed into a light

time, in which there will honestly and truly be loved and shared, dreamt together and dreams made to come true. And when this second birth comes true for the human being, then their thoughts and feelings and the head will appropriate the majority of those human beings who are one with each other in love for the next one. That will be the end of barbarity, the end of wars and the end of evil. A time of knowledge and wisdom will dawn, and bring near to the human beings the true sense of life, which the prophet of the new time will undeterredly teach and carry into the world, despite the deceitful attacks on his life. From the new time onwards, happy days will begin for the human beings through his teaching when the human beings find the way of peace, of freedom, and of the teaching of the spirit, and walk on it. Then the earth will again have its regulation. At the beginning, only a few brave ones will follow the words and the teaching of the prophet and their way will be very hard and arduous. So, at first, only a few like-minded companions will set themselves apart and acquire their reward, however the time will come when they quickly multiply, and will be in very large masses around the world.

Already at the time of the new prophet, many ways will lead from one city to another, and from one end of the world to the other, and soon it will then be that the ways lead through the space and will be endless. The withered green of meadows and forests will recover again, waters will be clean and pure again, and water will be brought into the deserts, wherein everything will then sprout and bloom. And soon the earth will be like a new garden, where the human being will respect everything that grows and blooms, and that moves, and crawls, and flies. The human being will diligently scrub, and keep clean everything that he/she has dirtied; and with love and joy he/she will regard the earth as his/her new home. Love, harmony, knowledge and wisdom will become his/her own duty, and in knowledge and wisdom he/she will think of his/her life, and of his/her following lives, as well as of each day and each morning. Each human being will be like a steady pace among many others, and he/she will know more about his/her body and head, and about his/her thoughts and feelings, as well as about the laws of life, and of the Creation, than was the case ever before. And there will also come the time when malady and illnesses will be recognised and healed before they can appear. And the human being will learn that he/she can prevent a lot of the malady and illnesses on himself/herself and can also heal many of his/her own malady and illnesses. He/she will also learn, that he/she has to stand by and help the poor and the weak. This, however, not only out of necessity but for the sake of love for the next one, and in order to uphold the entire being human in the real and true sense. Thus, the human being will also open his/her heart and purse for the poor and those

who have nothing of their own, and leave behind the regrettable times of barbarity, stinginess, and closedness. And when the new time is dawning, the human being will finally understand himself/herself in the right wise as the guardian of human regulation, as the true guardian of life, of the earth and its nature, including all living things thereon. Indeed, at that far-off time, the human being will have learnt to give and share, and to desist from taking for the purpose of satisfying his/her pathological craving for profit. The human being will finally be a true human being, and will no longer be alone among the many. His/her loneliness will be gone and over, and he/she will finally become knowing in the real truth, and the laws of the Creation and life, and of dying and of death. All human beings will acknowledge each other, and will no longer make a difference between various races, god cults, and between the status of rich and poor. But all this will only happen after the worldwide wars and firestorms, the evil atrocities of human beings, and after all the apocalyptic catastrophes triggered through nature and the earth. Then new buildings and towers will grow out of the charred ruins of the cities and villages, however an iron fist (strong hand) will be necessary to bring regulations into the chaos created by the human being. And it will be of utmost necessity that the prophet of the new time raises his mightful word and brings the teaching of the truth, and the teaching of the spirit, because this will be the might that enables the human being to find the right way again. And through the new prophet's teaching, the human being will become knowing that not only he/she but all life forms are bearers of the spirit and the light, and are created creations that must be respected. And when the human being knows that, then he/she will establish new cities on earth, upon the waters, under the waters, and in space, where he/she will travel to with silvery metallic ships. Thus, the human being will also remember what once was, and he/she will also know how to fathom what will be in the days and times to come. He/she will learn to understand procreation and birth, as well as life, dying and death, and will lose all anxiety and fear of it, because he/she will turn toward the teaching of the prophet. And the human being's age will be that of several lives, because his/her lifespan will be extended, and he/she will become knowing that the light never extinguishes, and that life also continues in death and in the new life, because his/her knowledge will become an all-embracing wisdom.

Quetzal These, my friend, are the predictions of Jeremia for the second millennium that comes to an end, and the coming third millennium.

Contact 230 of October 11, 1989

Billy Can you tell me today again something about the prophecies, or predictions of the old prophets?

Quetzal Certainly. I have made an effort to still be able to bring something along with me. However, it is again not a prophecy but a prediction that also this time leads back to the prophet Jeremia and refers mainly to you. To make it understandable, I had also to translate his old words into the German language of today. So listen then what he had to say:

As proclaimer of this world, I see and hear and know what will happen in very far days. It will be in centuries, when the proclaimer of the new time will raise his word, and teach the world, and cause great turmoil therewith, and thus his life will be threatened. I see and hear and know because my eyes and ears are open, and see and hear in space what will be happening in the far days to come. As with a great stride, I cover with my eyes and ears the days up to the far-off time, up to a free country and to a place, of which you don't know anything yet, and which you cannot see yet. There will be the most fortitudinous of all fortitudinous ones, the most holy of all holy ones, and he will teach with might and proclaim the laws and recommendations of the Creation. Like myself, he will be well versed in writing, and will be able to listen to the space, and he will be the eye, the ear and the conscience of the human beings, and he will let the human beings see the powers of the Creation, and let them hear its laws. He will be a recognising and knowing one, and a mediator whose hand writes down the voices of those who will come from the stars. And he will be the third one to follow me, and he will be a follower in the new life as new personality of those proclaimers who were before me. His word will reveal the hidden building up of the world and many a secret of the Creation, and he will fill the gaps of memory that lead from one point in the past, or of the present, into the future, thus he will show the map on which the happenings caused through the human being mark the new time.
The new proclaimer will have to endure much affliction; his father will be a simple shoemaker, and his mother a simple woman who will altogether give birth to three sons and four daughters. One of the sons will be called guardian of the treasure, and he will be the new proclaimer. The knowledge about the laws of the Creation will lay open to him as never before to a proclaimer. And he will be the one who brings to light again the true teaching and the true words of the old proclaimers, and will make them accessible to the human beings. Until then, the texts of my proclamations of the teach-

ing and of my words – and my words of my followers, and my words of my predecessor-personalities – will wait in concealment for the right moment when they shall appear again in the days of the new proclaimer, brought by the human beings from space. And the proclaimer will await the right day, on the mountain of the horseshoe, where he will have his dwelling, and where the flag will flutter in the wind as a sign of the bond with human beings from space. And when the day is ripe, he will proclaim the old words, and his dwelling will be a place where human beings will turn up from the four winds of the earth. His real relatives will be from space, and they will come and go yet cannot be seen by the human beings because they will remain in concealment and have a head (thinking), with which they cannot get along with the head (thinking) of the human beings of the earth.

The new proclaimer of the farther days will be the founder of the group of the truth, which will spread to the four winds of the earth. He will break open the seal of many secrets of the Creation, and of the head of the human beings, and of their thoughts and feelings, and he will be more knowing therein than any other human being of that time, or any time before. His number will be the one, the three and the seven, and thus the number of the knowing and the wise. He will travel far, as far as there where the space and the earth hit, and where the space ends. His words will be the words of truth, and they will be hard and shake the human beings in their heads. And he will be restless in his activity, and he will be active when he is lying on the floor, and when he is walking around in the darkness of night, or in the strong light of the moon; and he will be active when he is travelling across the desert or climbing the mountains, and he will let himself be inspired by the powers of the stars, the sun and the earth. He will put his mightful powers into his words like flowing streams, and will write them down as no proclaimer has done before him, so that they will remain recorded for all days. His words will be invigorating delight for the fair ones and full of love, and his words will also reach the unfair ones and jolt and shake them, and they will penetrate them like mightful streams, and gradually make them awake. His words will also immerse deep into space, and get through to the human beings there, and they will pervade the stars with their power. And his words will get there where the space and the earth hit together, and where the space finds its end. And his knowledge will be such that he knows the head (consciousness) and the thoughts and feelings of the human beings, as well as their intellect and rationality, and he will know the body of the earth, the stars and the space, because he will follow the paths that lead to the secrets in these worlds.

In the time to come, the new proclaimer will be the third one to follow me, and therefore he will be able to heal, and will line up into my age-old lineage

of Jesaia, Elia, Henoch, Henok and Nokodemion, the originators of the knowledge and wisdom and who are not divided in their spirit (who have the same spirit-form), and in their head have never let their senses to become insensitive, as the human beings do in the present time and will do so ever more immensely in the new time of the new proclaimer, wherethrough they build up an artificial ununderstanding between cognition and knowledge, between lie and truth, between prediction and prophecy, between inspiration and inner view, between love and behaving in a sexually immoral and unseemly wise, between peace and war, between wisdom and imagination, and between delusion and reality.

The new proclaimer will read many sacred books, and at constantly recurring times of loneliness he will go into the mountains, and forests and into the desert in order to learn, and to dedicate himself to contemplation (meditation). And he will join many cults, which worship godheads, angels and saints, in order to fathom their secrets and erroneous teachings. And he will also fathom the secret regulations of the world and the time. And on the mountain of the horseshoe he will build a place of restfulness, a place of contemplation, of love and peace where all sacred and truthly streams will flow together, which have been running through the human beings since primeval times. This place will become an original and symbolic core for the earth and the space, because in this place the powers of the spirit and the head (consciousness) flow together, and will be building up an impressive accumulation of true knowledge, of true love as well as of freedom, and of peace, and of harmony and of wisdom. Thus, as they go along, the human beings will no longer take one step without discovering the traces of the true great proclaimer, and to follow them. And Eduard will be called guardian of the treasure, and he will be following me as the third generation after the proclaimers Jmmanuel and Mohammed, who will be my followers in the first and second generation with the same spirit, yet with another head (with the same spirit-form but with another personality/consciousness).

The new proclaimer will be a powerful mediator and a recognising one, and his word will include all cognition of life, because he will have opened himself to it. Many human beings will understand him, but all those who will hear his word with ununderstanding, or read his writing with ununderstanding, or only come in touch with it, will fall into an evil dread as if an abyss would open in front of them. Thus, many will anxiously turn away from it, and others will steal and falsify the word and teaching of the proclaimer in order to practise usury and gain great profit from it. They will be incapable to understand the proclaimer's word, and will try to destroy it; however, they will not be able to make a sacrilege out of it, because the word and teaching of the proclaimer will be too mightful.

More than twenty-two centuries will have passed after me when the new herald begins his work. By then, many villages and cities will be overflowing with great hordes of human beings, and an unimaginable teeming crowd will exist. Old villages and cities, and the walls around, the fortifications and arms, and the mortal remains of the old prophets and of the human beings from earlier times will be buried under sand and ruins, and they will be excavated in the new time as an especialness and of old value. The days until then will have choked my voice and my words, as well as the words of the wise ones and of all prophets. And the human beings will go away from the truth, and will turn towards the belief of various cults with gods, angels and saints, which in truth are neither, because they are only inventions of priests and self-appointed salvation bringers. The belief of the cults will become law, and only a few human beings will dare to turn openly to the truth and the laws of the Creation. Thus only a few will turn towards the words and the teaching of the new proclaimer, and remain true. There will be a huge crowd of believers of all cults around the world, spreading themselves everywhere, and the human beings' belief arisen in cults will echo from one end of the world to the other like a tremendous clap of thunder. And the cults will fight each other in bloody battles until death and downfall, and barbarity will break out within the cults, and the high and highest priests and henchmen of the cults will persecute and murder the lower and lowest ones of the cults, appropriate their goods and gold, and become ever wealthier, which will also be through continuous exploitation, because tributes and penalties will be imposed on the believers by their cults, which they will have to pay in gold and coins.

In the new time, the human being will have knowledge about the great continents on the earth, and about the great forests on the other side of the end of the endless oceans. And in all of the more than twice thousand years from the time in which I live, all the lands everywhere on the earth will become great kingdoms, and become empires, and huge mights when they unite. But, as numerous as the links of an endless chain, as numerous will be the wars, and they will increasingly overlap each other, and thus mights will be overturned, but new ones will be built up out of them again. But the slaves and those in bondage, those who cultivate land and the winegrowers, the herdsmen and herdswomen and the poor will attempt a rebellion, and more than a thousand times they will bring fire across the land; they will set castles, fortresses and cities on fire, and will burn harvests. And they will continue to do so until they are taken prisoner, are tortured and burned and skinned alive, and the survivors will be forced to protect themselves again in their hideouts through concealment. And thus, the highest and the higher ones and their henchmen will feel again as if they were kings.

But there will be progress, and when the time of more than two millennia has passed, the human being will have conquered the depths of the oceans and of the space, and he/she will fly into the space and search for a new home in it. Like a star is shining in the firmament, he/she will be like a star in the firmament himself/herself when he/she has gained the sun's power and believes to be the Creation itself, and when he/he has erected thousands of huge buildings and towers on the earth, has built powerful ships out of metal, and ploughs with them the waters of the oceans and the air and the space. And there will be new and big mights across the big ocean, and from one of them new legions of barbaric hordes under the command of mightful ones who have got very badly out of the control of the good human nature will set out in order to carry out wars and conquer the world and to get hold of the countries' mineral resources. However, on the other side of the big ocean, the walls of cities and villages of the conquerors wanting to seize the might over the world will collapse, and the might will then only be destroyed and be a scorched land and only be muddy water. And the peoples of the earth will intermix, and it will arise therefrom a lot of terribleness, and a lot of illness, and a lot of infirmity and hatred, and terror and revenge, as well as many deaths. And when these days arrive, the human being will be approaching very difficult times and will be standing before an impenetrable labyrinth; its entrance will be shrouded in a dark gloom, and the labyrinth will be black like the darkest night, and the human being will step into this labyrinth, where, like the evil, the red and glowing eyes of decadence will glow, and when these days arrive may the human being of that far-off time be on his/her guard, because the decadence will bear abominable anger, and ausgeartet rage and destruction and innumerable deaths in itself. And the days of decadence will be long, however, in the far future of the then coming time, everything will become clearer, and there will be love, peace and freedom. So it shall be, because I see and hear in the space, and know that it will be such, because I am the proclaimer Jeremia, and I speak the truth.

Quetzal This is the prediction of Jeremia. It should not be necessary to say more for the human beings of the earth, because these predictions by Jeremia and those by Henoch should be sufficient.

Erklärung

Der Inhalt dieser Broschüre wurde bereits 1951 und 1958 geschrieben, aufgebaut auf Aussagen der Ausserirdischen Sfath und Asket, wobei die Briefe vom 5. Juli 1951 ‹An alle Verantwortlichen› und vom 25. August 1958 als ‹Warnung an alle Regierungen Europas› verschickt wurden. Eine Antwort darauf wurde nie erhalten, denn sämtliche Verantwortlichen und Regierungen hüllten sich in tiefes Stillschweigen, nebst dem, dass sie die Warnung nicht beachteten und keinerlei der notwendigen Vorkehrungen trafen, um die vorausgesagten Katastrophen, Übel und Zerstörungen usw. zu vermeiden, die, wie die Zeit inzwischen bewiesen hat, als angekündigte Katastrophen ausnahmslos eingetroffen sind. Fazit: Die verantwortungslosen Regierenden hören weder auf die Stimmen der Künder, noch bemühen sie sich, das Volk vor Katastrophen zu schützen, und zwar auch dann nicht, wenn ihnen klipp und klar vorausgesagt wird, was die Zukunft bringt. Wie eh und je seit alters her werden Künder nicht beachtet und ihre Warnungen vor zukünftigen Geschehen einfach in den Wind geschlagen, und zwar auf Kosten und zum Nachteil des Volkes, dem infolge fehlender und massgebender Massnahmen Hab und Gut geschädigt und zerstört und es gar an Leib und Leben gefährdet wird, weil die verantwortungslosen Regierenden, die gewarnt wurden und wissend sind, selbstherrlich sind, nur ihr eigenes Leben sowie Hab und Gut schützen und das Ganze der Sicherheit und des Schutzes für das Volk ganz offensichtlich nur als Bagatelle und als unnötig erachten.

Die ‹Prophezeiung und Voraussage› entstand gemäss eigenen Berechnungen und einer Vorausschau sowie aus Angaben des Plejaren Sfath sowie der aus dem DAL-Universum stammenden Asket. Diese 162 Verse wurden am 24. August 1958 verfasst und an Karl und Anny Veit von der ‹DUIST› resp. ‹Deutsche ufologische Studiengemeinschaft› in Wiesbaden, Deutschland, zur Veröffentlichung in deren ‹UFO-Nachrichten› gesandt. Eine Resonanz darauf blieb jedoch aus, denn die ‹DUIST› resp. K. und A. Veit hüllten sich in Schweigen und fanden es nicht einmal für erforderlich, ihre Leser/innen über die Prophetie und Voraussage zu informieren.
Wie durch die Ausserirdische Asket abgeklärt wurde, wurde die ‹Prophetie und Voraussage› von den beiden Veits erhalten und von ihnen auch gänzlich gelesen, danach jedoch vernichtet, weil das Ganze nicht in ihr sektiererisches Konzept passte. Das darum, weil in den Ausführungen der ‹Prophezeiung und Voraussage› unerfreuliche Fakten in bezug auf die Religionen und Sekten genannt wurden, folglich für Karl und Anny Veit eine Veröffentlichung nicht in Frage kam, weil beide selbst zutiefst sektiererisch veran-

lagt waren und das Ganze wider ihren Sektenglauben ging. Also war für sie der Akt der Vernichtung der 162 Verse und eine Verheimlichung derselben gegenüber den Veit-Anhängern und den Lesern und Leserinnen der ‹UFO-Nachrichten› das Naheliegendste ihrer Verantwortungslosigkeit.
Zu sagen ist noch, dass gewisse Worte resp. Begriffe anno 1958 beim Erdenmenschen nicht resp. noch nicht in aller Munde waren, diese jedoch vom Plejaren Sfath und von der Ausserirdischen Asket genannt wurden, weshalb sie bereits damals von mir für meine Schriften Verwendung fanden.

Niederflachs, den 5. Juli 1951

An alle Verantwortlichen der Welt,
die verantwortlich für das Wohl der Erde und deren gesamte Menschheit sind, nebst den einzelnen Menschen aller Völker, an vorderster Front die Behörden und ihre vorgesetzten Regierungen; und zu all den Verantwortlichen der Behörden und Regierungen sowie zu jedem einzelnen Menschen will ich folgende mahnende Worte sprechen: Mein väterlicher Freund Sfath unterrichtete mich prophetisch und voraussagend in mancherlei Dingen, die zukünftig auf der Erde eintreffen und Unerfreuliches bringen werden. Diese Dinge, die teils geändert werden können, teils jedoch unveränderbar eintreffen, will ich folgendermassen auslegen: Erst ist es sechs Jahre her, dass der Zweite Weltkrieg sein unrühmliches Ende gefunden hat, der von 1939 bis 1945 dauerte und rund 62 Millionen Menschen das Leben gekostet hat. Selbst die atomare Energie wurde zur Ermordung von Hunderttausenden von Menschen und zur Zerstörung deren Städte eingesetzt – durch die verantwortungslose und verbrecherische Handlung der USA, als die japanischen Städte Hiroshima und Nagasaki durch Atombomben zerstört wurden. All das wird leider jedoch nicht das Ende aller Schrecken, Massenmorde, Kriege und Terrorhandlungen sein, wenn die Menschen aller Völker nicht endlich gescheit genug werden, ihre machtgierigen Regierungsbosse ihrer Ämter zu entheben und sie das Hasenpanier ergreifen zu lassen. Das Volk in jedem Land ist es grundsätzlich, das die Regierenden wählt – in der Regel leider die falschen, die erst grosse Versprechungen machen, um dann, wenn sie an der Macht sind, Krieg und Terror vom Zaun zu brechen und das Volk mit Lügen und Betrug in ihren Bann zu schlagen, wodurch es den Oberen hörig wird und die wirkliche Wahrheit verkennt. Das aber wird zukünftig böse Folgen bringen, denn weltweit werden Staatsgewaltige – wenn die Völker nicht dagegen einschreiten – die Menschen immer mehr in Kriege, Terror und Hass verwickeln, bis das Ganze weltweit unkontrollierbare Formen annimmt. Die Zeit dazu ist nicht mehr fern, denn bereits glimmen diese ungeheuerlichen Dinge in einem Schwelbrand, der schon in den nächsten Jahren zum offenen Feuer werden wird. Noch ist es Zeit, das Ungeheure zu stoppen, das für die Zukunft der ganzen irdischen Menschheit und für die Erde und deren Natur prophezeit ist. Noch können greifende Gegenmassnahmen alles zum Besseren verändern, wenn die Völker und

alle Verantwortlichen der Regierungen, der Behörden, der Wissenschaften und der Militärs sowie aller sonst Zuständigen sich strengstens bemühen, alle Übel aufzuhalten und alles einem positiven Wandel zuzuführen. Geschieht das nicht, dann stehen ungeahnte Schrecken bevor, wobei die Weltmacht USA in jeder Beziehung an vorderster Front das Schwert des Todes sowie der Zerstörung und der Vernichtung führen wird, während im Schlepptau auch Israel und alle jene Staaten mitziehen, die sich in scheinheiliger Freundschaft an die USA schmiegen werden, und zwar wider den Willen des vernünftigen Teiles des jeweiligen Volkes.
Nicht nur Kriege, Terror, Zerstörung und Vernichtung mit tausendfältigen Toden und Hunderttausenden von Ermordeten werden die Zukunft zeichnen, sondern auch eine ungeheure Überbevölkerung, durch deren Schuld alle Naturgesetze aus den Fugen geraten werden. Alle Unwetter werden sich durch die Schuld des Menschen mehren und immer gewaltigere Formen annehmen, so die Hagelwetter, die Schneestürme und Regenfluten, wie aber auch die Ozonschicht sehr gefährlich geschädigt wird. Ungeheure Überschwemmungen werden je länger je mehr zur Tagesordnung gehören, denn durch die Überbevölkerung werden die Auenwälder und Auenebenen zu Wohngeländen umfunktioniert, wodurch die wilden Wasser der Regenfluten ihren Weg in die Häuser der Menschen suchen, weil sie nicht mehr in unbewohnte Auengebiete entweichen können. Bergstürze und Lawinen, wie aber auch Erdbeben und Seebeben sowie Stürme aller Art werden überhandnehmen; die Orkane und Taifune, die Hurrikane und Tornados, die sich in ihrer Zahl immer mehr steigern und immer gewaltiger und zerstörender werden. Und auch daran wird die Überbevölkerung Schuld tragen, denn die Überbevölkerung wird ungeheuer Negatives und dadurch eine unnatürliche Klimaveränderung hervorrufen, die schon in nur einem Jahrzehnt ab heute bereits sehr nachteilig für die Welt zu wirken beginnen wird. Die ungeheuren Massen und Gewichte der Städte und Dörfer drangsalieren die inneren Strukturen der Erde laufend immer mehr, wodurch die Tektonik beeinträchtigt wird, was zwangsläufig vermehrt zu tektonischen Verschiebungen und Verwerfungen führt, durch die weltweit ungeheure Beben hervorgerufen werden, wobei dann die Toten letztlich in die Hunderttausende und in die Millionen gehen werden. Und diese Beben haben auch Einflüsse auf den gesamten irdischen Vulkanismus, folglich auch die Vulkane, die weltweit vielfach miteinander verbunden sind, immer häufiger und immer zerstörerischer in Tätigkeit treten. Auch das wird viele Menschenleben fordern, und zwar besonders in jenen Gegenden, wo unvernünftigerweise zu nahe an den Vulkanen Wohnstätten gebaut werden, wie das auch der Fall ist an Stränden von Meeren, an grossen Flüssen und Seen, wo unmittelbar an die Ufer gebaut wird, die durch Sturmwellen und Flutwellen in gewaltigem

Masse überschwemmt und sehr viele Menschenleben fordern werden. Doch nicht genug damit, denn durch die stetig wachsende Überbevölkerung, die schon in 50 Jahren auf über sechs Milliarden angewachsen sein wird, wie vorausgesagt ist, werden viele ungeheure und unlösbare Probleme in Erscheinung treten. Hungersnöte werden sich steigern, während alte und ausgerottet geglaubte Krankheiten wiederkehren werden. Durch den Massentourismus aus den Industriestaaten werden diese mit Wirtschaftsflüchtlingen aus aller Welt ebenso überschwemmt, wie auch ein ungeheures Asylantenproblem zur Unlösbarkeit werden wird. Und es ist vorausgesagt, dass Ende der Achtzigerjahre die Hochkonjunktur zusammenbrechen und weltweit eine ungeheure und noch nie dagewesene Arbeitslosigkeit ausbrechen wird, wodurch die Kriminalität durch Arbeitslose ebenso steigt wie auch durch kriminelle Banden aus den sogenannten Drittweltländern, die sich in den Industriestaaten ausbreiten und selbst vor Mord nicht zurückschrecken werden, wenn sie ihren Untaten nachgehen. Auch Staatsverschuldungen steigen ins Unermessliche, wie auch terroristischer Extremismus und das Neonaziwesen usw. Die Prostitution, so wurde von Sfath vorausgesagt, nimmt unglaubliche Formen an und wird derart in die weltweite Öffentlichkeit hinausgetragen, dass selbst Kinder nicht davon verschont werden. In den nächsten Jahrzehnten wird die Prostitution zu einem ‹ehrbaren› Beruf werden, der von den Behörden offiziell anerkannt und auch der Steuerpflicht eingeordnet werden wird. Das bereits erfundene Fernsehen wird in jeder Familie ebenso zum Alltag gehören wie die Technik der Computer, woran in Amerika, Deutschland, Japan und der Sowjet-Union bereits fleissig gearbeitet wird. Das Fernsehen und die Computer werden zu den wichtigsten Informationsmedien, wie aber auch zu den bedeutenden Formen der öffentlichen Prostitutionswerbung.

Die Menschen werden im Verlaufe der nächsten 50 Jahre kalt in ihren Gedanken und Gefühlen, wodurch zwischenmenschliche Beziehungen immer seltsamere Blüten tragen und nur noch zweckbestimmt sein werden. Wahre Liebe wird zu einer Rarität, und viele Ehen finden nur noch statt, um einem bestimmten Status frönen zu können, der mit Ansehen und Geld gehandelt wird. Das Fazit wird sein, dass viele Ehen nicht mehr halten, Familien zerstört werden und die Nachkommen sowohl sexuell missbraucht werden, wie sie aber auch asozial werden und verwahrlosen. Die Menschen, besonders die jungen, werden schon Ende der Fünfzigerjahre ein Leben zu führen beginnen, das vielfach nur noch auf Drogen ausgerichtet ist, und später, wenn die Zeit der Achtzigerjahre näherrückt, dann wird das Drogenproblem überhandnehmen, wie aber auch nur noch das Vergnügen von Bedeutung sein wird und zerstörerische und disharmonische Klänge die Musikwelt prägen werden, wodurch die Psyche beeinträchtigt und das ganze

Verhalten jener Menschen dem Negativen verfällt, die sich auf diese zerstörerische Musikart ausrichten.
Auf dem Gebiet des Sektierertums treten immer mehr angeblich von Gott Auserwählte in Erscheinung, die ihre Gläubigen finanziell ausbeuten, diese hörig machen und gar in den Selbstmord treiben. Verantwortungslose werden die Zeit nutzen, um durch ihre gläubigen Anhänger reich zu werden, besonders dann, wenn sie in bezug auf den Jahrtausendwechsel Angst und Schrecken verbreiten, weil, wie sie behaupten werden, im Jahr 2000 die Welt untergehen soll. Es wird dann gar davor nicht zurückgeschreckt, Lügen zu verbreiten, dass Ausserirdische Auserwählte retten würden – aber natürlich nur dann, wenn diese hohe Geldbeträge an die Sektenführer ablieferten.
Vieles mehr bringt die wachsende Überbevölkerung noch mit sich, die grundsätzlich der eigentliche Ursprung aller üblen Dinge der Zukunft ist, denn je grösser die Überbevölkerung wird, desto gewaltiger werden die daraus entstehenden Probleme. So werden neue Seuchen auftreten, und zwar schon in den kommenden Achtzigerjahren, die Millionen von Menschenleben fordern werden, und zwar Seuchen, die von Tieren auf die Menschen übertragen werden, wie in fernerer Zeit auch Seuchen, die aus dem Weltenraum auf die Erde eingeschleppt werden. All das jedoch, dass die Seuchen von Tieren ausgehen und auf die Menschen übergreifen, werden aber die Verantwortlichen bestreiten und jene als Lügner verleumden, die der wirklichen Wahrheit kundig sind. Wenn so die Welt und ihre Menschheit zugrundegerichtet wird, dann ist der Mensch der Erde selbst der Urheber dafür, wobei er die wirkliche Ursache dadurch schafft, dass er seine Überbevölkerung in immer höhere Zahlen treibt. Also wird es nicht ein imaginärer Gott irgendeiner Religion oder Sekte sein, der die kommenden ungeheuren Probleme und Auswüchse bestimmt, sondern einzig und allein der Mensch der Erde, der sich in seinem Wahn als höchstes und gewaltigstes Wesen im Universum glaubt – weit höher, als dies die Schöpfung jemals sein kann. Durch die Schuld des Menschen, durch seine Überbevölkerung, durch seinen Grössenwahn, durch seine Unvernunft und Selbstherrlichkeit fordert er alle Kräfte der Natur heraus, die sich zusammen mit der Erde aufbäumt und sich gegen die ausartenden Machenschaften des Erdenmenschen wehrt. Also überborden die Naturgewalten auf der Erde, zusammen mit dieser selbst, weil der Mensch den gesamten natürlichen Gang der Elemente und des Lebens stört und zerstört.

Das alles habe ich zu sagen, denn es ist die prophetische und zugleich vorausagende Wahrheit. Fassen Sie alle, die Sie diese Worte von mir vernehmen, den Mut, das Gesagte zu überdenken und daraus die richtigen

Schlüsse zu ziehen und richtig zu handeln, denn noch ist Zeit dazu – doch diese beginnt bereits zwischen den Fingern zu zerrinnen. Bedenken Sie dieser Prophetie und Voraussage und handeln Sie im Sinne einer Wandlung zum Besseren. Machen Sie alles auch öffentlich für alle Menschen der Erde, durch Belehrungen in allen Medien, um eine Änderung und Wandlung in positivem Sinne zu erreichen und um die Erde und ihre ganze Menschheit vor all der Unbill, vor allem Übel, vor allen Ausartungen, den vielen Toden und Zerstörungen und vor dem Schritt in die Vernichtung zu bewahren. Sie alle, die Sie meinen Brief erhalten, haben die Möglichkeit, die Macht und die Verantwortung, die Erde und ihre Menschheit vor all dem zu bewahren, was ich Ihnen offenbart habe. Zaudern Sie nicht, sondern handeln Sie, und zwar schnell, denn die Zeit drängt. Handeln Sie nicht umgehend, dann sind Sie ebenso verantwortlich dafür, wenn sich die Prophetie erfüllt, wie auch alle jene, welche zukünftig für deren Erfüllung sorgen.

An alle Regierungen Europas

Warnung an alle Regierungen Europas!
Eine absolut sichere Quelle gibt Voraussagen für die Zukunft Europas und die ganze Welt, und diese haben nichts mit Prophetien zu tun, denn sie sind eine Vorausschau in die reale Zukunft, woraus sich folgendes ergibt: In wenigen Jahren werden sich in Europa und der Welt die klimatischen Bedingungen durch Menschenschuld krass verändern, dass extreme Unwetter aller Art derart in Erscheinung treten, dass daraus ungeheure materielle Schäden an Land, Häusern, andern Gebäuden, an Strassen, Bergen, Eisenbahnwegen, Wildbächen, Flurbächen, Flüssen und Seen entstehen. Viele Menschenleben werden durch diese klimabedingten Umwälzungen und Unwetter zu beklagen sein, denn es erfolgt schon in den nächsten Jahrzehnten eine rapide und sich steigernde Klimaerwärmung und Klimaveränderung, die gewaltige Schneefälle, Hagelwetter, ungeheure Regenmassen, Orkane, Taifune, Tornados, Hurrikane und sonstige Stürme sowie Dürren, Unwetter und Waldbrände ungeahnten Ausmasses erzeugen, und sie werden über Europa und die ganze Welt hinwegziehen und riesige Schäden hervorrufen. Wildbäche und Flurbäche werden zu reissenden Flüssen, Flüsse werden zu tobenden Strömen, wobei wilde Wasser über alle Ufer treten und gewaltige Überschwemmungen hervorrufen, die das Land verwüsten und viele menschliche Errungenschaften und Existenzen zerstören, weil sie zu nahe an die Ufer und in Auengebiete usw. gebaut werden. Schon bald werden sich auch gewaltige Vulkanausbrüche ereignen, nebst ungeheuer extremen Erd- und Seebeben, die sich weit ins Dritte Jahrtausend hineinziehen, immer schlimmer werden und unzählige Menschenleben fordern. Erst wird alles in noch kleineren Massen geschehen, doch im Laufe der nächsten Jahrzehnte steigert es sich, und gegen Ende des Zwanzigsten Jahrhunderts wird bereits alles ungewöhnlich ausarten. Doch das bedeutet dann nicht das Ende der Geschehen, denn wenn erst das neue Jahrtausend Einzug gehalten hat, wird sich die Natur noch weiter und gewaltiger gegen den umweltzerstörenden Wahnsinn der Menschen aufbäumen und ein Mass erreichen, das an die urweltlichen Zeiten der Erde erinnern wird.
Wird das Kommende betrachtet und analysiert, dann geht daraus klar und deutlich hervor, dass der Mensch grösstenteils selbst die Schuld am kommenden Unheil und Chaos sowie an den Katastrophen trägt, auch wenn

krankhaft dumme sowie verantwortungslose Besserwisser und Wissenschaftler Gegenteiliges behaupten werden. Grundlegend ist die Überbevölkerung der Faktor aller Übel, die bei der Klimaerwärmung und der Umweltzerstörung zu suchen sind. Auch die offene Prostitution und die Kriminalität sowie ein Asylantenproblem und Neonaziwesen werden sich ausbreiten und grosse Probleme schaffen. Dagegen und gegen alle sonstigen Übel müssen harsche, greifende Massnahmen ergriffen werden, wie auch gegen die weltherrschaftssüchtigen Machenschaften der USA, die Kriege in aller Welt auslösen, selbst Kriege führen und andere Länder ins Chaos stürzen und deren Mentalität, Religion und Politik brechen und ausrotten wollen. Und durch die rasend schnell wachsende Zahl der Menschheit ist diese gezwungen, immer häufiger und mehr die Umwelt und die Erde auszubeuten und zu zerstören, um den steigenden Bedürfnissen aller Art nachzukommen. Diese Bedürfnisse steigern sich mit der wachsenden Zahl der Menschheit immer mehr, wodurch die Natur und die gesamte Umwelt immer mehr in Mitleidenschaft gezogen und zerstört werden, was sich selbstredend auch verheerend-zerstörerisch auf das Klima auswirkt. Der Planet selbst wird gepeinigt, denn atomare und sonstige Explosionen stören das Gefüge der Erde und lösen Erdbeben aus. Gewässer, Natur, Atmosphäre und der erdnahe Weltraum werden verschmutzt, die Urwälder profitgierig zerstört und vernichtet sowie verantwortungslos die Erdressourcen ausgebeutet.

Das Gebot der Stunde und der Zukunft ist: Der Wahnsinn der Überbevölkerung und der daraus resultierende Klimawandel, die Zerstörungen, Vernichtungen, das Chaos und die Katastrophen müssen gestoppt und natürliche Wasserläufe und Auen wiederhergestellt werden, denn nur so kann das Schlimmste noch vermieden werden. Und weiter muss durch einen weltweiten kontrollierten Geburtenstopp die Weltbevölkerung reduziert werden, weil nur dadurch die steigenden Bedürfnisse und die damit verbundenen Zerstörungen letztlich behoben werden können.

Schon sehr viel ist dafür getan, dass sich die Voraussagen erfüllen, weshalb es auch notwendig ist, dass dagegen Massnahmen ergriffen werden: Die Umweltverschmutzung durch Fossil-Brennstoffmotoren aller Art sowie durch Schlote usw. muss dringendst eingedämmt werden, nebst allen anderen Formen der Umwelt- und Luftverschmutzung. Auch ist es von dringendster Notwendigkeit, dass alle menschlichen Bauten jeder Art, wie Wohnhäuser und Fabriken usw., aus gefährdeten Lawinen- und Überschwemmungsgebieten verschwinden. Auenlandschaften usw. müssen der Natur als natürliche Wasserauffanggebiete für Überschwemmungswasser zurückgegeben werden. Wohnbauten und Fabriken usw. dürfen nicht mehr an Wildbäche, Flurbäche, an Seeufer, in oder an Lawinenhänge oder wassergefährdete Ebenen usw. gebaut werden. Zudem müssen äusserst dringend

Vorkehrungen getroffen werden an Bächen, Flüssen, Seen, Strassen, Wohngebieten, Hängen und Bergen usw., indem an gefährdeten Stellen, wo wilde Wasser übertreten oder Muren, Schnee- und Schlammlawinen sowie Bergrutsche abgehen und Schaden anrichten können, massgebende, sehr starke und hohe Verbauungen erstellt werden, um Häuser, Strassen, Wege und Eisenbahntrassees vor Unterspülung, Überflutung, Verschüttung und vor einem Wegriss zu bewahren. Das wird vielerorts vonnöten sein, denn vieles des vorausgesagten Chaos und der Katastrophen wird leider bereits unvermeidlich sein – und die Zeit eilt und wird knapp. Also ist Handeln angesagt, und dieses liegt in Ihrer Verantwortung, da Sie in der Regierung sitzen und nun wissen, was die Zukunft in Europa und in der ganzen Welt bringen wird. Handeln Sie, ehe es zu spät ist – und geben Sie diese Warnung und Voraussage auch an Ihre Nachfolger weiter, denn denen obliegt die Pflicht genauso wie Ihnen, im Rahmen der erforderlichen Notwendigkeit zu handeln, um das Land und alles darin Bestehende, wie auch Leib und Leben sowie das Hab und Gut der Menschen zu schützen und zu bewahren.

Prophezeiung und Voraussage

von Eduard A. Meier, Schweiz

1) Meine Augen und Sinne sehen Dinge der Zukunft, die sich ab heute, dem Jahre 1958, zutragen und also sein werden.
2) Also sehe und erfasse ich Dinge durch die Zeit hinweg bis in fernste Zukunft, die dem Erdenmenschen noch verborgen bleibt; viele Jahre werden vorbeigezogen sein, wenn sich meine Prophetien und Voraussagen erfüllt haben und eine neue und bessere Zeit beginnt.
3) Bis dahin ist es jedoch noch weit, sehr weit; und viel Elend und Not sowie Übel, Kriege, Terror, Chaos und Katastrophen werden über die Menschheit und die Welt hereingebrochen sein.
4) Sind bisher riesige Scharen von Gläubigen der Religionen über die Erde gewandelt, werden künftighin auch unzählige Gläubige unglaublich vieler irrer Sekten den Boden der Erde zerstampfen, wobei manche Sektengurus ihre Gläubigen in den Massenselbstmord und Mord treiben werden.
5) Wie giftige Pilze werden sie sich überall ausbreiten, und ihr Wahnglaube wird wie ein Trompetenschall über die ganze Welt erhallen.
6) Der Sektierismus wird böse Früchte tragen und durch Morde und Selbstmorde viele Menschenleben kosten, wie auch durch die Politik und Machthaberei in diversen Staaten Hunderttausende von Menschen ermordet werden, wie in der Sowjet-Union, die spätestens 1991 aufgelöst wird, und in der DDR, die jedoch nur noch bis in die späteren Achtzigerjahre dieses Jahrhunderts bestehen wird, wonach dann Deutschland wieder vereint wird, wobei gegensätzlich im Irak durch die USA, durch deren Staatspräsidenten, ein Krieg geführt werden, dieser jedoch erfolglos sein wird, weshalb einer seiner Söhne, der ebenfalls Staatsmächtiger der USA werden wird, im Dritten Jahrtausend einen zweiten Krieg im Irak auslöst, der letztlich zu einem unglaublichen Desaster und zu Folterungen führt, wie auch zu Massenmorden durch die US-Streitkräfte und durch Aufständische.
7) Erdenmensch, ich sehe die grossen Weiten der Erde; die beinahe grenzenlosen Meere, die grossen Kontinente, gewaltigen Gebirge, die weiten Wälder, sprudelnden Quellen, die fliessenden Bäche, Flüsse und all die Seen, und ich sehe, wie sie alle durch den Menschen geharmt, krank gemacht, zerstört und grossteils vernichtet werden.
8) Es werden nicht erst Jahrhunderte oder Jahrtausende vergangen sein, bis all das geschieht und all das, was weiter an prophetischem und voraussagendem Wort noch zu sagen ist, denn der Beginn aller Übel

hat bereits mit der Entwicklung der modernen Technik und mit den Schrecknissen der beiden Weltkriege begonnen.

9) Künftighin werden weitere böse Kriege über die Welt verbreitet, die so zahlreich sein werden, dass für den normalen Menschen der Überblick verlorengeht.
10) Durch Kriege und Aufstände werden Völker ausgerottet und Länder in sich zusammenstürzen, und jeder Mächtige wird das unter sein Kommando gerissene Land mit neuen Namen benennen, wodurch altherkömmliche Benennungen in der Versenkung verschwinden.
11) Viele Völker, Arbeiter, Bettler, Bedienstete, Extremisten, Anarchisten und Neonazis werden als Widerständler gegen die volksfeindliche und korrupte Obrigkeit Elend, Not, Mord und Totschlag sowie Terror, Aufstände und Revolutionen sowie gewalttätige Demonstrationen und viel Zerstörung an vielem Hab und Gut und an den menschlichen Errungenschaften hervorrufen.
12) Terroristen werden weltweit Mord und Zerstörung verbreiten, wonach sie wieder in ihre Schlupfwinkel zurückkehren und sich verstecken, um neue Ungeheuerlichkeiten auszubrüten und Tod und Verderben über die Menschheit zu bringen.
13) Die Terroristen, Kriegshetzer, Verbrecher, Prostituierten und Kriminellen werden sich weltweit organisieren und sich als Könige und Kaiser der Welt wähnen, während das Volk und die Ordnungsorgane machtlos zusehen und zum Schutz ihres Lebens sich verkriechen müssen.
14) Der Mensch der Erde resp. der Sowjet-Union wird schon im nächsten Jahr, am 13. September 1959, ein unbemanntes Objekt mit Raketenantrieb hart auf dem Mond landen; und am 12. April 1961 wird ein Erdenmensch mit einer Rakete in den Himmel hochsteigen, um im äusseren Raum der Erde diese zu umkreisen, danach wird am 3. Februar 1966 ein Raumflugobjekt mit weicher Landung auf den Mond aufsetzen, wonach 1968 der äussere Erdenraum verlassen und später die erste Reise zum Mond angetreten wird, wobei bis zum Jahr 1972 fünf (5) bemannte Mondlandungen durch die USA stattfinden werden, während eine sechste Mondlandung – die angeblich erste – am 20. Juli 1969 aus politischen Wettrüstungsgründen mit der Sowjet-Union nur auf einem weltweit inszenierten Betrug beruhen wird.
15) Gerade ist die Zeit angebrochen, da der Mensch die Tiefen der Meere und langsam die Kraft der Sonne erobert, um daraus vielfältige Energie zu gewinnen.
16) Und der Mensch ist auf dem Wege, in den nächsten Jahrzehnten bis zum neuen Jahrtausend das Geheimnis des Lebens zu entschlüsseln, indem er die Gene enträtselt.

17) Ebenso wird sich in den Achtzigerjahren dieses Zwanzigsten Jahrhunderts ergeben, dass der Mensch durch künstliche Befruchtung gezeugt werden kann, während bereits zum Wechsel des Dritten Jahrtausends aus einzelnen Zellen Menschen und Tiere ohne eigentlichen Zeugungsakt geklont werden können.
18) Zur Zeit des ausgehenden Zweiten Jahrtausends befleissigt sich der Mensch bereits der ersten tiefgreifenden Schritte der Genmanipulation an Fauna und Flora, wonach im Dritten Jahrtausend die Genmanipulation am Menschen Einzug halten wird.
19) Das Ende des Zweiten Jahrtausends wird einerseits geprägt sein von der sehr schnell um sich greifenden Computertechnik und andererseits von Aufständen und einem grossen Krieg, der erster Golfkrieg genannt werden wird und dem gleich zu Beginn des Dritten Jahrtausends ein zweiter Golfkrieg folgen wird – ausgelöst durch die USA, die sich schon seit dem Ersten Weltkrieg als Weltpolizei wähnen und auch die Weltherrschaft unter ihre Fuchtel bringen wollen.
20) Zum Ende des Zweiten und zum Beginn des Dritten Jahrtausends wird sich der Mensch für die Schöpfung halten und auf der ganzen Erde machtvoll in der gesamten Natur Unheil anrichten und Zerstörung bringen.
21) Und schon kommt die Zeit, zu der sich die Völker zu vermischen beginnen und zu der viele Menschen aus ihren Heimatländern flüchten, um anderswo in der Fremde Unterschlupf zu finden; und es werden viele Flüchtlinge sein, die um den Erhalt ihres Lebens kämpfen müssen, während sehr viele andere sich als Wirtschaftsflüchtlinge in die Strukturen der bessergestellten Staaten einschleichen.
22) Prostitution ist bereits weltweit auf dem Wege, zum öffentlichen, unhemmbaren und amtlich anerkannten Gewerbe zu werden, das gegenüber dem Staat steuerpflichtig wird – Ethik wird in dieser Beziehung ebenso keine Rolle mehr spielen wie auch nicht Anstand und Gesundheit.
23) Durch die ungehemmte Prostitution wird sich in rund 25 Jahren weltweit eine bereits im Keime geschaffene tödliche Seuche entwickeln, die AIDS genannt und letztendlich mehrere hundert Millionen Menschenleben kosten wird.
24) Auch die Kinderprostitution ist in ungeheurem Masse ebenso im Steigen begriffen wie die Sexualmorde an Frauen und Kindern.
25) Menschenhandel mit Kindern und Frauen in bezug auf die Prostitution gehören schon jetzt zur Alltäglichkeit – später auch zum Zwecke des Organhandels –, doch wird sich dieses Übel bis zum Jahrtausendwechsel und im Dritten Jahrtausend noch steigern, denn Organver-

pflanzungen von Mensch zu Mensch werden schon in wenigen Jahren zur Alltäglichkeit des Erdenmenschen gehören.

26) Ehen zwischen Mann und Frau werden schon in wenigen Jahren nur noch zum Schein geschlossen, ohne verbindende Liebe, sondern nur noch zusammengefügt aus persönlichen Interessen der einzelnen Partner, folglich die Ehebündnisse nur noch Lug und Trug und nicht mehr von Beständigkeit sein werden, folglich Ehen immer häufiger wieder geschieden werden.

27) Auch die gesamte Natur wird sich erheben, und zwar gegen den Menschen und seine verantwortungslosen Machenschaften, mit denen er den Lauf der Dinge der Natur sowie der Fauna und Flora und des gesamten Lebens stört.

28) Schwere bis schwerste Unwetter werden fortan und bis weit ins Dritte Jahrtausend hinein unsagbar viel Elend, Not und Leid über die Menschen bringen, wie alles seit Menschengedenken noch nie stattgefunden hat.

29) Schwerste Erd- und Seebeben werden urgewaltig ebenso wirken und Millionen von Menschenleben fordern wie auch sintflutartige Regenmassen, die ungeheure Überschwemmungen hervorrufen und mächtige Zerstörungen anrichten, wie sie der Mensch gesamthaft noch nie erlebt und gesehen hat.

30) Und was sich in den letzten 42 Jahren des Zweiten Jahrtausends ergibt – nebst sehr vielen anderen Übeln, nebst Chaos, Grausamkeiten und Katastrophen, die nicht erwähnt sind –, trägt sich alles auch ins Dritte Jahrtausend hinein und fordert rundum seinen Tribut.

31) Und wenn das Zweite Jahrtausend zu Ende geht, dann steht der Mensch in der Dunkelheit seines Daseins, in dem er wie in einem undurchdringlichen Labyrinth umherirrt und nicht mehr hinausfindet, denn in seinem Bewusstsein wird tiefe Nacht sein, wobei jedoch die drohend rotglühenden und die feurigen Fänge der Religionen und Sekten lauern.

32) Und die Religionen und Sekten erbeben in Wut, weil ihnen die Gläubigen davonlaufen, die sich endlich der Wahrheit zuwenden wollen, doch die feurigen Fänge der religiösen Machtspiele der Religionen und Sekten greifen nach den jungen Menschen, um sie in den Flammen des Religionsfanatismus zu verbrennen und sie fluchtunfähig zu machen.

33) So mögen sich die jungen Menschen vor der Lüge und Irrlehre der Religionen und Sekten hüten, denn deren grausame Wut, mit der sie Gläubige mit Lug und Betrug um sich scharen, wird keine Grenzen kennen.

34) Schon jetzt und erst recht im Dritten Jahrtausend weiss der Mensch tief in seinem Innern Bescheid, dass er sich nicht Religionen und Sekten, sondern der effectiven Wahrheit, der Schöpfungswahrheit sowie den Gesetzen und Geboten der Schöpfung zuwenden muss; doch obwohl er die Stimme der Wahrheit in sich hört, will er sie nicht hören, weil er von religiöser Angst gequält wird und sich nicht von seinem religiösen oder sektiererischen Glauben befreien kann, weil er eine göttliche Strafe dafür erwartet, wenn er das tut.
35) Und wenn der Mensch nach der effectiven Wahrheit sucht, dann wird er irregeführt und betrogen, denn noch mehr als im Zweiten werden im Dritten Jahrtausend unzählige Sektierer sein, die mit Irrlehren rentablen Handel treiben und horrende Profite damit machen.
36) Auch der einfache Mensch selbst, wie auch die Reichen, werden nur noch ihren Mammon sehen, zählen und nach Reichtum, Luxus, Vergnügen und Urlaub streben, während die Obrigkeiten und Behörden den Bürger mit allerlei neuen Steuern und Taxen ausbeuten werden.
37) Der Moloch Mammon wird im Dritten Jahrtausend noch sehr viel schlimmere Blüten hervorbringen als im Zwanzigsten Jahrhundert, denn die Unmoral und das Verbrechen sowie die Wirtschaftskriminalität und Kriegsförderung usw. werden keine Grenzen mehr kennen, wenn es darum geht, den Mammon zu horten.
38) Kriminelle Wirtschaftsführer werden sich an Millionenentlohnungen und Millionenabfindungen gütlich tun und Misswirtschaft betreiben und dadurch ganze altherkömmliche Konzerne in den Ruin treiben, wie auch die Bürger in private Konkurse laufen werden, wenn sie ihre Finanzen nicht mehr kontrollieren können, weil sie vom bewährten Geld weggetrieben und mit Plastikgeld in Form von Plastikkarten versehen werden, mit denen sie über ihre Entlohnungsverhältnisse leben, allerlei auf Kredit bezahlen und in horrende Schulden geraten, wobei auch spezielle Firmen für die Verwaltung von Plastikkarten entstehen, während die Banken darauf aus sein werden, mit Plastikkarten, die dann Kreditkarten genannt werden, ihre Kunden in Abhängigkeit zu bringen, wobei ganz besonders Jugendliche ins Auge gefasst werden, die dadurch immense Schuldenberge anhäufen, die sie in Not und Elend treiben.
39) Das Feuer der Misswirtschaft breitet sich ständig auch in den untauglichen Regierungen aus, die ebenfalls Misswirtschaft betreibend ihre eigenen Länder in den Ruin wirtschaften, wenn sie derart immense Schulden machen, dass diese in einer Form ansteigen, dass dem Staat Bankrott erklärt werden muss.

40) Und es wird sein, dass noch vor der Zeit des Dritten Jahrtausends, und zwar 1993, eine politische und wirtschaftliche europäische Diktatur entsteht, die als ‹Europa Union› bezeichnet werden und im Bösen die Zahl 666 tragen wird, denn durch diese werden die Bürger und Bürgerinnen aller Mitgliedsstaaten letztendlich einer totalen Kontrolle durch biometrische Daten in Ausweisen und in Form von kleinen Datenscheibchen im Kopf oder Körper in ein ‹Biometrisches Identifizierungssystem› eingefügt, das durch eine ‹Zentrale Datenbank› überwacht und kontrolliert wird, wodurch letztlich der Aufenthaltsort jedes Menschen auf den Meter genau bestimmt werden kann. Erstlich werden die USA und später die ‹Europa Union› diese moderne Menschenversklavung einführen, wonach dann auch andere Staaten folgen werden – allen voran die Schweiz –, wobei durch diesen Prozess die persönlichen und staatlich-bürgerlichen Rechte der Menschen drastisch beschnitten werden, was grundlegend schon beim Aufbau der ‹Europa Union› geplant sein wird, wodurch die Bürger letztendlich vollends entmündigt und nur noch durch die Obrigkeiten regiert werden sollen, ohne dass sie noch ein Mitspracherecht bei irgendwelchen staatlichen Dingen und Beschlüssen haben.

41) Die Moral sehr vieler Menschen wird völlig sinken, wodurch viele Dörfer und jede Stadt ein Sodom und Gomorrha sein werden, denn die Prostitution durch Erwachsene und Kinder wird Formen annehmen, die völlig überborden.

42) Viele junge Menschen werden in jeder Art und Weise dem Extremismus verfallen, sowohl im Alltagsleben wie auch im Berufsleben, wobei Drogen-, Medikamente-, Alkohol- und Rauschgiftsucht überhandnehmen.

43) Viele junge Menschen werden extrem-radikalen glatzköpfigen und neonazistischen Fronten zulaufen und deren Fahnen schwingen sowie dementsprechende Organisationen bilden, die viel Schaden und Unheil anrichten, auf den Strassen wahllos unschuldige Menschen angreifen und nicht selten zu Krüppeln schlagen.

44) Viele Blutkonserven werden in kommender Zeit durch Viren verseucht sein und die Menschen krank machen und dem Tod ausliefern, wenn ihnen das Blut transfundiert wird (richtig = transfusioniert gemäss Angaben der plejarischen Sprachenwissenschaftler für die lateinische und deutsche Sprache).

45) Gegen Ende des Zwanzigsten Jahrhunderts werden bei fernen Sonnensystemen laufend neue Planeten entdeckt, die jedoch kein menschliches Leben tragen können.

46) Auch in unserem Sonnensystem werden neue SOL-Trabanten entdeckt, die sich weit ausserhalb der Plutobahn bewegen, doch wird das erst nach der Jahrtausendwende sein.
47) Bereits in zwanzig Jahren wird die Zeit kommen, da neuerlich schwere und für den Menschen tödliche Seuchen auftreten, insbesondere in Afrika, wie aber auch in anderen Ländern – und teilweise wird es kein Heilmittel dagegen geben.
48) Weiterhin werden grosse Hungersnöte in der Dritten Welt grassieren, während in den reichen Industriestaaten riesige Warenlager mit Konserven und sonstigen Lebensmitteln lagern, während Bauern Früchte und Gemüse usw. sinnlos vernichten, weil sie die Waren nicht zu günstigen Preisen verkaufen wollen, denn ihre Gier nach Geld und Reichtum wird keine Grenzen kennen, weshalb sie auch ihr Land und Hab und Gut für klingende Münze verscherbeln werden, um davon zu leben und nicht mehr einer anständigen Arbeit nachgehen zu müssen.
49) Die Menschen werden der Gier nach Geld und Reichtum immer hemmungsloser verfallen, wodurch selbst heimliche und nie aufzuklärende Morde an den Eltern begangen werden, um sie zu beerben.
50) Immer häufiger tritt es in Erscheinung, dass Mütter ihre Kinder bei der Geburt ermorden oder sie aussetzen, während Rabeneltern ihre Kinder totschlagen sowie verdursten und verhungern lassen.
51) Viele Familien werden zukünftig dadurch zerstört, weil Väter oder Mütter in endlosem Streit leben, was auch oft dazu führt, dass Väter oder Mütter alle Familienmitglieder ermorden.
52) In dreissig Jahren wird die bis dahin anhaltende Hochkonjunktur zusammenbrechen und in allen Industriestaaten eine unermessliche Arbeitslosigkeit hervorrufen, wodurch nicht nur viele Millionen Menschen arbeitslos und armengenössig werden, sondern auch Familien zerstört, Morde begangen werden und die Kriminalität sich ausweitet.
53) Ein ungeahnt aufkommendes Asylantenproblem wird noch vor dem Jahrtausendwechsel über alle Industriestaaten hereinbrechen und einen Asylantentourismus hervorrufen, durch den auch sehr viele asoziale Elemente einwandern, die einen kriminellen Boom auslösen, wodurch Hab und Gut vieler Menschen ebenso nicht mehr sicher sein werden wie auch nicht Leib und Leben.
54) Bereits hat der Mensch durch seinen Überbevölkerungswahn nachteilig die Welt und das Klima derart verändert, dass eine steigende Klimaerwärmung in Erscheinung tritt, die sich weit ins Dritte Jahrtausend hineintragen und ungeheure Naturkatastrophen auslösen wird, doch wird das nicht das Ende sein, weil alles im gleichen Stil weitergeht und zu Beginn des Dritten Jahrtausends mehr als sieben

Milliarden Menschen auf der Erde sein werden, was weltweit zu noch grösserem Unheil und zu Zerstörungen führen wird, weil einerseits die Natur rächend zurückschlägt und andererseits der Mensch alles unternimmt, um die gesamte Umwelt und das Leben zu zerstören.

55) Die stetig steigende Masse der Überbevölkerung führt zu Gleichgültigkeit und Verweichlichung der Menschen, wodurch die wahren zwischenmenschlichen Beziehungen erkalten und verschwinden, während das männliche Geschlecht langsam, jedoch unaufhaltsam immer zeugungsunfähiger wird.

56) Durch atomare Verseuchungen der Umwelt – durch atomare Explosionen, Atomkraftwerke und radioaktive Abfälle der Industrie und Krankenhäuser usw. – wird das gesamte Leben der Fauna und Flora sowie des Menschen immer mehr beeinträchtigt und in der Gesundheit gestört, während auch Mutationen an Fauna und Flora und am Menschen in erschreckender Weise in Erscheinung treten werden.

57) Weder Luft, Gewässer, Land, Gebirge noch Meere werden künftig vor dem Menschen sicher sein, denn allüberall wird er zur Platzschaffung für die wachsende Überbevölkerung und zu Sportzwecken unwiderruflich alles zerstören, so durch Skilifte, Massensiedlungen, Bergbesteigungen, Rennen mit Motorfahrzeugen und Motorbooten sowie mit ungeheuren Wohnbauten, die hoch in den Himmel ragen, wie aber auch mit Strassen- und Tunnelbauten usw.

58) Der Mensch wird immer mehr die Erde, die Lüfte und Meere bevölkern und dem ganzen angestammten Getier den Lebensraum nehmen und damit unzählige Gattungen und Arten ausrotten.

59) Der Mensch erhebt sich immer mehr zum Befehlshaber über die Erde, und schon in den kommenden 20 Jahren wird er bemüht sein, die Macht der Schöpfung anzustreben, weshalb er keine Grenzen mehr kennen wird; doch wird sich das Ganze gegen ihn wenden, denn er wird wie ein betrunkener, blinder Herrscher durch die Welt irren, sich selbst im Wahn voranhetzen und quälen – und am Ende seines Weges wird er in einen tiefen Abgrund fallen.

60) In kommender Zeit werden ganze Städte aus dem Boden spriessen, und das Land wird sich immer mehr von Menschen leeren.

61) Die Ordnung der Menschen gerät immer mehr ins Wanken, und viele werden sich ihre eigenen Gesetze machen und danach leben.

62) Es wird im Dritten Jahrtausend die Zeit kommen, da es nicht mehr genug Nahrung für alle Menschen geben wird, was zu grausamen Szenen des Verhungerns und des Mordes und Totschlages führt.

63) In den Städten machen sich schon die Kriminellen und Verbrecher breit, und organisierte Banden werden Menschen überfallen, zusammenschlagen oder gar töten, einfach aus Spass oder um sie auszurauben, denn friedliche Spiele und ein normales Leben werden ihnen nicht mehr genügen.
64) Nicht werden viele Menschen nur Hunger leiden, denn sie werden auch der Kälte ausgesetzt sein, blau werden und erfrieren, und es wird dabei so sein, dass viele lieber den Tod suchen, als in bitterster Armut und Bettelei ein unwürdiges Leben zu fristen.
65) Viele Menschen werden sich künftighin selbst aus dem Leben katapultieren, weil sie drogensüchtig, krank oder alt geworden sind und sich einsam, hilflos und verlassen fühlen, weil die Mitmenschlichkeit immer mehr zur puren Nützlichkeit und Profitsucht verkommt; die Betagten werden zu horrenden Preisen in Altersheime gesteckt und finanziell völlig schamlos ausgenommen bis aufs Blut.
66) Selbstmorde werden immer häufiger, wie auch Euthanasie, weil geschäftstüchtige Verbrecher finanziellen Nutzen daraus ziehen, wodurch es zu einem Sterbetourismus in Länder kommt, in denen die Sterbehilfe zum Mord und Selbstmord erlaubt sein wird; die Sterbehelfer werden Händler ohne Illusionen sein und ihre Gifte zum Selbstmord jedem verkaufen, der sie haben will.
67) Das Rauschgiftproblem wird immer mehr um sich greifen, wobei weltweit organisierte Verbrecherbanden selbst Kinder in den Teufelskreis der Rauschgiftsucht hineinmanövrieren.
68) Durch Drogen und Süchte werden die Körper der Menschen zerstört, und zu Beginn des Dritten Jahrtausends wird eine neue gefährliche Rauschdroge mit dem Namen Crystal unter den süchtigen Menschen Furore machen und deren Gesicht und Körper innerhalb weniger Monate zerfurchen, zersetzen und derart altern lassen, als wären die Süchtigen Monster und hundert Jahre alt.
69) Durch Eigensucht, Hass, Rachsucht, Lieblosigkeit, Tugendlosigkeit und Vergnügungssucht usw. erkalten bei den Menschen immer mehr die Gedanken und Gefühle, wodurch die Psyche und das Bewusstsein sowie die Moral verdorben werden.
70) Alle jene, die süchtig sind nach Drogen aller Art, die sie trinken, einsaugen oder sich ins Blut spritzen, werden wie wilde Tiere sein und die Kontrolle über sich verlieren; und viele unter ihnen werden rauben, stehlen, einbrechen und morden, vergewaltigen und erpressen, um an die Gifte zu kommen, denen sie süchtig verfallen sind – ihr Leben wird eine Qual sein und zur wahren Katastrophe werden.

71) Die bereits nahe Zukunft wird bringen, dass jeder Mensch derart viel Genuss, Hab und Gut, Vergnügen, Geld und Reichtum zu erreichen versucht, wie er nur kann, und es wird sein, dass selbst die Eltern ihre Kinder, die Kinder ihre Eltern und die Geschwister ihre Geschwister betrügen, wenn sie dadurch für sich einen Profit gewinnen können.
72) Ehen werden nicht mehr aus Liebe, sondern aus Profitsucht, um des Ansehens willen und infolge falscher und kurzfristiger Gefühlsduseleien geschlossen, und so kommt es immer häufiger, dass sich Mann und Frau so oft verstossen und scheiden lassen, wie sie sich auch oft verheiraten.
73) Wie einst zu Sodom und Gomorrha werden zukünftig viele Frauen und Männer durch die Strassen und in Freudenhäuser gehen, um sich jeden und jede als sexuellen Gespielen und sexuelle Gespielin zu nehmen, wie es jeder und jedem gerade gefällt.
74) Viele verheiratete Frauen und Männer werden sich immer häufiger ausserhalb der Ehe anderen Partnern und Partnerinnen zuwenden, und so werden viele Männer Kinder zeugen, wovon sie nichts wissen – und Frauen werden Kinder gebären, ohne den Namen des Vaters zu kennen; und also wird es sein, dass jede zehnte Geburt ein Kuckuckskind hervorbringt, das dem Ehemann untergeschoben wird; und es wird sein, dass Kinder Kinder gebären und dass Mütter den Namen des Vaters nicht nennen.
75) Viele Kinder werden keine Väter oder keine Mütter haben, weil diese sich scheiden lassen oder unerkannt verschwinden, weil sie nicht Vater oder Mutter sein oder nicht in einer Ehe leben wollen, denn die Ordnung und Tradition einer guten und funktionierenden Familie wird verloren sein, wie auch die Gesetze des Ehebündnisses keinen Wert mehr haben werden, gleichsam dem, als ob der Mensch wieder zum Wilden würde.
76) Und wie schon geschehen, wird es auch künftig sein und immer mehr, dass Väter ihre Töchter sexuell missbrauchen, junge und alte Pädophile sich an Kindern sexuell vergehen, Frauen jeden Alters vergewaltigt, geschändet und ermordet werden – nicht selten in aller Öffentlichkeit und in aller Welt infolge eines immer häufiger werdenden Sextourismus.
77) Männer werden Männer und Frauen Frauen vergewaltigen, und Kinder werden meistbietend durch die eigenen Eltern, Verwandten oder durch Kinderräuber den Meistbietenden vermietet oder verkauft.
78) Väter zeugen mit den eigenen Töchtern Kinder und Mütter mit ihren eigenen Söhnen Nachkommen, wodurch eine Blutvermischung in

der eigenen Familie entsteht; und dadurch, dass sich das Böse von Bett zu Bett ausbreitet, werden psyche- und bewusstseinsmässige Schäden hervorgerufen und der Zustand, dass sich die Menschen nicht mehr wahrlich in wahrer Liebe kennen, sondern sich nur noch über ihre Sexualpraktiken erkennen.

79) Die Menschen werden durch ihre Lebensweise und durch ihre Gedanken und Gefühle und durch das Fehlen ihrer Tugenden und aller guten Werte geharmte, gequälte und abgezehrte Gesichter haben, denn ihr ganzes falsch gelebtes Leben wird sich in ihnen widerspiegeln.

80) Es kommt die Zeit, in der jeder nicht mehr gehört wird, wenn er von Gesetz und Ordnung spricht, wie auch jene schon seit geraumer Zeit nicht gehört werden, welche wider den religiösen und sektiererischen Glauben reden und die wahrliche Wahrheit in bezug auf das Leben, die Schöpfung und ihre Gesetze und Gebote mühsam verbreiten, was besonders wieder sein wird zur Zeit, wenn im Dritten Jahrtausend ein deutscher religiös-fanatischer Papst das Pontifikat innehaben wird, der glaubt, durch seinen fanatischen Gottglauben die Welt vor dem Zerfall und Untergang retten zu können.

81) Rund um die Welt werden sich die verheerenden Machenschaften der Religionen und Sekten wieder ausbreiten, und unzählbare falsche Messiasse und falsche Propheten werden die labilen und wahrheitsblinden Massen der Menschen betören und neuerlich in die Irre führen; und viele dieser Gläubigen werden Waffen tragen und Bomben bauen und in ihrem Fanatismus damit vieltausendfachen Mord sowie grosse Zerstörungen verbreiten.

82) Die mordenden und zerstörenden Fanatiker der Religionen und Sekten werden in ihrem todbringenden, feurigen Glauben von Gerechtigkeit im Namen Gottes sprechen und dabei Elend, Not, Tod und Verderben verbreiten.

83) Und es wird sein, dass sich fanatische Islamisten für die frühen Kreuzzüge der Christen an deren späten Nachkommen blutig rächen werden, wenn sie durch unbezähmbaren Terror in aller Welt ihre todbringenden und zerstörenden Akte vollbringen.

84) Dröhnender Donner wird über die Erde krachen, und tausendfältige Tode werden grassieren, wenn verbrecherische Staatsmächtige der USA Kriege in der weiten Welt auslösen und wenn Israels Staatsgewaltige ebenso Terror, Mord, Tod und Verderben verbreiten wie die Palästineser selbst, von denen unzählige Selbstmordattentate ausgehen werden; die Mörder und Mörderinnen aller Gattungen militärischer und aufständischer Form in aller Welt werden dabei aus allen

Schichten der Bevölkerung rekrutiert und zu gefühllosen und gewissenlosen Mordmaschinen gedrillt werden, denen auch jede Art von Folter blanke Freude sein wird.

85) Organisierte Mord- und Terrorkommandos werden weltweit heimlich in den Städten wohnen und tödliche Anschläge planen und ausführen, um Tausende von Menschen zu töten und ungeahnte Zerstörungen anzurichten.

86) Es wird keine Ordnung und keine greifende Regel mehr geben, um das Leben der Menschen zu schützen, denn durch die Schuld kriegshetzender Staatsmächtiger wird der aufständische und religiöse sowie sektiererische und fanatische Terrorismus auflodern wie ein heller Blitz in der Nacht, um Tod und Verderben zu säen.

87) Durch die unmenschlichen Terroranschläge, die Folter und durch Kriege werden sehr viele Menschen ausarten und ins Barbarentum zurückfallen, wodurch jeder nach Folter und dem Tod des Nächsten schreit, wenn dieser anderer Ansicht ist oder dem Gesetz zuwiderhandelt; so werden sich Hass und Rachsucht ausbreiten und selbst die Ordnungsorgane bösartig angegriffen und an ihrer Ordnungsschaffung gehindert, wodurch Grausamkeiten unter den Menschen immer mehr um sich greifen können und keiner mehr dem anderen zu Hilfe eilt, wenn dieser in Not gerät.

88) Schon bald werden die Menschen sich nicht mehr nach der Gerechtigkeit richten, sondern nur noch nach ihrem Glauben und Blut, während auch die Richter ihr Amt nur noch danach ausüben, dass der kleine Mann gehängt und der grosse Halunke freigelassen wird, denn wahre Gerechtigkeit wird nicht mehr gefragt sein, sondern es wird nur noch nach Geld, Glauben und Ansehen geurteilt werden.

89) Die Kinder werden im Laufe der nächsten Jahrzehnte immer mehr der Verwahrlosung preisgegeben, denn die Eltern jagen mehr und mehr dem Mammon und Vergnügen nach, wobei die Kinder in der Liebe und Erziehung missachtet und auf sich allein gestellt werden, denn wie junges Getier werden sie aus dem Haus und aus dem Familienleben gestossen und vernachlässigt, denn niemand will sich mehr um sie kümmern und die schützende Hand über sie halten, wodurch sie in Szenen des Asozialen, der Rauschgifte, der Drogen, des Diebstahls, des Raubes, der Kriminalität und der Prostitution abgleiten.

90) Weltweit wird der Hass immer mehr um sich greifen, und die Machtgier der Staatsmächtigen wird keine Grenzen mehr kennen, folglich sie böse Gesetze erlassen, um die Bürger zu drangsalieren, von denen niemand verschont bleiben wird – weder die Alten noch die Jungen, noch die Kinder.

91) Durch kriminelle Banden werden Häuser zerstört und geplündert, oder es wird in die Häuser eingebrochen, um die Bewohner zu überfallen, auszurauben und gar zu töten.
92) Die Menschen werden immer gleichgültiger gegenüber den Nächsten, so sie auch die Augen verschliessen, wenn auf offener Strasse andere misshandelt, Frauen vergewaltigt oder Kinder entführt werden; Kinder werden zur Handelsware und zu Sexobjekten, ihre Schwachheit wird vergessen und sie werden dressiert wie Tiere, um nach dem Gebrauch weggeworfen oder geschlachtet und gemordet zu werden, weil die Menschen keine Liebe mehr, sondern nur noch Grausamkeit kennen.
93) Schon seit geraumer Zeit weiss jeder Mensch durch öffentliche Medien wie Radio und Zeitungen, was an allen Enden der Erde geschieht, doch das wird nur der Anfang sein, denn die Mittel der Kommunikation und der Nachrichtenverbreitung werden sich rapide verbreiten, wie durch Fernsehen, durch das bildlich die Geschehen an allen Ecken der Erde direkt verfolgt werden können, wie aber auch durch allerlei elektronische Übertragungsgeräte, die in Wort und Bild über Satelliten alles bis in den hintersten Winkel der Erde übertragen, während in nur vierzig Jahren auch der simpelste Bürger ein Taschentelephon mit sich herumtragen und es bei jeder möglichen und unmöglichen Gelegenheit benutzen wird.
94) Durch den sich stetig erhöhenden Lebensstandard der Menschen in den Industriestaaten verschliessen sie die Augen vor dem Elend in der Dritten Welt; wohl sehen sie im Fernsehen die hungernden Kinder, deren Augen und Mund sowie Wunden von unzähligen Fliegen bedeckt sind, und jene, welche von mörderischen Militärs als Zielscheiben wie Karnickel gejagt werden; oder jene, welche getötet werden, um an deren Organe zu kommen, die teuer für Transplantationen verkauft werden.
95) Viele Menschen werden gegenüber den Nächsten nicht nur gleichgültig, sondern auch erbarmungslos werden, folglich sie ihre Augen abwenden, um nicht das Elend und die Not des Nächsten sehen zu müssen, und es wird sie nicht kümmern, dass Kinder und Erwachsene vor Hunger sterben, denn sie werden ihnen nichts geben oder nur ein sehr geringes Almosen, das nicht zum Leben und nicht zum Sterben reichen wird.
96) Der bessergestellte Mensch der Wohlstandsstaaten schläft auf Säcken voller Geld, und was er mit der einen Hand gibt, das nimmt er mit der andern wieder weg, wodurch der Hilfsbedürftige weder leben noch sterben, sondern nur elend dahinvegetieren kann.

97) Der Mensch treibt Handel mit allem, was ihm in die Finger kommt, und folglich hat alles seinen Preis – auch das Wasser, das ein planetares Allgemeingut des Menschen ist –, und alles wird verkauft und nichts mehr geschenkt, folglich ein Geschenk auch immer ein Gegengeschenk fordert.

98) Wie Kinder gejagt und getötet werden zum Preis ihrer Organe, werden die erwachsenen Menschen für Geld ihre Organe für Transplantationen feilbieten oder sie als Vermächtnis vermachen, so ihnen nichts mehr heilig sein wird, weder ihr Körper noch ihr Blut, ihre Organe, ihr Bewusstsein oder ihre Psyche, denn wenn sie ihre Geistform verkaufen und daraus Profit schlagen könnten, würden sie auch das tun; und für die Organe werden die Menschen gemordet werden, meuchlings ebenso wie durch Hinrichtungen, während verantwortungslose Ärzte profitgierig die Körper Verstorbener um deren Organe willen ausschlachten werden.

99) Bereits hat der Mensch das Gesicht der Erde derart böse verändert, dass es nicht wieder in die ursprüngliche Form zurückgebracht werden kann, und das wird nicht das Ende sein, denn viel schlimmere Veränderungen werden zukünftig noch geschehen, wenn die Wälder weiterhin gerodet und die Felder und Berge zu menschlichen Wohnsiedlungen umfunktioniert, zubetoniert und asphaltiert werden, weil sich der Mensch weiterhin als Herr der Erde und des Lebens wähnt, obwohl er niemals Macht über den Planeten sein eigen nennen kann, weil sich dessen Natur zur Wehr setzen und den Menschen in seine Schranken weisen wird.

100) Auch wenn sich die Natur gegen den menschlichen Wahnsinn der planetaren Zerstörung wehrt, wird die Erde immer nackter und unfruchtbarer, und durch des Menschen Schuld wird die Luft brennen, weil die Ozonschicht langsam zerstört wird.

101) Die Wasser der Erde werden durch den Menschen immer mehr in übelriechende Pfuhle verwandelt, und alles Leben wird langsam dahinwelken, während die Reichtümer der Erde bis zum Letzten ausgeschöpft werden, wodurch alle Güter knapp werden und dadurch der Hass der Menschen untereinander steigt, weil jeder das haben will, was der Nächste noch hat.

102) Das Bewusstsein sowie die Vernunft und der Verstand des Menschen werden seine Gefangenen sein und er betrunken von religiösem und sektiererischem Glauben, wodurch er nicht bemerkt, dass er durch Religionen und Sekten immer mehr betrogen und er von der effectiven Wahrheit der Schöpfung und ihren Gesetzen und Geboten entfernt wird, folglich er unwirklichen religiösen und sektiererischen

Bildern und Spiegelungen nachjagt, die ihn von der Wahrheit abhalten und ihn zum willigen Schaf des Bösen machen.

103) Die Religionen und Sekten fallen wie böse Raubtiere über ihre Gläubigen her, treiben sie zusammen und stürzen sie in den tiefsten Abgrund der Irreführung und Unwissenheit; und um dem ganzen Treiben Genüge zu tun, hetzen sie den einen gegen den andern auf, um alle in ihre Fänge reissen zu können und sie des Lebens und der Wahrheit zu berauben.

104) Wie bisher werden noch geraume Zeit die Religionen und Sekten durch ihre Vertreter und Gurus herrschen, um die unschuldigen und wissensmässig untätigen Menschen zu beherrschen und ihnen zu gebieten, doch nach und nach werden sie in fernerer Zukunft ihre Kultstätten verlieren, in denen sie Unsinniges predigen und die Menschen irreführen und versklaven; und es kommt ihre Zeit, da sie ihre Gesichter verbergen und ihre Namen geheimhalten müssen, um nicht infolge ihrer Irreführung der Wut des Volkes zum Opfer zu fallen.

105) Noch ist es aber so, dass jeder Gläubige in Wahrheit ein Leibeigener der Religionen und Sekten ist, obwohl jeder irrig glaubt, ein freier Mensch zu sein; doch das wird sich ändern, denn es kommt die Zeit, da niemand oder kaum noch jemand an den Versammlungen der Gurus, der Meister, Erhabenen, Erleuchteten, der Pfaffenkäppchen, Päpste und Priester usw. teilnimmt, denn viele des Volkes werden sich erheben und sich wider die Religionen und Sekten stellen, um deren jahrtausendealte Lügen durch die Wahrheit zu besiegen.

106) Die Überbevölkerung wird unaufhaltsam durch die Unvernunft der Menschen steigen, und bald werden sie auf der Erde so zahlreich sein wie die Ameisen, und sie werden verstört und kopflos umherwimmeln wenn sie gestossen werden, dass sie alle Kontrolle über sich verlieren; und viele werden zermalmt, wenn sie hilflos in den Massen untergehen.

107) Die Religionen und Sekten werden sich künftig so vermischen wie die Menschen, die durch Völkervermischungen das eigene Volk zum Vielvölkerstaat machen.

108) Rund um die Welt wird heuchlerisch immer mehr von Frieden gesprochen, während verlogene und sektiererische Staatsmächtige hinterhältig Kriege schüren und zum Ausbruch bringen und allerorts verfeindete Familien und Nachbarn einander die Hölle auf Erden bereiten oder verfeindete Völker und Stämme sich in blutigen Fehden bekämpfen.

109) Schon seit geraumer Zeit ist vom Menschen der Weg der Natur verlassen worden, und weiterhin wird das noch sehr viel mehr gesche-

hen, denn der Mensch glaubt in seiner Selbstherrlichkeit, dass er Herr über Leben und Tod sei.

110) Die Menschen werden in kommender Zeit immer häufiger mit ihrem eigenen Körper nicht mehr zufrieden sein, und so werden sie Operationen aller Art über sich ergehen lassen, um wohlproportionierter und schöner zu sein, wie sie sich einbilden, wobei das Ganze jedoch ihrer Gesundheit schadet und nicht selten zu Verstümmelungen oder sogar zum Tod führt.

111) In den Familien wird kein Zusammenhalt mehr sein, und die Familienmitglieder werden sich immer mehr in alle Winde zerstreuen.

112) Durch Schönheitskuren und Schönheitsmittel werden die Menschen frühen äusserlichen Alterserscheinungen verfallen und frühzeitig wie alte Menschen Falten und weisse Haare haben, weil die angewandten Mittel ebenso die Haut schädigen werden wie die immer gefährlicher und heisser werdende Sonnenstrahlung.

113) Viele Menschen werden in kommender Zeit ohne Halt im Leben umherirren, ohne Führung und Richtung sein, denn durch das Fehlen der Liebe und der Warmherzigkeit sowie der Beziehungen von Mensch zu Mensch verkümmern das Bewusstsein, die Gedanken und Gefühle sowie die Psyche, wodurch sehr viele psychische Krankheiten und Zusammenbrüche erfolgen, die nicht selten zum Selbstmord führen werden, weil diese Menschen keiner Hilfe mehr zugänglich sein werden.

114) Sehr viele Menschen werden sich im Laufe der Zeit von den Religionen und Sekten lossagen, sich jedoch trotzdem nicht der Wahrheit in bezug auf die Schöpfung und auch nicht deren Gesetzen und Geboten einordnen, weil sie ihr Leben wie ein Reittier selbst lenken wollen, obwohl ihnen die notwendige Erkenntnis und Erfahrung dazu fehlt.

115) Und schon steht der Erdenmensch vor der Tür, die ihm ermöglichen wird, die Frucht im Leibe der Frau in bezug auf deren Männlichkeit oder Weiblichkeit zu bestimmen, woraus selbstredend resultieren wird, dass letztendlich schon von Grund auf das Geschlecht der Nachkommenschaft bestimmt wird, indem im Reagenzglas das weibliche Ei mit entsprechendem Sperma befruchtet und dann in den Mutterleib eingesetzt wird, während alles andere Leben abgetötet wird, das unerwünscht ist.

116) Der Mensch wird sich immer mehr für die Schöpfung halten, besonders die Mächtigen, die alles an Land, Hab und Gut sowie an Menschen an sich reissen, was und wie es ihnen beliebt, während die Normalbürger zu Armen und Schwachen und wie letztes Viehzeug behandelt werden, wodurch die Behausungen des gemeinen Volkes

zu Gefängnissen werden, in denen die Menschen in Angst vor den Mächtigen dahinfristen und sich in ihnen der Hass unbändig entfaltet.

117) Der Hass im Menschen wird eine geheime Ordnung der Zerstörung schaffen, die dunkel im Menschen wütet und böses Gift erzeugt, das darauf ausgerichtet ist, wider die Obrigkeit zu kämpfen und gleichzeitig selbst zu Geld und Reichtum und zur Herrschaft über die Erde zu gelangen, doch letztlich werden die Schwachen den Regeln der Mächtigen gehorchen, wobei es aber sein wird, dass im Dunkeln Gesetze erstellt werden, wodurch das Gift des Hasses sich gegen die Religionen und Sekten richtet und sich der Stachel des Hasses dagegen ausbreitet, um der wahrheitlichen Wahrheit den gebührenden Platz einzuräumen.

118) Es wird sich ergeben, dass die Menschen tatenlos sein werden, mit leerem Blick umhergehen und nicht wissen, wohin sie gehen sollen, denn wenn die Religionen und Sekten verschwinden, werden sie keine Kultstätten und keine Kultprediger sowie keine Sektenführer mehr haben, die sie in die Irre und Wirrnis führen können, weshalb sie erst ziellos sein werden oder wie ein keimender Same, der noch keine Wurzeln schlagen kann, folglich die Menschen hoffnungslos, entblösst, gedemütigt umherirren und überall sinnlos einen Halt suchen werden, den sie aber erst finden, wenn sie sich der schöpferischen Wahrheit und den schöpferischen Gesetzen und Geboten zuwenden; erst jedoch werden sie sich selbst hassen und bekämpfen und ihr Leben hassen, ehe sie den Weg zur Wahrheit finden.

119) Wenn das Dritte Jahrtausend kommt, werden viele Krankheiten und Seuchen grassieren, und viele Gewässer werden ausgetrocknet sein und weiter austrocknen, während andere Wasser brackig und giftig oder zur Rarheit werden, wodurch viele Menschen in ihrer Existenz und am Leben bedroht werden, was dazu führt, dass sie vieles, was sie zerstört haben, mühsam wieder entstehen lassen, und das, was verblieben ist, sie mit aufwendigen Mitteln bewahren werden, weil einige weiterdenkende Menschen erkennen, dass sie das, was sie bösartig der Natur abgerungen haben, dieser wieder zurückgeben müssen.

120) Es wird aber das Dritte Jahrtausend auch die Zeit sein, zu der die Menschen Angst vor der Zukunft haben werden, weil die politische, militärische und naturmässige Weltlage sehr prekär sein wird, weil Staatsmächtige der USA und Israels ebenso mit Krieg und Zerstörung drohen wie auch weltweit die aufständischen Terroristen, nebst dem, weil der Mensch die Natur derart furchtbar gebeutelt, verge-

waltigt und geschändet hat, dass sie mit gewaltigen See- und Erdbeben und mit ungeheuren Regenunwettern und urweltlichen Stürmen zurückschlagen wird.

121) Die Erde wird durch des Menschen Schuld, durch seine Überbevölkerung und die damit verbundenen ungeheuren Bedürfnisse und durch sein naturwidriges Verhalten und seine Zerstörungen sowie durch die Ausbeutung der Ressourcen sich wider die Menschen erheben und rund um den Globus mit urweltlicher Gewalt erbeben und hunderttausendweise die Menschen in den Tod reissen, wobei ganze Städte zerstört werden.

122) Die Erde wird sich am Menschen für sein Handeln rächen, denn er wird nicht auf die Prophetien und Aussagen der Weisen gehört haben, die vor allem Übel warnten, folglich er fortan böse Bedrohungen der Natur und gewaltige Zerstörungen in Kauf nehmen muss, denn fortan und bis weit ins Dritte Jahrtausend hinein werden Dörfer unter Schlammlawinen sowie unter Schnee- und Eislawinen begraben, während andernorts sich Abgründe im Boden öffnen und alles zerstörend in sich hineinreissen, um niemals mehr an die Oberfläche zu gelangen.

123) Noch immer wird der Mensch aber starrsinnig sein und nicht auf die Worte, Ratschläge und Warnungen der Propheten und Weisen hören, doch das wird sich rächen, denn gewaltige Feuer werden grosse Wälder, Dörfer und Städte zerstören und viele Menschenleben fordern, denn die Feuersbrünste werden Urgewalt haben und die Menschen aus ihren angestammten Heimen vertreiben, die von gewissenlosen Plünderern ausgeraubt werden, wie das auch sein wird in den Dörfern und Städten, die durch See- und Erdbeben sowie durch Unwetter verlassen sein werden.

124) Und durch des Menschen Schuld, der FCKW in die Atmosphäre schleust, wird die Erde verbrennen und der schwarze und weisse Hautkrebs um sich greifen und viele Tote fordern, und all das, weil durch die menschliche Unvernunft die vor der Sonneneinstrahlung schützende Ozonschicht zu grossen Teilen zerstört wird, wodurch die Atmosphäre wie ein löchriger Vorhang sein und das starke und brennende Licht der Sonne die Haut verbrennen und vielen Menschen die Augen irreparabel blenden wird.

125) Die Angst der Menschen wird jedoch zu spät sein, denn zuviel wird bereits zum Jahrtausendwechsel zerstört und vernichtet sein, folglich immer mehr Wüsten die Erde überziehen und die niederprasselnden sintflutartigen Wasser immer gewaltiger und tiefer werden, alles überschwemmen und zerstörend mit sich reissen.

126) Durch das Abholzen der Regenwälder wird sich schon vor dem Dritten Jahrtausend und bis weit in dieses hinein der Sauerstoffgehalt der Luft unmerklich senken, was sich auf die Gesundheit von Mensch und Getier auswirken wird, während gleichzeitig die Umwelt- und Luftverschmutzung derartige Formen angenommen haben wird, dass die Menschen daran erkranken und die Schwachen unter ihnen daran zugrunde gehen werden.

127) Und es kommt die Zeit im Dritten Jahrtausend, da grosse Teile der Kontinente verschwinden und die Menschen auf die Berge flüchten müssen, doch ihr Sinn an die Katastrophen wird nur von kurzer Dauer sein, denn sie werden alles schnell vergessen und darum bemüht sein, vieles wieder aufzubauen, denn bereits schaffen sie sich durch Kino und Fernsehen sowie später durch eine weltweite Vernetzung von Computern und Elektronik Trugbilder, durch die sie sich selbst täuschen und Dinge sehen, die nicht existieren und nur visuell für die Augen bestimmt sind, folglich ihr Sinn für die Realität schwindet und sie zwischen Wirklichkeit und Fiktion nicht mehr unterscheiden können, wodurch sie sich immer mehr im Labyrinth des Lebens verlieren, während jene, welche die Trugbilder kommerziell sowie religiös und sektiererisch erzeugen, leichtes Spiel mit den gläubigen Menschen haben, sie in allen möglichen Formen betrügen und zu demütigen Wesen wie unterwürfige Hunde machen.

128) Gegen Ende des Zweiten Jahrtausends werden die Forscher Tiere klonen und sie nach Belieben in ihren Genen verändern, und im Dritten Jahrtausend werden sich die Forscher erdreisten, aus Reagenzgläsern Menschen zu züchten, die als menschliche Ersatzteillager für Organe dienen sollen.

129) Bereits jetzt ist es schon geschehen, und im Dritten Jahrtausend wird es weitergehen, dass der Erdenmensch viele Tiergattungen und ihre Unterarten zu Luft, Land und Wasser unwiderruflich ausrottet, weil ihm der Profit wichtiger ist als der Erhalt der Fauna.

130) Wie schon jetzt wird es auch im Dritten Jahrtausend sein, und zwar äusserst vermehrt, dass die Kinder keine wahre Erziehung mehr geniessen und ihr Bewusstsein nicht im Rahmen der Evolution gebildet wird, denn sie werden von ihren Eltern nicht mehr der Wahrheit belehrt, so sie immer mehr unwissend bezüglich der Wahrheit und der Lehre des Lebens sein werden, so sie – wie ihre Eltern – hoffnungslos, unwissend und aufbegehrend sind und sich nur noch dem Vergnügen hingeben.

131) Auch im Dritten Jahrtausend wird der Mensch immer aggressiver und sich als höchste Macht wähnen, folglich er in Hass und Wut sowie

in Habsucht und Eifersucht überall zuschlagen wird, wie und wo es ihm gerade gefällt; und er wird stark sein in seinen bösen Gedanken und Gefühlen und seinem ausartenden Handeln, denn die erlangte Macht macht ihn unberechenbar, und er wird vieles mühsam Errungene und Erbaute mit Freudengeheul blindwütig zerstören.

132) Lange ins Dritte Jahrtausend hinein wird der Mensch kleinmütig und ein Zwerg in der Entwicklung seines Wissens und seiner Weisheit und Liebe bleiben und getrieben sein vom Machtgebaren und dem Herrschen über den Mitmenschen, während sein Kopf vollgestopft sein wird mit unnötigem und falschem Wissen irrer religiöser, sektiererischer, philosophischer, militärischer, kampfmässiger und nach Blut, Rache und Vergeltung lechzender Lehren.

133) Wie eh und je wird der Erdenmensch auch im Dritten Jahrtausend lange Zeit nicht wissen, warum er lebt und stirbt, was der Tod bedeutet und was die Wiedergeburt und Geburt, denn wie eh und je wird er sinnlos mit seinen Armen fuchteln, vergeblich nach der Wahrheit der Schöpfung und ihren Gesetzen und Geboten suchen, weil er sich wie seit alters her an die Religionen und Sekten hängt, die ihn wie kleine Kinder zum Wimmern bringen.

134) Im Dritten Jahrtausend werden sich – wie seit alters her – die Gläubigen der verschiedenen Religionen und Sekten bekämpfen, denn jeder Gläubige will den einzigen richtigen Gott haben, ganz gleich, ob er nun Schiwa, Gott oder Allah genannt wird; so wird die Erde mancherorts zum Schlachtfeld werden, wenn Christen, Islamisten und Juden usw. einander bekriegen wie zu alten Zeiten und wie es auch jetzt geschieht, denn alle schimpfen die Andersgläubigen Ungläubige, und alle wollen die Reinheit ihres Glaubens bis aufs Blut verteidigen und verbreiten, auch wenn ihnen grosse Mächte entgegenstehen, die die Richtigkeit ihres Handelns bezweifeln.

135) Wie bereits jetzt im Jahre 1958 werden auch im Dritten Jahrtausend unzählige Menschen vom Leben der Gesellschaft ausgeschlossen sein, denn weiterhin werden viele als Arme, Asoziale und als Bettler sowie als Armengenössige ihr Leben fristen müssen, weil sie von der Gesellschaft nicht aufgenommen, sondern ausgestossen oder arbeitslos sein und als Untermenschen behandelt werden, wogegen keine Obrigkeit und keine Regierung etwas unternimmt, sondern selbst die Armen und Bettler noch mit allerlei Steuern und Taxen ausbeutet, wodurch sie sich kein Dach über dem Kopf leisten können und keine bürgerlichen Rechte mehr haben, denn sie sind Verstossene von denen, die im Überfluss leben – und sie werden halb nackt sein, weil sie sich keine Kleidung leisten können, und wenn sie etwas zum Ver-

kaufen haben, dann wird es nur ihr Körper sein, dessen Organe oder der Weg der Hurerei.

136) Viele Menschen werden im Dritten Jahrtausend von den alten Prophetien und Voraussagen hören, von den seit alters her überlieferten Weissagungen der Propheten und den Warnungen der Weisen, und sie werden nach Vergeltung dürsten und die Zeiten dessen hervorrufen, zu denen das Volk aufsteht und nach der Wahrheit ruft.

137) Ehe das Volk jedoch nach der Wahrheit ruft, wird es sich in ein undurchdringliches Labyrinth verirren, in dem grosse Angst und Argwohn sein werden und der Mensch rastlos vorwärtsgetrieben wird, um aus dem Elend und aller Not hinauszufinden.

138) Die Wahrheit der Schöpfung und deren Gesetze und Gebote sowie die Lehre des Geistes und die Lehre des Lebens wird laut und stark und weltweit verbreitet werden, doch der Erdenmensch will sie nicht hören, denn nur wenige, die der Vernunft und des Verstandes trächtig sind, werden sich der grossen Lehre zuwenden, während alle anderen immer mehr besitzen wollen und Trugbildern nachhängen, die sie sich in ihren Köpfen zurechtlegen, angestachelt durch schlechte und falsche Propheten in Sachen Religion und Sektierismus.

139) Und lange wird die Zeit sein, zu der sich all diese Geschehen zutragen werden, lange Zeit in das Dritte Jahrtausend hinein – lange 800 Jahre lang, denn erst dann werden die Samen der Lehre des Geistes, der Lehre der Schöpfung und ihrer Gesetze und Gebote sowie der Lehre des Lebens langsam in der Masse der Menschheit zu keimen beginnen, weil sie langsam die Augen und ihre Ohren öffnen und ehrlich nach der wahrlichen Wahrheit zu suchen beginnen.

140) Die Menschen der Erde werden aufhorchen und der Propheten Lehre hören, denn endlich werden sie offenen Auges zu sehen und einander zu verstehen lernen, und jeder wird wissend sein, dass wenn ein Mensch geschlagen oder mit Worten verletzt wird, dass der andere Schmerz verspürt.

141) Es wird die Zeit sein, zu der die Menschen aus Menschlichkeit eins werden und verstehen, dass jeder ein kleiner Teil des Nächsten ist und dass nur die Einheit stark macht und weder Hautfarbe noch Glauben, sondern nur das Gemeinsame und die effective Wahrheit in bezug auf die Schöpfung und ihre Gesetze und Gebote von Bedeutung sind.

142) Und zu jener Zeit wird es werden, dass weltweit nur noch eine einzige und wertvolle Sprache gesprochen wird und dass die Menschen endlich zu wahren Menschen werden.

143) Und zu jener Zeit wird es sein, dass die Erdenmenschen den Weltenraum erobert haben und in die tiefen Weiten des Universums reisen,

wenn sie künstliche Stationen ausserhalb der Erdatmosphäre geschaffen haben, in denen viele Menschen wohnen, arbeiten und leben werden.

144) Und zu jener Zeit wird es sein, dass der Erdenmensch in den Meeren grosse Städte baut, und sie werden sich alltäglich in den Tiefen der Wasser bewegen und sich von Meeresfrüchten aller Art ernähren.

145) Und zu jener Zeit wird es sein, dass die Menschen wieder vernünftig und ehrfurchtsvoll miteinander reden, und sie werden die alten Botschaften der wahren Propheten aufnehmen, denn ihre Gedanken und Gefühle werden füreinander offen und das Bewusstsein und die Psyche ausgeglichen sein.

146) Und zu jener Zeit wird es sein, dass die Menschen mehrfach älter werden als zur heutigen Zeit im Jahre 1958, denn ihr Alter wird Hunderte von Jahren sein.

147) Und zu jener Zeit wird es sein, dass die Menschen die Kraft ihres Bewusstseins erkennen und die Dinge lernen, die die wahren Propheten kannten und die ihnen bisher noch als Geheimnis verborgen sind; so werden sie eine Tür nach der andern öffnen und ungeheure Erkenntnisse und Wissen und Weisheit um die Wahrheit der Schöpfung und ihre Gesetze und Gebote gewinnen, um damit ihre Bewusstseinskräfte zu entwickeln und zu nutzen.

148) Und zu jener Zeit wird es sein, dass die Menschen aus ihrem dunklen Labyrinth endgültig herausfinden und das hehre Leben wieder sprudelnd finden werden wie eine klare Quelle.

149) Und zu jener Zeit wird es sein, dass die Menschen wieder lernen und sich die Lehre des Geistes, die Lehre der Schöpfung und ihre Gebots- und Gesetzmässigkeiten und die Lehre des Lebens wieder zu eigen machen und wissend sein werden; und die Eltern werden wieder ihre Kinder erziehen und sie in der Lehre der Wahrheit unterrichten, auf dass sie das Leben, das Sterben, den Tod, die Wiedergeburt und Geburt sowie Erde und Himmel verstehen.

150) Und zu jener Zeit wird es sein, dass der Mensch im Wuchs grösser und gewandter geworden sein wird, und seine Bewusstseinskräfte werden alles umgeben, und er wird auch alle Dinge besitzen, die er haben will.

151) Und zu jener Zeit wird es sein, dass nicht mehr allein der Mann die Mächtigkeit des Herrschenden sein wird, fortan nämlich wird die Frau das Geschick der Welt und der Menschheit als wahre Mutter der Erde lenken, denn sie wird ihr Zepter über den Mann führen und dessen Herrschsucht, Selbstherrlichkeit, Machtgier und Kriegssucht brechen, um die Zeiten der hässlichen männlichen Barbarei zu be-

enden und des Mannes teuflisches und mörderisches sowie selbstherrliches Tun im Keime zu ersticken, um endlich Frieden werden zu lassen auf Erden.

152) Und zu jener Zeit wird es sein, dass die wahre Liebe im Erdenmenschen erwacht und diese mit allen geteilt wird, wodurch sich das Dasein in eine leichte Zeit verwandelt und lang gehegte Träume und Wünsche Wirklichkeit werden, während die Evolution des Bewusstseins von allen Menschen Besitz ergreift, wodurch das wahre Ende der Barbarei Einzug hält.

153) Und zu jener Zeit wird es sein, da nicht mehr religiöser und sektiererischer Glaube, sondern nur noch die reine Wahrheit der Schöpfung und ihre Gesetzmässigkeiten von Gültigkeit sein werden, wodurch die glücklichen Tage der Menschheit beginnen und der Mensch den Menschen wiederfindet und ihn als seinesgleichen erkennt und ehrt.

154) Und es wird zu jener Zeit sein, wenn das Vierte Jahrtausend nach Jmmanuels (christlicher) Zeitrechnung kommt, dass die Erde und ihre Menschheit ihre schöpferische Ordnung wiederhaben und wahre Liebe und Eintracht, wahre Freiheit und Harmonie sowie wahrer weltweiter Frieden sein wird.

155) Und zu jener Zeit wird es sein, dass der Mensch in grossen und gewaltigen Raumschiffen das Universum durcheilen wird, von einem Ende zum andern, und für ihn keine Grenzen mehr sein werden.

156) Und zu jener Zeit wird es sein, dass die Wälder, Auen, Fluren und Felder wieder erblühen, wie auch die Wüsten, die belebt und bepflanzt und in denen vielerlei Bäume, Sträucher, Gräser und Blumen ihre Pracht offenbaren werden, so die Erde ein wundervoller Garten sein wird, in dem der Mensch alles achtet und ehrt, was da lebt, kreucht und fleucht.

157) Und zu jener Zeit wird es sein, dass der Mensch alles, was er zerstört oder beschmutzt hat, wieder aufbaut und reinigt, denn fortan wird er die Natur und das Leben ehren und schützen, denn er wird wissend und weise sein und dadurch für die Zukunft des Planeten und der Menschheit denken, denen er allen Respekt und alle Ehrfurcht entgegenbringen wird.

158) Und zu jener Zeit wird es sein, dass jeder Mensch im Gleichschritt mit dem andern geht und der eine den andern nicht mehr harmt und die Menschen einander wieder Vertrauen schenken, sie nicht mehr betrogen, nicht mehr bestohlen, nicht mehr beraubt und nicht mehr gemordet werden.

159) Und zu jener Zeit wird es sein, dass die Erdenmenschen alles über den eigenen Körper und über die Körper allen Getiers wissen, wie sie

auch in allen Dingen der Welt und des Lebens sowie der schöpferisch-natürlichen Gesetze wissend sein werden, wodurch die Krankheiten und Seuchen geheilt werden, ehe sie in Erscheinung treten können, denn es wird sein, dass jeder Mensch ebenso sein eigener, wissender und könnender Heiler sein wird wie auch für den Mitmenschen; gesamthaft wird der Mensch verstanden haben, dass er nur in der Gemeinschaft existieren und leben kann, dass der eine dem andern helfen muss, dass er geben muss und nicht nur nehmen darf, und dass er als einzelner sich als Hüter des Planeten, der Menschheit und der menschlichen Ordnung sehen und verstehen muss.

160) Und zu jener Zeit wird es sein, dass die Erdenmenschen gelernt haben, in Ehrlichkeit und Liebe zu geben und zu teilen und dass Geiz ebenso ein Mittel zur Unzufriedenheit ist wie auch die Verschlossenheit gegenüber dem Nächsten, damit keine Einsamkeit zustande kommt; doch der Mensch muss alles erst lernen und sich den Kräften seines Bewusstseins und der Lehre des Geistes sowie der Lehre der Schöpfung und ihren Gesetzmässigkeiten sowie der Lehre des Lebens zuwenden, doch dazu bedarf es einer eisernen Faust zur Durchsetzung, damit Ordnung das Chaos vertreibt und der Mensch den richtigen Weg wiederfindet.

161) Und zu jener Zeit wird es sein, wenn das Vierte Jahrtausend nach Jmmanuel kommt, dass der Mensch Träger der Schöpfungswahrheit ist und dass alle Lebewesen Geschöpfe der einen und einzigen Schöpfung, des Universalbewusstseins, sind und dass die Schöpfung allein das Geheimnis aller Dinge ist und kennt, und dass sie unmessbar viel höher steht als alle Götter und Götzen, die ausnahmslos menschlichen Ursprungs sind.

162) Und zu jener Zeit wird es sein, dass sich die Menschen an die Weissagungen der wahren Propheten und an das erinnern, was einst in aller Vergangenheit war, wie sie auch wissen werden, was die Zukunft sein wird, weil sie durch Vorausschau die Geschehen und den Lauf und Wandel der Welt, der Menschheit und des Universums sowie das Geheimnis des Lebens und des Sterbens erfassen und daher keine Angst mehr vor dem eigenen Tod haben werden, denn sie werden wissen, dass das Leben ewig dauert im Wechsel zum Todesleben und zum neuen Leben auf Erden, wie es die Schöpfung bestimmt hat durch ihre unerschütterlichen Gesetzmässigkeiten, die allgrosszeitlich unabänderlich und von ewiger Gültigkeit sind.

Kontaktgespräch und Voraussagen von Sfath, vom Mittwoch, 1. September 1948

Sfath

1. Heute will ich dir Voraussagen nennen, die teils auch mit Prophetien einhergehen, wobei bezüglich beiden dies nicht die letzten sein werden.
2. Weitere Voraussagen und Prophetien wirst du zu späteren Zeitpunkten noch von Personen erhalten, die nach meiner Zeit die Kontakte mit dir aufrechterhalten werden.
3. Heute habe ich dir jedoch viel zu erklären und kundzutun, was sich bis Ende des Jahres 1963 an Voraussagen ergibt, die ich durch eigene Vorausschauen in meinen Aufzeichnungen festgehalten habe.
4. Weitere Voraussagen über das Jahr 1963 hinaus und bis zum Jahr 2250, die ich durch Vorausschauen in weiterer Zukunft ergründete, habe ich in einem Gesamt-Annuarium festgehalten, die in hauptsächlicher Weise jedoch nur für dein Wissen bestimmt sind und die du zu späterer Zeit bei jenen anfordern kannst, die nach mir kommen werden.
5. Auch sind darunter Voraussagen, die du offen nennen darfst, doch musst du darüber immer in eigener Verantwortung entscheiden.
6. Nach den Voraussagen, die ich dir heute bis zum Jahr 1963 noch gebe, werde ich dir noch eine grössere Anzahl Voraussagen nennen, die bis zum zweiten Jahrzehnt des neuen Jahrtausends, wie aber teilweise auch noch bis in weitere Zukunft darüber hinaus auszuführen sein werden.
7. Einige wenige bestimmte Voraussagen werde ich auch etwas konkretisieren, weil diese in den kommenden Zeiten von besonderer Bedeutung sein werden, während ich aber ansonsten alles in einem normalen erzählenden Rahmen halten und nicht offen ausführlich erklären werde.
8. Natürlich werde ich dir nach meinen Ausführungen noch vielerlei aller Voraussagen näher erklären, doch da ich weiss, dass du in späterer Zeit die Aufzeichnungen aus meinen Annalen erbitten und veröffentlichen wirst, werde ich mich bei meinen Erläuterungen zurückhalten bezüglich Erklärungen.
9. Hast du danach aber noch besondere Fragen zu den einzelnen Voraussagen, dann werde ich natürlich darauf eingehen und dir alles Erforderliche ausführlich erklären.

Eduard (Billy)

Manchmal ist es schwierig für mich, all die unguten Voraussagen so zu verarbeiten, eben dass es schnell genug geht, um mich nicht damit zu belasten. Manche greuliche Dinge machen mir – ehrlich gesagt – manchmal schon Mühe, besonders die grässlichen Geschehen, die du mich durch die Zeitsprünge sehen lässt, seien es die verschiedenen Kriegsverbrechen während des Weltkrieges oder die Köpenickerverbrechen im Jahr 1933 usw. Manchmal ist es wirklich schwierig, auch wenn ich deswegen böse Träume habe.

Sfath

10. Das weiss ich, aber um deiner Mission willen ist es notwendig, dass du von verschiedenen in der Vergangenheit stattgefundenen schlimmen und auch von gegenwärtigen und zukünftigen Geschehen Kenntnis hast und sie auch manchmal direkt beobachten kannst.
11. Nur dadurch wirst du dich in deinem Leben mit allem zurechtfinden und auch deine Mission erfüllen, ohne an dir selbst Schaden zu nehmen.
12. Auch bezüglich der Voraussagen und Prophetien ist es sehr bedeutungsvoll, dass du sie derart verarbeiten kannst, dass sie dich im Bewusstsein und in deinen Gedanken und Gefühlen nicht belasten, wofür die Begründung die ist, dass in Ausübung deiner Mission sehr viel Böses, Negatives, Schlechtes und Übles an dich herantreten wird, das du verarbeiten musst, damit du dich nicht mit allem belastest und deine Arbeit tun kannst.
13. Es ist eine schwere Aufgabe, dies zu erlernen, die dich aber auch sehr stärken und unangreifbar machen wird gegen alle Widerwärtigkeiten aller Art, wie Feindlichkeiten durch Widersacher, Lügner, Besserwisser und Verleumder, denen du infolge deiner Mission Zeit deines Lebens ausgesetzt sein wirst.
14. Und dies wird auch in deiner Familie so sein ab dem Zeitpunkt, wenn du in 18 Jahren in Griechenland heiraten und innerhalb von 7 Jahren eine Tochter und zwei Söhne zeugen wirst, denn dein Ehebündnis wird sehr bösartig sein, auch wenn du es um der Erfüllung deiner Mission willen eingehen musst, weil dies ein weiterer Multiplikator für deine Erstarkung und notwendig sein wird, dass du deine Mission erfüllen kannst.
15. Es wird für dich jedoch ein sehr schwerer Stand sein, denn diese Verbindung wird dich infolge Streit und Verrat sehr schwer belasten, ehe das Verhältnis gegen Ende des Jahrhunderts durch eine Scheidung beendet wird.

16. Dies wird aber nicht das Ende des Bösen bedeuten, denn nach der Auflösung des Ehebündnisses werden von deiner ehemaligen Lebensgefährtin die Lügen und Verleumdungen gegen dich weitergehen, wohinzu sich noch deine Tochter und der jüngste Sohn gesellen werden.
17. Der ältere Sohn jedoch wird nicht gegen dich agieren, sich aber aus der Familie entfernen und seine eigenen Wege gehen, doch wird er nach einigen Jahren deine Hilfe suchen und zu dir zurückfinden und fortan auch hilfreich und mitwirkend zu deiner Mission finden.
18. Und dies wird sich so ergeben im letzten Jahrzehnt dieses Jahrhunderts und im ersten Jahrzehnt des neuen Jahrtausends.

Eduard

Was du sagst, sieht nicht gerade nach einem erfreulichen Leben aus.

Sfath

19. Du wirst dir trotzdem dein Leben erfreulich und freudvoll machen, weil du dich mit Freude, Elan, guten Mutes und grosser Arbeitskraft unermüdlich deiner Mission widmen und sie dir zur Passion machen wirst.
20. Diese Neigung wird dir alle notwendige Kraft, Freude, den eigenen Frieden und die Harmonie verleihen, damit du unumschränkt in jeder Situation immer zufrieden sein wirst, sei es im Glück oder in Trauer.
21. Dazu wird auch all das beitragen, was du durch die dir nahegebrachten Voraussagen jeder Art zu verarbeiten hast und daraus mehr lernst und verstehen wirst, als es sonst einem Menschen möglich sein wird.
22. Dafür wirst du aber nicht zu beneiden sein, denn du wirst durch dein Leben hindurch und durch alle Lehren derart belastet sein, dass du es nur ertragen und verkraften kannst, wenn du über dich selbst hinauszuwachsen vermagst, was dir oft deine allerletzten Kräfte abfordern wird.

Eduard

Du sagst mir immer wieder so ‹erfreuliche› und ‹aufbauende› Dinge, dass ich mir dadurch manchmal beinahe vorkomme wie ein getretener Hund. Meine Vernunft sagt mir aber immer klar, dass es sein muss und dass ich ohne all das, was ich zu lernen habe, meine Aufgabe nicht erfassen und nicht durchführen könnte. Ausserdem kann ich mich aber immer wieder erholen und freuen, wenn du mich irgendwo hinbringst, wo wunderschöne Landschaften, seltene Blumen und sonstige Pflanzen, Vögel und Tiere in den Dschungeln usw. sind. Auch die Vulkane in verschiedenen Ländern, die du mich hast schauen lassen, wie auch die vulkanischen schwarzen Rauchkamine in der Tiefsee und die

richtigen Vulkane, die Vielfältigkeit der kleinsten und grössten Wasserlebewesen, wie auch die vielen anderen Dinge, die du mich immer wieder sehen lässt, wie auch all das Wichtige und Wissenswerte, das du mich immer wieder lehrst, entschädigen mich vollauf, wodurch meine manchmal trüben Gedanken des Getreten-Werdens schnell wieder verschwinden, was ja deinerseits wohl der Zweck der Übung ist, denke ich.

Sfath

23. Womit du recht hast, denn ich weiss, wie du auf alles reagierst, und das schon seit deiner Geburt, seit der ich dich, dein Wesen und all deine Regungen studiert habe und daher weiss, was gut für dich ist.
24. Aber auch später, wenn ich nicht mehr bin, wirst du diese Exkursionen nicht vermissen müssen, denn auch nach mir wird dir dafür die Gelegenheit geboten werden.
25. Und in dieser studierten Weise handle ich, wie du diese Art auch von mir übernommen hast und aus dir selbst heraus in gleicher Weise handelst, wenn du es für notwendig findest, um dich und deine Stimmung in guter Form zu erhalten.
26. Daher setzt du dich dann hin und schreibst wertvolle Bücher, Aufsätze oder Artikel, wie auch Sprüche und Gedichte, oder du führst mit irgendwelchen Menschen tiefsinnige Gespräche.
27. Doch jetzt will ich zu den Voraussagen kommen, die ich dir zu nennen habe:
28. Viele Umwälzungen in der Politik und Weltraumtechnik werden in den kommenden Jahrzehnten grosse Veränderungen im gesamten Weltgeschehen bringen, worüber jedoch nur einige wichtigste Fakten genannt werden sollen, weil Hunderte anderer kommender Vorfälle und Geschehen den Rahmen der Voraussagen sprengen würden, denn heute alle zu nennen wären zu viele.
29. Also will ich erstens der Reihe nach nur die allerwichtigsten kommenden Geschehen und Vorkommnisse nennen, wobei ich erst Jahr für Jahr bis 1963 einiges aufzeigen und dann auch bei den weiteren Ausführungen verschiedener Voraussagen noch einiges einfügen und ausführlicher erklären werde.
30. Beginnen will ich mit dem kommenden Jahr 1949, wenn Jerusalem zur israelischen Hauptstadt, Indien als Mitglied des Commonwealth und China zur Volksrepublik China ausgerufen werden, wonach Nord- und Südkorea als eigenständige Staaten anerkannt werden.
31. Und nächstes Jahr, 1949, wird auch eine Organisation mit Namen NATO gegründet, was für ‹North Atlantic Treaty Organization› stehen

wird, die dann als ‹Organisation eines Nordatlantikpaktes› bestehen wird.

32. Gegründet wird sie werden, weil die Unterzeichnerstaaten ein militärisches Verteidigungsbündnis schaffen wollen, das eine Wertegemeinschaft westlicher Staaten zum Schutz vor der Sowjetunion werden soll.
33. Dann wird eine offizielle Freundschaft zwischen der Sowjetunion und China proklamiert werden.
34. Im Jahr 1952 wird sich einiges an politischen Machenschaften ereignen, die verschiedene Wendungen herbeiführen werden.
35. Es wird auch eine sogenannte ‹Europäische Verteidigungsgemeinschaft› gegründet, und dann werden über der Ostsee auf schwedisch-neutralem Gebiet durch sowjetische Jagdflugzeuge zwei schwedische Luftwaffenmaschinen abgeschossen, was zu mehreren Toten und zu politischen Differenzen, jedoch nicht zu Kriegshandlungen führen wird.
36. Im gleichen Jahr werden die USA Nordkorea bombardieren, das bis ins neue Jahrtausend hinein einer bösen Diktatur unterworfen sein und dann auch unter einem jungen neuen Diktator Atomtests durchführen und Drohungen gegen die USA und alle jene ausstossen wird, die mit den nordkoreanischen Diktaturmachenschaften nicht einverstanden sein werden.
37. In Ägypten wird König Faruq durch einen Staatsstreich und in Jordanien König Talal durch das Militär abgesetzt werden, dann wird Grossbritannien auf einer australischen Insel die erste Atombombe zünden, der dann in einem Atoll im Pazifik der erste Wasserstoffbombentest folgen wird.
38. Für 1953 ist nur ein wichtiges Ereignis zu erwähnen, wobei nur der Tod des sowjetischen Diktators Josef Stalin zu nennen sein wird, wonach dann 1954 ein anderes einzelnes zu nennendes Ereignis sein wird, ein gegenseitiges Verteidigungsabkommen zwischen den USA und Taiwan.
39. 1955 wird sich nichts von Bedeutsamkeit ereignen, jedoch erfolgt im Jahr 1956 in der Sowjetunion ein Prozess der Entstalinisierung, während von den USA mit Ballons und Flugschriften ein aggressives und provozierendes Agieren gegen die Politik Osteuropas und der Sowjetunion erfolgen wird, wogegen sich dann natürlich sowjetische Proteste und auch viele Medien erheben werden.
40. Dann wird auch die Sowjetunion in Kasachstan eine Versuchs-Atombombe zur Explosion bringen, und dann erfolgt ein bewaffneter Konflikt zwischen Ägypten auf der einen und einer Allianz aus Grossbritannien, Frankreich und Israel auf der anderen Seite; dann ergibt sich ein be-

ginnender Guerillakrieg gegen den Diktator Fulgencio Batista auf Kuba, der gestürzt und durch einen Rebellenführer ersetzt werden wird.

41. 1957 dann wird die Sowjetunion eine erste Interkontinentalrakete testen, wie auch den ersten Satelliten Sputnik in den Erdorbit befördern, worüber die USA schockiert sein werden, weshalb sie einen Wettlauf beginnen, um als erste auf dem Mond landen zu können, wozu ihnen alle Mittel recht sein werden.
42. 1958 dann erfolgt die Gründung in bezug auf eine ‹Europäische Wirtschaftsgemeinschaft›, wie auch eine ‹Europäische Investitionsbank›, während in der Schweiz mit einer regulären Fernsehausstrahlung begonnen werden wird.
43. Danach schliessen sich Ägypten und Syrien als ‹Vereinigte Arabische Republik› zusammen.
44. Zur gleichen Zeit werden die USA ihren ersten Satelliten in den Erdorbit setzen, und mit einem Atom-Unterseeboot wird die amerikanische Marine den Nordpol unterqueren, wonach in den USA eine Weltraumorganisation mit der Bezeichnung NASA gebildet werden wird, während gleichzeitig die Länder Tunesien und Marokko sich mit der sogenannten ‹Arabischen Liga› verbinden werden.
45. Danach erfolgt in Pakistan ein Belagerungszustand, wonach eine Militärdiktatur errichtet wird.
46. Im Jahr 1959 wird die Sowjetunion einen Satelliten zum Mond entsenden, während die USA Alaska als 49. Bundesstaat in die Staatengemeinschaft eingliedern und Hawaii seine Eigenstaatlichkeit zugestehen werden.
47. Eine sowjetische Sonde wird den Mond erreichen und auf diesem zerschellen.
48. Eine weitere sowjetische Rakete wird gestartet werden, um den Mond zu umrunden; drei Wochen später wird die pakistanische Stadt Rawalpindi am Fusse des Himalaya zur neuen Hauptstadt der Republik Pakistan proklamiert, danach erfolgt in Lhasa ein Volksaufstand gegen die chinesische Besetzung Tibets, der jedoch niedergeschlagen und Tibet von China annektiert werden und der 14. Dalai Lama ins Exil nach Indien flüchten wird.
49. Für das Jahr 1960 ist die Wichtigkeit zu nennen, dass der Name der südamerikanischen Hauptstadt von Brasilien, Rio de Janeiro, abgelöst und dieses Land eine neue Hauptstadt namens ‹Brasilia› erhalten wird.
50. Zur friedlichen Verwendung von Kernenergie wird ein Atomgesetz in Kraft treten; dann wird das erste Atom-U-Boot der USA in Dienst gestellt, das auch mit Mittelstreckenraketen ausgestattet sein wird.

51. Dann folgt eine Serie von Unabhängigkeiten-Erteilungen, so für das afrikanische Land Ost-Kamerun, die Republik Niger, die Republik Gabun, auch Obervolta, das 1984 in ‹Burkina Faso› umbenannt werden wird, dann auch für Madagaskar, die République de Côte d'Ivoire, die Republik Tschad, die Zentralafrikanische Republik, die Republik Kongo, Mauretanien sowie Senegal, Nigeria und Togo, wie aber auch British Somaliland und ebenfalls Belgisch-Zaire usw.
52. Auch das britische Zypern wird unabhängig, das südliche Somalia wird ebenfalls unabhängig und Italienisch-Somalia, wobei sich Somaliland und Italienisch-Somalia dann zu Somalia vereinigen werden.
53. In Indonesien werden die Tätigkeiten der Parteien nachdrücklich eingeschränkt werden.
54. In Marokko und in Chile werden schwere Erdbeben erfolgen, die viele Tausende Tote fordern werden.
55. Ein US-Spionageflugzeug vom Typ U-2 wird über Swerdlowsk von sowjetischen Streitkräften abgeschossen.
56. Bekanntgegeben wird dies erst später.
57. Ein geheimes Spionageflugzeug der USA wird über der Sowjetunion von sowjetischen Militärkräften abgeschossen werden, dann wird das türkische Militär gegen die Regierung putschen, wonach der Staatschef hingerichtet werden wird.
58. In Bagdad wird als Zusammenschluss ‹Netto Ölexportländer mit ähnlichen politischen Interessen›, eine ‹Organisation für wirtschaftliche Zusammenarbeit›, gegründet (Anm. Billy: ‹Organization of the Petroleum Exporting Countries› abgekürzt OPEC), zu deren Gründungsländern Irak, Iran, Kuwait, Saudi-Arabien sowie Venezuela gehören werden.
59. In Europa wird eine ‹Europäische Organisation für Flugsicherung› gegründet, wie auch eine ‹Organisation für wirtschaftliche Zusammenarbeit und Entwicklungshilfe›.
60. Im Herbst 1961 werden sowjetische und DDR-Verbände der Volkspolizei und Nationalen Volksarmee zusammen mit Betriebskampfgruppen die Grenze zu Westdeutschland mit Stacheldraht verbauen, jedoch wird bald darauf eine Mauer aus Hohlblocksteinen und Betonpfählen erbaut werden.
61. Danach wird das Jahr 1962 einiges Unerfreuliche bringen, beginnend mit der Teilung der Stadt Berlin in Ost- und Westberlin, nachdem nächstes Jahr, also 1949, die ‹Deutsche Demokratische Republik›, resp. DDR, gegründet und Deutschland während rund 40 Jahren, bis 1989, in zwei Staaten teilen, was viele Tote fordern wird, weil die Menschen dann aus der DDR flüchten wollen.

62. Dann wird eine sowjetische Störaktion gegen den West-Berliner Luftverkehr durchgeführt werden.
63. In Jemen wird von der Armee die Monarchie gestürzt und eine Republik ausgerufen werden.
64. Auch in diesem Jahr werden diverse Länder ihre Unabhängigkeit erlangen, während von der Sowjetunion auf Kuba Mittelstreckenraketen stationiert werden, was zu gefährlichen Konfrontationen mit den USA führen wird.
65. Die stationierten Raketen werden nach harten Verhandlungen wieder entfernt, womit dann die Kubakrise enden wird.
66. In Indien werden chinesische Militärs ins Staatsgebiet eindringen, was zu einem Indisch-Chinesischen Grenzkrieg führen wird.
67. Im Jahr 1963 wird in Paraguay durch das Militär ein politischer Umsturz erfolgen und der Diktator abgesetzt werden.
68. West-Neuguinea wird Teil der asiatischen Republik Indonesien werden.
69. Die Sowjetunion wird eine bemannte Raumkapsel starten, die fünf Tage im Orbit bleiben und rund 80mal um die Erde kreisen wird.
70. In Moskau wird zwischen der Sowjetunion, Grossbritannien und den USA vertraglich eine Vereinbarung in bezug auf ein Verbot von Atomwaffentests in der Atmosphäre, im Weltraum und unter Wasser beschlossen werden.
71. Der von Grossbritannien abhängige asiatische Staat Singapur wird unabhängig werden.
72. In den USA wird der Staatspräsident durch ein Attentat ermordet werden.
73. Im Irak wird ein Putsch der irakischen Arabisch-Sozialistischen Baath-Partei zum Sturz der Regierung führen.
74. Innerhalb der Indischen Union wird die Region Nagaland ein eigener Bundesstaat.
75. Allein diese bisher genannten Tatsachen werden das Weltbild sehr stark verändern und bis ins dritte Jahrtausend hinein schwerwiegende Folgen zeitigen.
76. Auch in der Natur, der Pflanzen- und Tierwelt und besonders in der Arktis und Antarktis sowie auf allen Kontinenten der Erde – wie auch Ausartungen durch verantwortungslose Machenschaften der immer mehr überbordenden Menschheit der Erde – bringen bereits seit dem Beginn des Weltkrieges im Jahr 1914, wie auch in kommender Zeit und bis weit ins dritte Jahrtausend hinein, ungewöhnliche und zerstörerische Veränderungen über den ganzen Planeten.
77. Fortan wird sich durch die ungeheuer wachsende Überbevölkerung das Klima verändern, zusammen mit der schon vor mehreren hundert

Jahren auf der Erde begonnenen neuen Polwanderung, durch die Tiere und Getier in ihrem magnetischen Orientierungssinn beeinträchtigt werden, besonders grosse Meereslebewesen, die dem Sterben anheimfallen, weil sie die Orientierung verlieren und dann stranden.

78. Dabei wird es durch die Polverschiebungen dazu kommen, dass es dort, wo jetzt noch ein kaltes oder gemässigtes Klima herrscht, tropisch wird, während dort, wo Wärme und Hitze herrschen, die Kälte, wie aber auch gemässigte Zonen sich ausbreiten werden.
79. Und dies wird einerseits so kommen durch alles verbrecherische Tun der Menschen, die durch die Erdausbeutung und durch Atombombentests, die noch bis in neue Jahrtausend anhalten werden, das Innere der Erde verändern und Erdplattenverschiebungen hervorrufen, wobei aber anderseits auch in natürlicher Weise durch die Polwanderung zu diesen Veränderungen beigetragen wird.
80. Die Polwanderung ist jedoch dabei nicht das wirklich grosse Übel, sondern diesbezüglich sind es die verantwortungslosen Eingriffe in die Natur, in den Planeten selbst sowie in die Pflanzen- und natürliche Lebewesenwelt.
81. Das grosse Ganze wird allein durch umfänglich zerstörerische Machenschaften der Menschheit erzeugt, so in bezug auf die ganze Beeinträchtigung allen Lebens und hinsichtlich der klimazerstörenden Einflüsse, woraus ungeahnte Naturkatastrophen resultieren werden.
82. Daraus folgend werden also durch die Schuld der Erdenmenschheit die Natur und die Wasserwelten, wie auch die Pflanzen- und Tierwelten in ihren Lebensweisen und in ihrem Existierenkönnen beeinträchtigt, wie aber auch durch vielartige Gifte getötet, vernichtet und zum Aussterben gebracht.
83. Dadurch wird in kommenden Zeiten viel Lebendiges sterben und ausgerottet werden.
84. Durch die Ausbeutung der Erdschätze wird die geologische Beschaffenheit der Erde verändert, und es treten allmählich innerirdische Verschiebungen der Erdplatten in Erscheinung, aufgrund derer gewaltige Erdbeben und Vulkanausbrüche in allen Gebieten der Erde auftreten, wodurch Hunderttausende Menschen sterben und urweltliche Zerstörungen hervorgerufen werden, wie auch viele Kriege und Terror Millionen von Menschenleben fordern und auch viele wertvolle Altertümer unwiderruflich zerstört werden.
85. Durch die schon seit geraumer Zeit laufende Polwanderung ergibt sich im Bermuda-Dreieck, einem Gebiet nördlich der Karibik, das zwischen der Insel Bermuda, einem britischen Überseegebiet im Atlantik und der Küste Floridas liegt, dass dieses in den ersten Anfängen sich zu

vergrössern beginnt, wodurch es sich in den kommenden Zeiten und weit ins dritte Jahrtausend hinein erweitern wird.

86. Gleichsam geschieht es mit dem Gegenstück ‹Drachen-Dreieck› im Teufelsmeer, in einem Gebiet im Pazifik, etwa 100 km südlich von Tokio/Japan bei der Miyake-Insel.
87. Das Drachen-Dreieck und das Bermuda-Dreieck gelten als Orte, wo Schiffe und Flugzeuge unter mysteriösen Umständen verschwinden.
88. Die Besonderheit der beiden Gebiets-Dreiecke ist, dass sich einerseits beide auf dem gleichen Breitengrad befinden und nahezu an gegenüberliegenden Punkten liegen, wo aber in beiden Gebieten auch sogenannte ‹Geisterschiffe› auftauchen.
89. In den Weltmeeren werden sich durch einen bereits begonnenen und sehr schnell fortschreitenden Klimasturz und die ebenso seit einigen Jahrhunderten laufende Polwanderung zukünftig auch die Monsterwellen, Drei Schwestern und Weisse Wände mehren, was sich auch auf das Phänomen Kaventsmann beziehen wird.
90. Die Monsterwellen resp. Megawellen, die seit Bestehen der Ozeane häufig in Erscheinung treten, können mehr als 30 Meter hoch werden und selbst grosse Ozeanschiffe rettungslos in die Tiefe reissen.
91. Durch ungeheure Unwetter und das Ansteigen der Meeresspiegel infolge der Polschmelzen werden viele Teile der Landschaften vieler Länder und auch die Küsten meerangrenzender Staaten zerstört, und zwar sowohl in gesamt Europa bis im Osten zur Beringsee, Afrika, Asien, Amerika, Australien, China, Indien, Japan, Kanada, Neuseeland, Südamerika und Tasmanien usw.
92. Es wird aber in kommender Zeit auch sein, dass durch innerirdische Bewegungen Verschiebungen der Meeresuntergründe erfolgen und im Atlantik und im Pazifik vielfach neues Land hochgeschoben wird.
93. Und wo heute noch Küstenlinien vieler Länder sind, werden die Meere mit ihren Wassern gewaltig ins Land dringen und viele menschliche Errungenschaften unwiderruflich zerstören und verschlingen, wie auch viel Leben aller Art dem Tod überantworten.
94. Viele Wasser von Bächen, Flüssen und Seen werden durch Wasserraub versiegen, den die Menschheit betreiben wird, um von Natur aus unfruchtbare Böden um der Nahrungsmittelproduktion willen zu bewässern, was jedoch vielerorts in krasser Weise zur Klimaveränderung beitragen wird.
95. Weiter werden aber auch grosse Flächen fruchtbares Kulturland zerstört, und zwar in allen Ländern der Erde, weil immer weniger Platz für die wachsende Überbevölkerung bleibt, die immer mehr Wohnbauten, Strassen, Wege und Fabriken usw. benötigen wird, um durch

die falsche Nutzung des Kulturlandes existieren und sich bewegen zu können.

96. Allerlei Verkehrswege werden in kommenden Zeiten immer weiter ausgebaut werden, die jedoch immer und immer wieder schnell zu klein sein werden, um das ungeheuer wachsende Verkehrsaufkommen bewältigen zu können, folglich abermals und abermals und immer mehr neue Strassen, Wege und Eisenbahnstrassen gebaut werden müssen.
97. Das Aufkommen der Verkehrsvehikel aller Art wird ungeahnte Ausmasse erreichen, so bereits zu Beginn des dritten Jahrtausends weltweit Milliarden von Fahrzeugen die Verkehrswege überlasten und verstopfen werden, was jedoch noch sehr viel umfangreicher werden wird, je rasanter die Überbevölkerung in Zukunft wachsen wird.
98. So, wie der gesamte Strassen- und Eisenbahnverkehr auf der Erde in furchterregender Weise wachsen wird, so wird sich das schon bald auch mit Satelliten im nahen und weiteren Weltraum ergeben, der von hunderten Satelliten und zigtausenden Raketen- und sonstigen in den Orbit gelangenden Trümmerstücken wimmeln wird, wie in einigen Jahrzehnten auch Raumstationen um die Erde kreisen werden.
99. Der Beginn dazu wird in den nächsten zwei Jahrzehnten erfolgen, wenn Bemühungen unternommen werden, in den nahen irdischen Weltraum zu gelangen und auch Raketen und Vehikel zum Erdmond zu bringen.
100. 1961 wird so erstmals die Sowjetunion eine bemannte Raumkapsel in den Orbit bringen und dann auch wieder eine glückende Landung zu vollbringen vermögen.
101. Es werden in all den nächsten Jahren unbemannte und ferngesteuerte Vehikel auf den Mond gebracht, und zwar sowohl von den USA als auch von der Sowjetunion.
102. Damit wird dann zwischen den USA und der Sowjetunion ein Wettrennen zum Mond stattfinden, was den USA gegen Ende 1969 auch gelingen wird, wie auch mehrere Male danach.
103. Doch vorerst wird jedoch dem Ganzen vorhergehend ein grosser Betrug erfolgen, indem mit einer fingierten und auf der Erde gefilmten Mondlandung, die weltweit ausgestrahlt werden wird, ein Sieg und Vorsprung vor der Sowjetunion aufgezeigt werden soll.
104. Die angeblichen Astronauten werden dafür hypnotisch derart beeinflusst, dass sie glauben, tatsächlich die Mondmission erfüllt zu haben, während viele Mitarbeitende am Betrug unter Drogen und Hypnose gesetzt und alles vergessen werden, folglich letztendlich nur drei Leute wirklich das Wissen um den Betrug haben und diese werden schweigen.

105. 1971 dann wird ein sogenanntes ‹Weltwirtschaftsforum› (Anm. Billy: ‹World Economic Forum›; kurz WEF) im Schweizer Kanton Genf als Stiftung gegründet, die schon nach geraumer Zeit im Volk für viel Aufruhr und Ärger sorgen wird.
106. Bei diesem Forum werden sich dann jeweils international führende Wirtschaftsexperten, Politiker, Intellektuelle und Journalisten treffen, um über aktuelle globale Wirtschafts-, Gesundheits- und Umweltpolitikfragen zu diskutieren und um eine umgreifende Globalisierung ins Leben zu rufen.
107. Dies wird nicht harmlos sein, denn durch die Globalisierung, die angestrebt und auch zustande kommen wird, werden in wenigen Jahren weltweit Lebensformen aller Gattungen und Arten in andere Länder verschleppt, wo sie die einheimischen Lebensformen verdrängen und ausrotten werden.
108. Dies werden Amphibien, Fische, Säugetiere, Insekten, Getiere, Pflanzen, Reptilien und Vögel mancherlei Gattungen und Arten sein, wobei dann aber durch die Globalisierung auch allerlei Krankheiten und Seuchen als Epidemien, Endemien und Pandemien weltweit verschleppt und zu grassieren beginnen werden.
109. Bereits in den Jahren 1957, 1958 wird eine Virusgrippepandemie weltweit rund 2 Millionen Tote fordern, eine weitere Virusgrippepandemie wird 1968 folgen und bis 1970 anhalten, wobei diese weltweit eine Million Todesopfer fordern wird.
110. 1979 kommt es dann in der Sowjetunion zu einer Milzbrandepidemie, der gesamthaft rund 350 Menschen zum Opfer fallen werden.
111. 1980 wird eine Immunschwäche-Pandemie ausbrechen, woran bis zum Jahr 2020 weltweit rund 39 Millionen Menschen sterben werden.
112. Im Jahr 2000 wird Kanada durch verseuchtes Trinkwasser einer kleinen Epidemie verfallen.
113. 2002 und 2003 werden die Jahre einer Pandemie sein, die weltweit rund 1000 Menschenleben fordern wird.
114. Eine ‹Schweinegrippe› wird in den Jahren 2009 und 2010 folgen, woran rund 20 000 Menschen sterben werden, während im gleichen Jahr in Südamerika eine Seuche ausbrechen und sich bis zum Jahr 2015 und darüber hinaus in grosse Teile Lateinamerikas und andere Länder ausbreiten und Tausende Tote fordern wird.
115. Im gleichen Jahr breitet sich auch die Pest wieder aus und fordert rund 600 Tote, später dann im Jahr 2014 wird die Pest in Madagaskar weitere Todesopfer fordern.
116. Haiti wird ab 2010 von der Cholera heimgesucht werden, die dann viele Tausende Menschenleben fordert, wonach 2011 in Norddeutsch-

land eine kleine Epidemie rund 60 Menschen das Leben kosten wird.

117. Im Jahr 2013 wird in Europa eine kleine Epidemie einigen Menschen den Tod bringen, während in Zentralamerika rund 1 Million Menschen epidemisch an Fieber erkranken und einige hundert daran sterben werden.
118. Im Jahr 2014 wird dann in Westafrika eine Epidemie ausbrechen, die rund 14 000 Menschenleben fordern wird, dann jedoch nur vorläufig eingedämmt werden kann.
119. Danach wird dann im Jahr 2015 wieder jene epidemische Seuche in vielen Staaten Lateinamerikas auftreten, wie diese bereits in den Jahren 2009 und 2010 aufgetreten sein wird.
120. Solcherart Krankheiten und Seuchen ergeben sich aber auch weiter in den Jahren … (Anm. Billy: Diese Daten habe ich zu verschweigen, denn es sollen durch zu früh genannte Voraussagen nicht Angst und Schrecken verbreitet werden).
121. Radikaler Extremismus und Bürgeraufruhr in vielen Ländern werden in kommenden Zeiten zu blutigen Aufständen, zu Bürgerkriegen und zu religiösem und sektiererischem Terrorismus führen, wobei im neuen Jahrtausend besonders Libyen, Ägypten, die Türkei, Irak und Syrien im Fokus alles aufständischen und mörderischen Bösen stehen werden.
122. Die Erde wird in manchen Teilen aufbrechen und England sowie ein grosser Teil Japans werden vom Meer verschlungen, wobei sich aber auch der Nordteil Europas tiefgreifend verändern und unbewohnbar werden wird.
123. Gesamthaft wird sich so eine neue Ordnung des Planeten aufbauen, wobei auch eine Reinigung in den hohen Regierungen und den ihnen unterstellten niederen Ämtern stattfinden wird, weil die Völker gegen sie aufstehen und sie fordern werden, dass ihnen grössere Rücksicht geboten und die einzelnen Menschen und deren Anliegen ernst genommen werden.
124. Es werden dadurch und durch andere bestimmte Umstände politische, wirtschaftliche und andere Verhältnisse in Erscheinung treten, was dazu führen wird, dass unter den Menschen eine bessere Gleichheit und ein grösseres Verständnis für- und untereinander sowie für die Bedürfnisse des einzelnen Menschen angestrebt werden.
125. Mit all den Umwälzungen und Änderungen, die unabwendbar kommen werden, was absolut sicher ist, geht auch eine bisher noch nie dagewesene revolutionäre Evolution auf allen technischen, medizinischen und allen sonstig wissenschaftlichen Gebieten einher, was zu einer sehr langanhaltenden rasanten Entwicklungsperiode führen

wird, was einen unermesslich grossen und schnellen Fortschritt auf allen erdenklich möglichen Gebieten mit sich bringen wird.

126. Dies gegensätzlich zum religiösen Denken, das durch die grosse und weitumfassende Angst der Weltbevölkerung infolge vieler Kriegs- und Terrorismusgeschehen zu neuem Religions- und Sektenglauben getrieben, jedoch dadurch von allen Fakten der Realität und der daraus hervorgehenden Wahrheit abfallen wird.
127. Viele werden sich zwar von ihren Religionen abwenden, weil sie wahrheitsdenkend werden, wobei sie jedoch nichtsdestotrotz ohne Religionszugehörigkeit ihrem falschen Glauben frönen, weil sie diesem von Kindheit an verfallen sind und sich nicht von ihm zu befreien vermögen.
128. In ihrem Glauben werden sie auch der lügenhaften Politik hörig sein und damit weltweit den Unfrieden schüren, besonders in Amerika und in Europa, wo eine Diktatur-Union entstehen und zusammen mit Amerika Feindlichkeiten gegen die Sowjetunion zusammenbrauen wird, die aufgelöst und ab dem Jahr 1991 Russland genannt werden wird.
129. Dieses neu entstehende Russland wird es dann sein, das die Basis für einen weitgreifenden Frieden schaffen wird, wobei aber unter Umständen erst ein russischer Waffengang gegen die Diktatur-Union in Europa und gegen Amerika losbrechen kann, weil diese verantwortungslos und in friedenszerstörender Weise mit kriegshetzenden Machenschaften gegen Russland agieren werden.
130. Doch Russland wird den Kommunismus beenden und auch rundum nach friedlichen Werten suchen, und zwar ganz entgegen Amerika und der Diktatur-Union in Europa.
131. Nichtsdestotrotz wird sich jedoch ab 1998 ergeben, dass durch eine Reihe friedliebender und vernünftiger Politiker dahin tendiert wird, dass sehr viele Bemühungen und gute Aktivitäten stattfinden, die allmähliche politische Veränderungen zum Guten herbeiführen sollen, was jedoch alle Gegenspieler der Diktatur-Union in Europa und Amerika auf den Plan rufen wird, die nicht Frieden, sondern Unfrieden wollen, um damit in kriegerischer Weise ihre Herrschaftsansprüche auf andere Länder befriedigen zu können.
132. Dadurch wird die Periode kommen, durch die infolge der Provokation durch die Diktatur-Union in Europa und Amerika gegen Russland wieder die Gefahr eines weiteren weltumfassenden Krieges wachsen wird, wenn sich das zurückhaltende und den Frieden anstrebende Russland unter Umständen doch zu einem Waffengang zwingen lassen wird, was in zukünftiger Zeit noch nicht ergründet ist und einer

Prophetie entspricht, wodurch noch nicht gesagt werden kann, ob eine oder keine katastrophale Aktivität in dieser Periode in Erscheinung treten wird.

133. Das menschliche Leben wird jedoch so oder so weitergehen, das steht fest, und zwar ganz gleich, ob ein weiterer weltweiter Krieg die Erdenmenschheit treffen wird oder nicht, wie auch durch die Erdveränderungen, die durch die Polwanderung hervorgerufen werden.
134. Das Ganze des noch Unsicheren darf nicht missgedeutet werden, denn jede Prophetie ist durch ein Handeln in Vernunft und mit Verstand derart zu ändern, dass sie sich nicht erfüllen muss, sondern sich zum Besseren, Guten und Positiven wandeln kann.
135. Alle Affekte werden über Jahre, Jahrzehnte und Jahrhunderte aufgebaut, doch das Ereignis, das sich aus einer Prophetie ergibt, wird immer gemäss dem vernünftigen oder unvernünftigen Handeln der Menschen bestimmt, so also im Guten oder Bösen resp. im Positiven oder Negativen.
136. Was sich aber durch reine naturgegebene Abläufe und Geschehen ergibt, das wird unweigerlich zutreffen, weil es vom Menschen nicht beeinflusst werden kann, wenn der Ablauf bereits jenen Zenit überschritten hat, bei dem durch die Menschheit keine Beeinflussung mehr möglich ist.
137. Und exakt dies wird der Fall sein, wenn bis zum kommenden Jahrtausendwechsel die Erdbevölkerung nicht auf die prophetischen und voraussagenden Warnungen hört und in ihrem Zerstörungsgebaren weiterfährt.
138. Und in dieser Beziehung ist die unaufhaltsam wachsende Überbevölkerung an erster Stelle zu nennen, in weiterer Folge jedoch alles Zerstörende, das durch die überbordende Masse Erdenmenschheit am Planeten Erde, der Natur, der Pflanzenwelt und der Welt aller Lebewesen in vernichtender und ausrottender Weise verantwortungslos angerichtet wird.
139. Diese Voraussagen, die auch mehrfach wiederholenderweise hinsichtlich bereits geäusserter kommender Geschehen angesprochen und erwähnt werden, weil alles von sehr grosser Bedeutung ist, sind sehr ernst zu nehmen.
140. Grundsätzlich legen sie dar, dass deren Erfüllung unabwendbar sein wird, wobei sie in kommenden Zeiten bis weit ins dritte Jahrtausend hinein Geltung haben und sehr grosse Umwälzungen bringen werden.
141. Zunächst wird ein bisher noch nie dagewesener Wohlstand in allen Bevölkerungsschichten aufkommen, was auch zur Reichtumsgier führen wird.

142. Dies wird mit sich bringen, dass für viele Menschen ungeheurer Reichtum zum Lebensinhalt wird, folglich sie nach Reichtum gieren und durch allerlei Kriminalität und Glücksspiele zu vielfachen Millionären und Milliardären werden.
143. Und all dies wird mit sich bringen, dass Betrüger, sonstige Kriminelle und allerlei Finanzjongleure viele unbedarfte Menschen aus verschiedenen Gesellschaftsschichten um Dutzende und Hunderte von Millionen Schweizerfranken, D-Mark und Dollar betrügen und die Betrogenen an den Bettelstab bringen.
144. Auch Bankmenschen werden sich diesen Betrügereien anschliessen und horrende Entlohnungen in Millionenhöhe kassieren, wie aber auch die Banken selbst schädigen.
145. Lug und Betrug wird wie nie zuvor rundum in grossem Mass aufkommen, wie auch Familientragödien mit vielen Todesopfern, wie das auch in Schulen usw. durch psychisch gestörte Täterschaften sowie durch terroristische Attentate bei öffentlichen Veranstaltungen und Menschenansammlungen immer mehr der Fall sein wird.
146. Durch den kommenden Reichtum in allen Bevölkerungsschichten werden die Menschen egoistisch, selbstsüchtig und habgierig wie noch nie zuvor, wodurch auch die Kriminalität und die Gewaltverbrechen in hohem Masse ansteigen werden.
147. Alle Regeln des Guten und Richtigen werden in den kommenden Jahrzehnten und bis weit ins neue Jahrtausend hinein bösartig verdorben und missbraucht werden, wobei unzählige Menschen alle ihre guten Vorsätze aufgeben und dadurch ausartende anarchistische Machenschaften aufkommen und wovon besonders Jugendliche und Mittelalterliche betroffen sein werden.
148. Sehr viel des Guten, Positiven und Rechtschaffenen sowie der korrekten Verhaltensweisen wird von den kommenden Generationen missachtet, nicht mehr gelernt und vergessen, wie auch sehr viel des Fortschrittlichen, des Lernens und des Allgemeinwissens, wie auch, was wirklicher Frieden, was Freiheit, Harmonie, Liebe sowie was Mitgefühl für die Mitmenschen, die Natur und deren Welt der Pflanzen und aller Lebensformen sind.
149. Es wird eine immer umfangreichere Feigheit und Gleichgültigkeit unter der Erdenmenschheit aufkommen, die in erschreckendem Mass derart ausarten wird, dass Menschen im Angesicht von Mitmenschen ausgeraubt, gefoltert, geprügelt, ausgepeitscht, geschunden, vergewaltigt und gar getötet werden, ohne dass ihnen zu Hilfe geeilt, sondern nur tatenlos zugesehen wird.
150. Viele junge Menschen, Kinder und Jugendliche, verfallen der Gleich-

gültigkeit, Mitgefühllosigkeit sowie der Gedanken- und Gefühlsarmut, weil ihr menschliches Fühlen und Denken, wie auch die Summe aller Bewusstseins-Eigenschaften und Persönlichkeitsmerkmale, bei ihnen verlorengehen, und zwar bis hin zum Verlorengehen des Kostbarsten und Wertvollsten überhaupt, nämlich des Verstandes und der Vernunft.

151. Es wird ihnen auch an wirklicher Lebendigkeit fehlen, insbesondere alle selbst wahrnehmbaren Einzelerscheinungen oder Ausformungen der eigenen Lebendigkeit und Lebhaftigkeit.
152. Das Gros der Jugendlichen wird in den kommenden Zeiten bis weit ins neue Jahrtausend hinein vom Luxus abhängig, wird sich nur noch in schlechten Manieren ergehen und jede Autorität verachten.
153. Sie werden den Anstand und Respekt verachten, und zwar ebenso vor sich selbst wie auch vor den alten Menschen, der Obrigkeit, der Polizei und den Mitmenschen allgemein.
154. Sie werden nicht mehr arbeiten, sondern nur noch unehrlich von dem leben wollen, was andere in rechtschaffener Weise erarbeiten.
155. Das Gros der Jugendlichen – auch schon Kinder – werden ihren Eltern und Lehrern widersprechen und sie tyrannisieren, während sie sich in der Gesellschaft auffallend schlecht benehmen.
156. Und all dieses schlechte Gebaren wird sich bis in die Zeit der Mittelalterlichkeit erhalten, folglich sich auch 30- und 40-jährige noch in diesen Weisen benehmen werden.
157. Dabei werden auch noch halluzinogene Drogen missbraucht werden, wodurch Drogensucht zum Alltag werden wird und die Jugendlichen – wie auch Ältere – zu keinerlei Arbeit mehr zu gebrauchen sein und zu schizophrenen Erkrankungen neigen werden.
158. Zudem werden diese Art Jugendliche oft kriminell armengenössig und müssen von der Gesellschaft ernährt, medizinisch versorgt und erhalten werden.
159. Die Lebenswerte werden in den kommenden Zeiten von vielen Menschen vergessen oder bewusst mit Füssen getreten, wie auch ein Abfall von jeder Sittlichkeit erfolgt und gar weitum eine Sittenverderbnis bis hin zur offenen Hurerei, wodurch sich alles sehr schnell zum staatlich erlaubten, offenen und steuerpflichtigen Hurenwesen entwickelt.
160. Und diese Hurerei wird zum Lustgewerbe für Unzählige beiderlei Geschlechts, die es ausüben, wie aber auch in Anspruch nehmen und wobei auch Kinder jeden Alters darin einbezogen werden, weil der sexuelle Kindesmissbrauch weltweit überhandnehmen wird.
161. Und diese ganze Hurerei wird über die ganze Erde hinauswachsen, weil die kommende elektronische Informationsmöglichkeit alle Tore

öffnet, dass sich alle Hurenden und Kindsmissbrauchenden untereinander verständigen, verabreden und treffen können, um ihr schamloses Unwerk auszuüben.

162. Und alles wird derart ausarten, wie es noch nie zuvor in Erscheinung getreten ist und selbst die Legende von Sodom und Gomorrha übertreffen wird.
163. Aus dem letzten resp. dem Dritten Weltkrieg, der 1939 bis 1945 wütete, sind bereits radikale Extremistengruppierungen in Nazimanier hervorgegangen, die sich in den kommenden Zeiten weltweit verbreiten werden, beginnend in Deutschland und sich in Europa ausbreitend, um auch in den USA, Russland und in anderen Ländern aktiv zu werden.
164. Auch mörderische Terrororganisationen werden entstehen, und zwar besonders in arabischen und vorderasiatischen sowie direkt asiatischen Staaten, wobei die Schuldbarkeit zur Entstehung dieser Mordorganisationen durch Amerika gefördert werden wird, weil es die Terroristen selbst zu Kämpfern ausbilden und sie dann mit allen notwendigen Waffen usw. versehen wird.
165. Dabei bringen auch geheimdienstliche und kriegerische Machenschaften Amerikas viel Unheil über viele Länder der Erde, und zwar durch Kriegsmorderei und Zerstörungen, die in kommenden Zeiten bis weit ins dritte Jahrtausend hinein durch amerikanisches Militär und gekaufte Söldner angerichtet werden.
166. Es wird auch nach den drei bisherigen Weltkriegen, also nach dem Ende des 1945 beendeten und bisher letzten, weitere grosse, schreckliche Kriege geben, so erst in asiatischen Ländern, wo die französische Fremdenlegion, wie aber auch die Amerikaner in mehreren Ländern kriegerische und ungeheuerliche Unmenschlichkeiten anrichten werden.
167. Dann erfolgt ab 1978 in Afghanistan ein bis ins dritte Jahrtausend anhaltender Konfliktzustand, in den sich die USA ab dem Jahr 2001 kriegsführend einmischen und eine Terrororganisation bekämpfen werden, wonach im zweiten Jahrzehnt durch eine besondere Geheimaktion einer Spezialeinheit der Terroristenführer getötet werden wird.
168. 1979 wird ein Krieg zwischen Irak und Persien am Persischen Golf erfolgen, in den sich die USA auch einmischen werden.
169. 1990 wird dann der diktatorische Irak Kuwait angreifen und annektieren, was abermals ein Grund für die USA sein wird, durch den Befehl des Präsidenten im Jahr 1991 im Irak einzufallen und einen blutigen und zerstörenden Krieg zu führen.

170. Im dritten Jahr nach der Jahrtausendwende wird durch die USA ein weiterer grosser Krieg im Irak stattfinden, wo amerikanische Truppen einfallen und als siegende Besatzungsmacht hervorgehen und zudem den Diktator exekutieren werden.
171. Auch dieser Krieg wird viele Tote fordern und grosse Zerstörungen hervorbringen.
172. Für beide Kriege werden also die USA und speziell deren zwei verantwortungslose US-Präsidenten – Vater und Sohn – die Verantwortung zu tragen haben.
173. Alles wird diesbezüglich infolge unhaltbarer und verantwortungsloser Lügen der beiden Präsidenten, wie auch der Geheimdienste, zustande kommen, folglich diese die Schuldbarkeit zu tragen haben.
174. Fortan werden dann in den dortigen Regionen, wie auch in Syrien, endlose religiöse Glaubenswahnattentate und Morde regieren.
175. Durch Amerikas Schuld wird gleichenorts eine islamistisch geprägte Terrororganisation unvorstellbarer Brutalität und Grausamkeit entstehen, durch deren mörderisch geprägte Terrorakte dann weltweit – auch in ganz Europa – Furcht und Schrecken entstehen, und zwar ausgehend von einem Verbrecher, der sich als Kalif benennen und ein Kalifat ausrufen lassen will (Anm. Billy: Mit dem Titel ‹Kalif› gibt sich ein Mann selbst den Titel eines Vertreters oder Nachfolgers des Propheten Mohammed, während das ‹Kalifat› das Gebiet seiner Herrschaft ist. Die islamistisch geprägte Terrororganisation hat in Wahrheit nichts mit der Islam-Religion zu tun, die jedoch trotzdem vom Anführer der islamistischen Terrororganisation vorgeschoben wird).
176. Die mörderischen Taten dieser Terrororganisation werden durch Fanatiker und weltweit zusammengesuchte Abenteurer, Irregeführte, Kriminelle, Haltlose und Verbrecher ausgeübt werden, die jahrelang ein blutiges Unwesen treiben, Menschen foltern, massakrieren, Frauen und Mädchen vergewaltigen, Menschen entführen, wie aber auch Unzählige enthaupten und sie sonstigen brutalen und bestialischen Toden überliefern.
177. Die in den nächsten Jahrzehnten entstehenden grossen Terrororganisationen, die durch die Geheimdienst- sowie Kriegsverbrechen der USA zustande kommen, die aber auch scheinreligiös bedingt sein werden, entstehen in ihrem Ursprung in arabischen Staaten und werden sich ebenso rund um die Welt verbreiten wie auch diverse spätere Terrororganisationen, die gleichfalls durch verbrecherische militärische und geheimdienstliche Machenschaften der Vereinigten Staaten von Amerika hervorgehen und auch in mehreren Ländern von Europa und auch in den USA viele Tote fordern werden.

178. Auch anderweitig entstehen Terrororganisationen, auch in Europa, wo besonders rechtsextreme Terrorgruppierungen bis weit ins dritte Jahrtausend hinein ihr anarchistisches sowie fremden- und rassenfeindliches Unwesen treiben werden.
179. Die USA fördern – wie seit alters her – auch in kommenden Zeiten durch ihre kriminellen politischen und geheimdienstlichen Intrigen und Regierungsunterwanderungen sowie militärisch-kriegerischen Interventionen in der ganzen Welt Unfrieden, Hass, Terror, Folter, Krieg, Mord, Attentate, Vernichtung und Zerstörung.
180. Durch ihre Arglistigkeiten werden die USA selbst vom aufkommenden Terrorismus nicht verschont, speziell wenn im ersten Jahr des dritten Jahrtausends New York von schweren Terroranschlägen getroffen und Tausende Tote zu beklagen haben wird.
181. Doch solche Geschehen werden sich danach im Lauf der Jahre auch in anderer Weise wiederholen.
182. Vielfach wird also der weltweit entstehende Terrorismus auf die Schuld Amerikas zurückzuführen sein und unsagbares Leid und Zerstörung in der ganzen Welt fordern.
183. Der in den nächsten Jahrzehnten und im neuen Jahrtausend aufkommende Terrorismus wird ungeahnte Folgen zeitigen, die nicht mehr oder nur noch durch schwerste militärische Einsätze und Kämpfe teilweise aufgelöst werden können.
184. Auch unpolitische Terror- und Verbrecherorganisationen, die schon seit vielen Jahrzehnten bestehen oder neu entstehen, können auch durch gewaltsame Polizei- und Militäreinsätze nicht mehr aufgelöst werden.
185. All diesen weltweit aufkommenden und umsichgreifenden Terror- und Verbrecherorganisationen verschiedenster Arten werden Zigtausende jugendliche und mittelalterliche, irregeführte, arbeitsscheue, abenteuerlustige und kriminelle Menschen zulaufen, weil sie sich unbedacht und willig indoktrinieren lassen, um dann kriminelle, menschenunwürdige und verbrecherische Taten durchzuführen, zur Folter zu greifen sowie schreckliche Tode zu verüben, Vergewaltigung zu begehen und Verderben zu verbreiten.
186. Viele Menschen werden zu Terroristen- und Verbrecherorganisationen überlaufen, weil die politischen Machenschaften in den eigenen Heimatstaaten immer bürgerfeindlicher werden, wodurch die Bevölkerung drangsaliert und vom politischen Mitspracherecht ausgehebelt wird.
187. Das dadurch entstehende Unrecht und der daraus resultierende Unmut werden die Ursachen der bürgerlichen Unzufriedenheit sein, wodurch dann auch gegen die Regierungen interveniert werden wird, was dann zu gewalttätigen Demonstrationen und Toten führt.

188. Das wird im Laufe der Zeit auch sein, nachdem in Europa, mit Hauptsitz in Belgien, eine Diktatur-Union zustande kommt, der sich die europäischen Staaten infolge der Lügenversprechen der Diktaturgründer unbedacht anschliessen werden.
189. Diese Diktatur – so wird es kommen – wird von machtsüchtigen Regierenden gelenkt werden und hinterhältig bemüht sein, alle europäischen Staaten unterdrückend unter ihre Macht zu bringen.
190. Die Diktatur wird aber auch anstreben, ihre Macht in aussereuropäische Staaten auszudehnen, und zwar durch Bündnisse, um – wie seit alters her – die westliche Feindschaft gegen Russland neu zu schüren.
191. Und diesbezüglich werden die USA die ersten und stärksten Verbündeten mit der Diktatur-Union sein und damit – wenn der ‹Kalte Krieg› 1991 beendet wird, der nach Kriegsende 1945 durch die Westmächte ausgelöst wurde – alles dazu tun, um den ‹Kalten Krieg› neuerlich zu entfachen und gegen das neue Russland zu hetzen, um kriegerische Handlungen zu provozieren.
192. Doch es werden in den USA und in der Diktatur-Union in Europa auch für Russland friedlich gesinnte Menschen sein, die das Böse zu verhindern suchen werden, was jedoch zu fragwürdigen politischen Aktionen führen wird.
193. Allesamt wird das, wie auch Flüchtlingsströme, Kriege und Terrorismus, in zukünftiger Zeit zu Unfrieden und Hass unter den Menschen und zwischen den Völkern führen, wie auch zu Religionen- und Sektensowie Fremden- und Rassenhass, die besonders im neuen Jahrtausend wieder sehr stark aufkommen werden.
194. Und dies wird besonders ab dem Jahr 2005 aufkommen, und zwar durch eine wirre regierende Frau in Deutschland, die aus sozialarmen und kriegsbefallenen Staaten Flüchtlingsströme nach Europa hervorrufen wird, wie aus Afrika, Arabien und Asien.
195. Unter den wirklichen Flüchtlingen werden aber viele Arbeitsscheue, Kriminelle, Verbrecher und Terroristen sein, die in den europäischen Ländern viel böses Unheil anrichten werden.
196. Diese bewusstseinskranke, machtbesessene Frau wird auch massgebend für viele Übel verantwortlich sein, die sich durch in Europa eingeschlichene Arbeitsscheue, Kriminelle, Verbrecher, Vergewaltiger und Terroristen sowohl in Deutschland wie auch in anderen europäischen Ländern ereignen werden, die ab den 1990er-Jahren einer Diktatur-Union angehören werden.
197. Diese Machthaberin wird nicht klarer Sinne mächtig sein, was aber selbst durch Fachkräfte nicht erkannt werden wird, folglich sie unan-

gefochten ihr Unwesen treiben und dafür von ihren unbedarften Mitläufern noch gelobt werden wird.

198. Und dies wird auch sein, wenn sie hinterhältig gegen das neue Russland agieren wird, das rund ein Jahrzehnt vor dem Jahrtausendwechsel aus der Sowjetunion hervorgehen wird.
199. In ihrem weiteren Machtgebaren wird die Machthaberin in völliger Unvernunft ungeahnte Flüchtlingsmassen aus Afrika, Arabien und Asien hervorrufen, wodurch Millionen von Flüchtlingen aus unterentwickelten Drittweltländern und aus Kriegsgebieten nach Europa einwandern und einschleichen werden, was zu grossen Problemen und auch zu vielen kriminellen und verbrecherischen sowie terroristischen Handlungen und Taten führen wird.
200. Das aber erkennen ihre dummen Anhänger nicht, wie auch nicht, dass die gesamten Politiker, die auf ihrer Seite sind und sie befürworten, die wahren politischen Probleme nicht erkennen, weshalb viele unter ihnen auch die gesamte Flüchtlingsproblematik nicht erkennen werden.
201. Grundsätzlich werden sie alle egoistisch, selbstherrlich, selbstbesessen und unfähig sein, wodurch sie die Wahrheit und die prekäre Flüchtlingslage nicht erkennen werden, wobei sie auch einfach darüber hinweggehen werden, dass Tausende von wahrheitlichen und falschen Flüchtlingen auf ihren Fluchtwegen nach Europa ihr Leben einbüssen werden.
202. Die verantwortlichen und auf der Seite der deutschen Machthaberin stehenden Politiker werden sie gewähren lassen und ihr noch behilflich sein, folglich die Frau für all die vielen Flüchtlings-Toten nicht zur Rechenschaft gezogen werden wird, wofür sie verantwortlich sein wird.
203. Ab dem Jahr 2009 wird in den USA ein afroamerikanischer Präsident bis 2017 die Regierung führen, der in der ersten Zeit im Gros der Bevölkerung viel Ansehen geniessen und auch sehr viel Hoffnung hervorrufen kann, was sich dann jedoch ändert, weil er sich nicht durchzusetzen vermag gegen seine Berater und Widersacher, folglich das Gros seiner einstigen Befürworter gegen ihn sein wird.
204. Er wird erst ein guter Regierender sein und auch seine Pläne und Wahlversprechen zu erfüllen versuchen, was ihm während seiner gesamten Präsidentenschaft jedoch nur wenig gelingen wird, weil er sich gegen seine falschen Berater und Widersacher nicht durchzusetzen vermag, folglich er letztendlich zum Versager und zum Verräter an sich selbst werden wird.
205. Als erst sehr guter Mann wird er zur Präsidentschaft gelangen, doch nach und nach wird er dem Einfluss seiner Gegenspieler verfallen und

nach deren falschen und feindlichen Weisungen handeln, weil er für sein Amt zu unerfahren und zu schwach sein und versagen wird.

206. Ab den 1980er-Jahren wird eine weltweite Arbeitslosigkeit auftreten, die über Jahrzehnte bis weit in das neue Jahrtausend hinein anhalten und viel Not, Elend und Kriminalität bringen wird, wie aber auch eine Inflation sowie viele Privat-, Familien-, Staats- und Firmenverschuldungen, wodurch Firmen, Privatleute, Familien und Länder illiquid werden, dem Konkurs verfallen, wie auch Banken dem Bankrott.
207. Damit zusammenhängend wird die Tatsache stehen, dass Gewerkschaften immer mehr und häufiger für die Arbeitnehmenden Streiks organisieren und dadurch die Arbeitgeber zu immer höheren Entlohnungen für die Arbeitenden fordern werden.
208. Durch die höheren Entlohnungen wird sich ein höherer Lebensstandard ergeben, wie sich auch ergeben wird, dass die Nahrungsmittel und die gesamten Lebenskosten und alle Erwerbsgüter jeder Art immer teurer und für ärmere Menschen unerschwinglich werden.
209. Es wird aber auch die Zeit sein, zu der in den zivilisierten Industriestaaten die Jugendlichen sehr schnell und stark der Demoralisation verfallen, intelligenzärmer werden, ihre Gedanken und Gefühle nicht mehr unter Kontrolle haben, schweren psychischen und reaktiven Psychosen verfallen, wobei sie auch Depressionen und Symptome von Schizophrenie, wie auch Manie und Angststörungen und anderen psychotischen Problemen verfallen und daran erkranken werden.
210. Dies wird sich im neuen Jahrtausend immer mehr ausbreiten, weshalb es notwendig sein wird, dass du dazu ein Buch zu schreiben hast, das all jenen eine grosse Hilfe sein wird, die sich bemühen werden, dein Buch dann zu studieren.
211. Weltweit wird der Wert des Geldes sehr tief sinken, was besonders in Europa durch die Einführung einer Diktatur-Union-Währung der Fall sein wird.
212. Diese Währung wird manche Mitgliedsstaaten der Diktatur-Union in ungeahnte, horrende Schulden treiben, die durch weitere finanzielle Verschuldungen wieder wettgemacht werden sollen.
213. Es werden sich also durch staatliche Misswirtschaft Staatsbankrotte ergeben, während dies bei anderen Ländern mehrfach nur durch staatliche finanzielle Hilfen verhindert werden kann.
214. Gleichermassen wird es geschehen bei diversen Grossbanken, die durch Grössenwahnsinnige sowie Finanzwirtschaftsunkundige Finanzmisswirtschaft betreiben und nur durch finanzielle Staatszuschüsse weiterbestehen werden.

215. All diese Geschehen können nicht ohne Folgen bleiben, denn die Völker werden sich erheben und unter Umständen zu Revolutionen schreiten.
216. Und wenn dann die schmierigen innenpolitischen Machenschaften der Diktatur-Union weiterhin in aussenpolitische umgeformt werden und die Hetze gegen Russland verstärkt wird, dann könnte das letztendlich dazu führen, dass Russland zu einem Waffengang gegen die Diktatur-Union in Europa und die USA provoziert werden könnte.
217. Und wenn sich dies gemäss einer alten Prophetie bewahrheiten würde, dann würde die europäische Diktatur-Union ihrer Diktatur eher ledig, als sie sich infolge Unbeständigkeit und Querelen der Mitgliedstaaten selbst auflöst.
218. Dies könnte dann aber auch bedeuten, wie die gleiche Prophetie aussagt, dass dann durch Russland Europa befriedet würde, was sich auch über die Welt ausbreiten könnte.
219. Was die heutigen Voraussagen betrifft, werden dies nun die letzten sein, wobei die aufkommenden Geschehen rund um die Welt ausgerichtet sind, so also auf Europa, Australien, Asien, Afrika und den gesamten amerikanischen Kontinent.
220. Auf dem amerikanischen Kontinent wird in fernerer Zeit weitum vieles vernichtet, denn es wird die grosse Caldera aufbrechen, was ebenso nicht verhindert werden kann, wie auch nicht das Aufbrechen der Erde durch die grosse Eifel-Caldera in Deutschland, wodurch der obere Teil von Europa zu einem Feuermeer wird.
221. Auch andere Länder werden grosse Veränderungen erleiden, wobei z.B. ein grosser Teil von Japan im Meer versinken wird, wie auch die Nordküsten Europas durch wilde Meeresfluten weggeschwemmt werden.
222. Vor der Ostküste Amerikas, im Atlantik und im Pazifik, werden Inseln aus den Wassern emporgehoben und New York sowie Teile der Küste zerstört, während auch in der Südsee grosse Umwälzungen erfolgen.
223. Doch auch im Süden von Europa werden die alles umwälzenden Folgen gewaltig sein, wenn die Vulkane Ätna, Vesuv und Stromboli sowie der submarine grösste aktive Vulkan Europas, der Vulkan Mount Marsili vor Italien, nebst rund zwei Dutzend weiteren submarinen Vulkanen im Mittelmeerraum zu eruptieren beginnen.
224. Auch die Caldera resp. der Supervulkan Phlegräische Felder in Italien macht sich bereits immer mehr bemerkbar, um in fernerer Zukunft die Erde aufzureissen.
225. Allein in Italien und Sizilien sind 24 gefährliche Festland-, Insel- und

submarine Vulkane, wovon drei Calderengebiete sind, die in ferneren kommenden Zeiten viel Unheil anrichten werden.

226. Dass die mit Abstand meisten aktiven Vulkane submariner Natur und äusserst tätig sind, ist der Erdenmenschheit allgemein noch nicht bekannt, weil diese grossteils unbekannten Unterwasservulkane, die auf der Erde in die Hunderttausende gehen, nie die Wasseroberfläche durchbrechen.
227. Ein ganzer Ring solcher Unterwasservulkane liegt auf den Gipfeln der längsten Bergkette der Welt, dem Mittelozeanischen Rücken, was aber der Erdenmenschheit bis heute noch nicht bekannt ist.
228. Besonders ab dem Jahr 2001 werden die süditalienischen Vulkane speziell aktiv, wobei im Jahr 2002 der Stromboli und 2003 der Ätna grosse Tätigkeiten aufzeigen werden, die in einer Zone angeordnet sind, in der die afrikanische und die europäische Erdplatte zusammenstossen.
229. Es werden im neuen Jahrtausend grössere Aktivitäten auch beim Vesuv in Italien auftreten, wie aber auch grosse Vulkantätigkeiten an der Südwestküste von Südamerika sowie besonders auf Sumatra und anderen Gebieten in Indonesien.
230. Es werden aber weltweit auch vermehrt besonders schwere Seebeben zu gewaltigen viele Meter hohen Seebebenwellen führen, die viel Unheil anrichten und Zigtausende Todesopfer fordern werden, was sich besonders in den ersten zwei Jahrzehnten im neuen Jahrtausend erweisen und bis zum Jahr 2015 dauern, jedoch nicht beendet werden wird.
231. Alles wird in sich vermehrendem Rahmen weitergehen, wobei das Zeichen dafür grosse Erdbeben in Mittelitalien sein werden, die die Phase des Beginns der Erfüllung jener Geschehen sein werden, die in weiterer Zukunft viele Katastrophen, viel Unheil, Leid, Not, Elend und Zerstörungen über die Erde bringen werden.
232. Der Werdegang dafür wird sich besonders im neuen Jahrtausend bis zum Jahr 2015 durch sehr viele Erdbeben und Seebeben ankünden, die Hunderttausende Menschenleben fordern werden, was durch die Erdenmenschheit nicht zu verhindern sein wird.
233. Und dass es so viele Tote geben wird – die in fernerer Zukunft noch sehr viele mehr sein werden –, das wird einzig infolge der Überzahl der rasant wachsenden und überbordenden Überbevölkerung der Erdenmenschheit möglich sein.
234. Doch bis zu dem Zeitpunkt, zu dem sich der Beginn der kommenden wirklich grossen Naturkatastrophen ergeben wird, nämlich ab dem neuen Jahrtausend und besonders ab dem Jahr 2015, ab dem die

Erdenmenschheit nichts mehr an den kommenden unheilvollen Geschehen verändern und diese auch nicht mehr aufhalten kann, werden noch Tausende kleinere, mittlere und grosse Seebeben und Erdbeben die Erde erschüttern.

235. Die schwersten davon sollen ab dem neuen Jahrtausend bis zum eigentlichen Beginn des Unabänderlichen im Jahr 2015 genannt werden, und alles soll damit einen Blick in die Schrecken geben, die durch die Naturkatastrophen in Erscheinung treten werden.
236. Und all diese Naturkatastrophen werden durch die Erdenmenschheit infolge ihrer Unvernunft und all ihrer zerstörenden Machenschaften am Planeten, der Natur, der gesamten Pflanzen- und Wasserwelt sowie an all deren Lebewesen zu 75% selbst verschuldet.
237. Im ersten Jahr des neuen Jahrtausends wird bereits am 1. Januar 2001 das Gebiet von Mindanaos auf den Philippinen durch sehr starke Seebeben erschüttert werden, wonach nur etwa eine Woche später die Inselgruppe Vanuatu im Südpazifik folgen wird, was aber in beiden Fällen ohne Todesopfer ablaufen wird.
238. Dann wird jedoch eine Woche später El Salvador betroffen, wobei rund 1000 Todesopfer zu beklagen sein werden, wonach dann in Indien ein sehr schweres Erdbeben rund 22 000 Menschenleben fordern wird.
239. Und im neuen Jahrtausend werden ausnahmslos in jedem Jahr weltweit dutzende Erdbeben rund um die Welt folgen, die von sich Reden machen werden, die jedoch keine oder nur wenige Tote fordern werden.
240. Anderseits aber werden bei anderen schweren See- und Erdbeben viele Menschenleben zu beklagen sein, wie 2006 im Iran mit rund 100 Toten, dann ebenfalls 2006 in Indonesien auf Java, wo mit 6500 Toten zu rechnen sein wird, während im Jahr 2007 bei den Salomoneninseln durch Seebeben rund 110 Menschen sterben werden.
241. Ein weiteres schweres Seebeben wird auch im Jahr 2007 bei Chincha Alta erfolgen, das zu Peru gehört, wobei rund 620 Menschen sterben werden, wonach dann Sumatra mit 36 Toten und dann die Republik Kongo mit 67 Toten folgen werden.
242. Dann wird im Jahr 2008 China mit einem sehr schweren Erdbeben von sich Reden machen, durch das rund 91 000 Menschen ihr Leben verlieren werden.
243. Dann folgt Japan mit 16 Toten, wonach im gleichen Jahr Pakistan mit rund 210 Toten betroffen werden wird.
244. Im Jahr 2009 wird Costa Rica 44 Tote zu beklagen haben, wonach dann im gleichen Jahr in Mittelitalien eine über Jahre hinweg dauernde

Erdbebenserie kommende Katastrophen ankündigen wird, die zu Beginn rund 300 Menschenleben fordern wird.

245. Dann sind weiter im Jahr 2009 wieder Indonesien mit rund 90, Bhutan mit 15 und abermals Indonesien mit 1200 Toten zu nennen.
246. Dann folgt das Jahr 2010, in dem Haiti mit rund 320 000 Toten betroffen werden wird, dem dann Chile mit rund 600 Toten folgen wird, während in der Türkei rund 55 Tote zu zählen sein werden.
247. Danach wird im gleichen Jahr wieder China mit rund 3020 Toten zu rechnen haben, wonach wieder Indonesien rund 520 Tote und nur einen Monat danach nochmals 20 und vier Monate später nochmals 510 Tote durch starke Seebeben aufweisen wird.
248. Iran folgt dann mit rund 15 Toten, wonach dann im nächsten Jahr 2011 auch Neuseeland von Erd- und Seebeben getroffen wird, wodurch rund 200 Menschen ihr Leben verlieren werden.
249. Dann wird wieder China mit rund 30 Toten die Todesreihe weiterführen, wonach dann Japan durch ein enormes Seebeben und einen Megatsunami getroffen wird, was dann rund 18 700 Menschenleben fordert.
250. Danach folgt Myanmar mit rund 80 Toten, Spanien mit 10, Kirgistan, Tadschikistan und Usbekistan mit 16 und ein andermal Indien mit 123 Toten, wonach dann wieder die Türkei rund 800 Tote aufzuweisen haben wird.
251. Dann ergeben sich im Jahr 2012 wieder Seebeben bei den Philippinen, die rund 150 Tote fordern werden, wie auch Indonesien weitere 25 Tote, Italien 22, dann Afghanistan rund 80, und Iran abermals rund 330 Tote aufweisen werden.
252. Guatemala wird mit 48 und abermals Myanmar mit 30 Toten folgen.
253. Im Jahr 2013 wird in Indonesien ein Seebeben 18- und bei den Salomoneninseln 17faches Todesleid bringen, und dann werden im Iran wieder 40 und danach abermals im Iran und in Pakistan weitere 45, wie auch in China 223, in Afghanistan 32 und auf den Philippinen 112 Menschen sterben.
254. Für 2014 wird nur China mit 619 Erdbebentoten zu rechnen haben, wonach 2015 Nepal erst rund 9000 und zwei Wochen später nochmals 150 Tote zu beklagen haben wird.
255. Nächstfolgend sterben dann in Chile 14 Menschen durch Bebenaktiviät, wonach dann wieder in Afghanistan 461 Menschen getötet werden.
256. Das sind die allergrössten Erdbeben – wie auch diverse Seebeben –, durch die während all der Zeit der genannten 15 Jahre jeweils mehr als 480 000 Menschenleben zu beklagen sein werden, wobei jedoch

während der gleichen Zeitspanne weltweit mehrere tausend andere See- und Erdbeben sein werden, die teils nur sehr grosse Zerstörungen anrichten, jedoch nicht mehr als fünf Menschenleben fordern werden.

257. Ab dem Jahr 2016 und darüber hinaus werden dann jedoch jene Erdbeben in Mittelitalien und rund um die Welt folgen – nebst schweren Seebeben –, die den Beginn für die grossen kommenden Katastrophen und alles vorausgesagte Unheil bilden, die mit ungeheuren Naturkatastrophen einhergehen werden.
258. So werden in kommenden Zeiten auch ungeheure und seit Menschengedenken noch nie dagewesene Überschwemmungen und Katastrophen stattfinden, wie aber auch immer häufigere und verheerendere Waldbrände erfolgen werden, die dann aber, abgesehen von Australien, mehr in der mittleren und nördlichen Hemisphäre von Amerika, Europa und Asien erfolgen, wovon auch die Schweiz betroffen werden wird.
259. Grosse Umwälzungen infolge des Schwindens der Eiswüsten der Arktis und Antarktis werden aufgrund von Vulkanausbrüchen rund um die Welt erfolgen, wie aber auch infolge der schon seit einigen Jahrhunderten laufenden Polverschiebung, wie grossteils auch durch die Zerstörungen und irreparablen Vernichtungen und Ausrottungen, die durch die menschliche Überbevölkerung am Planeten, der Natur, allen Ozeanen und Binnengewässern sowie an der Atmosphäre und der Pflanzen- und Lebewesenwelt und zudem auch am Klima angerichtet werden.
260. Aufgrund der Beschaffenheit der Geographie des Planeten, des Landes, der Gebirge, der Wälder, Ozeane und Binnengewässer kommen die Verschiebungen zwar nur allmählich, doch unaufhaltsam, wofür die Urheberschaft zu rund 85 Prozent bei der unaufhaltsam und vernunftwidrig und immer mehr überbordenden Überbevölkerung und ihren verantwortungslosen Zerstörungs- und Vernichtungsmachenschaften zu finden sein wird.
261. In aller Welt wird fortan Unfrieden aufkommen, was vielfach auf durch die USA ausgelöste verantwortungslose geheimdienstliche Intrigen, Manipulationen und militärische bewaffnete Konflikte und Kriege zurückzuführen sein wird.
262. Dies nebst dem, dass in vielen Ländern interne bewaffnete Regierungsumstürze und Machtkämpfe rivalisierender Gruppierungen stattfinden werden, wodurch auf der ganzen Erde vermehrt feindselige Waffenkämpfe stattfinden und diese oft über mehrere Jahrzehnte anhalten werden.

263. Es wird sich ergeben, dass neue Missordnungen in den Regierungssystemen diverser Staaten aufkommen, wodurch die Bevölkerungen immer wieder mit neuen Steuern belegt werden, weil die Verantwortlichen, die Finanzmächtigen in den Regierungen und die Machthabenden selbst, nicht mit den finanziellen Mitteln umzugehen verstehen und dadurch ihre Länder in horrende Schulden treiben, wofür dann die Steuerzahlenden mit Steuererhöhungen haftbar gemacht werden.
264. Doch es wird die Zeit kommen, da Menschen aus dem Volk Regierungsämter besetzen werden und eine Reinigung an höheren und niederen Regierungs- und Amtsstellen erfolgen wird, wodurch dann in Hinsicht auf das Wohl des Volkes grössere Achtsamkeit aufgewendet und auch Rücksicht auf den einzelnen Menschen genommen werden wird.
265. Dadurch werden sich auch bestimmte Umstände und Veränderungen in den politischen, wirtschaftlichen und allen anderen Verhältnissen ergeben, wodurch auch eine Gleichheit zwischen beiden Geschlechtern erscheinen wird, wie auch ein umfassenderes Verständnis für die wirklich notwendigen Bedürfnisse des einzelnen Menschen.
266. Dabei werden auch die zwischenmenschlichen Beziehungen wieder Geltung erlangen, die im Verlauf der nächsten Jahrzehnte und weit ins neue Jahrtausend hinein sehr schnell stagnieren, wodurch die Menschen verkümmern und den Wert des Menschseins sowie der wahren Liebe aus ihrem Sinn verlieren, wodurch sie in ihren Gedanken und Gefühlen kalt, gleichgültig und damit gegenüber den Mitmenschen und deren Problemen stumpfsinnig werden.
267. Das wird besonders ab den 1980er Jahren erfolgen, wenn die neuen Klänge angeblicher Musik völlig aus der Art fallen und nichts mehr mit Harmonie und Musik zu tun haben werden, denn zu diesem Zeitpunkt kommt ein Wandel zur völligen Disharmonie im Bewusstsein der Menschen auf, die auch die Nerven sowie die gesamte Kognition beeinträchtigen und schädigen wird.
268. Diese werden bei vielen Menschen das verhaltenssteuernde System zu Grunde richten und eine negative Informationsumgestaltung hervorrufen, wodurch das gesamte Gebaren all jener schwer geschädigt wird, die diesen disharmonischen Klängen verfallen.
269. Alles wird dazu führen, dass viele lebensuntüchtig, aggressiv, gleichgültig und weltfremd werden, was gar hinreichen wird bis zur Aufgabe der Selbstachtung und des Selbstwertes, weil nur noch in der Disharmonie der auf das Bewusstsein zerstörend wirkenden Klänge ein Lebenssinn gesehen wird.
270. Das führt dann in vielerlei Hinsicht zu Not und Elend, wie auch dazu,

dass die Mitmenschen nicht mehr geachtet werden und diesen nur noch mit höchst unwertiger Gleichgültigkeit begegnet und ihnen auch nicht hilfreich beigestanden wird, wenn sie in Not geraten und Hilfe benötigen.

271. Gegenteilig wird alles dazu führen, dass die Menschen ganz gemäss den disharmonischen Klängen in sich selbst disharmonisch und infolge völliger Unzufriedenheit gegenüber sich selbst gleichgültig und selbstzerstörend werden und in sich verkümmern.
272. Und dies wird sich auch auf das Verhalten gegenüber den Mitmenschen auswirken, indem die Beziehungen zu ihnen zerbrechen und deren Wohlergehen infolge Interesselosigkeit völlig missachtet werden wird.
273. Das wird zur Folge haben, dass daraus eine radikale Bösartigkeit hervorgeht, die in Gedankenlosigkeit, Leichtsinnigkeit, Nachlässigkeit, Sorglosigkeit, Unaufmerksamkeit, Fahrlässigkeit, Leichtfertigkeit, Lieblosigkeit, Unsorgfältigkeit, Unvorsichtigkeit, Verantwortungslosigkeit und Unachtsamkeit fundieren wird, wodurch in aufkommender Mutwilligkeit viele Mitmenschen auch geharmt, brutal misshandelt, geschlagen, ausgeraubt und gar totgeprügelt werden.
274. Die Zeit dieser Geschehen wird aber auch die sein, zu der die negativen Auswirkungen der fortschreitenden Überbevölkerung in der Weise offengelegt werden, indem das Gesetz der Natur seine Regeln in der Weise wirksam entfalten wird, dass viele Menschen in ihrem Bewusstsein und am Körper Schaden nehmen werden.
275. Ab den 1960er Jahren wird ein grosses Problem die Überbevölkerungs-Menschen zu treffen beginnen, durch das sie leidend und anfällig für viele schwere und oft unheilbare Krankheiten werden.
276. Zur grossen Plage werden dabei immer mehr Krebserkrankungen und viele Allergieformen, die selbst lebensgefährliche Stadien annehmen, weil durch eine Überzüchtung und Verweichlichung der Menschheit eine weit um sich greifende Immunschwäche sehr viele Menschen befallen und diese dann bis weit ins neue Jahrtausend anhalten wird.
277. Durch die steigende Überbevölkerung wird auch kommen, dass bei den Menschen gesundheitliche Beeinträchtigungen des Bewusstseins überhandnehmen und eine allgemeine Intelligenzschwäche um sich greifen wird, wodurch die Menschen gegen die Wirklichkeit abstumpfen, vernunftlos werden, verdummen und langsam verkümmern.
278. Diese Änderungen werden kommen, das ist sicher, und es wird beim Gros der Erdenmenschheit für lange keine Evolution oder Revolution zum Besseren mehr geben, wobei vielfach religiöses Denken daran

schuld sein wird, weil dieses nicht auf die Wirklichkeit und deren Wahrheit, sondern auf Falschheit und Unwirklichkeit ausgerichtet ist.

279. Die Basis der Wirklichkeit und Wahrheit wird erst dann erfasst werden, wenn die grossen und unabwendbaren Katastrophen kommen und das Weiterexistieren der gesamten Erdenmenschheit in Frage stellen.
280. Es wird dabei dann keine Gottheit geben, sondern nur die Wirklichkeit und Wahrheit, auf die sich jeder einzelne Mensch ausrichten und danach leben muss, und dies wird die Basis von dem sein, was alle sechs Künder der Lehre der Propheten von Henoch, Elia, Jesaja, Jeremia, Jmmanuel bis Muhammad lehrten und durch dich jetzt letztmals gelehrt wird.
281. Alle Künder lehrten – und der letzte lehrt auch zur heutigen Zeit –, dass wenn die Sonne in kommender Zeit ihre höchste Aktivität erreicht, dass dann der nach 1844 erfolgte Wechsel zur Neuzeit ungeahnte Fortschritte auf allen Gebieten der erdenmenschlichen Errungenschaften bringt, was sowohl des Guten, jedoch auch des Bösen sein und zu allmählichen krassen Veränderungen in jeder Hinsicht führen werde.
282. Das Ganze bringt eine allmähliche katastrophale Aktivität in kommender Zeit.
283. Es wird nicht so sein, wie Ignoranten ironisch meinen, dass das menschliche Leben so weitergehen werde wie bisher, wenn all die Veränderungen kommen, wie sie voraussehend angekündigt sind.
284. Es wird auch sein, dass gewisse Geschehen nicht allmählich, sondern plötzlich geschehen, folglich die kommenden Änderungen verschiedener Natur sein werden.
285. Die Samen dafür wurden von der Erdenmenschheit durch das stete Anwachsen der Überbevölkerung gesät, und nun keimen sie und werden über die kommenden Jahre und Jahrzehnte ihre bösen Früchte der Verantwortungslosigkeit, der Zerstörung, Vernichtung und Ausrottung nun wachsen und ernten lassen, wobei neue Samen entstehen, die wieder weiter ausgebracht und gesät werden.
286. Und was dabei das Ereignis der Polwanderung betrifft, so wird auch diese ihren Teil zur Wandlung des Planeten und der Lebensverhältnisse und den Nöten der Erdenmenschheit beitragen, die im Norden des europäischen Kontinents Verschiebungen hervorrufen werden.
287. Und es ist sicher, dass alles so kommen wird, doch auch die Folgen der Polwanderung resp. des Polsprungs können überlebt werden, doch bestimmte Gebiete werden zu gefährlichen Bereichen, wo das Überleben kaum möglich sein wird.

288. Durch die Periode der Polwanderungen wird es zu vielen natürlichen, wie aber auch durch die planetenweite verantwortungslos herangezüchtete Überbevölkerung sowie deren unsinnige, zerstörende, vernichtende und ausrottende Ausschreitungen zu ungeheuren, weltweiten Erschütterungen und Veränderungen kommen, durch die ein grosser Teil der Erdenmenschheit umkommen wird.
289. Es werden, wie bereits erklärt, ungewöhnlich gewaltige Erdbeben, Vulkanausbrüche, Bergstürze und Überschwemmungen grossen Ausmasses, wie aber auch in den Meeren ungeheure Flutwellen auftreten, denen die Menschheit nichts mehr entgegensetzen kann.
290. Die künftig aufkommenden neuen Kriege, die durch die Schuld Amerikas weltweit ausgelöst werden, wie auch in vielen Ländern aufkommende tödliche Krankheiten und Seuchen, Aufstände und Bürgerkriege sowie das Aufkommen mehrerer grosser Terrororganisationen und kleiner Terrorgruppierungen bilden das frühe Stadium und Signal für alle im dritten Jahrtausend kommenden Geschehen.
291. Und es wird sein, dass diese nach und nach einander folgen werden und die Erdenmenschheit bis zu zwei Dritteln dahinraffen können.
292. Diese Geschehen werden unvermeidbar kommen, und die daraus hervorgehenden apokalyptischen Zerstörungen und verheerenden Verwüstungen werden eine unglaubliche Verwirrung sondergleichen unter allem menschlich-zivilisierten Leben hervorrufen.
293. Das ganze kommende Chaos und Desaster in den kommenden Zeiten bis ins zweite und dritte Jahrzehnt des dritten Jahrtausends werden gegenüber dem noch harmlos erscheinen, was die Zeiten danach bringen werden.
294. Allen Chaos-Perioden jedoch werden immer Wiederaufbauphasen folgen, wonach dann aber wieder Zerstörungen kommen und alles wieder nichtig machen werden.
295. Beginnen werden einige dieser Geschehen schon in den nächsten Jahrzehnten, wobei Italien durch den Beginn der kommenden Umwälzungen schon bald getroffen werden wird, weil auf dem europäischen Kontinent das Hauptzentrum der ausgehenden Zerstörungen submarin im Mittelmeergebiet sowie im östlichen Mittelitalien liegen wird, wo ab den Jahren 2002 und 2009 schwere Erdbeben und dann ab 2016 und 2017 eine Reihe von Erdbeben die kommenden Geschehen ankünden werden.
296. Von dort aus werden rundum fünf Länder von den verheerenden Zerstörungen und Verwüstungen getroffen werden und teils im Meer versinken.
297. Das Ganze wird sich auch auf die irischen, isländischen und west-

europäischen Küsten ausdehnen, besonders auch auf die niedrigliegenden britischen Küsten, wobei die grossen Umwälzungen einen grossen Teil der Menschheit dazu bewegen werden, sich vom falschen Glauben an Religionen, Sekten und einen imaginären Gott abzuwenden, um sich der Rückkehr zur Wirklichkeit und Wahrheit zu besinnen und sich mit ihren Gedanken und ihrem Bewusstsein wieder dem Wissen der natürlich-schöpferischen Werte zuzuwenden.

298. Die kommenden Zeiten werden bis weit ins neue Jahrtausend hinein sehr traurige Dinge bringen, auch das schlimmste aller Übel, das darin besteht, dass vom Wissen um die Wahrheit des Natürlich-Schöpferischen und damit von der Wirklichkeit und der Wahrheit abgefallen und wieder vermehrt falschen Glaubensformen nachgehangen wird.
299. Es wird die Finsternis des Glaubens und Unwissens dem Licht des klaren Wissens vorgezogen werden, wie viele der Erdenmenschheit befinden werden, dass der Tod besser sei als das Leben, weshalb unbedacht und gewissenlos in grossem Masse durch Todesorganisationen gemordet und auch Selbstmord ausgeübt werden wird.
300. Nur wenige werden nach der wahrheitlichen Wahrheit suchen, denn zuhauf werden sie den Verführern nachlaufen, die mit religiösen und sektiererischen Floskeln die Menschen zum wirren Glauben an einen Gott zu verführen wissen.
301. Jeder vernünftige Mensch, der nicht glaubt, sondern um die wirkliche Wahrheit der Realität weiss, wird für verrückt gehalten werden, der Gottgläubige jedoch irrtümlich für weise.
302. Vertrauenswürdige Menschen werden in den kommenden Zeiten bis weit in die Zukunft hinein als Vertrauensunwürdige beschimpft, während anderseits Vertrauensunwürdige als Vertrauenswürdige hochgejubelt werden.
303. Und dies wird so kommen in immer stärkerem Mass ab Mitte der kommenden 1970er Jahre.
304. Redner, Journalisten, Missionierende, Werber und öffentliche Medien und Lektoren werden auftreten und öffentlich Lügengeschichten und Verleumdungen über wirkliche Wahrheiten verbreiten, um sie abzutöten und die Völker durch erdachte Lügentatsachen in die Irre und von der Wahrheit wegzuführen.
305. Und wenn die Menschen über bedeutende Fragen diskutieren und darauf richtige Antworten erhalten wollen, um wahrheitlich rund um die Wirklichkeit wissend zu werden und die Wahrheit zu kennen, dann werden sie wie seit alters her durch Lügenantworten in die Irre und auf den Weg des wahrheitslosen Religions- und Sektenglaubens geführt.

306. Die Zukunft der Erdenmenschheit sieht auch düster aus in der Weise, dass Frauen und Männer unbedacht Nachkommen zeugen und in die Welt setzen, sich danach jedoch nicht mehr um sie kümmern und sie zu Kriminellen und Lebens- und Gesellschaftsunfähigen verkommen lassen, weil sie in Kindern keinen Nutzen mehr sehen.
307. Viele unfruchtbare Frauen werden unvernünftig auf künstlichem Weg Nachkommenschaft in sich zeugen lassen, obwohl sie keine Verantwortung für sie tragen und sie nicht erziehen können und womit sie auch verantwortungslos die Überbevölkerung mehren.
308. Eifersucht, Habgier, Unterdrückung und Streit werden in Ehe und Familien zu Tagesaufgaben werden.
309. Lügen und Verleumdungen über die Wahrheit werden allgemein überwiegend werden und viele unbescholtene Menschen in ihren Gedanken und Gefühlen sowie in ihrer Psyche in Not und Elend und gar in den Selbstmord oder zum Mord treiben.
310. Manche Länder werden veröden, weil eine Desertifikation resp. eine fortschreitende Wüstenbildung im Gang ist, die laufend durch eine Verschlechterung des Bodens in relativ trockenen Gebieten zustande kommt und schon seit langer Zeit stattfindet.
311. Diese Desertifikation ergibt sich durch unterschiedliche Faktoren einschliesslich des seit einigen Jahrhunderten laufenden Klimawandels, wie aber in grossem Stil hauptsächlich durch menschliche Aktivitäten.
312. Die in neuer Zeit – und auch zukünftig – hauptsächlich durch die Menschen hervorgerufene Bodendegradation bewirkt die Entstehung und schnelle Ausbreitung von Wüsten oder wüstenähnlichen Verhältnissen.
313. Meist entsteht bei der Desertifikation eine vorgelagerte Steppenbildung, wodurch die Erde schon heute jedes Jahr 2 Millionen Hektar fruchtbaren Bodens verliert, was sich bis zum Jahr 2020 auf rund 15 Millionen Hektar steigern wird.
314. Das zerstörende Menschenwerk, das in grossem Mass zur Desertifikation beiträgt, ist die in Unvernunft erfolgende übermässige Abholzung der allgemeinen Wälder, deren Böden nach kurzen Jahren verkümmern, unfruchtbar werden, völlig auslaugen und zur Desertifikation führen.
315. Gleichermassen wird dies geschehen mit den Auenwäldern und Auengebieten, um menschliche Wohnbauten auf deren Grund zu bauen.
316. Auch werden in den nächsten Jahrzehnten völlig falsche Bewässerungsmethoden zur Anwendung gebracht werden, wodurch sehr viel fruchtbares Kulturland ebenso zerstört werden wird wie durch den horrenden Bau von Strassen und sonstigen Verkehrswegen, wie auch

durch den Bau ungeheuer vieler Wohnbauten für die endlos wachsende und letztendlich alles zerstörende Überbevölkerung, durch die – nebst der landwirtschaftlichen Überweidung der Nutzflächen – eine ungeheure Übernutzung jeglichen Kulturlandes erfolgen wird, was dann ebenfalls zur Desertifikation führt.

317. Anarchie, Blutvergiessen und Gewalt in Familien und auf den Strassen werden zur Alltäglichkeit und viel Schrecken und Unheil bringen.
318. Viele Nachkommen werden in den Familien, auf den Strassen, in Schulen, an Arbeitsplätzen und in der Öffentlichkeit zum Anlass für grosse Ärgernisse, für Kummer, Schlägereien, Beschimpfungen und Angst.
319. Viele Nachkommen werden ausserehelich geboren und ihre Väter nicht kennen, weil schon in jungen Jahren von beiderlei Geschlechtern Kinder- und Jugendlichenhurerei betrieben werden wird.
320. Viele Menschen verfallen einer Intelligenzschwäche und Vernunftarmut, was sie durch Spötterei, Schwätzerei und viel unsinnige Kritik an allem und jedem sowie durch Alkoholgenuss und Halluzinationsdrogen wettzumachen versuchen.
321. Prahlerisch werden bei vielen Menschen Unwirklichkeiten, Verzerrungen, Verfälschungen, Ammenmärchen, Erdichtungen und Lügen in Ermangelung realen Wissens und mangelnder Kenntnisse als Wissensersatz vorgeschoben.
322. Die Menschen werden Verbindungen mit Fremden eingehen, gleichgültig in bezug auf die Verbindungen mit der eigenen Familie, ihren sonstig Nächsten und ihren Partnern, werden den Kontakt mit ihnen abbrechen und verkümmern lassen, wie sie sie aber auch verleugnen und verleumden.
323. Heuchler werden gegenüber allen Ehrlichen die Oberhand gewinnen und die Kontrolle über die Angelegenheiten der Mitmenschen und des Gemeinwesens gewinnen, wodurch böse und verdorbene, ausgeartete Menschen allerlei Geschäfte, Sekten, Vereine, Organisationen usw. ‹leiten› werden.
324. Kriminelle und Gewaltverbrecher sowie bösartige und psychopathische Menschen aller Art werden infolge der rapiden Steigerung der Überbevölkerung und des allgemeinen Verkommens der Erdenmenschheit rasch zunehmen und viel Böses und Unheil bringen.
325. Die Menschen werden in all den kommenden Zeiten bis weit ins dritte Jahrtausend hinein ihre Gedanken, Gefühle und die Psyche immer mehr vernachlässigen, was zur grössten Verderbtheit der Erdenmenschheit führen wird, wie diese zuvor noch niemals in Erscheinung treten konnte.

326. Sehr viele Menschen werden gleichgültige, gewissen-, gedanken- und gefühllose Wesen, die wie blutrünstige Bestien foltern, morden, töten und nach dem Blut ihrer Mitmenschen dürsten, weil ihre Sinne für das Gute und Lebenswerte verdunkelt sind und sie in Habgier, Rachsucht, Egoismus, Neid und in Lügen, Verleumdungen und andauernder Kriegsführung und Terrorismus einhergehen werden.
327. Viele Diktatoren werden fortan gestürzt werden, wie auch die Kronen der Kaiser und Könige fallen werden.
328. In diversen Staaten der Erde werden infolge untauglicher, machtbesessener Regierender und deren Herrschformen fortan im eigenen Landesinnern vermehrt durch Guerillagruppierungen oder durch fanatische und nach Blut gierende Religionsbanden blutige Kampfhandlungen und mörderische Aktionen an den Bevölkerungen erfolgen.
329. Und die Zukunft weist, dass dereinst ganze Nationen sterben werden, und zwar durch Kriege und Terrorakte, wie auch durch Hunger, Wassermangel und Gewaltverbrechen; und es wird so schlimm sein, wie es früher in der Welt undenkbar gewesen war.
330. Dadurch werden unzählige Verfolgte, die bis zu 350 Millionen sein werden, kreuz und quer durch die Welt ziehen und Lebenssicherheit suchen.
331. Und diese Tatsache wird die Aufmerksamkeit der ganzen Welt in Anspruch nehmen.
332. Alle Strassen und fahrbaren Vehikel werden mit Menschenmassen gefüllt sein, die von einem Ort zum nächsten fliehen werden, während die kleinsten, grössten und schönsten Dörfer und Städte durch Bomben, Raketen und Feuer verbrannt und zerstört werden.
333. Und es wird schrecklich sein, wie Familien auseinandergerissen, zerstreut und deren Mitglieder getötet werden, wobei alles gute Wissen und die wahre Liebe verschwinden und auch die Welt leer werden lassen.
334. Die Erdenmenschen werden immer mehr zu schlimmen Kriegshandlungen, zu Hass und Egoismus, Rachsucht und Vergeltung und Gleichgültigkeit neigen, sich infolge Feindschaft gegenseitig verfolgen und eine Ideologie des auf der Erde jemals schlimmsten gegebenen Materialismus aufbauen.
335. Und es werden gewissenlose ‹Barbaren› sein, die dieser Ideologie folgen und vor nichts zurückschrecken, um ihrem Laster zu frönen.
336. Es wird ihnen jedes Mittel recht sein, bis hin zur Verleumdung und zum Mord, um zu Reichtum zu kommen, denn sie werden denken, dass es nichts gibt, was nicht erobert oder nicht erlangt werden kann, wenn nur die Gier dazu gross genug sei.

337. Die Zukunft der Erdenmenschheit bringt einen Fortschritt des absolut Bösen, der nur durch eine ungeheure Katastrophe aufgehalten werden kann, wie diese einzig der Planet selbst und die Natur hervorrufen können.
338. Und diese Katastrophe wird ausgelöst werden durch die Folgen der ungeheuren Zerstörungen, Vernichtungen und Ausrottungen, die aus den verbrecherischen Machenschaften der Überbevölkerung hervorgehen.
339. Diese Kräfte werden ausgelöst durch die Hände der Egoisten und Verdorbenen unter der Erdenmenschheit, denn diese sind es, die sich selbst zum Instrument der abscheulichsten Verbrechen an der menschlichen Erdbevölkerung sowie an der Natur, dem Planeten, der Wasser und der Welt der Lebensformen und Pflanzen machen.
340. Wenn die Erdenmenschheit den Höhepunkt ihrer physischen Intelligenz erreicht hat und ihre Zivilisation bis zum höchstmöglichen Stand hochgezüchtet ist, dann wird sie absolut unfähig, im Guten fortschreiten zu können, weil sie einfach stehenbleibt und überhaupt keine Fortschritte mehr machen kann.
341. Tatsache ist, dass wenn sich die Erdenmenschheit nicht zum Besseren und Guten ändert und die Überbevölkerung nicht stoppt, dann wird sie sich selbst zerstören; um das zu verhindern, dazu ist es notwendig, dass ein neues Bewusstsein aufkommen und eingeführt werden muss, das aufgebaut ist auf den schöpferisch-natürlichen Gesetzen und Geboten, wie diese gelehrt werden durch die Lehre der Propheten.
342. Diese Lehre allein ist es, wenn sie befolgt wird, die die Völker besänftigen und sie in eine neue Welt führen kann.
343. Nur durch die Befolgung dieser Lehre kann es eine friedliche Welt geben, die vom alten Hass und vom Unfrieden befreit sein wird.
344. Die Uneinigkeiten, krankhaften Meinungen, falschen Grundsätze und Handlungen werden bei der Erdenmenschheit überhandnehmen, was dazu führen wird, dass viele Menschen traurige Opfer ihrer eigenen Begierden werden und ihrem schieren Egoismus verfallen, was ganz besonders im dritten Jahrtausend schon in den ersten zwei Jahrzehnten zum Ausdruck gebracht werden wird.
345. Und wenn im zweiten Jahrzehnt des neuen Jahrtausends in Deutschland durch die Landesmachthaberin, durch ihre krankhafte Unvernunft und ihre Bewusstseinsstörung, grosse Flüchtlingsströme aus Arabien, Afrika und Asien hervorgerufen werden, dann wird in vielen Gruppierungen und Organisationen unbändiger Fremden- und Rassenhass ausbrechen.

346. Die Fremden- und Rassenfeindlichkeit, wie auch mörderischer Terror, werden zahlreiche Menschenleben fordern, wie auch häufig fremden- und rassenfeindliche Demonstrationen – vor allem gegen Flüchtlinge – in Erscheinung treten werden.
347. Dabei wird es auch immer wieder zu Gewaltexzessen kommen, weil rechtsgerichtetes Gedankengut weit verbreitet werden wird, insbesondere eben durch die unsinnigen Flüchtlingsströme, die nach Europa einfallen und die durch die deutsche Machthaberin verantwortungslos ausgelöst werden.
348. Alarmierend wird daran sein, dass die Ausländer-, Fremden- und Rassenfeindlichkeit gleichermassen in allen Gesellschaftsschichten auftreten wird, wodurch die Stimmung gegen alle Flüchtlinge und Asylbewerber eine gefährliche Dimension erreichen wird.
349. Flüchtlingsunterkünfte werden rechtsextremistischen Straftaten ausgesetzt, in Brand gesteckt und zerstört, wobei auch Menschen zu Schaden kommen und selbst der Tod der Flüchtlinge billigend in Kauf genommen werden wird.
350. Fremden- und rassenfeindliche Gewalttaten sowie Hass gegen Asylbewerber und Flüchtlinge werden leider zeitweise zum Alltag gehören, wobei zu den Asylanten-, Fremden- und Rassenfeindlichen keineswegs nur Menschen gehören, die als Angehörige rechtsextremer Gruppierungen und Terrororganisationen ihren Fremden- und Rassenhass betreiben werden.
351. Auch Demonstrationen von normalen Bürgern gegen Flüchtlingsheime werden kommen, wobei sich auch Rechtsextremisten mit den angeblich ‹besorgten Bürgern› zusammentun oder sich unter diese mischen werden.
352. Die Welt wird in der kommenden Zeit der ersten zwei Jahrzehnte des dritten Jahrtausends die grösste Flüchtlingskrise und den grössten Asylantenansturm seit dem Dritten Weltkrieg erleben, der 1945 geendet hat.
353. Und wie schon erklärt, wird die deutsche Machthaberin dafür verantwortlich sein, die im Bewusstsein geschädigt, irr und wirr handeln und von ihren von ihr faszinierten Anhängern noch angespornt wird.
354. Mehr als eineinhalb Millionen Menschen werden auf der Flucht nach Europa sein und in Deutschland, der Schweiz und in den Diktatur-Union-Staaten Asyl suchen, wobei sich auch viele Arbeitsscheue, Schmarotzer, Kriminelle und Gewaltverbrecher sowie Terroristen mit einschleusen werden.
355. Zugleich werden dadurch in Europa auch die Zahlen der rechtsextremen wie auch der kriminellen und verbrecherischen Gewalttaten steigen.

356. Dadurch aber werden auch alle rechtschaffenen Flüchtlinge und Asylbewerbenden zur Zielscheibe für all diejenigen, die einerseits sowieso schon unzufrieden sind, wie aber auch für die unbändig Fremden- und Rassenhassenden, die gleichsam alle Flüchtlinge und rechtschaffenen Asylbewerbenden und Flüchtlinge als Sündenböcke für jene hinstellen, welche Unrechtschaffene, Kriminelle, Gewaltverbrecher, Vergewaltiger, Terroristen und also Scheinflüchtlinge sein werden.
357. Die rechtschaffenen Flüchtlinge und Asylbeantragenden werden sich jedoch nicht zur Wehr setzen können, weil sie sich in den europäischen Ländern mit den Behörden, Sitten und Gebräuchen nicht auskennen und zudem auch die Sprache nicht beherrschen werden.
358. Also wird sich besonders im neuen Jahrtausend die Ausländer-, Fremden-, Asylanten- und Flüchtlingsfeindlichkeit in Europa, und zwar ganz besonders in Deutschland, weit verbreiten, und zwar auch darum, weil viele Einheimische ihre Privilegien verteidigen wollen und dafür fremden- und rassenfeindlich demonstrieren, weil sie glauben werden, selbst zu kurz zu kommen und dass ihnen jemand etwas wegnehmen wolle.
359. Deshalb wird sich der Hass ausgerechnet gegen die rechtschaffenen und besonders schutzbedürftigen Flüchtlinge und Asylbewerbenden richten, die wahrhaftig schutzbedürftig sein werden.
360. Viele Europäer werden bezweifeln, dass Flüchtlinge in ihrer Heimat wirklich verfolgt werden, weshalb sie es ablehnen werden, gegen die wirklich durch Kriegshandlungen usw. Verfolgten grosszügig zu sein.
361. Besonders in Deutschland werden die Merkmale der Ausländer-, Fremden-, Asylanten- und Rassenfeindlichkeit sowie der Antisemitismus und rechtsextreme Einstellungen im neuen Jahrtausend wieder stark anwachsen.
362. Dabei wird auch sehr schnell die Meinung zu grassieren beginnen, dass Ausländer, Fremde, Flüchtlinge und Asylanten in Europa nur einfallen würden, um die Sozialstaaten auszunutzen, was aber in Wahrheit nur auf jene zutreffen wird, die Unrechtschaffene sein werden.
363. Zukünftig werden viele Menschen zu Opfern ihrer eigenen Unehrlichkeit und Süchte, wie auch ihrer Rachgier und Vergeltungssucht, und viele werden von ihrem Besitztum verjagt und letztendlich sogar getötet.
364. Überall werden Trennung, Flucht, Angst, Hass, Schadenfreude, Not und Elend, Besitzgier, Tode und vielfältige Veränderungen in Erscheinung treten, und nirgendwo wird mehr wirkliche Sicherheit zu finden sein.

365. Frauen und Mädchen werden auf offener Strasse vergewaltigt, entführt, zur Hurerei gezwungen und ermordet werden, während Kinder entführt und sexuell missbraucht, getötet oder zu Arbeitssklaven gemacht werden.
366. Die Regierenden werden nichts oder kaum etwas dagegen unternehmen, weil viele von ihnen selbst in die Hurerei oder in den Kindsmissbrauch und in dunkle gesetzwidrige Geschäfte verwickelt sind.
367. In der Politik werden ihre unzulänglichen Meinungen voneinander abweichen, und sie werden Gesetze, Grundsätze und Verordnungen erschaffen, die sie selbst nicht einhalten oder ihnen geradezu zuwiderhandeln werden.
368. Alle werden sie einzig auf ihre eigenen Vorteile bedacht sein, wodurch die allgemeine Verwirrung von Tag zu Tag zunehmen wird.
369. Dies wird dazu führen, dass unter den Regierenden und Politikern selbst Feindschaften aufkommen, wodurch keine vernünftige Lösungen und Regeln gefunden werden, weshalb alles Vernünftige nur zu wünschen übrigbleiben und nichts Wertvolles erreicht werden wird.
370. Es werden grosse und nutzlose oder volksverdummende oder volksausbeutende Beschlüsse gefasst, Steuern in die Höhe getrieben und dumme politische Versammlungen abgehalten, wodurch jedoch aber unvernünftige Parteien, Verschwörungen und schadenbringende neue Verbindungen entstehen.
371. Die schlechten, herrschsüchtigen und untauglichen Regierenden werden nach oben drängen und Machtpositionen erringen, während gute Regierungskräfte, die gute Menschen sind, zurückgedrängt oder selbst zurücktreten werden.
372. So werden sich die falschen, schlechten und unfähigen Regierenden nicht Mühe geben müssen, um ihren Plänen Form und Gestalt zu geben und sie durchsetzen zu können.
373. Den Guten und Rechtschaffenen in den Regierungen und in der Politik sowie in den Parteien werden grosse und unüberwindbare Hindernisse entgegengestellt, die sie nicht überwinden können.
374. Daher wird es möglich, dass in den Regierungen, der Politik, den Parteien und den Ämtern aller Art sowie in der Gesetzgebung Unmenschlichkeit und Desinteresse für das Wohl des Volkes immer mehr zunehmen, weil alle nur noch für sich selbst sorgen und die von ihnen oder vom Unglück gepressten Mitmenschen hämisch lachend missachten, schikanieren oder gar verfluchen.
375. Es wird wie seit jeher so sein, dass alle guten Bündnisse, die geschlossen werden, niemals Wirklichkeit erlangen, während schlechte Bündnisse und Verträge immer Erfüllung finden.

376. Gute Verbindungen werden durch Hass und Machtsucht zerstört und durch grosses Blutvergiessen nichtig gemacht werden.
377. Am Ende wird wieder alles so feindlich sein und zerstört dastehen, wie es am Anfang und vor irgendwelchen ‹friedlichen› Beschlüssen war.
378. So werden viele Tode weiterhin reiche Ernte halten, wie auch durch Kriege, Unfrieden und Terror die Zerstörungen an menschlichen Errungenschaften ebenso weitergehen wie auch die Vernichtungen und Ausrottungen in der Natur und an deren Pflanzen und Lebewesen aller Art.
379. Es wird aber auch sein, dass viele Menschen durch diverse, immer mehr in Erscheinung tretende schwere Krankheiten, wie aber auch durch neu aufkommende Seuchen weggerafft werden, wie solche noch in diesem Jahrhundert, jedoch auch nach dem Jahrtausendwechsel ausbrechen und sich über die ganze Erde verbreiten werden, wie z.B. die grosse Seuche, die ab 1980 weltweit Millionen von Menschenleben kosten und weit ins neue Jahrtausend hinein existieren wird – nebst anderen schlimmen Seuchen.
380. Und was unter den Menschen hinsichtlich Seuchen aufkommen wird, wird sich auch unter Tieren und unter Getier, wie auch unter Wasserlebewesen und unter Vögeln usw. ergeben, wovon dann auch Haustiere, Hausgetier und allerlei Hausgeflügel betroffen werden wird.
381. Die neuen Zeiten werden, wie bereits erwähnt, Sittenverderbnis und Ungerechtigkeit bringen, die auf grosse Höhen ansteigen und viel Böses und Nachteiliges bringen werden.
382. Die Folgen des gesunkenen Wissens um die Realität resp. die Wirklichkeit und deren Wahrheit sowie das Allgemeinwissen und das geschulte Wissen, wie auch das Schwinden der Intelligenz werden – wie schon zu früheren Zeiten – die Falsch- und Irrlehren der Religionen und deren falsche Moralität wieder aufflammen lassen und die Menschen wieder bösartig in ihren Bann schlagen.
383. Dadurch wird sich unter dem grössten Teil der Menschen wieder Glaube, Hass, Rachsucht und Ungerechtigkeit usw. anstatt Rechtschaffenheit ausbreiten, wobei der blanke Egoismus, Ichsucht, Selbstsucht, Eigennutz, Selbstzweckinteressen und das auf Eigene-Vorteile-bedacht-Sein die alleinige Basis des Glaubens sein wird, wie das seit alters her der Fall ist.
384. Dadurch werden sich die Bande der Liebe gegen den Mitmenschen wieder auflösen, was wider alle Tugenden ist, die zum Gelächter gemacht werden, wie auch Gerechtigkeit und Rechte des Volkes durch die Regierenden, Mächtigen und Beamteten zum Gespött gemacht werden.

385. Und es werden sonderbare, unerwartete behördliche, staatliche und regierungsamtliche Anordnungen, Bestimmungen, Gesetze, Steuern, Verordnungen und Vorsätze usw. zu grossen Ausschreitungen, Aufständen, Demonstrationen und zu blutigen Gewalttätigkeiten bei den Völkern führen und viel Unheil verursachen.
386. So wird die nähere, weitere und die ferne Zukunft der Erde und der Erdenmenschheit sein, wie es sich unveränderbar aus den Vorausschauungen ergeben wird – oder aus den eingefügten Prophetien, wenn diese nicht zum Besseren und Guten gewandelt werden.

Deutung der Begriffe Propheten, Prophetien, Prophetentum, Weissagung, Künder und Weise, Intuition, Wahrsagen, Hellsehen und effectiv wahres Voraussagen durch Realvision, reale Zukunftsschau oder Wahrscheinlichkeitsberechnung

Wahre Propheten resp. Künder und Weise erwachsen in der Regel und normalerweise aus den Völkern der jeweiligen Planeten, und zwar indem sie selbst die schöpferisch-natürlichen Gesetze und Gebote in der Kausalität und im Werden und Vergehen der Natur, der Fauna und Flora, des Klimas, des Universums, der Menschen und aller existenten Dinge überhaupt erkennen. Wirkliche, wahrheitliche Propheten sind Menschen, die als Wirklichkeitsdenker und Wahrheitsdenker nur die effective Wirklichkeit und die daraus hervorgehende Wahrheit wahrnehmen, erkennen und anerkennen. In dieser Form werden sie zu Wissenden, die die Essenz ihres Wissens zur Weisheit ausarbeiten und dadurch also zu Weisen werden und ihr umfangreiches Wissen der schöpferisch-natürlichen moralischen und weltlichen Lebens- und Verhaltensweisen verkünden. In dieser Weise werden wissende und weise Menschen auch zu Propheten, denn infolge ihres Wissen, ihrer Weisheit, ihres Verstandes

und ihrer Vernunft werden sie fähig, auch in mancherlei Beziehungen vorausberechnend und vorausschauend zu werden und zu erkennen, welche Ursachen zu bestimmten Wirkungen führen, eben so, wie etwas aus der Kausalität der oder aller Dinge vorauszuerkennen ist. Daraus entsteht dann der sogenannte Prophetie-Effekt, der darlegt, dass bestimmte Wirkungen aus bestimmten Ursachen erfolgen.

Die Regel ist, wenn in prophetischer Weise zur Belehrung der Menschen etwas gesagt und erklärt wird, dass sich durch bestimmte bösartige, negative und schlechte Ursachen zukünftig noch Schlimmeres ergeben kann – prophetisch eben ‹kann› und nicht ‹wird› –, denn damit wird automatisch die Möglichkeit genannt und gegeben, dass das Prophezeite zum Besseren und Guten geändert werden kann. Und dass in der Regel durch Prophetien nur negative Dinge, Ereignisse und Wirkungen angekündigt und erklärt werden hat den Zweck dessen, dass die Menschen lernen sollen, die negativen Ursachen fortschreitend durch fortschrittliche und bessere, gute und positive Gedankenweisen, Handlungen, Taten und Verhaltensweisen zu verbessern, um die prophezeiten negativen Wirkungen zu vermeiden und gegenteilig eben Besseres, Gutes, Positives und Wertvolles zu bewirken.

Das Prophetentum hat absolut nichts mit Unnatürlichem oder Übernatürlichem und in keiner Weise etwas mit Wahrsagerei zu tun, denn das Wahrsagen, das zahlreiche Praktiken und Methoden zusammenfasst, soll angeblich dazu dienen – was natürlich Unsinn ist –, zukünftige Ereignisse, Geschehen und Situationen usw. vorherzusagen, wie aber

auch Geschehen, Vorkommnisse, Vorfälle, Vorgänge, Begegnungen, Episoden, Zwischenfälle, Begebenheiten, Phänomene und Besonderheiten usw. aus der Gegenwart oder Vergangenheit, die sich der Kenntnis jener entziehen, die Wahrsager/innen danach fragen und sie beauftragen, alles wahrsagerisch zu ‹ermitteln›.

Die Wahrsagung, wenn sie beschrieben werden soll, fällt in die Fachbereiche der Kulturgeschichte sowie der Religionswissenschaft oder Ethnologie. In der Literatur wird für die Wahrsagung die Bezeichnung ‹Mantik› (altgriech.: μαντικὴ τέχνη = mantiké téchnē) benutzt, wofür die Bedeutung ‹Kunst der Zukunftsdeutung› steht. Auch ‹Divination› (lat.: divinatio) ist gebräuchlich für Wahrsagung, was aber eigentlich ‹Erforschung des göttlichen Willens› bedeutet. Unter ‹Divination› wird jedoch nicht nur ‹Enthüllung der Zukunft› verstanden, sondern jede Form von irgendwelchen Auslegungen in bezug auf Zeichen angeblicher Götter.

Wahrsagerei und Hellseherei sind absolut unsinnig und haben nichts mit einer Prophetie oder effectiven Voraussage zu tun, denn eine wahrheitliche Voraussage erfüllt sich mit 100prozentiger Sicherheit, kommt jedoch einzig durch eine Zukunftsschau gemäss einer hochprozentigen Wahrscheinlichkeitsberechnung oder durch eine Realvision oder technisch fundierte Zeitreise in die Zukunft zustande. Das Wahrsagen und die Hellseherei haben mit nichts anderem zu tun als mit einer Unsinnspraktik und Scharlatanerie, auch wenn gegenteilig von der Esoterik und Parapsychologie behauptet wird, dass beides durch Präkognition (lat.: vor der Erkenntnis) zustande kommen soll, wodurch in dieser

Weise zukünftige Ereignisse angeblich vorhergesagt werden könnten. Seit dem 18. Jahrhundert steht dieses Faktum jedoch nicht mehr zur wissenschaftlichen Diskussion.
Wahrsagen hat nichts mit Prognostik zu tun, die einzig durch das Erkennen und Verstehen normaler und grundsätzlich für jeden verstand- und vernunftbegabten Menschen durch einsichtige Kausalzusammenhänge erstellt wird. Dies im Gegensatz zur Wahrsagerei, die für sich in Anspruch nimmt, ein den Unkundigen verborgenes Wissen in bezug auf okkulte Zusammenhänge zu besitzen, was dem Wahrsager resp. der Wahrsagerin den Blick in die Zukunft, Gegenwart oder Vergangenheit ermögliche, was natürlich einer absolut schwachsinnigen und betrügerischen Behauptung entspricht. Gewisse Wahrsagende behaupten im gleichen unsinnigen Rahmen, dass sie über einen unmittelbaren intuitiven Zugang zu Wissen über die Vergangenheit, Gegenwart und Zukunft verfügen würden, wie ihnen auch ein ‹Zweites Gesicht› oder Präkognition eigen sei. Anderweitig erfrechen sich andere schwindlerisch, dass sie Zeichen interpretieren könnten, die Symbole für Künftiges seien, wobei diese Zeichendeutung in der Regel zwei verschiedene Arten aufweist, so eben die eine in der Form, bei der der/die Wahrsager/in die von ihm/ihr nicht beeinflussbaren Ereignisse oder Sachverhalte usw. als Anzeichen dessen deutet, dass daraus Zukünftiges herausgelesen werden könne, wobei aber das Ganze effectiv durch die Wahrsagerperson selbst verursacht wird, und zwar nach eigenen bestimmten Regeln, wodurch sich ein Ereignis ergeben soll, dessen Verlauf oder Ergebnis wiederum einzig von dem/der

Wahrsager/in erfunden und dann als verschlüsselte Information über Zukünftiges aufgefasst und auslegt wird.
Zur ersten Form gehören unter anderem auch die Deutung von astrologischen Gestirnkonstellationen, wie auch ungewöhnliche Wettererscheinungen sowie die Chiromantie resp. das Handlesen, während zur zweiten Form das Kartenlegen gehört, oder die sogenannten Wurforakel, bei denen Gegenstände wie Würfel, Knochen usw. geworfen resp. gelegt werden, bei anderen irgendwelche andere Dinge und beim Eierorakel natürlich Eier, woraus eine erfundene Phantasieantwort auf eine vorher gestellte zukunftsbezogene Frage ‹gelesen› wird. Schon in der antiken Divinationstheorie wurde zwischen einer ‹natürlichen› resp. unmittelbaren und einer ‹künstlichen› und auf Zeichendeutung durch ‹Fachleute› beruhenden Erlangung eines Zukunftswissen unterschieden. Eine etwas andere Unterscheidung findet sich besonders bei den schamanischen Praktiken, die ethnisch orientierte Religionen pflegen, die eine besondere Klassifikation vornehmen in bezug auf eine sogenannte intuitive Wahrsagung, bei der sich der/die Wahrsager/in nur auf seine/ihre angeblich ‹intuitive› Eingebung aus seinem/ihrem ‹Geist› und dessen ‹Wissen› beruft. Dies, während bei einer angeblichen ‹Besessenheitswahrsagung› Götter oder andere körperlose Wesen zeitweilig den Körper in Besitz nehmen und über ihn Botschaften übermitteln sollen. Bei solchen Wahrsagungen, die angeblich ‹weise› sein sollen, erheben die Wahrsagenden den Anspruch, dass es sich dabei um eine Basis ihres Zukunftswissens handle und um ihnen bekannte objektive

Gesetzmässigkeiten, woraus sie im Einzelfall zutreffende Folgerungen ableiten könnten; was natürlich absoluter Unsinn ist.

Das Wahrsagen wird auch in bezug auf die religiösen und sektiererischen Prophetien resp. Weissagungen eingeflochten, wobei darunter jedoch nicht eine wirkliche Prophetie resp. Weissagung verstanden werden darf. In Wahrheit kommt nämlich das Ganze dieserart religiös-sektiererisch Bezogener auf dasselbe heraus, weil es sich eben seit alters her um Wahrsagerei handelte. Dies eben darum, weil die frühen und angeblich von Propheten und Kündern gebrachten ‹Prophetien› und ‹Weissagungen› nicht von effectiv echten und wahren Propheten und Kündern offenbart und gebracht wurden, sondern von Wahrsagenden. Diese angeblichen und effectiv falschen ‹Prophetien› resp. ‹Weissagungen› wurden nämlich verleumderisch in den Mund der echten und wahren Propheten und Künder gelegt, folglich die ganzen Lügen religiös-sektiererisch über alle Zeiten hinweg bis heute als blanke Lüge überliefert wurden. Dabei handelt es sich um zukunfts-bezogene falsche und lügenbeladene Behauptungen, für die seit Bestehen der Religionen und Sekten von deren hörigen und unbedarften Gläubigen eine unmittelbare ‹göttliche› Inspiration in Anspruch genommen wurde und auch von den heutigen Gläubigen noch immer geglaubt wird. Die bei den Religionen und Sekten aufgeführten früheren wahren Propheten resp. Prophetinnen und Weissagenden werden einerseits völlig falsch als ‹Gottgesandte› gehandelt und missbraucht, und anderseits werden ihnen alte Wahrsagun-

gen diverser Art zugesprochen, die sie niemals offenbart haben. Und wurden teilweise wahre prophetische resp. weissagende Entschleierungen überliefert, dann wurden sie in der Regel derart irreführend verfälscht, dass der eigentliche Offenbarungssinn daraus kaum oder überhaupt nicht mehr zu definieren ist. Anderseits wurde und wird auch noch heute von den hörigen, gedankenlosen und selbst entscheidungsunfähigen Blindgläubigen ein Prophet und Künder – auch weiblicher Natur – als beauftragter Verkünder eines göttlichen Plans und Willens verstanden und angebetet. Zu erklären ist noch, dass Prophetien resp. Weissagungen von wahren Propheten auf das Schicksal eines Volkes oder auf die Schicksale mehrerer Völker oder gar auf das Schicksal der ganzen Menschheit ausgerichtet sind.
Jegliche Wahrsagungen hingegen betreffen üblicherweise angebliche Schicksale von einzelnen Individuen und Liebschaften usw., wie auch Familien oder kleinere Gruppen, wobei eine Prophetie resp. Weissagung absolut von jeder Wahrsagung sehr eindeutig, klar und präzise abgetrennt werden kann, was jedoch nur einem wissenden und realistischen Menschen, jedoch nicht Religionisten, Sektierern, befangenen Forschenden, Psychologen und sonstig in bezug auf Logik Urteilsunfähigen möglich ist, auch wenn sie sich Wissenschaftler nennen.
Das Wahrsagen und Hellsehen kann bis heute wissenschaftlich nicht nachgewiesenen werden, wie auch die weitentwickelten plejarischen Wissenschaften klarlegen, dass es sich nicht um eine reale menschliche Fähigkeit und Möglichkeit handle. Folgedem kann ein Mensch auch nicht

wahrsagerisch ein gegenwärtiges, zukünftiges oder in der Vergangenheit stattgefundenes Ereignis, Geschehen, einen Sachverhalt oder eine Situation usw. wahrnehmen und vorhersagen oder wahrsagerisch resp. hellseherisch in bezug auf die Gegenwart oder Vergangenheit irgendwelche Fakten nennen. Tatsache ist, dass zum Zeitpunkt der angeblichen Voraussicht, Gegenwartssicht oder Vergangenheitssicht einer Wahrsagerperson für das Erkennen irgendwelcher Erkenntnisse oder Geschehen usw. kein rationales Wissen zur Verfügung steht und durch Präkognition auch kein Sehen, Erkennen oder Wissen erlangt werden kann. Dies darum, weil die Kausalität aufgehoben sein müsste, weil eben die Präkognition zeitlich vor oder nach dem Ereignis liegen müsste. Die Kausalität (lateinisch causa, ‹Ursache›) stellt die Grundbeziehung zum Werden der Wirkung (lat.: modum) dar, folgedem sie die Abfolge aufeinander bezogener Ereignisse und Zustände betrifft und beschreibt. Demgemäss ist also der Ur-Zustand resp. das Ur-Ereignis resp. eine effective Ursache für das Werden einer Wirkung wichtig und zuständig, denn die Wirkung wird ausnahmslos in jedem Fall durch eine bestimmte Ursache herbeigeführt.

Wahrsagen und Hellsehen haben weder mit einer Prophetie zu tun, wie aber auch nicht mit der Intuition, die grundsätzlich jedem verstand- und vernunftbegabten Menschen eigen ist. Die Intuition wird auch als unmittelbare Ahnung und Eingebung bezeichnet, wobei sie nicht auf einem reflektierenden Denken und begründetem Erkennen fundiert, also nicht auf einem unmittelbaren, nicht diskursiven

und nicht auf einer Reflexion beruhenden Erkennen und Erfassen eines Sachverhalts oder eines komplizierten Vorgangs, sondern auf einer Eingebung oder einem ahnenden Erfassen.

Unter Intuition muss im allgemeinen Ahnung, Gedanken oder Eingebung, wie aber auch der ‹sechste Sinn›, die ‹innere Stimme› und der Instinkt verstanden werden, die auf dem Unterbewusstsein beruhen und ohne bewusstes Nachdenken zustande kommen und die einem Impuls entsprechen, ohne dass dessen Entstehung oder Herkunft begründet werden kann. Folgedem vermag der Mensch sich intuitive Bauchgefühle, Gedankenblitze oder intuitive Ideen nicht rational zu erklären, obwohl die Intuition selbst einfach, klar und auf den Punkt gebracht werden kann, nicht gewunden, nicht geheimnisvoll und nicht langatmig ist. Intuition hat auch nichts mit einem magischen Gespür oder Gefühl zu tun und ist auch kein paranormaler, sondern ein völlig natürlicher Prozess und ist auch nicht das Gegenteil von Rationalität. Grundsätzlich ist die Intuition auch kein zufälliger, sondern ein fügungsmässiger Prozess und beruht auch nicht auf Vermutungen.

Eine Intuition beruht auf im Unterbewusstsein abgelagertem Wissen, das in sich wiederum Erfahrung birgt und infolge eines direkten bewussten oder unbewussten Kontaktes mit etwas Wahrgenommenem erworben wurde. Doch wenn der Mensch intuitiv etwas wahrnimmt, vermag er trotzdem nicht, sich oder anderen genau zu erklären, wie er letztendlich zur Schlussfolgerung gekommen ist, die er als Intuition wahrgenommen hat.

Grundsätzlich ist Intuition jedoch viel mehr als Erfahrungswissen, denn beim Ganzen spielen die somatischen Marker, die Spiegelneuronen und die unbewusste Wahrnehmung ebenso eine sehr wichtige Rolle, wie anderweitig auch die morphologischen Felder und deren Einflussnahme auf die intuitiven Vorgänge, wobei aber auch die Bewusstseinsaktivität, die Gedanken- und Gefühlswelt sowie der Psycheaktivismus miteinbezogen sind.
Wird die Intuition näher betrachtet, dann entspricht sie grundlegend einer sehr wichtigen menschlichen Funktion, folgedem sie als Zweck oder als Vorgang definiert werden kann, bei dem in kürzester Zeit viele mögliche Eindrücke, Gedanken und Phantasien zu einem Bild über die Wirklichkeit koordiniert werden, wodurch ein spontanes ganzheitliches Erkennen oder Wahrnehmen entsteht.
Die Intuition kann jedenfalls auch als Sinneswahrnehmung erlebt werden, wie in bezug auf das Fühlen, Hören, Riechen, Schmecken und Sehen. Auch ergibt sich durch eine Intuition die Möglichkeit, dass sowohl die innere als auch die äussere Welt in anderer und verschiedener Weise sowie viel tiefgreifender wahrgenommen, erlebt und erfahren werden kann. Auch kann es sein, dass etwas Unbekanntes erforscht wird und Möglichkeiten geahnt werden, die noch nicht erkennbar sind, wobei es sich dann um eine kognitive resp. gedankenmässig wahrnehmende Funktion handelt, wodurch die Wahrheit in ihrer Gesamtheit erfasst werden kann, wobei das Ganze durch die Intuition effectiv und direkt erfasst und zur Erkenntnis gebracht wird.
Leider liegt bei vielen Menschen die Fähigkeit der Intuition

brach, was sehr oft als Folge der völligen Unachtsamkeit gegenüber sich selbst und den eigenen Regungen geschieht, wie aber sehr häufig auch infolge bewusstseins-gedanken-gefühls-psychemässiger Probleme, die nicht bewältigt werden können und pathologisch ausarten.
Im Normalfall und bei allgemeiner Gesundheit des Menschen werden die gesamten Lebensbereiche intuitiv durchdrungen, doch wagen viele oft nicht, auf ihre Intuition zu hören und danach zu handeln. Dies darum, weil sie sich davor fürchten, eigene Entscheidungen zu fällen, die zwar nachvollziehbare Gründe haben können, jedoch verhältnismässig leicht zu überwinden wären, wenn sie der Angst und der Befürchtungen Herr würden. Die Folgen dieses negativen Verhaltens führen zu einer falschen Verhaltensweise in der Beziehung, dass versucht wird, die persönlichen Entscheidungen nach aussen und auf Mitmenschen, Organisationen, Gruppen oder Ratgeberfirmen usw. zu verlagern. Diese defensive Haltung gegenüber den eigenen Intuitionen aber bringt schwerwiegende und weitreichende Auswirkungen, die einerseits die eigene Person und die Gesundheit des eigenen Bewusstseins sowie der Gedanken, Gefühle und der Psyche, wie aber auch das positive Funktionieren der gesamten Gesellschaft schädigen. Gesamthaft bringt das Ganze in dieser Weise viele schwerwiegende Fehlentscheidungen, die von der Bevölkerung bis in die Politik und die Regierungen, in die Wirtschaft und ins Militär reichen, wobei auch ungeheure Kosten und Schulden entstehen und dafür keine Lösungen mehr gefunden werden. Folgedem werden die immer häufiger auftretenden Proble-

me aller Art und Schwere einfach aufgeschoben, werden immer umfangreicher und gewaltiger und führen letztendlich ins Chaos und zum völligen Zusammenbruch in jeder Beziehung.

Für jeden Menschen ist die Intuition grundlegend wichtig für seine Kreativität, wobei viele Facetten ins Gewicht fallen, die für den Fortschritt in jeder Beziehung von enormer Bedeutung sind, speziell in bezug auf die persönliche Entwicklung des Bewusstseins, der Persönlichkeit, des Charakters, der Psyche, der Moral, Sittlichkeit und der Verhaltensweisen, wie aber auch hinsichtlich materieller Dinge und neuer Erfindungen usw. Insbesondere ist von Bedeutung, dass die Intuition in erster Linie als solche wahrgenommen und jeder Faktor durch Verstand und Vernunft genau analysiert wird, um Phantasien von Wünschen, wie auch Voreingenommenheit und Emotionen usw. zu unterscheiden und sie notwendigerweise voneinander zu lösen und einzeln nach ihrem effectiven Wert zu beurteilen. Ausserdem bietet die Intuition dem Menschen die Möglichkeit, das Ganze der sich steigernden Vielschichtigkeit resp. das Ineinander vieler Merkmale der Intuition zu verstehen, wodurch sich ihm diverse und neue Aktionsradien resp. Gestaltungswege und Gestaltungsoptionen ergeben, die ihn Entscheidungen besser und schneller fassen und Handlungen effizienter durchführen lassen.

Soweit also das Wichtigste, was die Intuition betrifft, folglich nunmehr Weiteres in bezug auf das Prophetentum und die Prophetien erklärt werden kann, die nichts mit einem religiösen und sektiererischen Glauben oder sonstigem Un-

sinn zu tun haben, folgedem auch die religiös-sektiererische Behauptung nicht nur falsch, sondern irr und wirr ist, dass eine Prophetie eine ‹Gottesgabe› oder ein Werk des ‹Heiligen Geistes› usw. sei, die wahrheitlich nichts anderem als religiös-sektiererischen Wahngebilden entsprechen. Auch gibt es keinen ‹Geist der Prophetie›, sondern nur ein bewusstes Bewusstsein resp. Real-Bewusstsein, ein wertiges Intelligenzniveau, einen klaren Verstand, eine logische Vernunft und Beurteilungsfähigkeit, eine gesunde Wahrnehmung und Gedanken-Gefühlsfunktion sowie eine intakte Psyche, die den Menschen zum Prophetentum fähig machen.

Grundsätzlich kann jeder Mensch – wenn er sich bewusst bemüht, seine Bewusstseinsentwicklung entsprechend und notwendigerweise evolutiv zu erweitern – aus eigenem Vermögen die schöpferisch-natürlichen Gesetze und Gebote in der freien Natur, im Dasein der gesamten Umwelt und im Leben wahrnehmen, erkennen und auswerten, um sie zu Wissen und Weisheit aufzuarbeiten und dann das gewonnene Wissen und dessen Essenz, die Weisheit, belehrungs- und lehremässig und also offenbarend den Mitmenschen zu unterbreiten und zu lehren. Was der Mensch dazu tun muss, ist lediglich, sein Bewusstsein, seinen Verstand und seine Vernunft, seine Logik, seinen Realitäts- und Wahrheitssinn und die Wahrnehmung sowie die Kombinationsgabe und Wahrscheinlichkeit-Berechnungsfähigkeit zu trainieren, um bestimmen zu können, was sich aus bestehenden Ursachen als Wirkungen ergibt, wie das durch das schöpferisch-natürliche Kausalgesetz festgelegt ist. Die Kausalität (lateinisch causa, ‹Ursache›) ist, wie bereits

erklärt, die Beziehung zwischen Ursache und Wirkung, also die Abfolge aufeinander bezogener Ereignisse und Zustände, die zwischen einer Ursache bis hin zur Wirkung erfolgen, wobei die Wirkung das erzielte Ergebnis aller Anwendungen und Handlungen usw. ist, die zwischen der Ursache bis hin zum Entstehen der Wirkung erfolgen.
Die Begriffe Prophet/in und Prophetie entstammen dem Griechischen ‹pro-phetes› resp. ‹propheteía›, wobei Prophet soviel bedeutet wie Fürsprecher, Sendbote, Voraussager oder Hervorsprechen und Weissagen. Der frühere Ursprung stammt aus dem Hebräischen ‹nâbâ›. Prophezeien und Weissagen meint grundsätzlich das gleiche und bedeutet, dass ein prophetischer Mensch – Mann oder Weib – durch eigene Erkenntnisse das Wissen um das Kausalgesetz in bezug auf die schöpferisch-natürlichen Gesetze und Gebote erarbeitet hat. Daher können Propheten und Prophetinnen aus bestimmten Ursachen, die in ihrer Fortsetzung folgerichtig ablaufen, daraus hervorgehende Wirkungen bestimmen und in dieser Weise prophetisch resp. offenbarend resp. weissagend verkünden, was die Wirkung sein wird, wenn ursachenmässig im gleichen Stil weiter gedacht und gehandelt wird. Bei einer Prophetie ist jedoch die Regel die, dass nicht das Gute, Positive und Wertvolle, sondern nur das Böse, Negative, Schlechte und Schlimme vorausgesagt wird, denn wenn Gutes, Positives und Wertvolles eine Ursache bilden, dann ist anzunehmen, dass das Ganze auch in gleicher Weise weitergeführt wird und keiner Änderung bedarf, folglich nicht speziell darauf hingewiesen werden muss, alles im guten, positiven und wertvollen Rahmen wei-

terzuführen. Gegenteilig dazu steht eine Ursache, die böse, negativ, schlecht und schlimm ist, weshalb sie zum Besseren, Guten, Positiven und Wertvollen geändert werden muss, wobei dies durch eine Prophetie aufgezeigt wird, indem alles zu Erwartende an Bösem, Negativem, Schlechtem und Schlimmem prophezeit resp. vorausgesagt wird, damit die Menschen alles an Gedanken, Gefühlen, Handlungen und Taten sowie Verhaltensweisen usw. derart zum Besseren, Guten, Positiven und Wertvollen verändern, dass sich die Prophezeiung nicht erfüllen kann. Also bedeutet eine Prophezeiung nicht einer Voraussage letzter Schluss, sondern sie entspricht einer Mahnung und Warnung. Diese sollen dazu dienen, dass fortan alles besser, positiver und wertvoller gemacht werden soll, und zwar sowohl in bezug auf die Gedanken, Gefühle und Verhaltensweisen wie auch in bezug auf Ethos, Moral, Sittlichkeit und alles Handeln und Tun.
Eine Prophetie darf also niemals, wie erklärt, als ‹Gottesgabe› und dergleichen verstanden werden, denn solche ‹göttliche Gaben› gibt es nicht, folglich derartige Behauptungen nichts anderem entsprechen als einem hirnlosen, religiös-sektiererischen Unsinn, denn in jeder Beziehung erschafft sich jeder einzelne Mensch jede seiner Gaben, Fähigkeiten und Möglichkeiten selbst. Und dies ist so, weil jeder Mensch in sich selbst autonom und unabhängig von einer äusseren und ihn dirigierenden Gottheit ist, folglich er in bezug auf sich selbst und sein Bewusstsein, seine Gedanken, Gefühle und Psyche sowie seinen Charakter und seine Werte von Ethos, Moral und Sitte einzig und allein selbst bestimmt.

Die Prophetie darf auch nicht mit dem sogenannten okkulten resp. dämonischen Wahrsagen verwechselt werden, wie auch nicht mit irgendwelchen religiös-sektiererischen, drohenden ‹Prophetien›, die ausnahmslos ins Reich der Phantasie gehören. Leider sind aber seit alters her immer wieder falsche Propheten und Prophetinnen in Erscheinung getreten – und treten auch heute noch auf –, wobei ihre ‹Offenbarungen› jedoch sehr oft oder gar ausnahmslos religiös-sektiererischer Natur waren und sind. Wie früher, fundieren ihre ‹Offenbarungen› in der Regel auch heute in einem religiös-sektiererischen Fanatismus und Gurutum, wodurch Gläubige gefangen werden, die den falschen Propheten, Gurus, ‹Gottgesandten›, ‹Gottessprachrohren›, ‹Meistern› und ‹Führern› usw. infolge deren suggestivem Wirken willig folgen und hörig verfallen, folglich sie in sich selbst unfrei, unfroh und disharmonisch werden. Die solcherart Wahngläubigen glauben sich dabei ausnahmslos sehr viel besser als ihre Mitmenschen, wobei sie auch bei jeder Gelegenheit nach Strafe, Rache und Vergeltung usw. schreien, Hass ausüben oder gar Kriege hervorrufen, wenn ein Mitmensch etwas Falsches tut oder Völker resp. deren Regierende nicht alles in dem Rahmen handhaben und nicht kuschen, wie es von den Wahngläubigen erwartet und gefordert wird.

Eine Prophetie entspricht keiner Voraussage, denn durch eine solche wird etwas ganz Bestimmtes vorausgesagt, das einerseits nichts mit einer Prophetie und keinem Wahrsagen und Hellsehen zu tun hat, sondern bei einer reellen Voraussage handelt es sich um eine klare Feststellung einer Sache, die absolut unabänderlich ist und sich hundert-

prozentig erfüllen wird. Gegenteilig ist eine Prophetie üblicherweise eine negative weissagende Offenbarung für die Zukunft und jedenfalls nur etwas Zukünftiges, das sich aus bestimmten Ursachen als Wirkung ergibt, das sich entweder ereignen wird oder vermieden werden kann, und zwar je nachdem, wie von den Menschen die Gedanken zwischen Ursache und Wirkung geformt und Handlungen, Taten und Verhaltensweisen ausgeübt werden. Und es ergibt sich je nachdem, wie bereits erklärt – wenn der Werdegang von der Ursache bis zur Wirkung gleichbleibt und nicht zum Positiven verändert wird –, dass sich dann die Prophetie erfüllt. Wird der Werdegang jedoch zum Besseren, Guten und Positiven umgeformt, dann erfüllt sich die Prophezeiung nicht, weil dann eben die Gedanken, Handlungen und das Tun, Verhalten und das Schalten und Walten zum Besseren und Guten geändert werden.
Wenn es in bezug auf eine Prophetie nun ‹zukünftig› heisst, dann bedeutet dies, dass keine Gegenwartsprophetie gemacht werden kann, weil die Gegenwart nur einen kurzen Augenblick, einen Nanosekundenbruchteil dauert und folglich alles unaufhaltsam in die Zukunft fliesst. Zwar wird die Gegenwartsdauer gemäss neurologischen und psychologischen Studien derart erklärt, dass das Gehirn die Gegenwart in Einheiten zu etwa 2,7 Sekunden verarbeitet, wobei der alltagssprachliche Begriff ‹Augenblick› exakt diesen Sachverhalt darstellt. Ausserdem legen Untersuchungen nahe, dass 3-Sekunden-Einheiten auch in der Lyrik und der Musik von Bedeutung sind, wenn es etwa um die Erkennung von Reim und Rhythmus geht.

Jedes Wort, das momentan oder zukünftig offenbart wird, ist nur in dem Augenblick gegenwärtig, wenn es ausgesprochen wird, um gleich in die Vergangenheit zu entschwinden.

Das griechische Wort für Offenbarung lautet ‹apokalupsis› und hat keineswegs etwas mit der Endzeit-Apokalypse zu tun, wie religiös-sektiererisch irrgelehrt wird. Ein Prophet, der den Menschen etwas zukünftig Negatives offenbart, das geschehen kann, ist grundlegend ein Künder, dessen Kündertum er auf Einzelpersonen, wie aber auch Gruppierungen, ein Volk oder die ganze Menschheit bezieht, wodurch die Menschen ermutigt werden sollen, die aufgezeigten negativen Ursachen zu beseitigen resp. positiv zu korrigieren. Dies, damit das drohende Böse resp. Negative und Schlechte aus einer schlimmen Ursache nicht zustande und also nicht zur Wirkung kommen kann.

Eine Prophetie bedeutet niemals, von einem GOTT, Engel oder Heiligen usw. prophetische Eindrücke zu empfangen und diese weiterzugeben, denn Behauptungen dieser Art beruhen auf religiös-sektiererischen Irrlehren. Prophetische Eindrücke, die Propheten und Prophetinnen eigen sind, beruhen auf bewusstseins-gedanken-gefühls-psychemässig erarbeitetem Wissen sowie auf der als Essenz daraus hervorgehenden Weisheit. Dabei entstehen diese Werte aus der Wahrnehmung, Erkenntnis und aus dem Verstehen und Umsetzen des Gelernten, das in der Regel gesamthaft als schöpferisch-natürliche Gesetze und Gebote in der freien Natur erkennbar ist.

Propheten und Prophetinnen sind grundlegend, wie schon

erklärt, auch Künder/innen und Weise, die nicht einfach als Propheten resp. Prophetinnen, sondern eben als Künder, Künderinnen und Weise grundsätzlich als Lehrer und Lehrerin verstanden und als solche genannt werden sollten. Als prophetisch oder Propheten resp. Prophetinnen gelten sie nur im Rahmen dessen, wenn sie gemäss ihrem Wissen und ihrer Weisheit zukünftige Weissagungen offenbaren, die jedenfalls immer in Ursachen und in voraussehbaren Wirkungen fundieren, wenn die bösen, negativen und schlechten Ursachen im gleichen Rahmen weitergetrieben und nicht zum Besseren, Guten, Richtigen und Wertvollen geändert werden.

Weibliches und männliches Prophetentum wird grundlegend von völlig normalen Menschen ausgeübt, die als Künder/innen, Weise und Lehrer/innen unter die Menschen treten und diese belehren, wobei sie ihr erarbeitetes vielfältiges Wissen und ihre Weisheit bezüglich der schöpferisch-natürlichen Gesetze und Gebote und deren natürliche Wirkungsweisen verkünden und verbreiten. Sie achten dabei darauf, dass sie dem Verstand und der Vernunft der Menschen angepasste, zeitgemässe Gleichnisse nutzen, um ihnen alles derart plausibel erklären zu können, dass es begriffen, gedanklich-gefühlsmässig verarbeitet und erschlossen resp. nachvollzogen werden kann. Das bedingt, dass Propheten, Prophetinnen resp. Künder/innen, Weise resp. Lehrer/innen der Logik zugetane und realistisch denkende und intelligenzgestärkte Wirklichkeits- und Wahrheitssuchende sein müssen, die ihr Leben lang in Eigeninitiative im allgemeinen Dasein der Umwelt, in der Natur

und im Leben selbst alles Lernerforderliche wahrnehmen, erkennen und lernen, verarbeiten und zu effectivem Wissen entwickeln. Dies, um ein umfangreiches Wissen und dessen Essenz resp. die Weisheit auszuarbeiten und zu erlangen, um damit die Mitmenschen in effectiv rechtschaffener und wertvoller Weise unterrichten zu können.

Wahre Propheten, die niemals religiösen und sektiererischen Unsinn misslehren, sondern einzig und allein der Wirklichkeit und deren Wahrheit verbunden sind, heben sich also stets aus den Völkerschaften der jeweiligen Welt hervor, wobei sie von Geburt an ganz normale Menschen sind, jedoch ihr ganzes Wissen und ihre Weisheit und Liebe usw. absolut durch eigene bewusste und verantwortungsvolle Bemühungen erarbeiten. Also werden sie in der Regel – mit höchst seltenen Ausnahmen – nicht von Geburt an durch Menschen anderer Sternen- und Planetensysteme angeleitet resp. unterrichtet und belehrt, sondern einzig nur durch sich selbst.

Bei der Siebnerreihe der irdischen Propheten aus der Nokodemion-Linie jedoch führt die Geschichte allerdings auf einen Menschen ausserirdischer Herkunft zurück, und zwar auf den Universalpropheten resp. Universalkünder Nokodemion, der Beziehungen zur Erde geschaffen hatte und folglich auch hierherkam und sein Prophetentum ausübte. In dieser Folge reinkarnierte seine Geistform siebenmal in verschiedenen Persönlichkeiten, die in seiner Geistformlinie als Nokodemion-Folgepropheten resp. Folgekünder in Erscheinung traten (siehe Buch ‹Nokodemion› von Bernadette Brand, Wassermannzeit-Verlag, FIGU).

Nunmehr ist aber wohl noch ein definierendes Wort zu sagen in bezug auf die Weisheit, um diese verständlich zu machen: Effective Weisheit ist eine allgemeingültige menschliche Fähigkeit, die zeitlos ist und auf effectivem Wissen fundiert. Sie zeichnet sich speziell durch eine ungewöhnlich tiefe Einsicht und Kenntnis in das Wirkungsgefüge des Daseins, der Natur, der Fauna und Flora, des Lebens, der Gesellschaft, wie auch durch ein besonderes Wissen in bezug auf die Lebenserfahrung, allgemeines psychologisches Verstehen sowie speziell auch die schöpferisch-natürlichen Gesetze und Gebote aus. Für einen wahrlich weisen Menschen sind die hohen Werte des Daseins und des Lebens von ganz speziellem Wert, vor allem die schöpferisch-natürlichen Gesetz- und Gebotsmässigkeiten sowie alle Tugenden, insbesondere Moral, Ethos, Sitte und die natürliche Menschlichkeit. Also hat sich ein Mensch, dem die Weisheit eigen ist, einer herausragenden ethisch-moralisch-sittegeprägten Grundhaltung eingeordnet, wie all den damit verbundenen Handlungs- und Verhaltensweisen. Ausserdem zeugt wirkliche Weisheit beim Menschen von einer aussergewöhnlichen bewusstseins-gedanken-gefühls-psychemässigen Beweglichkeit und Unabhängigkeit, folglich er befähigt ist, systematisch alle Dinge zu durchdenken, weise Erkenntnisse und Entschlüsse zu gewinnen, zu fassen und dementsprechende Beurteilungen zu fällen. Folgedem kann ein der Weisheit fähiger Mensch weise Worte formen, weisen Rat erteilen sowie ein weises Verhalten an den Tag legen. Ein wahrlich in Weisheit lebender Mensch denkt und handelt auch logischer, als dies einem sogenannten

Normalsterblichen ohne gute Allgemeinbildung eigen ist, der diese Dinge weniger gründlich und weniger tiefschürfend durchdenkt, eben darum, weil ihm infolge der fehlenden Bildung die notwendigen Fakten nicht in den Sinn kommen. Wird die Weisheit eines Menschen näher und in umfassender Würdigung aller Umstände betrachtet, dann lässt sich erkennen, dass auch eine schöpferisch-gebotskausalitätsmässige Voraussicht gegeben ist, die sich manchmal erst mit zeitlichen oder räumlichen Abständen als richtige und wahre Äusserungen, Ratgebungen und Überlegungen erweisen. Gleichermassen gilt dies für mancherlei Handlungen und Taten, die in richtiger Weise zutreffend sind, sich aber erst zukünftig als richtig erweisen. Entsprechend gilt die Richtigkeit auch für Worte, die ein der Weisheit fähiger Mensch nach reiflicher Überlegung nicht ausspricht oder für Handlungen oder Taten, die er nicht tut, weil er sehr genau weiss, dass jedes gesprochene Wort, jede Handlung oder Tat zuviel und völlig falsch angebracht wäre. Das bedeutet nun aber nicht, dass ein weiser Mensch als solcher mehr, wertvoller oder höher einzustufen oder gar zu bewerten wäre als jeder andere, jedoch weniger gebildete Mensch, denn der Wert des Menschen als solcher hängt nicht vom Wissen und der Weisheit ab, sondern vom wahren Menschsein. Und ein wahrer Mensch sein kann jeder Mensch, wenn er sich bemüht, des Rechtens nach den schöpferisch-natürlichen Gesetzen und Geboten gemäss Moral, Ethik und Sitte sowie allen guten und gerechten Verhaltensweisen in bezug auf sich selbst, die Mitmenschen und das Dasein der gesamten Umwelt sein Leben zu führen

und zu verbringen. Und das ist so, und zwar ganz egal, ob er belesen, gebildet, ungebildet oder eben einfach ein normaler und einfacher Mensch ist. Tatsache ist auch, dass jeder Mensch, der in gerechter und rechtschaffener Weise sein Leben derart führt – wie eben erklärt wurde –, ein gewisses Mass an Wissen und Weisheit hat und daraus für sich selbst und seine Mitmenschen Nutzen ziehen kann.

Begriffsdeutung von Ethik und Ethos

Ethik und Ethos entsprechen zweierlei unterschiedlichen Formen, und zwar bezieht sich Ethik auf alle äusseren menschlichen moralischen Werte des Verhaltens, die gewährleisten, dass die Menschen miteinander und zusammen existieren können. Diese Ethik gibt es auch in der freien Natur bei der Fauna und Flora, wobei diese Ethikformen dann Symbiose und Paarbindung genannt werden.

Ethos entspricht gegenteilig zur Ethik nicht den äusseren Verhaltenswerten, sondern dem inneren Grundverhalten des Menschen in bezug auf seine Moral und Sitte, woraus auch sein persönlicher Ordnungssinn, seine Verhaltensregeln und seine Handlungen und Taten hervorgehen.

An alle Menschen, Verantwortlichen und Regierenden der Erde

Schon in den Jahren 1951, zweimal 1958 sowie 1959 und in den 1960/70er und 1980er Jahren gelangte ich mit diversen Schreiben an die Regierungen und Verantwortlichen sowie an namhafte Zeitungen und Radiostationen der Welt und nannte in Prophezeiungen und Voraussagen, was der Erde und ihrer Menschheit bevorsteht, wenn nicht umgehend etwas Greifendes gegen die stetig wachsende Überbevölkerung getan wird. Dies, weil durch die Machenschaften der Überbevölkerung ungeheure Veränderungen auf der Erde, an ihrem Klima und ihrer Natur hervorgerufen werden, die einen schlimmen Klimawandel und gewaltige Naturkatastrophen hervorrufen. Es wurde auch davor gewarnt, dass durch Krieg, Revolution und Diktatur sowie durch zerstörende Naturgewalten ungeheure Menschenmassen aus ihren unterdrückten und verarmten Heimatländern in die Industriestaaten fliehen und in diesen schwere politische, wirtschaftliche, soziale und asoziale sowie religiöse Probleme usw. hervorrufen werden. Und es wurde auch erklärt, dass dafür die Regierenden und Verantwortlichen sowie die gesamte irdische Menschheit verantwortlich sein werden, an vorderster Front die Behörden und ihre vorgesetzten Regierungen, wie aber auch viele Wissenschaftler. Leider hat niemand während rund 60 Jahren auf meine Worte gehört, sondern es wurde nur darüber gelacht oder sich in Stillschweigen gehüllt, folglich nichts gegen das ständige Wachstum der Überbevölkerung unternommen wurde, durch die alle die vielfältig existierenden Probleme auf der ganzen Erde überhandnehmen und im heutigen Rahmen ausarten. Und um diesen Ausartungen zu begegnen, werden von den Regierenden und Verantwortlichen sowie von den Menschen allgemein keine Gegenmassnahmen ergriffen, um das weitere Zunehmen der Überbevölkerung zu stoppen und damit der Welt und ihrer Natur die Möglichkeit zu geben, den ihr durch die Menschheit zugefügten Schaden langsam zu mindern. Zwar kann das Schlimme, das geschehen ist und in weit schlimmerer Folge zukünftig noch in Erscheinung treten wird, nicht mehr rückgängig gemacht und nicht mehr gestoppt werden, aber wenn endlich richtig gehandelt wird, dann ist eine nützliche Rückwandlung zum normalen und gesunden Verhalten des Klimas und der Natur ebenso möglich, wie auch, dass sich all die schweren politischen, sozialen und asozialen Probleme lösen lassen. Das aber bedingt, dass Wahrhafti-

ges unternommen wird, um allen Übeln und Problemen zu begegnen und ihnen Paroli zu bieten. Dies, anstatt dass sinnlose, dumme und nutzlose Klimakonferenzen durchgeführt und Dummheiten besprochen und beschlossen werden, die grösser nicht sein können, weil die effective Wirklichkeit und deren Wahrheit nicht wahrgenommen und nicht verstanden werden. Dazu gehören auch ständig neue Steuern für den angeblichen ‹Klimaschutz›, die den Bürgern aufgebürdet, jedoch unsinnig verpulvert werden. Das Grundproblem aller Klima- und Naturzerstörung und die daraus resultierenden urweltlichen Naturkatastrophen und die künftig dräuenden Hyperstürme resp. Urstürme, Superstürme und Megastürme sind einzig und allein bei der Überbevölkerung zu finden, durch deren vielfältige zerstörerische Machenschaften der gesamte Naturverlauf und das Innenleben der Erde gestört, zerstört und zukünftig noch sehr viel schlimmer wird. Auch das Gewicht der gesamten Masse Menschheit und ihrer Bauten und Stauseen sowie der ungeheuren Massen der Tiere, die zur Produktion von Nahrungsmitteln dienen, stören das Innenleben der Erde. Dies darum, weil der Druck dieses weltweit ungeheuren Gewichts, das auf das Innenleben der Erde drückt, dazu führt, dass zuviel Druck auf die Kontinentalplatten ausgeübt wird, was dazu führt, dass mehr und gefährliche Verschiebungen der Platten stattfinden, was immer mehr und zu katastrophaleren Erd- und Seebeben und gewaltigen Tsunamis führt. Dies, während die Erd- und Seebeben auch noch dazu beitragen, dass Vulkanausbrüche ausgelöst und weitere Katastrophen hervorgerufen werden. Eine Tatsache, die von grössenwahnsinnigen ‹Fachleuten› ebenso vehement bestritten wird, wie dass Vulkaneruptionen allein durch ihre innerirdischen Schwingungen wiederum rund um die Welt weitere Vulkanausbrüche hervorrufen können. Und da die Menschen der Erde so unbedacht sind, ihre Wohnstätten, Atomkraftwerke und viele andere Gebäulichkeiten in die Nähe von Meeres-, See- und Flussufern, anstatt mindestens auf einer Höhe von 70 Metern über Meer, zu errichten und zu betreiben, sowie in von Erdbeben und Überschwemmungen gefährdeten Gebieten, so ist es unausweichlich, dass die Wohnstätten, Fabriken und Atomkraftwerke usw. in Mitleidenschaft gezogen, beschädigt oder gar zerstört werden. Dabei besteht bei solchen AKWs schon die Gefahr, dass durch Fehlschaltungen oder durch irgendwelche Einflüsse anderer Art ein GAU oder Super-GAU ausgelöst werden kann, wie sich das in Tschernobyl und nunmehr auch in Japan bewiesen hat. Und dass dabei die Natur radioaktiv kontaminiert wird und auch Menschen durch die Strahlung verseucht, todkrank werden

und sterben, weil sie an Krebs erkranken, während Schwangere, die in den Bereich der Strahlung kommen, Missgeburten gebären, das ist nur eine zwangsläufige Folge. Diese Tatsache kann ebenso nicht von der Hand gewiesen werden, wie auch nicht, dass durch eine Kernschmelze zerstörte AKWs atomare Partikel in die Luft freisetzen, die, je entsprechend den Windverhältnissen, als gefährliche Strahlung weite Gegenden verseuchen und sich auch rund um die Welt ausbreiten und mit Niederschlägen zur Erde fallen, wodurch auch in dieser Weise viel durch die Strahlung kontaminiert wird. Und geschehen solche Dinge, dann führen weltweit gewisse Regierende und Wissenschaftler grosse Worte und Reden und behaupten, dass in ihrem Land Gleiches nicht geschehen könne und dass sicherheitsmässig alles neu überprüft und auf den neuesten Stand gebracht werde, damit ein GAU oder Super-GAU ausgeschlossen sei. Solche Worte und Reden sind aber nicht nur hohl und leer, sondern auch einfältig und dienen wahrheitlich nur zur Beruhigung der Bevölkerung sowie zur eigenen fragwürdigen Imagepflege der betreffenden verantwortungslosen Regierenden und Wissenschaftler. Wahrheitlich verstehen die Regierenden, die ihre Unsinnigkeiten per Zeitungen, TV und Radio usw. verbreiten, von der Physik und speziell in bezug auf die Atomtechnik so gut wie überhaupt nichts, wobei sie aber diese Unwissenheit mit blöden Scheinerklärungen zu ummänteln versuchen. Natürlich braucht die Menschheit elektrische Energie, weil der grösste Teil der heutigen Technik darauf ausgerichtet ist, daher braucht es auch energieerzeugende Anlagen in bezug auf die Elektrizität, wobei der Grossbedarf gegenwärtig tatsächlich nur mit AKWs gedeckt werden kann. Das bedeutet aber nicht, dass solche Atomkraftwerke in bezug auf Sicherheit derart ausgearbeitet und ausgereift sind oder hergestellt werden können, dass damit keine Unfälle geschehen können, denn dazu reicht die irdische Atom-Energietechnik noch lange nicht aus – und wird auch nie ausreichen. Aber ehe nicht eine neue und saubere Energietechnik zur Schaffung von elektrischer Energie erfunden und umgesetzt wird, sind leider Atomkraftwerke noch unumgänglich. Also ist angesagt, dass zur elektrischen Energieerzeugung andere Techniken in Betracht gezogen werden, die sauber sind und auch kein CO_2 in die Luft schleudern, wie z.B. Kohle-, Gas- und Ölkraftwerke. Für saubere Kraftwerke zur elektrischen Energieerzeugung bleiben so praktisch nur der Wind, das Wasser und die Sonnenstrahlung übrig, zumindest derart lange, bis weitere saubere Energieerzeugungsmöglichkeiten erfunden oder erschlossen werden. Insbesondere wäre als saubere Energiegewinnungs-

technik die Nutzung der Erdhitze aus grossen Tiefen der Erde durch entsprechend grosse Hitze-Kraftwerke anzustreben, denn dadurch würden alle irdischen Energieprobleme in bezug auf die Elektrizität gelöst. Dadurch könnte auch der gesamte Strassen- und Wasserverkehr mit elektrischer Energie betrieben werden, ohne dass schädliche Emissionen in die Luft und Umwelt gelangen. Fahrzeuge und Maschinen aller Art usw. mit Explosionsmotoren würden endlich von der Bildfläche verschwinden. Doch warum die ‹schlauen› Energie-Wissenschaftler sowie all die verantwortlichen Regierenden usw. bis heute noch nicht auf diese Lösung gekommen sind, das fragt man sich tatsächlich. Gewaltige Hitze-Kraftwerke, die die Hitze aus dem Erdinnern nutzen könnten, würden tatsächlich alle Energieprobleme der irdischen Menschheit lösen, und zwar ohne Schadstoffe zu produzieren und ohne dass die Gefahr eines GAUs oder Super-GAUs zu befürchten wäre.

Die ungeheure Überzahl der irdischen Menschheit, die nicht mehr als ca. 529 Millionen Menschen betragen sollte, führt aber nicht nur in der Natur zu immer schlimmeren Katastrophen, sondern auch immer mehr zu ausgearteten Machenschaften unter den Menschen selbst. So werden z.B. Kriegshandlungen aller Art immer häufiger, wobei auch Genozide resp. Völkermorde dazugehören. Aber auch die Arbeitslosigkeit steigt, denn durch die Technisierung der Arbeitsvorgänge werden immer weniger menschliche Arbeitskräfte benötigt. Es steigen aber auch die menschlichen Laster aller Art an, wie Drogensucht, Kriminalität und Verbrechen, wie aber auch der stetig mehr in Erscheinung tretende Trinkwasser- und Nahrungsmangel immer schlimmer wird und mehr und mehr ausser Kontrolle gerät. Gleichermassen gilt das für Übel wie auftretende Seuchen und Krankheiten, das Verkümmern guter zwischenmenschlicher Beziehungen sowie die immer prekärer und übler werdenden Familienverhältnisse, weil die Kinder nicht mehr in rechtschaffener Weise zu wertvollen Menschen erzogen werden, sondern zu ausartenden asozialen Wilden, die nicht davor zurückschrecken, Angst, Schrecken und Gewalt zu verbreiten. Und gerade in dieser Hinsicht werden die Menschen in der grossen Masse der Überbevölkerung immer gleichgültiger, menschenunwürdiger, voller Hass und Vergeltungs- und Rachegedanken. So wird nach Todesstrafe und Krieg geschrieen, Andersgläubige werden verunglimpft, während böser Terrorismus, Selbstmordattentate, Rassendiskriminierung und Selbstmorde immer mehr überhandnehmen usw. Und da sind doch in erster Linie weltweit die Regierungen und sonstigen Verantwortlichen gefordert,

um all diese Ausartungen zu stoppen, zu unterbinden und letztlich aus der Welt zu schaffen. Je weniger aber von den Regierenden und Verantwortlichen der Welt in genannter Hinsicht etwas getan wird, desto grösser und umfassender werden alle Übel, von denen die Menschen der Erde beherrscht werden und die sich auch klima- und naturmässig auswirken.

Es liegt an den Regierenden und Verantwortlichen, wie aber auch am einzelnen und an der gesamten Menschheit, dass alles Notwendige unternommen wird, um allen Übeln in richtiger Weise zu begegnen und sie mit der Zeit unter Kontrolle und zum Verschwinden zu bringen. So gilt das auch dafür, dass jede Form von Folter und Todesstrafe abgeschafft, Kriege nicht Wirklichkeit, sondern im Keime erstickt werden. Und wenn Staatsmächtige doch Krieg führen wollen oder die Todesstrafe befürworten, die auch einer Folter entspricht, oder die sonstwie des Unrechtens schalten und walten, dann sollen solche Elemente umgehend ihres Amtes enthoben und durch Personen ersetzt werden, die gewährleisten können, dass die schöpferisch-natürlichen Gesetze und Gebote gepflegt und eingehalten werden. Eine militärische Armee kann gut und recht sein zur eigenen Landesverteidigung, jedoch niemals dazu, fremde Staaten anzugreifen und diese in einen Krieg zu führen, folglich auch kein Militär eines Landes anderen kriegsführenden Staaten Hilfestellung leisten und diesen Kampftruppen usw. zur Seite stellen darf. Eine militärische Armee darf nur zur Selbstverteidigung für das eigene Land bestehen, und sie darf niemals in bezug auf eigene Interessen kriegerisch in einen fremden Staat einfallen, um in diesem zu eigenen Gewinnzwecken Krieg zu führen. Also müssen die Regierenden und Verantwortlichen der Welt darauf bedacht sein, alle diesbezüglichen Missstände und Menschenunwürdigkeiten abzuschaffen, wie Todesstrafe, Folter, Rassismus, Religionshass und Krieg usw. Eine Armee sollte nur als Multinationale Friedenskampftruppe mit einer hunderttausendfachen oder millionenschweren Anzahl Soldaten existieren, die weltweit sofort eingreift und alle aufkommenden Kriegshandlungen stoppt, wenn irgendwo in einem Staat welche ausbrechen. Allein diese Tatsache kann schon genügen, dass in den Ländern keine kriegerische Machenschaften vom Stapel gelassen werden, weil bekannt ist, dass sofort und umgehend eine gewaltige Übermacht von Welt-Sicherheitstruppen in Form einer hunderttausendfachen oder millionenschweren Multinationalen Friedenskampftruppe eingreifen und die Kriegshandlungen im Keime erstikken und beenden würde.

Dringendst notwendig aber ist in erster Linie, das Weiterwachsen der Überbevölkerung drastisch zu stoppen durch eine weltweit kontrollierte Geburtenregelung, denn je mehr Menschen auf der Erde existieren, desto grösser und umfassender werden alle Probleme unter den Menschen selbst, wie aber auch in bezug auf die Klima- und die Naturzerstörung, folglich die Probleme, und zwar restlos alle, je länger je mehr immer unlösbarer werden.

Schon im Jahr 1951 und auch in den Jahren 1958/59 sowie in den 1970er und 1980er Jahren redete ich zu den Verantwortlichen der Behörden und Regierungen sowie allgemein zu den Menschen der Erde mit prophetischen und voraussagenden, mahnenden Worten, doch es wurde nicht darauf gehört. Es ist nun 66 Jahre her, dass der Zweite Weltkrieg sein unrühmliches Ende gefunden hat, der von 1939 bis 1945 dauerte und rund 62 Millionen Menschen das Leben gekostet und in vielen Ländern ungeheuer viel Leid, Not, Schmerz und Zerstörung angerichtet hat. Selbst die atomare Energie wurde zur Ermordung von Hunderttausenden von Menschen und zur Zerstörung deren Städte eingesetzt – durch die verantwortungslose und verbrecherische Handlung der USA, als die japanischen Städte Hiroshima und Nagasaki durch Atombomben zerstört wurden. All das war jedoch leider nicht das Ende aller Schrecken, Massenmorde, Kriege und Terrorhandlungen, denn die Menschen aller Völker wurden nicht gescheit, sondern sie machten seither im selben bösartigen und zerstörenden Rahmen weiter. Es wurde seither alles gar noch sehr viel schlimmer, denn die stetig überhandnehmende Masse Menschheit zerstörte seither auch in unermesslichem Masse die Natur und das Klima, wogegen in besonderer Verantwortung die Regierenden dagegen hätten etwas unternehmen müssen. Rund um die Welt aber waren die machtgierigen Regierungen in keiner Art und Weise fähig, etwas zum Besseren zu verändern, und die Völker selbst waren nicht bereit, die fehlbaren Regierenden ihrer Ämter zu entheben und sie das Hasenpanier ergreifen zu lassen, um sie durch nicht begriffsstutzige Leute zu ersetzen. Schon früher schrieb ich in den 1950er Jahren:

«Das Volk in jedem Land ist es grundsätzlich, das die Regierenden wählt – in der Regel leider die falschen, die erst grosse Versprechungen machen, um dann, wenn sie an der Macht sind, Krieg und Terror vom Zaun zu brechen und das Volk mit Lügen und Betrug in ihren Bann zu schlagen, wodurch es den Oberen hörig wird und die wirk-

liche Wahrheit verkennt. Das aber wird zukünftig böse Folgen bringen, denn weltweit werden Staatsgewaltige – wenn die Völker nicht dagegen einschreiten – die Menschen immer mehr in Kriege, Terror und Hass verwickeln, bis das Ganze weltweit unkontrollierbare Formen annimmt. Die Zeit dazu ist nicht mehr fern, denn bereits glimmen diese ungeheuerlichen Dinge in einem Schwelbrand, der schon in den nächsten Jahren zum offenen Feuer werden wird. Noch ist es Zeit, das Ungeheure zu stoppen, das für die Zukunft der ganzen irdischen Menschheit und für die Erde und deren Natur prophezeit ist. Noch können greifende Gegenmassnahmen alles zum Besseren verändern, wenn die Völker und alle Verantwortlichen der Regierungen, der Behörden, der Wissenschaften und der Militärs sowie aller sonst Zuständigen sich strengstens bemühen, alle Übel aufzuhalten und alles einem positiven Wandel zuzuführen. Geschieht das nicht, dann stehen ungeahnte Schrecken bevor, wobei die Weltmacht USA in jeder Beziehung an vorderster Front das Schwert des Todes sowie der Zerstörung und der Vernichtung führen wird, während im Schlepptau auch Israel und alle jene Staaten mitziehen, die sich in scheinheiliger Freundschaft an die USA schmiegen werden, und zwar wider den Willen des vernünftigen Teiles des jeweiligen Volkes.

Nicht nur Kriege, Terror, Zerstörung und Vernichtung mit tausendfältigen Toden und Hunderttausenden von Ermordeten werden die Zukunft zeichnen, sondern auch eine ungeheure Überbevölkerung, durch deren Schuld alle Naturgesetze aus den Fugen geraten werden. Alle Unwetter werden sich durch die Schuld des Menschen mehren und immer gewaltigere Formen annehmen, so die Hagelwetter, die Schneestürme und Regenfluten, wie aber auch die Ozonschicht sehr gefährlich geschädigt wird. Ungeheure Überschwemmungen werden je länger je mehr zur Tagesordnung gehören, denn durch die Überbevölkerung werden die Auenwälder und Auenebenen zu Wohngeländen umfunktioniert, wodurch die wilden Wasser der Regenfluten ihren Weg in die Häuser der Menschen suchen, weil sie nicht mehr in unbewohnte Auengebiete entweichen können. Bergstürze und Lawinen, wie aber auch Erdbeben und Seebeben sowie Stürme aller Art werden überhandnehmen; die Orkane und Taifune, die Hurrikane und Tornados, die sich in ihrer Zahl immer mehr steigern und immer gewaltiger und zerstörender werden. Und auch daran wird die Überbevölkerung Schuld tragen, denn die Überbevölkerung wird ungeheuer Negatives und dadurch eine unnatürliche Klimaveränderung hervorrufen, die schon in nur einem Jahrzehnt ab heute bereits sehr nachteilig für die Welt zu wirken beginnen wird.

Die ungeheuren Massen und Gewichte der Städte und Dörfer drangsalieren die inneren Strukturen der Erde laufend immer mehr, wodurch die Tektonik beeinträchtigt wird, was zwangsläufig vermehrt zu tektonischen Verschiebungen und Verwerfungen führt, durch die weltweit ungeheure Beben hervorgerufen werden, wobei dann die Toten letztlich in die Hunderttausende und in die Millionen gehen werden. Und diese Beben haben auch Einflüsse auf den gesamten irdischen Vulkanismus, folglich auch die Vulkane, die weltweit vielfach miteinander (Anm. Billy 2011: schwingungsmässig) verbunden sind, immer häufiger und immer zerstörerischer in Tätigkeit treten. Auch das wird viele Menschenleben fordern, und zwar besonders in jenen Gegenden, wo unvernünftigerweise zu nahe an den Vulkanen Wohnstätten gebaut werden, wie das auch der Fall ist an Stränden von Meeren, an grossen Flüssen und Seen, wo unmittelbar an die Ufer gebaut wird, die durch Sturmwellen und Flutwellen in gewaltigem Masse überschwemmt und sehr viele Menschenleben fordern werden. Doch nicht genug damit, denn durch die stetig wachsende Überbevölkerung, die schon in 50 Jahren (Anm. Billy 2011: ab den 1950er Jahren gerechnet) auf über sechs Milliarden angewachsen sein wird, wie vorausgesagt ist, werden viele ungeheure und unlösbare Probleme in Erscheinung treten. Hungersnöte werden sich steigern, während alte und ausgerottet geglaubte Krankheiten wiederkehren werden. Durch den Massentourismus aus den Industriestaaten werden die Menschen der Drittweltländer auf den Reichtum der reichen Länder aufmerksam, wodurch diese mit Wirtschaftsflüchtlingen aus aller Welt überschwemmt werden, so auch ein ungeheures Asylantenproblem zur Unlösbarkeit werden wird. Und es ist vorausgesagt, dass Ende der Achtzigerjahre die Hochkonjunktur zusammenbrechen und weltweit eine ungeheure und noch nie dagewesene Arbeitslosigkeit ausbrechen wird, wodurch die Kriminalität durch Arbeitslose ebenso steigt wie auch durch kriminelle Banden aus den sogenannten Drittweltländern, die sich in den Industriestaaten ausbreiten und selbst vor Mord nicht zurückschrecken werden, wenn sie ihren Untaten nachgehen. Auch Staatsverschuldungen steigen ins Unermessliche, wie auch terroristischer Extremismus und das Neonaziwesen usw. Die Prostitution, so wurde vorausgesagt, nimmt unglaubliche Formen an und wird derart in die weltweite Öffentlichkeit hinausgetragen, dass selbst Kinder nicht davon verschont werden. In den nächsten Jahrzehnten wird die Prostitution zu einem ‹ehrbaren› Beruf werden, der von den Behörden offiziell anerkannt und auch der Steuerpflicht eingeordnet werden wird. Das bereits erfun-

dene Fernsehen wird in jeder Familie ebenso zum Alltag gehören wie die Technik der Computer, woran in Amerika, Deutschland, Japan und der Sowjet-Union bereits fleissig gearbeitet wird. Das Fernsehen und die Computer werden zu den wichtigsten Informationsmedien, wie aber auch zu den bedeutendsten Formen der öffentlichen Prostitutionswerbung.
Die Menschen werden im Verlaufe der nächsten 50 Jahre (Anm. Billy 2011: ab den 1950er Jahren gerechnet) kalt in ihren Gedanken und Gefühlen, wodurch zwischenmenschliche Beziehungen immer seltsamere Blüten tragen und nur noch zweckbestimmt sein werden. Wahre Liebe wird zu einer Rarität, und viele Ehen finden nur noch statt, um einem bestimmten Status frönen zu können, der mit Ansehen und Geld gehandelt wird. Das Fazit wird sein, dass viele Ehen nicht mehr halten, Familien zerstört werden und die Nachkommen sowohl sexuell missbraucht werden, wie sie aber auch asozial werden und verwahrlosen. Die Menschen, besonders die jungen, werden schon Ende der Fünfzigerjahre ein Leben zu führen beginnen, das vielfach nur noch auf Drogen ausgerichtet ist, und später, wenn die Zeit der Achtzigerjahre näherrückt, dann wird das Drogenproblem überhandnehmen, wie aber auch nur noch das Vergnügen von Bedeutung sein wird und zerstörerische und disharmonische Klänge die Musikwelt prägen werden, wodurch die Psyche beeinträchtigt und das ganze Verhalten jener Menschen dem Negativen verfällt, die sich auf diese zerstörerische Musikart ausrichten.
Auf dem Gebiet des Sektierertums treten immer mehr angeblich von Gott Auserwählte in Erscheinung, die ihre Gläubigen finanziell ausbeuten, diese hörig machen und gar in den Selbstmord treiben. Verantwortungslose werden die Zeit nutzen, um durch ihre gläubigen Anhänger reich zu werden, besonders dann, wenn sie in bezug auf den Jahrtausendwechsel Angst und Schrecken verbreiten, weil, wie sie behaupten werden, im Jahr 2000 die Welt untergehen soll. Es wird dann gar davor nicht zurückgeschreckt, Lügen zu verbreiten, dass Ausserirdische Auserwählte retten würden – aber natürlich nur dann, wenn diese hohe Geldbeträge an die Sektenführer abliefern.
Vieles mehr bringt die wachsende Überbevölkerung noch mit sich, die grundsätzlich der eigentliche Ursprung aller üblen Dinge der Zukunft ist, denn je grösser die Überbevölkerung wird, desto gewaltiger werden die daraus entstehenden Probleme. So werden neue Seuchen auftreten, und zwar schon in den kommenden Achtzigerjahren, die Millionen von Menschenleben fordern werden, und zwar Seuchen, die von Tieren auf die Menschen übertragen werden, wie

in fernerer Zeit auch Seuchen, die aus dem Weltenraum auf die Erde eingeschleppt werden. All das jedoch, dass die Seuchen von Tieren ausgehen und auf die Menschen übergreifen, werden aber die Verantwortlichen bestreiten und jene als Lügner verleumden, die der wirklichen Wahrheit kundig sind. Wenn so die Welt und ihre Menschheit zugrunde gerichtet wird, dann ist der Mensch der Erde selbst der Urheber dafür, wobei er die wirkliche Ursache dadurch schafft, dass er seine Überbevölkerung in immer höhere Zahlen treibt. Also wird es nicht ein imaginärer Gott irgendeiner Religion oder Sekte sein, der die kommenden ungeheuren Probleme und Auswüchse bestimmt, sondern einzig und allein der Mensch der Erde, der sich in seinem Wahn als höchstes und gewaltigstes Wesen im Universum glaubt – weit höher, als dies die Schöpfung jemals sein kann. Durch die Schuld des Menschen, durch seine Überbevölkerung, durch seinen Grössenwahn, durch seine Unvernunft und Selbstherrlichkeit fordert er alle Kräfte der Natur heraus, die sich zusammen mit der Erde aufbäumen und sich gegen die ausartenden Machenschaften des Erdenmenschen wehren. Also überborden die Naturgewalten auf der Erde zusammen mit dieser selbst, weil der Mensch den gesamten natürlichen Gang der Elemente und des Lebens stört und zerstört.

Das alles habe ich zu sagen, denn es ist die prophetische und zugleich voraussagende Wahrheit. Fassen Sie alle, die Sie diese Worte von mir vernehmen, den Mut, das Gesagte zu überdenken und daraus die richtigen Schlüsse zu ziehen und richtig zu handeln, denn noch ist Zeit dazu – doch diese beginnt bereits zwischen den Fingern zu zerrinnen. Bedenken Sie dieser Prophetie und Voraussage, und handeln Sie im Sinne einer Wandlung zum Besseren. Machen Sie alles auch öffentlich für alle Menschen der Erde, durch Belehrungen in allen Medien, um eine Änderung und Wandlung in positivem Sinne zu erreichen und um die Erde und ihre ganze Menschheit vor all der Unbill, vor allem Übel, vor allen Ausartungen, den vielen Toden und Zerstörungen und vor dem Schritt in die Vernichtung zu bewahren. Sie alle, die Sie meinen Brief erhalten, haben die Möglichkeit, die Macht und die Verantwortung, die Erde und ihre Menschheit vor all dem zu bewahren, was ich Ihnen offenbart habe. Zaudern Sie nicht, sondern handeln Sie, und zwar schnell, denn die Zeit drängt. Handeln Sie nicht umgehend, dann sind Sie ebenso verantwortlich dafür, wenn sich die Prophetie erfüllt, wie auch alle jene, welche zukünftig für deren Erfüllung sorgen.»

Voraussage von Hilak
aus dem Jahr 1446 v. Jmmanuel/Chr.

(Hilak = Ur-Ur-Grossvater von Ptaah)

Das Leben der Menschen auf der Welt verfällt über Jahrtausende bis in die ferne Zukunft der Neuzeit und sehr lange Zeit danach durch Wahngläubigkeit an Gottheiten und dergleichen abschlägig zu einem durch Glauberei verdorbenen erbärmlichen, unerfreulichen und verkommenen Leben in falscher Glaubens-Sklaverei. Es entsteht eine schwerwiegende Gefangenschaft in einem Wahn, der über Jahrtausende zu Unfrieden und schrecklichen Kriegen und immer wieder in neue Verderben führt. Glaubensbedingte Sinnestäuschungen, Blendwerke, Einbildungen, Irreführungen, Lug und Trug, Mystifikationen, Illusionen und Vorspiegelungen von Phantasmagorien werden zur Ordnung aller kommenden Zeiten gehören und vielfach viele tausendmal viele tausendmal tausende Menschenleben fordern und immer wieder grosse Teile der Welt und deren Natur durch Kriege usw. vielfaches Leben weitest zerstören. Und der Ursprung dieses Unheils wird in rund 200 Jahren mit dem Werden des kommenden Ysrjr-Bundes (Anm. Ptaah: Monotheistisch wahnglaubensverfallener Volksstammbund in Kanaan, später Syria; eigentlicher Ursprung des Judaismus) der ersten weltumfassenden Wahnglauberei begonnen, die durch Kriege, Hass, Neid, Vergeltung und Lug und Trug über Jahrtausende weit in die fernste Zukunft getragen werden wird. Diese erste Wahnglauberei, die in ferner kommender

Zeit als ‹Glaubensbekenntnis› (Anm. Ptaah: Religion) genannt werden wird, bringt dann über Jahrtausende viel Elend, Neid, Not, Leid, Wahnglaubenshass und Zerstörung zwischen allen Völkern der Welt. Aus dem durch den ersten aufziehenden, ins Werk und in Gang gesetzt werdenden Wahnglaubensbund (Anm. Ptaah: Glaubensgemeinschaft, Glaubensverbindung, Glaubensvereinigung) wird der eigentliche Ursprung für die grössten Glaubenswahnübel der Welt hervorgehen. Aus diesem Ursprung wird in weiteren rund 700 Jahren im Osten der Welt ein weiterer Wahnglaubensbund entstehen, durch den im Lauf der Zeit auch Blutvergiessen und Hass über die Welt verbreitet werden wird. Weitere rund 500 Jahre danach wird ein Künder (Jmmanuel) der alten ‹Lehre der Propheten› in Erscheinung treten, dessen Lehre jedoch verfälscht, missbraucht und daraus ein neuer weltweit äusserst verleumdender, verderblicher, hassverbreitender, gefährlicher, todgeschwängerter sowie Zerstörungen bringender neuer Wahnglaube abgeleitet wird. Dieser wird weit über zwei Jahrtausende zu weltweiten Kriegen, Kriegs-Greueltaten, Mordtaten, zu Hass, Verfolgungen und ungeheuren Zerstörungen unzähliger Menschenwerke, der Natur und deren Lebewesen führen. Dabei wird auch ein unübersehbares Mass an Menschen mitwirken, die sich wie Heuschrecken vermehren und Machenschaften erdenken und durchführen werden, deren bösartige Wirksamkeit grosse Teile des Planeten und der Natur zerstören werden, wodurch viel des Naturlebens auf alle Zeit hinaus aussterben wird. Doch rund 500 Jahre nach dem Erscheinen des Künders der ‹Lehre der Propheten› wird ein neuer Künder (Anm. Ptaah: Mohammed) im Wiederleben derselben Lehre

ins Leben treten, um all das Falsche und Verwerfliche auszutilgen, was jedoch Böswillige und Wahngläubige und die Lehre Missverstehende verleumdend aus der ‹Lehre des Propheten› des vorherigen Künders gemacht haben werden. Doch auch die Lehre dieses neuen Künders wird äusserst bösartig verfälscht werden und über alle Zeit der nächsten Jahrtausende hinweg zu Kriegen, zu Hass, Verleumdung und zu unzählbaren Toten, wie auch zur Furcht, zu Entsetzen, zu umfassend tödlichen Gewaltaktionen (Anm. Ptaah: Tyrannei, Despotie, Diktatur, Schreckensherrschaft, totalitären Systemen, absolutistischer Herrschaft und Terrorismus, die Ausschreitungen, Unruhen, Gewalttätigkeiten, Krawalle, Strassenkämpfe, Tumulte, Aufrührereien und Übergriffe mit sich bringen werden) führen wird. Daher müssen die Menschen der Neuzeit durch Klarheit und Vernunft ihre in den Abgrund führende Situation zu verstehen lernen und sich von ihren falschen Glaubensvorstellungen befreien, den Weg zu sich selbst finden, sich selbst werden und bewusst die eigene Verantwortung zu tragen lernen. Es sei daher also der ganzen Menschheit gesagt, dass sie ihr Glaubensgefängnis und ihren Glaubenswahn verlassen müssen, denn sonst werden durch ihren Gottglauben grosse Massen in die Irre geführt und eine Vielzahl in Millionenhöhe durch ausartende Glaubensverfolgungen gefoltert und ermordet, wenn das Sonnenkreuz (Anm. Ptaah: Sonnenrad, Swastika, Hakenkreuz) als bösartiges Zeichen die anlaufende Schreckenszeit ankündigt und die Energie des Winzigsten (Anm. Ptaah: Kernspaltung) freigesetzt, missbraucht und zum vernichtenden Todesboten wird. Und geschieht es, dann wird damit auch angekündigt, dass alle Schrecken in fort-

laufender Folge immer häufiger sein werden, wodurch viele Leiden entstehen und nur ein kleiner Teil der Nichtglaubensvernunft fähig sein wird, dem allein die Wahrheit erkennbar und verständlich sein wird, wobei auch nur wenige klug genug sein werden, um wissend ihr eigentliches Glück finden zu können.

Alles um den Menschen herum wird zusammenbrechen und verschwinden, und nichts von den Errungenschaften der Zivilisation wird seinen Bestand behalten, denn die Perversität der Menschen wird alles zerstören, denn sie wird die ganze Erde durchschütteln und es werden schlussendlich keine Spuren der irrigen Kulte weiterbestehen. Die grosse Masse vieler Milliarden Menschen wird unter dem Joch der Unwissenheit und Gottgläubigkeit ausarten und dem wahren Leben in schöpferischer Weise fremd werden und in jeder erdenklichen Weise ausarten. Es werden auch schwere Erdbeben als erdmechanische Naturereignisse, ungeheure gewaltige Unwetter und ungeahnte Feuersbrünste das Antlitz der Erdenwelt verändern. Es wird aber nicht auf die Warnungen gehört werden, wie auch nicht auf die alte ‹Lehre der Propheten›, die der neue Künder der Neuzeit bringen und die das Ziel haben wird, den Verstand und die Vernunft der Menschen aufzuwecken und zu sensibilisieren, um sie zu befähigen, sich selbst von ihren Irrungen und dem Wahn ihres religiösen Glaubens und von dessen Torheiten sowie von all ihren üblen Handlungen, Taten und Verbrechen aller Art zu befreien. Doch trotzdem sollen sie durch den neuen Künder belehrt werden und verstehen lernen, dass sie allein für all ihr Handeln, Tun und Verhalten verantwortlich sind, wie das auch andere intelligente Lebens-

formen im Universum sind. Die Menschen sollten und müssen sich bemühen, in Harmonie zu sein mit den Strömungen der Natur und des Universums und also mit der Schöpfung und all ihrem Bestand und sich nicht weigern, mit dem schöpferischen Strom zu gehen, um nicht die Vorteile der guten Bedingungen zu verpassen, die ihnen durch die Schöpfungsvorgaben geboten werden, die durch die Intelligenz und Kraft des Menschen selbst höher und höher entwickelt werden können. Sie müssen aber die Evolution ihres Bewusstseins entwickeln, um in ihrem Verstand und in ihrer Vernunft nicht zurückzubleiben, um nicht Millionen von Jahren warten zu müssen, bis ihnen eine fremde Macht zu einer aufsteigenden Welle von Verstand und Vernunft verhilft.

Die Erde und das ganze Sonnensystem, wie auch das Universum im gesamten, wurde nicht durch eine billige und unexistente Gottheit, sondern als einzige Schöpfung durch eine immense Ausschüttung von natürlicher Folgerichtigkeit schöpferisch-natürlicher Impulse erschaffen und in eine sich weiter entwickelnde Richtung gebracht. Diese schöpferisch-natürlichen Impulse, die auch in den Menschen wirken, werden zum Verständnis in menschlichem Sinn als Liebe bezeichnet, aber von unzähligen Menschen missachtet, als Sentimentalität betrachtet und trotz ihrer grossen Kraft als lächerlich eingeschätzt. In Tat und Wahrheit sind diese Impulse, die Liebe genannt werden, jedoch die grossartigsten aller im Menschen existierenden Kräfte, neben denen Geld und Macht nur nichtige Unwerte darstellen, und zwar auch dann, wenn die Menschen von diesen für den Verlauf und Erhalt ihres Lebens massgebend abhängig sind. Von der Liebe aber müssten die

Menschen in Zukunft ganz besonders durchflutet werden und ihr dienen, denn sonst werden ihr Leben und ihr Bewusstsein durch unvorstellbare Leiden, Schwierigkeiten und unmenschliche Taten und Schrecken gefoltert und geschädigt, wodurch dann die mentale Ordnung, die Gedanken, das Sinnen und Trachten und ihr Verhalten böse, kriminell, verbrecherisch, frevelhaft, verwerflich, primitiv und proletenhaft werden. Also werden sich dann die schrecklichen Formen der Prophezeiungen der alten Propheten erfüllen, die sich auf die kommende Epoche beziehen, die schon bald beginnen und sich erfüllen werden, sich jedoch ab dem Zeichen des Sonnenkreuzes in bösartiger und erschreckender Weise fortsetzen und fortlaufend in die Zukunft hineinbewegen werden.

Es werden auch die Zeiten der grossen Überschwemmungen über die Welt kommen, und es wird dort, wo die Erde ist, Wasser sein, und dort, wo Wasser ist, wird Erde sein. Wirbelstürme, gigantische Feuer und Erdbeben werden herrschen und alles wegfegen, wie durch Horror, Kriege, Morde, Revolutionen, Gewaltherrschaft, Diktatur, Totalitarismus, Tyrannei, Willkürherrschaft, unbeschränkte Gewalt und Verbrechen unglaublich viel Menschenblut fliessen wird. Schreckliche Explosionen werden infolge von Explosionsanschlägen und Terrorattentaten an vielen Orten auf der Erde zu hören sein, wodurch vielerorts und in vielen Ländern Angst, Entsetzen, Furcht und Schrecken herrschen werden. Und vielfach wird der falsche und irre Gottglaube dafür schuldbar sein, und immer wird es sich um einen Wahn von Menschen handeln, nie jedoch um eine Antwort oder eine Forderung eines von den Menschen erfundenen Gottes. Gegenteilig wird jedoch

die Natur Vergeltung fordern für die Verbrechen, die von der in ihrer Vielzahl überbordenden Menschheit an ihr und an der Erde begangen und verübt werden.

Den Menschen sei geraten, sich in Frieden zu üben, in Frieden zu leben und in Frieden die Welt zu beherrschen, ehe die Zeit des Leidens und des Terrors kommt, denn es steht seit alters her geschrieben, dass nicht ein einziges Haar der Gerechten gekrümmt werden wird. Also mögen die gerechten Menschen nicht entmutigt werden, sondern einfach dem Weg des Lernens zur persönlichen Fortentwicklung ihres Bewusstseins folgen, wie es die alten wahren Propheten gelehrt haben und wie es in der Neuzeit der neue Künder lehren und seine Lehre auch in den Weltenraum hinausgetragen werden wird. Die Menschen müssen seine Lehre studieren und lernen, wie das Universum und damit die Schöpfung funktioniert, denn es ist für sie notwendig, dass sie die Welt und die Schöpfung als Natur und Universum sehr schnell verstehen lernen und in dieser Weise mit ihr im Wissen verschmelzen.

Die Menschen sind prädestiniert zu lernen, um in natur- und schöpfungsgerechter Weise zu leben, wie auch jeder einzelne fähig ist, nach den Gesetzen der Schöpfung zu streben und danach zu leben. Jeder muss sich aber dafür selbst wie ein neuer Kontinent formen, und wie eine Insel aus dem riesigen Meer auftauchen und sich in seiner Liebe und in seinem Wissen nach bestem eigenem Vermögen ausbreiten.

In der Neuzeit wird der neue Künder der Gründer einer neuen Zivilisation (Anm. Ptaah: Gruppierung, Verein) sein, die auch Gemeinschaft genannt werden und sich unbeirrt für das Gute und Richtige und für die alte ‹Lehre der Propheten› (Anm.

Ptaah: ‹Lehre der Wahrheit, Lehre des Geistes, Lehre des Lebens›) einsetzen wird. Sie wird durch eine neue Art die alte ‹Lehre der Propheten› verbreiten und sie den Menschen in der ganzen Welt repräsentieren. Dadurch wird die Menschheit der Erde mit der Zeit eine grosse Familie bilden, die letztendlich wie ein grosser und umfangreicher Körper sein wird. In der neuen Zivilisation (Anm. Ptaah: Gruppierung, Gemeinschaft, Verein) wird sich die Liebe auf eine Art manifestieren, wie sie durch den Künder in einfacher und verbindender Weise vorgelebt werden wird. Doch leider wird die Erde ein Planet des Kampfes, der Mühe, des Elends und der Not bleiben, auch wenn in der Neuzeit die Lehre des neuen Künders durch neue moderne Möglichkeiten und Wege nach und nach auf der ganzen Erde verbreitet wird. Die Kräfte des Bösen und der Dunkelheit werden sich wohl bedrängt fühlen und sich langsam zurückziehen, doch die Erde und deren Menschheit werden von ihnen niemals endgültig befreit werden. Viele der Lehre des Künders folgende Menschen werden einen neuen, besseren und klaren Weg gehen, einen Weg des neuen Lebens, der zur Entwicklung des Bewusstseins, zu Verstand und Vernunft, zum inneren Frieden, zur inneren Freiheit und Lebensfreude und zum wahren Menschwerden führt. Andere aber, die Ungerechten und Ausgearteten, werden in ihrem sinnlosen Stolz und Ungebaren ihr Leben ruchbar weiterführen, alles des Schöpferischen verurteilen und uneinsichtig sein. Schlussendlich aber werden sie verstehen lernen müssen, dass ihre alte Richtung ihres Lebens völlig falsch und nicht mehr mit der neuen Welt vereinbar ist, die durch die neue Lehre geschaffen und daraus eine neue Kultur und Zivilisation er-

wachen wird. Es wird dann nur eine Frage der Zeit sein, wann das Licht der Wahrheit, das Gute und die Gerechtigkeit erwachen und triumphieren werden. Die Religionen werden ihre Kraft verlieren und der Wahrheit ihren angestammten Platz einräumen müssen, wenn die gemeinsame Basis aller Gottglaubenssysteme zusammenbricht. Dadurch werden schlechte Menschen langsam die Intensität ihres bösen Glaubenstuns aufgeben und sich der Friedlichkeit der Wahrheit und den Mitmenschen zuwenden. Es werden aber viele unter ihnen den neuen Künder der Neuzeit auch harmen und hassen, und sie werden seine Bemühungen der Lehreverrichtung mit abneigenden, feindseligen Beschimpfungen und falschen Bezichtigungen, Lügenworten und in Wut erdachten üblen Nachreden bösartig in seiner Ehre verletzen. Und es wird Schande an seinem Ruf begangen und unheilvolle Ränke (Anm. Ptaah: Ungerechtigkeiten, Mordanschläge, Tätlichkeiten) gegen ihn verübt werden. Allso wird durch hasserfüllte Glaubensanhänger auch vorsätzlich versucht werden, mit vielen neuen Werkzeugen der Neuzeit (Anm. Ptaah: Informationsmöglichkeiten, Internetz, Medien, Radio, Television) seine Verpflichtung und sein Schaffen verabscheuungswürdig und listig zu zerstören. Doch alle Angreifenden werden sich damit selbst Schaden zufügen, denn ihr Leben wird freudlos sein, und sie werden einst selbst von Mitmenschen gehasst, weil sie das neue Leben hinsichtlich der alten ‹Lehre der Propheten› nicht akzeptieren werden, folglich sie bereits in ihrem Leben vergehen werden wie faule, schädliche Früchte. Es wird aber auf der Erde auch sein, dass gewisse Kontinente untergehen und andere auftauchen, weil sich nicht nur die Men-

schen, sondern auch das Gesicht der Welt völlig verändern wird. Und es werden in den zukünftigen Jahrtausenden viele Gefahren drohen, deren sich die Menschheit noch nicht bewusst ist und die ihnen viel Leid, Not, Elend, Kriege, Schaden und Zerstörungen bringen werden. Auch werden viele Menschen noch lange damit fortfahren, unehrenhafte, unwürdige, unreelle, gefährliche und für die ganze Menschheit grosse Gefahren bergende Ziele zu verfolgen, die letztendlich jedoch zum Scheitern verurteilt werden. Und dies wird so sein, während die anderen, die respektvoll die Lehre des neuen Künders der Neuzeit lernen und befolgen, mit ihrem Leben und mit allen Dingen ehrenvoll umgehen.

Dank der ‹Lehre der alten Propheten› wird die Erde dereinst ein gesegneter Planet werden, doch bis dahin wird die Menschheit noch von sehr viel Leid, Elend und Not getroffen und ihr Bewusstsein noch nicht aufgeweckt werden. Also wird es noch Jahrhunderte und Jahrtausende dauern, bis sich alles in der Weise erfüllt, dass die ‹Lehre der alten Propheten› zur wahren Lehre des Lebens für die gesamte Menschheit wird. Also muss sie sich noch auf grosse und schwere Prüfungen vorbereiten und diese bewältigen, denn sie kann ihnen nicht ausweichen und muss sie beherrschen lernen – ob sie will oder nicht, sonst wird sie dereinst untergehen.

Kontaktgesprächsauszug und Voraussagen vom Sonntag, 5. Mai 1946

Sfath
Du bist im Februar neun (9) Jahre alt geworden, hast während den letzten zwei Jahren durch meine Belehrungen sehr viel gelernt und bist nun in vielen Belangen sehr wissend. Was ich dir jedoch heute zu erklären habe, entspricht einer weiteren Fortsetzung deiner Entscheidung und all jener Erklärungen und Fakten, die ich dir schon am 2. Juni 1944 bei unserem ersten grösseren Entscheidungs- und Erklärungsgespräch genannt habe, dem dann bis heute weitere informierende Gespräche folgten. Letztes Jahr dann, es war am 3. Februar 1945, brachte ich dir mein erstes Einweihungs- und Einführungsgespräch nahe und weihte dich in klarer Weise in die Aufgabe deiner Mission ein. Es …

Eduard
Sfath, darf ich dich unterbrechen?

Sfath
Natürlich, wenn du eine Frage hast?

Eduard
Ja, das ist so, weil ich nicht verstehe, warum du sagst, dass wir zweimal ein erstes Gespräch geführt haben, eben eines am 2. Juni 1944, dann ein erstes Gespräch am 3. Februar 1945. Das wirklich erste Gespräch war doch das …

Sfath
Deine Frage ist berechtigt, doch zu erklären ist, dass das erste Gespräch im Juni 1944 aus meiner Sicht ein informierendes Erklärungs- und Entscheidungsgespräch war und also in dieser Weise als erstes Gespräch zu verstehen ist. Das zweite und eben erste Gespräch vom 3. Februar 1945 hingegen war ein faktenbezogenes Einführungs-, Einweihungs- und Klarlegungsgespräch bezüglich deiner Aufgabe und Mission sowie vieler Umstände usw. Meine Benennung dieser zwei Gespräche mag für dich zwar verwirrend erscheinen, doch sind sie wirklich so als zwei verschiedene erste Gespräche zu betrachten, zu beurteilen und zu verstehen.

Eduard
Ja, es ist etwas verwirrend, aber ich kann es verstehen.

Sfath

Wie schon die letzten Jahre, habe ich dich auch heute mit vielen Fakten vertraut zu machen, die du sehr wohl verstehen und auch bewusst verkraften und verarbeiten wirst, was dir aber nur möglich sein wird, weil du durch mein Eingreifen in deine Bewusstseinsentwicklung in deiner Vernunft und in deinem Verstand schon um das Vielfache weiterentwickelt bist, als dies normalerweise bei einem Erdenjungen in deinem Alter und gar bei einem vierfach älteren Erdenmann der Fall sein kann. Gut, auch bezüglich der ersten und allen anderen mit dir geführten Gespräche hinsichtlich der Erklärung deiner Aufgabe und Mission ist noch etwas zu sagen, nämlich dass ich mehrmals und zu verschiedenen Zeiten die gleichen Fakten zur Sprache bringen werde, was darin beruht, damit du dir durch diese Wiederholungsmethode immer wieder die Einzelheiten all dessen interessenvoll in Erinnerung rufst, was aus meinen Erklärungen und all dem, was du gelernt hast und weiterhin lernst, für dich und deine Aufgabe und Mission von wichtiger Bedeutung ist. Dazu gehören auch Kenntnisse, die dich zwar erst in späteren Jahrzehnten interessieren werden, doch will ich dich schon heute darauf hinweisen, dass du dich schon ab dem nächsten Jahrzehnt und besonders spätestens ab den 1970er Jahren intensiv damit zu beschäftigen hast, wenn du deine Arbeit und Mission aufzubauen beginnst. Es wird dann sein, dass du dich eingehend informieren und dazu auch Neues lernen musst, nämlich bezüglich des Finanzwesens, wozu ich dir einführend nun folgendes darlegen will: Die Zukunft des irdischen Banken-, Firmen- und Konzernwesens sowie der Politik, Regierungen und der Wirtschaft wird in den nächsten Jahrzehnten sehr profitreich sein, wonach dann jedoch eine umfassende Misswirtschaft in allen Lagern in Erscheinung treten und ab den 1980er Jahren bis weit hinein ins neue Jahrtausend vieles zusammenbrechen lassen wird. Besonders in Europa, und damit auch in der Schweiz, wie ebenso in den USA und Kanada werden die Banken, Firmen und Konzerne in grosse Schwierigkeiten verfallen und für ihr Weiterbestehen Staatshilfen in Anspruch nehmen müssen, wobei aber für einige ihre Misswirtschaft zum Bankrott führen wird. Jedoch auch bei den Bevölkerungen vieler dieser Länder, und zwar auch besonders in ganz Europa, den USA und Kanada, werden auf privater Basis ebenso derartige finanzielle Verschuldungen entstehen, dass sie ihren finanziellen Verpflichtungen nicht mehr gerecht werden können, wie dies auch in bezug auf die Staatshaushalte vieler Länder der Fall sein wird, die ihrer Schulden nicht mehr Herr werden können. Das Ganze führt zu schweren wirtschaftlichen Zusammenbrüchen und zur Auflösung und Konkursen von alteingesessenen und über lange Jahrzehnte des Rechtens geführten Banken, Firmen und Konzernen, wie auch zu jahrelangen Staatsfinanzproblemen und dauernden Regierungswechseln infolge regierungsunfähiger Machthaber. Und um nochmals auf den Privatbereich zu sprechen zu kommen, so entstehen, wie bereits gesagt, grosse finanzielle

Verschuldungen, weil ein sinnloses und unkontrollierbares Verschleudern von Geld für viele unnötige Dinge in den Bevölkerungen weit um sich greifen und gar Familienzerwürfnisse und Familienzerstörungen sowie schwere kriminelle und verbrecherische Handlungen und Taten hervorrufen wird. Durch die sich anbahnende und sich rasch entwickelnde wirtschaftliche Hochkonjunktur werden die Entlohnungen der Arbeitnehmenden sich schnell erhöhen und auch den allgemeinen Lebensstandard in höhere Formen treiben, was die Menschen dazu verleiten wird, sich immer grössere finanzielle Ausgaben zu leisten und Schulden zu machen, die sie sich hinsichtlich ihres Lohneinkommens nicht leisten können. Für dich, deine Familie, die Arbeits- und Missionsgruppe und deren einzelne Mitglieder, wie auch für ein Center, das du mit Hilfe deiner sich um dich versammelnden Getreuen an einem dir bekannten Ort, auf einer unweit erhöhten Stelle in der Nähe der Geburtsstätte deiner Mutter nach deinen Vorstellungen aufbauen wirst, wirst du dich dann weiter bemühen, dich mit einem grossen Finanzhaushalt vertraut zu machen. Und diesbezüglich wirst du in freiwilliger Weise die Verantwortung und Verwaltung für die Gemeinschaft übernehmen, die du als Verein formen und dessen Mitgliedern du auch ratgebend und hilfreich beistehen wirst. Die Zukunft der Finanzwirtschaft wird aber schwierig sein, denn ab dem Jahr 1988 wird es in der ganzen Welt bezüglich des Geldes erst recht düster werden, weil dann in den USA die Gründung einer Kapitalmacht stattfindet, die als weltweit wirkende Schattenbank und Welt-Schattenregierung in die gesamte Weltfinanz eingreifen und viele Länder und deren Strukturen beherrschen wird. In den USA selbst wird sich diese Kapitalmacht zu einer staatsinternen Schattenregierung ausbauen, die – in geheimer Weise für die Bevölkerung der USA – die Vereinigten Staaten von Amerika nach ihrem Willen regieren wird, wie dies auch durch eine andere US-amerikanische Schattenregierung geschieht, die bereits seit langem existiert und sich auch bis in weite Zukunft erhalten wird. Die neue Kapitalmacht, die im Jahr 1988 gegründet werden wird, wie ich schon erklärte, wird ein weltweites Kapitalnetzwerk aufbauen, und zwar in kurzer Zeit, wodurch dann nicht nur umfangreich die Weltfinanzwelt der Banken, wie auch die Politik, verschiedene Staatswesen und die Wirtschaft vieler Länder nach den eigenen Machtstrukturen dieser Welt-Schattenregierung beherrscht werden. Bezüglich dieser Dinge musst du viel lernen, so also auch viele Fakten, die ich dir schon genannt habe und auch weiterhin nennen werde, nutzen, um faktenaufweisende und warnende Schreiben zu verfassen bezüglich der gefährlichen unfriedlichen kommenden Weltgeschehen. Du sollst aber auch die drohenden, unheilbringenden, die Natur, die Gewässer und das Klima zerstörenden, ausartenden und alle die das Natürliche unterwandernden Machenschaften der Überbevölkerung nennen, die bis zu sehr schweren und urweltgleichen Naturkatastrophen führen werden, wenn all den zukünftig drohenden und ausartenden Machenschaften der sehr rasch

sich immer weiter entwickelnden Überbevölkerung nicht Einhalt geboten wird. Dazu ist bereits der Beginn gesetzt mit der rund 2,8 Milliarden Menschen umfassenden und weit übersetzten Überbevölkerung, durch die seit dem letzten und besonders in diesem Jahrhundert durch die Weltkriegshandlungen im Zusammenhang mit der Technisierung und dem Missbrauch der Atomenergie sowie der verbrecherischen Ausbringung von Gasen und Giften usw. viele klima- und naturzerstörende Machenschaften schon jetzt schwerwiegende Folgen zeitigen werden. Also werden sich die schlimmen Auswirkungen bezüglich der durch die Schuld der irdischen Menschheit hervorgehenden Klimazerstörung schon im nächsten Monat Dezember zeitigen. Und dass diese kommenden und sich bis in weite Zukunft fortsetzenden Klimaveränderungen wirkliche Folgen der Überbevölkerung sein werden, wird von den Wissenschaftlern und allen Verantwortlichen bis weit ins 3. Jahrtausend bestritten werden. Zwar wird es sein, dass mit der Zeit anerkannt werden wird, dass allerlei verantwortungslose Machenschaften der Menschheit die Klimaveränderung hervorrufen werden, doch wird nicht die Rede davon sein, dass die natur-, planeten- und klimazerstörenden Machenschaften in ihrem Ausmass einzig durch die weit über dem erdverträglichen Mass der unaufhaltsam wachsenden Überbevölkerung zustande kommen werden. Die hauptsächlichen Ursachen des Klimawandels, der eigentlich eine Klimazerstörung sein wird, werden in mancherlei durch die Masse Menschheit ausgelösten manipulativen Formen fussen, durch die das gesamte irdische Ökosystem, das Klima, die Atmosphäre und Natur und der gesamte Planet bis in seine Grundfesten zerstörend einbezogen sein wird. Alles wird ausgelöst werden durch eine verantwortungslose Erdressourcenausbeutung, Vergiftung und Verpestung der Atmosphäre, der Natur, Fauna und Flora, der Meere und Binnengewässer, durch vielartige toxische Gase, Emissionen von Explosionsmotoren und Heizungen, die mit fossilen Brennstoffen betrieben werden. Auch künstliche Düngemittel und allerlei Herbizide, Pestizide und viele andere Stoffe werden zerstörend auf die gesamte Natur, Fauna und Flora wirken und auch bei den Menschen viele schwere Krankheiten hervorrufen. Und durch Giftgase wird auch die Ozonschicht gefährlich sich vermindernd beeinträchtigt, was bei den Menschen zu Hautkrebs und anderen Leiden führen und auch viele Veränderungen bei Fauna und Flora hervorrufen wird. Es werden auch alle Meere und Binnengewässer mit Giftstoffen und allerlei Unrat belastet und verseucht werden. Besonders vielartige Kunststoffe in allen Gewässern der Welt werden für unzählige Wasserlebensformen ein elendes Sterben und den Tod bringen, was sich so auch auf Fluren, Wiesen und Wälder und bezüglich vieler Landlebewesen ereignen wird. Der Kunststoff, das will ich noch erklären, wurde schon im Jahr 1531 im damaligen Deutschland aus der Verarbeitung von Käse als ‹Kunsthorn› oder ‹Kasein› erfunden, jedoch werden auch in den nächsten Jahrzehnten wieder neue Formen und Produkte erfunden, die im Lauf von

wenigen Jahrzehnten zu einer schlimmen Umweltkatastrophe führen, weil die Menschen Unmengen der Kunststoffe achtlos und verantwortungslos in der freien Natur entsorgen werden. Und all die Ursachen und Auswirkungen werden zu Umweltkatastrophen führen, denen die gesamte irdische Menschheit nur noch sehr schwer oder überhaupt nicht mehr Herr werden wird, denn im Verhältnis zur wachsenden Überbevölkerung wird gesamthaft alles an Umweltverschmutzung, Umwelt-, Planeten-, Natur-, Klima-, Atmosphären- und Fauna- und Florazerstörung immer umfangreicher, gefährlicher, lebensvernichtender und zerstörender werden. Und der Anfang dafür wurde durch die bereits jetzt bestehende Überbevölkerung und deren ausgeartete Machenschaften gelegt, wozu in schlimmster Weise die weltumfassende kommende Klimaveränderung mit ihren weltweit zerstörenden Folgen gehören wird. Dafür werden in erster Linie die USA den Urgrund dafür liefern und die vollumfängliche Schuld tragen, und zwar durch ihren verbrecherisch verantwortungslosen ersten atomaren Test und die zwei Atombombenabwürfe auf Hiroshima und Nagasaki. Diese drei am Planeten, der Natur, dem Klima, der Fauna und Flora und an der Menschheit begangenen verantwortungslosen Verbrechen führen nun ab kommendem Monat Dezember zu den ersten drastischen und folgenschweren in Erscheinung tretenden Auswirkungen bezüglich einer sich schnell und unaufhaltbar entwickelnden und allumfassenden sehr nachteiligen Klimaveränderung. Also wird sich in acht Monaten unabänderbar ein sich dann fortan immer mehr ausweitender Klimawandel ankünden, woraus sich in den nächsten 50 Jahren immer schlimmere Naturkatastrophen entwickeln, die auf der ganzen Erde ungeahnt viel menschliche Not und Elend sowie Zerstörungen hervorrufen werden. Was sich nun aber durch das amerikanische atomare Verbrechen umfänglich am Planeten, der gesamten irdischen Menschheit, der Natur, Fauna und Flora, der Atmosphäre und am Klima ergeben wird, das nimmt nun alles seinen zerstörenden Lauf, folglich die ersten schweren Klimaveränderungen bevorstehen, die sich ab kommendem Monat Dezember ankünden. Also kommt es, dass im kommenden Monat Dezember ganz Mitteleuropa von einer ungewöhnlichen Kältewelle bis Minus 30 Grad heimgesucht wird, die auch England ergreifen und zum Erfrierungstod einer grossen Zahl Menschen führen und erst Mitte des Monats März nächstes Jahr, also 1947, enden wird. Doch die kommenden extremen Wetterbedingungen werden noch viel weitgreifender sein und bis 1948 anhalten und auch in anderen Ländern für die Menschen viel Not, Leid und Elend bringen, und zwar auch zukünftig bis weit ins 3. Jahrtausend hinein. Und dies wird auch sein mit dem bevorstehenden Kältewinter, der ab nächstem Jahr als ‹Hungerwinter› bezeichnet werden und auch im Zusammenhang mit der schon Anfang von diesem Jahr begonnenen Lebensmittelkrise stehen wird, die in Europa den Tod mehrerer Hunderttausender von Menschen fordern, auch auf die Sowjetunion übergreifen und dort für mehr als 2,4 Millionen Menschen

den Tod bringen wird, wie auch in anderen Ländern. Doch wenn nächstes Jahr die Kältewelle im Monat März ihr Ende findet, dann wird gegenteilig eine grosse Hitzewelle und damit ein sehr heisser Sommer beginnen, der in ganz Europa bis Ende September anhalten, keinen Tropfen Regen bringen und als ‹Steppensommer 1947› in die Annalen eingetragen wird. Je nach Ort und Gegend werden die Temperaturen zeitweise zwischen 39,5 Grad Celsius im Schatten und 47 Grad Celsius an der Sonne betragen, wobei gewisse Fruchtbäume zweimal blühen und kleine Früchte tragen werden. Fluren, Gemüsegärten und Wiesen werden ebenso austrocknen wie auch kleinere Seen und Bäche, wie auch grosse Seen und Flüsse einem sehr tiefen Wasserstand verfallen werden. Und weil überall das Regenwasser fehlen wird, muss dann europaweit viel Vieh notgeschlachtet werden, denn infolge Regenmangels wird kein Futter mehr für die Tiere wachsen. Wasser fehlt dann auch in der Natur, in der Tiere verdursten, und so wird zwei Jahre nach dem letzten Weltkrieg rundum grosse Not herrschen, wobei in gewissen Gebieten die Menschen Hunger leiden werden, der durch die extreme Hitze noch verschärft werden wird. Und weil vielerorts überhaupt kein Regen und auch sonst kein Wasser sein wird, werden schlimme Ernteaussichten entstehen, denn die Tage werden heiss und sonnenstrahlig sein und keine Pflanzen wachsen lassen, und weil kein Regen fallen wird, können die Bauern auch nicht die nächste Saat ausbringen, folglich es keine Ernten geben und dann Mangel an bestimmten Nahrungsmitteln entstehen wird. Das Ganze der Kältewelle und Hitzewelle wird jedoch von Meteorologen, Klimaforschern, von gewissen anderen Wissenschaftlern und von der Bevölkerung bagatellisiert und natürlichen Wetterveränderungen zugeschrieben werden. Es wird lange und bis ins 3. Jahrtausend hinein behauptet werden, dass es sich um natürliche wandelnde Wettervorgänge handle, die sich von Zeit zu Zeit ergeben würden, folglich werden sich während den nächsten folgenden fünf Jahrzehnten weder Wissenschaftler noch die Menschheit selbst Gedanken um die wirklichen Ursachen machen. Alle werden sie den Tatsachen widersprechen, dass alles infolge der ausartenden und verantwortungslosen Machenschaften durch die alles zerstörenden Auswüchse der Überbevölkerung in der Natur, am Klima und an der Atmosphäre bedingt sein und sich immer mehr ausweiten und rettungslos zu grassieren beginnen wird. Die kommenden Jahrzehnte werden bis weit ins 3. Jahrtausend hinein auch viele neue Aufstände, Bürgerkriege, Kriege und Revolutionen rund um die Erde bringen, wie auch bösartige und gewissenlose Diktatoren ihr mörderisches Wirken weiterhin über ihre Völker ausüben werden, wozu vielfach die USA wie altherkömmlich alles tun werden, um des eigenen Vorteils willen fremde Regierungen zu stürzen. Es wird in absehbarer Zeit auch ein weltweiter und religiös bedingter sektenbezogener und anderseits auch unmenschlich verbrecherischer Terrorismus entstehen, wofür ebenfalls die USA mit ihrer Politik und ab dem Jahr 1756 praktisch alle

seither gewesenen USA-Staatsgewaltigen im Wahn leben, mit geheimdienstlichen, militärischen und kriegerischen Eingriffen in die Belange fremder Staaten die Weltherrschaft an sich reissen und die ‹besiegten› Staaten bezüglich deren Erdressourcen und Schätzen ausräubern zu müssen. Und das werden mit sehr wenigen Ausnahmen – die du an einer halben Hand abzählen kannst – auch die kommenden weiteren USA-Machthaber tun, denn der amerikanische Weltherrschaftswahn wird unhemmbar weiterexistieren und auch in Zukunft unendlich viel Leid und Elend, Folter, Tode und Zerstörung über die Welt bringen. Es handeln aber auch alle jene Elemente in gleicher Weise und ziehen mit, die gegenwärtig an der Macht und als Mitläufer und damit auch gleichen Sinnes sind, wie auch alle Gleichartigen gleicherart handeln werden, die zukünftig sein werden. Und dies werden die Staatsmächtigen selbst sein, wie auch ihre Berater und Mitläufer, Befehlshaber und Befehlsausübende der Geheimdienste und Militärs usw. Es werden aber weltweit auch verbrecherische Organisationen mancherlei Art, wie auch extrem-radikale rassistische sowie religiöse sektiererische Organisationen entstehen, woraus auch mancherlei religiöse und auf Wahnbesessenheit bezogene Todessekten hervorgehen, die besonders in den USA, in Südamerika, der Schweiz, in Japan und Kanada, wie auch in Arabien, Afrika, Asien, Frankreich und in einigen anderen Ländern in Europa infolge religiösem Irrsinn und infolge Machtwahn Hunderttausende Ermordete fordern werden. Du wirst all diese Fakten ebenso gründlich zu bedenken haben, wie auch all das, was ich dir in den letzten Jahren erklärt, gesagt und gelehrt habe, denn du wirst ab dem nächsten Jahrzehnt dementsprechende Schreiben zu verfassen haben, die du an alle Regierungen und an viele öffentliche Medien senden sollst, um sie darauf hinzuweisen, was geschehen wird, wenn nicht endlich von der irdischen Menschheit umfänglich Vernunft geübt wird. Wenn dies nicht geschieht, deine Worte nicht beachtet werden und keine Früchte tragen, dann wird der Erde und ihrer Menschheit eine sehr böse und üble Zukunft bevorstehen. Und damit du deine diesbezügliche Aufgabe ebenso erfüllen kannst, werde ich dich weiterhin in guter Schreibkunst unterrichten, wie ich dies durch Impulsführungen schon seit deinem vierten Altersjahr ohne dein bewusstes Wissen getan habe, wodurch du ohne Wissen deiner Eltern bereits zu schreiben gelernt hast, ehe du in die Schule eingegliedert wurdest. Und wie ich dies seit 1944 auch mit deinem Einverständnis und Wissen getan habe, werde ich es auch forthin tun. Doch du musst trotz deines bisher erlangten umfangreichen Wissens weiterhin bis 1953 noch sehr viel lernen und deine Interessen auf sehr viele Dinge ausrichten, die du wissen und verstehen musst. Also musst du dich grundsätzlich und aussergewöhnlich für dein Alter für sehr viele Dinge interessieren, was sich zukünftig in deinem Leben, wie auch in der Welt in allerlei Hinsichten viel mehr ereignen wird, als das, was ich dir bisher bei all den verschiedenen Erklärungen und Voraussagen bis heute nahegebracht

und erklärt und dir in den nächsten Jahren auch weiterhin noch kundzugeben habe. Eigentlich muss dich alles interessieren, besonders darum, weil du lernen musst, dich durch deine Gedanken und Gefühle mit allem zu beschäftigen und dich darauf vorzubereiten, um deine Psyche zu stärken und in jeder Hinsicht alles zu verkraften. Deswegen sollst du dich aber nicht über die anderen Menschen erheben, sondern immer bescheiden bleiben, denn Bescheidenheit ist die Mutter aller Tugenden, die du immer respektieren musst. Auch wenn du sehr viele der kommenden Geschehen der Zukunft kennst und du in diesen Belangen wissender bist als die Menschen allgemein, wie du auch hinsichtlich der Missionslehre und allem damit Verbundenen ein von anderen Menschen nicht erreichbares Wissen aufweisen wirst, sollst du immer bescheiden bleiben. Kommende Geschehen vorauszuwissen, wie ich dir schon bei anderen Erklärungen verständlich gemacht habe, bedeutet in jedem Fall – und was es auch immer sein wird – eine sehr schwere, das Bewusstsein und die Psyche beanspruchende Belastung, und zwar besonders dann, wenn es sich um Vorkommnisse handelt, die einerseits auf dich persönlich bezogen oder anderseits wider deine persönliche Einstellung, Ehre, Moral, Verhaltensweisen und Würde hinsichtlich des Wertes des Lebens, des Wohls der Menschen, aller Lebensformen und der Natur gerichtet sind. Und da dir gemäss deiner Einstellung, deinem Charakter, deiner Moral und nach den Schöpfungsgesetzen und Schöpfungsgeboten ausgerichteten Weisen deiner Gedanken, Gefühle und deiner Formen deines Verhaltens alles Abartige widerstrebt, ist es notwendig, dass ich dich wie bis anhin auch weiterhin lehre, wie du durch deine Gedanken und Gefühle den gesunden Zustand deines Bewusstseins und deiner Psyche pflegen und erhalten kannst. Dabei musst du jedoch diesbezüglich deinen eigenen Verstand und deine eigene Vernunft nutzen, um den dir diesbezüglich persönlich gegebenen Weg zu beschreiten und dein Ziel zu erreichen. Dies ist von bedeutender Notwendigkeit, denn ohne dieses unumgängliche Lernen, um deine Gedanken und Gefühle in richtiger und positiver Weise zu pflegen, damit deine Psyche ausgeglichen und gesund bleibt, vermöchtest du viele Erklärungen und Voraussagen nicht zu verkraften, denn sie würden dich derart übel belasten, dass du daran zerbrechen würdest, wenn sie in zukünftiger Zeit eintreffen und sich wahrheitlich ergeben. Durch das Lernen wirst du jedoch kraftvoll in deinen Gedanken und Gefühlen werden, sie beherrschen lernen und auch deinen Bewusstseins- und Psychezustand unter Kontrolle halten können, und zwar auch dann, wenn dich grosses Leid, Schmerz und tiefe Trauer treffen, die dir in deinem Leben sehr oft begegnen und dich also nicht verschonen werden. Also ist es von vorgebender Notwendigkeit, dass du dich schon jetzt und auch zukünftig damit befasst und dich auch auf die Zukunft vorbereitest, und zwar besonders darauf, deine Gedanken und Gefühle derart zu formen und zu kontrollieren, dass du nie in Schwierigkeiten mit deinem Bewusstsein und deiner Psyche

verfällst. Also werde ich dich auch in strenger Weise nach unserer und den irdischen Kenntnissen überlegenen Psychologie belehren und unterrichten, was sowohl für dich selbst von sehr grosser Wichtigkeit sein wird, um dich hinsichtlich dir selbst immer in psychologischer Weise richtig zu verhalten. Es wird aber auch sein müssen, dass du die psychischen Regungen der Menschen richtig zu erkennen und zu beurteilen vermagst, wodurch du dich einerseits selbst vor Schaden bewahren, anderseits ihnen aber auch Lebens- und Verhaltens- sowie psychische Gesundungshilfe leisten kannst, wenn die Notwendigkeit dazu besteht. Also wirst du durch diese Belehrung und Unterrichtung zu viel mehr Kenntnissen gelangen, als dir jedes irdische Psychologiestudium zu bieten vermöchte. Nun aber hinsichtlich all dessen, was auf dich selbst bezogen sein und sich auch in der Welt ereignen wird – was ich dir alles schon bei anderen Gesprächen voraussagend erklärend gesagt habe und es auch weiterhin tun werde –, musst du deine Gedanken, Gefühle, dein Bewusstsein und deine Psyche derart unter Kontrolle bringen, dass du auch sehr schlimme Dinge ohne Schaden verkraften und durchstehen kannst, denn das werden dein Leben selbst, wie auch deine Aufgabe und Mission von dir fordern. Und es wird in deinem Leben oft der Fall und notwendig sein, dass du über ein starkes Bewusstsein, starke kontrollierte Gedanken und Gefühle und eine starke, gesunde Psyche verfügst. Es wird sich sehr viel ergeben, weil du weitab deiner Heimat ein abenteuerliches und nicht ungefährliches Leben führen wirst, ehe du nach vielen Jahren heimkehrst, sesshaft wirst und deine Arbeit und Mission beginnst, die jedoch nicht leicht, sondern mit viel Arbeit und bösartigen Angriffen gegen dein Leben und mit Widerwärtigkeiten gegen dich und deine Missionsbemühungen sein wird. Nach aussen jedoch, und das muss ich abermals sagen und von dir fordern, musst du gegenüber allen Menschen über alles Schweigen bewahren, denn es wäre einerseits gefährlich, offen darüber zu sprechen, was ich dir als Erklärungen und Voraussagen gelehrt und auch weiterhin zu lehren habe, weil andererseits ein Vorauswissen der Fakten bei den Menschen Angst und Entsetzen hervorrufen würde. Also kannst du über alles offen reden, was nicht solche Fakten des Schweigen-Müssens betrifft, die Dinge aufzeigen, worüber ich dir schon Stillschweigen auferlegen musste und dies auch bezüglich weiterer Informationen tun muss, die ich dir während den nächsten sieben Jahren noch kundtun werde. Auch bei machtbesessenen Regierenden jeder Bedeutung, bei Rassistenorganisationen, Religionisten aller Schattierungen, bei Priestern, Pfarrern und Theologen, bei Sekten und Wissenschaftlern sowie bei Kriminellen, Verbrechern und Widersachern jewederlei Art könnten Handlungen und Taten heraufbeschworen werden, durch die du und deine Aufgabe und Mission durch schweren Schaden gefährdet wären. Alles könnte auch zu weltweiten menschlich ausgelösten Katastrophen führen. Zu vermeiden wird aber trotzdem nicht sein, dass du von Religionisten, wie besonders durch blinde, fanatische und selbst-

herrliche Priester, Pfarrer und Theologen sowie Besserwisser, Neider, Sektenbefangene und allerlei andere Widersacher der Lüge, des Betruges, der Scharlatanerie und des Schwindels beschimpft wirst, wie auch durch Anschläge auf dein Leben versucht werden wird, dich im wahrsten Sinn des Wortes mundtot zu machen, um deine Mission zu schädigen, als unglaubwürdig darzustellen und zu zerstören. Es wird aber auch nicht zu vermeiden sein, dass dich Staatssicherheitsdienste überwachen und Böswillige dich bei Behörden, Geheimdiensten und Polizei durch Lug und Trug denunzieren werden, worauf du aber nicht achten, sondern einfach unbeirrt deine wichtige Arbeit und Mission führen sollst, die auch Erfolg bringen wird.

Eduard
Was du sagst und du mir auch die letzten Jahre erklärt und gelehrt hast, das kann und konnte ich gut verstehen. Zu allem habe ich mir auch immer viele Gedanken gemacht, wobei mich manches auch in der Weise gedanklich anregte, was sich letztendlich aus allem ergeben wird. Dies ist z.B. so bei der schnell wachsenden Überbevölkerung, die du schon mehrmals angesprochen und dazu gesagt hast, dass daraus auch weltweiter Terror entstehen werde und der eben nur durch vielartige Auswirkungen der Überbevölkerung zustande komme. Du hast mir auch aufgetragen, dass ich ab 1951 deine Erklärungen niederschreiben und als Warnungen weitherum verbreiten soll, doch denke ich, dass ich dafür noch vieles mehr wissen muss, wie z.B. auch, was der Ursprung von allem sein wird, was du sagst, dass es in den kommenden Zeiten kommen wird. Auch wegen der weiter ansteigenden Überbevölkerung und allem, was sich daraus ergeben wird, sollte ich mehr wissen.

Sfath
Du hast recht und denkst wirklich über alles nach, weshalb du auch nach dem Ursprung der kommenden Geschehen fragst. Die Überbevölkerung, ja, welche Übel sich daraus zukünftig ergeben werden, darüber werde ich dir noch viel erklären müssen. Jetzt aber will ich zuerst erklären, was der Anfang oder eben Ursprung sehr vieler in den kommenden nächsten fünfeinhalb Jahrzehnten an heillosen Dingen, Faktoren und schlimmen Geschehen sein wird, die sich auch weit in das 3. Jahrtausend hinein zutragen werden. Durch die Schuld der politischen, militärischen, wirtschaftlichen, wissenschaftlichen, weltherrschaftssüchtigen und verbrecherischen Machenschaften der USA werden schon nächstes Jahr weltweit viele unmenschliche Übel entstehen und viel Unheil seinen Anfang nehmen. Und durch das verbrecherische Tun der USA entstehen vielerorts auch Terrorismus, wie aber durch Lebensmittelkonzerne und infolge Erdressourcenraubbaus auch vielartige Naturzerstörungen und Katastrophen die Lebensgrundlagen von Millionen von Menschen vernichten. Zum grössten

Teil werden alle bösartigen Vorkommnisse, wie dies Kriege, blutige Aufstände, Bürgerkriege, heimtückische Geheimdienstoperationen, Revolutionen, Regierungsstürze, Massenmorde und Zerstörungen sind, durch die USA heraufbeschworen. Und Amerika wird weiterhin viel Übel, Not und Elend, wie aber auch tausendfältigen Tod über die Erde und die ganze Menschheit bringen, denn von dort aus wird sich auch ein religiöses, wahnbedingtes Sektenwesen über die Welt verbreiten und Tausende Todesopfer fordern. Ab jetzt werden bis weit in die Zukunft des 3. Jahrtausends reichende neue machtgesteuerte politische, militärische und geheimdienstliche Machenschaften Amerikas zu Kriegen, Revolutionen und Terrorismus rund um die Welt führen, weil die USA neuerlich mit einem Atomprogramm und mit Atombombentests beginnen und auch andere Staaten zu gleichen Handlungen animieren werden, die dann in kommenden Zeiten bis weit ins 3. Jahrtausend weitergeführt werden, was sehr viele Menschen zur Flucht zwingen und vieles radioaktiv verstrahlen lassen wird. Aus dem neuen Atomprogramm der USA wird sich, eben was sich durch dieses weltweit ergibt, eine weltweite Atomspionage entwickeln. Im Laufe der Zeit werden infolge Spionage auch die Sowjetunion und China in den Besitz von Unterlagen für die Atombombentechnik gelangen und gleichermassen viele Tests durchführen, viele Gelände und Gewässer atomar verseuchen und in den Besitz der Bomben gelangen. Die Spionage, um in den Besitz der Pläne und Unterlagen usw. bezüglich der Atombombentechnik zu gelangen, wird jedoch auch von verschiedenen anderen Ländern betrieben werden, folglich in kommender Zeit und noch geraume Zeit vor dem Beginn des 3. Jahrtausends in mehreren anderen Staaten als den USA, China und der Sowjetunion – die ab den 1990er Jahren wieder Russland genannt werden wird – nukleare Bomben hergestellt und grosse Lager von Atomwaffen angelegt werden. Die technische Entwicklung der Atomtechnik, die als Kernwaffentechnik bezeichnet wird, wird seit 1940 betrieben und beruht auf etwas, worüber ich dich später noch weiter belehren und informieren werde. Dadurch breitet sich die Gefahr einer militärischen Waffenaufrüstung der Weltmachtstaaten aus, und zwar besonders in den USA und der Sowjetunion, denen sich aber auch China, England, Frankreich und Kanada anschliessen, wie auch diverse andere Länder, auch wenn sie nicht derart weltmachtreich sein werden wie die USA und die Sowjetunion. Und da seit jeher die westlichen Staaten, wie eben besonders Europa und die USA, altherkömmlich feindlich gegen das russische Imperium, russische Kaiserreich, russische Zarenreich gesinnt sind, wird dies zwischen allen Staaten zu einem Wettrüsten mit immer moderneren Waffen führen. Besonders Atombomben, Wasserstoffbomben resp. Plutoniumimplosionsbomben usw. werden erschaffen und getestet, die ungeheuer viel Energie für eine Explosion aus Kernreaktionen durch Kernspaltungen oder Kernverschmelzung schaffen, wobei in dieser Beziehung durch die Kernforschung eine grosse Vielfalt unter-

schiedlicher Varianten hervorgebracht werden wird. Und es werden zukünftig zur Abschreckung und Drohung viele Tausende solcher Bomben und andere nukleare Waffen von den Weltmachtstaaten, eben besonders von den USA und der Sowjetunion, geschaffen und gelagert und in dieser Weise ein gefährlicher Zustand hervorgerufen werden, der bis nahe an das 3. Jahrtausend unter einem bösen Zeichen eines drohenden und weltweiten und weltzerstörenden Nuklearkrieges stehen wird. Und es wird vielmals in den 1970er und 1980er Jahren sein, dass durch Missverständnisse Atomkriege auszubrechen drohen; einmal wird es durch eine Falschmeldung eines sowjetischen Spionagesatelliten sein, der Sonnenreflexionen auf Wolken aufzeichnen wird, die dann fälschlich als Start einer Atomrakete der USA gegen die UdSSR eingeschätzt und zur drohenden Gefahr eines sowjetischen Atomschlages wird. Infolge des atomaren Wettrüstens werden schon vorher und auch nachher immer wieder weitere gefahrvolle Situationen durch Handlungsmissverständnisse in Erscheinung treten, weil militärische Fehlalarme schon seit dem Anfang des atomaren Zeitalters gegeben sind, das bereits 1940 begonnen hat. Und solche Fehlalarme werden sich immer wieder ergeben, weil in den Verteidigungskonzepten der amerikanischen und sowjetischen Militärblöcke und den Raketenfrühwarnsystemen eine umfangreiche Fehlerhaftigkeit herrscht und stetig Atomkriegsdrohungen heraufbeschwören werden. Besonders grosse Gefahren werden in kommenden Jahrzehnten entfaltet, wenn durch Angst, Dummheit und Unvernunft der Machtbessenen und deren Berater erhöhte Spannungen zwischen den USA und der UdSSR heraufbeschworen werden, wobei jedoch, wie seit alters her üblich, die gefährlichen Aggressionen von den Vereinigten Staaten von Amerika ausgehen werden, während sich die Sowjetunion zurückhaltend, jedoch misstrauisch verhalten wird. Das wird besonders auch dann zutreffen, wenn in den späten 1970er und 1980er Jahren eine lasch geführte Entspannungspolitik zusammenbricht, wodurch dann ein neues gegenseitiges Misstrauen zwischen den beiden Weltmächten zustande kommt, das zu einem hohen und gefährlichen Höhepunkt getrieben und zur weiteren und irren Aufstockung des Nuklearsenals führen wird, durch das die gesamte Erdoberfläche und alles Leben zerstört werden könnte. Und es wird sein, dass in vielen Fällen die Welt nur knapp einem Atomkrieg entgehen wird, wobei es daran nichts ändern wird, dass 1949 der sogenannte Nordatlantik-Pakt gegründet wird, der auf der Basis der Vereinten Nationen entstehen wird, um ein globales System kollektiver Sicherheit zu schaffen. Der Nordatlantikvertrag verdankt dann seine Entstehung der am 26. Juni letztes Jahr in San Francisco stattgefundenen Unterzeichnung der ‹Charta der Vereinten Nationen›, die als ‹Verfassung der Staatengemeinschaft› gilt und womit ein westeuropäisches Bündnis und damit globales System kollektiver Sicherheit geschaffen werden sollte. Doch trotzdem wurde mit dem Ende des letztes Jahr beendeten Weltkrieges keine Phase

eines weltweiten Friedens geschaffen, sondern ein Zustand eines ‹Kalten Krieges›, der zu einem bestimmenden Faktor der zukünftigen politischen, militärischen und wirtschaftlichen Entwicklung werden und verschiedentlich zu einem atomaren Krieg auszuarten drohen wird. Infolge des Unvermögens der USA und der Sowjetunion – die als Grossmächte seit langer Zeit feindlich gegeneinander gesinnt sind, und zwar als einzige aller im letzten Weltkrieg mitgewirkten Staaten – verfolgen sie unterschiedliche militärische und politische Interessen. Dabei wurden und werden in der Regel amerikanische Forderungen an die UdSSR gestellt, die nur für die USA vorteilhaft sind. So werden beide Länder als vorherig Verbündete im durch Hitler und das Nazireich ausgelösten Weltkrieg weiterhin zwischen sich Konflikte schaffen, die zu Gegensätzen zwischen den USA und der Sowjetunion führen, wobei die Feindschaft und diese Gegensätze seit dem Ende des Weltkrieges krass und offen zutage treten. Und diese Feindschaft wird nicht bei den USA und der UdSSR bleiben, sondern auch weit in der Welt in viele andere Länder greifen und Aufstände, Kriege, Revolutionen, Unfrieden und Terrorismus hervorrufen. Dabei wird auch sein, dass vielfach die Militär- und Staatspolitik und die Geheimdienste der USA sich in fremde Händel und Probleme einmischen, hinterhältig Regierungsumstürze provozieren und durchführen lassen und sehr viel Schuld an allem tragen werden. Und da die Politikmacht der USA weiterhin auf eine absolute Weltherrschaft tendiert, werden auch die amerikanischen Geheimdienste und Militärmacht direkt in fremden Ländern Aktionen, Kriege sowie verschleierte Terrorakte und Regierungsunterwanderungen durchführen und besatzungsartig unter Kontrolle halten. All das wird in allen Ländern, wo sich die Militärs und Politik sowie Wirtschaft der USA einnisten, nachteilige politische, militärische und wirtschaftliche, wie auch viele anderweitige schlimme Folgen zeitigen und alles zu Aufständen, Anarchismus, zu Aufruhr, Bürgerkriegen, Fremden- und Rassenhass sowie zu anarchistischen, tödlich und verbrecherisch geprägten politischen Gruppierungen führen, die mordend ihrem Wahn Frönende werden. Es werden aber auch weltumspannende Terrororganisationen aufkommen, deren fanatische Gründer durch Militärs usw. der USA zu Kämpfern ausgebildet werden, die dann Gleichgesinnte um sich scharen und blutige religionspolitische Kämpfe in die ganze Welt hinaustragen und erbarmungs- und gnadenlos unzählige andersgläubige und unschuldige Menschen bestialisch foltern und ermorden. Es werden aber, wie ich schon bei früheren Erklärungen darlegte, in den kommenden Zeiten und bis weit ins 3. Jahrtausend hinein durch die USA in fremden Ländern aufkommende geheimdienstliche, militärische, kriminelle, kriegerische und gar terroristische, umstürzlerische, verbrecherische, politische und wirtschaftliche Machenschaften viele Staatssysteme zusammenbrechen lassen und zu Bürgerkriegen und Terroristenkriegen führen, wodurch grosse Flüchtlingsströme und fluchtartige Völkerwanderungen entstehen. Also

wird sich ein sehr unerfreulicher und weitreichender Terrorismus entwickeln, wie auch ein nicht mehr zu stoppendes Flüchtlingswesen bis in weite Zukunft. Mit der Zeit ergeben sich daraus umfangreiche Flüchtlingsströme, die sich über die ganze Erde ausbreiten und in 70 Jahren rund 70 Millionen Flüchtlinge umfassen werden, wobei im zweiten Jahrzehnt des neuen resp. 3. Jahrtausends eine verantwortungslose naiv-kranke Machthaberin in Deutschland erst recht alles dazu beitragen wird, dass aus politisch und wirtschaftlich unterentwickelten sowie unsicheren kriegsbelasteten und dem Terrorismus verfallenen Ländern Millionen von Flüchtlingen nach Europa strömen. Viele werden dabei nur der Bezeichnung nach wirkliche und des Lebens gefährdete Flüchtlinge sein, denn eine grosse Anzahl andere fliehen zu jener fernen Zeit aus ihrer Heimat nur aus wirtschaftlichen, kriminellen, verbrecherischen und aus terroristischen Gründen, um in den Zufluchtsländern zu profitieren sowie kriminell und verbrecherisch zu handeln. Es werden aber auch in religiösem Sektenwahn Ausgeartete sein, die sich als Flüchtlinge in Not ausgeben, um als Terroristen in Zufluchtsländer zu gelangen, in denen andere Religionen und Sekten vorherrschen, um dort vor allem unter den an Krieg und Terror unbeteiligten und unschuldigen Andersgläubigen Tod, Unheil und Zerstörung zu verbreiten. Das Gros der Regierenden und sonstig für die Flüchtlingszuwanderungen Verantwortlichen jedoch wird weitgehend unfähig sein, dem Aufkommen der entstehenden Probleme in logischer und vernünftiger Weise zu begegnen, denn sie werden falsche und unzureichende Entscheidungen treffen und Massnahmen aufbringen und beschliessen, die nutzlos sein und die Übel weitergehen lassen werden. Dadurch wird sich ergeben, dass die Problematiken und die Schwierigkeiten bezüglich der Handhabung der Flüchtlingsmassen und was deretwegen getan werden soll, erst recht hochgetrieben werden und die notwendigen Lösungen erschweren. Dadurch ergibt sich dann, dass zugewanderten kriminellen, terroristischen und verbrecherischen Elementen die Wege zu gesetzwidrigen Handlungen und Taten und damit auch zu Mord, Massenmord und Zerstörung geebnet werden. Also werden auch immer mehr und umfangreichere Probleme und Ausartungen entstehen, die sich durch Kriminalität und Verbrechen infolge des Flüchtlingsdesasters und des vielfältigen politischen, paramilitärischen, rassistischen sowie religiös und sektiererisch geprägten Terrorismus noch gegen Ende des 2. Jahrtausends und zu Beginn des 3. Jahrtausends und weit darüber hinaus in Europa und auch weltweit ergeben. Und es wird sein, dass dann nur noch durch rigorose Massnahmen die Flüchtlingsprobleme gelöst werden könnten, wobei jedoch durch die Regierungen und sonstig Verantwortlichen die notwendigen Massnahmen und Schritte dazu nicht unternommen und folglich weder richtige Entscheidungen noch Vorkehrungen getroffen, noch richtige Handlungen durchgeführt werden. Und dies wird so sein, weil sie weder die Wirklichkeit sehen, noch alles richtig zu beurteilen vermögen, folglich die Pro-

bleme nicht gelöst werden, sondern sich noch vertiefen und mehren. Durch alle Verantwortlichen wird nicht gesehen, was sich aus allem ergeben wird, weil sie verstandes- und vernunftmässig nicht dazu in der Lage sein werden, was daran liegen wird, dass ein Teil der Regierenden und sonstig ihre Verantwortung Schmähenden nur für sich selbst denken und handeln werden und ihnen alles andere und damit auch das Wohl und Wehe der Menschen gleichgültig sein wird. Daher wird es auch sein – und zwar insbesondere in Europa –, dass alle Sicherheitsorganisationen der durch das Flüchtlingswesen betroffenen Staaten äusserst blauäugig, nachlässig und unbedarft sein und lange Zeit die wirkliche Sachlage nicht erkennen werden. Also wird ihnen die Erkenntnis entgehen, dass mit den Flüchtlingsströmen eine sehr grosse Anzahl kriminelle und verbrecherische Elemente sowie politisch und religiös radikalisierte und sektengesteuerte mord- und zerstörungsbeauftragte Terroristen nach Europa und in sonstig alle Zufluchtsländer eingeschleust werden, wo sie dann im Laufe der Zeit in Einzel- oder Gruppentäterschaft Tod, Unheil, Verderben und Zerstörung verbreiten. Andererseits wird der andere Teil derart lebens- und wirklichkeitsfremd, unbedarft und naiv sowie mimosenhaft, schwach, schwächlich, verweichlicht, zerbrechlich, zimperlich und in Gedanken, Gefühlen und bezüglich der Humanität derart dumm und kränklich sein, dass sie alles verharmlosen und erst recht alles dazutun, dass alle Übel weiter steigen und sich alle Probleme erst recht mehren. Und werden die Politiker und sonstig Verantwortlichen – die vielfach von der Wirtschaft gesteuert werden – auf komplexe und wichtige Fragen angesprochen, dann werden sie meist nur kurze Antworten geben, weil sie nicht tiefgründig zu denken vermögen, weil ihre intellektuelle Leistung in der Regel keiner Hochwertigkeit entspricht und auch kaum eine hohe Intelligenz verlangt. Diesbezüglich habe ich dir in den letzten zwei Jahren schon mehrmals einiges erklärt, wozu nun aber auch auszuführen ist, dass die rasant steigende Überbevölkerung auch Aktivitäten hervorbringen wird, die politisch, religiös und sektiererisch sowohl terroristisch bedingt sein als auch weltweit bösartige, mörderische und zerstörende Folgen hervorrufen werden. Durch die unaufhaltsam steigende Überbevölkerung werden sehr schnell immer mehr religions- und sektengläubige sowie mordlüstern ausartende Menschen in Erscheinung treten, die einem völlig ausgearteten, blinden, fanatischen sowie blut- und todfordernden religiösen Glaubens- und Sektierismuswahn verfallen. Und diesbezüglich werden sich besonders in Asien, Vorderasien, wie auch in Arabien und Afrika, jedoch auch in anderen Regionen grosse religionsbezogene mörderische und organisierte Sekten bilden, weltweit todverbreitend agieren und Angst und Schrecken verbreiten. Und das wird unabwendbar sein und sich ereignen, wie das Schauen in die Zukunft klar darlegt und sich die beginnenden Anzeichen dafür bereits zur heutigen Zeit ergeben. Der fanatische religiöse und sektiererische Glaube stellt in den kommenden Jahrzehnten und im 3.

Jahrtausend eine gefährliche Rückkehr der Religionen und Sekten dar, durch die tödliche glaubensbedingte Auseinandersetzungen, Folter, Gewalt, Morderei, Kriege, Terrorismus, Unterdrückung, Vergewaltigung und Zerstörung ausgelöst werden. Die Wahrheit zeigt diesbezüglich auf, dass die Rolle von Religionen und Sekten ambivalent und also doppeldeutig und zwiespältig ist und schwere Konflikte hervorruft, wobei fanatische Glaubensfaktoren für viele bösartige Ausartungen und Wirkungen eine grosse Rolle spielen werden. Unter den Gläubigen der verschiedenen Hauptreligionen und deren beinahe unzählbaren Sekten herrschen seit alters her vielfach Gewalttätigkeit und Hass, obwohl alle Religionen und deren Sekten Liebe und Frieden predigen, was jedoch nichts anderem als einer Phrase der Verschleierung entspricht, derart dass jede Religion und Sekte durch ihre Dogmen und ihren Glauben alle Gläubigen der Welt in ihren Bann schlagen und ausbeuten können. Ausserdem soll dadurch den Gläubigen verheimlicht werden, dass sich wahrheitlich die Religionen und Sekten untereinander feindlich gesinnt sind und jede einzelne den anderen Glaubensrichtungen die Gläubigen abspenstig machen will. Genau das wird in den kommenden neuen Zeiten noch vor dem Jahrtausendwechsel hinterhältig durch die Planung und Durchführung konfessionsübergreifender Andachten, Gläubigen-Begegnungen, Gebets- und Gesprächskreise, Gemeindefeste und ‹Gottesdienste› usw. geschehen. Doch auch blutige und todbringende religiöse und sektengesteuerte Machenschaften werden sich mehren, wie dies im kommenden Monat August im menschenreichen Indien der Fall sein wird, wenn in der Stadt Kalkutta infolge Regierungsstreitigkeiten zwischen Islam- und Hindugläubigen blutige Auseinandersetzungen hervorgerufen werden, was mehr als 2300 Menschenleben fordern wird. Und dies wird so weitergehen bis weit ins 3. Jahrtausend hinein, denn es werden wie seit jeher die Gläubigen der einen Religion und deren Sekten feindlich wider die anderen Religionen und Sekten sein; die Christen und Juden gegen die Muslime, und umgekehrt, die Buddhisten gegen Hinduisten, und umgekehrt, und alle anderen Religions- und Sektengläubigen gegen die anderen Religions- und Sektengläubigen. So wird diesbezüglich die Zukunft sein und auch im 21. Jahrhundert an vielen Orten der Welt Folter und hunderttausendfach Gewalt, Mord, Tod, Unfrieden, Vergewaltigung und Zerstörung bringen. Und dies wird gleicherweise so kommen durch den Hass durch grosse Teile der Bevölkerungen in jenen Ländern, in denen Flüchtlingsströme einwandern und die Flüchtlinge andern Glaubens sind als die Einheimischen. Die Folgen davon werden Fremdenhass, Glaubenshass, Religions- und Sektenhass sowie Rassenhass sein, die sich über ganze Länder ausbreiten und Brandschatzungen, Gewalttaten, Mord und Totschlag, unmenschliche Handlungen und Taten sowie grosse Zerstörungen hervorrufen. Und es werden sich in vielen Ländern, besonders in Europa und den USA, Fremden- und Rassenhassgruppen und gar grosse Fremdenhass- und Rassen-

hassorganisationen bilden und ihr Hassgebaren in den jeweiligen Landesbevölkerungen ebenso verbreiten, wie alles auch in andere Staaten und in andere Bevölkerungen hinausgetragen werden wird, wo sich weitere gleichartige Gruppen und Organisationen bilden, die sich dann grenzüberschreitend mit anderen zusammenschliessen werden. Aus dem Fremden- und Rassenhass wird sich sehr schnell ein Glaubenshass und Religionshass entwickeln, ein Hass gegen Andersgläubige, wie aber auch gegen Andersdenkende, die sich nicht mit dem Fremden- und Rassen- sowie Religionshass verbinden und sich davon distanzieren werden. Also wird es kommen, dass die Hassbesessenen und die Andersdenkenden und sich vom Hass Distanzierenden – die ebenfalls Gruppierungen und Organisationen bilden und sich gegen jede radikale Machenschaft bezüglich Feindseligkeit, Mitgefühllosigkeit, Rücksichtslosigkeit, Unmenschlichkeit und Unversöhnlichkeit usw. gegenüber Andersdenkenden und Andersgläubigen sowie Flüchtlingen verwehren –, sich mehr und mehr feindlich gegenüberstehen und sich bis zu blutigen Auseinandersetzungen bekämpfen werden. Und schlussendlich wird es unvermeidlich sein, dass auch die Regierungen und die Sicherheitsorgane der Länder mit in diese Machenschaften hineingezogen werden, wodurch aus allem bürgerkriegsähnliche Zustände oder gar tatsächliche Bürgeraufstände entstehen können. Viele dem Fremden-, Rassen- und Religionswahn Frönende werden einer unkontrollierbaren Machtillusion und durch Anarchismus, Folter, Gewalt und Mord in ihrem Fremdenhass und Rassismus einer Zwangsvorstellung verfallen, absoluter Herr über Leben und Tod der Mitmenschen zu sein. Diesem folgend werden die davon Besessenen grosse gleichgesinnte Anhängerscharen um sich sammeln, die zu Waffen und allerlei sonstig tödlichen Mitteln greifen werden, um damit weltweit Attentate und Terrorakte auszuüben und massenweise Menschen zu massakrieren, zu ermorden und vieles zu zerstören. Die grosse Masse der Überbevölkerung wird es mit sich bringen, dass unabwendbare Arbeitslosigkeit und immer grössere Armut herrschen werden, wodurch unzählige Menschen beschäftigungslos und tatenlos in die Tage und in die Zeit hineinleben, keine geregelte Zukunft haben und auch keine sehen und ihres aussichtslosen Zustandes überdrüssig werden. Dadurch wird ohne Zweifel kommen, dass sehr viele meist junge und jüngere Menschen in ihrer Hoffnungslosigkeit kriminellen politischen Verführern und sektiererischen Hasspredigern und Terroristen, wie auch anderen verbrecherischen Propagandisten Gehör schenken und diesen verfallen werden. Alles wird in Religionsstätten, in Familien und durch öffentliche Organe mancherlei Art und auch mit neuen, modernen Techniken geschehen, wodurch einzelne Menschen oder ganze Gruppen durch Werber indoktriniert werden, deren suggestivstarke Anheuerungs- und Hassreden für Gewalt, Krieg und Terror Früchte tragen und zu mörderischen Attentaten, Selbstmordattentaten und sonstig bestialischen Morden sowie zu ungeheuren Zerstörungen führen werden. Also

werden viele Frauen und Männer in Kriege und Terror ziehen und unsagbar viel Leid, Elend, Schmerz, Unheil, Tod, Verderben und Zerstörung verbreiten. Und je umfangreicher die Überbevölkerung wird, desto mehr werden hauptsächlich junge und jüngere Menschen keine Chancen für ihre Zukunft sehen und den irr nach Sektierismus, Attentaten, Folter, Krieg, Mord, Selbstmord, Tod, Verderben, Vergewaltigung und Zerstörung schreienden Machtbesessenen, Sektenfanatikern und Terroristenpredigern hörig und befolgen deren Hetzreden und Lügenwerbungen. In dieser Weise greift zukünftig alles Diesbezügliche immer weiter und bösartiger um sich und weitet sich aus zu mörderischen Terrororganisationen, die einerseits stark politisch machtbestimmt, andererseits jedoch besonders sektiererisch hintergründig interessengesteuert sein werden. Und in sektiererischer Art werden sich mehrere besonders grosse Terrororganisationen bilden, deren mörderisches und zerstörerisches Unwesentreiben besonders in verschiedenen islamischen Ländern, wie auch in den USA, in Asien und in Europa viele tausende Menschenleben fordern wird. Diese mörderischen sektiererischen Organisationen werden infolge falscher Auslegung und falschen Verstehens ihrer Religion ohne Erbarmen, ohne jede Gnade, Menschlichkeit und Nachsicht weltweit in vielen Ländern Tod und Verderben verbreiten und gar ganze oder grosse Teile von Ländern in ihre Gewalt bringen und terrorisieren. Doch auch viele machtbesessene Diktatoren, Regierende und Militärs vieler Länder werden Tod und Zerstörung hervorrufen, wodurch zukünftig vielfache Wechsel der Regierungsformen erfolgen, die durch blutige und mörderische Aufstände, Revolutionen und Regierungsumstürze einhergehen werden. Mit Kriegshandlungen werden allen Staaten voran die USA stehen, die sich, wie seit alters her, politisch, militärisch und geheimdienstlich rund um die Welt in krimineller und verbrecherischer Form in fremde Landesbelange einmischen und nach Weltkontrolle und Weltherrschaft streben. Aber auch angeblich volksnahe Obrigkeiten und Gerichte werden mit Blut, Folter und Tod handeln, indem sie über Menschen richten und diese der Todesstrafe überantworten, wie dies z.B. auch morgen Montag in Hamburg, in Deutschland, der Fall sein wird, wo elf Menschen zum Tod verurteilt werden, weil sie sich als Konzentrationslagerwächter schuldbar machten. Und diesen Todesurteilen werden durch alliierte Militärgerichte noch viele andere gleicherart in Deutschland folgen, und zwar nicht nur infolge Kriegsverbrechen und Mord, sondern auch aus vielerlei anderen Verbrechensgründen. Auch in vielen anderen Ländern rund um die Welt werden Menschen – gestützt und verurteilt durch die Gesetzbarkeit – dem Tod überantwortet, weil keine Menschlichkeit und keine Gerechtigkeit herrschen, sondern nur diktatorische, blutrüstige Gesetzgebungen, wodurch die Freiheit und der Frieden der Menschen eingeschränkt sind oder gar vollständig fehlen. Und was die USA auch in dieser Beziehung nebst vielerlei anderem tun, gelangt nicht an die Öffentlichkeit, wie auch nicht, dass sie seit

dem Weltkriegsende letztes Jahr auch Nutzen aus Naziverbrechern und Nazikriegsverbrechern ziehen, die im Nazireich als Wissenschaftler verschiedener Fachrichtungen tätig waren. Viele dieser Verbrecher werden durch die amerikanischen Militärs als Fachkräfte für neue Waffentechniken aller Art und besonders auch für die Raketenbauentwicklung in die USA transportiert und dort in der Entwicklung von allerlei geheimen Waffen- und Raketen- sowie Flugzeugsystemen eingesetzt. Also wurden und werden diese kriegsverbrecherischen Elemente – von denen schon jetzt mehr als 1500 Fachleute und Wissenschaftler mit Nazihintergrund sind, denen noch andere folgen, die alle durch ihre Erfindungen und Entwicklungen den USA zur grössten Weltmachtstellung verhelfen müssen – nicht zur Rechenschaft gezogen, sondern in Sonderstellungen gesetzt, mit Sonderrechten ausgestattet, wie ihnen aber auch staatlicher Schutz gewährt wird. Auch verantwortungslose Verbrechen an der gesamten irdischen Menschheit, dem Planeten, der Atmosphäre, dem Klima, dem Land und den Gewässern sowie der Natur und der Fauna und Flora werden neuerlich durch machtbesessene und verantwortungslose Regierende, Militärs und Wissenschaftler usw. in Erscheinung treten. An vorderster Stelle werden diesbezüglich die Vereinigten Staaten von Amerika stehen, nämlich in erster Linie bezüglich der Entwicklung und Nutzung der Kernwaffen. Schon Forscher und Wissenschaftler des Nazireichs versuchten seit 1938 und während des letztes Jahr beendeten Weltkrieges solche Waffensysteme zu entwickeln, jedoch ist dabei glücklicherweise keine brauchbare Kernwaffe zustande gekommen, sonst wäre die Erde und die Menschheit in eine atomare Katastrophe gestürzt worden. Nichtsdestotrotz wird sich durch die Schuld der USA und jener Länder, die Amerika nacheifern werden, eine Katastrophe weltweit ausbreiten, wozu aber eine besondere Erklärung notwendig ist, die ich dir nun nennen will, wobei ein Nazi-Kriegsverbrecher namens Kammler und sein Handeln zu erwähnen von besonderer Bedeutung sind. Kammler ist ein gewissenloser und sehr präziser, logischer und äusserst berechnender Denker, gelernter Architekt und Ingenieur, und ihm war schon zu Beginn des 1939 begonnenen Krieges klar, dass dieser nicht zu gewinnen und ein Sieg gegen die Weltmächte gesamthaft aussichtslos war, weil Hitler und seine ihm Ergebenen bezüglich des gesamten Waffen- und Streitkräftepotentials die Weltmächte USA und Sowjetunion und jene, welche sich mit diesen verbündeten, weit unterschätzt hatten. Schon von Anfang an durchschaute Kammler alles und wusste auch, dass er durch ein rücksichtsloses Mitwirken beim Nazi-Regime eine grosse Chance nutzen konnte, seinen Machtwahn ausleben zu können, wobei er auch schon den Gedanken hegte, mit wichtigem Forschungsmaterial usw. zum Feind überzulaufen, wenn die Kriegssituation für ihn gefährlich werden würde. Folglich fügte er sich berechnend in alles ein, jedoch nur, um seiner Machtausübung willen und darum, sich zu einer mächtigen Nazigrösse und damit zu einem der mächtigsten

Männer des Nazi-Regimes emporzuarbeiten. Also war er schon von Anfang an in der Art ein Verräter an Hitler und am Dritten Reich, weil er seinem Sinn nach nicht für diese, sondern nur für sich selbst und sein Machtgebaren wirkte. Kammler war schwer persönlichkeitsgestört, was er jedoch gegenüber anderen Menschen durch seine Schauspielkunst routiniert zu überspielen und zu verheimlichen wusste. Dadurch war es ihm möglich, schnell zum SS-Obergruppenführer und General der Waffen-SS der Nazi-Diktatur und als Machtbesessener und zudem kaltblütiger Massenmörder, gewissenloser Judenhasser und Rassist sondergleichen, wie auch als Hassbesessener gegen Menschen allgemein zu einer wichtigen Nazigrösse aufzusteigen. Er wurde auch für das Düsenflugzeugprogramm zuständig, wie auch für die sehr zahlreichen unterirdischen Rüstungsfabriken, die Produktion der Flügelbomben V1 und der ballistischen Raketen V2. Doch als das Kriegsende kam, schob er um seiner persönlichen Sicherheit willen all seine ausgeübte Macht von sich, bemächtigte sich mit Hilfe von zwei Vertrauten, die am Programm der Kernwaffenforschung arbeiteten, geheimer und wichtiger Forschungsaufzeichnungen und Pläne. Diese bezogen sich auf ein Kernspaltungsprojekt und Uranprojekt, das nach der Entdeckung der Kernspaltung 1938 in Deutschland bis zum Weltkriegsende betrieben wurde, wie Hitler es befohlen hatte. Dieser erteilte persönlich den Befehl, die Kernspaltung technisch nutzbar und zu einer weitum verheerenden und alles zerstörenden Kernwaffe zu entwickeln. Die diesbezüglichen äusserst geheimen Forschungen wurden daher sehr weit vorangetrieben und waren den gleichartigen Forschungen und Entwicklungen der USA um rund 15 Jahre voraus, folglich den Wissenschaftlern auch einige Erfolge beschieden waren, die jedoch bis Kriegsende keine Erfolge in der Hinsicht brachten, dass sie eine funktionierende Atombombe oder sonstige Kernwaffe hätten herstellen können. Eigentliche Kernwaffentests blieben der Nazi-Diktatur also versagt, weshalb nur zwei kleine Explosionsversuche durchgeführt werden konnten, die aber nur mit minimalem Erfolg zu bewerten und also nicht von nennenswerter Bedeutung waren. Auch gelang es nicht, eine nukleare Kettenreaktion in einem Reaktor herzustellen, weil es trotz umfangreicher Baubemühungen nicht gelang, entsprechende Reaktoren zu verwirklichen. Nichtsdestotrotz waren die Forschungen sehr weit fortgeschritten, deren wertvolle Aufzeichnungen und Pläne Kammler mit Hilfe seiner zwei Vertrauten an sich brachte, nebst nahezu 68 Kilogramm waffenfähigem Uran. Mit allen notwendigen Unterlagen und dem Uran versehen gelang es ihm, sich den USA-Geheimdiensten zu stellen und ihnen alles zu übergeben, in der Hoffnung, willkommen geheissen, geschützt und nicht vor ein Kriegstribunal gestellt zu werden. Tatsächlich war er entgegen seinem hohen Intelligenzgrad und seiner Gerissenheit in dieser Beziehung naiv und dachte, dass er als Überbringer der geheimen Forschungspapiere, der Ergebnisse, Pläne und dem Uran als wertvoller Überläufer geschätzt, in die USA gebracht und

von den Amerikanern geschützt werde. Doch diese wussten, dass er einer jener schlimmsten Nazi-Kriegsverbrecher war, denen Massenmorde angelastet wurden. Folglich wurde er verhaftet, als er sich den Geheimdiensten stellte, ihm all seine entwendeten geheimen Aufzeichnungen und Pläne und das Uran weggenommen und als Gefangener in die USA in ein Gefängnis gebracht. Die Amerikaner wussten um die Kernspaltungsforschungen des Nazi-Reiches und wollten – noch vor der Sowjetunion – der diesbezüglich gewonnenen Erkenntnisse ebenso habhaft werden, wie sie sich gesamthaft auch das Wissen um das deutsche Rüstungswissen und den Entwicklungsvorsprung in der Düsenflugzeug- und Raketentechnik sichern wollten, über deren fortschrittliche Techniken sie sehr schockiert waren. Also jagten sie nach Plänen, Aufzeichnungen, Wissenschaftlern und Forschern sowie Teilen von ganzen Produkten, um sich das Nazi-Knowhow zu sichern, ehe alles der Sowjetunion in die Hände fallen konnte. Dazu brauchten sie auch Kammler, der ihnen mit seinem Wissen und seinen Aufzeichnungen und Plänen sowie dem Uran äusserst willkommen war, jedoch nicht nach seinem Sinn, denn nach seiner Verhaftung im Monat Mai letztes Jahr wurde er als Gefangener in die USA gebracht und wird seither in einem Hochsicherheitstrakt eines Gefängnisses festgehalten, wo er seither immer wieder während Stunden verhört, dies ihm aber schlussendlich zuviel wird und er im Laufe des nächsten Jahres sein Leben durch Selbstmord beendet, wie ich in einer Vorausschau gesehen habe. Doch dass die USA aus den von Kammler erhaltenen Forschungsaufzeichnungen, Ergebnissen, Erkenntnissen und Plänen und dem waffenfähigen Uran für ihre eigenen Forschungen und Pläne usw. grossen Nutzen gezogen haben, das steht absolut und einwandfrei fest. Nur durch das ihnen durch Kammler zugespielte gewonnene fortschrittlichere Wissen der Nazi-Kernspaltungsforschung konnte der am 16. Juli letztes Jahr auf dem Gelände der White Sands Missile Range in der Nähe der Stadt Alamogordo, New Mexico, von den USA unter dem Namen Trinity-Test resp. ‹Dreifaltigkeit› durchgeführte erste Atombombentest erfolgen und dann die zwei Atombomben gebaut werden, die auf Hiroshima sowie Nagasaki abgeworfen wurden. Und diese verantwortungslosen und verbrecherischen Ungeheuerlichkeiten an der gesamten Menschheit, dem Planeten, der Atmosphäre, Natur, Fauna und Flora, an allem Land und allen Gewässern sowie am Klima, findet noch dieses Jahr Fortsetzungen, denn die verbrecherischen atomaren Tests werden weitergehen. Also wird es auch nicht beim Atombombenabwurf auf die japanischen Städte Hiroshima am 6. August und Nagasaki am 9. August und deren Zerstörung letztes Jahr bleiben, was mehrere Hunderttausende von Menschenleben und unzählige verwundete und atomar verstrahlte Menschen gefordert hat. Und alle daran verbrecherisch beteiligten und befürwortenden verantwortungslosen und in ihrer Gesinnung entmenschten Elemente wähnten und wähnen in ihrem Wahn weiterhin, sich im Recht zu befinden und in ihrer

verbrecherischen und menschenverachtenden Weise richtig gehandelt zu haben und auch weiterhin so handeln zu müssen. Also werden von den USA im kommenden Monat Juli zwei neue Kernwaffentests durchgeführt, und zwar auf dem Bikini-Atoll. Schon durch den ersten Atombombentest und die Bombenabwürfe wurde ein Verbrechen an der ganzen Menschheit begangen, und mit den neuen Tests wird ein weltumfassendes neues Verbrechen an der gesamten irdischen Menschheit erfolgen, das sich sehr bösartig auch auf die gesamte Natur, das Klima und die gesamte Pflanzenwelt und auf alle Lebewesen zu Land und Wasser auswirken und unzählige Mutationen sowie auf Tausende von Jahren durch atomare Verseuchung unbewohnbare Gegenden schaffen wird. Dies nebst dem, dass unzählige Menschen durch radioaktive Verstrahlungen erkranken und sterben werden, was in dieser Weise auch staatlich und verbrecherisch genutzt werden wird, um für die Politik und Geheimdienste usw. unliebsam werdende Menschen zu ermorden. Besonders durch die USA werden vielerlei solche Verbrechen hervorgerufen und weitergetrieben, wie aber auch durch andere Staaten und durch Verbrecherorganisationen, wie auch in rein privater Weise, wie dies schon seit alters her hinsichtlich jeder Art von Verbrechen der Fall ist. Und die Verbrechen an der gesamten irdischen Menschheit werden durch die Vereinigten Staaten von Amerika weitergeschürt, wie diese schon seit ihrer Entstehung geschehen sind, zur Teilausrottung der Indianer geführt und weltweit Hunderttausende von Menschenleben gefordert haben, wie eben letztes Jahr durch die Atombombenabwürfe, am 6. August auf Hiroshima und am 9. August auf Nagasaki, wobei diese beiden Städte völlig zerstört wurden. Durch dieses ungeheure Verbrechen der USA wurden nicht nur Hunderttausende von Menschenleben ermordet, denn es hat auch sehr viele Verwundete und Kranke gefordert, die durch den atomaren Ausfall verstrahlt wurden. Allein diesbezüglich ist Amerika eine Schande für die Nation USA und für die gesamte irdische Menschheit. Nun werden durch die USA neuerlich Atombombentests durchgeführt, und zwar bereits im kommenden Monat Juli auf dem Bikini-Atoll, und diesen verbrecherischen Tests werden in den nächsten acht Jahrzehnten auch von verschiedenen anderen Staaten weitere atomare Tests folgen. Aus meinen Vorausschauungen, die ich bis ins Jahr 2020 durchgeführt habe, weiss ich, dass von acht Ländern durch deren verantwortungslose machtbesessene Staatsmächtige, ihre Berater, sonstig Machthabende, Forscher und Wissenschaftler ab dem ersten verbrecherischen Atomtest der USA am 16. Juli letztes Jahr bis zum Jahr 2020 mehr als 2000 weitere atomare Bombentests angeordnet und durchgeführt werden. Gesamthaft werden sich auch diese äusserst nachteilig und zerstörend auf den gesamten Planeten auswirken, und zwar bis in seine inneren Strukturen, was auch über viele Jahrzehnte hinweg und weit ins 3. Jahrtausend hinein zu sehr vielen nachhaltigen und nachteiligen Auswirkungen der Erdtektonik und damit zu vielen schlimmen Erd-

beben und Vulkanausbrüchen führen wird. Auch werden durch diese atomaren Tests alle Strukturen der Natur und des Klimas geschädigt und derart nachteilig verändert, dass alles ausser Kontrolle gerät und nicht wieder regeneriert werden kann. Doch es wird alles noch schlimmer werden, denn die Machtgier der verantwortungslosen Staatsmächtigen, ihrer Berater, Befürworter, Mitläufer, sonstig Machtbesessenen, der Militärs und Wissenschaftler sowie der alles befürwortenden Bevölkerungen wird fortan keine Grenzen mehr kennen, weshalb durch sie noch tödlichere und vielfach zerstörendere Bomben und Waffensysteme, wie auch Raketen und allerlei andere Waffen gefordert und entwickelt werden. Also werden besonders durch den Forschungs- und Machtwahn der Menschen neu Not, Elend, Tod, Untergang, Vernichtung und höchstmögliche Zerstörung bringende Bomben-, Raketen- und Waffensysteme technischer und chemischer Art erschaffen. Dabei spielen auch Wahngedanken mit, weil infolge dummer, angstvoller, feiger, krankhafter Feindangriffsvorstellungen mögliche eingebildete Aggressionen und Angriffe erwartet werden. Dies wird bei den sich feindlich gesinnten Atomweltmächten zu einer sinnlosen, krankhaft dummen und verantwortungslosen, unberechenbaren Aufrüstung mit Kern- resp. Nuklearwaffen aller Art führen und damit zur Gefahr eines Atomkrieges, der alles Lebendige auf der Erde vernichten und zerstören und den Planeten zu einer toten Wüste machen würde. Das Gros aller gegenwärtigen und zukünftigen Staatsgewaltigen, sonstig Staatsmächtigen aller Art, deren Berater, Befürworter aus den Völkern und die sonstig Mächtigen, die Militärs und Wissenschaftler, die diesbezüglich mit dem Feuer spielen, sind derart irresponsabel, achtlos, gedankenlos, gewissenlos, gleichgültig, leichtfertig, pflichtvergessen, sorglos, gesinnungslos, rücksichtslos, skrupellos und zudem voller Angst und Feigheit, dass sie absolut unberechenbar sind und es auch in weite Zukunft sein werden. Also werden sie neue atomare Tests anordnen und befürworten und noch vernichtendere Bomben mit ungeheuer viel mehr Zerstörungspotential fordern, als sogenannte Implosions- oder Uranbomben es jetzt noch sind. Folglich wird das nächste Verbrechen nicht ausbleiben, das sich aus der atomaren Technik herausbildet, denn es wird als nächstes eine viel stärkere und der Uranbombe tausendfach überlegene Wasserstoffbombe sein, die erschaffen wird. Doch es werden noch weitere Kernwaffen sein, wie auch viele andere Formen, die zukünftig entwickelt werden, so z.B. eine sogenannte Fusionsbombe und Neutronenbomben sowie sonstige Neutronenwaffen usw. Alles wird die Flucht von vielen Menschen hervorrufen, wie dies schon letztes Jahr während und nach dem Weltkrieg mit zahlreichen Fluchtwellen der Fall war, denen bis in weite Zukunft noch viele weitere folgen werden. Und die Zeit des atomaren Geschehens auf dem Bikini-Atoll wird der eigentliche Zeitpunkt des Ursprungs der zukünftig weltweiten Fluchtwellen sein, die sich aus vielerlei Gründen, wie Dürre, Hunger, Kriege, Not und Terror usw., sehr weit bis ins 3. Jahrtausend hineinziehen und

letztlich 250 000 000 bis 350 000 000 Menschen umfassen werden. Kriegsfreie, politisch, sozial und wirtschaftlich gutgestellte Staaten werden in kommenden Zeiten mit Flüchtlingen überschwemmt, besonders ganz Europa und der nordamerikanische Kontinent. Das aber erklärte ich dir während den letzten zwei Jahren schon mehrmals, wie auch, dass zukünftig aus allen Ländern mit unbestreitbar und unzweifelhaft des Lebens bedrohten Flüchtenden auch Arbeitsscheue, Betrüger, Gangster, Mordgesindel, Kapitalverbrecher, Kriminelle, Schwerverbrecher, allerlei sonstige Straftäter und Übeltäter, Verbrecher und Terroristen mitziehen werden, die natürlich von den Behörden, Grenz-, Polizei- und Sicherheitsorganen der Zufluchtsländer nicht erkannt, eingelassen und als hilfsbedürftige Flüchtlinge anerkannt werden. Und die Anzahl dieser Flüchtlinge verschiedener Prägungen wird sich ab der heutigen Zeit von Jahr zu Jahr ständig steigern und ab dem 3. Jahrtausend das gesamte Weltflüchtlingsproblem sehr rasch derart ausweiten, und zwar besonders in ganz Europa – das ausser der Schweiz zu jener Zeit eine Union-Diktatur sein wird –, dass der Flüchtlingsproblematik dann kaum mehr Herr zu werden sein wird. Infolge Not und Elend in Afrika, Krieg und Terrorismus in Asien, im Nahen Osten und Orient werden mit Flüchtlingswellen tatsächlich des Lebens bedrohter Flüchtlinge auch viele Terroristen, Arbeitsscheue, nur den Wohlstand suchende Elemente, vielartige Kriminelle und Verbrecher ganz Europa überschwemmen. Und der wirkliche Ursprung dieser kommenden Flüchtlingsströme und der Völkerwanderungen wird einerseits die unaufhaltsam in ihrer Anzahl steigende Überbevölkerung sein, durch die Arbeitslosigkeit, Aufstände, Existenzlosigkeit, Hunger, Krankheiten, Kriege, Fremden- und Rassen- sowie Religionshass, Terrorismus, Seuchen, Wassermangel und viele andere Faktoren zu unlösbaren Problemen werden. Andererseits wird dazu aber auch das Weltmachtbegehren der USA beitragen, durch das gravierende kriminelle, verbrecherische, politische, geheimdienstliche, militärische und wirtschaftliche Eingriffe in die verschiedenen Strukturen der asiatischen und sonstig östlichen sowie arabischen und orientalischen Staaten erfolgen und daraus ungeheuer viel Unheil, Leid, Not, Elend sowie Unfrieden und Terrorismus erschaffen werden. Dadurch wandeln sich zukünftig sehr viele Menschen zu Feinden unter sich, wie auch immer mehr zur Lebensunfähigkeit und Gleichgültigkeit in jeder Weise, woraus auch Arbeitsscheue, Betrügerei und Dieberei entstehen und viele Kriminelle zu Einbrechern, Mordenden und Raubenden werden. Andere wiederum werden, wie schon von alters her, neuerlich von grenzenlosem Hass wider Bekannte, Freunde, eigene Familienangehörige und gegen Nachbarn, Andersgläubige, Fremde, Ausländer und andere Völker befallen. Der im Nazireich aufgebaute Rassenwahn wird sich in erweiternder Weise fortsetzen und weit ins 3. Jahrtausend hineingetragen, wodurch weltweit weiterhin durch verschiedenste Rassenwahnbewegungen sehr viele unschuldige Menschen ermordet werden. Viele Menschen werden in den

kommenden Jahrzehnten und ebenfalls weit ins 3. Jahrtausend hinein zu ausgearteten blindfanatischen Gläubigen und Hörigen von Religionen und Sekten, blutheischenden, entmenschten und mordenden Familienehrefanatikern, wie auch zu Mordwahngläubigen von weltweit agierenden Terrororganisationen. Und aus diesen werden auch viele Mordtäter hervorgehen, besonders ab den 1990er Jahren und bis weit ins 3. Jahrtausend hinein, die als einzelne oder in Gruppen Attentate, Mordaktionen sowie Selbstmordattentate verüben und in dieser Weise massenweise unbeteiligte unschuldige Menschen ermorden – Frauen, Kinder, Jugendliche und Männer jeden Alters. In dieser Weise wird der Terrorismus weltweit um sich greifen und viele Tode über unbeteiligte und unschuldige Menschen bringen, was zwar viele der irdischen Menschheit in ihren Gedanken und Gefühlen kurzzeitig betroffen, jedoch nicht wirklich nachdenklich machen wird, wie dies seit jeher so gewesen ist. Selbst grauenvollste, mörderische und katastrophalste Geschehen und Vorkommnisse berühren, ergreifen und regen die Menschen in ihren Gedanken und Gefühlen wie seit eh und je nur kurze Zeit an, wonach alles wieder schnell vergessen wird, ohne dass ein eigentliches, tiefgründiges Aufwühlen und Erschüttern in ihrem Sinnen zustande kommt, was dazu führen könnte, mindestens versuchsweise etwas zu tun, um den Übeln entgegenzuwirken. Und dies bezieht sich auch darauf, dass die Menschen gleichgültig in den Tag und in die Zeit hineinleben und sich keine ernsthafte Gedanken bezüglich des Lebens, aller Geschehen, alles Existierenden sowie aller Lebenswichtigkeiten machen. Anderseits bezieht es sich auch darauf, dass in den kommenden Zeiten bis weit ins 3. Jahrtausend hinein sich infolge des schnellen Hinweggehens und Vergehens der Gedanken und Gefühle bezüglich schlimmer Geschehen und Tatsachen, wie katastrophale menschliche Ausartungen, tödliche und zerstörende Geschehen und ausartende Machenschaften infolge der Überbevölkerung, immer schlimmere Folgen ergeben werden. Und durch die unaufhaltsam steigende Überbevölkerung werden sich künftighin bösartige, dramatische und mutierende Veränderungen sowie tod- und zerstörungbringende Faktoren am Planeten, den Meeren und allen Festlandgewässern, wie auch am Land und an allen Lebensformen ergeben. Auch das Gesundheitsvermögen und die Verhaltensweisen der Menschen werden krankheits- und schadenbringend ausarten und zu vielen und vielartigen Toden führen, wie auch das Klima durch Auswirkungen von aus der Überbevölkerung hervorgehenden verantwortungslosen Machenschaften beeinträchtigt und katastrophenheraufbeschwörend verändert wird. Und bei der gesamten Fauna und Flora, beim Planeten selbst sowie bezüglich aller Dinge des Lebens und der Existenz aller Dinge ergibt sich, dass schlussendlich die destruktiven Auswirkungen in jeder Beziehung nicht mehr kontrolliert, nicht mehr rückgängig gemacht und nicht mehr aufgehalten werden können und dadurch die gesamte irdische Existenz in Frage gestellt wird. Und wenn die Menschheit der Erde

nicht dazu gebracht wird, das Wachstum der ausartenden Überbevölkerung zu stoppen, um in dieser Weise weiteres Unheil zu vermeiden und das bereits bestehende zu reduzieren, dann wird die letzte Katastrophe des Untergangs nicht zu vermeiden sein. Wenn nun aber katastrophale Geschehen in Erscheinung treten, wie Mord- und Massenmordtaten durch einzelne Personen oder durch Gruppierungen, die terroristisch bedingt sind oder durch depressive, eifersüchtige, hassbefallene, kriminelle, an der Psyche oder im Bewusstsein erkrankte Menschen, dann werden davon auch viele Regierende und sonstig Verantwortliche aller Staaten betroffen sein. Doch deren Gros wird – wie seit alters her – nur unehrliche, beziehungslose und scheinheilige Beileidsbezeugungen und sonstig grosse Worte von sich geben, wenn durch einzelne Menschen Mordtaten oder durch ganze Gruppen Mordaktionen ausgeführt werden. Dabei wird es keine Rolle spielen, ob die Taten durch depressive oder anderswie im Bewusstsein oder an der Psyche erkrankte Täter oder Täterinnen, Verwirrte, Hassgestresste, Rassisten oder Terroristen ausgeübt werden, denn in der Regel werden – wie seit jeher – die Beileidbezeugungen und Anteilnahmen der Regierenden und sonstig Verantwortlichen nur Lug, Trug und Schein und der Aufrichtigkeit sowie des ehrlichen Mitgefühls fremd sein. Also wird das Erscheinen und Präsentwerden der Regierenden, Staatsmächtigen und Verantwortlichen an schlimmen Geschehensorten ebenso nur für diese selbst und zum Erhalt ihres Amtes von Nutzen sein, wie auch ihre Worte und Versprechungen, die für die Leidbetroffenen nur Betrug, List, Lüge, Täuschung und leere Worte sein werden, wie dies schon seit jeher so gehalten wird. Und wie das Gros der Staatsgewaltigen und all die anderen Verantwortlichen bei den vielerlei in Erscheinung tretenden Mordgeschehen durch einzelne Täter oder Täterinnen oder durch Gruppen terroristischer Art nur leere Versprechungen machen und dumme Reden führen werden, wird dies auch in vielen anderen Beziehungen sein. Also wird es sich in gleicher Weise zutragen in den kommenden Jahrzehnten und weit ins 3. Jahrtausend hinein, wenn sich die bereits zur heutigen Zeit anbahnenden Naturkatastrophen ergeben, deren Ursprung auf die natur- sowie planeten- und klimazerstörenden Machenschaften der Überbevölkerung zurückführen wird. Alles wird nicht wieder gutzumachen sein und zudem unzählige Menschenleben fordern, ungeheure Zerstörungen hervorrufen und letztlich dazu führen, dass sich Not, Elend, Krankheiten, Seuchen, Platzmangel, Nahrungs- und Wassermangel derart über die gesamte Erde und die Menschheit ausbreiten, dass allem nichts mehr entgegengesetzt werden kann. Und wenn diese Zeit kommt, wenn die irdische Menschheit nicht in absehbarer und nützlicher Frist auf den Weg des gesunden Verstandes und der Vernunft zurückkehrt, dann wird es keine Hilfe mehr geben. Das heisst auch, wenn das Wachsen der Überbevölkerung nicht gestoppt und nicht durch eine Geburtenregelung rigoros reduziert und in absehbarer Zeit auf einen normalen und

planetengerechten Stand gebracht wird, nicht endlich ein weltweiter Friedenszustand, umfängliche Freiheit und eine umfassende Sicherheit für den Planeten und dessen Natur sowie für alles Leben geschaffen wird, dann wird ein Ende der Hochkulturen der irdischen Menschheit unumgänglich sein. Bis dahin wird es zwar noch dauern, doch wird es unausweichlich sein, wenn nicht die Überbevölkerung und alles sonstig das gesamte irdische Leben des Planeten und aller Lebewesen Gefährdende gestoppt wird. Leider wird das jedoch in den kommenden Jahrzehnten und auch noch weit ins 3. Jahrtausend hinein nicht der Fall sein, und zwar auch dann nicht, wenn du deine Schreiben verfasst und an alle Regierungen, Medien und wichtigen Organisationen senden wirst. Es werden sich aber, wenn du deine Arbeit tust, nach und nach Menschen zusammenfinden, sich gruppieren und weltweit deine Lehre lernen, sie zu befolgen bemühen, zu leben lernen und zu verbreiten beginnen, woraus die Hoffnung hervorgehen wird, dass in 800 bis 900 Jahren sehr viele Menschen sich langsam bemühen werden, ganz bewusst ihren Verstand und ihre Vernunft zu nutzen und sich der Lehre zuzuwenden, die du fortan in grossem Umfang niederschreiben, verbreiten und den Menschen lehren wirst. Doch du musst wissen, dass dies eine ausnehmend schwere und sehr schwierige Aufgabe und Arbeit sein wird, die du in einer dir bezüglich deiner Mission sehr feindlich entgegentretenden Welt zu erfüllen hast, weil in dieser die Menschen durch Religionen und Sekten irregeführt, unfrei, geknechtet und versklavt, wie aber auch der Besserwisserei, Gewohnheiten, der Eigenherrlichkeit, Lastern und Süchten sowie der Eitelkeit, dem Grössenwahn und dem Wahnglauben in mancherlei Hinsicht usw. verfallen sind. Und wie es diesbezüglich bisher war, wird es auch zukünftig sein, und zwar in sich stetig steigerndem Mass, denn infolge der noch lange Zeit unaufhaltsam steigenden Überbevölkerung ergibt sich, dass in den kommenden Jahrzehnten bis ins 3. Jahrtausend, wie noch weit in dieses hinein, immer mehr Menschen der Alkohol-, Drogen- und Eifersucht, der Geldgier, Gewalttätigkeit, dem sexuellen Kindsmissbrauch, den Kindes- und Frauenmisshandlungen und Vergewaltigungen, wie auch der zukünftig staatlich erlaubten und besteuerten Prostitution verfallen, wobei all diese Ausartungen zu grossen Problemen werden. Zukünftig treten auch immer mehr bewusstseinsverwirrte wie auch an der Psyche erkrankende Menschen in Erscheinung, die an schweren Depressionen und vielen anderen Krankheiten eines geschädigten Bewusstseins und einer geschädigten Psyche leiden werden. Die Ursprünge dafür werden in den vielartigen Auswirkungen und Dingen der überbordenden Überbevölkerung fundieren, wie z.B. in einem fanatisch ausartenden politischen, religiösen, sektiererischen Wahn, im religiösen und sektiererischen Aberglauben (Wahnglauben), in durch Alkohol und Drogen hervorgerufenen Wahnerscheinungen, Hirngespinsten und Illusionen, Irrealitäten, Sinnestäuschungen, Trügereien, Wahnvisionen, Wunschbildern, Trugbildern und suggerierten irren und

wirren Eingebungen gewissenloser Verführer. Die rasant ansteigende Überbevölkerung wird sich auch sehr nachhaltig und nachteilig schlecht und übel auf die Moral sowie auf Verhaltensweisen, Krankheiten und Leiden der Menschen auswirken, wie sich das z.B. ergeben wird in bezug auf anankastische Neurosen, Getriebenheiten, krankhafte Leidenschaften, wie auch hinsichtlich Manien, massloser Begehren und Süchte, wobei auch Raserei, Tobsucht, Tollheit und Tollkühnheit, Wut, Zwangserkrankung, Zwangsneurose und Zwangsstörungen usw. dazugehören werden. Und die Überbevölkerung wird auch eine in der Menschheit allgemein um sich greifende Verweichlichung der Gedanken, Gefühle und der Psyche, des Körpers sowie eine Lebensunbeständigkeit mit sich bringen, dass selbst kleine Anspannungen und Anstrengungen zu Hitzewallungen, Fieber, Wahn und Zusammenbruch führen. Es werden sich daraus aber auch seltsame Einbildungen, wahnkranke Erscheinungen, Hirngespinste, Irrealitäten und Schwindel ergeben. In den kommenden Jahrzehnten und bis weit ins 3. Jahrtausend hinein werden unzählige Menschen krankhaften Gedanken, Gefühlen und damit Verwirrungen des Bewusstseins und schweren psychischen Störungen verfallen, die sich zukünftig durch eine Minderung der Lebensbeherrschung und Lebensqualität ergeben, und zwar durch eine Lebensverweichlichung. Auch Lebensinteresselosigkeit, Lebensmutlosigkeit und Lebensüberdrüssigkeit werden weit um sich greifen und sich ausbreitend zu vielen Selbstmorden führen. Auch eine umfängliche Interesselosigkeit und Gleichgültigkeit bezüglich der eigenen Bewusstseinsentwicklung, der persönlichen Werte des Wohlbefindens, der Bildung, Selbsterkenntnis und des Selbstwertes werden besonders bei vielen jüngeren Menschen zur Tagesordnung gehören. Und was bezüglich der Gleichgültigkeit auf die eigene Person bezogen sein wird, wird auch auf andere übertragen werden und verbindende Beziehungen zwischen den Menschen immer mehr verhindern und diese schlussendlich auflösen. Dadurch entstehen nicht nur in der Gesellschaft beziehungslose Zustände, sondern auch in den Familien, in Bekanntschaften, Freundschaften und Partnerschaften, wodurch sich die Menschen fremd, bedeutungslos und gleichgültig werden und folglich alle ihre eigenen Wege gehen. Es wird zukünftig aber auch sein, dass viele Menschen einer Nichtbeherrschung und Verkümmerung von Verstand und Vernunft verfallen, und zwar infolge einer ausartenden destruktiven Veränderung der Auffassungs-, Verstehens- und Verarbeitungsfähigkeit des Bewusstseins. Und dies wird sich schon im Laufe der nächsten Jahrzehnte anbahnen, was sich besonders bei jungen und jüngeren Menschen bezüglich ihrer negativen Lebensführung und Zurückbildung beeinträchtigend zum Ausdruck bringen wird. Die weiterhin und zukünftig immer mehr um sich greifende falsche Erziehung der Eltern bezüglich ihrer Nachkommen verweichlicht und degeneriert deren Verstandes- und Vernunftvermögen, was sich in den Genen ablagert und durch die Nachkommen wiederum auf deren Nachkommen ver-

erbt. Dadurch werden durch das Wachsen der Überbevölkerung der Verstand und die Vernunft der Nachkommen ausartend und mutierend schwächer, was dazu führt, dass zunehmend eine chaotische Verstand-Vernunft-Steuerung entsteht, die auch in allen Beziehungen lebensnachteilig zum Ausdruck gebracht wird. Eine falsche Erziehung fördert bei den Nachkommen nicht nur die allgemeine Verweichlichung von Verstandes- und Vernunftvermögen, sondern auch eine niedrige Intelligenzentwicklung und körperliche Beeinträchtigungen mancherlei Art. Und Tatsache ist, dass diese nachteiligen Veränderungen durch die rasant steigende Überbevölkerung unaufhaltsam vererbt werden und das Gros der Menschheit bezüglich Verstand und Vernunft – zwar nur sehr langsam, doch unaufhaltsam – immer mehr verkümmern lassen. Und dies führt weiterhin dazu – wie seit alters her –, dass nur Menschen sich zur Regierungsmacht und zu ähnlichen und gleichgerichteten Ämtern und Positionen durchsetzen und erheben können, die weitgehend kontrollierend ihres Verstandes und ihrer Vernunft mächtig sind. Und das Gros dieser Machtmenschen – eben mit Ausnahmen, die charakterfest, ehrenhaft, integer und vertrauenswürdig sind – kann suggestiv und rhetorisch das Gros des bezüglich Verstand und Vernunft minderbegabten Volkes nutzen und ausnutzen, es auf seine Seite ziehen und sich selbst an die Regierungsmacht bringen. Oder es sind vernunft- und verstandesschwache Menschen, die es durch Beziehungen, Falschheit, Gewalt, Lug und Trug, Heuchelei, Rücksichtslosigkeit und Überredungskunst in Regierungen, Ämter und hohe verantwortungsvolle Positionen schaffen. Doch was nun die Zukunft bringen wird, ist die Tatsache, dass allgemein viele Menschen ruchlosen Anstössigkeiten verfallen, wobei sie liederlich, sittenlos, ungebührlich, unschicklich, verdorben, amoralisch, anrüchig, erbärmlich, schlecht, unanständig, vulgär und verworfen usw. werden. Die Realität und Wahrheit werden nicht mehr real wahrgenommen, folglich auch immer mehr gedankliche Verwirrungen entstehen und sich die Menschen falsche Vorbilder, Ideale, Leitbilder, Utopien sowie Wahn- und Wunschbilder schaffen und dadurch eigeninitiativelos und ohne eigene Meinung werden, wodurch sie fanatisch und krankhaft eifernd Dingen, Handlungen und Taten anderer Menschen nachhängen. In dieser Weise entstehen dann Unwirklichkeiten, die in Lebensinhaltslosigkeiten ausarten und keine wertvolle und fortbildende Gedanken, Gefühle und keine eigene Leistung und Meinung mehr zulassen, wodurch nur noch die Leistungen, Handlungen, Meinungen und Taten anderer Menschen anerkannt, wiedergegeben und zur Geltung gebracht werden. Auch wirklichkeitsfremde esoterische Gruppierungen und Organisationen, Religionen, Sekten und Philosophien usw. werden zunehmend die Gläubigen beherrschen und sie von der Wirklichkeit und Wahrheit – wie seit alters her – fernhalten und in die Irre führen. Glaubensbedingte religions- und sektengeförderte Wahnformen werden sich zukünftig weltweit mehren und die dieserart gläubigen Menschen unsinnigen Sinnes-

täuschungen, Blendwerken, Einbildungen, Illusionen, Glaubenslügen, Vorspiegelungen, Wahngeschehen, Gaukeleien und Irrealitäten verfallen lassen. Aberglaube und der Geister- und Gespensterglaube, die sektenbedingte Hellseherei, Gottesbotschafterei und religiöse Wundertätigkeit werden zukünftig zu neuen Höhepunkten geführt, wie auch die Geisterfurcht, der Mystizismus, Wunderglaube und Wahnvorstellungen. Dies alles wird verantwortungslos durch Lug und Trug der Religionen und Sekten und deren fanatische und machtbesessene Verfechter gesteuert werden, die viele Gläubige um sich sammeln und sie im Namen eines vorgeblichen Schöpfergottes zu Folter, Gewalt, Krieg, Mord, Vergewaltigung und Zerstörung verführen, um als Gotteskrieger unschuldige Menschen zu foltern und zu töten und dadurch zu ihrem angeblichen Gott ins Paradies zu kommen. In dieser Weise wird es sein, dass in den kommenden Jahrzehnten solche Vorkommnisse vorbereitet und später dann ausgeübt und bis weit ins 3. Jahrtausend hinein Mord, Tod und Zerstörung über die ganze Welt und deren Menschheit bringen werden. Also werden mit der Zeit zuhauf irregeführte Menschen in Erscheinung treten, die als sektengesteuerte und terroristische Radikalisierte und Wahnbefallene mörderisches Unheil, Leid, Elend, Not und Trauer über die Menschen der ganzen Welt bringen werden. Und das werden sie als einzelne oder in Gruppen tun, als fanatische Gotteskrieger und Rächer und dabei zahllos unschuldige Menschen ermorden, grosse Zerstörungen anrichten und auch sehr alte Kulturgüter unwiederbringlich zerstören. Es werden aber zukünftig auch immer mehr Mütter sein, die ihre Neugeborenen, wie aber auch ihre schon älteren Kinder ermorden, wie aber Mütter und Väter auch vermehrt ihre Töchter und Söhne missbrauchen, während andere Frauen, wie aber auch Männer, in steigendem Mass immer mehr kriminelle sowie kapital- und schwerverbrecherische Taten begehen, die oft tödlich enden. Und geschehen solche Taten, dann werden infolge einer bedenklichen humanistischen Verweichlichung immer schlimmere, verwerflichere, gegen Leib, Leben und Gut der Menschen gerichtete Handlungen begangen und Taten ausgeführt, wofür die Täterschaften jedoch in falsch verstandener Humanität viel zu gelinde zur Rechenschaft gezogen und dadurch animiert werden, in ihrem Handeln und Tun weiterzumachen. Auch wird in den kommenden Jahrzehnten ein durch Behörden und Gesetz erlaubtes offizielles, legales Morden für sterbewillige Menschen aufkommen, das ‹Freitod› genannt werden und einen sogenannten ‹Sterbetourismus› hervorrufen wird. In dieser Weise werden lebensverantwortungslose Sterbewillige ermordet, die auch aus fremden Ländern in Länder einreisen dürfen, in denen das diesbezüglich legalisierte ehr- und würdelose systematische Ermorden von Menschen mit tödlichen Narkotika durch verantwortungslose Mordlüsterne erlaubt sein wird, wie dies nationalsozialistisch auch im Nazireich praktiziert wurde und in kommender Zeit auch auf die Schweiz zutreffen wird. Alles bisher Dargelegte, Erklärte und Gesagte

entspricht Voraussagen kommender Geschehen, wie ich sie in der Zukunft erschaut und dir nun nahegebracht habe. Alles von mir selbst Gesprochene, wie auch all das, was du selbst sagst, wird umfänglich durch eine sehr hochentwickelte Phonographieapparatur aufgezeichnet und aufbewahrt, wodurch es niemals verlorengeht, folglich selbst nach sehr langer Zeit alles wieder abrufbar sein wird. Es wird für dich und deine Aufgabe und Mission jedoch von Notwendigkeit sein, dass ich dir noch viele weitere voraussagende Fakten erklären muss, die aber von dir nicht weitergesagt und also nicht offen genannt werden dürfen. Folglich darfst du sie auch nicht zur Erinnerung aufschreiben, sondern nur jene Fakten, Erklärungen und Voraussagen, die ich dir für deine Arbeit deiner von dir zu verfassenden Schreiben nennen darf, die du ab den 1950er Jahren verfassen und an alle Regierungen der Welt und an namhafte öffentliche Medien, wie Journal-, Radio- und Zeitungsredaktionen, wie aber auch an verschiedene namhafte Organisationen senden sollst. Erst in fernerer Zukunft wird es dir erlaubt sein, offen über die Inhalte unserer Gespräche zu sprechen, wenn du das verlangst, was du tatsächlich auch tun wirst, wie ich durch mein Schauen auf dich in zukünftige Zeiten gesehen habe. Damit soll für heute genug erklärt und gesagt sein.

Eduard
Es ist auch gehörig genug, und ehrlich gesagt raucht mir der Kopf, und ich bin froh, dass du jetzt nicht mehr erklären und sagen willst. Trotzdem hätte ich aber eine Frage, wenn du erlaubst?

Sfath
Du kannst immer fragen was du willst, denn einerseits ist es wichtig, dass du Fragen stellst, wenn dich etwas interessiert, und anderseits ist es meine Pflicht, dir immer zu allen Fragen Rede und Antwort zu stehen.

Eduard
Danke, das hast du schon einmal gesagt. Es ist, dass du ein Wort gesagt hast, das ich noch nie gehört und auch die Bedeutung dafür nicht verstanden habe.

Sfath
Was war das?

Eduard
Du hast gesagt Phonographieapparatur oder so. Was ist das?

Sfath
Dabei handelt es sich um eine auf der Erde noch nicht in Entwicklung befindliche Elektrotechnikapparatur, die jedoch in der irdischen Elektroentwicklung

bereits Vorläufer hat und einem Teilgebiet der Informationstechnik und Elektronik entspricht und sich mit der Erfassung, Darstellung, Übertragung und Verarbeitung digitaler Grössen befasst und digitale Grössen in Ziffern darstellt.

Eduard
Verstehe ich nicht und kann also nichts mit deiner Erklärung anfangen.

Sfath
Bei der Phonographieapparatur handelt es sich um eine Apparatur, die Laute in lautgetreuer Schrift aufzeichnet und Geräusche, Laute, Musik, Töne und natürlich auch Sprache wiedergeben kann. Wenn du daran interessiert bist, dann werde ich dich zu einem späteren Zeitpunkt diesbezüglich unterrichten.

Eduard
Wenn du meinst? Was mich jetzt aber interessiert: Dieses Ding, diese Apparatur, die hält also alles fest, was gesprochen wird und kann dann wieder abgehört werden?

Sfath
Ja, alles wird aufgezeichnet, jeder Ton, jeder Laut und jedes Geräusch, was dann wieder abgehört werden kann. Die Phonographieapparatur kann aber noch viel mehr, denn sie wandelt jedes gesprochene Wort auch in Schriftzeichen um, folglich zugleich gesamthaft alles mit Worten Gesprochene auch schriftlich als Dokument festgehalten wird.

Eduard
Jetzt verstehe ich. Danke für die Erklärung.

Sfath
Dann bringe ich dich jetzt zurück, jedoch heute nicht zum Langenzinggen, denn ich denke, dass bei Dunkelwerden der Weg von dort nach Hause für dich zu weit ist, weshalb ich dich abseits der Feldstrasse hinter der grossen Scheune im Erachfeld absetzen werde. Von dort aus bist du dann in wenigen Minuten daheim, wobei ich auch denke, dass unser zukünftiger Begegnungsort auch dort sein soll, weil es ein sicherer Ort ist und dort selten Personen vorbeigehen. Erst am nächsten Samstagnachmittag werde ich wieder kommen, dich wegholen und weiter unterrichten.
